Omi didn't let Yang Cai hold her for long and quickly pushed her away.

"Yun Zi, let's go, we're going home." Omi hugged Yun Zi and hurried away.

Yang Cai looked at Omi somewhat lost.

One of Yang Cai's sisters said, "Sister, don't forget, he's cousin's husband, it's not good to steal a husband from his cousin."

Not long after Omi and Yun Zi had left, a little boy ran up to Omi and said, "Big brother, someone asked me to give you a note." Saying that, the little boy handed the note to Omi.

"Uh." Omi picked up the note, only to see an address written on the note.

Omi asked Yun Zi Chen, "Where is this address?"

"589 Highland Street? I know, but what does this address mean?"

Omi said, "I think it should be where Thousand Extremities and the others live, I'm ashamed to say that I haven't gone to look for them even after coming to the Upper Fell Yama Continent for so long."

Omi immediately went to that address, led by Yun Zi, Omi arrived.

As soon as he arrived at the No. 589 compound, Omi saw Mu Qianji, Little Fire, Tang Huan, Lu Yuxi, Purple Pupil, and others, who just happened to be returning from outside. Remember the website .kanshu8.net

"Chichi."

"Omi, you've arrived so soon." Mu Qianji smiled happily when he saw Omi, in fact they had only just arrived.

"Did you guys go to the ring to watch me duel too?" Don asked.

"Right."

"Then why didn't you just find me instead of giving me the note, and since you were all there, wouldn't it have been better to find me in person." Omi was speechless.

"Oh, we wouldn't dare." Mu Qianji lowered his head and said.

Little Fire said, "Brother Chen, you're so strong, so powerful, we feel, there's this huge gap with you, especially the few of them, they all feel unworthy of you, so they don't dare to find you in person, they just want to give you a note, if you still like them, since you will come, if you no longer like them, you will definitely ignore them, and save yourself the embarrassment in person."

"Nonsense." Omi reprimanded.

"You've followed me for so long and you still say such things, I'm the kind of person I am, right Tang, I'd rather not lose anyone here than any of you." Omi said.

Yun Zi next to her felt stung inside when she heard Omi's words.

Mu Qianji was busy saying, "Omi, don't talk nonsense, it's not good for Princess Yun Zi to hear it."

Omi looked at Yun Zi and said, "It didn't include you."

"Oh." Yun Zi nodded speechlessly.

Little Fire smiled, "Brother Chen, hurry inside, we found a place to stay here after we came to Upper Fei Yan Continent, this Upper Fei Yan Continent is really full of strong people, we immortal cultivators, our status is too low, so we live on the wrong side, if we want to live more centrally, we must stay in an inn. However, there are some inns that only allow immortals to stay."

Omi said, "It doesn't matter if it's a bit more remote, I'll live here from now on too."

"Brother Chen, but don't, you'd better stay at Uncle Yun Zi's house."

"Yes, you must have offended Wu Longquan today, although Wu Longquan doesn't dare to kill you today, it doesn't mean he doesn't dare to kill you in secret, it's not safe here." Tang Huan and the others were also busy advising.

Yun Zi also nodded, "Husband, let's go back, you're so talented, there are many people who are jealous of you, it's really not safe here. Although I understand your desire to be with your loved ones, you must be alive for them to be better."

sp; Mu Qianji said, "Miss Yun Zi is right, we only have hope if you are alive, besides, we don't have time to hobnob with you now, we must work hard every moment to cultivate and strive to step into the Immortal realm as soon as possible."

Omi thought about it and nodded, "I can return to the Yang residence, but we've been apart for months, it's impossible to just see each other in a hurry and leave, let's at least have a good time together today, I'll leave tomorrow before it's too late."

"Alright then."

Omi said to Yun Zi, "Yun Zi, go back first and tell your uncle that I'll be back tomorrow, the day after tomorrow at the latest."

"Then you have to be careful."

"Don't worry."

Yun Zi left first.

Omi entered house 589.

"This is the house we temporarily rented."

"The environment isn't bad, it's pretty quiet."

"This area is full of rental houses, mostly rented to those cultivating immortals." Mu Qianji said.

"Is it safe here?" Omi asked.

"It should be considered safe because the owner of this land has a big family lineage in Upper Fellows Island, so no one would normally dare to cause trouble here."

"That's good."

What Omi didn't know was that his whereabouts had already been grasped by some people with an interest in the matter.

That night, Omi and Mu Qianji and the others, gathered in House 589 for dinner, while there were multiple Immortal Senses sweeping across the entire Upper Fertilization Yan Continent, as Omi's realm was even lower, so he couldn't detect the scans of Immortal Senses stronger than his.

"Brother Chen, how long have you been in Upper Fei Yan Continent? We were worried sick about you."

Omi said, "I'm sorry about this, but when I was in the Yunluo Immortal Kingdom, I thought I was in a crisis and told you to leave quickly, but I didn't get out of it for long, and you didn't know, causing you to worry about me for so long. When I arrived in Upper Fellowship, I didn't know where you were, so I couldn't find you. Moreover, after arriving in Upper Fellowship Yan Continent, I worshipped an Immortal Pill Master on the first day, and after that, I was immersed in Immortal Pills and had no distractions, so I didn't inquire about you guys."

"Hehe, Brother Chen doesn't need to blame himself, the population here is huge, we are just small people, you can't even ask around."

Lu Yuxi asked, "Tzu-Chen, how did you get out of danger in the Yunluo Immortal Kingdom? Why didn't the emperor kill you?"

"By the way, thanks to Miss Star Luo, it was Miss Star Luo who used her connections to scare Yun Zhan into not daring to eat my bone marrow and become honest in front of me."

"So that's how it is."

"However, it's good to come to the Upper Feyama Continent, this is the best place to cultivate immortality." Mu Qianji said.

Omi swept a glance at them, and each of them, they had reached quasi-immortal.

"Uncle Chen, we're all quasi-immortals, but unfortunately, to become immortals, I feel like there's still a long way to go." Zi Tong said.

Everyone nodded their heads.

Yan Xinyi smiled, "After reaching quasi-immortal, I realized how powerful you are, Windy."

"Uh, Shisun, where does this begin."

"To think that on that day, you reached quasi-immortal and became an immortal as soon as you reached the Immortal Realm. We, on the other hand, still don't know when we're going to be, and you don't think you're too powerful when you compare the two."

"Yeah, yeah."

"To be able to become your family, we are fortunate in three lifetimes, but, we are doubly uncertain."
