

King of kings

2407

“Right.”

The Dragon King bit his teeth and dried up.

In an instant, Omi and the Dragon King appeared at the divine pool.

All of those maids were unconscious and fell to the ground, leaving only the Fairy Mother still undiscovered, soaking in the steaming hot divine pool and whistling.

With the Dragon King’s strength, it was definitely no problem.

Next to the divine pool, there was a small house that was used for changing clothes.

Omi faced out and didn’t look.

At that moment, he heard the Fairy Mother’s roar, “Who are you?”

The Dragon King said, “Never mind who I am, Fairy Mother, don’t blame me for being rude. You have become a piece of my heart, I was originally a super genius, but because of you, I have become mediocre, I am truly unhappy.”

The Fairy Mother seemed to instantly associate with someone and said loudly, “Ao Tiantian? Is that you?”

Ao Tian Tian is the real name of the Dragon King. One second to remember to read the book

The Dragon King didn’t expect to be recognized.

“It seems that you are still impressed with what I have done, I don’t even need to say my name, you already know that it is me, yes.” The Dragon King didn’t hide it anymore, directly revealing his true face.

“Dragon King, you are bold.” Immortal Mother raged.

“Sunflower, how you treated me back then, don’t you know yourself? Even if I kill you, it’s not too much to ask.”

“You.” Immortal Mother was shocked.

“Sunflower, you scheming whore, you were just a person with an ordinary background, using me to become an immortal, and then stepping on my shoulders to become a Fairy Mother. Harming me, I originally had a bright future, and eventually became mediocre, today, I must clear my shame, clear my heart disease, and perhaps, I can still be the strongest genius of the Earth Immortal Realm I once was.”

“Dragon King, I advise you not to seek death, the Immortal Emperor can sense what you are doing at all times.”

"Don't worry, he can't sense it." After saying that, the Dragon King dragged the Immortal Mother to the hut beside him.

The sounds made inside, Omi didn't dare to look.

It was their grudge.

About half an hour later, the Dragon King came out.

"Grandpa, how is it?"

"Hahaha, I didn't think I'd be quite fierce at a critical moment." The Dragon King said with a smile.

Omi gave a thumbs up.

"Grandpa, is the heart disease gone now?"

"Well, my heart ailment is lifted, the pent-up breath I had been holding in my heart is completely gone, my mind is suddenly clear, and I think my strength has increased greatly."

"Congratulations grandpa." Omi also felt that the Dragon King's body seemed to be much stronger than before, radiating confidence all over his body.

"Woo-hoo." In the next hut, the Fairy Mother whimpered and cried.

Omi said, "I just heard her say something cool, why is she crying again now?"

The Dragon King said, "Just now in the midst of the fun, now that it's over, back in reality, of course she's going to cry. After all, she knows that if the Immortal Emperor knew about it, he wouldn't know if he would rest her."

Omi said, "It's only a matter of time before the Immortal Emperor knows, and when she returns, the Immortal Emperor will be able to see at a glance what has happened to her."

"Yes."

"Grandpa, then, we're almost gone, you go back to me, and then I'll rush straight down the mountain."

"No, Omi, you've already done so much for me, and I'm ready to declare my independence anyway, I'm not afraid of offending the Immortal Emperor anymore, so why don't, I'll send you away."

"But."

bsp; "Don't worry, Omi, your grandfather Long's strength should never be underestimated."

Omi said, "Aren't you unable to even defeat the Ten Thousand Violet Great Sage?"

The Dragon King laughed, "That was before, Omi, once upon a time, I was originally the first genius of the Earth Immortal Realm, back then, if I was a bit more lucky, I could have become an Immortal Emperor, but unfortunately, I was mistaken by a woman, now, my mind is clear and my strength has increased more than a hundred times. I think that if it were now, the Ten Thousand Violet Sage would definitely not be my opponent."

"Er, so exaggerated." Omi didn't expect that just lifting a heart condition would change so much.

"You don't have to doubt it, I myself didn't expect that relieving my heart disease and clearing my mind could increase my strength so much. If I had known, I would have *fcking come to fck* Fairy Mother long ago."

"Well, grandpa."

Omi hid to a stone, then the Dragon King broke the Fairy Mother's restraint and threw the stone in the direction of Gao Xiaolian's mansion.

"Hahaha, hahaha." The Dragon King didn't run immediately, but stood by the divine Pond and laughed wildly, his laughter spreading throughout the four fields.

At this time, the Immortal Emperor, who was in the Immortal Court, suddenly felt an air of grief and anger from the Immortal Mother.

"Ah, Immortal Mother." The Immortal Emperor instantly rushed in the direction of the divine Pond.

The guards at the bottom of the divine Pond Mountain rushed up as well.

Within a short while, the Immortal Emperor and many others came.

The Immortal Emperor sensed with a glance what had just happened, his wife, had been f*cked by the Dragon King.

"Ahhhh." The Immortal Emperor hissed when he learned that he had been brought a colored hat.

"Dragon King, you're looking for death." At this moment, the Immortal Emperor didn't even seem to believe that the Dragon King had done this. He thought that it was his negligence to keep focusing on Gao Xiaolian, and that was why the Dragon King had gotten his way.

"I'll kill you." The Immortal Emperor flamed up and rushed up.

The Dragon King seemed as if his entire body had regained its former divine might, and also met up to fight the Immortal Emperor.

The Dragon King remembered his granddaughter, Ao Scuttlebutt, who would not have died if it wasn't for them, and settled old and new grudges together.

In the skies above the Immortal Court, the Dragon King and the irrational Immortal Emperor fought to a standstill.

Many people had come to watch, including the Three-Eyed War God and others.

However, they didn't go up to help.

"What's wrong? Why is the Immortal Emperor taking the wrong medicine like that?" The Three-Eyed War God asked the person next to him.

"Shh, can the Immortal Emperor not be like the wrong drug, he's losing his mind now, can't you see the greenery on the Immortal Emperor's head?"

"What do you mean?"

"The Immortal Emperor has been hatched by the Dragon King." A man whispered to the Three-Eyed War God.

"Ah, how is that possible, even if the Dragon King had this lustful heart, he wouldn't have that chance."

"Who knows, anyway, this time the Immortal Emperor didn't even find out beforehand, he only found out after all the hats were worn."

"Fuck." The Three-Eyed War God was silly.

At this moment, Omi arrived at Gao Xiaolian's house.

"Xiao Yue, we can go now."

"Over at the divine Pond, is the Dragon King surrounded by Immortal Emperors? Has something happened?" Gao Xiaolian was busy asking, she had already seen the movement there.

"No, I don't know, Grandpa Dragon King said that after his mind cleared, his strength increased more than a hundred times, and now he's fighting against the Immortal Emperor who lost his mind."

"Wow, so you've helped the Dragon King become stronger."

"I can't say become stronger, he should have been this strong in the first place, but he was just mistaken by a woman. Let's go, it's a good chance for us to leave while the Immortal Emperor has no time for you."

"Hmph."
