

King of kings

2277

"Yes."

"By the way, Princess, are you still short of guards around you?"

"What for? You want to be my guard? Unfortunately, you haven't met the requirements yet, and my guards, at least, are above immortal."

"Well then I can be your guard in the future, now, I'll book ahead."

Princess Nianzhi said, "That's still my final decision."

"What decision?"

"As I said before, if I'm going to eventually consider giving you a chance in the future, then I'll consider keeping you with me."

"Uh-oh. So it's been six months now and you still haven't made up your mind?"

"It's still a little ways off, but it's close. Well, I'll think about it another day and give you my answer tomorrow."

The next day.

Princess Nianzhi called Omi over. Remember the URL .kanshu8.net

"Tell me, Princess, what is your decision?"

Tian Nian Shi said, "Omi, in light of everything and various things, I've decided to try to accept you and give you a chance in the future. When you become a high ranking immortal in the future, if I haven't regretted it yet, then I will officially be with you and let you become my immortal son-in-law."

"Princess Xie, then, what about my current wives?"

"I don't like you right now, I'm just resigned to my fate and giving you a chance, so I'm not feeling any jealousy or anything like that, it doesn't matter."

"Oh, even though I know that in the end we're not going to work out at all, I still thank you."

Omi smiled bitterly, if he really became an Immortal Son-in-law in the future, the Immortal Emperor would not summon him? So, everything was in vain.

"Alright, we can go back to the Immortal Realm now, you go to the Heavenly Division Divine Palace first, someone will naturally make arrangements for you, after that, no matter what you do, everyone will know that you are my person, when you become an Immortal, you can come to me and be my

guard first, and finally, when you become a high ranking Immortal, if I haven't changed my mind, then you will be my Immortal Son-in-law. Understood?"

"Oh, thank you Princess, so can I come to you before I become your guard?"

"Yes, but don't bother me too often, it's important occasionally."

"Good. By the way, Princess, there's something else I'd like to say."

"Please go ahead."

"I have a Heavenly Soldier on the same team, called Shen Medicine, that bastard, was sent out to the Heavenly Emotion Shrine, but he relied on his family connections to modify my emotional line, and he even connected my wife Ding Lan with a stranger. After this was found out, I thought that he would at least be killed, but I didn't expect that he was fine at all."

"Don't worry, when you go back, I will send a person to contact you and you will assist him with this matter, don't worry, no one will dare to commit fraud."

"Okay, thank you, Princess."

After that, Omi returned to the Celestial Realm.

Princess Nixie went straight back to the Immortal Court, and Omi, Princess Nixie told him to go back to the military camp first, at the latest three days, someone would bring Omi to report to the Heavenly Division Divine Palace.

Omi waited in the barracks for a day, and then someone came looking for him.

The captain, Ming Cheng, came running in a panic to find Omi.

"Brother Tang, Brother Tang."

"Big brother, what is it."

"Quick, go to my army tent, someone is looking for you."

"Who is it?" Omi already knew inside that it was sent by the princess.

"Yes, the Three-Eyed War God."

"What." Omi was shocked, Princess Nianzhi had sent the Three-Eyed War God.

Three-Eyed War God what.

Rank, how could Omi not know that even the highest officer of the camp, General Wuhe, had to worship the Three-Eyed War God, but right now, this Three-Eyed War God had been ordered by the princess to arrange for Omi.

Captain Ming Cheng said excitedly, "Brother Tang, honestly, what have you done and why did the Three-Eyed War God come looking for you?"

Omi smiled, "Hehe, didn't I tell you before, I'm a person of Princess Nennius, after I become an Immortal, I'll become Princess Nennius' guard, now, Princess Nennius has sent the Three-Eyed War God to find me, I guess she has some arrangements for me."

"Wow, I'm so jealous, Brother Tang, go quickly, don't make the Three-Eyed War God wait."

"Good."

Omi immediately rushed to Captain Mingcheng's military tent, and indeed saw the Three-Eyed War God inside.

"Greetings to the Three-Eyed War God."

The Three-Eyed War God sized up Omi and said, "You are Omi?"

"Exactly."

"From what Princess Nenshin said, you're one of his?"

"Yes."

Omi still quite admired the Three-Eyed War God because the Immortal Emperor could see the future, so Omi knew that he would not be able to reach the height of the Three-Eyed War God.

Omi was a little unhappy inside, but what could he do, maybe this was fate.

"Alright, Omi, Princess Nianzhi asked me to arrange for you, I heard that you want to go to some Heavenly Division Divine Palace."

"Yes." Omi nodded his head.

The Three-Eyed War God said, "However, I am of the opinion that you choosing to go to the Heavenly Division Divine Palace is an unproductive decision, at least for the time being."

"Why?"

"Omi, I also saw your performance on the Heavenly Demon Battlefield, it's really good, you belong to the War Gods among the War Gods, but you don't stay in the barracks but go to the Heavenly Division Shrine, where is not a place of battle."

Omi understood what the Three-Eyed War God meant, as a War God, he naturally wanted a place full of battles.

Omi said, "Then according to you, where would be a better place for me to go?"

"Continue to stay in the barracks."

"Remain here in the barracks? This is not the life I need."

"No, I have a better place for you to go."

"What place?"

"Immortal Court Barracks, there is a special team called the Sky Wolf Battle Team, I am the captain of the Sky Wolf Battle Team, all those who enter the Sky Wolf Battle Team are directly led by me, and the rank of anyone who enters the Sky Wolf Battle Team is directly seventh rank."

"Eh, Skywolf Battle Team."

"Yes. Originally, the Sky Wolf Battle Team wasn't so easy to enter, and I would only invite anyone who I thought had a lot of potential to participate in the assessment. Omi, I actually don't understand why Princess Nianzhi would take you as one of her people, do you know that in the Sky Wolf Battle Team, all of them are just like you, or even far more powerful than you. I really don't understand what Princess Nian Shio sees in you. However, since she already has her eyes on you, I'll just invite you to go, originally, you're still on my inspection list, so you may not have the chance to go."

"Oh." Omi felt quite interesting, not expecting that there was a Wolf Squad.

"Omi, don't worry, I've already made this suggestion to Princess Nianzhi, and Princess Nianzhi thinks it's okay, so whether you accept it or not, I'm actually here to take you directly to the Sky Wolf Battle Team."

Omi said, "Fine, I'll go, but I don't want to be specially recruited because of the princess, I want to take part in the introductory examination of the Sky Wolf Battle Team, and rely on my own skills to go."

"Good, that means you still have some ambition and didn't make me look down on you." The Three-Eyed War God nodded.
