

King of kings

2270

The Fairy Mother said, "Are you afraid? She's your daughter."

"Oh, I know she's my daughter, I just, habitually have fear of the unknown."

"Now throughout the Immortal Realm, I don't know how many young talents, and even how many ancient immortals and great demons, all want to marry Nian Tze, their purpose, can't I be more than that."

"These people, marrying Nian Tide is nothing more than because of Nian Tide's destiny that is above the three realms."

"If they really let those people who possess malicious intentions, marry Nian Tides, and merge with Nian Tides, it is very likely to cause, the other party who merges also appears briefly, the destiny that overrides the three realms, this is a possibility to overthrow me."

"Otherwise, why do those old shameless ones also want to marry Nian Tides, your position, everyone wants to sit, but unfortunately, everyone's destiny is within your grasp, those people, no matter how powerful they are, it's useless."

"Alright, let's leave it at that, Nian Shi is still young, and her destiny is above the Three Realms, creating her to be extremely discerning, there is no man she sees within the Three Realms."

"Then it's best that this matter, Nian Tze herself doesn't know, don't let her know that much."

"Of course."

Early the next morning, Omi arrived at the military camp early to assemble.

Today, it would be announced which people would be sent out and which ones would stay behind to guard the barracks. The first website m.kanshu8.net

The captain had a form in his hand.

It was written on the form, who was expatriated to where and who was expatriated to another place.

The captain looked it over, and there was no place for Omi in the list of expatriates.

"What's going on?"

Ming Cheng called Omi aside and asked, "Brother, how come you're not on the list of expatriates given to me from above?"

"Ah, meaning, I will stay and guard the barracks?"

"Yeah, didn't you say that you're a Nenesis, did, Princess Nenesis not arrange for you?"

Omi said, "The princess definitely won't do such a thing ah, she just told me that I will be strong and serve her in the future. Brother, Nianxie won't personally arrange what I'm going to do, then you have to help your brother ah."

Ming Cheng said, "Little Brother Tang, this is decided by the top brass of the military camp, not by me ah, I thought that since Princess Nianxie said that you are her, she will definitely pave the way for you."

"Haha, maybe she wants to see what I can do on my own."

"Maybe, but what about now, when you're scheduled to stay?"

Omi was also depressed, he was at the top of the barracks, no relationship is trouble.

Omi asked, "By the way, has your sister Mingyue been sent out?"

"Of course, my father has already made arrangements for my sister to travel to the Heavenly Division Divine Merit."

"Heavenly Division Divine Merit, it's not bad there."

The Heavenly Division Divine Gong was the place that managed the order of the three worlds, and the order of the three worlds was not something that could be finished in one sentence, nor was it just the order of people, it was the order of everything. For example, water must flow lower, rain must have dark clouds in the sky, what type of ants can only have as much life as they want; mortals in the mortal realm must live according to a certain destiny, and so on, the order of all things within the three realms. Once there is no order in all things in the three realms, this universe is in chaos.

The Heavenly Division divine power manages this.

Ming Cheng said, "Also, there is Shen Medicine's name on the list, and I'm sure that Shen Medicine's family has already made arrangements. Shen Medicine was sent out to the Heavenly Emotions Divine Palace."

The Heavenly Emotions Divine Palace is to manage the seven emotions within the three realms, so animals, humans, and all kinds of creatures and so on. For example, if a certain man and woman meet, will they love each other? Whether or not they would become a couple, these were all managed by the Heavenly Emotions Divine Palace. Of course, the Heavenly Emotions Divine Palace didn't just arrange who had feelings for whom haphazardly, there was a set of karmic procedures within the Heavenly Emotions Divine Palace, and all creatures within the three realms followed that procedure. Those administrators, just to prevent if there were any mistakes, if there were any mistakes, such as whoever was with whom, without meeting both parties liked each other, that was a mistake and had to be corrected immediately. But obviously, this is a huge institution, and if mistakes are not corrected in time, it's easy for the whole cause-and-effect procedure to fall apart.

Omi actually wanted to be sent out to a place, especially these Heavenly Shrines, where he could also learn about how the universe worked.

"What should we do, Omi, you weren't sent out, you'll have to stay in the barracks, I can't really help you with this." Captain Ming Cheng said.

"It's fine, then I'll stay for now, I'll think of something later, if I can't do it, I'll go find Princess Nenshu."

"Alright."

After that, the list of expatriates was announced.

The people who were sent out were more than ten in total.

After the list was read out, Shen Pill scoffed, "Omi, didn't you say that you're from Princess Nennian Tides? What? You're still staying behind to guard the barracks, hahaha."

"Hahaha." Everyone laughed, thinking that, Omi would be sent out to a very nice place to take over nothing.

Omi's previous lies seemed to be broken now, at least Shen Pill and the others didn't believe that Omi was really Princess Nian Shi's person.

Omi raised his fist to fight.

Shen Medicine was busy saying, "If you dare to touch me again, I'll definitely go home to my family and go to the higher-ups in the barracks to react."

Captain Ming Cheng stopped Omi.

Omi didn't bother to say anything and turned around and walked away.

This Immortal World, a very realistic place.

Now Omi finally knew how poorly he had chosen Ding Cangding, which was not even remotely relevant in the Immortal Realm, otherwise Omi wouldn't have stayed behind to guard the barracks.

Of course, those who stayed behind to guard the barracks accounted for eighty percent, and Omi wasn't the only one.

In the following few days, those expatriates left one after another.

The barracks were also a bit empty.

Those who hadn't been sent out could only stay in the barracks in boredom.

Boredom was nothing but a lack of opportunity.

Those who were sent out, for example, to the Heavenly Emotions Divine Palace, if they performed well, or, were rewarded by the Immortals of the Heavenly Emotions Divine Palace, they could possibly stay there permanently, and then, smoothly transformed from a soldier to a minister of the Immortal Palace, from a soldier to a small Heavenly Sesame Official.

Right now, that Shen Medicine had arrived at the Heavenly Emotions Divine Palace.

After arriving at the Heavenly Emotions Divine Palace, because of his family connections, Shen Yao was appreciated by a small Seventh Grade Master of the Heavenly Emotions Divine Palace, and that Seventh Grade Master asked Shen Yao to look after an area he was in charge of for him.

Shen Yao was given a little bit of power.

As a result, Shen Yao immediately entered the Heavenly Emotions Divine Palace's core organization to inquire about Omi's situation.

It didn't matter, Shen Yao discovered that Omi's heavenly desire was so strong that it was like a lush tree, spreading everywhere, the number of beauties that had a relationship with him was so large, and, judging by the trend of his heavenly love, there were many beauties that would have a relationship with him in the future.
