"Ugh, I really don't know why, old Sang-senpai is doing such a boring thing."

"A boring person doing boring things, instead he thinks he's interesting."

"I think they, the God Emperors, are all living too boringly, looking for nothing."

"Xiao Qiu, you go down, I'll be alone."

"Yes, Miss."

After that maid left, her colleague told her, "Little Autumn, there's someone coming to see you."

"What kind of person wants to see me?"

"It's a hunter, he says he's a hunter at Per Beast Butcher, and he wants to ask you something."

"No see, not in the mood."

"He says it's important, if you'll see him he'll give you the liquid of the Hongsong as payment, by the way, he says it's about the identity of that new huntmaster, Wind Lightning."

"Wind Lightning Cloud." As soon as she heard Feng Qingyun, who was originally missing, that maid, Xiao Qiu, agreed to meet her. The first website m . kanshu8.net

Soon, Akki met the hunter.

"Was it you who wanted to see me?"

"Yes."

"What's your name?"

"Back to Sister Xiaoqiu, my name is You Cong."

"What do you want from me?"

"Our hunting team, recently came a man named Wind Lightning, this man, very arrogant, slapped me a lot on the first day, he said that his cousin is a good friend with Missy, and has a backstage, so we all scruple him, we are all sucking up to him, even the captain bows to him like a grandson. I was unjust in my heart, so I came here to ask if the Eldest Miss really has a friend who is a distant cousin of Wind Lightning, I also hope that Sister Xiao Qiu will help us inquire about these Hong Meng Liquid, a small token, please accept it."

That maid Xiao Qiu was already extremely disgusted with Omi, but now she still heard that, pretending to compare in the hunter's dormitory, she was furious.

"No need to pry, there is no such thing, what kind of trash, an outer world creeper, where does a distant cousin come from who is a friend of the lady?"

"Are you sure, Sister Autumn?"

"Crap."

"That's good, we finally know the truth, go back and set. Sister Xiao Qiu, this bit of Hong Meng liquid, please."

However, that maid snorted, "No need, this little bit of Hong Meng liquid of yours, this girl can see it, get out."

"Yes yes yes."

You Cong left with great joy, hehehe in his heart, "Wind Lightning, you're finished, now, I'll see if the captain and vice captain, will not pull your skin."

Omi was in a great mood after parting with Old Sang Senior, so he went out on the streets, up many divine Beast Meat Shops, and consumed hundreds of millions of drops of Hong Meng Liquid before returning to the Per Beast Meat Shop's group quarters, ready to say goodbye to A Chan and the others, and then report to Old Sang Senior early tomorrow morning.

Omi returned to the Per Beast Butcher Shop's dormitory.

"Wind Lightning, where have you been?" The captain saw Omi ask, but the captain's tone was a little different.

"Uh, Captain, what is it?"

"Windswept, I ask you, where to." The captain's voice got a little louder.

In his heart, Omi said, "Strange, did the captain take the wrong medicine today?"

Omi said, "Captain, where did I go that I need to report to you? Which onion are you?"

Team Lightcloud, you're f*cking looking for death."

At this moment, the captain was very angry, because he knew the truth.

It turned out that Wind Light Cloud was simply a fake, deceiving everyone and causing the captain to respect Omi as an ancestor.

When Omi saw the captain's expression, he smiled, "Captain, look at your watch

The situation is not good, I'm afraid."

"Wind Lightning, you son of a bitch, you don't have any distant cousins at all."

Omi nodded, "Yeah, no, it's all a lie to you fools, I didn't expect that you fools were really fooled by me, hahaha, hahaha."

The captain's veins flared.

At this time, from various houses, eight or nine more people came out, including You Cong and the vice captain. Of course, Acchan was not among them.

Omi said, "Look at this situation, I'm doomed today."

Omi immediately lifted his spirits, after all, there were several middle-grade gods on the scene, no matter how ungodly Omi was, he would only be able to defeat the lower-grade gods if he survived to death, missing the divine domain by one, Omi was no match at all.

You Cong grunted: "Wind Lightning, you're still arrogant to show everyone ah, you trash, scum, don't you have a distant cousin who is a friend of Miss, go and call him out ah."

Omi laughed, "Bunch of idiots, I tricked you, now you're annoyed."

The vice captain shouted, "Shut up, Wind Lightning, do I swear, today next year will be your festival day."

"Really, my festival day, I'd like to see how to make a festival day." Omi was also a bit forced at the moment, and I don't know, how did they know the truth of this matter.

You Cong said, "Captain, Lieutenant, stop ribbing with this pussy, slaughter it."

The vice-captain said, "I'll slaughter him and take him down in pieces."

After saying that, the vice-captain dashed up to Omi.

"Drink." The vice-captain struck out with a palm strike, although his palm technique was ordinary, but he was a middle-grade god, the divine power of a middle-grade god was completely different and much stronger than that of a lower-grade god. It was impossible for Omi to open the middle-grade divine power no matter what.

Omi felt like he was locked in, thinking it was going to be the end.

However, in the next second.

"Bang." When the vice-captain slapped Omi, suddenly, Omi's body burst out with a counter-shock force, the counter-shock force instantly collapsed the vice-captain into pieces, even the gods collapsed and automatically scattered, leaving only one divine grid falling to the ground, as for the corpse, it had already collapsed into pieces.

Everyone's face changed, the vice captain killed Omi, but was instead directly collapsed by the anti-shock power of Omi's body.

"How is this possible?"

Omi himself was a million times more unexpected.

Omi wondered if it was Old Sang Senior who had done something to Omi's body.

Omi didn't think about it that much and laughed, "You guys are still too young to want to kill me, whose turn is it next? Captain, is that you?"

"Pounce." The captain's whole body went down on his knees.

“What are you doing down on your knees, get up, get up and kill me, I’m a liar, I lied to you.”

“Pounce.”

“Pounce.”

Everyone knelt down.

“Windy, I’m sorry, I was wrong, I was blind, I shouldn’t have listened to Youcong and doubted you, I’m sorry, please forgive me.”The captain said with a kowtow.

Omi snorted coldly and bent down, picking up the vice captain’s divine medallion.

It was a mid-grade God Grid, still quite valuable, which meant that it could be made into a mid-grade God.

Omi said, “Captain, kill You Cong.”

“Ah, this.”

“I’ll count to three, one.”

“Bang.”Omi had only finished counting one when the captain slaughtered You Cong, knelt down and brought You Cong’s God to Omi and said, “Master, please smile.”
