

King of kings

2303

More than an hour later, Omi and Princess Nianzhi were both lying on the floor of the palace.

Both of them had a feeling of stupidity, or incredulity.

What was unbelievable in Omi's mind was that he had actually had *Sx with the noble princess, while inside the princess, it was hard to believe that she had Sx* with someone she didn't like inside.

They both lay there for a long time without speaking, wondering if it was hard to accept the reality.

Only after a long time did Omi get up and put his clothes back on.

Omi said to Princess Nianzhi, "My subordinate should be damned for offending the princess."

"You get out." Princess Nian Tides said.

Omi said, "Princess, accept your fate, we are officially together, your father wants us to be together anyway, otherwise, why didn't your father say anything now that we're all done happening."

"You don't say anything."

"Princess, I'll love you like I just did."

"Don't say it." Princess Nenshu shouted. First URL m . kanshu8.net

However, I'm afraid that the feeling that Princess Nianxie had just felt would really never be forgotten in her life.

Omi said inwardly, "Hehe, let's see if you like me or not."

Omi was very confident that Princess Nianxie would definitely come to him often in the future.

Omi said, "Princess, I'll leave first then."

"Mm." The princess hummed casually, Omi heard that she would even respond, it seemed that the princess wasn't really angry.

Omi walked out of the main hall, however, as soon as he reached the main hall, the princess's voice came out, "Omi."

"Princess, what else is there to order?" Omi asked back.

Princess Nenshi said, "Together."

"Ah, what do you mean?" Omi rushed in in a panic and excitedly stood in front of Princess Nian Tide.

Princess Nian Tide gave Omi a glance and said, "Do you want me to say it a second time."

"Mmhhh, I want to hear it a second time."

Princess Nianzhi looked at Omi and sighed, "Just, together."

"Yay." Omi picked up Princess Nianzhi and spun her around.

"Hey, put me down, don't do that." Princess Nianxie was shy.

"I'm not putting it down." Omi held on for dear life.

"Alright, someone will be here later, you go back first, since I've decided to stay with you, even though my father must know all about it, I still have to go and report to him as a sign of respect."

"Uh-huh, then you should go quickly."

"Good."

Omi happily left the princess's residence.

Princess Nianxie, however, went straight to the Immortal Emperor's immortal palace.

In a large palace, Princess Nianxie met her mother.

"Mother, where did Father go?"

"Shior, you're here, you, Father has gone on an errand." Fairy Mother said a bit hesitantly.

"Erm, Father has gone on some business, I just happened to come to find him on something."

"Oh, no, nothing much."

"What's the matter, Mother, there's nothing you're hiding from me, is there?"

"No, no."

"Mother, there must be something you're hiding from me, so tell me."

"This, hey."

"Mother Mother, say it."

Only then did the Fairy Mother ask, "Shi'er, what exactly is your relationship with that grandson of You Fuhai, You Sky?"

"Ah, swimming in the sky? I'm not related to him, am I?" Princess Nian Shi was puzzled.

"Then how come someone came to report to your father that yesterday you and You Fuhai went to the Five Flower Divine Sea and played all day, and I heard that you had a great time. Also, someone also

secretly reported that you and You Fu Hai spent several hours alone together while you were playing, you guys aren't really secretly together as the secret report said, are you?"

"Mother, where is this with ah, You Fu Hai and I are really just friends, you guys are thinking too much."

"But, that You Fu Hai, quite a genius."

"Ugh, where is this pulling, I don't even know, why are you suddenly saying You Fu Hai."

"Shi'er, I'm also telling you the truth, after your father heard the secret report, he ordered people to go and arrest You Fuhai, if it's confirmed your relationship, You Fuhai will have more bad luck."

Princess Nian Shi was shocked, "Why is that?I don't understand?"

The Fairy Mother said, "As it is, I'll be honest with you, in fact, your destiny is higher than the Three Realms, you are the only one within the Three Realms that cannot be controlled by your father, your father cannot know your past present future, nor can he sense what you do every day, also, as long as the people who are related to you, they may also cover up each other's information, making your father alsoCan't sense each other.So, your father is very jealous of you, but you are his daughter after all, but he doesn't want anyone else besides you to be able to sense him, so your father doesn't want to see you in a loving relationship with any man, understand?"

"Ah."Princess Nian Shi was shocked.

"So, after you played with You Fu Hai for so long yesterday and someone reported it, your father arrested You Fu Hai, and if it's proven that You Fu Hai does have an unusual relationship with you, I'm afraid that your entire family will be exterminated.Shi'er, I hope you don't blame your father, after all, being in his position, but whenever there is a place where you can't control it, you will be very scared inside.The high places are not cold na."

Princess Nian Shi was dumbfounded.

She had wanted to report to the Immortal Emperor today that she and Omi were ready to try being together.

However, she suddenly received such a bolt from the blue, a person who was under suspicion had been arrested and might even have to wipe out her entire family.What if the Immortal Emperor knew that she and Omi were not only having an ambiguous relationship, but also had circled the wagons.

Princess Nian Shi asked with a pale face, "Mother, so, no matter what I do, Father can't sense me?"

"Yes."

"Even if I call out to Father from somewhere else and he doesn't know?Even the man who is with me will have his information masked by my destiny, so that Father cannot sense him either?"

"Yes. Why else would your father be scrupulous about you liking men.He can believe that you're his daughter, but he doesn't believe anyone else ah."

Princess Nianxie was completely oblivious to what the Fairy Mother was saying.

She finally understood now, and even she wanted to laugh, her relationship with Omi, she thought her father already knew, but he? who knew, the father couldn't sense it at all.

"Hahaha, hahaha." Princess Nian Shi burst into a bitter laugh, feeling very ironic, and even more so, how ridiculous her behavior with Omi yesterday was. As a result, she'd had it with Omi for nothing, and now it was beyond redemption.

"Shior, are you alright?" The Fairy Mother was busy comforting.

Princess Nian Shi asked, "Mother, why didn't you say so earlier? Why didn't you tell me earlier that Father couldn't sense me?" If she had told you earlier, then she and Omi would never have something that shouldn't have happened because of the misunderstanding.

The Fairy Mother sighed, "Your father didn't want you to know, and I'm not sure if I'll be blamed by your father for being soft and telling you today."

"Where is my father emperor now?"

"Interrogate You Sky at the Temple of Punishment."

"No, I must save You Sky, I can't just stand by and watch him suffer this unjust injustice." Saying that, Princess Nianxie headed to the Temple of Execution.
