

King of kings

2057

“Uh.”

“Truth be told, Senior Demon King taught me the second level of the Silence Technique, just a few years ago, the Demon King passed on the three divine abilities of the second level, and I still, even the meaning of the first divine ability, still haven’t understood.” Star Luo was a bit embarrassed to say, she had thought that she was at least an existence that Omi couldn’t touch yet, but she didn’t expect that she wasn’t much ahead of Omi in terms of magic.

“It’s normal to not understand the meaning, I was just starting out too ah.”

“Oh, the Demon King said that it would take me at least a hundred thousand years to be able to practice the three magical powers of the second level.”

“Uh, that’s so hard, a hundred thousand years.”

“Now that you’ve also finished practicing the first layer, if you want to learn the second layer as well, I can teach it to you.”

Omi busily nodded, “Yes, yes.”

The reason why Star Luo wanted to teach it to Omi was to see if Omi’s comprehension was really that high, to see how well Omi understood the second layer of magical spells.

When Omi dueled today, Star Luo found out, it seemed that the Silence Art that Omi cast was slightly more powerful than the one she cast, and wondered if it was an illusion.

Very quickly, Star Luo taught the first three Avatar of the second level to Omi, all of them.

These first three Avatars were called the Great Escapement Method, the Great Suppression Method, and the Great Domain Technique. Remember the website .kanshu8.net

These three Avatar spells, I heard that they were very powerful, especially the Great Domain Art, that was simply awesome.

Omi got the Avatar spell and previewed it, it was indeed so difficult, no wonder Xing Luo hadn’t even understood the meaning yet. However, it didn’t reach the level of being completely incomprehensible.

Omi closed his eyes without realizing it, because once he started, Omi seemed to have forgotten everything and couldn’t stop.

Star Luo didn’t disturb Omi either and closed his eyes as well.

Just like that, they sat opposite each other, and soon, dawn came, but they remained still.

Then it was dark again.

Master This Summer came to look for Omi, but when he saw Omi and Xing Luo sitting there motionless, he didn't go up to disturb them.

I don't know how long it took, but Omi opened his eyes.

Star Luo felt Omi wake up and opened his eyes as well.

"How are you feeling?" Starro asked.

Omi said, "It is indeed difficult."

"Oh, I've been comprehending it for several years now, and although I haven't understood it yet, I'm quite familiar with it, so you can ask me if you don't understand it." Star Luo said.

Omi said, "You haven't gained anything in the past few days? We've been sitting here for ten days and ten nights."

"It's only been ten days and ten nights, what can you gain, this second layer, it's all about ten thousand years."

Omi said, "Truth be told, the first divine ability of the second layer, the Great Escapement, I've already practiced it."

"Sh, what." Xing Luo ton stood up from his chair.

"Yes, I've already practiced it."

"Gosh, that's impossible." Xing Luo even wondered if Omi's practice was fake, it had only been ten days and nights since he had finished his first Avatar.

"Hehe, thank you Miss Star Luo for teaching me, or else I wouldn't know when the Devil King will find me. This Great Escapement Technique is truly overbearing and fierce, I must have no opponent in the middle Human Immortal stage, or even, in the late Human Immortal stage, I have the power to fight." Omi was confident, of course, if Omi practiced the second Avatar, the Great Suppression Method and the third Great Realm Technique, then Omi would definitely be able to defeat the Late Human Immortal. Although there was a one day difference in the realm

This method was also one day stronger, and the realm gap could be bridged.

Star Luo couldn't describe how he looked at Omi.

Omi stood up and smiled, "It's already been delayed for ten days, I can't delay any longer, I must go to refine the pills, the Immortal Pill Conference will be held in a few days. Miss Xing Luo, then I'll be leaving first ah."

"Oh." Star Luo stared blankly at Omi's departure.

Only after a long time did Star Luo come back to her senses and said in her heart, "Demon King, Demon King, what kind of person have you found me, why is his comprehension so strong? This is simply not a human. My talent and comprehension are already at the top that level in the Upper Fellows Island, but compared to Omi, I'm simply." Xing Luo couldn't even describe it.

In fact, Omi himself didn't know why, he had been particularly talented in this area since he was a child, this was still poor, in the past, in the mortal realm, a martial arts book that was even harder to practice, Omi read it once and half of it was practiced, it was like playing.

Could it be that Omi possessed such a perverted comprehension, there really was some hidden secret that even Omi himself didn't know about?

Don Omi returned to Master This Summer.

"Master."

"Zhou Mi, what are you doing with Miss Xing Luo, what took you so long to come back, the Immortal Pill Conference will start in ten days."

"We're practicing a spell, it'll be ten days and nights before we know it."

"Alright, hurry up and prepare for the Immortal Pill Conference, the rest, wait until the conference is over."

"Okay."

Omi immediately threw himself into the Immortal Pill, studying it, Omi looked incomparably focused again, and he was also very genius in this regard.

The next day, Master This Summer received a letter.

"Zhou Mi, a letter from you."

"Uh, who gave it to me."

"I don't know, it was sent by someone from the Yang residence."

Omi immediately knew who it was, it was definitely Yun Zi.

As expected, Yun Zi's letter was full of grudges.

Omi hadn't seen Yun Zi since that time when he came to Upper Fife Yan Continent, and he didn't go looking for Yun Zi either, making Yun Zi miss her so much.

Therefore, Yun Zi had gone to great lengths to finally send in a letter to be sent within the Xing Clan with the help of his uncle.

If Omi hadn't seen the letter, he would have almost forgotten about the girl.

"Just go find her." Omi said to this summer's master, "Master, I won't be refining for a few days, it's useless to temporarily hold the Buddha's feet anyway, rest for a few days and then happily participate in the Immortal Pill Conference."

"Fine, relax."

"Then I'm going to Yangfu, I won't be back for a few days." Omi said.

"Well, be safe."

Omi immediately left to go to the Yang Residence, originally Omi didn't want to go to the Yang Residence, but for the sake of Yun Zi, Omi would reluctantly go there, no matter what, he had paid his respects to Yun Zi.

By the way, it's been almost a month since he came to Upper Feyama Island, and I don't know if Princess Yun Meng has met up with that powerful person on a blind date.

Omi had seen Yun Meng looking like she didn't like Omi, and also wanted to see what was so powerful about that blind date that made Yun Meng's trifling woman go from being secretly in love with Omi to looking down on Omi.

Soon, Omi arrived at the Yang residence.

It was rare for Omi to be so relaxed, so he stayed at the Yang residence for the next few days to rest and rest until the Immortal Pill Conference began.
