

King of kings

2427

After the divine nun led the way and some searching, within a few days, he found the Horned Goat Great Sage, the Green Man Old King, and Fa Wu Tian.

The three of them also gathered together and were surprised to see that Omi had brought so many people to find them.

Omi asked, "Horned Goat Great Sage, Green Man Old King, and Fa Wu Tian, are you willing to come with me?"

The Horned Goat Great Sage laughed, "With so many powerful people following you around, can I still say no?"

"Let's do it then."

Omi looked towards the Green Man Old King and Fa Wu Tian, these two, Omi had not met them for the first time, there was still a bit of grudge before, but the grudge had been settled later, Omi defeated them.

"Fa Wu Tian, Green Man Old King, what about you guys?"

Fa Wu Tian and the Old King of Youth seemed a little embarrassed to see Omi again, after all, they had had an unpleasant encounter with Omi before.

"That, huh, what happened to us before?"

"Don't worry, I've already forgotten," Omi said.

Fa Wutian said, "Big brother is on top, please accept the worship of my younger brother." Remember the website .kanshu8.net

"There's no need to be so polite, even though you hang out with me, you don't have to be my little brother, after all, you were all respectable big shots before, in my heart, we'll all be friends from now on."

"Thank you, Brother Minister."

The Green Man Old King said, "Omi, take a bow from me as well, from now on, I'll be following you, I've always believed that you're a person who can do great things."

"You're welcome, in that case, let's go, we'll go to the Evil God Relic now."

"Ah, the Evil God's Relic." The Old King of Youth seemed to have heard of the place, and his face changed.

"Now that the Immortal Emperor has used the Heart of the Honour, perhaps, only by going to the Evil God's Ruins can we find a chance to turn our lives around."

“Let’s go.”

Omi gave the order, and a total of fourteen people left in desperation.

A year later, the fourteen of Omi’s men reappeared at the edge of the western no-man’s land.

The Dragon King said, “If we keep flying in this direction, we might be able to find the legendary Evil God’s ruins, but no one can guarantee what we’ll encounter along the way, so let’s wish you all to come back alive.”

Everyone nodded their heads.

Omi took the lead and rushed off in that direction.

Regarding how Omi’s relatives would end up being placed, Omi’s idea was to first receive them into the #1 Qiankun stone, then #1 into #2, then #2 into #3, and if they were received twice in a row, there shouldn’t be any problems.

Only, of the three Qiankun Stones, two of them couldn’t be used.

Half a year later, Omi and the others were already far into the uninhabited area.

Omi came to a halt.

“Everyone, stop and rest for a while, after all, it’s been half a year of continuous flying.”

“Good.”

This place was desolate, without any plants or animals, it was as if they had headed to Mars, the feeling of desolation without people could not be described with words.

However, occasionally, one or two similar roofs and stone walls and the like could be seen in the desert, seemingly proving that there had been humans here countless millions of years ago.

The more this happened, the more dull it became.

Everyone rested in place, took out water, and took out all kinds of food brought by the spatial ring, and had a good meal, although they wouldn’t be hungry if they didn’t eat, but stopping to rest and not eating something, they always felt like something was missing.

Thunder Valley Master said, “Dragon King, did you f*cking remember wrong? How long are we going to be gone?”

The Dragon King rolled his eyes, “How the f*ck should I know, I wasn’t here,

But I’ve heard of it, maybe there’s no such place at all, the devil knows.”

“Haha, Dragon King, don’t be angry, come, come, taste our Thunder Valley’s fine wine, Thunder God Brew.” The Thunder Valley Master handed over a jug of fine wine.

The Dragon King said, “No need, my Dragon Clan’s Purple Flower Wine is the real wine.”

“Cut.”

Everyone brought their own fine wine, after all, these people, who weren't little people, all thought that their wine was the best.

Gao Xiaolian got some food and handed it to Omi.

"Omi, don't look, since we stopped to rest, let's have a good meal."

"En, I'm just making sure it's safe too."

"We haven't encountered any danger in the past six months ah, No Man's Land isn't as mysterious as the legends say."

"Xiao Yue, don't take it lightly, we're lucky that we didn't encounter any danger."

"En." Gao Xiaolian nodded.

Omi was about to eat, but, suddenly glancing around, at the moment, the Dragon King and the others were drinking with each other and drinking with each other, Omi glanced around and didn't see Shenny.

"Where is everyone?"

Gao Xiaolian said, "Omi, what are you looking for?"

Omi asked nervously, "Yue, where's Jie? Where did she go?"

"Ah." Gao Xiaolian also panicked and swept around.

"Just now, huh?" High.

Omi flew up and stood in mid-air, sweeping a circle of hundreds of miles, and didn't see Shenny.

The Dragon King flew up.

"Tzichen, don't worry yet."

At this moment, everyone knew that the divine nun was missing.

Without any signs, it suddenly disappeared, vanished without a trace, as if, it had never been here.

How could Omi not be anxious, anxious as an ant on a hot pan.

"Ah ah ah, where the hell did it go, Ah Jie." Omi hissed loudly.

Everyone wasn't interested in drinking anymore, so they put away their wine, and at the same time, there was a terrified look on their faces, thanks to the fact that everyone was just saying that there was no danger at all in the No Man's Land, but in the next moment, Godni disappeared without anyone noticing.

Omi was sure that Godni couldn't be found.

"Tzu-Chen, what should we do?" Gao Xiaolian was anxious.

Omi shouted, "Take a headcount, everyone hold hands."

A moment later, the Dragon King said, "Tzichen, everyone is there except for Shenni."

Everyone immediately held hands and looked around vigilantly.

This silent danger was the real danger, Omi would rather run out a monster than nothing like this.

"Brother Chen, what should we do now, let's go back."The Old Demon of Heaven said.

"Isn't going back a death wish, let's not go any further now, we must find Shen Ni."Omi said.

"But, how do we find it?My Immortal Sense has swept everywhere and I haven't found any."

Omi was helpless, everyone was in a state of fear.

Omi said, "We must look, anyone here must look if anything happens, now, let's all hold hands and look around, we will definitely find something."

Everyone had no choice but to start looking.

Unfortunately, after searching all day and night, nothing was found.

"Omi, give up, you've seen this situation, it's impossible to find it, it's as if it never happened."
