

## Chapter 331

“Ah.” Everyone saw Lin Chaofeng vomit blood, shocked and stunned, Lin Chaofeng but Linjiang City in the past ten years the most talented youth ah, received the Martial Arts Academy to invite the admission notice youth ah, in the hands of Omi, a move without blocking and vomited blood.

At this moment, even Xu Mei Qian are dumbfounded, Xu Mei Qian before admiring Lin Chaofeng, also received the admission notice, and Lin Chaofeng martial arts level has been 70, but at this time, Omi a second hit to him spit blood.

While everyone was stunned and incredulous, Omi grabbed Lin Chaofeng again.

“Pah.” Omi slapped down hard.

“Say, can I rate you as scum?” Omi grabbed Lin Chaofeng’s collar and asked.

Lin Chaofeng’s face swelled up and roared, “I don’t believe it, this must be a dream.” At this moment Lin Chaofeng was blinded, he couldn’t believe that this was real.

“Pah.” Omi slapped again.

“Say, can I rate you as scum?” Donzie asked again.

Join Telegram Group For Fast update

“This must be a dream, ooooh, dream, please wake up soon, dream, ooooh.” Lin Chaofeng cried and yelled, pleading with the dream to wake up soon, how hard it was to accept reality.

Lin Chaofeng's face was already swollen, Omi grabbed another handful of mud on the grass and stuffed it into Lin Chaofeng's mouth.

Lin Chaofeng coughed desperately, Omi asked, "Is the dream awake now? That camera, come over here and give the first youth a close-up, so the city can see what the most talented youth of the decade is like." First URL m. .net

"Oh." The cameraman put the camera on Lin Chaofeng's face.

Omi grabbed Lin Chaofeng's hair, leaned in front of the camera and said, "People of the city, see, this is the number one outstanding young man you are proud of, everyone open your eyes and look a little closer."

Lin Chaofeng cried and yelled, "Omi, you mother than, let go of me."

"Damn it, and you dare to curse me."

Omi punched Lin Chaofeng's abdomen again.

"Poof." Lin Chaofeng spurted out another mouthful of blood.

Omi hoisted Lin Chaofeng up and said to the camera lens, "People of the city, do you see what's going on? Am I in a position to call him scum? Does the whole city agree with my assessment of him as scum? If you disagree, I'll keep fighting."

"Bang." Omi punched again, and Lin Chaofeng spurted out another mouthful of blood.

"Bang."

“Poof.”

“Bang.”

“Pfft.”

With every punch Omi threw, Lin Chaofeng spat out a mouthful of blood.

After about three minutes, Lin Chaofeng cried out, “Stop fighting.”

Omi said, “The people of the city haven’t agreed yet, so I still have to fight.”

“Don’t fight, I’ve agreed, woohoo.” Lin Chaofeng cried.

“What? You’ve agreed to it yourself? But I asked the people of the city if they agreed with it, not you,” Don Omi said.

At that moment, the show’s host said, “Don Omi, don’t fight it, I agree with it too.”

“I agree too.” The photographer said.

“I agree, too.” Many citizens in the audience agreed.

“OK, since the people of the city agree with me that he’s scum, I’ll stop fighting.” Omi threw Lin Chaofeng away.

Omi suddenly remembered that he had just said 'ok', and Omi's heart burst with joy: "Haha, I can actually speak English now, I'm so cool!"

Than ah."

Omi was feeling so good about himself because he spoke English.

Lin Chaofeng was helped away and the live camera was still filming Omi.

The host handed over the microphone and asked, "Omi, you just defeated Lin Chaofeng in one move, why are you this awesome?"

Omi smiled at the camera, "Because I'm Omi."

"Then you didn't worry at all that something would happen if you just hit Lin Chaofeng like that? As far as I know, Lin Chaofeng's grandfather is one of Linjiang City's eight masters, oh, and his martial arts level has already exceeded 80."

Omi laughed, "Lin Chaofeng's grandfather is an eight master, huh?"

"Aren't you afraid that his grandfather will get angry?" The host asked.

Omi picked up a stone on the ground and said to the camera, "Look, everyone, this stone is like Lin Chaofeng's grandfather, Omi my two fingers in one."

"Pah." The rock was exploded by Omi's two fingers.

Omi said, "Alright, I've clipped Lin Chaofeng's grandfather to burst."

Everyone at the scene saw this scene and had only one word to describe Omi, arrogant. He went so far as to analogize Lin Chaofeng's grandfather with a rock in public, and then said that he had pinched him to burst. Lin Chaofeng's grandfather to, definitely to burst with anger, at any rate is Linjiang City's famous eight masters, martial arts level of 85, such a high level, that is the existence of ordinary people do not dare to look up to.

The host asked, "Omi, if you are so powerful, then why weren't you accepted into the Martial Arts Academy?"

"The Martial Arts Academy?"

"Yes, but Lin Chaofeng was accepted by the Martial Arts Academy, and it was a notice of invitation to enroll, which means that Lin Chaofeng has great potential in the future, even if he's not as good as you now, he has great potential in the future, you weren't accepted by the Martial Arts Academy, he'll surpass you sooner or later."

Omi bent down, pulled out a gold medal from his shoe and said, "Are you guys talking about this gold medal?"

"What? You you you also received a notice inviting admission?" Everyone was shocked when they saw the gold medal that Omi took out.

When Xu Mei Qian saw Omi take out the gold medal, her body trembled, she never thought that Omi had received it as well.

The host said excitedly, "Omi, you actually received the gold medal from the Martial Arts Academy, oh my god. But, why did you put the gold medal in your shoe?"

“Oh, the heel of this shoe knocked a layer, with the other shoe a high and a low, just happened to see this gold medal is quite similar to the insole, so I stuffed it into the shoe for a cushion.”

“No way, other people receive gold medals as ancestors to be offered up, why are you using it as a shoe insole?”

“Oh, it’s just a broken gold medal, the really strong ones don’t enter the Martial Arts Academy with a gold medal, they just walk right in.”

“So, you think you’re a strong man, huh?”

Don Omi said, “What, host, do you have a problem with that? Come on, let’s have a fight in front of the city too.”

“No no no.” The host was scared and backed away.

Omi also felt that the arrogance was almost over, and stopped at an appropriate time, waving his hand, “Alright, that’s almost enough, school is still in session, everyone hurry up and leave, nothing to see here.”

All the people society came up with this just left, what just happened is really incredible, just don’t know how Lin Chaofeng that grandfather will react after seeing the TV.

Liu Chenming wasn’t in a hurry to leave, right now he was both happy and lost inside. Happy that Omi had received the notice from the Martial Arts Academy, and lost that Omi was going to leave their home after all.

Xu Mei Qian was also very shaken inside at the moment, a bit incredulous, all along, in her impression, Omi was weaker than her, all of a sudden, Omi became much stronger than her, and also received a notice from the Martial Arts Academy. Xu Mei Qian now regretted letting her sister go home a bit, Omi was so promising, she should have let her sister continue to fall in love with Omi.

However, Omi had already entered the Martial Arts Academy, and her sister wouldn't be worthy of Omi if she didn't work hard to discover the Rendui Vessel, so it was good to go home early and work hard to discover the Rendui Vessel. Moreover, her sister was already engaged to be married, no matter how much she talked, it would be fruitless.

Willow Chenming walked up to Omi and smiled, "Omi, when did you receive your admission notice from the Martial Arts Academy?"

"Uncle Willow, I'm sorry I never told you."

"It's okay, I'm happy that you received the acceptance letter, and I know that someone as good as you can't be a bodyguard in my house for the rest of your life."

"Uncle Willow, don't say that, in my heart, you and Miss are my family."

Willow Chenming was touched and said, "I'm really touched that you can say that."

"Alright, Uncle Willow, you go home first, we'll talk about anything else at home."

"Okay, then you go to class."

Omi returned to his class and the school gradually quieted down.

Omi looked up and saw that Liona, who was sitting in the first row, was not in the class. Remember the URL . . . net

“Hey, where did the lady go?” Omi’s heart was puzzled.

Carlos said, “Liona has just gone upstairs, I think it should be on the roof.”

Omi arrived at the top of the stairs and indeed saw Liona alone, looking lonely, sitting in a corner, not knowing what she was contemplating.

“Miss.” Omi walked up, seeing Miss looking so lonely, Omi felt a pity for her, she must have felt sad because Omi had received the gold medal from the Martial Arts Academy and would soon be leaving her home.

Liona looked back at Omi and said angrily, “Why did you come up here, you go down.”

“Miss, you’re hiding on the roof by yourself, what are you sad about?”

“It’s up to you.”

“Is it because I’m quitting, Miss? So in a bad mood?”

“No it’s not, I’m happy that you received the notice from the Martial Arts Academy.”

“Then you’re still so sad.”

“Where am I sad, I’m just happy.”

“Glad why are you hiding on the roof to come.”

“Don’t mind me, I want to be alone for a while, you go down.”Liona pushed Omi down.

Omi sighed and suddenly saw that Liona’s eyes were wet.

“Miss.”

“Go down, okay, I want to be alone.”Liona pleaded, perhaps because she was afraid of tears and didn’t want Omi to see it, after saying that, she quickly turned her head.

Omi did not go down and hugged Liona.

Liona’s body trembled and whimpered as she cried out, “Don’t misunderstand, I’m really happy for you.”

Omi chuckled, happy and still crying, but Omi understood that she was leaving because she couldn’t bear to leave.This was Tang.

The reason why Omi didn’t want to say this so early before, so that the whole New Year is probably not very happy, Omi regretted that he just took out the gold medal.

“Miss, even if I leave later, I’ll still come back, it’s not like I’m saying goodbye forever, besides, the year hasn’t even passed yet, it’s still early, you start crying now, but I’ll think you want to drive me away now.”

“It’s not.”Liona gushed.

“Oh, then don’t cry, let’s talk about it after the New Year happily.”

Only then did Liona stop crying and Omi wiped her tears away.

Omi looked at Liona so closely, and suddenly, a thought flashed through Omi’s mind.

“Miss shouldn’t have fallen in love with me, right?” Omi said internally.

Thank goodness, Omi, the big dumb ass, finally realized it.

“Miss, go back to your class.”

“Mm.” When Liona and Omi returned to class together, Omi’s mood turned complicated when he realized that Liona was likely to like him.

“What if Miss really likes me?”

“I, Omi, am famous for my pure love, only my sister doesn’t love ah.”

“Miss actually she is really beautiful, if I really have to leave her after years, perhaps, I will really be quite sad to leave them, I already consider them as family.”

Once upon a time, in Omi’s world, there were so many beautiful women chasing Omi in the Jianghu world, but Omi was unmoved, and there was even a beautiful woman who turned against him because she couldn’t have him. Even so, Omi still only liked his senior sister, he was famous for his pure love ah.

“If Miss really likes me, what should Omi do, alas, I really don’t want to hurt her.”

“Currently, I’ve never thought about my own feelings because I still love my senior sister inside. In my previous life, I wouldn’t have moved on even if I had turned against the Demon Princess. But now, it’s no longer my past life, and it’s still unknown whether I can really go back in time in the future, and I’m afraid that even if I do, it will be decades from now, and my sister will have married long ago. I can’t keep holding on to my past feelings either, I should really start my own life too.”

“Is that so? Should I be completely integrated into the world? To marry and have children here?” Omi muttered to himself, looking for all kinds of reasons to completely forget his senior sister, completely forget the past, but he could never make up his mind. There were eighteen years of memories from the past in his mind, and this era was only a little over a month old, how could it replace the past.

“Don’t think so much about it for now, just take one step at a time, besides, it’s still not certain if Miss really likes me or not, it’s just my assumption.” Omi forced himself not to think about it so much.

Omi wasn’t a person who was so easily moved, otherwise, in his previous life, he and the Demon Princess, how could they have turned against each other. That Demonic Princess, at first, really liked Omi very much, sending flowers, wine, clothes, anything that moved people, but Omi still had no feelings for her. But Omi still had no feelings for her. Later, the evil princess grew to hate Omi and turned against him because of her love. That Devil Princess, her beauty in the Jianghu, was on par with his little sister, who was named ‘the first beauty of the Jianghu’, while the Devil Princess, was ‘the first beauty of the Devil’s Way’, one good and one evil. One of the reasons Omi didn’t like the Devil Princess was because good and evil didn’t go hand in hand, and no matter how many touching things she did, Omi only had his junior sister in mind.

After turning against the Devil Princess, she started to want to kill Omi, and since she couldn’t get it, no one else could either..

That demonic princess was very skilled in martial arts, no less talented than Omi, and was one of Omi's most feared enemies in his previous life, Omi could only fight her to a draw every time, and almost died several times from her evil methods. Omi was a righteous person who would not use evil means, and it was quite depressing to be killed by such a strong enemy who wanted to kill him at all times. No matter what, Omi always had guilt in his heart for her love.

All of these things were in the past, and Omi didn't want to think about it anymore.

If Liona really liked him, Omi would have a hard time. Omi summed up a truth of life in his previous life: people, really can't be too good, if they are too good, they will be haunted by too many beautiful women, if there is a next life, he doesn't want to be so good anymore.

Unexpectedly, Omi's words really came true, he really had a next life, crossing over here, Omi really worried about going on the old path of his previous life again, because he was too good and was pestered by too many beautiful women.

At this moment, in a certain large manor on the outskirts of Linjiang City, an old man around sixty years old, his eyes watching the television.

On the TV, Omi was holding a rock and said that he had already crushed Lin Chaofeng's grandfather to burst.

This sixty year old man was the eighth ranked expert in this Linjiang City, called Lin Changbing, with a martial arts rank of 85.

"Grandpa, Omi has insulted you like this, what are you going to do now?" Next to him, Lin Chaofeng, whose face was swollen into a pig's head, asked.

Lin Chang Bing's gaze revealed a hint of gloom.

“Omi, a yellow-haired brat who doesn’t even take old man so seriously.”

“Grandpa, when Omi beat me, his strength was inscrutable, will he be stronger than you?” Lin Chaofeng asked. A second to remember to read the book.

“A high school student, I don’t believe he’s really against the world.”

“Grandpa, what are your plans?” Lin Chaofeng asked.

“What do you want me to do?”

Lin Chaofeng said, “I’m so disgraced today, there’s no way I’m going to let him off the hook, grandpa, I hope you’ll also let him make a fool of himself and eat mud in public, hit him hard.”

“Good, then grandpa I’ll challenge him publicly, and since he made me sound so disdainful, it’s just what the people of the city want for me to challenge him.”

“Grandpa, I’ll help you post at the Linjiang Window.”

“No, just call the TV station and ask them to arrange it.”

In the afternoon, Omi was in class when he received an unfamiliar phone call.

“Hello, Omi, I’m the director of Linjiang TV station, it’s like this, you provoked Lin Changbing in front of the program in the morning, Lin Changbing was very unhappy about it and he wanted to ask you to fight.”

Omi asked, "Who is Lin Changbing?"

"Lin Chaofeng's grandfather, in our entire Linjiang City, the eighth ranked expert in martial arts, his strength is about level 85."

Omi Oh, although 85 was not bad, a bit strong, Omi had little interest. However, Omi said that he would no longer be high profile, so he should only agree.

"Okay, but there's one condition to add."

"What condition?"

"Lin Changbing must slap himself ten times in public before challenging me, just as punishment for challenging me. After all, you know that it's damaging to my name to have someone who is too lowly to fight with me. If that Lin Chang Bing agrees to this punishment, I'll accept his challenge, otherwise, it's hard."

"This." The TV station's director cursed in his heart, "Omi, you're too crazy to want to fight you in a duel, but you still have to slap yourself in public first, or else you won't accept it."

&nbsp;

; "I'll talk to Lin Changbing about this, you wait for my reply."

The TV stage immediately called Lin Changbing, "Senior Lin, I've already called Omi."

"Has he accepted my challenge? When and where is the time and place?" Lin Chang Bing asked.

“This, Senior Lin, Omi said that you’re too low level and it’s a bit difficult for him to accept your challenge.”

“What?” Lin Chang Bing’s body trembled with anger, it was so insulting, he was the eighth best expert in the city, if it wasn’t for the bullying of his grandson, he would never have humiliated himself to challenge a high school student. However, the other party actually considered him too lowly... God, Lin Chang Bing had lived for so many years, and this was the first time he was so angry.

At that moment, the stage manager said, “However, Omi said that it’s not impossible for him to accept your challenge, one condition must be added, that is, before challenging him, you must slap yourself 10 times in public, then he will reluctantly accept your challenge, otherwise, with his status, he might not be able to accept it.”

“I pooh, he has a fart status, he’s really pissed off at me.” Lin Chang Bing was so angry that he almost didn’t spit blood.

Hesitantly, Lin Chang Bing roared, “Fine, go tell that son of a bitch that I accept it.”

“That’s fine, I’ll go and tell him.”

A moment later, Omi received another call from the station manager.

“Omi, Lin Changbing has accepted your terms.”

“Oh, okay, then I’ll reluctantly fight him.” Omi said.

That station cursed in his heart, “Still reluctantly, I pooh, even I can’t see past that, I really hope Lin Changbing, senior, blows up this arrogant Omi ah, this kind of person, if you don’t give him a little bit of credit, he will really be lawless. In the evening, I want to broadcast this news in its original form, so that all the people in the city will know this arrogant and arrogant face of Omi.”

The station manager said, "Then let's set a time for it."

"Oh, let me indeed time ah, then tomorrow at noon."

"The location?" The station manager asked again.

"Location, ah, whatever, all at once anyway, it takes more time to take a piss than a fight," Omi said.

The station manager was upset, "Omi, what do you mean, it takes more time to take a piss."

"It was already ah, it would take me at least half a minute to take a pee, but a fight with Lin Chang Bing can be over in a few seconds. So, it's only a few seconds, no need to make it too complicated la, just find a random street corner."

"Omi, since Senior Lin Changbing entrusted our TV station to handle this matter, how can we be so casual."

"Oh, so, then let's do it on the Linjiang River."

"Okay."

Hanging up the phone, the TV station director prayed, "This kid's tone is really crazy, God must bless, let senior Lin Changbing beat Omi to a pulp tomorrow."

Omi hung up the phone and laughed.

After school in the afternoon, Omi and Liona still went home together, and Liona cherished every minute and second of coming home from school with Omi. Liona took out her phone to take a video.

“Miss, what are you doing?”

Liona said, “I’m going to take more videos up and use them as memories later.”

In the future, when Omi is gone, if she misses him, she’ll take videos out to watch.

Omi rolled his eyes speechlessly and allowed Liona to film him.

334

At night, Linjiang City was broadcasting a news story.

“Yesterday morning, Linjiang City’s number one outstanding young man, Lin Chaofeng, was severely beaten by a student from Baiyun Middle School, named Omi... It turns out that Omi, who is only eighteen years old, has already received an admission notice from the Martial Arts Academy, and he is far stronger than Lin Chaofeng. However, this was supposed to be a good thing, but unfortunately, Omi was too ignorant. Lin Chaofeng’s grandfather, Lin Changbing, made an expression about his grandson being beaten, but unfortunately, Omi is too crazy, so Lin Changbing is going to challenge Omi to a duel at Linjiang River tomorrow at noon.”

“Many citizens doubt that Omi will be stronger than Lin Changbing, after all, Omi is able to spike Lin Chaofeng. For this, our reporter interviewed Lin Changbing himself.”

The camera on the TV immediately switched and a reporter asked Lin Changbing.

“Senior Lin, many citizens now suspect that Omi’s strength might be above yours, Omi is able to spike your grandson, would it be too risky for you to rashly challenge Omi now that you don’t know his details?”

Lin Changbing said angrily, “My grandson was beaten, should I remain silent? Even if I wasn’t a match for Omi, I would still go to fight for my life, that’s the basics of being human. Do I pretend not to know and let my grandson get beaten for nothing because I’m afraid that Omi is stronger than me?”

The TV camera switched back to the host, who said, “Regarding Omi’s strength, the reporter also went to visit the number one expert in Linjiang City, Fang Zhengjun. Let’s see what Fang Zhengjun says about Omi.”

The TV screen switched again.

A reporter handed over the microphone and said, “Senior Fang Zhengjun, everyone knows that you are an outer-door level expert, the resident number one expert in Linjiang City, have you heard of Omi as a student?”

“I’ve heard that Omi is indeed a genius, far more powerful than that grandson of Lin Changbing.” An old man said, this old man was about seventy years old.

The reporter asked, “Then who do you think, Omi or Lin Changbing, is more powerful?” First web site m . .net

Fang Zhengjun smiled, “No matter how powerful Omi is, he is still a high school student after all, Lin Changbing is already over sixty, even if his martial arts level is lower than Omi, his combat experience is enough to spike Omi. However, I quite admire this kid, hopefully he will be in Lin Changbing’s hands tomorrow, let’s hope he can last a little longer undefeated, but no matter what, the fact that he can fight Lin Changbing, an old guy, is enough to show that Omi is the first day genius in Linjiang City for thirty years.”

“Wow, Senior Fang Zhengjun, I didn’t expect you to have such a high opinion of Omi, how can you be so sure?”

“Oh, I, Fang Zhengjun, at any rate, am an outer door realm expert, the only one in Linjiang City who has reached the outer door realm, if I can’t even tell a person’s approximate strength, what am I still hanging around for.”

At this moment, at Liu Chenming’s house, Omi was watching TV.

In his heart, Omi said, “I didn’t expect that Linjiang City has an expert above the outer gate realm, and I don’t know what outer gate realm it is.”

Liu Chenming walked over and smiled, “This is Senior Fang Zhengjun, the highest ranking person in the entire Linjiang City, and the head of the Zhan Long Hall of Linjiang City.”

“Uh, the Hall Master of the Zhan Long Hall?”

“Yes, the three strongest experts in Linjiang City, Fang Zhengjun, Gu Tianhe, and Liu Qiyun, are the owners of the Zhan Long Hall, the Transformation Dragon Hall, and the Wind Cloud Hall respectively. However, only Fang Zhengjun has stepped into the Outer Gate, so the three irregular forces in Linjiang City, Zhangyu Dragon Hall is the strongest.”

“Oh.” Omi casually oh, although to the entire Linjiang City, Fang Zhengjun was very, very strong, the only one to step into the Outer Gate realm, but to Ximen Yu, it was just average, not

Over, it’s good to be able to step into the outer gate.”

The next day at noon, Omi was standing on the surface of the Linjiang River.

At this time, many people were watching on both sides of the Linjiang River.

Omi had come half an hour earlier and had been standing on the river surface.

That Lin Chang Bing, however, was in no hurry to go out.

Lin Chaofeng was busy saying, "Grandpa, it's almost twelve o'clock, you fly out ah, you also stand on the river surface, and then blow up Omi."

Lin Chang Bing snorted, "Omi is standing on the river right now, he just wants to pretend to be a match, so that the city's people can boast of his good light power, okay, if he wants to pretend to be a match, I'll let him pretend to be a match. He's extremely consumed by his internal energy when he's standing on the river using his light power, so when he's exhausted his internal energy, I'll see what else he can fight me with."

Lin Chaofeng suddenly realized, "So Omi is pretending to be a match, in that case, let him pretend until he runs out of internal strength and falls into the water, let's see if he is embarrassed."

If Omi heard the conversation between Lin Chaofeng and his grandson at the moment, he would have to die laughing.

With Omi's light strength, he was still afraid of exhausting his inner strength? Ridiculous, Omi had no problem standing for a day and a night.

Omi had been standing on the river, and the onlookers on both sides of the river were talking.

"Omi has been standing for a long time, hasn't he?"

"Yeah, over half an hour."

“Wow, Omi’s lightness is amazing, it’s really not something ordinary people can do.”

“Why hasn’t that Lin Changbing come out yet, people have been waiting for Omi on the river for so long for him.”

The entire city was admiring Omi’s lightness of power.

Omi looked at the time, it was already ten minutes past twelve.

“Nima, that Lin Changbing isn’t coming out yet?How much does he mean?”Omi’s heart was dark.

Omi shouted, “Lin Changbing, if you don’t come out, I’ll have to go back.”

After saying that, Omi pretended to fly away.

In the distance, Lin Chaofeng was busy saying, “Grandpa, get out quickly, Omi is definitely running out of lightness and wants to find an excuse to go ashore and rest, don’t give him a chance ah.”

Lin Chang Bing also thought of this and immediately flew out.

“Omi, want to leave?No way.”Lin Changbing shouted and flew at fire speed a few meters in front of Omi, also standing on the river.

Omi looked at Lin Changbing’s lightness and said in his heart, “His lightness is so third-rate, fine, I’ll let him make a fool of himself.”

Lin Changbing said, "Omi, enough of pretending to be a match? If you've pretended enough, we'll start the duel, and if you still want to continue pretending, I'll let you have enough time to pretend."

Omi was disgusted by Lin Changbing's sarcasm and said, "Lin Changbing, what if I say that I haven't pretended enough?"

"Then you continue to pretend."

"Lin Chang Bing, if I continue to stand on the water and pretend to compare, will you fly back to shore to rest, or will you stand aside?"

"Joke, you're standing on the river pretending to compare your lightness, why should I accompany you."

"Lin Changbing, are you afraid that your lightness is not as good as mine?"

"Joke, you're nothing." Lin Chang Bing was furious.

"In that case, before the duel, do you dare to compete with me in a contest of lightness?"

335

"Joke."

"Alright, don't make so many jokes, let's start by having a light-skill contest with me." Omi shouted to the crowd, "Fellow citizens, Lin Changbing is going to have a contest with me on light skills, we'll both stand on the river and see who falls into the water first."

“Ohhhhh.”The onlookers screamed and shouted at the top of their lungs.

“You.”Lin Changbing was annoyed, he wasn’t that bored in his heart to compete with Omi in a light kung fu contest, but Omi had already shouted out, he was afraid that if he said no now, he would make the city’s people despise him, after all, he was the eighth strongest expert in Linjiang City.

Lin Changbing snorted inside, “I don’t believe that Omi has been standing on the river for so long, he still has extra internal strength to consume with me, let’s compare, who’s afraid of who.”

Lin Chang Bing was on fire, so he and Omi both stood on the river surface without moving.

Omi laughed inside and said, “Compete with me for lightness and I’ll let you fall into the water in public.”

Ten minutes later, Omi and Lin Changbing were still motionless.

The audience began to talk.

“Who do you guys think is more powerful in lightness?”

“Nonsense, of course it’s Lin Changbing.” Remember the URL . . . net

“Omi has been standing for forty or fifty minutes, and Lin Changbing will lose no matter how much he competes, unless after Omi falls into the water, Lin Changbing continues to stand for more than forty or fifty minutes.”

Fifteen minutes later, Omi saw that Lin Changbing’s legs were shaking a bit.

At this moment, Lin Changbing said inwardly, "Mom, how much longer can Omi stand? If he doesn't fall into the water, I'm about to lose it."

Omi saw Lin Changbing's legs trembling and knew right away that Lin Changbing was about to lose his footing.

"This old man, his lightness is so bad, he's about to fail to hold on after only fifteen minutes." Omi cursed inwardly.

After another five minutes, Lin Changbing's legs trembled even more, as if he was trying to control himself.

Lin Changbing said internally, "No way, I really can't hold on any longer, I'd better find a reason to withdraw first, or else it would be he shame to fall into the water."

So, Lin Changbing had no choice but to say, "Omi, I'm a little anxious to pee."

Omi snorted, "Old man, I don't think you can do it, and you're still peeing urgently, why don't you call it a shit urgency."

"Omi, I'm not bothering to get acquainted with you, you turtle bastard, I'm going to use the toilet first." After saying that, Lin Chang Bing wanted to fly away.

"Where to go?" Omi stopped Lin Changbing at once.

Lin Changbing was anxious inside, he really couldn't hold on much longer now, if he didn't go ashore and take a break, he would have to fall into the water.

“Omi, can’t I even go to the toilet?” Lin Chang Bing roared.

Omi huffed, “I’m an 18 year old bancho who hasn’t even gone to the toilet yet, what’s a 60 year old man like you doing in the toilet.” Omi deliberately stalled for time, letting Lin Changbing fall into the water himself.

“You, Omi, I don’t have time to bullshit with you, I need to go to the toilet first, I’ll come back to fix you afterwards.” Lin Changbing said and then bypassed Omi and flew off in one direction to the shore.

Omi stopped Lin Changbing again.

“Lin Changbing, why bother, finish the fight first then go to the toilet, I don’t believe that you, an expert, will still be suffocated by a bird, don’t you think so, everyone?” Omi shouted.

Many citizens said, “That’s right, I don’t believe in urinating to this extent, if you really urinated to this extent, you felt it half an hour ago, why didn’t you go finish it half an hour ago.”

Lin Chang Bing was very depressed at the moment, if he was given another chance, he would

swore that he would never compete with Omi’s lightness, but now it was good that he was about to fall into the water, Lin Changbing had never stood on the water all the time before, because no one would idly stand on the water all the time to test how long their lightness could last. Lin Changbing had thought that even Omi could do it, he was sure he could too, but he didn’t expect to last less than twenty minutes and he was about to die.

Lin Changbing’s legs were trembling, and he looked like he was about to lose his balance and couldn’t stand, Omi knew that he was going to fall off soon.

Lin Chang Bing was furious, "Omi, what do you mean you repeatedly stopped me from going to the bathroom?"

"It's no fun, it's just not too late to hit the bathroom after you're done with me."

"You." Lin Changbing couldn't even stand up now, how could he fight.

"Irrational, I have to go to the toilet, I won't accompany you for now." Lin Changbing flew in the other direction of the shore again.

Omi immediately stopped in front of him again.

Lin Changbing switched directions again, and Omi stopped him again, just to keep him from going to shore.

Omi was going to let him fall into the water.

"Ahhhh." Lin Changbing was going mad, if he didn't get to shore, he was really going to fall into the water, he never expected that Omi's lightness was much stronger than him.

"Omi, if you don't let me go to the bathroom again, I'll kill you." Lin Chang Bing yelled in anger, and the audience said in their hearts, "Oh my god, how much does this Lin Chang Bing want to go to the toilet." Everyone wondered if Lin Chang Bing hadn't gone to the toilet in a year.

Omi said, "I won't let you go to the toilet even if you kill me."

Omi said in his heart, "Old Ghost, if you can't do light work you can just tell everyone and trick them into going to the toilet, hmm, I won't let you pretend this ratio."

Lin Changbing's body was getting lower and lower, standing on the water, his shoes were about to get into the water.

Inside Lin Changbing, he really had to kneel down to Omi.

Lin Chang Bing looked down, Nima, the water was halfway soaked into his shoes.

“Omi, I'll ask you one last time, will you let me go to the toilet?” Lin Chang Bing's red eyes yelled.

Omi saw that Lin Chang Bing's shoes were almost in the water, and he was afraid that even if he were to let him go to shore, he wouldn't be able to hold on to the shore.

“Alright, seeing as you're in such a hurry, I'll let you go to the bathroom first.” Omi made his way out.

Lin Chang Bing was so happy, Omi finally didn't stop him, otherwise he really wouldn't have half a solution, he would have to fall into the water.

Lin Chang Bing immediately flew towards the shore, in his heart he said, “Can't fall into the water ah, must hold on to the shore ah, must ah.”

Omi suddenly moved his hand, his inner force turned into a wind and blew towards Lin Changbing from behind.

“Pounce.” Lin Chang Bing's body lost control and fell headlong into the river.

“Ahhhhh.” Lin Chang Bing yelled in anger.

“Omi, I’ll kill you.” Lin Chang Bing was completely on fire, but, he didn’t move as he stood in the water because he was resting, otherwise he wouldn’t have any internal strength to support him.

Omi grunted, “Lin Changbing, no internal strength, and you killed me, wake up you.”

Lin Chang Bing rested in the water and regained a bit of his strength, he suddenly slapped the surface of the water, leapt up and stabbed Omi with his sword.

“Go to hell.” The rage in Lin Chang Bing’s heart made him open-minded even if he killed someone.

Omi made a flip and leap on the water, jumping in midair before stepping down on Lin Chang Bing’s back.

“Ah.” Where Lin Chang Bing could support Omi’s weight, he smashed into the river in one fell swoop.

336

“Omi, I’m not done with you.” Lin Changbing once again tumbled out of the water and went to the sky to kill Omi.

But but but, Lin Chang Bing really didn’t have the internal strength to support him, and before he could reach Omi, he fell headfirst into the water himself because he couldn’t support himself.

“Hahaha.” Many of the citizens on the shore couldn’t help but laugh when they saw such a comical scene of Lin Changbing.

Lin Chang Bing himself was too embarrassed to get out of the water, but right now, Lin Chang Bing was hiding under the water and said in his heart, "What should we do? It's so humiliating, what should I do, I've really disgraced my old face, how can Omi's lightness be so strong."

Suddenly, Lin Changbing had a plan, secretly saying, "Things have come to this, I can only do this, I'll sneak under the water and dive under the bridge, rest under the bridge, then dive back under the water and kill Omi, so that the onlookers think that I've been holding my breath under the water, I can hold my breath for so long, and I can somewhat save face."

Lin Changbing did what he said he would do, immediately underwater, sneaking under the bridge dive, under the far bridge, he secretly climbed out, the general public would not see under the bridge, so the onlookers did not know, thought Lin Changbing had been underwater it.

Omi saw Lin Changbing didn't come out for so long, his heart thumped, "It can't be that Lin Changbing is dead, right?"

Ten minutes had passed and Lin Chang Bing still hadn't come out, the voices of the onlookers were getting louder and louder.

At this moment, Lin Chang Bing, who was hiding under the bridge, had rested for ten minutes and had recovered a lot of energy.

"Damn it, Omi, this time I've recovered, let's see how I'm going to break you." Lin Chang Bing was ready to enter the water, dive back to the center of the river just under the water, and then kill it.

But at that moment, the phone on Lin Chang Bing's body rang, his phone was waterproof. One second to remember to read the book

"Ding dong, ding dong."

The citizens who were standing on the bridge at this time and watching immediately looked under the bridge.

“Lin Chang Bing is under the bridge.”

“Lin Chang Bing isn’t dead, he’s hiding under the bridge.”

The citizens who saw it immediately shouted, seeing that Lin Changbing was still alive, they were relieved, they thought he was dead, he didn’t come out under the water for so long, but it turned out that he had quietly dived under the bridge.

“Ahhhh.” Lin Changbing that depressed ah, was preparing to dive back to the middle of the river, did not expect the plan to fail, was shouted by the citizens so, what old face is lost.

“Who the F\*ck is calling me.” Lin Changbing yelled.

When Omi heard the shout, he immediately tread water and flew over.

“Lin Changbing, F\*ck you, I thought you were dead, but you’re hiding here.” Omi said.

Lin Changbing didn’t care now, he jumped into the water again and killed Omi, this time he had rested for ten minutes, that was enough. Omi, I want your little life this time. Lin Chang Bing killed with a very strong anger, this life is probably the angriest today.

“Bang.”

Omi didn’t want to waste any more energy with Lin Changbing, let’s end it.

Omi slapped Lin Changbing's chest.

“Bang.” Lin Chang Bing's body flew to the shore and smashed down a billboard.

Omi flew up again in an instant, and Lin Chang Bing's mouth was bloody, but before he could get up, Omi stomped on him.

Omi said, “Lin Changbing, for the sake of you being an old man, I won't abuse you anymore.

Be smart, do you hear.”

“Omi, you?.” Lin Chang Bing gritted his teeth.

“Bang.” Omi kicked him into a car twenty meters away, and the windshield of that car shattered, and Lin Chang Bing's entire body smashed into the cab.

Omi, meanwhile, came to his BMW and drifted away, having classes in the afternoon.

The onlookers on both sides of the river, hotly debated.

At this moment, in another place, an old man in his seventies was laughing and appreciating, “Omi, well, it really is a hero of the world.”

A man around forty years old beside him said, “Elder Fang, you seem to be very happy with Omi.”

This seventy year old man was the only strong man in Linjiang City who had stepped into the Outer Gate Realm, Fang Zhengjun.

Fang Zhengjun smiled and said, "Yes, I'm very satisfied."

The man beside him said in shock, "Senior Fang, ever since ten years ago, you've been saying that you wanted to accept a closed door disciple, but, you haven't been able to find a suitable one, could it be that you've found the right one today?"

"Hahaha." Fang Zhengjun laughed loudly, but didn't say anything. However, there was no need to say anything more, because from the expression on Fang Zhengjun's face, it could be seen that Fang Zhengjun was very satisfied with Omi, maybe, he would really take Omi as a closed door disciple.

The man around forty years old beside him was jealous inside, "Damn, I've been begging Fang Zhengjun for five years, he just doesn't like me enough to accept me as a closed door disciple, damn it."

Omi went back to school, and the lively Linjiang Riverfront soon subsided.

At Lin Changbing's house, Lin Changbing said to his grandson, "Sun son, when you go to the Martial Arts Academy, you must fight for your grandfather, break through to the outer gate and kill Omi, okay?"

"Good." Lin Chaofeng nodded heavily, Lin Chaofeng felt that Omi's violent beating of his grandfather today had deeply stimulated him. Lin Chaofeng felt that he must be the protagonist in it, who was beaten and bullied at the beginning, then the protagonist was greatly stimulated, giving him a strong heart to become stronger, and finally, the protagonist trampled everyone who bullied him underfoot. Lin Chaofeng felt that he must be the protagonist, today he was bullied just to inspire his determination to become stronger, he would definitely beat up Omi, the runner.

In the evening, in one of the most noble manors of Zhan Long Hall.

An old man was squinting his eyes and tasting a cup of tea.

A young woman beside him said, "Are you really going to accept Omi as your closed door disciple?"

"Right."

"If this matter were to be announced, I'm afraid it would cause a stir throughout Linjiang City ah. You said ten years ago that you wanted to take on a closed door disciple, but it's been ten years and you still haven't found a suitable one."

"Omi I think is very suitable, after waiting for so many years, I have finally found someone who I feel is qualified to be my closed door disciple."

The young woman smiled, "I'm afraid, you're not the only one who wants to take Omi as a disciple, the two old hall masters of the Wind Cloud Hall and the Dragon Transformation Hall probably also have the same idea ah."

Fang Zhengjun snorted, "The two of them, although their martial arts rank is 99.99, infinitely close to the outer gate, but after all, they are not the outer gate, how can they rob me. Little Flower, reveal the fact that I want to take Omi as a closed door disciple, of course, don't be too obvious, it's best to let Omi hear the news and come to pay homage to me on his own initiative, that's better in the end."

The young woman smiled, "I understand, I'll go and secretly reveal the news."

337

At Bai Yun Middle School, Liao Jia Yuan received a call from his dad: "Jia Yuan, stop any dissatisfaction with Omi from now on."

"Dad, why?"

“I’ve just heard the gossip that Senior Fang Zhengjun, may take Omi as a closed door disciple.”

“What? How is that possible?” Liao Jia Yuan was horrified.

“Although the gossip hasn’t been confirmed by Fang Zhengjun, it’s not just empty talk, if Omi really becomes Fang Zhengjun’s closed door disciple, his status in Linjiang City will soar to the sky in the future. It’s simply not something we can afford to offend.”

At the school, the five mad youngsters and the six evil youngsters all got a call from home, saying that Omi might be accepted as a closed disciple by Fang Zhengjun, and that they should not mess with Omi in the future, and that Omi could no longer be messed with.

In the evening, Omi and Lina head to the school entrance after class and run into Zhao Ritian.

Omi thought Zhao Ritian would take a detour, but, surprisingly, Zhao Ritian did not take a detour, but walked towards Omi instead. Omi was puzzled, in the past Zhao Ritian always went around the road, today is he itchy?

Zhao Ritian nodded a salute to Omi as he passed by.

Omi touched his head, did Zhao Ritian take the wrong medicine today?

Even Lina was confused and said, “Didn’t Zhao Ritian take a detour when he met you before? How do I greet you with a nod today?” First web site m. .net

Omi shouted, “Hey, Zhao Ritian.”

Zhao Ritian turned back and looked at Omi, "Tang Shao, what is it." Zhao Ritian actually didn't want to call Tang Shao inside, but he was really helpless.

Omi asked, "Did you take the wrong medicine today? How dare you greet me."

Zhao Ritian snorted, "Tang Shao, can you stop pretending to be a match?"

"Yo-ho, what did I pretend to compare?"

"Tang Shao, pretend to be struck by lightning, sorry, I have something else to do, I'll leave first." Zhao Ritian turned around and walked away.

Omi was puzzled, was it because he had beaten up Lin Changbing?

After that, all the way to the school entrance, and sure enough, they ran into several madmen, all nodding their heads in salute to Omi.

Liona said, "It must be the reason why you defeated Lin Changbing."

"Even if I defeated Lin Changbing, they would at most never provoke me again, so they wouldn't suddenly be so polite to me."

Omi had just arrived at the school's entrance when the second hall master of the Dragon Hall of Transfiguration, Lin Bursting Heaven, walked up.

Omi saw Lin Explosive Sky and humbly said, "Lin Explosive Sky, coming to the school to arrest me again?"

However, Lin Explosion Tian brought a few of his men and bowed to Omi.

“One bow.”

“Two bows.”

“Hey, hey, hey, I’m not dead yet, what are you bowing for?” Omi was furious.

“Three bows.”

Lin Explosive Sky finished bowing with his men and then said to Omi, “Omi, all the grudges I had with you in the past, I wish to wipe out all of them, if you still feel unsatisfied, I can kowtow and bow to you, if you can spare me from this, I Explosive Sky will be grateful.”

Holy crap, did the collective take the wrong medication today? Omi wiped his head, didn’t Lin Bursting Heaven hate him, why did he bring his men to bow today and beg for forgiveness.

“Lin Explosive Sky, what are you doing? Why did you suddenly come begging me to spare you.”

Lin Exploded Tian snorted, “Omi, give me some dignity and stop pretending to be a match, okay?”

“Uh.”

“Omi, I’ll be leaving then, I hope you’ll let me go from here.”

&nbs

p; After saying that, Lin Exploded Tian took his men and left.

Liona said incredulously, "Omi, something is wrong, why does it feel like you've suddenly become awe-inspiring Linjiang City? Even if you beat up Lin Changbing, you still haven't achieved the effect of shaking the city, ah?"

"I'm drunk, too," Don Omi said.

Just then, Omi's phone rang.

"Hello, who's there?"

The voice on the phone said, "It's me, Calf."

"Calf? Sorry, I don't know any calves?"

"Tang Shao, I'm Liao Buffalo."

"What? Liao Buffalo?" Omi's jaw stunned, Liao Buffalo suddenly called him, but also affectionately called himself Xiao Niu, making the same as Omi's very good relationship, Omi to vomit.

"Liao Buffalo, what are you looking for me for? Is the skin itching again?"

Liao Buffalo smiled, "Tang Shao, you don't need to do it, I'll do it myself."

“Snap.” A popping sound came from the phone.

“Ugh.”

“Liao Shui Niu, you’re not sick, are you?”

“Tang Shao, I was wrong in the past, I hope Tang Shao will be kind enough to spare Little Bull in the future, Little Bull has an 80-year-old mother on top and a three-year-old baby underneath, the family really can’t live without me. I hope that Tang Shao, for the sake of Calf’s 80 year old mother and 3 year old baby, will not treat Calf as a normal person.”

Omi was simply going to be silly after hearing this, this little bull, is it sick?

“Buffalo Liao, did you forget to take your medication today?”

“Tang Shao taught me a lesson, I’m going to take my medicine, in the future, Little Bull will never be so blind again. Tang Shao, then I’m going to take my medicine first ah, you’re busy.”

After saying that, Liao Buffalo hung up the phone, and Liona was stupidly unable to believe it.

“What the hell happened here? Why do so many evil forces in Linjiang City suddenly look so scrupulous about me?”

Omi returned home with his doubts, and before he entered his house, Omi saw several people standing in front of his house.

As soon as Omi’s car stopped, one of them ran up to open the car door for Omi.

“Tang Shao, you’re back.”

Omi’s eyebrows furrowed, the person who gave him the car door was Yu Wei, the First Vice Hall Master of the Hua Long Hall, Yu Wei was followed by two other people, Yu Hu and Yu Long.

Omi snorted, “What for, want to come to my house and make trouble? Don’t blame me for warning you, I’m not afraid of you.”

“Tang Shao, look at what you’re saying, I don’t have the guts to do that.” Yu Wei was busy laughing.

The two sons behind Yu Wei were also busy laughing with him, “Tang Shao, is there any work you want me to help you with at home.”

“Uh.” Omi looked at the two pleasing Yu Hu and Yu Long, somewhat incredulous.

“What for?”

“Don, I’d like to do some work for you, don’t worry, I love to work. If you really can’t, you can see if the garbage has been taken out of the house, I’ll go take out the garbage for you.”

Omi grunted, “How do I know if the trash is taken out, you won’t go see for yourself.”

“Yes, Tang Shao, I’ll go immediately to see if the garbage is taken out.” So, the two brothers, Yu Hu and Yu Long, immediately ran into the house and went to take out the trash.

Omi walked inside the villa and was suddenly shocked, two people were cleaning the glass inside the villa.

“Uh, who are you guys? Who told you to clean the glass over here?” Omi asked angrily.

“Tang Shao, you’re back, we saw that your glass is a bit dirty, so we quickly cleaned it for you, so that Tang Shao won’t be in a bad mood when he comes back and sees dirty glass.”

338

Liona also had a frown on her brow, she instantly recognized that the two people who cleaned the glass for her house were Lu Guan and Lu Bing, the father and son, the third deputy head of the Feng Yun Hall, Omi had a conflict with Lu Guan and Lu Bing when he first became her bodyguard, Lu Guan wanted to be her bodyguard at the time and threatened her father, and he was beaten up by Omi as a result.

“Something’s wrong.” Omi snorted and walked upstairs, just arrived at the stairway, saw an old man wiping the stair railing with a rag, saw Omi back, busy smiling, “Tang Shao, back from school.”

Omi said with a deep frown on his brow, “Lanhe King?”

“Oh, it’s really an honor that Tang still remembers my husband.”

“Who told you to clean the stairs in my house?”

“Tang Shao, I saw that your stairs aren’t very clean, so I’m just cleaning them for you, I hope Tang Shao won’t blame you for that.”

Liona was also dumbfounded when she saw Lan He Wang cleaning her staircase railings.

Just at this moment, suddenly a ‘boom’ sound came from the grass behind the villa.

“Who’s behind.” Omi immediately ran to the window to see, and this time, he only saw that Bai Maoquan was using a weed whacker, removing the weeds behind the villa, and the booming sound just now was from the weed whacker.

“Hey, Tang Shao.” Bai Maoquan greeted with a smile at Omi.

Omi wiped a cold sweat? Remember the URL . . .net

Just at this moment, a voice came from the outer wall outside the window, “Tang Shao, go away a bit, don’t get dirty.”

Omi looked up and saw Lin Dongfang with a rope tied to his body, hanging down from the villa roof, brushing the dirt from the villa’s exterior wall.

Omi looked at Lin Dongfang dumbfounded, his bottom was better?

Suddenly, a man on the roof shouted, “East of Forest, ready?”

Omi immediately leapt to the roof, only to see a sixty year old man with a rope under his arm pulling a little bit to lower Lin Dongfang down and rub the dirty outer wall.

“You’re that grandfather of Ling Long Yu? The Second Master of Zhan Long Hall? Why are you here?” Omi silly question, even that singer Ling Long Yu’s grandfather came, Omi really had to vomit.

“Tang Shao, back from school, my house is nearby, I just happened to pass by here, I saw your house needed help, I came over to give a hand.”

“Give a hand.”

“Yes, Tang Shao, go down and have some tea, just leave these little things to us, it’s windy here, don’t catch cold.” Ling Long Yu’s grandfather said with concern.

“Oh, then you’re busy.” Omi jumped down from the villa and stood in front of the villa, looking at the entire villa, there were people working everywhere, Omi was really speechless.

About twenty minutes later, Liu Chen Ming drove back, as soon as Liu Chen Ming got out of the car, he saw the entire villa inside and outside, all the people who were helping him clean, and he almost fell over in shock.

“No kidding? Wasn’t that glass cleaner Lu Bing, the third vice-master of Fengyun Hall? Isn’t that guy taking out the garbage the First Vice Chairman of the Dragon Hall, Yu Wei? Isn’t that the one pulling the rope upstairs the second master of Zhan Long Hall, Ling Nongji? What the hell is going on today? Did I cross over?” For a moment, Liu Chen Ming felt his brain short-circuit, because such a thing would never happen.

Just when Liu Chen Ming was still dumbfounded, Bai Maoquan, who was carrying a lawnmower in his hands, came out from behind the villa and smiled, “Mr. Liu, back from work, back just in time, I have a 100 million order contract here, you come sign it.”

Liu Chenmington snorted, “Bai Maoquan, it’s you, what are you doing in my house?”

Bai Maoquan put down the lawnmower and smiled, “Mr. Liu, I just

Well came over to see you to sign the contract, and saw that the weeds were getting a bit long on the grass behind your house, so I simply helped you hoe it. Willow, I don’t think you’ll mind if I hoe your house without your permission.”

“You you you.” Willow Chen was going to feel scared silly.

“Mr. Willow, come on, let’s sign the contract first, there’s another batch of goods next month, also a hundred million order.”

Willow Chenming saw Bai Maoquan actually take out the contract documents, not even knowing that the briefcase he was carrying had fallen off.

Omi came over, and Willow Chen Ming was busy grabbing Omi’s arm and asked, “Omi, what’s going on here?”

Omi smiled, “Uncle Liu, don’t ask me, I don’t know, anyway, people send contracts to you, don’t sign them for nothing, I’ll sign them for you.”

Omi signed Bai Maoquan’s 100 million order contract for Liu Chenming.

“Thank you Tang, thank you Liu, good cooperation.” Bai Maoquan chuckled.

After another ten minutes, it was almost all cleared out.

Yu Wei father and son smiled, “Tang Shao, Mr. Liu, we’ll leave first then, call if you have anything to do in the future, even if I’m busy, I’ll immediately send my two sons over to deal with it. A leaky pipe or a clogged toilet, my two sons can handle it.”

Ling Longyu’s grandfather, Ling弄鸡, also took his leave, “I’m also leaving, if you need a hand in the future, feel free to squeak.”

Lin Dongfang also limped out and said, “Tang Shao, then I’ll go back to the hospital first, my bottom is not yet complete, I still have to go back to the hospital to get a sling. In the future, if you want clothes and shoes or whatever, feel free to go to my mall and get them, don’t be polite ha.”

Just like that, one by one, they all took their leave, Omi and Liu Chenming's father and daughter, stupidly stunned to see them go.

“Omi, it's not a prelude to a storm, is it? That's a bit perverse, isn't it? Lin Dongfang is still coming over from his hospital bed.”

“Uncle Liu, maybe it's because I blew up Lin Changbing, these people seem to be very powerful, but compared to Lin Changbing's level, they are too low, I even blew up Lin Changbing, they are afraid.”

“That's not so exaggerated ah, even if you burst Lin Chang Bing, the most they can do is never mess with you again, there's no reason why they seem to be so afraid of you like today.”

“Oh, I don't know about that.”

“I'm really worried that it's a prelude to a storm, that's why it's so abnormal.”

Omi smiled, “Uncle Willow, don't think nonsense, what storm, it's just a little rain with me here anyway.”

Omi and Liu Chenming walked into the villa lobby, it was tidied up and organized, the glass windows, the staircase ceiling, all cleaned up like anything.

At this time, Omi's phone rang, Omi thought it was that powerful hall master calling again, but to his surprise, it was Xu Mei Qian calling.

“Hello, Captain Xu.”

“Don’t call me captain.”

“Uh, what’s going on?” Omi was puzzled.

“Omi, are you free to come out for a bit and have dinner with us tonight.”

“Sure.” Omi felt that Xu Mei Qian had something to do, so he agreed.

“Uncle Liu, Miss, I have something to go out for a bit, so I won’t be back for dinner tonight.”

“Okay.”

Liona didn’t say anything.

Omi met Xu Mei Qian at the agreed place.

339

Xu Mei Qian didn’t wear a police uniform, but a normal outfit, wearing a white down jacket with a pair of black bottoms underneath, with a pair of khaki shoes, and her stunningly beautiful face, looking charmingly charming, making Omi fall a little bit for her beauty.

“Captain Xu, why are you suddenly asking me out to dinner again.” Omi walked up and asked, wondering if Xu Mei Qian was too lonely to be single by herself.

But Omi was clearly overthinking it.

“Omi, don’t call me captain anymore, I’m not a captain anymore.”

“Demoted?”

“I resigned,” Xu Mei Qian said.

“Ah, resigning so soon.”

“Yes. I’ll be leaving Linjiang City after tonight, and I don’t think I’ll be returning to this small city, so I asked you to come out and have a meal with me.”

“Oh.”

“Omi, I didn’t expect you to have received an admission notice from the Martial Arts Academy as well, so it looks like we’ll meet again at the Martial Arts Academy.”

“Oh, it’s an honor.” Omi smiled. One second to remember to read the book

“Order the food.”

As we ate, Don Omi asked, “Why did you suddenly resign early? Didn’t you say you’d try to catch a hundred red dusts before leaving a year ago? Not catching a defeat now?”

Xu Mei Qian smiled bitterly, “I’m not going to lie to you, I had some ambiguous things happen with One Defeat Red Dust.”

“Uh, ambiguous things.”

“I’m no longer worthy of being a policeman, because my attitude towards One Defeat Red Dust has changed a bit, I suddenly feel that he’s quite good, although it’s not that I’m in love with him, but at least, I like him a little bit in my heart.”

“What.” Omi was shocked and said inwardly, “No way, Xu Mei Qian has a little bit of liking for me?”

“You’re laughing at me too aren’t you, it’s okay.”

Don Omi asked, “Did a defeat show love to you?”

“That’s not true, he’s a decent guy and that’s what attracted me to him. My body has been seen by him, so psychologically, it affects me a lot, I guess. But that’s okay, when I leave Linjiang City, I’ll forget about it, after all, if I go to the Martial Academy, there are too many excellent young talents there, a defeat of red dust is nothing at all, I’ll soon be able to forget about everything that happened here.”

“Oh, I hope so.”

Xu Mei Qian smiled, “I’m going home, don’t you have anything you want me to tell Xu Yan?”

“No need.”

“Fine, after all, my sister is engaged to be married, it’s not advisable to get entangled with another man.”

After dinner, Omi and Xu Mei Qian went home separately, and didn’t talk much, Omi didn’t tell her that he was actually a failure.

However, when Omi returned home, his mood was a bit complicated, and Omi felt that Xu Mei Qian was a nice girl.

So, when it was around eleven o'clock at night, Omi put on his night clothes again.

This time, Omi went out not to stand in for heaven, but to say goodbye to Xu Mei Qian, and Omi didn't know why he did so.

Xu Mei Qian has fallen asleep and has an early morning flight tomorrow.

Suddenly, Xu Mei Qian felt someone tuck her in.

"Who is it?" Xu Mei Qian suddenly rolled over and popped on the light in her room, only to see a defeated red dust standing in her room.

"It's you." Xu Mei Qian's body trembled.

"I heard that you've resigned." One Defeat Red Dust's lonely and cold voice said.

"You're surprisingly so well-informed." Xu Mei Qian huffed, but didn't feel cared for

Outside, after all, she resigned the entire Public Security Bureau is known, I'm afraid the Linjiang Window Forum has also long been blasted.

Omi turned to the window, ready to withdraw, in fact, there is nothing to say.

“Wait.” Xu Mei Qian suddenly shouted.

“Captain Xu still has business?” Omi asked.

Xu Mei Qian said, “One Defeat Red Dust, do you know that I resigned so quickly because of you.”

“Because of me?”

“Yeah, because I kind of like you, and that’s why I don’t think I’m worthy of being a cop, and that’s why I’m so eager to quit.”

“You want to be with me?” Omi said.

Xu Mei Qian shook her head, “No, just a little bit like it, we can’t talk about being together yet.”

“Then what are you trying to say?”

Xu Mei Qian asked, “I want to know a little bit of information about you, and I want to see what kind of man the man who made me feel something for the first time is.”

“What do you want to know? I’ll give you three chances to ask questions.”

“Well, I want to know how old you are, whether you’re an old man or not, whether you have a wife, that counts as one question.”

Omi didn’t argue with her, it was clearly three questions.

“I’m about the same age as you, no wife.” Omi said.

Xu Mei Qian was shocked, “How is that possible, about the same age as me?”

“You may ask your second question.” A defeated Red Dust said in a lonely voice.

“What exactly is your strength?” Xu Mei Qian asked, a question she was very curious about.

Omi hesitated for a moment, how much should he say?

A few seconds later, Omi replied, “Inner level.”

“What? You’re about the same age as me, reaching the inner level?” Xu Mei Qian jumped up from the bed in surprise.

Omi took a glance at Xu Mei Qian and suddenly felt bloodthirsty, he was a man after all.

Xu Mei Qian saw a defeat of red dust as her eyes swept over her breasts and bottom, only then did she realize that she was naked, as she was used to sleeping naked, and had just heard that Omi had reached the inner stage, and was surprised to forget that she was naked.

“Ah.” Xu Mei Qian immediately went into the blanket, her face red.

The room felt a chill, but the way Xu Mei Qian looked at Omi didn’t seem to have that kind of aggression in her eyes, and she still looked like a decent gentleman.

“You can ask the third question now.” A defeated red dust remained lonely and cold, saying.

“Are you ugly-looking? Do you have a crush on anyone?” Xu Mei Qian blushed and asked.

“I’m moderately long and have a favorite. Well, I should go now, have a safe trip.”

After saying that, Omi jumped out of the window and disappeared into the night.

Xu Mei Qian sighed deeply, a defeat of red dust with a favorite woman made her feel uncomfortable.

“Forget it, it’s impossible for me and him anyway, alas.” Xu Mei Qian turned off the lights and lay down, only, she just appeared naked in front of One Defeat Red Dust, making her feel so embarrassed, but it was as if there was a hint of titillation and excitement inside.

Omi leapt between buildings, his mind was full of images of Xu Mei Qian’s nakedness, the impact was too great, making Omi feel a bit out of control, Omi had felt it.

Omi couldn’t leap any further and stopped at the top of a building.

“What’s going on, I wasn’t so out of control in the past, why do I feel so strongly when I see Xu Mei Qian’s body now? Gosh, it’s still not me Wind Lightning.” Omi was helpless inside, he felt that some aspects had changed compared to his previous life.

340

“Is it because, the longer my soul merges with the original Omi’s body, the more obvious some of the original Omi’s things will become?”

“The original Omi was lazy and horny, was I really influenced by the original Omi?The longer the fusion, the greater the impact.”

“No, don’t, I, Wind Lightning, am a pure, devoted, and dashing man, how can I become a lustful man.”

Omi tried his best to control himself and keep the swollen area down, but Xu Mei Qian’s body lingered in his mind, as if he had an urge to jump on Xu Mei Qian’s body.

“Phew.”Omi took a deep breath, took out a silver needle and inserted it somewhere in his brain, since he couldn’t control it with his mind, he could only control it with external force.Omi found it ironic that he, Wind Lightning, actually needed to use external force to control himself, it must not be his nature, it must be the nature of this body that affected him.

Omi returned home, then went to sleep.

The next morning, Xu Mei Qian left Linjiang City, her home was very far away, I heard that it took twelve hours by plane, and of course, the entire Yanhuang Empire was very large, I heard that it was over 96 million square kilometers.

Early in the morning, Omi got up and stood on the balcony, when a pair of panties floated down from upstairs, Omi immediately saw that they were Liona’s panties, Omi had seen her wear them when she gave Liona a needle.Omi then reached out and grabbed the panties to prevent them from floating downstairs.

Omi grabbed Liona’s panties and wanted to throw them to the balcony outside Liona’s room next door.However, Omi ghostly took the panties and sniffed them on his nose.

Just then, Liona got up and walked out from the balcony next door and saw Omi sniffing her panties and said in shock, “What are you doing?”

“Ah, me.” Omi was stunned and panicked, throwing his panties across the room. First URL m. .net

Liona blushed and said, “You even stole my panties and held them to your nose.”

“I didn’t.”

“I saw it all.” Rather, Liona felt joyful inside.

“Miss, what a misunderstanding, alright, I’m going to brush my teeth, I don’t want to explain that much.”

Omi walked to the washroom in his room.

Omi inwardly said, “How could I have done such a thing? Why is it that I can’t help but smell the lady’s panties? Oh God, it’s still not me Wind Lightning, it’s all the hidden lustful heart in this body that’s affecting me. What’s wrong with me lately, why am I being disturbed by the lustful heart hidden in this body?”

Tang Zixin rinsed himself with cold water and woke up early in the morning to take a cold shower.

“Knock knock.” At this time, there was a knock on the door, Omi put on a towel and opened the door, only to see Liona standing outside with a blushing face, Liona had finished brushing her teeth and washing her face, also changed into the clean clothes she was wearing today.

“Miss, what is it?” Don Zimmer asked.

“Why are you showering early in the morning?” Liona was a little too shy to look when she saw that Omi had no clothes on, just a towel wrapped around his ass.

“Calm yourself.” Omi said.

Liona handed a box in her hand to Omi.

“What?”

Liona said, “I didn’t know you had this fetish, so I’ll give these to you. However, these are all washed, so if you like the unwashed ones, I’ll give them to you tonight.” After saying that, Liona shoved the box into Omi’s hand, and then quickly walked down the stairs.

>

Omi inexplicably opened the box, only to find a pair of cleaned and tidied underpants inside.

Omi understood at once, just now Liona also said, did not know he had this hobby.

Omi was extremely depressed, Omi temporarily put the box on his bedside.

Omi didn’t move, didn’t talk about this issue with Liona again after going downstairs, it’s better to explain to Liona in the car when it’s time to go to school.

On the way to school.

“Miss, you’ve misunderstood.”

“It’s okay, you’re so good, it’s normal to have a little flaw. I also know that the more excellent people are, the more there are things that are different from normal people. For example, some people like to be gay, and some people like to collect women’s socks, and some people like to collect women’s bras. So, it’s normal that you like women’s panties.” Liona consoled.

“I’m dizzy, forget it, there’s nothing I can say to explain it anyway, I’m not the person you think I am.”

“Then why did you sniff my panties this morning.” Liona said shyly, Omi was able to sniff her panties, she felt very happy, of course, if she sniffed another woman’s, she would not be happy.

Omi had to lie and said, “Since I’ve been unable to determine how to treat you for cold illness, I thought that smelling the scent of your most mysterious place might give me some inspiration to treat you. However, that place isn’t an ordinary place after all, and I can’t possibly make such a request of you, so I’ll have to smell your panties.”

“Ah, so that’s how it is.”

“Oh.” Omi smiled awkwardly, but at that moment, something flashed in his mind.

“Huh, right.” Omi suddenly slapped his head.

Omi rejoiced within, was it really the will of God? Omi had just said that it was nonsense to smell Liona’s bottom, but it was a big surprise to him. Omi suddenly felt that if he really gave it a try, he might actually be able to find out some way to cure cold diseases.

Omi had never thought of it this way before, maybe it would help if he really tried it this way. I didn’t expect that after talking nonsense for a bit, it actually made him have an epiphany.

Liona blushed and said, “Then why didn’t you say so earlier.”

“Oh, Miss, even though I’m treating you, you’re a girl after all.”

“It’s okay, for the sake of healing, it’s something.”

“Miss.” Omi was torn inside, did he really have to smell it? This was too bullshit. However, within Omi, it could be clearly said that it would definitely help a lot.

“I want to be cured earlier, so don’t worry so much.” Liona lowered her head and said, in fact, Liona herself didn’t know whether she really wanted to be cured earlier or whether she wanted Omi to smell it, after all, she didn’t resist any of Omi’s actions.

“Alright.” Omi nodded his head, and he was willing to do anything to be able to cure the lady.

Omi immediately turned around.

“What are you doing?”

“I’m not going to class today, and while I’m inspired to smell you now, we’re not going home to the pinto neighborhood.”

“Oh.”

Omi drove straight to the Songtao neighborhood, here Omi had a house, although no one lived there for a while, but Jean came once a week to clean it, it was pretty clean.
