Omi secretly said, "I'm not in a hurry to take the people here out now, I'd better take the opportunity to cultivate here and strengthen my Three Nothing Divine Sword again, or, I'll try to research a new technique on my own, for example, the Three Nothing Realm. The so-called Three Nothing Realm is a realm where everyone is spiked by me as if they have entered the Three Nothing Space."

"However, it's really hard to research such a powerful Three Nothing Domain in a short period of time, but I'm confident."

Omi thought about it and returned to the ground.

"Omi, why did you come out on your own? It's not about saving people." Everyone looked at Omi in confusion.

Omi said, "Everyone, I suddenly decided not to save anyone for the time being, I want to go inside and study a new technique, however, it may take a long time, you guys, do you want to go in together, after you go in, you will also go along to comprehend the rules of the Three Nothingness Domain, once you have comprehended something, it will definitely enhance your strength. When I research the Three Nothing Realms in the future, I will bring you out regardless of whether you have comprehended anything or not."

Everyone looked at each other, and the Dragon King nodded, "Fine, I also want to try out what it feels like to be in the Three Spaceless Realms."

"Good, let's do it then."

Thus, Omi brought everyone into that void, even, Mu Qianji and the others, who had been released in the stone tablet before.

However, except for Omi, everyone else entered that void and floated there with their eyes closed, unable to open their eyes. Only Omi opened his eyes as soon as he entered.

Omi began to study the Three Void Realm.

Once the research was successful, then how powerful it would be to use the Three Wonders Sword in the Three Wonders Realm. Remember the URL [.kanshu8.net](http://kanshu8.net)

Time rushed by.

Unconsciously, fifty million years had passed.

Omi fiercely opened his eyes.

"Phew." Omi heavily protruded a breath.

Because it had been too long since he had exhaled, Omi's exhaled breath was cloudy.

"The Three Nothing Fields, I've finally researched it, it's just a pity that I only have at most a five meter range field now. However, the most difficult one has been solved, and it's no longer difficult to gradually expand the domain in the future."

"Fifty million years, it's hard to believe. In these 50 million years, I've almost always entered the depth space, and if you include the expansion of the depth space, I'm afraid that I've been researching the Three-Nothing Domain for more than a billion years."

"It's also time to get out."

Omi looked at the few people who were still unconscious not far away.

"Huh." Suddenly, Omi noticed that a few people were missing, Nian Shi was missing, and also, Mu Qianji was missing as well. When Omi had come in before, he had released Mu Qianji and the others, as well as let them feel the rules of the Three Nothing Spaces.

And right now, Mu Qianji, Nianxie, and the Dragon King were missing.

Omi smiled slightly, they had disappeared, which meant that they had gotten a glimpse of the rules of the Three Nothing Spaces, and could get rid of the kind of restraints of the Three Nothing Spaces.

With a wave of his hand, Omi took everyone out.

In the next second, all of them appeared on the ground.

Once on the ground, all of them opened their eyes and woke up, and wowed.

"It's painful."

"It's impossible to study the rules of the three no-space at all."

"By the way, how long has it been outside time?"

You all say one thing and I'll say another.

p; Omi said, "Fifty million years."

"What? Fifty million years ah, how come I don't feel as if I just went in, or as if I've been in for a long, long time."

"Hey, where's the Dragon King?"

Only then did everyone realize that the Dragon King was gone.

Omi said, "When I opened my eyes, the Dragon King, Nianxie, and Mu Qianji were all gone, I'm sure the three of them, they must have peeked through the Three Nothing Spatial Rules, got rid of their bonds, and left, I just don't know where they're going at the moment."

"Damn, they've researched out." There was a burst of envy in everyone's eyes.

At this moment, in the distance, the Dragon King, Nianxie, and Mu Qianji flew over.

The Dragon King laughed, "You've all come out."

The Thunder Valley Master said, "Dragon King, could it be that you have really peeked into the rules of the Three Nothing Spaces? Out on their own?"

"Yes, it wasn't just me, Princess Nianzhi, there was also Mu Qianji, they both peeked through as well. However, they were even faster than me, Nian Tide was the first to come out and I was the last."

"Wow sh*t, why should you guys be able to peek through and we can't." The Destroyer Patriarch said.

The Dragon King laughed heedlessly.

The Lord of the Palace of Worship said, "Dragon King, I'm afraid your strength has increased a lot."

"Of course, after I peeked through the Three No Space Rule, I incorporated this rule into my spells, so my strength has increased dramatically. Just like before, Omi incorporated the Three Spaceless Spatial Rules into his swordsmanship, and became the Three Spaceless Divine Sword, I did the same. So now, you guys are no match for me at all, at least three to four hundred times weaker than me."

"Damn." The Destruction Cultist and the others cursed furiously, the same high level, three to four hundred times weaker than the Dragon King.

The Dragon King said, "Don't be in a hurry to curse, because, there's someone stronger than me, and that's Princess Nian Tide, and Princess Nian Tide's current strength is at least no less than 500 times stronger than you guys."

"What."

Omi couldn't help but look at Nian Tides as well.

However, Omi had nothing to be happy about for her, as Nianxie couldn't be in the same faction as Omi, and even, Nianxie was likely to be Omi's biggest rival behind her, as she was the daughter of the current Immortal Emperor.

Shenni, Gao Xiaolian looked at Mu Qianji, and both of them sighed, they were previously, in front of Mu Qianji, Tang Huan and the others, they had a superiority complex, but it seemed like they couldn't mention a superiority complex at the moment.

It was also true that Mu Qianji was quite competitive.

Tang Huan, Lu Yuxi, Xia Xiaoxin, Xiaobai and other women, all happily ran towards Mu Qianji and said in adoration, "Qianji, you're amazing, you're so admired."

"Wow, worthy of being our big sister, really giving us a fight, not even the high ranking immortals as strong as A Jie and Gao Xiaolian have peeked through, yet you."

Mu Qianji was busy saying, "Alright, don't be divisive."

"Oh." Everyone shut up, it was better not to say so much, lest it seem as if they were engaging in two groups with Gao Xiaolian and Shenni, after all, we were all Omi's women. But they couldn't be blamed for saying that, after all, before that, Gao Xiaolian and Shenni, were indeed much more powerful than them, high above the high ranking immortals. And now, I'm afraid that Mu Qianji's strength had already surpassed Gao Xiaolian and Shenni. Although, Mu Qianji's realm was only at the initial stage of Divine Immortal, and was raised by taking the liquid of Hong Meng.

After making noise for a while, they all looked at Omi.

Omi was the real core, peeking into such things as the Three No Space Rules, people had done it many years ago, Omi had studied it for another 50 million years this time, so perhaps he had taken another big step up.
