"Mother, who isn't in the wrong place, you're lucky enough compared to the vast majority of people in the world."

"Even you think so, it's just that you're just a girl after all, go back and pack your things, and return early tomorrow morning."

"Yes, Mother."

Early the next morning, omi followed Fake Ao Bao to the Immortal Court with an apprehensive heart.

omi was nervous, after all, he wasn't 100% sure that the Immortal Emperor couldn't see through him.

Fortunately, however, omi searched the memories of his real maid and learned that he could barely see the Immortal Emperor, and that Fake Ao Bao had not seen the Immortal Emperor so far, except for the time when he first married up and went to pay a visit to the Immortal Emperor.

As long as the Immortal Emperor didn't see them with his own eyes, even if he could see through omi's real body, he had no chance.

At the entrance of the Immortal Court, hundreds of immortal-level powerhouses were guarding around the Immortal Court, and it could be said that if he hadn't disguised himself as a maid, omi wouldn't have had a chance to get close to the Immortal Court at all.

Even if the fake Ao Bacchus returned to the Immortal Court, the maids would have to be personally inspected by several Immortal guards to see if they were fake, omi and the other maids.

Fortunately, those Immortal guards couldn't see through omi's real body.

In the end, they easily entered the Immortal Court. Remember the website .kanshu8.net

The Immortal Court was huge, but Fake Ao Bao couldn't just wander off.

omi followed Fake Ao Bao and returned to her bedchamber.

"Pah." Upon entering her bedchamber, suddenly, a teapot left flying out, as if someone had deliberately dropped it.

False Ao Chen was busy walking in and saw that it was Prince Nian Qing.

Prince Nianqing roared in anger, "Ao Bao, you her?"

Scutellation Ao panicked and knelt down, "Husband, why are you so furious?"

"Pah." Nian Qing slapped the fake Ao Bao's face.

"Ah." Fake Scuttlebutt Ao flew out the door with a slap.

It just happened to fall at omi's feet.

omi felt quite pitiful seeing such a beautiful woman being beaten up like this.

"Mother." omi was busy helping up the fake Ao Bao.

However, Prince Nian Qing rushed back up and strangled Fake Ao Bao.

"Husband, did I do something wrong?" Scuttlebutt was tearful.

"You didn't do anything wrong, but I just want to beat you, what's wrong, can't I beat you."

"It's only natural that your husband should punish me." Fake Scutellation Ao said with anger.

This Fake Ao Scuttlebutt, whose realm was lower than the real Ao Scuttlebutt, was only a Dao Immortal, so where was the opponent of a Primordial Immortal.

"Bang." Prince Nian Qing grabbed Ao Bao's neck and viciously smashed her head into the ground, breaking her head and bleeding.

"Trash." Prince Nian Qing walked away after saying that.

He was so angry because he was in the Dragon Clan and didn't see the most beautiful man in history, so he took his anger out on the fake Ao Scutellaria.

omi looked at Nian Qing's back and really wanted to go up and shoot him to death.

However, he hadn't planned his way back yet, so he couldn't be reckless, after all, this was the Tiger's Den.

"Nyonya." A few maids were busy helping Ao Scuttle up.

omi looked at this woman and also felt quite pitiful.

omi felt that he had to kill Nian Qing quickly and save the fake Ao Bao Scutellaria from suffering so much.

That night.

"Huanxin."

"Slave servant in."

"You stay and serve me in the bath, and talk with me on the way." Fake Scuttlebutt said.

"Ah, me ah." omi was startled, it was fine to talk with her, but was it appropriate to serve her and bathe her?

"What?"

"No, slave servant will go prepare it."

/> After omi prepared the bath water, he shouted, "Mother, the water is ready."

Fake Ao Bao opened her hands and allowed omi to undress her.

omi secretly swallowed his saliva.

omi stripped Fake Ao Scutellaria to the waist, and Ao Scutellaria walked into the pool.

"Joy, what are you waiting for, get down here." Fake Scuttlebutt said.

omi was embarrassed, he had changed into a woman and shrunk his body, but he was still a man inside.

"Yes, Nymphet." omi could only go behind the Mother Superior and sneak into the water, and after entering the water, he couldn't see what was underneath omi in the water.

Fake Ao Bao also didn't go to see omi.

omi easily entered the water and soaked his lower body in the water, but really couldn't see anything.

omi swam to the back of the fake Scutellaria and rubbed her, saying to himself, "What tender skin you have."

However, Fake Ao Beng was in a daze.

"Mother, what are you thinking about?" Don omi asked.

"Cheerful, do you think I might as well die."

"Mother how could you think like that."

"I'm really suffering, I have a home I can't go back to, I can't realize my dreams, and I'm confined to this place every day, what's the point of living." Fake Ao Bao cried.

omi asked, "Mother, do you hate Nianqing?"

"Hate." Fake Ooze said with a bite.

"And you know one thing?"

"What?"

"The Immortal Emperor massacred babies, do you know why?"

"I don't know."

"That's because the Immortal Emperor sensed that Nian Qing's future would be dead, but he couldn't sense who killed him, so he suspected that there was a newborn baby that he couldn't sense."

"Ah, how can you, a maid, know so much about it? Even I don't know."

"Hey, Nympho, can I trust you?"

"What do you mean, Joy?"

At that moment, omi suddenly stood up.

"Ah." When she saw something, she recoiled in shock, was this still something a woman should have? It's scary when women look like that.

"Don't scream." omi said.

Then, omi twisted for a moment and returned to his original appearance.

Fake Ao Bao even wanted to scream, and omi was too busy going up to cover her mouth.

"Shh, you said it yourself, you're a trustworthy person, I'll let go of you, no screaming, you can ask me any questions you have, I promise to answer truthfully."

"Uh-huh." Fake Scuttlebutt was busy nodding her head.

omi let go of Fake Ao Bao and said, "If you have anything, just ask."

"Who are you?"

"My name is omi, I don't know if you've heard of me."

"Ah, omi? Of course I've heard of you, you're that amazing genius omi, an ordinary blade technique of our Dragon Clan, the Five Ultimate Blades, and you've upgraded it to be 390,000 times more powerful."

"Yoho, you actually know me."

"Mhmm, I admired you after I heard about you, but unfortunately, I heard later that you were killed by Nian Qing."

"That's right, but I didn't die, not only did I not die, I'm still changed, the Immortal Emperor can't sense me, and the Immortal Emperor would never know about our conversation at this moment."

"Senior omi, what are you doing here? Why do you pose as Joy and no one can find out? Does the Dragon King know about this?"

"Don't worry, I posed as your maid, the Dragon King and I conspired, our goal is simple, find the opportunity to kill Nian Qing."

"Ah." Fake Ao Bao's body trembled.
