Chapter 2326

The Immortal Emperor himself was the judge.

"This is really grand."

Early the next morning, Omi and all the members of the Wolf Battle Team arrived at the Heaven and Earth Square.

The Heaven and Earth Square was the largest square in the Immortal Realm as it belonged to the scope of the Immortal Court.

One after another, many, many people came to the Heaven and Earth Square.

Regardless of whether or not there were any descendants in their families who had entered the Sky Wolf Battle Team, they all came to watch the match of the Sky Wolf Battle God on such a grand day.

Some people had no interest in the Wolf War God match at all, but they came, why? Because the Immortal Emperor is the judge here, who dares to disrespect the Immortal Emperor?

So, there were many, many people in the Heaven and Earth Square.

Omi and all the other members of the Wolf Battle Team were standing neatly and uniformly in the center of the Heaven and Earth Square.

Countless gazes around them sized up each and every one of them, and some parents excitedly pointed at their own families and said, that's whoever and whoever, very proudly.

Omi also swept his eyes around, Omi saw Ding Cangding, Ding Lan, and Tang Huan in a certain corner. One second to remember to read the book

Right now, Ding Lan and Tang Huan were both looking at Omi with eyes full of admiration, as if they were feeling proud as well.

Omi winked at them both, causing them both to blush.

Of course, Omi also saw Ming Yue and Ming Cheng, Ming Yue bit her lips and looked at Omi as if she wanted to jump on him and eat him.

Most importantly, Omi saw Princess Nianzhi, who had been absent for 200,000 years, above the inquisition platform at the Heaven and Earth Plaza.

Omi hadn't seen Princess Niancius for over 200,000 years, and when he saw her right now, Omi also had the feeling of wanting to pounce on her and hug her.

Omi kept staring at Princess Niansei, his gaze burning hot.

Princess Nianxie seemed to have felt Omi's gaze and sat on top of it in a somewhat unnatural manner.

In fact, at this moment, Princess Nianxiao also wanted to talk to Omi inside, after all, they had once been the most intimate people.

In the past, Princess Nianxiu was always unable to like Omi, but since she had the most intimate relationship with Omi, her heart seemed to gradually open up, as if she liked Omi from the bottom of her heart.

Unfortunately, she couldn't, otherwise, the end of the travelling sky would be the end of Omi.

At this moment, a shout came from deep in the sky, "Immortal Emperor and Immortal Mother have arrived."

Everyone knelt down, and the mountain shouted, "He Immortal Emperor is the same age as the sky, and He Immortal Mother is the same age as the earth."

The Immortal Emperor and the Immortal Mother are the Heaven and the Earth of the Three Realms.

The Immortal Emperor fell down on the judge's platform, and the Immortal Mother stood a little behind the phoenix.

With a wave of his hand, the Immortal Emperor said, "All ministers level themselves."

"Thank you, Immortal Emperor."

Everyone stood up at that.

The Immortal Emperor swept a glance at all the members of the Sky Wolf Battle Team at the scene, and finally, set his eyes on Omi.

In fact, to the Immortal Emperor, today's match was the same whether it was compared or not, as the Immortal Emperor already knew the ending.

The Immortal Emperor purposely looked at Omi, and didn't know what he rhymed about.

However, although the Immortal Emperor knew the ending, the others didn't know ah, so what to do was still what to do.

In fact, there were times when the Immortal Emperor felt quite tired of living, because life lacked a sense of expectation.

The Immortal Emperor commanded, "Then, the Sky Wolf Battle God Competition, let's begin!

, Three Eyes, you'll be in charge of the scene."The Immortal Emperor said to the Three-Eyed War God.

"Yes, Immortal Emperor."

The Three-Eyed War God flew over the plaza and shouted, "Please ask all Wolf members to stand according to their respective realms, Pre-Xuan Immortal, Middle, and Late, as well as Tai Immortal, and Golden Immortal, Pre-Middle and Late."

After a full rundown, everyone stood up.

The Three-Eyed War God said, "Please ask the pre-Xuan Immortal team to stand in place, the rest of you, step aside first, the competition will start with the pre-Xuan Immortal."

Omi and the others stayed in place, the rest of them backed off.

Omi swept a glance at the pre-Xuan Xian team members, there were almost eighty in total, the largest number of people in all the realm tiers.

The entire Skywolf Battle Team, with a combined number of about 400, the pre-Xuan Immortals accounted for over eighty.

“Eighty-one of you, all of you are Pre-Xuan Immortals, but only the three of you, who get the strongest, are qualified to become this year’s Skywolf Battle Gods. Now, you will immediately enter the competition’s Illusory Realm.”

At the front of the square, there was a two-meter tall, mirror-like object, and that object was the Illusory Realm.

Eighty-one Pre-Xuan Immortals entered the Illusory Realm.

After entering the Illusory Realm, Omi felt as if he had come to a strange world again.

Of course, the crowd watching at the Heaven and Earth Square had a huge picture in front of them that included almost the entire Illusory Realm, and they could clearly see the performance of everyone in the Illusory Realm.

At this time, the ears of Omi and the others rang with the voice of the Three-Eyed War God, “From now on, you will encounter all kinds of demonic beasts, these demonic beasts, all of which you have hunted and killed in the Sky Wolf World before, each of these demonic beasts has the same strength, as for how many times stronger they are, it’s up to you all. Time, one hour, after one hour, whoever has hunted the most number of demon beasts, is the strongest. Of course, if you are killed by a demon beast in the Illusory Realm, it’s not really death, it’s just that, you lose your eligibility to participate, even if you’ve already killed many demon beasts, as long as you are killed by a demon beast, it’s cleared. Also, each group of demon beasts appears for only three minutes. Everyone, after hunting and killing so many demon beasts on a regular basis, it’s up to you to start today.”

As soon as the Three-Eyed War God’s words were finished, Omi and the other eighty-one people felt everyone around them disappear, leaving only them alone.

The eighty-one of them were invisible to each other.

Omi focused his attention, and he heard a strong sound of footsteps coming from the front.

“Bang, bang, bang.” Omi felt that a group of demon beasts were rushing towards him.

Omi smiled heedlessly, “It’s time to be powerful.”

After saying that, Omi bounced his feet in place and rushed towards a group of demonic beasts in front of him.

Omi didn’t wait for the group of demon beasts to rush in, but took the initiative to meet them.

This was because each group of demonic beasts had only three minutes to appear.

If you couldn’t kill a single one in three minutes, you would have wasted this group for nothing.

Of course, it was also necessary to act according to one's ability, if one's strength was too low, rushing indiscriminately without a battle plan, then one would only be killed by the demon beasts, which would be even more zero.

Omi, on the other hand, had nothing to fear.

In the next second, Omi saw a group of demon beasts, their bodies were huge and rushed in, the number of this group of demon beasts was twenty.

Omi suddenly cast the Shadowless Divine Sword and could barely see the shadows.

"Pfffffffffffffffffffff."With one sword, all twenty demonic beasts died.

At this moment, outside the Heaven and Earth Square.
