"Omi, you're not lying to me, are you."

"Captain, why would I lie to you, you should know what to do by now."

"What do you mean?" The captain was startled, which Omi had said twice.

"Speak for yourself, what would happen if I help you put a few beautiful words in front of Princess Nianzhi?"

"Ah, beautiful words for me?"

"Yes, so, Captain, you should know what to do by now."

The captain immediately said, "Brother Tang, please accept my obeisance."

"Haha, you're welcome, if the captain doesn't mind, I might as well call the captain a big brother now."

"Of course, it's my honor, I'm older than you, so I'll take the liberty of calling you brother."

"Big brother on top, please accept the worship of my younger brother." Omi worshipped.

"Please rise, brother." One second to remember to read the book

At this moment, more than a hundred celestial soldiers were looking at Omi in stunned silence, especially that Shen Pill.

Shen Pill was busy saying, "Captain, what about the chastisement you just said to chastise Omi?"

"Yes, Captain, Omi just beat up Shen Medicine and broke the unity of the squad, and he hasn't even been punished yet."

"This." The captain was stunned.

Omi said, "Everyone, the captain is now my big brother, you've seen this too, from now on, if anyone is disobedient, I'll beat up whoever is upset, you heard me. Alright, let's break up today."

Shen Medicine said angrily, "Omi, the military camp is not run by your family."

"It's true that it's not run by my family, but that doesn't stop me from beating you."

The captain also said, "My brother is right, you should not embarrass him in the future, otherwise, I won't be able to protect you."

"Captain, how can you be so partial to Omi."

The captain said, "Alright, let's call it a day, everyone is dismissed. By the way, I almost forgot one thing, please gather early tomorrow, tomorrow it will be announced who will be sent out and who will stay behind."

After saying that, the captain said to Omi, "Brother, how many drinks at my place?"

"Fine."

Omi went to the captain's place to drink, Shen Pill's group of turtles could only stare dryly, even the captain had called Omi brother, how else could he drop, the most important thing was that Omi was actually favored by Princess Nianzhi, in the future, Omi would be the person beside the princess, that status, which was not comparable to them, these little heavenly soldiers.

A person by the princess's side, that status was hardly inferior to a head of a troop.

Moreover, this princess wasn't just any princess, but the most beautiful princess in the history of the Immortal Court, and the most talented princess in history. This Princess Nian Tides, the youngest daughter of the Immortal Emperor, it could be said that the oldest daughter, so far, was less than ten million years old, less than eight million years old to be precise, only seven million years old.

Of course, compared to Omi, Princess Nianzhi was a bit older, and although Omi's appearance modified his age, in reality, Omi was only over three million years old.

"What the heck." Shen Pill cursed in anger.

Omi arrived at the captain's military tent, and the captain ordered his men to prepare a lot of generous food.

Ming Cheng raised his wine cup and said, "Brother, brother will first toast to you, brother will be counting on you from now on."

"Brother, what are you talking about."

Omi smiled, only, Omi was also quite bitter inside, because, he was talking nonsense before, Princess Nianzhi did not say that at all, Tang Zi

I will serve her in the future.

Omi was only boasting about it because, Princess Nianzhi liked him, only, what depressed Omi was that Princess Nianzhi didn't admit that she really liked Omi again.

This, Omi was very depressed.

Originally, Omi thought that Princess Niancius would be the reincarnation of some woman from his previous life.

However, Omi got to know Princess Niancius, who was older than Omi, so the possibility was overturned right away.

It couldn't be the reincarnation of one of Omi's wives in the mortal realm, moreover, Princess Niancius was the daughter of the Immortal Emperor, and the Immortal Emperor controlled the three realms, whoever was reincarnated was arranged by the Immortal Emperor, he couldn't arrange for a mortal from his previous life to be his daughter in this life. Therefore, no matter which way you looked at it, Tian Nianxi had nothing to do with the woman from Omi's previous life.

To be honest, Omi didn't know what was going to happen afterwards, so he could only take one step at a time, hoping that one day in the future, Princess Nianxie would come to realize that she had fallen in love with Omi from the bottom of her heart, and from then on, Omi would be able to take the pinnacle of his life and marry a rich and beautiful woman.

"Brother, you must speak beautifully for me in front of Princess Nianxie ah ah, do you know that big brother I, my biggest wish in this life, is to be able to become a guard by Princess Nianxie's side, if I can achieve this, I will die without complaining." Captain Ming Cheng said.

"Big brother don't worry, little brother I will definitely do my best, however, big brother don't be too hasty."

"Big brother is satisfied with your words."

Omi asked, "Big brother, with all due respect, why are you so eager to become a guard by Princess Nian Shi's side? You are so good that your dream is to be a guard."

Ming Cheng laughed, "Brother, it's not that my dream is too low, it's just that I am not worthy at this level, it's not bad to be able to be by Princess Nianxie's side and be a shoe lifter. Throughout the three realms up and down, no matter if it is young talents or ancient immortals, almost all the immortals, they all like Tian Nianxi, I want to marry Tian Nianxi, and for someone of my level to be her guard, it is really already the greatest honor."

"Nian Shi is so powerful, young talents like her, I can understand how those ancient Immortals, who are a big age, would want to marry her."

"Because she's so beautiful."

Omi said inwardly, "It doesn't feel like she's beautiful to this extent, isn't this too exaggerated?"

"Come, big brother toast you again."

"Drink."

That day, Omi and Ming Cheng drank very late, and, Captain Ming Cheng kept toasting as if he was very afraid that Omi wouldn't be beautiful for him in front of Princess Nianzhi.

At this moment, in the depths of the Immortal Palace.

The Immortal Emperor and the Immortal Mother were lying on top of the bed.

"Immortal Emperor, what are you thinking about again?"

"Ugh, what else can I think about."

"After all these years, Nian Shi is almost eight million years old, and you're still thinking about her."

"Can I not think about it, I really don't know if it's right or wrong to give birth to Nian Tze."

The Fairy Mother said, "You are in charge of the three realms, the three realms whether they are the heavens or the ants, their births and deaths, their past and present life arrangements are all decided by you, in the past, each of our children, before they were born, we chose ourselves, whether we wanted a daughter or a son, whether we wanted to be clever or stupid, it was up to us to choose. Only this time, the birth of the tides was something we didn't expect at all."

“Yes, this means that Nian Tze is above the Three Realms, her destiny, I can’t even see or take charge of her, which means that she is the only one that makes it impossible for me to predict her future. Within the three realms, apart from her, there is no one else right now, not even an ant, and I can see its end.”
