The next day, Omi arrived outside the home of the First Sword God of the Immortal Realm, Tai Bai.

"What for? Where are the little cats and puppies, get lost, don't even look at whose home this is, this is the home of the first Sword God of the Immortal Realm, is it something a little person like you can look up to?" As soon as Omi reached the front door, a watchdog came out to chase him away.

This watchdog wasn't very strong, only a Dao Immortal.

Omi really couldn't hear it, but for the sake of the Taibai Sword God, Omi endured it.

"Can you help me inform the others?" Don Omi said.

"Communicating what."

"I want to see the Taibai Sword God, I have something I want to tell him."

"Get lost, you're just a Xuanxian, and you're worthy of meeting the Sword God? Is it possible for you to meet a person of the level of the Sword God? Moreover, the Sword God is one of the twelve war gods of the Immortal Realm and is very busy, so how can he have time to see a little person like you."

Omi said, "Don't be too arrogant, you say I'm a small person, what about you? You're a Dao Immortal level watchdog, is your dog level even higher because you're watching from the doorstep of the Taibai Sword God?"

"What? Who are you calling a watchdog?" That guard was furious.

Omi sneered, "Aren't you the gatekeeper." Remember the website .kanshu8 .net

"I'm the janitor, but I'm not a dog, so please show some respect." That janitor guard raged.

"Hahaha, unfortunately, in my eyes, a janitor is a dog, it's just the difference between a human dog and a real dog."

"Grass you."

"Try yelling at me again."

"What? This is the Sword God's House, don't you dare hit me here."

"Pah." Omi slapped over, and suddenly, that arrogant watchdog, who was blown away by Omi, fell to the ground, and that watchdog didn't get up, but was just beaten into a fool by Omi.

There was no need to be polite to him for this kind of dog fight.

Omi was a member of the Wolf Battle Team anyway, the captain was the Three-Eyed War God, and he was a talent pool of the Immortal Court, so no one dared to touch him.

After Omi beat that watchdog into an idiot, he turned around and left.

The dog was so unqualified, I'm sure that master was no better, Omi really regretted coming here, what a blind man to learn from the Sword God.

Originally Omi wanted to return halfway here, but I heard that the Sword God's sword was really very powerful, a sword out, the world was shocked, once split a piece of the Immortal World's floating island in half, it could be seen how powerful his sword was, after all, this was a floating island, not something ordinary.

That was why Omi had come.

"Stop." Just as Omi was about to leave, a shout suddenly came out.

Omi turned back and saw no one.

In the next second, Omi felt his body fly inside out of his control, and a short while later, in a large hall, Omi landed with a thud.

A man in a golden armor sat on it.

"Raise your head."

Omi looked up and saw the man, Omi immediately guessed that he was Sword God Taibai, one of the twelve war gods of the Immortal Realm.

"Say, why did you hit my guards silly at my Taibai's gate?" The man was furious and shouted.

Under his roar, a huge force suddenly pressed down, and Omi was suddenly unable to move.

"Still don't say it?"

"My name is Omi, a member of the Wolf Squad,

I originally wanted to come and see if the Sword God wanted to take on a disciple, but unfortunately that watchdog was defiant and spoke out of shame, so I only took action in anger."

"Hmph, wanting to beg me to take you as a disciple so I can guide you to be strong, you're thinking too much, are you worthy? Answer me, are you worthy?"

Omi gritted his teeth, "I'm a member of the Wolf Team and my main attack direction is also the sword, that's why I have this plan, unfortunately, I regret it immensely now because the Sword God isn't what I imagined, now even if you take me in, I don't care."

"Hmph, do you think I can take you in just because you use provocative methods? You're not thinking of me as an idiot."

Omi sneered, provoking him to pooh.

"Get the hell out of here, if you weren't a member of the Skywolf Battle Team, I would have fu*king killed you long ago." Taibai Sword God snorted.

Omi got up and walked away.

Omi didn't blame anyone, he was the one who came to his door today and humiliated himself.

Omi vowed inwardly that one day, he would defeat him with his sword and let him know who the real Sword God was.

After leaving the Taibai Sword God's mansion, Omi went to the Immortal Academy and then to the Ten Thousand Purple Mountains to find Mu Qianzhi.

Unfortunately, Mu Qianzhong was never there.

That Lady Lao said that Mu Qianyi had entered the Cave of Stones and hadn't returned for a long time.

Omi couldn't run to the Ten Thousand Violet Mountains, so he had to ask the laboring lady to bring a few words and then return to the Immortal Realm.

After returning to the Immortal Realm, Omi went to the military camp.

"Big Brother Mingcheng."

It had been a long time since Omi had met with Mingcheng.

"Hey, Brother Tang, what are you doing here, it's been almost tens of thousands of years since we last met, how are you doing in the Sky Wolf Battle Team."

"Well, I'm fine, brother, how about you?How about now."

"Alas, it's still the same, it's only been tens of thousands of years, what can change in such a short period of time."

"Big brother, it's hard to see each other, let's have a good drink."

"Fine, have a drink, but I have to go do something first."

"Er, what is it, more important than drinking with brother me?"

"Haha, no no, if I don't do it, my grandfather will kill me. There's no harm in telling you, it's like this, I heard that the King of the Dragon Clan of the Eastern Sea, is preparing to find a son-in-law for his granddaughter, I heard, using a divine weapon as a dowry oh, now, let alone me, if the conditions allow, my grandfather would want to go and sign up. Unfortunately, my grandfather's conditions don't allow it, so let me go and sign up, whether I can be chosen or not, at least there are no regrets, besides, what if the Goddess of Fate favors me, hehe, you know."

"Uh, really fake, the daughter of the Dragon King is really looking for a male match?"

"Nonsense, hey, you don't seem surprised, you shouldn't have known before."

"Haha, I'm not going to lie, I heard about it a long time ago. Since it's so important to you, I'll leave you alone, we'll meet up some other time."

"Don't, brother, how about you accompany me, just in case, you also have a chance, after all, that dowry is a divine weapon. If you kid gets that divine weapon, you'll be on top of your life."

Omi smiled bitterly, "I don't meet the conditions, I've heard that at least Golden Immortal or above is required, and I've already married Ding Lan and joined the Ding family."

"The conditions are dead, the key is still that the daughter of the King of the Dragon Clan herself is the only one who can see it, besides, you can just talk with me on the way."

"Alright, then I'll accompany you."

With that, Omi accompanied Ming Cheng as well.
