And omi, arriving at the Air Tear Department, omi went straight to Hua Mingxin.

"omi, you're here again?" Hua Mingxin was surprised.

"Yes, I'm here again."

"What are you doing here this time?"

"I want to learn some spells."

"Oh, you're so strange, you want to learn spells again."

"Hua Mingxin, let me ask you, what are the powerful spells in the spell department?"

"There are so many powerful spells, there are many in the library, at least dozens of them, you can choose any of them to cultivate."

"Okay, what about your tokens?"

"So you're borrowing a token from me."

"Yes. Can I borrow it, otherwise I won't be able to enter your spell department's library." First URL

"This, okay."

"If it's difficult, then forget it."

"Difficult not really, mainly because I happen to be going to the library as well."

"I'd rather not then."

"No need to be polite, I'll lend it to you and I'll go to the library later, you're my good sister Cloud's boyfriend, I can't slack off on you."

"Don't talk nonsense, I'm not Cloud's boyfriend. Alright, I won't bother you anymore." omi had to think of another way.

Hua Mingxin shouted, "Hey, you really don't need it? I can let you enter the library first."

omi said, "No, you can use it yourself, there are many ways for me to learn spells."

"You're kidding, where else would you go to learn but to go to the Hidden Library."

omi looked at the Guidance Class flags that were planted everywhere in the Spell Department.

omi suddenly had a flash of light.

“Huh, right, I don’t even need to go to the Hideaway, I can totally go to an instruction class and have the instruction class practice spells once in front of me, and then, I can.”

omi suddenly turned pale again, this didn’t seem to work, because the practice of the spell was inside the body, it was worlds apart from the Air Tearing Technique, and how the mana in the body worked couldn’t be seen at all.

“Damn, this kind of template seems to be only suitable for the Air Tearing Technique, not spells. Do I really have to practice spells honestly?” omi felt that he couldn’t afford to spend that time and was used to taking shortcuts.

“Forget it, what’s the point of practicing spells so much, I’d better go back to the Immortal Pillar Department and assess myself as a tutor.”

Just at this moment, there was a sudden stir in front.

Many boys around omi ran forward.

omi busily said, “Hey, buddy, what’s going on up ahead?”

“Haha, go look at the excitement, the strongest genius of our Heavenly Luo spell class is confessing his love to the number one beauty of the River Luo spell class.”

“Oh, not interested.” omi wasn’t even interested in watching such a hilarious event.

“Hey, classmate, you can’t be right, the number one beauty of the River Luo spell class is one of the two greatest beauties of our spell department, you wouldn’t know who the two greatest beauties of the spell department are, right?”

“Sorry, really not interested.”

“Damn, I must say it then, the first of our two great beauties of the spell department is Hua Mingxin; the second is, Tang Huan, right now, the first genius of the Tian Luo spell class, is confessing to Tang Huan.”

omi’s eyebrows furrowed, “Tang Huan?”

“Right.

.”

omi said to himself, “Why is there a Tang Huan here too.

omi asked, “Where does this Tang Huan come from?”

“I don’t know, anyway, all I know is that she’s pretty and I’ve heard she has a mysterious background.”

“Oh, what’s the name of the guy who’s after her?”

“Nong Yao, is a strong late Upper Immortal, ranked fifth in combat power among all late Upper Immortals in our spell department.”

“Fifth is very powerful?”

“Damn, aren’t you talking nonsense, the entire spell department, hundreds of thousands of people ah, among these hundreds of thousands of people, there are also fifty to sixty thousand late stage Upper Immortals. Fifty to sixty thousand late Upper Immortal spell masters, ranked fifth, do you think it’s powerful?”

“Oh, that seems kind of impressive.”

“I’m not going to bother talking to you, I’m going to go round up.”

“I’m going to check it out too,” Don omi said.

The man scowled for a moment, having just said he wasn’t interested, and now.

Right now, several thousand meters in front of omi, there were a lot of onlookers, as if something big had happened here.

The Spell Department was different from the Air Tearing Department, the Air Tearing Department was all caves and no buildings, while the Spell Department was not all buildings like the Xandan Department, but it was similar, and usually had classes.

Right now in front of that, a man in a handsome armor, holding a large bouquet of colorful, rainbow-like flowers in his hands, was kneeling half crouched in the sky. Not far in front of him, a woman was standing depressed in the air, this woman was going back to her own place after school, as a result, she was raided, suddenly, the sky exploded with countless rainbows like fireworks, and also formed a few words: Tang Huan, I love you.

It was because the commotion was so loud that so many people saw it and came to watch.

The person holding the flowers was the genius who had been pursuing her, Nong Yao.

About Nong Yao’s fame, Tang Huan had also heard of it, however, Tang Huan was currently only an Earth Immortal, so she didn’t think of having any interaction with him, of course, that wasn’t the main thing, the main thing was that Tang Huan always knew that she was already a married woman, she wasn’t one of those little girls anymore.

“Tang Huan, I love you, be my girlfriend.” That Nong Yao shouted loudly, his voice shaking the entire spell department, this guy didn’t seem to be afraid of the entire spell department hearing ah, it seemed that he was determined to chase after Tang Huan.

Tang Huan scanned the circle of onlookers, a little embarrassed.

Tang Huan just wanted to leave quickly, so he said, “I’m sorry, Senior.”

“Tang Huan, I don’t want to be your senior, I just want to be your man, promise me, okay? I dare to let the entire spell department hear, that means I’m playing real with you, be my woman, I’ll make you the happiest woman in the world.” Nong Yao was very resolute and his tone was a bit of a no-refusal tone, which showed that Nong Yao was usually high and in control.

Tang Huan said, “Sorry, I don’t like you.” After saying that, Tang Huan quickly flew away.

"Wow." The people at the scene wowed, not knowing if it was because Tang Huan dared to reject Nong Yao or because the late Upper Immortal ranked fifth, couldn't actually chase after a single Earth Immortal.

However, at the moment, Nong Yao was rejected, he was in a very bad mood, he was the fifth ranked late Upper Immortal ah, how many women usually wanted to fall back on him, he had a hard time putting up such a big fight for a woman, but he was actually rejected, this seemed quite disgraceful.

Nong Yao immediately chased after him, shouting in his mouth. "Tang Huan, believe me, I am sincere." However, Tang Huan quickly flew in the direction of his dormitory.

At this moment, in the crowd, someone gazed with surprise: "Damn, it's really my Huanhuan."
