

King of kings

2483

The man who walked in had a fierce look on his face.

Ah Can was busy explaining, "Brother You Cong, you misunderstood, he is not my relative, he is."

That man didn't wait for Ah Chan to finish, he immediately roared, "I don't care who he is, get out of here, this is Missy Per Beast Butcher Shop Hunters Public Dormitory, not some stray cat and dog shelter." After saying that, the man didn't forget to glare at Omi, he compared Omi to a stray cat and dog who had come from out of town and hadn't found a place to live for the time being.

Omi said angrily, "Please show some respect, who is a stray cat or dog?"

"Yoho, and a temper." The man called You Cong snickered at once.

Omi wanted to rush up and give a violent beating, but the man was a fifty-horse Lower God, while Omi was only a thirty-horse Lower God, the difference in strength was so great that an ordinary person, even if he was one horse short, would not be able to beat him. Moreover, Omi was still at the stage of using brute force, he didn't know how to apply divine power, Omi hadn't trained towards the application of divine power.

A Can was busy saying, "Big Brother You Cong, this Wind Lightning, he is also the hunting master hired by Big Miss."

"Er." That You Cong was startled.

"How is that possible, the number of hunters in Miss Big's shop is obviously full, there aren't even that many rooms."

"That's why I asked him to share a room with me." Acchan said.

"Hm, is that so." Yusong learned that it was a misunderstanding and didn't want to apologize. First URL

Omi saw that he was leaving and shouted, "Apologize to me and Acchan."

That You Cong looked over at him in amusement and said, "What the f*ck did you say?"

"Apologize to me and Acchan."

"Hey, kid, do you know who you're talking to?"

"You mean, no more apologies, right?"

"Idiot." You Cong not only didn't apologize, but also called him a foolish person.

Omi couldn't contain his anger, too damn bullying.

Ah Can pulled Omi and said, "Light Cloud, forget it, people are at least one star hunter, we still need them to take care of us more when we go hunting in the universe in the future."

When that You Cong heard this, he said, "A Can, what you mean is, this kid is a non-entry level hunter?"

"Uh, yes." Achan nodded apologetically.

That You Cong got annoyed and said, "Damn, an inferior level hunter, daring to be arrogant in front of me, what the hell."

Saying that, You Cong came up in exasperation and raised his hand, wanting to slap Omi.

However, as soon as You Cong's hand was raised, a voice came from the doorway, "Stop."

When You Cong heard the voice, he was busy dropping his hand, this person, was the captain of their hunting team, a two-star hunting master, whose strength was a ten horse medium god, You Cong could not dare to be arrogant in front of him, because, this their relationship was not good.

But at that moment, a slap slammed into You Cong.

"Pah."

The whole world went quiet.

Acchan covered his mouth in disbelief and looked at Omi.

That's right, the person who suddenly slapped You Cong was Omi.

You Cong was now stupid and startled, he was going to slap Omi, if he wasn't afraid that the captain would take advantage of the opportunity to deal with him, he would have slapped Omi to death. But he didn't expect that as soon as he lowered his hand, Omi slapped him instead.

The captain who was standing at the door to walk in was also startled.

In his mind, he said, "Damn, who is this person, so hangry, only thirty horse lower gods, and he dares to slap You Cong, a fifty horse lower god."

Right at the moment when You Cong was stupid.

"Slap." With another slap, You Cong was smacked by Omi again.

"You." You Cong reacted this time, furious, and looked like he wanted to kill Omi.

The captain was busy, "What are you doing, did Missy invite you to fight? Yoshio, you f*cking stop it."

The captain came up and grabbed Yucong's hand.

You Cong was so angry that he had to jump to his feet, wondering if the captain was in cahoots with Omi.

Omi took over and slapped Yucong twice, feeling free.

Although Omi couldn't beat You Cong, Omi knew that Missy had absolute deterrent power, Omi didn't care so much, he slapped You Cong twice first. After slapping, Omi found a reason to say that he was a distant relative of the eldest sister, and asked A Chan to give false testimony as well, so that You Cong, the villain, would certainly have to weigh the situation, and might want to find out if it was true or not. After he had probed the truth or falsity, perhaps, Omi's strength had surpassed him.

That was why Omi dared to slap him.

However, unexpectedly, there suddenly came someone who seemed to be the captain, and Omi temporarily wondered why he was helping Omi.

You Cong raged, "Captain, he's the one who slapped me, you saw it, what do you want now that you're grabbing my hand?"

The captain asked, "What the hell is going on here?"

"It's a fact that he slapped me, do you need to know what happened?"

The company has been in the process of developing the new product for the past two years, and is now in the process of developing the new product for the next two years. I am of course very angry, A Chan explained my identity, this guy, but also did not apologize to me, but also want to slap me, fortunately you are back. After that, you also saw what happened, this big brother, your name ah, today you helped me once, in the future I will be in front of my cousin to speak for you."

Omi's tone in one breath was the very hanging kind, and also threatened to give the captain good words.

So, the captain was startled and asked, "Who is your distant cousin?"

Omi was about to say that it was Missy, but, suddenly, he thought that there was a flaw in saying so, and that it would be easy to investigate the truth. So, Omi, Omi changed his words and said, "My distant cousin, has a very close relationship with the eldest miss, what exactly is the relationship, I'm not at liberty to say, after all, my distant cousin doesn't allow me to play her relationship here and get any special care."

"Er." The captain was startled, and so was Acchan, who was confused, "Is that really the case?"

Can wasn't sure if it was or not, after all, Missy had only asked him to take Omi to register as a hunter, and didn't say that he had any relationship with Omi.

That captain, seeing that Omi was a somewhat connected person, became polite to Omi and smiled, "Brother, don't be polite, I'm the captain of the huntmaster in Missy's shop, my name is Tianhai."

"Hello, Captain Tianhai." Omi smiled slightly.

That You Cong was really depressed at the moment and grunted, "Captain, don't be fooled like a fool, don't be fooled like a fool, who can prove that his cousin is really someone who is close to Missy."

Omi walked up and said, "You Cong, look at what's above your head."

Youcong looked up.

"Pah." The next moment, a slap slammed on You Cong's face.
