

# King of kings

2257

"O Omi, choosing you as my son-in-law is the best thing I've ever done in my life."

"Oh."

"We've all seen your performance on the battlefield of the Old Demon of Heaven."

"Er, what do you mean?"

"You killed a Xuanxian demon king with a Heavenly Immortal realm, when it's really remarkable, right, how did you do it."

"Ah, how did you know?"

"Hahaha, the clairvoyant eye projected everything it saw in the Nine Heavens Divine Hall to the various immortals, not just me, but the entire Immortal Court, almost all of the immortals knew about it."

"Eww." Omi thought that he was the only one who knew about such things, and he didn't know if it was a blessing or a curse.

"Omi, how did you kill that Xuanxian Demon King?"

"This, must you say?"

"Don't worry, I'm not interested in your method of killing the Xuanxian Demon King, after all, even if you told me, I'm sure I wouldn't be able to learn it because no one as smart as you can learn it." One second to remember to read the book

Omi said in his heart, "Count on you to know what you're doing."

However, Ding Cangding added, "It's just that even if I don't ask you, I'm afraid that many people will ask you."

"Uh, who wants to ask me?"

"Omi, when you killed that Xuanxian Demon King, everyone saw you use the Star Shift Great Law, right, but the Star Shift Great Law isn't so powerful that it allows you to cross two levels to kill an early Xuanxian Demon King."

"Indeed, the Star Shifting Great Law can only divert other people's attacks and use their power to hit back at others, never killing them, but instead, I could only use it a few times when facing a Xuanxian-level Demon King due to my own heavy load. At that time, I had no choice but to enter the depth space when I was dying, and then I upgraded the Star Shift Great Law."

"Can you tell me about it?"

"Of course, I modified the Star Shift Great Law to, not only can I divert attacks, I can also store attacks, I was, at that time, storing three attacks of the Xuanxian Demon King in a row, then, I stacked the opponent's power three times, thus killing that Xuanxian Demon King."

"Heavens, you're too strong, you can even modify this, your modified Star Shifting Great Law is simply finished off the original Star Shifting Great Law, how the hell did you do that."

"Oh, you don't understand even if I tell you, you can't even practice the basic Star Shift Great Law ah."

"Haha, also, in short, ah son-in-law, you really make me incomparably impressed ah."

"Wait, dad, you just said, there's someone else who wants to ask me, who?"

"I'm not sure about that, but there are always people who want to know how you killed the Xuanxian Demon King, and even, even the Immortal Emperor might want to know."

"Then shall I say?"

"Why don't you tell it, as it is, and don't hide it."

"But this is what I have researched at the cost of my life, it's a masterpiece that belongs to me."

"There's nothing wrong with that, if you're an Immortal Emperor, or, if you're in a high position, you're free, but we're not in a high position ah, you don't say anything, in case some malefactor joins you and describes you as a potential future enemy of the Immortal Court, the Immortal Emperor's hot head believes in it and strangles you. So, whether it's for yourself or for all of us, if the Immortal Court sends a representative to find you and ask you to talk about this, you tell the truth and hand over your upgraded Star Shift Technique so that more people's people can practice it, so that you are safe."

"Alright." Omi was reluctant, but he couldn't do anything about it.

&n

bsp; Omi asked, "Father, then why would the Immortal Emperor fear others being powerful? Shouldn't that Immortal Emperor be the strongest person within the Three Realms?"

"O Omi, the Immortal Emperor himself, is not very strong, the reason why he can become an Immortal Emperor is because he possesses a weapon, as to what weapon, no one knows, and no one can take this weapon away from him, with this weapon, he can command the three realms and make the heavens and the earth change colors. That was why, he had been an Immortal Emperor since ancient times. Otherwise, whoever dares to make a disturbance, why would the Immortal Emperor need anyone else, he himself directly feared the person who made the disturbance to death with a thought."

"This doesn't make sense, if he has this weapon, then why would anyone dare to make a disturbance, can't that weapon of his be used to kill his enemies?"

"That weapon of his is similar to the rules of heaven and earth, he can control the world, but it's not a weapon of battle. Because at the immortal kind of level, strong or weak in battle, relying on their own battle talent, there is no longer any weapon that can be stronger than itself, no matter how strong the weapon is that is also made by people, people aren't that strong anymore, how can they make a weapon that surpasses people."

"Not very well understood."

"You don't need to understand, although there are many Immortal Demons and Gods making trouble, not everyone has the capital to make trouble, after all, although the Immortal Emperor is not the strongest in combat, he is still a high ranking Immortal, and the average person is no match for him."

"Oh."

"Alright, you go back, I know Lan'er has a lot to say to you."

"Yes, then I'll take my leave."

Omi left Ding Cangding's calligraphy.

However, Omi was hesitant to go back.

"Damn, if I go back, wouldn't I be forced by Ding Lan, forget it, I'd rather not go back, I'm going straight to the Immortal Academy to find my real wife." So, Omi immediately ran away and went straight to the Academy of Immortality.

At this moment, at Ding Lan's residence.

Ding Lan had been waiting for Omi and seemed a bit nervous, after all, she had decided to completely end her career as a young girl from today.

"Why haven't you come back for so long?"

Tinglan immediately sent someone to his father's place to look for him.

Soon, the servant returned.

"Back to Miss Dinglan, Master Tang is not at Master Xian's."

"Then where did he go?"

"I made some inquiries, and after leaving Master Xian's study, Master Tang left the family, like, for the Earth Immortal Realm."

"Oh, I see." Ding Lan seemed to know where Omi had gone, it must have been to the Academy of Immortals, to find his true family.

Ding Lan was filled with loss, it turned out that everything was her own doing, deceiving herself and others, Omi had never treated her as a family member.

Ding Lan was left alone in silence for a long time, not moving for three days and three nights.

Finally, Ding Lan smiled bitterly, "Omi, I wish you happiness, it seems that there is no need for me to appear in front of you anymore, goodbye." After saying that, Ding Lan also packed her things, left a letter behind, and then left the Ding family.

At this moment, Omi was already at the Academy of Immortality.

Omi was at the Academy of Immortality and called everyone's loved ones out.

Mu Qianji, Xiao Huo, Tang Huan, Xia Xiaoxin, Purple Pupil, Yun Zi Yun Meng, and so on and so forth.

“Cheers.”

They drank heavily.

“Big brother, tell me, how are you doing in the Heavenly Realm now?”
