

King of kings

2035

"Just because I don't like it doesn't mean I'm not interested, besides, I can use Cloud Violet to get the resources I need to help me become powerful, I have nothing to lose anyway, and what would he dare to say if I kicked Cloud Violet in the face when I surpassed the Emperor in the future."

"Mi'er, you can't say such things now."

"Of course, I'm not stupid, alright, I'm going into the palace."

Omi immediately went into the palace.

The emperor was waiting for him in the main hall, what Omi didn't expect was that Yun Zi was also there.

"Pay your respects to His Majesty."

"Zhou Mi, Master Chen wants to leave today, you know about this, right?"

"Uh, I don't know."

"Master Chen has arrived at the city gate and was stopped by me, I begged him to stay, he said, with you and without him. If he is to stay, he must shoot you."

"What an abomination." Don Omi raged.

"You know what I did? I simply refused his request for me to shoot you to death, which is impossible, which means I chose you." First published at m.kanshu8.net

"Thank you, Your Majesty, Zhou will definitely live up to Your Majesty's expectations."

"So very good, Zhou Mi, you and Yun Zi love each other, so I am going to grant you a marriage. Of course, I must seek the consent of your parties. Now, you tell me, are you willing to be together?"

"This." Omi was a little hesitant, if the marriage was bestowed, Yun Zi would be his wife, this was not good, Yun Zi was a princess, the emperor would definitely not allow Omi to have other women, then what about Mu Qianji and the others.

"Zhou Mi, why are you hesitating?" The emperor asked.

Omi said, "Honestly, even if I were willing, I'm afraid the princess wouldn't want to."

"Oh, Yun Zi, will you say it in front of Father's face, willing or unwilling? If you don't want to, never force it."

"Me." Yun Zi looked at Omi and after a few seconds, nodded, "I'm willing."

Omi was confused inside, Yun Zi was willing to marry him.

"Zhou Mi, Yun Zi is willing, are you? Don't tell me I don't want to, you've done everything you've put together these days when you and Yun Zi went to Upper Yama Continent together."

"Ah." Omi was startled, it was done, but not voluntarily ah, it seems that Yun Zi was tested and the emperor thought that Omi and her were in love.

Perhaps it was because the raw rice was cooked that the emperor didn't agree to Chen Zichu's request.

Omi said, "Your Majesty, I am willing." As things stood now, if Omi dared to say no, I'm afraid he wouldn't be able to walk out of this palace, having played with someone's daughter and now saying that he didn't want to marry her, the emperor would let him live to tell the tale.

The emperor smiled, "Very good, so you are also a member of the royal family of my Yun Luo Immortal Kingdom, Zhou Mi, don't worry, I won't treat you badly, I will do my best to cultivate you, but you must always remember, you are Yun Zi's man, my son-in-law, never betray."

"Emperor, don't worry, I, Zhou, am not that kind of person, Yun Zi and I are in love, attracted to each other, free love."

"It is precisely because you are in free love that I am at ease with you. Alright, you guys can go back first, pick a day to get married."

"Thank you, Your Holiness."

"What? And you call me Your Holiness."

"Uh." Omi was depressed, "Thank you, Father."

"Hahaha." The emperor waved his hand and was in a good mood.

Omi and Yun Zi walked out of the main hall together.

As soon as they walked out of the palace, Omi pretended to be very gracious and went to pull Yun Zi's hand.

"Yun Zi, I'm so happy, from now on, we can be together openly and honestly." Omi said.

Yun Zi's face was

A piece of embarrassment, while the emperor in the palace heard this and smiled in satisfaction.

Omi immediately pulled Yun Zi away.

The emperor said to a servant, "Go, follow and take a look."

"Yes." That servant, immediately followed Omi quietly.

Perhaps the emperor was still unsure and wanted to see if Omi and Yun Zi, were really in love with each other or if Omi held a purpose.

Omi pulled Yun Zi and arrived at the place where Yun Zi lived.

Once he entered the room, Omi frantically kissed Yun Zi.

"Ah, Zhou Mi, don't be like this." Yun Zi was a bit silly.

Omi whispered, "I'm sorry, your father will definitely send someone to follow us, I have to do this. Since you're willing to marry me, that means you have true feelings for me, right."

Yun Zi Dao said, "If I didn't want to marry you just now, then you'd already be dead. The fact that I'm not a virgin is already known by my father and mother, so if I'm not willing to marry you, can you still live?"

"Ah, so you just said you would marry me, not because you like me, but because you don't want me to die?"

"Yes, you're a genius, and it's a shame to die like that. However, the fact that I don't want you to die already says something, don't you know." Yun Zi bit her lips.

Yes, it already shows that she likes Omi, otherwise why would she care about Omi's life or death.

"Thanks." Omi kissed down again, and the two of them tangled madly together.

Soon after, that servant blushed and went back to report to the emperor, "Your Majesty. Zhou Mi and Princess Yun Zi, they, in a hurry, that one."

"Which one?"

"That's the one."

"Ah." The emperor was startled, then laughed, "This guy, so anxious, huh?"

Instead of getting angry, the emperor was happy, which meant it was true between them.

Just like that, one month, Omi and Yun Zi really got married.

Omi felt quite sorry for Mu Qianji and the others, but Omi himself couldn't control his own destiny.

Of course, Yun Zi Chen did have feelings for Omi, although there was a bit of bad blood in the past, but instead, it made their marriage destiny.

Omi didn't inform Mu Qianji about his marriage to Yun Zi, it wasn't a good day for a wedding banquet.

On the day of the big wedding, Princess Yun Meng walked up to Omi and Yun Zi with a wine cup.

"Congratulations, Sister Yun Zi, congratulations, Zhou Mi."

"Thank you." Omi looked at this former dream lover and smiled.

"Thank you, Sister Dream." Yun Zi was happy.

However, Yun Meng didn't look at Omi much, she didn't seem to be very happy.

Omi was startled inside, "It can't be, Yun Meng also has feelings for me, right?"

Yun Meng finished her toast and walked away.

Omi and Yun Zi continued to deal with other people.

Yun Meng left the wedding venue and sat alone in a back garden.

“Oh.” Yun Meng smiled bitterly.

Yun Meng found that she was envious of Yun Zi, or Yun Zi was more discerning than her.

In fact, when Yun Meng learned that Omi had defeated Gu Ruinba in Upper Feyan Continent, as well as obtaining the title of First Grade Immortal Pill Master, Yun Meng actually worshipped Zhou Mi a bit and threw away all images of Zhou Mi's past. However, what came next was that Zhou Mi and Yun Zi fell in love with each other, and Yun Meng suddenly felt a sense of loss. Originally, Yun Meng, within fifty years, would hold a matchmaking contest, and within her, she would definitely choose Zhou Mi, but now there was no chance.
