

King of kings

1979

Omi came to Mu Qianji's room, wanting Mu Qianji to help him think.

Omi told the situation to Mu Qianji.

Mu Qianji hesitated and said, "It's either an opportunity or an abyss, I don't know how to choose, it's better for you to call everyone out to discuss it."

"No, it's better to let everyone know less about such things."

"That's right, even if they won't tell anyone, they're afraid of people actively paying attention to them, one less thing they know that could cause a disaster is one less risk."

"Should I trust the Demon King?"

"Omi, you actually have the answer inside you, but you're afraid, you're afraid of getting your loved ones involved."

"Yes, you really know me," Omi said.

Mu Qianji said, "I have an idea."

"You say it."

"In the future, when you're getting stronger, or now, we'll separate from you and have as little contact as possible." Remember the URL .kanshu8.net

"How can that be, life in the immortal world can easily last a million years, how can you endure such a long period of solitude?"

"You only have less contact with us, so you have no worries, in case there really is some disaster in the future, you are also more relaxed and won't be constrained to find a chance to live, besides, we just don't stay by your side every day, if you miss us, you can occasionally come to us in secret, or, make a promise to meet at some inn or something like that."

"Let me think." Don Omi knew full well what he had to give to be strong, perhaps his life.

Omi had three days to think anyway.

Right now, at the Zhennan Royal Palace.

"Master, it's been investigated, the person who harmed the Duke has bought a small separate courtyard on street number 1189 in the Ning Tao District of Yunluo Immortal City."

"Very well, go and capture it for me immediately."

“My lord don’t worry, our people are already on their way there.”

Meanwhile, at this moment in the Zhou residence.

“Master Tie, the person who took Young Master’s relics has found them.”

“Where is it?Why did he take my son’s relics, and how did he take them.”

“We don’t know that yet, our people have already found out that that person bought a small separate house in the street number 1189 in the Ning Tao District of Yun Luo Xian City, that person seems to be coming to Yun Luo Xian City for the first time.”

“Go and get him immediately.”

“Our people are probably arriving soon.”

Omi was still pondering whether or not to promise the Nine Dao Demon King when a shout came from outside, “Get out.”

Omi immediately rushed out, only to see more than a dozen people coming from outside.

Among these dozen people, three of them were Immortals, and the strongest one had already reached the pre-Human Immortal end, Omi couldn’t beat an Immortal of this level.

“What people?”Omi asked angrily.

“Are you the one who injured our young master of the Zhennan Wang family?”That pre-Human Immortal Ending Immortal said.

Omi snorted, “So it’s someone from Zhennan Wangfu, actually finding me so quickly, it seems that the energy is not small.”

“In order to find you, our lord has spent a huge amount of spirit crystals, and now the entire Yunluo Immortal City is filled with small pieces of paper with your portrait on them, do you think you’re hiding very deep?Now immediately return to the Zhenan Wangfu to be judged by the Zhenan Wangfu.”

Omi’s eyebrows furrowed

wrinkled, it was a mistake not to kill the Prince of Zhennan before, but even if he killed the Prince of Zhennan, he would probably track it down soon, unless that innkeeper and others were also killed along with him, as well as anyone who had seen Omi at the entrance of the inn.

Just then, a man from the other side was busy saying, “Butler, the Zhou residence is coming.”

The group of people from Zhen Nan Wangfu looked back, and sure enough, a few people from Zhou Tiefu’s house were hurrying over.

“What are they doing here?”Zhen Nan Wangfu’s steward’s brows furrowed.

Mu Qianji and the others also came out.

“Brother Chen, nothing will happen,”Little Fire asked a bit nervously, after all, several immortals had come, and they felt the momentum of the immortals, a bit unsteady in their gravity.

"It's fine, trust me."

Omi was a bit depressed at the moment, wondering if it was a mistake to choose to go back to the Yunluo Immortal Kingdom.

However, if you went somewhere else, if you messed with someone you couldn't afford, the result would probably be the same, that's how it was in the Immortal Realm, the one with a higher status, cocky as hell, because he could pinch you to death. The one with a lower status is weak to death.

There was such a big difference between the rank of the immortals, everyone wanted to be strong at the upper level, but it was so hard to upgrade, so hard to despair.

"Hmph, people from Zhou Tie's house, what are you doing here?" The steward of Zhen Nan Wangfu snorted.

The fairy from the Zhou family said, "It's none of your business that we're here."

"Just what business is it of ours, we are here to arrest this person, this person has harmed our Prince."

"That's unfortunate, so are we, but we are inviting this person back to our Zhou family to do an investigation, you better not obstruct us from doing our business, or else."

"Or else what?" The Zhennan King's Palace was furious.

"How you know very well, the last time our Lord Zhou Tie, struck your Zhennan King with a slap, I'm sure your Zhennan King still has a fresh memory. Get lost, if there is any problem, let your Zhennan King come to our house and say it himself."

"You." Those people from the Zhennan King's house were very angry, but it was the truth, more than ten years ago, the Zhennan King and Zhou Tie were in the court, there was a quarrel, and they got into a fight on the spot, as a result, the Zhennan King was slapped by Zhou Tie, which meant that Zhou Tie's strength was above the Zhennan King, so from that day on, as a first rank official of the same level, the Zhennan King's status was a little lower than Zhou Tie in everyone's eyes.

Right now, the people coming from Zhou Tie's house clearly felt more vocal and arrogant, while the people from Zhennan King's house lacked the bottom line.

Omi was now standing in front of the small separate courtyard, watching the two groups of people who had come.

The stewards of Zhennan Wangfu, Omi had seen them once in his previous life.

The people coming from Zhou Tie's house, especially that Immortal at the end of the Pre-Human Immortal stage, Omi was very familiar with him, his name was Drinking Faith, and he was the third housekeeper of Omi's family in his previous life.

In his previous life, he also took quite a bit of care of Omi, helping to cover up whenever Omi went out to defile the good house. The good families that Omi had defiled in his previous life were all powerless, they were all immortal cultivators, good women of immortal families, Omi hadn't had the courage and energy to defile them, the only time he had tried to beat the daughter of the Lord of the Valley of Ten Thousand Flowers, as a result, he had almost been killed.

Because of this, the ones Omi had defiled in his previous life were all at the level of immortal cultivators, with extremely low status, Omi had not been killed because his status was one level lower and weak, so what could he do if he was defiled.

The third steward of the Zhou residence flew to Omi and said, "Our Master Tie's deceased son's relics at the Eternal Survival Place, did you take them?"

"Uh." Omi was startled, not realizing that they had found Omi with this clue.
