

King of kings

2275

A few days later.

In the Earth Immortal Realm, in an uninhabited mountain forest.

"Princess, I'm sure no one will be able to find you now."

"I'm not trying to hide from anyone, I just want to get away from the Immortal Realm and see if I can't miss that Omi so much."

"Princess, are you still in love with Omi? He clearly belongs to a toad in front of you, so how can you like him. By the way, Princess, could it be that someone has made a move on you at the Heavenly Emotions Divine Palace?" A fairy maid said.

Princess Nian Shi said, "If it's that simple, that's good, I already checked at the Heavenly Emotion Divine Palace, my emotional tree line with him and I are separated by a hundred and eighty thousand miles, eight poles apart."

"Ah, then why ah, it can't be that you really like him inside, right? Can't explain it otherwise."

"How is it possible, you've just said it yourself, that what I am now, and what he is now, is like a white swan versus a toad, how can I like him."

"Oh, I can't imagine what that would be like. But I've heard that if the Heavenly Emotions Divine Palace is forcibly tied together, then those two will naturally meet by chance, spells all sorts of coincidental things."

Princess Nian Shi said, "That's why I'm afraid of such things happening, I'm staying away from the Heavenly Palace and hiding so that I won't be forcibly arranged by fate and have inexplicable chance encounters, if this happens in the long run, the invisible kind of relationship I have with Omi will fade away, I think."

The maid said, "If you really don't like him, then why don't you just kill Omi?" One second to remember to read the book

"Killed him? Didn't think about it, and besides, it's not necessarily his problem."

"Princess, then the Immortal Emperor and the Immortal Mother, have no intention of helping you?"

"I didn't tell them about this, so only my fourth sister knows."

"But the Immortal Emperor is in charge of the three realms, even if you don't tell him, he should know."

"I don't understand this either, if he knows, why doesn't he come to me? Therefore, they should be unaware of it."

"How strange, all the creatures in the entire Three Realms, Immortal Emperors and Immortal Mothers know everything about them, so why don't they know about you. Could it be, then, that they knew, but they didn't stop you from being with Omi? Or did they acquiesce to you and Don Zixon? Or even that they were secretly operating to get you and Omi together?"

"Ah." Princess Nian Shi was startled there.

What a word to wake up a dreamer.

"This, could it be like this?"

"Princess, think about it, it's impossible for the Immortal Emperor not to know about this, but he didn't seek you out, nor did he have any intention of helping you, besides, your emotional line with Omi at the Heavenly Emotions Shrine is fine, so why do you feel very fond of Omi even though you obviously don't like him? Within the three realms, do you think that the average person can do such a thing? Only Immortal Emperors can do it without going through the Heavenly Emotions Divine Palace."

"Oh my god, no way." Princess Nian Shi was completely silly inside.

In fact, this was simply bullshit.

Because Nian Tze's destiny was the only one above the three realms, the Immortal Emperor could not perceive Princess Nian Tze's past present and future, and only the Immortal Emperor and Immortal Mother knew about this matter, and Nian Tze herself did not even know about it.

But unexpectedly, today, a misunderstanding had been created.

If the Immortal Emperor knew and didn't stop it, it would be clear that the Immortal Emperor wanted them to be together, and even more so, it was the Immortal

Emperor secretly set it up.

"How is that possible." Princess Nian Shi, muttered to herself, seemingly frightened by this result.

That maid said, "Princess, the Immortal Emperor is able to see through everyone's future, perhaps, that Omi is very powerful in the future, far more powerful than those who like you now, so the Immortal Emperor tacitly allowed you to be together, and even set you up together."

"Really?"

"It's very possible, that Omi, you saw how he performed in the Heavenly Demon Battlefield, you saw it too, he was able to create the Upgrade Star Shift Great Law on the spot."

"But, many, many geniuses who can do that can ah."

"Right, that Omi, who is so handsome again, it can almost be said that he is the most handsome in the world, perhaps, the Immortal Emperor feels that only someone so handsome will be worthy of you in the future."

Listening to the maid's words, Tian Nianxi's heart was much smoother, and she herself basically believed that it was her father's secret permission.

Tian Nianxi said, "Good, then I will not dwell on it anymore, I will, for one thing, see if this is really my marriage destiny, I will live in this Earth Immortal Realm, a place with no human habitation, and if, in

that case, I can still meet Omi, I will accept my fate and listen to my parents' arrangements, and gradually accept Omi."

"But, this place is uninhabited and no one knows we are here, so how could Omi come here."

"I'm sorry then, it means that he and I, we are not destined to meet."

At this moment, in the Heavenly Realm.

Omi was alone, walking without a look.

Ever since three days ago, Omi had learned from Captain Mingcheng that his future was not as good as he thought it would be, and his heart was very lost.

"Hahaha, hahaha." Omi laughed wildly as he drank.

Omi himself didn't know where he was going.

It wasn't that Omi didn't want to return to Ding's Immortal Mansion, it wasn't that Omi wasn't satisfied with her future, after all, it was already great that she had been able to grow from a mortal to this point.

It was just that, knowing her future, there seemed to be no expectations within her, and her entire body was spiritless.

It turned out that 'hope of the unknown' was so important to one's spirits.

Omi unknowingly ran away to the Earth Immortal Realm.

"Eh? What is this place? Why did I come here." Omi held a jug of wine in his hand, these days, Omi had been drinking nonstop for a moment and had long since become confused.

Omi lay down in the same place and exhaled to sleep, whatever place he was, sleep for a while.

At this moment, in the Immortal Court.

The Immortal Emperor had just returned from retreating from the Nine Heavens Divine Hall.

The Fairy Mother was busy going up to him to take off his coat.

The Immortal Emperor asked as he said, "By the way, where did Nianxi go?"

"How would I know, I haven't seen her in days, and the last time I saw her, I always felt like Nian Shi had something on her mind,"

The Immortal Emperor sighed, "Out of all my children, everyone else can sense where they are, what they're doing, and can know their future, only Nian Shi, can't sense anything, and now it's good that she doesn't even know where she's gone."

"Forget it, if you don't know, you don't know."

"Ugh, I really don't like this feeling, I know about any living creature in the three realms, just one of them doesn't know, I'm really uncomfortable inside."
