

King of kings

The Dragon King laughed and said, "Tian Ling, hear that, my granddaughter and Omi, have known each other for a long time, you ah, it's better not to toss."

Tian Ling snorted, "I don't care so much, my granddaughter is already his person, he must be responsible."

"That's your own doing, it has nothing to do with my granddaughter's son-in-law, Omi."

"Sun your mother's son-in-law, when did Don Omi promise you that."

"I've already decided anyway."

"Dragon King, don't cause any trouble, I've been putting up with you for a long time."

"Hmph, Leng Tian Ling, don't be arrogant either, don't think that I can't beat you when I'm old, I don't believe I'll let my nephew, Dragon Bone, beat you all over the place."

The Dragon Bone War God on the other side was busy advising, "Uncle, Tian Ling War God, you all don't be like this."

The Dragon King said, "I don't care so much, this matter today, it's clearly his fault, how can anyone snatch someone's granddaughter son-in-law at someone else's son-in-law selection contest, it's really unheard of."

Tian Ling roared, "Dragon King, you're just messing around, don't make me break your Dragon Palace."

"You dare, do you believe that I will exterminate your Leng Clan, what a thing, it's only been a few years since it rose to power, and now you dare to poke around in my Dragon Clan's territory." Remember the URL .kanshu8.net

"You have the balls to say that again."

"Just say it, whatevs."

"Grass you."

In the next second, a 'boom' sounded and the entire palace exploded like an atomic bomb had been dropped.

Omi quickly pulled up Cheng Yu and ran.

"Run."

Everyone hurried to run, and the two War God level people fought.

Omi himself couldn't believe that the Dragon King actually fought with Leng Tianling because they both wanted to fight for him to be their granddaughter-in-law.

This was good, and there was no telling what the consequences would be, but it was obvious that they were fighting, and I'm afraid that the hundred drops of Hong Meng Qi that Omi wanted was gone.

"Wow." The entire East China Sea's surface waters were turning over, showing how fiercely the two people at the bottom of the sea were fighting.

The Three-Eyed War God retreated to the surface of the sea at the first opportunity.

The Three-Eyed War God didn't bother with that much, let alone go to persuade the fight in case it set them on fire. Omi also quickly retreated to the surface of the sea, of course, the people who retreated to the surface of the sea just like Omi, there were no hundred thousand or ninety-nine thousand, many of them did not know what was happening at all, and were still confused when they retreated to the surface of the sea.

Ming Cheng also withdrew out in a grey face, but he wasn't so relaxed and was left in a mess from the aftermath of the battle at the bottom of the sea.

"Ming Cheng, how are you?"

"It's okay, damn, the underwater fight was so intense, I almost didn't die from the wave." Ming Cheng said as soon as he spat the seawater in his mouth.

Cheng Yu anxiously said: "How can this happen ah, what can't we discuss it properly, my grandfather will not be in trouble ah."

Ming Cheng said, "Don't worry, your grandfather is at least the king of the dragon race, moreover, at the bottom of the sea, your uncle Dragon Bone War God is also there, two people to fight Tian Ling War God alone, even if there is going to be an accident, I am afraid that Tian Ling War God will be the first to have an accident."

"Oh, that's good." Cheng Yu relaxed.

However, Omi was quite depressed, this matter was entirely caused because of him ah, who let him be so creative, so that they saw the future potential in Omi, so that's why they fought for him.

;In all fairness, Tian Ling War God's character was still okay, at least never felt sorry for Omi anything, except for designing the drugged wine, if Tian Ling War God was killed by the two Longwang uncles and nephews, then Omi's sin would be great. The Leng family is an emerging rising power, so this kind of power has a common disease, that is, the strongest power single, that is, the entire Leng family, all rely on Leng Tianling alone to support, if Leng Tianling died, then the Leng family fell down quickly. And the Dragon Clan was different, even if the King of the Dragon Clan died, there was still his nephew, the Dragon Bone War God, even if the Dragon Bone War God also died, then there were still many strong people who were not too much worse than the Dragon Bone War God.

Omi suddenly said, "Cheng Yu, Ming Cheng, you guys wait for me here, I want to go into the bottom of the sea."

"You're crazy, now the three great war gods at the bottom of the sea are fighting fiercely, a random battle aftermath will kill many people, at our level, if we're unlucky, we'll die, can't you see that everyone is trying their best to run out?"

"No, this matter started because of me, I must go and persuade them."

Cheng Yu said, "Omi, it's useless, I'm afraid it's no longer because of you, once the fight starts, things will be complicated, they will fight until the end for the sake of a breath, now you go in, maybe they will kill you in anger, and no one will get it."

"Damn, so I'm just going to sit here and watch? No, I have to go in."

Omi was about to charge into the ocean floor, when he realized that he couldn't move his body.

The Three-Eyed War God flew up.

"Omi, you're going in for death."

"Captain, let me go in, I must persuade them to stop."

"Don't be naive, they're fighting, the reason isn't just because of you, you're just the fuse. Tian Ling War God is a new power, he's actually very fragile inside, afraid of being underestimated, the Dragon King's words just now hurt Tian Ling War God's fragile self-esteem, so he went out of his way to demolish the Dragon Palace to maintain his self-esteem, and also to let everyone know that their Leng Clan is not to be bullied. And the Dragon Clan, an old power, can't allow an emerging power to be arrogant in the Eastern Sea, what do you think you have to persuade them?"

"Things started because of me, can't I just choose one at random to be their granddaughter-in-law?"

"Ridiculous, who do you choose? If you choose Tian Ling War God, the Dragon Clan will stop at nothing, and the Dragon King will definitely destroy you, because you caused them such a situation, and in the end you actually chose Leng Tian Ling, it's a wonder the Dragon King didn't destroy you; if you choose the Dragon King, you will die even faster, you slept with Leng Tian Ling's granddaughter and caused him to have a terrible fight with the Dragon King, and in the end you still chose the Dragon King, you will die without a funeral."

"According to you, there's no way I can stop their bad fight?"

"Even I can't do anything about it, let alone you." The Three-Eyed War God snorted.

"So you're just going to let them fight on? The Dragon King and his nephew teamed up, what if the Ling War God is killed one day?"

"Don't worry, at any rate, he's a famous Immortal Realm War God, if it were so easy to die, he would have died long ago and would have been beaten and destroyed in the flesh, and in my opinion, it may not be so easy, Leng Tian Ling's strength, even if I was in my prime, I'm not sure that I would be able to defeat him."

Omi relaxed a little, at least it wouldn't kill any party.

However, Omi was depressed again, his Hong Meng Qi was considered to be completely hopeless, and now he didn't even know what would happen after that.

Even if they went on strike behind them, Omi couldn't choose any of them anymore, picking the Dragon Clan, Leng Tianling wouldn't stop, picking Leng Tianling, the Dragon Clan wouldn't stop.

"Tragedy, I could have used their competition to get a hundred drops of Hong Meng Qi, but now it's good that it's neither." Omi had no tears to cry.
