In fact, all omi needed to do was give her a bowl of Hong Meng Qi liquid, but unfortunately, this was something omi wouldn't reveal easily unless it was his closest relative.

"Grandpa, since Wind Lightning is my teacher now, let's arrange for him to live in the same courtyard as me."

"Fine, grandpa wants to be quiet, you guys scratch yourselves, but you must make sure that you live in the same courtyard and you must never mess around." Fa Ji looked at omi somewhat uneasily.

omi smiled, "Don't worry, I'm not that kind of person."

After that, every day, apart from cultivating by himself, omi knew Fa Lan.

In the blink of an eye, ten thousand years had passed.

omi's Lotus Pellet Body Refining Method was a little bit better, which was a great blessing.

Once he practiced the Lotus Pellet Body Refining Method, coupled with the Hong Meng Qi, omi was confident that his dead relatives had even better bodies than the living ones.

omi was incomparably longing and looking forward to that day.

At this moment, a voice came from outside, "Brother Luo Qing." It was Fa Lan's voice.

omi looked out through the window and saw a tall, handsome man walk into Miss Falan's courtyard. The first website m.kanshu8.net

"Haha, Sister Falan, in a flash, it's been hundreds of thousands of years since we've seen each other again, you've grown pretty again."

"Brother Luo Qing is really good at saying nice things."

"Hahaha, Sister Falan, if my parents hadn't forced me to close the door, I would have wanted to visit you every day."

"Thank you for thinking of Brother Luo Qing, but Brother Luo Qing is now cultivating to the middle Golden Immortal stage, I'm really envious."

"Hahaha, it's because I've made some achievements that my parents allowed me to come, and this time, I plan to live for eight or ten years to properly guide Sister Falan. Like me, Sister Falan practiced the same sword techniques, and now, my sword is even more proficient."

"Er." Falan was startled, coming to guide her?

"What? You don't need my guidance, so I can go?" Luo Qing said.

Fa Lan said, "Brother Luo Heng, actually, I already have a teacher to guide me now, my teacher is a genius with a sword."

Just at this moment, the voice of omi came from behind, "Not only with the sword, but with the sword, with the spear, with the halberd, with the stick, I'm just as good at it all."

When Fa Lan turned back, she was busy introducing, "Brother Luo Heng, this is my teacher, Wind Light Cloud."

That Luo Heng's face was very bad, seeing that it was a pre-Golden Immortal, he hummed, "Wind he? chicken hair light cloud, sister Falan, you don't think that I will be inferior to this ugly monster, do you."

"Brother LuoRock, don't say it like that la, after all, Wind Light Cloud is my teacher, he's really a genius."

"Really? Since he's genius, why don't you marry him?"

"What's wrong with you, Brother Rocko?"

"Sister Falan, your grandfather and the others have gone to my Luo Xian Mountain and, want you to marry me and our two families to marry."

"Ah, how is that possible."Fa Lan was shocked.

"Ask your grandfather if you don't believe me, anyway, I see this ugly monster is very unhappy, either continue to marry me, or continue to have this ugly monster as your teacher, you choose yourself."After saying that, that Luo Qing walked away with an unhappy face.

Fa Lan was startled there, not knowing why she wanted to marry Luo Xuan Shan.

omi said, "Miss Falan, are you alright."

"I'm fine, I'm going to find my grandfather."

Shortly after Falan Falan left, the newly departed Luo Qing came in, glaring at omi.

; omi said, "Do you think that I wouldn't know that you're hiding out, trying to get my attention while Miss Falan is away?"

That Luo Heng snorted, "Ugly bastard, I'll destroy you today, and you still dare to be my sister Falan's teacher, which onion are you."

omi said, "If I had known, tens of millions of years ago, I would have just shot it on the ground, saving you, an unfilial child, from being born."

"What do you mean?"

"Go back and ask your mother."

"Fuck you, how dare you insult me."

"Oh, insulting you is the smallest thing I've ever done in my life."

"Looking for death." After saying that, that Luo Qing killed omi with a sword, he thought that he could take omi's life with a single sword, a person who was a teacher in the Fa Dynasty, he didn't have any power at all, killing him would at most be just a few words of blame from Fa Lan.

"Hmph." omi's sword cut off that Luo Qing's arm with a single slash.

"Ah." Luo Qing shrieked.

"Trash, what a dirty sword."

omi wiped his Ultimate Sword and said inwardly, "This Luo Jiang, looks like he's a bit powerful, but I'm not afraid, looks like I'll have to challenge the big man, otherwise, I'll lose so many of my Ultimate Swords."

At this moment, Fa Lan found her grandfather.

"Grandpa, why do you suddenly want Luo Xian Mountain to marry?"

"Fashi, you're here."

"Grandpa, why?"

"Fashi, wouldn't you? Didn't you used to love to play with Luo Qing quite a bit, and besides, Luo Qing is the perfect genius for you, and his family is also near us. During the last Beginning Ancient Relic, our Fa Dynasty made the Immortal Emperor very unhappy, and I heard that the Immortal Emperor is preparing to send his troops to annihilate us, so we must quickly marry with Luo Xian Mountain."

"Ah, the Celestial Court is coming to annihilate us."

"Yes."

"But, didn't they annihilate us before, but they didn't take advantage of us?"

"Before is before, the situation will change, compared to before, the Immortal Court has many more strong people, such as that Leng Tian Ling, Shan Ru Fei, Gao Xiaolian, and other high ranking Immortal strong people. Our Fa Dynasty, on the other hand, hasn't changed much, so the situation is unknown ah."

"Ah." Fa Lan's face changed dramatically, not expecting such a big thing to come to the Fa Dynasty.

"So, Fa Lan, hurry up and get married to Luo Qing, that way, once the great disaster comes, our Fa Dynasty will have an alliance ah."

"Oh." Fa Lan was scared inside.

"Wouldn't you like that?"

"That's not true, it's just, well, I'm going to go home." Falan was in disarray inside, she didn't know what she was resisting, she shouldn't have anyone she liked inside her ah. That Wind Lightning, even though she had been with him for a hundred thousand years, but Wind Lightning was so ugly, there was no way she would be able to look at him.

When Fa Lan returned to her place, she heard someone in the courtyard let out a pig-killing roar.

“Ah, it’s Brother Luo Qing screaming.”

Fa Lan was busy running in, and once she entered the courtyard she was stupid.

She saw that one of Luo Qing’s arms had been cut off, and he was hanging from a tree with a pressed fairy rope around his neck.

“What’s wrong with you, Brother Lokok?Who did it?”

At that moment, there was a deep voice from omi, “Me.”

“Er.”Falan was startled, as if he was a bit skeptical that omi, a pre-Golden Immortal, could do this?
