

King of kings

2380

About two months later.

The Immortal Court had finally sent two hundred thousand heavenly soldiers down.

The French Dynasty was also already prepared.

At the French Dynasty's military training ground, a seven-hundred and fifty thousand troops stood there, and omi was among them, and they had been standing here for over ten days.

After waiting for more than ten days, the heavenly soldiers were finally brought down.

Everyone held their breath as they watched the sky bombarded with celestial soldiers, seemingly nervous.

Soon, the sky's sky soldiers stood firm.

The Immortal Emperor was not among them, and the leader was a female War God.

"Fa Wu Tian, you have no eyes for the king, I advise you to restrain yourself." That war goddess shouted.

On the ground, the Fa Dynasty's Fa Wu Tian sneered, "I'll capture your grandmother, why don't your grandmother let me capture with both hands."

That war goddess was furious that she dared to molest her. A second to remember to read the book

"Lawless, then don't blame us for being heartless."

"If you're really heartless, get out of here right now and pretend it's charity in my place."

omi swept a glance at the Heavenly Soldiers, the Three-Eyed War God wasn't here, perhaps the Three-Eyed War God hadn't fully recovered from his injuries from the last Heavenly Demon Battlefield, but Leng Tianling was even among them.

As for the Heavenly Wolf Battle Team, omi unexpectedly found that there was none.

It seemed that the Heavenly Wolf Battle Team was their talent pool, they didn't want to take any risks, and the Heavenly Soldiers they sent were, to put it bluntly, cannon fodder, they didn't care how many died and could be recruited again if they died.

Leng Tian Ling said, "Gao Xiaolian, stop talking nonsense with him, even if he surrenders, he'll die just the same, kill."

"Kill." That female War God named Gao Xiaolian gave an order, and the twenty-five Heavenly Soldiers rushed down to kill.

"Kill." Fa Wu Tian also rallied his arms.

Both sides yelled and rushed up, as if two torrents of water collided instantly.

The war began.

The twenty high-ranking War Gods sent by the Immortal Court were the first to kill the seven or eight similarly ranked powerhouses in Fa Dynasty, and the Immortal Court was almost fighting two against one.

For example, Leng Tian Ling and Gao Xiaolian, the two of them besieged Fa Wu Tian.

No wonder Miss Falan was so pessimistic, indeed, the scene showed that the Immortal Emperor was willing to go all out to destroy the Fa Dynasty.

omi could only do a little bit to help, rushing towards a group of heavenly soldiers to kill them .

omi took that great weapon and performed his Shadowless Divine Sword.

"Swoosh." omi's sword was hundreds of deaths, and no matter if those celestial soldiers were strong or weak, even those that had reached the initial divine Immortal level could not be spared.

"Wow." omi was somewhat horrified, he felt that omi's combat power had reached the middle-grade Immortal level.

But it wasn't surprising, the sword he used was a divine weapon obtained from the Beginning Ancient Relic, and his Shadowless Divine Sword Technique was also very advanced, so omi's strength had increased greatly.

Soon, the people of the Immortal Court noticed omi as a reaper.

"Ai Peng, go quickly, whoever from that Fa Dynasty is killing Heavenly Soldiers like numbness, if this continues, the Heavenly Soldiers are losing a lot of money, go quickly and take care of it." Gao Xiaolian instructed her subordinate, Ai Peng, who was a middle-ranked deity.

"Yes, Goddess Gao." The man called Ai Peng came rushing towards omi in the distance.

As expected, omi's speed in killing the celestial soldiers was like that of a crop and reaper.

"Suffer death." Ai Peng shouted, using his spell to charge towards omi, two fiery red arrows breaking through the air towards omi's head.

omi felt

To the crisis, but, Ai Peng's spells were fast, of course, it could be that omi's realm was low and couldn't keep up with the reaction, so, omi couldn't dodge, and the two fiery red arrows shot straight at omi's head.

It was thought that omi would be shot in the head with a single arrow, but what was unexpected was that when those two red arrows hit omi's head, they suddenly, turned into pieces, as if omi's body, which was far stronger than his arrows, was like an egg hitting a rock.

"Ah, how did this happen? He's just a Golden Immortal ah, why is his body so strong?" Aipeng was shocked.

omi was feeling dizzy at the moment, as if he had been hit with a few bricks, and although his brain was hard, it was shockingly painful.

omi looked over at that Ai Peng and said angrily, "Son of a bitch, how dare you shoot me."

"Hmph, I'll see how long you can still bounce around." After saying that, Ai Peng killed omi again.

omi's eyes couldn't seem to keep up with his opponent's movement speed, omi's realm was too low, and the realm severely pulled him back.

omi didn't have time to think about it, and Ton took out a bowl-like basin.

"Barang and watch Hagoron splash wax mo shivers."

In the next second, a miracle happened, that Epon's body suddenly shrank and flew into Don omi's basin.

omi looked down at his basin, and that Epen stood at the bottom of the basin like an ant.

omi smiled hehe.

omi didn't go back to kill the celestial soldiers, but went straight to the Immortal General.

When he saw Immortal generals, those below the mid-tier Immortals, omi didn't bother to fight them because his realm was low and hard to fight through, so omi just collected them.

Anyway, there were three types of things omi used to collect people, pots, steles, and statues.

The incantation for both the basin and the statue is: barang and see hagorun splash wax mo shivering."

Soon, it seemed as if omi's basin was filled with a lot of ants, at least thirty or forty of them.

"Hahaha." omi laughed, these people who shrunk as small as ants were terrified, they also tried to see if they could smash omi's basin, but the result was futile.

That Leng Tianling said, "Gao Xiaolian, the situation isn't right?"

"What's wrong?"

"Have you swept the battlefield with your divine sense and noticed that there don't seem to be many of our Immortal Generals left, and now it's all the Immortals of the Fa Dynasty massacring the Heavenly Soldiers."

"How is that possible."

Leng Tianling and Gao Xiaolian, who were already fighting with Fa from afar, were busy communicating.

Gao Xiaolian's divine sense swept the main battlefield in the distance, and sure enough, all the Immortal-level generals were missing.

"You're fighting Fa Wu Tian alone, I'll go take a look." Gao.

“Good.”

So, Leng Tian Ling was alone to tangle with Fa Wu Tian, while that Gao Xiaolian ran towards the main battlefield.

At that moment, Gao Xiaolian saw an ugly man who just happened to chant something to a middle-ranked Immortal, then that middle-ranked Immortal swooshed and was received into his pot to go.

“Ah, so that’s how it is.” Gao Xiaolian was furious.

omi felt the crisis and was busy looking sideways, but Gao Xiaolian’s killing move was already in sight.

omi didn’t have time to recite the spell, and even if he did, he might not be able to collect an immortal of this level.

This Gao Xiaolian, however, was on the same level as Leng Tianling, and his strength wasn’t just at the level of a high level Immortal, but at the level of a high level Battle God, surpassing ordinary high level gods, one of the dozens of Battle Gods in the Immortal World
