

# King of kings

2349

In the next second, Omi discovered that he was standing on the surface of the East Sea.

At this moment, it felt so refreshing, it was so hard to be in the Three Nothing Space before, it was worse than being blind.

"Finally, I'm back again, I just don't know, what year is this night."

"I also don't know if Cheng Yu married that bastard after I died."

Omi instantly rushed into the bottom of the sea and arrived at the Dragon Palace.

"Stop."

"Hello, I'd like to inquire about where Princess Ao Scutellaria is right now." Omi asked the two guards.

"Princess Ao Beng? Why are you asking about her?"

"Just asking."

"Now that she is a ninth prince consort, I advise you to be less outspoken about the princess's name and beware of getting into trouble."

"Ah, when did she marry?" Remember the URL .kanshu8.net

"It's been married for over a million years."

"What? More than a million years, that long."

"Hey, where the hell did you come from, our princess married to the Ninth Prince is such a big deal and you don't even know about it."

"I really don't know, by the way, there was a time when the Leng Tian Ling Battle God and the Dragon King fought, how long ago was that?"

"More than a million years ago, a month after that war, Princess Ao Ba Ba married Nian Qing."

"Understood." Omi didn't enter the Dragon Palace anymore, there was no need to go in anymore, Cheng Yu was already Nian Qing's woman.

Omi clenched his fists and gritted his teeth, "I will kill you, I will."

Just at this moment, Omi saw a ray of reflection appear in his palm. Omi busily opened his palm and found that his palm would emit a ray of light if he exerted himself.

As soon as Omi's light swept away, the entire Dragon Palace was cut off by that light.

"Ah, so strong? Could it be that I possess some of the abilities of the Overturning Mirror."

Omi hurriedly rushed out of the sea and flew away in the direction of the Ten Thousand Purple Mountains.

Not long after Omi left, a few dragon powerhouses chased out.

"Who dares to touch my Dragon Palace."

"Hmph, and he ran away so fast."

"Elder, the fact that this person was able to cut off a corner of our Dragon Palace's tight protection in one move means that this person's strength is at least that of a Primordial Immortal ah, without the strength of a Primordial Immortal, it would be impossible to do so."

"Nonsense, you have to be the one to know."

"Should we go after him then? That person ran off in the direction of the Ten Thousand Violet Mountains."

"Report to the Dragon King first, the Ten Thousand Purple Mountains must not be entered recklessly, in case something goes wrong, there will be trouble."

"Good."

Omi quickly rushed to the Ten Thousand Violet Mountains.

Omi didn't know that although his realm was only Tai Xian, he had the strength of a Primordial Immortal, otherwise Omi wouldn't have escaped so quickly.

"Fortunately, it didn't catch up." Omi celebrated.

"This is already the boundary of the Ten Thousand Violet Mountains, now that we're at the Ten Thousand Violet Mountains, let's go to see Mu Qianji, this time, no matter what, I'm going to see Mu Qianji, or even, join the Ten Thousand Violet Mountains. I won't go back to the Immortal Realm, I'll kill Nian Qing sooner or later, I'm destined to be an enemy of the Immortal Court, and the Ten Thousand Violet Mountain is a forbidden place for the Immortal Court, it's safe for me."

Of course, Omi also knew that there were many powers in the Earth Immortal Realm that were more powerful than the Ten Thousand Violet Great Sage, and the Ten Thousand Violet Great Sage's possession of the Ultimate Divine Weapon and the Heart and Mind was only ranked in the top twenty, so there were at least about ten more powerful people on the same level as the Ten Thousand Violet Great Sage.

In the Immortal Court.

Immortal Emperor's eyebrows were tightly locked.

>

"Immortal Emperor, what's wrong?" Fairy Mother asked.

"It's strange why I suddenly deduced that Nian Qing will die soon, but yet, I can't figure out who killed him and when he was killed."

"Ah, Nianqing will die, how can that be."

"I don't know ah, I can't deduce how, could it be, that Nian Qing will kill him? Why else would I not be able to push it out?"

"No, how could Nian Shi kill his own brother."

"That's never possible, another person with a destiny higher than the three realms within the three realms, right?"

"This."

The Immortal Emperor's face turned pale, he couldn't stand the thought of his daughter's destiny being higher than the three realms, not to mention another one, if it was an outsider, wouldn't it only be a matter of time before something bad happened?

"Check, you must find out." The Immortal Emperor growled loudly.

"But, how to find out."

"It has to be found out even if it can't be found out, and also, Nenshu must die."

"Don't."

"Anyone who is a threat to me must die, even if it's my daughter. I've been in control of the Three Realms for countless years, and nothing like this has ever happened before, ever since Nian Tides was found to be above the Three Realms more than ten million years ago, it's been chaos, and now, there's another one, and there will be more of this."

The Immortal Mother cried, "Immortal Emperor, it hasn't been confirmed yet, what if it isn't?"

"If not, why can't I deduce who killed Nian Qing?"

"Are you sure that Nennies will be killed?"

"I've speculated ten thousand times, there will never be a mistake, Nian Qing will die, when I speculated before, Nian Qing could still live forever, however, just today, a sudden change occurred, which means that just today, someone with a destiny higher than the three realms was born."

"Could that be Omi, more than a million years ago, Nian Qing killed Omi, and Omi reincarnated with a destiny higher than the three realms to avenge his previous life?"

"Don't rule out the possibility."

The Immortal Emperor immediately commanded, "All generals, listen to the order, regardless of the Immortal Realm or the Earth Immortal Realm, all babies born within this month are to be killed."

"Yes."

The Immortal Mother said, "Can this really be strangled?"

"After all the babies have been shot, I'll speculate if the results have changed, then that means strangulation, and if not, then we'll have to keep trying to figure it out."

“What about the tides?”

“Kill without mercy.” The Immortal Emperor’s gaze was cold, he used to want to keep her alive, but now that he thought about it, it was too risky, it was safer to kill, and besides, if after killing, Nian Qing’s presumed results changed, it could also rule out whether or not a new person with a destiny higher than the Three Realms had appeared.

An order came down from the barracks of the Immortal Realm.

All celestial soldiers were sent out, any baby born within this month, strangle it, even if it was a prince or princess.

Ming Cheng helplessly led a group of heavenly soldiers to kill babies in every household, but he was very resistant inside.

No matter whether it was the heavenly or earthly realm, there was a bloodbath of baby killing.

The Immortal Emperor was also very cruel for the sake of his rule.

However, what the Immortal Emperor didn’t expect was that Princess Nian Shi had gotten news from somewhere and escaped, failing to kill successfully.

And Omi, naturally, didn’t know this and was at Ten Thousand Purple Mountains.

Omi walked step by step towards the Ten Thousand Violet Mountains.

“What people?” Finally, the Ten Thousand Purple Mountains guards that Omi was expecting appeared and stopped Omi.

“I, Omi, have come to pay my respects to the Ten Thousand Violet Great Sage.”
