Omi added, "Of course, for the sake of fairness, the ten beauties will be voted on by the people present. Now, anyone who thinks they're a beauty, please come on stage, or, whoever you think is a beauty, you can recommend her."

"What if the beauty I think is beautiful she doesn't come?"

"It doesn't matter, put her name on the stage, and if there are others who also vote for this person, the final vote wins, even if they don't show up, and I'll give her the prize money or whatever afterwards."

Just like that, the beauty contest was held in a big way.

In the end, after half a day, the top ten beauties were finally released.

According to the votes, the one who won first place was, Hua Mingxin. Hua Mingxin had one more vote than Tang Huan, and it was hard to tell them apart.

The second place, of course, was Tang Huan.

And the third place, is a woman called curtain ginger, unfortunately, this curtain ginger, didn't come, she was passively elected, that is, people didn't come, but many candidates, the final votes actually still third.

The fourth to the tenth place, I won't go into detail.

"Below, please invite the top ten beauties to come on stage to receive the award."

Hua Mingxin wouldn't have participated in such a thing, but, for the sake of Omi's face so he participated. Hua Mingxin flew to the stage. First URL m.kanshu8.net

Tang Huan too.

All ten beauties, except for the third place Curtain Ginger, were standing on the stage.

Omi immediately took out Xian coins to reward them.

Omi said, "As for the third place Curtain Ginger, her reward of 700 Xian coins, I will personally go to her later and deliver her reward to her, so don't worry everyone."

After the reward, Omi asked the nine beauties, "Ladies, I wonder if you are willing to sign a contract with my Tang's guidance and become our spokesperson? If you're willing, I'll pay you a third of the deposit, and when the ten thousand years are up, I'll give you the remaining two-thirds."

"We are willing."

Without a doubt, everyone was willing.

Omi took out the contract and said, "Please look at the contract, and sign your names if it's okay with you. The contract is simple, based on your ranking, the first and second place winners will receive 100,000 endorsement fees per 10,000 years; the third and fourth place winners will receive 80,000 endorsement fees per 10,000 years; the fifth and sixth place winners will receive 50,000 endorsement fees per 10,000 years; the seventh and eighth place winners will receive 30,000 endorsement fees per 10,000 years. Finally, the ninth and tenth place finishers will receive ten thousand endorsement fees per ten thousand years."

"Wow damn, really this is a bloodbath."

"Oh my, isn't he afraid of losing money?"

Everyone wondered if Omi was crazy, it was like giving away money for nothing.

But Omi thought that it was worth it, and Omi had even more exaggerated ones after that.

Just like that, after the election of the ten beauties, Omi immediately asked all the girls at the scene to elect the handsome guy.

It was fair for the boys to elect the beauties and the girls to elect the handsome men.

After some tossing and turning, the Top Ten Handsome Men were also released.

However, what Omi didn't expect was that the handsome man who received the most votes was Omi himself.

Although Omi said he wouldn't participate, but the girls on the scene just had to write Omi's name and didn't participate.

"Hahaha, alright, the ten handsome men are also out, below, please invite ten handsome men to come on stage."

Other than Omi, the other nine all came up immediately.

Omi said, "Same as the ten beauties, rewards, endorsements, none of them will be missing."

So, the ten handsome men also signed up for endorsements, nine handsome men to be exact.

After the beauty pageant was finished, Omi

Zheng announced, "Everyone, the following, the most grandest competition has arrived. That is, the Tang Spell Competition, this round of the Tang Spell Competition, we don't compete in realms, only spells, so no matter what realm, anyone can participate, we will select the top ten."

"May I ask, are there any rewards for the top ten?"

"This is of course, the first place winner will be rewarded one hundred thousand."

"Wow, this piece of ho."

"The second place winner will be rewarded ninety thousand, and so on, and the tenth place winner will be rewarded ten thousand. In addition to that, those who win the top ten places can also sign up for endorsements."

“How much is the endorsement fee?”

“The first place winner, the endorsement fee is one million dollars.”

“Wow.” The whole room was stunned, a million? A million dollars for doing nothing? How many geniuses are there, but they can't earn that much even if they run a training course? Is Omi really crazy?

“The second place finisher, the endorsement fee is nine hundred thousand, and so on, and the tenth place finisher, the endorsement fee is one hundred thousand.”

“Wow damn, even the tenth place finisher, the endorsement fee is one hundred thousand, this is too crazy.”

When Omi finished announcing, the scene was dumbfounded, everyone on the scene was eager to try, if they won first place, it would be over a million immortal coins, although there were many from big families on the scene, but, they had never seen a million so many immortal coins.

Omi smiled and said, “Everyone, who will win this fortune will depend on your ability. Now, let me introduce the judges on the spot.”

Omi had invited ten instructors from the Department of Spells to be judges, one of them was Tang Huan's mother, Ding Lan, and of course, Omi had spent the appearance fee, all ten instructors, who did not have a training course.

The sensational, much-anticipated Tang's Spell Competition had begun.

Whether it was for the sake of fame or profit, everyone had put in their best effort.

After a day and night of intense competition, the top ten of the spell competition was released.

The first place winner was a man named Post Pavilion, this Post Pavilion had also become the fifth place among the top ten handsome men before, which could be described as handsome and genius.

Omi needed just this kind of person, this kind of person had many fans.

Omi rewarded the top ten people on the spot and signed these ten people on the spot, preventing one-third of the endorsement fee.

This time, Omi's activities had cost tens of millions of Xian coins.

Other people felt distressed thinking about it, but Omi wasn't distressed in the slightest.

Omi had already attracted the spell department and almost ninety percent of the popularity to this place.

“Everyone, the competition is over, below, please invite the top ten beauties, the top ten handsome men, and the top ten geniuses to come on stage and say a few words for Tang's guidance.”

Hua Mingxin was the first to speak, “Everyone, I am Hua Mingxin, please support Tang's guidance, I will also be at Tang's guidance anytime in the future, thank you for your support.”

Tang Huan said, “All of you who like me, if you support me, you must come to Tang's Guidance Oh, I'm here for you, Mia-da!”

Of course, the ten dudes also spoke, all of them were some kind of pandering behavior, encouraging their fans to come and spend money here, they took people's money, of course very happy, if the Don's guidance collapse is not good for them again, stupid to not want to.

In the end, so did the ten geniuses.

"Everyone, I'm Post Pavilion, I'm endorsing Tang's Guidance, I'll be at Tang's Guidance for a long time from now on, if there are any friends who like me, they can come to me, every ten years, I'll take a few months out to guide some friends for free, and please come, thank you all. And of course, thanks to Brother Omi, without Brother Omi, I wouldn't have the value I have now, thank you." Post Pavilion bowed to Omi, very grateful, taking so much money from Omi, all a bit embarrassed.
