Shopkeeper Two looked at Ziyue and said, "Sorry, I'll untie it for you first."

"Unfortunately, with Shopkeeper's strength, where can he untie the rope on Ziyue's body, it was tied by a God Emperor level person."

"I can't untie it, I'm leaving first." So, the shopkeeper took the money and ran away excitedly, it was perhaps the most money he had ever seen in his life.

Not long after, the group of Godkings arrived at the Heavenly Rift Restaurant, and one of them shouted, "Who's called Wind Lightning?"

A man stood up and said, "Senior, I am Feng Qingyun, you."

"Arrest."

That Feng Qingyun was arrested before he even finished speaking.

"Ah, what are you guys doing."

"Hmph, Feng Qingyun, I finally caught you." The leader of that group of God Emperor said.

"I have no quarrel with you guys, so why are you arresting me."

"You'll know when you go there, hahaha." Remember the URL .kanshu8.net

At this moment, at the inn, omi returned.

"Ah, Wind Lightning, how are you? Aren't you at the rift restaurant? You?"

"Don't worry, that was me working with the shopkeeper to trick them, and I just happened to run into a guy with the same name as me, no, a guy named Feng Qingyun, so I thought I'd try to see if I could fake it. Don't say anything now, just go." omi tried to untie the rope, but, found that it wasn't so easy to untie.

Helplessly, omi could only throw the purple leaf into his spatial ring.

The reason for throwing it into the spatial ring was that the purpose was to avoid the other party finding it through that rope when they found out that it was wrong.

omi quickly left the inn.

At this moment, at the Heavenly rift restaurant, one of the Godkings said, "Boss, why do I feel something isn't right."

"What's wrong?"

"Didn't the higher-ups say that Wind Lightning was a very talented person, and at the moment, this person seems to be quite old."

This check, it was true.

"Oh no, this Feng Qingyun is a fake, quick, go back to the inn."

So, that Feng Qingyun was chopped to death with a palm strike, those God Emperors immediately went back to the inn, they never expected that a weak shopkeeper would deceive them, and, offhand, that Ziyue was acting so realistic and nervous as if it was real, if it wasn't, they definitely wouldn't have been deceived, and even if they were, they would have left one person to guard the inn.

"Bastard." That God Emperor led the group in fury.

"Boss, we blundered, it's reasonably impossible, that Purple Leaf had no chance to collude with the shopkeeper, there's no way Purple Leaf could be so nervous."

"How should I know."

This was omi's cleverness, omi telling Shopkeeper that there was no danger was guessing that Ziyue would definitely cooperate most sincerely with his deception.

That group of God Kings, soon returned to the inn, but unfortunately, the inn was already empty.

"Son of a bitch." The leader of that God Emperor had smoke coming out of his nostrils in anger.

"Boss, we've been tricked."

"Quickly go look for them, they must not have gotten far yet."

"Yes." A few were God Emperors and set off.

At this moment, omi had already reached the entrance of the Divine Plains Phantom Forest.

"What the f*ck, what should we do? Did I flee into the Divine Plains Youkai Forest?" omi was in a bit of a dilemma at the moment, even if he escaped into the Divine Plains Phantom Forest, it was almost evening and he had to come out at night. If he came out, God knows if he would be caught, what should he do?

"Ahhhh, what do I do? Master, Master, where the hell are you, come and save me." omi's heart cried out.

omi didn't dare to put Ziyue

Come out, just in case they find it.

Just then, one suddenly came out from the Divine Plains Youlin.

"It's you?"

"It's you."

omi and that person were startled at the same time.

That's right, the person who came out of the Divine Plains You Forest was the same person who wanted to duel with omi at the previous Super Banquet, the sixty-horse Middle God Group Champion Ouya.

"Wind Lightning, why are you here?"

"Ou Ya, why are you here again." omi said, this Ouya, still so beautiful, gave off a dignified and serious feeling.

"Why can't I be here, I just came out of the Divine Plains You Forest, after a day of training, did, you just came out too?"

"No, I was just about to go in."

"It's going to be dark soon, why are you going in there?"

"I, oh, why did I have to be so clear with you."

"Forget it, count me out, by the way, the last time at the Super Banquet, I wanted to have a showdown with you, but you said next time. But after that you all disappeared, when are you free, let's have a duel."

omi said bitterly, "I'm not in the mood to duel with you right now."

"Also, you're definitely not in that mood right now."

"What do you mean?" omi asked, feeling that Ouya had something to say, and with another group of God Kings looking for omi today, something must have happened that omi didn't know about.

"You don't know?" Oya's brow furrowed.

"I don't know, I've been here for two years."

"You seriously don't know?" Oya asked again.

"I really don't know, you tell me."

Ouya: "Your master, Elder Sang, died not long ago."

"What." omi was dumbfounded, his master died?

"Yes, I thought you knew."

"How did my master die?" Don omi grabbed Oya's arm and said.

"How do I know, it's just dead anyway, you're hurting me by scratching me." Ouya could see that Don omi was agitated and hurt from the scratch, but didn't push him away forcefully.

Ouya said, "You have to mourn."

omi said with red eyes, "When did my master die?"

"It was not long ago, I don't know exactly when, because the time I learned of Old Sang's death was definitely not the exact time of his death, no one knows how your master died, but this matter was very sensational over in the main world, after all, the death of one of the Ten Great God Emperors."

omi sat on the ground with his butt on the ground, in his heart he said, "Why, why did Master die?"

omi couldn't believe that this was true, one of the Ten Great God Emperors ah, there were only a few people who could kill him.

"Wind Lightning, now that your master is dead, you should be in a bad situation." Ouya asked.

"How do you know?"

"Guess, when you were at the Super Banquet before, you made quite a few enemies, even if you didn't, it made many people uncomfortable looking at you, I think, once Old Sang died, many people wanted to fix you."

omi's heart pulled out cold, not because he had lost a dependency, but why did Old Sang, who was such a good person, die for no reason.

Ou Ya saw that omi was in a bad mood, and did not have the intention of continuing to disturb him, saying, "Wind Lightning, you have to cheer up, there should not be many people who know that you are here now. Of course, if I were you, it would be safer for me to go to a small world first, alright, I won't bother you anymore, I'm leaving first, I'm staying at the Hulai Inn, if you need any help from me, you can come to me."
