"Young lady, come with me." That butler, Fu, said to Omi.

"Good."

Omi then followed that steward to a courtyard.

Although Ding's Immortal Mansion was one-eighth of the size of Spring Emperor Island, it was still very large.

"Young mistress, this courtyard is Miss Ding Lan's secret chamber."

"Okay, you go busy, I'll go in myself."

"Okay."

After Ah Fu left, Omi walked into the courtyard door, the courtyard was small and exquisite, a few hundred square meters.

Entering the courtyard, one glance saw that Ding Lan was watering the flowers in the garden, each flower was bright and delightful.

Omi smiled, "Why didn't you come just now."

"Why should I come, it's not like I don't know you." Ding Lan said in a cold tone. One second to remember to read the book

"Your father didn't arrange a place for me to live, so let me come live with you, don't worry, between you and me, nothing will happen, just think of it as an encounter, anyway, all your father needs is my status as a son-in-law at the door, as to whether I'm a real couple or a fake couple with you, he definitely doesn't care."

"That would be best."

"Which room do I stay in?"

"Other than my room, you can pick which one is available."

Omi picked a maid's room, and he would live here from now on, outwardly he and Ding Lan were husband and wife, but in reality we didn't have any relationship.

The next day, Omi was still sleeping, and in a daze, he heard a man outside shouting, "Ding Lan, I beg you, you can't marry someone else, we were childhood sweethearts, you don't."

"I'm sorry, Zhang Ping."

"Ding Lan, you didn't like me before, but now you still don't like me, do you? Where the hell am I bad."

Omi lifted the curtains and saw a man in armor outside standing in the courtyard, begging Ding Lan.

Ding Lan was wearing a goose-yellow light gauze, her figure was revealing, her jasper nose was erect, her skin was white and beautiful, and her entire body looked beautiful, Omi looked from the back room and had to admit that one of the ten most beautiful women in the Immortal Realm was indeed not a name in vain. If it wasn't for a taint, it would certainly be an object of pursuit by all the outstanding men in the heavenly realm.

Omi sighed, quite confused inside.

"Lan'er."

"Zhang Ping, don't call me that."

"Ding Lan, oooh, I beg you, I really like you."

"Zhang Ping, I've always thought of you as my brother."

"Ahhhh." The man hissed.

The man left only after a long time of entanglement.

Omi walked out of the room.

"Who was that just now?"

"One of the eight families of Spring Empire Island, in the Zhang's Immortal Mansion next door to my home."

"If he's willing to marry you, why don't you marry him?"

Tinglan said, "Am I already at the point where no one wants me? If someone wants to marry me, they have to do it now? Otherwise, if you miss this village, you won't have this shop?"

"I didn't mean it like that."

"Well, I don't want to talk to you, and I feel angry every time I talk to you, and you always have a tone of contempt in your voice."

"You misunderstand."

Dinglan walked straight away.

Omi sighed, Omi also left the courtyard, and came to the Heavenly Realm, he definitely wanted to have a good stroll.

<

> Omi flew up and soared through the sky in the clouds.

"Wow, it's so cool, it's really cool." Omi shouted out in pain.

At this moment, Omi suddenly felt dizzy in his head, then a voice came from Omi's ear, "Omi, is that you?"

"Ah, Senior Demon King of the Nine Paths?" Omi immediately stopped and stood in mid-air.

"Omi, it really is you, great."

"Senior Demon King, where are you?" Omi looked around, there was sky all around and no hanging islands.

"Omi, I never thought that I would be able to contact you." The Nine Dao Demon King looked like he was about to cry.

"Senior Demon King, tell me quickly, what happened to you? Why have you been out of touch for so long?"

"Alas, it's a long story, I was late in handing over the Immortal Machine Spitting Method, so I was subjected to an even more cruel confinement, and my mental energy was also imprisoned, so I couldn't contact the Earth Immortal Realm directly, I could only give contact within a certain range. You now happen to be within the range where I can still make contact."

"Ah, so, you're near me now?" Don was shocked.

"Yes, I'm near you, turn backwards and down the fifth Hanging Island, where I'm currently being held. I'm being held on this hanging island, a place called the Gurnow Immortal Mansion. The person who wants my Immortal Machine Spitting Method is the Immortal Chief of the Gurnow Immortal Mansion, named Gurnow Ba, and Gurnow Ba is an Immortal."

"What level of immortal?"

"Low-ranked Immortal."

Omi's heart was moved, wasn't this on the same level as the dean?

I didn't expect that Omi would come into contact with this level so quickly.

"Omi, why are you in heaven? It's reasonable to say that you're only a Celestial Immortal and have no backstage, you can't come to heaven ah."

Omi said, "To tell you the truth, I went to the Immortal Academy and met the daughter of the head of the Immortal Academy, the head saw that I had good talent and wanted me to be his son-in-law, I came up here to marry his daughter. Today, I had nothing to do to come out for a stroll, but I never expected that I would run into you."

The Devil King exclaimed, "A handsome face is different, even though it's the era of strength, faces are important ah."

"Senior, you misunderstood, I didn't become the dean's son-in-law because I'm handsome."

"Alright, just kidding."

"Senior Demon King, don't worry, I'll get you out."

"It's not that easy, the dean you're talking about is just Ding Cang Dong, I also know him, although Ding Cang Dong is also a low ranked immortal, but still, the power can't be compared to Gu Norba."

"Why? We're all lower-ranked immortals now."

The Devil King said, "It's true that they're all low-level immortals, but the Heavenly Realm is not only a place that talks about strength, it's also a place that talks about power. The Heavenly Realm has an Immortal Court, and the Immortal Court is the foundation of power. Your father-in-law, Ding Cangding, is a cluster of six immortal officials, in charge of the Academy of Immortality, and, Ding Cangding can't do anything, and is very marginalized in the Heavenly Realm, so his abilities are limited."

"Ah, I really didn't know that."

"The Gu Norba who caught me, although he's also a low ranked immortal, he's a plus-five ranked immortal official, a deputy captain of the Heavenly Galaxy System, and his connections in the Academy of Immortals are not comparable to Ding Cangding's."

"So." Omi touched his head.

At that moment, Omi was busy asking, "By the way, do you know General Monta?"

"Know, what, you know him?"

"General Monta also sent for me before, saying that he wanted to take me as his protégé, but I refused, and I chose the dean."
