

King of kings

"Higher than that, one of the youngest of the dozens of war gods in the Immortal Realm, I've heard it's only a few hundred million years old, very young."

"Hehe." omi was smug.

"Why are you asking me about her?"

"Haha, what do you think of Gao Xiaolian's strength?"

"Well, the strength is pretty good."

"If Gao Xiaolian comes to the Earth Immortal Realm to be king, is it reliable?"

"Unreliable, first of all, she can't be, and secondly, if she does claim the throne, she'll be destroyed in a matter of minutes, because there are dozens of war gods in the Immortal Court that are better than her."

"Oh, I see. Then what if a South Sea Goddess Nini of this level claims the throne?"

"She ah, hehe, that's definitely no problem, the strength of that still divine nun, she can't even beat me, it's just a draw. There are probably only three or five strong people in the Immortal Court who can compete with her."

"Good, then I must find a way to take her. She's already worshipped me anyway, she's my wife."

"Hahaha, Brother Tang is right, but she's divine, it's not so easy to find her people." First URL

"Don't worry, you'll always find it."

omi didn't chat with the Ten Thousand Violet Great Sage for long, then went home.

Everyone at home was waiting for omi.

"omi, the Great Sage didn't say anything, right?" Mu Qianji asked.

"No, he admires me so much that he can call him for anything in the future, and he also asked me to inform him when he will be king."

"Wow, that's great."

"It's just a pity that I don't have the strength to claim the title of king myself yet."

"There's no hurry, you're not even ten million years old, still so young there's nothing to be afraid of, you're already unprecedented for having the achievements you have now. The Ten Thousand Violet Great Sage is treating you this way because of your unprecedented achievements."

"Oh, it would be nice if everyone thought that way, there are many people who just think I'm useless."

"Nonsense."

omi set up a restraining order to prevent being overheard, although the Ten Thousand Violet Great Sage was quite nice to him, but one could never be too defensive, after all, it was such an important matter.

"omi, why are you being so secretive?" Everyone looked at omi in confusion.

"The next thing I'm going to say is very important, and I can't make any mistakes."

"Ah, what is it?"

omi looked at Mu Qianji and asked, "Qianji, you still remember the Beginning Ancient Ruins, right?"

"Of course, pity."

"There's no need to pity, because, the last time I went to the Beginning Ancient Ruins, I also went there quietly, I found another entrance, so I went in."

"Ah." Mu Qianji shouted out.

"I took all the good stuff from the ruins, like, the Hongshi Liquid, and I got a well."

"Holy sh*t."

"And, many other great weapons."

"omi, you're not joking, are you."

"Not in the mood for jokes, this kind of thing can't be spread out, otherwise no one will believe it but. You guys must keep it a secret and pretend it never happened. Now, I'm going to let you each drink a bowl of Hong Meng Qi liquid."

"But, will the Great Sage be able to see it?" Tang Huan was worried.

But omi was stingy and didn't share it with the Great Sage, but was afraid that no one could guarantee it in case the Great Sage got upset or something.

"Drinking a bowl shouldn't be much of a problem, after that, I'll leave tomorrow, the Great Sage can't find me, even if he knows what you drank, it's useless."

"Mm."

omi gave each of them a bowl of Hong Meng Qi liquid.

Each of them drank it all in one go.

br /> "In the future, when I am strong, I will definitely share a few bowls with the Great Sage, but not now, I hope he understands."

"Tzu Chen, my master will understand, besides, my master may not need the Hong Meng Qi liquid, because he has already reached the High Immortal realm, there is no possibility of rising upwards."

"Alright, you can all go to retreat after drinking."

omi left the next day.

The Ten Thousand Purple Mountains were not far from the Eastern Sea, and omi planned to visit the King of the Dragon Clan in the Eastern Sea.

omi arrived at the Dragon Clan and met the King of the Dragons very well.

"Grandpa, it's me, omi."

"Little brat, I knew it was you, hehehe."

"Grandpa, why are you smiling so slyly."

"Honestly, is it really you who was pulling a yellow on the Immortal Emperor's bed?"

"Khan, even you know about it."

"It's already spread throughout the Immortal World, you're famous."

"Hehe, yes, I did it. Grandpa, remember how I once told you that one day, I'd let you fulfill your wish of f*cking his fairy mother?"

"Ah, you're serious."

"Nonsense, but I've never forgotten, so tell me when you want to f*ck his fairy mother and I'll help you make it happen."

"This."

"What, Grandpa, you're not afraid, or you're not good at that anymore."

"You fart, although I'm not young, but grandpa I'm still, still half a pillar every morning."

"Haha, grandpa, what's half a pillar."

The Dragon King laughed awkwardly, "Grandpa is old after all, one pillar is gone, half a pillar is still there, hahaha."

omi said, "Grandpa, no problem, f*ck him fairy mother's enough. When do you want to realize this dream? I'll help you to catch the Fairy Mother, or, I'll take you to heaven. However, catching the Fairy Mother is a bit difficult, and I don't know how strong she is."

"The Fairy Mother is just a high ranked Immortal, her strength is very ordinary."

"A high-ranking immortal is not something I can deal with at the moment."

"Alright, thank you, my good grandson-in-law, just kidding with you, although grandpa was infatuated with the Fairy Mother when he was young, but it's all in the past, now I want no beauty now, how can I still look at that Fairy Mother."

"You really don't need it?"

"No need."

"Alright."

omi originally wanted to give the Dragon King a bowl of Hongmeng Qi liquid, but the Dragon King had already upgraded to a High Immortal, so it was useless to drink it, thinking that it would be better to come back later, even though he called him grandfather, but after all, it was through Cheng Yu, and there was no guarantee that the relationship would loosen in the face of great benefits.

At this time, the Dragon King said, "This time, the Immortal Emperor has suffered a loss, and I'm afraid he will be even more angry with you in the future."

"Then let him be furious."

"By the way, do you remember Princess Nian Tides?"

"I haven't heard from her in a long time."

"I've heard that Princess Nenshi has already been killed by the Immortal Emperor, and I don't know if that's true. Claiming to the outside world that it can't be found, whether it's true or not, I think it sounds consistent with the Immortal Emperor's actions."

omi remembered Nandi, who said that Princess Nianxie had an exquisite heart on her, so it shouldn't be.

"Princess Nianxiu should still be alive."

"I hope so."

"Grandpa, I'm almost gone, I'd better not stay much longer in the Dragon Clan now, in case something goes wrong and the Immortal Emperor finds you in trouble."

"Then you take care of yourself."

"I will."

omi hurriedly left the Dragon Clan again.
