

Chapter 541

Omi jumped down only when the air in the underground water canal was almost exhausted and the smell was no longer very strong.

The underground aqueduct here was very large, and the aqueduct was even higher than Omi's, Omi's feet stepped on the stone wall of the underground aqueduct, and without a single stain, he quickly flew forward, leaping towards the city lord's daughter's boudoir.

Omi explored the exit three or four times, and finally, Omi found an exit of the underground canal inside the daughter's chamber of the city master.

Omi quietly leapt out, just in a hidden place behind a small building.

Omi went around to the front of the small building and immediately saw a man standing in front of it, it was the city lord's first guard, Meng Ying.

Omi walked out.

"Hm?" Meng Ying's eyebrows furrowed, completely unexpected to suddenly see Curtain Neng, Curtain Neng being the real name of this body of Omi.

"How did you get in here?"

Omi drew his sword and said, "Never mind how I got in here, Meng Ying, I'm specifically here to find you today."

"How dare you." Meng Ying gave a sneer.

“Do it, the purpose of my search for you today is to defeat you.” First URL m.kanshu8.net

“Ridiculous, even you are my opponent.”

“Whether it’s a rival or not, one test will tell.”

“Curtain Neng, at this time now, you are still able to appear here, and you’re really not afraid of death, so I’ll fulfill you.”

“Hmph, don’t take yourself too seriously.” Omi snorted coldly.

Meng Ying frowned in confusion as he sensed that Curtain Energy seemed to have changed into a different person.

“Curtain Energy, then, die here.”

“Swoosh.” Meng Yington drew his sword.

Omi immediately blindfolded his eyes with a cloth.

“What are you doing? Are you trying to fight me blindfolded? Are you looking for death.” Meng Ying asked.

Omi said, “The one who is looking for death may not be me, but today, it’s either you or me.”

“What a big mouth.”

“Buzz.” Meng Ying blinked and killed with a sword.

Omi’s two ears moved, and all the sounds around him were transmitted to his ears, and he was able to discern his position by listening to the sounds.

“Swoosh swoosh.” Omi also instantly combined his two swords, because he was blindfolded, so Omi had to listen to the sound to discern his position, which was equivalent to three uses of one mind, Omi felt very stressed, I’m afraid that in less than five seconds, Omi would be mentally fatigued.

Therefore, Omi must ensure that within five seconds, he finds an opportunity to use his Yin-Yang Finger on Meng Ying and hit him hard first, otherwise, Omi will die today.

However, Omi had confidence in himself, he was blindfolded and already undisturbed by the opponent’s swordsmanship, so within five seconds, it might not be impossible.

“Buzz.” Meng Ying’s sword attacked, Omi’s ears were able to identify the location of the incoming attack, and it really wasn’t disturbed in any way.

“Dang.” Omi’s two swords joined together in a flash and intertwined with Meng Ying’s sword.

At this moment, Meng Ying’s face changed slightly, the greatest advantage of his sword technique was the interference of the sword shadow on the enemy, the true and false could not be identified.

However, Omi was actually able to see without using his eyes, and without using his eyes, he was actually able to be so precise and sharp.

The Meng camp, which had been full of advantages, suddenly had no advantage.

Omi only had a limited amount of time, only five seconds, and at this moment, he couldn't care less about fighting with Meng Ying, and his entire body flew towards him despite his injuries.

Finally, Omi broke through Meng Ying's sword defense.

"Yin-Yang Finger."

Omi didn't have time to hesitate at all and used the Yin-Yang Finger.

"Swoosh."

"Puff."

Victory or defeat, it was in the blink of an eye.

Omi's Yin-Yang Finger accurately hit Meng Ying's body at a very deadly acupuncture point.

Omi, however, was also stabbed through the shoulder by Meng Ying at the last moment as he gave up his defense in order to strike.

Omi had to admire this Meng Ying's strength, it was too strong, Omi had not suffered unjustly from this sword.

Both of them were silent.

Omi slowly took off the cloth on his eyes.

Omi's finger was still pointing at Meng Ying's chest, while Meng Ying's sword was just as still stuck in Omi's shoulder.

Meng Ying's face was a little pale, his lips were trembling slightly, he seemed to feel that somewhere on his body, like a balloon, was leaking, the wind was blowing into his internal organs.

"You, you were actually able to hurt me." Meng Ying's voice trembled and said.

Omi snorted, "You're wrong, it wasn't to hurt you, but to kill you. However, you also surprised me by stabbing me through the shoulder, Meng Ying, I admire your talent and strength."

"Hahaha, it's not that easy to kill me, do you think that simply piercing through my body will cause my death?"

Omi said, "You're wrong again, what I pierced is not your body, but your vitality point, are you feeling your body chilling at the moment."

Meng Ying opened his eyes wide and looked at Omi.

"Oh, don't doubt it, my familiarity with all the veins of the human body is not something you can imagine."

"Impossible." After saying that, Meng Ying felt his heartbeat gradually weaken, as if he had no strength left in his body, then within a few seconds, Meng Ying's feet weakened and he fell down.

"You you you." Meng Ying only uttered these few words, and then he snapped out of breath.

“Phew.” Omi took a deep breath, finally, he had defeated this City Lord’s First Guard, but he was injured himself, but Omi found it exciting that his own life had just been on the line. It was fortunate that this wasn’t reality, otherwise Omi wouldn’t dare to bet his life on it, this adventure was indeed quite good.

Omi pulled off the sword that was stuck in his shoulder.

At that moment, a woman came down from the small building, the daughter of the city lord.

“Curtain, you.” The city lord’s daughter looked incredulously at Omi, and the dead Meng Ying on the ground.

“What are you trying to say.”

“You, how have you changed so much, you actually killed Meng Ying, that’s impossible, if you really had this talent and strength, then, then my father, might not have stopped us from being together in the first place.” The city lord’s daughter said, she felt, a bit unrecognizable to Curtain Canopy. However, it wasn’t Curtain Neng in the first place, it was Omi.

Omi turned to leave, and the city lord’s daughter was busy saying, “Curtain Neng, don’t go.”

“Miss, what else do you want to do.”

“You, you even call me Miss again, do, you don’t call me A Ling anymore.”

Omi smiled, in fact, he just didn’t know what her name was.

“A-ling.” Omi only called out at this point.

“Ah Ling, I’m leaving.”

“Where are you going? Aren’t you here to take me away?” The city’s daughter asked.

“Me.” Omi had come to fight a duel with Meng Ying, but what to do now.

“I’ll deal with Meng Ying’s corpse first.” Omi pulled Meng Ying’s corpse to the back and threw it into the underground drain at once, then returned to the front of the small building.

542

The City Lord’s daughter threw herself into Omi’s arms.

Omi sighed, pitiful, he wasn’t curtain-neng.

“Curtainnen, go up to your room and I’ll bandage you up.”

“Okay.” Omi nodded his head.

Arriving at Ah Ling’s boudoir, there was a delicate fragrance.

Ling fetched clean cloths and bandaged Omi up.

“Curtain Neng, take me away.” A Ling pleaded.

“Why?”

“I’m marrying White Flag in half a month, and I really don’t want to marry him, you’re the one I love.”

“White flag, huh.” Omi smiled and asked, “How is White Flag’s strength now?”

“He’s Meng Ying’s senior brother, and he’s much stronger and more talented than Meng Ying.”
Remember the URL . kanshu8. net

“Is the realm also higher than Camp Meng?”

“That’s not true, but he is much more powerful than Meng Ying, Meng Ying is no match at all in the hands of White Flag, who is the first genius under the Ark Division.”

Omi’s eyes gazed, not expecting that there was someone so much more powerful than Meng Ying.

“If White Flag is so powerful, then why are you in love with me, why don’t you like him.”

“Curtain can, stop it okay, you already know my heart, love is not measured by talent, even if your talent is bad, I just love you.”

Omi smiled, “It must be ‘my’ face value, it seems that this is also an age of face, huh?”

“Curtain can, what did you say? What’s the face value?”

“Nothing.”

“Just then, footsteps were heard not far outside the walls of the boudoir, and a guard was shouting, “Greetings to the city lord.”

“No, my father is here.” Ah Ling’s face went white.

Omi’s eyebrows also furrowed.

“Quickly hide.”

“No, I’d better go first.” Omi didn’t want to take any chances, if he died, his adventure would be over, so it was better to go.

“It’s too late.” Ah Ling didn’t even know that Omi came in at the underground aqueduct, I’m afraid the people of this world didn’t think of this either, the above ground aqueduct was something that everyone overlooked.

Ah Ling pulled Omi into her boudoir bed.

“Hiding under the bed? No, my father will know in a minute.”

“Hiding in the closet, even less so.”

“Well, where to hide?”

At this time, Ah Ling saw the water in the large wooden barrel in the room, this was the bath water that the girl had just prepared for her.

Ah Ling immediately has Omi: "Quick, you hide in the barrel, hold your breath, in the water can isolate the breath coming out of your body, so it's not easy to find you."

"Ah."

"Don't ah, come on, if my father finds out, he'll kill you."

"Oh."

For the sake of his life, Omi resolutely jumped into the barrel and lay at the bottom, where the water of the barrel was floating with many red flower petals, giving off an enticing fragrance.

At this moment, Ah Ling had heard the sound of someone coming up the stairs outside.

As soon as Ling bit her teeth, she no longer hesitated, immediately took off her full body clothes, entered the barrel, and sat down in the barrel.

"F*ck." Omi cursed in his heart, Omi never expected that Ah Ling would take off her clothes and sit in, Nima, Ah Ling's ass was sitting directly on Omi's face, what could be more gorgeous and exciting than this, Omi was simply unable to describe the depressed mood at this moment. If she was still a pure girl, it would be fine, but if she wasn't, then Omi was in trouble.

With the sound of a flipping bead curtain, a middle-aged man walked in.

It was the City Lord.

"Ling'er, where's Meng Ying?"

“I don’t know.”Ling said indifferently.

“Ling’er, are you still mad at your father?”

“Don’t dare.”

“Ling’er, the room smells of blood, did something happen?It’s not like you’re trying to do something stupid, is it?”The city lord asked, and he had a really good nose for it.

Ah Ling snorted, “As a father, is this something you should be asking?”

“Ah, sorry, it was father’s negligence.”The city lord was busy apologizing because he knew from Ling’s meaning that it was her menstruation, which was not something he could ask.

This Ah Ling was also really resourceful.

“Ah Ling, then you rest well and don’t think about it too much.By the way, to tell you one thing, that curtain can be caught.”

“Ah.”Ling was stunned, and in her heart, she said, “Isn’t Curtain Neng well under me, he must have lied to me.”

“What did you do to him?”Rei was busy asking angrily, since acting is a good idea, let’s all act together.

“Oh, Ling, the curtain can die.”

“Impossible.”

“Ah Ling, from now on, you’ll be at ease with Bai Qi, in half a month, Bai Qi will come to marry you. Alright, I’m not going to tell you more, you rest more.”

The city lord turned around and left.

“Curtain Neng, woo.” A Ling pretended to lose her voice and cry.

When the city lord left, A Ling got up in a panic, and Omi burrowed out of the water and let out a deep breath.

He saw that Ling was hurriedly getting dressed, and her face was red.

Omi saw Ah Ling’s blushing face and wondered a little if this Ah Ling had never had sex with Curtain Energy before.

“Ah Ling, you have a great body.” Omi smiled, trying to get a word in edgewise.

“Oh.” Ah Ling said with a shy face.

“That, you just sat on my face.”

“Oh.”

“Why are you ohhhh.”

“What do you want then.”

“Arlene, would you like that?” Don Zimmer asked probingly, but of course, Don Zimmer was aiming for a condom, well, Don Zimmer was bored.

“I, I don’t know.” Ling lowered her head and said, she was already dressed at the moment.

Omi could tell from her sentence that Ling and Curtain Neng, never happened, otherwise she wouldn’t have said that she didn’t know.

“Alright, A Ling, I should go.”

“Curtain, are you sure you won’t take me with you?” Arlene cried.

“Uh, this.” Omi had a bit of a headache.

“Curtain Neng, don’t you love me anymore?”

“Ling, I really can’t take you with me.”

“Why? Is it because I won’t give it to you? Then you can come by all means.” Saying that, the weeping Ling took off her clothes and was suddenly naked all over again, and she had just put on a green shirt for now.

“Uh, Ah Ling, put your clothes on quickly.” Omi’s eyes couldn’t help but scan Ling’s body, feeling his throat a little dry.

“What the hell, why is it so real, it’s just consciousness entering ah, surprisingly it feels the same as the real thing, no wonder the last time Uranus went to get a woman, it really is no different from the real one.”

Ah Ling suddenly jumped on Omi’s body and held Omi tightly without letting go.

“Ah Ling, don’t catch cold.”

“No, if you don’t take me away, I won’t wear it, curtain can, I’ll give you everything, please don’t abandon me.”

“Phew.” Omi took a deep breath, feeling the heat coming from Ling’s body, a little out of control.

543

“F*ck, do I want it? It’s come to this, should I remain a decent person or a non-decent person for a bit? Even if this is cheating on me, it should just be mental cheating, I’m not physically cheating at all.”

“Hoo, hoo, hoo.” Omi breathed raggedly.

After struggling for a few minutes, Omi finally lost control and suddenly stopped Ling at the waist....

Two hours later, Omi got dressed and said, “Ling, just stay at home for now, I’ll visit you as soon as I can, and when that white flag comes, I’ll come to your door again and defeat the white flag.”

“You can’t defeat the white flag.”

“That’s not necessarily true, alright, I’ll leave first.”

Ah Ling looked at Omi grudgingly, but unfortunately, Omi ignored her so much and jumped down the window and went out.

“What are you jumping to the back for?”

It wasn’t until then that Ling realized that Omi had come in through the above-ground water canal.

Omi took Meng Ying’s corpse out of the above ground canal and then came out on a street a few kilometers away from the City Lord’s residence, leaving Meng Ying’s corpse on the street while Omi himself disappeared far away.

Omi walked down the street and sighed, “I didn’t even hold back, I still had sex with the city lord’s daughter, even though it’s just consciousness, but it’s so real, it still makes me feel like I betrayed them, alas.” One second to remember to read the book

“It’s just a dream, everything here, just think of it as a dream.”

“In half a month, I will defeat White Flag, I must, then, from now on, I will continue to strengthen myself. Let’s go back to the Daoist Temple first to see Xiang’er and Mei Qian.”

Omi returned to the Daoist Temple.

Both Liona and Xu Mei Qian were still observing their thoughts, Omi saw how serious they were, so he didn’t disturb them.

Omi left the Daoist Temple again and prepared to go find someone to fight, who looked to be of similar strength, so he deliberately provoked him.

As Omi walked down a street, he saw a man in front of him who was quite strong.

Omi blasted out with a mouthful of saliva.

“Pah.” That spit spat on that strong man’s neck.

“Who.” That strong man was furious, not knowing who was so uncouth.

Omi smiled, “It’s your grandfather me.”

“You, who are you? Why are you spitting on me.”

Omi said, “I’m not happy with you, so what do you dare to do, come and hit me.”

“Shoo.” The other party became furious and attacked Omi.

“Boom.” The other party’s fist was so powerful that it almost felt like it was going to break the air, and Omi felt a wave of heat hit him.

Omi met it with a sword.

A few minutes later, Omi hadn’t been able to knock him down, instead he was constantly retreating.

“Hahaha, good, that’s how it is.”Omi laughed, Omi liked to fight with the strong, but of course, couldn’t be too strong, or else he would be killed.

Ten minutes later, Omi was defeated by the other party, this person, at least at the inner level, it was normal for Omi to be defeated.

“I’ll kill you.”That person wanted to kill Omi, but Omi immediately fled with a Ghost Wheel Duel.

“Want to escape?No way.”The man caught up to him, but alas, didn’t catch up.

“Phew.”Omi, who had managed to escape, gasped for breath.

Omi rested for two hours and came back to the street.

Omi walked around the street and found another target, this target had the same strength as the boxing expert just now, she should also be an internal beginner, however, she was a woman.

“Hey, you, what the hell are you talking about, get on your knees and sing conquest, what?”

Can’t sing?Then you want to die.”Omi pointed at that strong woman’s nose.

That strong woman asked, “This little brother, are you talking to me?”

“Not talking to you, is it talking to a ghost.”

“This little brother, I’m new to your land, I’m not familiar with your land, so why bully others, if I have offended you in any way, I hope that you will forgive me.”The woman said.

“Uh.” Omi was too embarrassed to continue provoking her when he saw how polite she was.

“Alright, alright, it’s alright, just kidding with you, this is our Forgotten City’s way of welcoming outsiders.”

“Oh, thanks.”

The strong woman walked away.

Omi sighed and continued to look past other targets.

An old man in grey clothes printed into Omi’s eyes.

Omi went up to provoke him again.

Omi deliberately bumped into him as he passed by him, while at the same time, Omi deliberately kneed him in the stride.

The old man didn’t say anything and looked at Omi with half-lidded eyes.

Omi said in an arrogant tone, “Hey, old man, how dare you block your grandfather’s path? I don’t believe grandpa killed you.”

“Little brother, you’re crazy.”

“Mad you sister, you old immortal, living in the world is really a waste of air and food, why don’t you go die, I pooh.” Omi spat up another mouthful of water.

That old man didn’t even dodge it, but when the spit was spat in front of him, it was shattered by an invisible barrier.

“I go, Innate Abstruse Qi.” Omi was shocked when he saw this scene, and without even thinking about it, he applied the Ghost Wheel Duel to escape.

Omi roared inside, “Nima, what’s the point of pretending and hiding the realm.”

Omi was furious, provoking an old man who was actually an innate expert of the hidden realm.

One of the most obvious manifestations of an innate expert was innate abstruse energy.

Possessing Innate Abstruse Qi, no one under Innate could touch it.

Even a cannonball would not be able to break their Innate Abstruse Qi, which was why, with so many differences between Innate and Houtian, no matter how powerful the Houtian Grand Perfection was, it was simply not a match for Innate.

Of course, innate masters weren’t so easy to achieve, and those big families were only a few innate masters.

Omi was completely open-minded and used the Ghost Wheel Duel continuously.

If he couldn’t escape, he would really be kicking the iron plate this time.

“Phew.” After Omi had performed the Ghost Wheel Duel several times, there was little internal energy left in his body, and his entire body had become fatigued, but he had managed to escape from two streets.

Omi stopped with a great gasp for breath.

“Have you run enough?” At that moment, that old man’s voice came from behind Omi’s back and actually stuck to Omi.

“Ah.” Omi immediately pulled his legs out again and ran.

“God help me, I don’t want to die so soon yet, I still want to continue my training and break through to the Houtian. In half a month, I still have to go and defeat the City Lord’s daughter’s fiancé, White Flag ah.” Omi pleaded with the heavens in his heart, and right now he was blue in the gut with regret.

Omi’s internal strength was exhausted, all of it spent on escaping, and he had already escaped thousands of meters away as fast as he could.

That old man shouldn’t be so perverted as to still be chasing after him after so long.

“No strength left? Keep running.” Just at this moment, the old man’s voice sounded again behind him.

When Omi turned around, the old man was smiling at him and, his smile made Omi look creepy.

There were only two words in Omi’s mind, it’s over, it’s time to end the adventure.

“Senior, are you going to kill me?” Omi knew he couldn’t escape, so he simply stopped running, if he wanted to end the adventure then so be it, it wasn’t really death anyway, otherwise, Omi wouldn’t really be able to be so calm.

“Kid, you’re about to die, but you’re still so calm.” The old man said with a shrewd gaze at Omi.

“Senior, you are going to kill me.”

“Give me a reason not to kill you.” The old man said.

Omi said, “I don’t want to die yet, is this reason enough. “

“If you don’t want to die yet, why are you looking for death?”

“How would I know about your hidden realm, I’m provoking you, but I just want to have a fight with you to enhance my own combat experience, alright, let’s do it.”

The old man laughed darkly and suddenly grabbed his palm on top of Omi’s head, a strong innate abstruse energy enveloped Omi.

After a few seconds, the old man released Omi and said, “Kid, you have a nice body, I was worried about finding a suitable body to perform the soul transfer for my apprentice, since you happened to meet me so coincidentally, it seems this is destiny, it’s arranged by the heavens. I’m sure my disciple will like you. My disciple used to be just very ugly, no woman always liked him, this time, for my master to find him a handsome one, it’s really perfect, this must be the fate of the heavens.”

“I’ll go.” Omi didn’t think that this old man didn’t want to kill him, no, it was also equal to killing him.

“What are you doing?” First web site m. kanshu8.net

“Isn’t that clear enough?I’m looking for an excellent body for my apprentice to perform soul shifting.”

“A great method of soul shifting?The long-lost method of soul shifting?”Omi was startled inside, in Omi’s world, the Soul Shifting Great Law was legendary, and no one even knew if it was nothing.

But he didn’t expect to hear about the Soul Shifting Great Law in this ancient world of memory stones.

The old man snorted, “What do you mean, it’s been lost for a long time?It was created by the old man himself, so how can you say it’s lost.”

“You created it?Gosh.”Omi was a bit shocked, the Soul Shifting Great Law had only appeared since this person, and there must be more than one version of the Soul Shifting Great Law.

“Cut the crap, follow me.”

Omi was lifted and quickly flew away.

Omi was a little worried, if it was killing him, then Omi wasn’t afraid, the worst case scenario was to exit Forgotten City for training.

But if it was a soul shifting technique, there was no telling if his consciousness would actually be shifted.

“No, definitely not possible, this is the recorded world of the memory stone, it is nothingness, only I am here to acquire things, and there is no reason for me to be acquired by the nothingness here.”

Omi was taken by the old man to a remote house, a house that was eerie and scary.

“Bang.” Omi was thrown by the old man and thrown into a hall that had no decorations and was made to look like a shrine, which was chilling.

Next to this hall, there was a table with something like a glass bottle that was filled with a murky liquid and had something soaking in it.

“Ah, a human head.” Omi was suddenly shocked, the thing inside this bottle was a human head.

The old man snapped loudly, “What’s all the fuss about.”

“That’s a human head in there.” Omi said.

“He’s my apprentice.”

“Ah, your apprentice.” Omi suddenly understood, no wonder the old man was looking for a body for his apprentice-brother

Body, performing the great method of soul shifting, it turned out that his apprentice had no body at all.

“Don’t move.” The old man bellowed, then his finger quickly clicked on Omi’s body, “Pah.”

Omi’s body was unable to move as he was pointing at it.

However, Omi snorted inwardly with disdain, “Using pointing points on me? Are you kidding me? Pointing is nothing more than stopping a few of my body’s acupuncture points from functioning,

causing my body to be unable to move. But I'm a Tenth Grade Healer, what acupuncture points can point me?"

Omi instantly relieved himself of his acupuncture point.

"Well?" The old man was taken aback when he saw that Omi had unlocked his own acupoint.

"How did you undo the acupuncture point?"

"I'll tell you if you let me go."

"Hmph, dream on." The old man didn't seem to have any interest, but yeah, pointing acupoints wasn't a profound technique, only stronger people pointing acupoints at weaker people would be effective. A weaker person pointing at a stronger person, and a stronger person easily rushing through the acupuncture point, a very chickenshit technique.

The old man held the bottle with the human head over, then reached in with his hand and grabbed the hair of the human head inside the bottle.

"Wow shit." Omi wanted to vomit when he saw it, and the face of the head that was grabbed out was yellow with the murky liquid, and his eyes were staring at it.

"Trying to scare people to death."

The old man placed the head on the table.

Then he turned to Omi and said, "Kid, if there are any last words, say them quickly, or else you won't have a chance."

Omi's body trembled, at this moment Omi was a bit torn inside, was it better for him to commit suicide right now, or not?

If he doesn't kill himself, what if he does perform a soul shifting spell and really does some damage to Omi's soul?

However, with a final bite, Omi still didn't believe that an ethereal figure inside a memory stone could do any harm to his one true consciousness.

"Nothing left to say?" The old man asked.

Don Omi said, "Wait, my last words are, I want to take a shit."

"What a waste of time." The old man grunted, his hand was now on top of Omi's head, and his other hand was on the top of that man's head.

"Soul Shifting Great Law."

The old man unleashed his entire body to perform the Soul Shifting Great Law.

Omi felt his whole body trembling, the top of his head was smoking, and likewise, that person's head was also smoking.

Then, Omi's body was rapidly rotating around the old man, faster and faster, always faster and faster, as fast as an engine, Omi had already been turned dizzy, extremely fast, it seemed to produce centrifugal force or something, Omi felt a something in his body leave the head, while at the same time, another something entered the head.

Not long after, Omi's body stopped rotating.

That old man laughed and said, "Success, worthy of the many years of careful preparation by my husband, hahaha."

When Omi heard the old man's words, he was puzzled, "Success?! I'm still in Curtain Noh's body, why does he say it worked?"

Yes, although Omi felt the extreme speed of the rotation, Omi's consciousness was still in Curtain Energy's body after the rotation. Therefore, Omi felt baffled by the old man's words of success.

At this time, the old man looked at the head of that person and said, "Kid, now your soul has been transferred to the head of the person that my apprentice saved and transferred to your body, hahaha."

545

Omi immediately felt it, and sure enough, there was a newly emerged soul in Curtain Energy's brain, in addition to his consciousness, but, it was a dead soul.

"I go, so that's how it is."

Omi understood that he couldn't transfer Omi's soul, the soul that the old man had transferred was the original curtain canon's dead soul, swapped with the old man's apprentice's soul. Omi's consciousness, however, was still in Curtain Energy's body.

The old man looked towards Omi and shouted, "Apprentice, can you hear me? Apprentice?"

Omi laughed in his heart, Apprentice you son of a bitch.

However, Omi didn't mind impersonating his apprentice and playing tricks on him.

Omi said, "You, you are, who are you? Me, and who am I?"

When the old man saw Omi speak, he relaxed and laughed, "Haha, it really was a success, the first time I performed the Spirit Shift Method, I didn't expect it to be successful."

"Who are you?" Don Omi asked.

"I am your master."

"Then, who am I? Why can't I remember anything?" Omi deliberately said, what a pit stop. Remember the URL . kanshu8. net

Omi would now pose as his apprentice and then see if he could trick something useful from this old man, for example, if there were any powerful techniques or something.

This old man, at a glance, was not an ordinary person, even being able to create a great method of soul shifting was truly extraordinary, perhaps, he was far from being an innate expert, anyway, Omi was completely unable to guess, but merely guessed that he was an innate expert by virtue of his innate abstruse energy, what if he was more than that.

The old man said, "I am your master, you are naturally my disciple. Disciple, you were harmed by my enemy and almost died, but fortunately, my master had the corpse liquid and soaked your head in it to preserve your soul. Waiting for the future after I create the Soul Removal Method to bring you back to life. Disciple, do you know that this wait is eighty years."

“What? Eighty years? You mean to tell me that the head I’m in has been soaking in body fluid for eighty years?”

“Yes, I blame my master for being foolish, not being able to create the Soul Shifting Technique in time, it took a whole eighty years to make it big, I’m ashamed of you ah.”

Omi was shocked, his disciple had been dead for eighty years and his head had been soaked for eighty years, but this old man’s feelings towards his disciple were truly somewhat touching.

“Master, what is corpse fluid?”

“Corpse fluid is the thick liquid that comes out of a decomposing corpse.”

“I’ll go.” Omi almost vomited, feeling that the large jar of murky liquid was all the liquid that flowed out after the corpse decomposed ah, to be so disgusting.

“Disciple, you’ve been dead for eighty years after all, memory loss is normal, I will slowly help you get your memories back, and may even never get them back again. But it doesn’t matter, I will always be there for you, and I will never let anyone bully you again. You can start cultivating again now, and I’ll teach you my most powerful techniques, you’ll be very strong.”

Omi busily asked, “Master, what is the most powerful technique? Tell me about it.” Omi was excited, this was what he was waiting for ah, otherwise who the hell else would impersonate his disciple.

“Hehe, I’ll teach you my Sucking Power Technique.”

“Sucking power great method?” Omi was horrified, in that world of Omi, he had also heard that in the ancient times, there was a long, long lost discipline

The technique that was so long that I don't know how long, called the Sucking Gong Dafa, could suck the power of others for his own use. This Sucking Gong Dafa was very overbearing, once he got his power, anyone he came in contact with would have their power sucked out of them, and if they couldn't get rid of it in time, they would be sucked into a dry corpse.

"I'll go." Omi was dumbfounded at the moment, the legendary power sucking method that had been lost for a billion years had actually appeared here.

It seemed that this Oblivion City really hid many unfathomable secret treasures ah, depending on who was fortunate enough to discover them.

This time, if it wasn't for the curtain energy body controlled by Omi that was seen by this old man and caught up to move his soul, then this Sucking Power Great Method wouldn't have been uncovered.

"Master, quickly teach me the Sucking Power Great Method." Omi said.

The old man smiled, "Don't worry, Master will teach you, you should first familiarize yourself with the body now, after all, your soul, you just moved your soul to this body."

Omi really wanted to curse, familiarize your sister, quickly teach it.

Originally, this sucking power method was a method that people in the Devil's Way aspired to, however, Omi didn't care about the righteousness of the Devil's Way now, so he learned it first.

And so, Omi posed as the old man's disciple.

The old man told Omi many things about the past, but Omi said that he couldn't remember anything, and the old man didn't have any doubts, after all, after eighty years of soaking in corpse fluid, memory loss was perfectly normal.

“It doesn’t matter, as long as you’re alive, it’s better than anything.”

“Master, how am I going to start practicing martial arts ah, when are you going to teach me the Sucking Technique ah, I want to learn it and go out and try to suck a few people.” Omi said.

“The Sucking Power Technique is not as easy to learn as you think.”

“That’s all the more reason to start learning it right away, I have limited time,” Omi said anxiously.

“Huh? Why did you say time is limited?”

“Oh, I mean, I want to go out and suck a few people right away to see the effect, so I have limited time.”

“Apprentice ah, if you meet a strong person whose strength surpasses you by a lot, you’d better not suck ah, if you accidentally put your life on the line, the other party will turn on you if they are too strong.”

“Ah, so ah, wouldn’t that be of little use, I thought I could kill all strong people in seconds.”

“What’s a spawn?”

“Oh, it’s just not much use, maybe I’ve just woken up, my mouth is a bit knotted and I have a speech impediment.”

“Oh, how useless, at least you have one more means of opposing others, it’s not so easy for them to defeat you.”

“I thought that I could suck any strong man dry when I learned the great method of sucking.”

“If others let you suck and don’t resist, that’s natural. But, apprentice, ah, there is no such good thing in the world, people are not fools to let you suck. Moreover, any technique under the world can only guarantee that you are less likely to be defeated by an opponent of the same level, a stronger person at a higher realm will definitely be stronger than someone lower, if you are not as good as someone else, it’s not so easy to use the Sucking Power Technique on someone else ah.”

Omi could only nod his head.

“Sucking power great method, you suck other people’s power, you can consume their power and increase your own power at the same time, what else is stronger than this Sucking power great method?”

“Then teach me quickly.”

546

“It’s not too late for you to familiarize yourself with your body, and then you can start practicing once you’re skilled at controlling it.”

“I’m already familiar with my body,” Omi said.

“You just moved your soul to this body, so how can you familiarize yourself with the body so quickly.”

“I’m really familiar with this body, Master, come on, I’m going to start practicing martial arts.”

The old man gazed at Omi with a deep gaze, not knowing what he was thinking.

Omi’s heart thudded, could it be that this old man had seen through it, right?

That would be the end, not only would Omi not be able to learn the Sucking Power Technique, he would perish as a result.

“Master, what’s wrong with you? Alright, alright, then there’s no rush to practice martial arts.” Omi said.

The old man suddenly said, “No, I suddenly want you to do something for me.”

“Uh, what is it? If even you can’t do it, I can’t do it even more, with your strength, there’s nothing you can’t do in this Oblivion City, right?” Omi looked at the old man in confusion.

“No, I can’t do it, apprentice, I’m not the strongest in Forgotten City, and there are people stronger than me.” One second to remember to read the book

“Ah, who is it?”

“That’s Bian Mingyu.”

“Oh, what do you want me to do for you? Is it that after helping you do that, you can start teaching me the Sucking Power Technique?” Omi asked.

“Of course, this matter is the hatred of my life. Unfortunately, I wasn’t able to defeat Bian Mingyu’s joint efforts.” The old man had an angry look on his face.

“Tell me, what do you want me to do?”

“When I was young, I was chasing a girl at the same time as Bian Mingyu, and that girl’s name was Mo Qingqing, and at that time, Bian Mingyu was more handsome and more powerfully gifted than me. However, Mo Qingqing still liked me more and she was ready to get married to me. But on the night of the marriage, I realized that this bitch was joining forces with Bian Mingyu to deceive me. The purpose was my family heirloom sword, and that night, I drank a lot of wine, and when I woke up, my family heirloom sword was lost. Also, my lifeblood was also, also, cut off.”

“Ah.” Omi opened his mouth wide, so the old man didn’t have a lifeblood.

Omi really didn’t know what it felt like to not have a lifeblood.

“Master, but I look at you, you still have a chin and a beard, you don’t look like a eunuch.”

The old man glared, “Who told you that I’m a eunuch, I just have my lifeblood cut off.”

“Oh.” Omi was incredulous, in that case, the old man’s life was simply more miserable than a eunuch’s, because he obviously still had human desire, but he didn’t have a human vessel, this was simply a live hold ah, eunuchs at least didn’t have any desire anymore.

“Master, if it’s been cut off, why don’t you go pick it back up?”

“Pick up, how to pick up, it’s impossible, can’t.”

“Oh.” Omi didn’t ask any more questions, in this era, there was definitely no such profession as a healer, and I guess the medical aspect was so mediocre that he couldn’t even pick up the lifeblood.

“Disciple, now that you have a body and are so handsome, I think you can take out an evil breath for me, and after this evil breath, my heart will be a bit more peaceful, then I will start teaching you the Sucking Technique.”

“I respectfully follow Master’s arrangement, what do you want me to do?”

“I want you to seduce her and then dump her badly.”

Omi broke out in a cold sweat and said, “Are you kidding me? Seducing the man who cut off your life? She’s an old woman, I’m afraid.”

“No, I’m not talking about her, I’m talking about her granddaughter. This bitch, back then, not only bullied

Cheating my feelings, stealing my sword, stealing it is just as bad as stealing it, but also cutting my life roots, how can I let them go. Unfortunately, I’m no match for the couple on my own. Now, I want you to seduce the granddaughter of that pair of sluts, then ravage her and trample on her, and finally cut off her breasts and then abandon her, so they can also taste that.” The old man said fiercely.

Omi broke out in a cold sweat.

He was here to learn the Great Law of Sucking Power, not to help him take revenge.

“Disciple, you are so handsome, you will definitely be able to do it, I’m counting on you for revenge, only you can return what they did to me back then to their granddaughters and let them experience this pain.”

“Master, but this is a grudge from your last generation, can I get involved?”

The old man smiled, “Didn’t you want to learn the Sucking Power Technique?”

“Ah, I thought you said you’d teach me when I got physically familiar with it?” Omi was a little confused as to why he was suddenly asking him this.

At this moment, the old man suddenly pressed one palm on the top of Omi’s head, and an innate abstruse Qi enveloped Omi.

“What are you doing? I’m your apprentice, though.”

“Kid, stop acting.” At that moment, the old man put Omi away.

“What do you mean, acting? I can’t act.”

“If you pretend again, don’t blame me for actually killing you.” The old man’s face was cold.

Omi suddenly realized that his identity had been discerned.

“When did you realize it?” Don Omi asked.

“What, no more denials?”

“You’ve got it all figured out, what am I denying.”

“Kid, you want to learn my Sucking Power Technique? Unfortunately, you were in too much of a hurry, so I could see that you were an impostor.”

“You’re the one who first took me as your disciple, so now that you’ve seen through it, what are you going to do about it.”

The old man sighed sadly, “It seems that my great method of soul shifting has not succeeded at all, poor, I have killed my disciple.”

At this moment, the head was already rotting because it was free from the immersion of the corpse fluid.

“If there’s nothing else, then I’ll leave first.” Omi immediately wanted to leave.

“Stop.”

“What else do you have to do? If you want to kill me, do it.”

“What’s your name?”

“Curtain Energy.”

“Curtain Neng, what I just told you is what I told you, you fulfill my wish for revenge and I teach you the Sucking Power Technique.”

“So, you knew me before you said this.”

“Yes, I was going to play it safe and ask you to help ‘Master’ accomplish something, but you rejected me.”

Omi said, “I helped you accomplish this wish, and you’re really willing to teach me the Sucking Power Technique?”

“Of course.”

“How do I know you’re not lying?”

“The old man has no family in this world anymore, the only family member, my disciple, has not succeeded in moving his soul, completing my wish for revenge is all I have, if you can help me complete it, so what if I teach you the Sucking Power Technique, anyway, my disciple can’t come back anymore, my Sucking Power Technique can’t be left without a successor because of that.”

Omi felt like the old man was telling the truth, as he sounded a bit sad, or maybe his disciple was depressed because he hadn’t succeeded in moving his soul.

“Okay, I believe you, what exactly should I do?”

547

The old man said, “You get to know Mo Qingqing and Bian Mingyu’s granddaughter, her name is Bian Phoenix, and make her fall in love with you and love you to death, at least to the extent of my original emotional obsession with Mo Qingqing. Then, when the time is almost right, you will seduce her to steal her grandfather’s Qingcheng Sword before abandoning her and cutting off her breasts.”

Omi said in his heart, “That’s too cruel.”

However, Omi was worth doing it for the Sucking Power Law, and although it was cruel, everything here was just a dream.

“Okay, deal.”

“Then go ahead, I’ll give you one day, after one day, your progress must reach the level of knowing her.”

“Give me the address.”

The old man gave Omi an address and said, “You have to be careful yourself, Bian Mingyu and Mo Qingqing are both super strong people who live in seclusion in Oblivion City, if you are not careful and cautious, you will be the one to die when the time comes. When you go to get to know Bian Phoenix, you must test wisdom and not rob by force, this Bian Phoenix’s strength is not to be underestimated. I’m afraid it’s not weaker than you.”

“Understood.”

Omi sighed and flew away, the old man really let Omi go.

However, as soon as Omi left, the old man quietly tracked him, of course he would follow Omi the entire time to see if Omi would really go to help him with his revenge plan, if it was a lie, then absolutely pinch Omi to death.

Omi went straight to his destination to get to know that person called Bian Phoenix. First URL

“Hello, is Bian Mingyu’s house here?” When Omi arrived, he asked a passerby.

“Why are you looking for Master Bian, he lives in the front, that most luxurious residence is now Master Bian’s home.”The passerby said.

“Master Bian?Why do you call him Master Bian?”

“Oh, he’s a wealthy merchant, called Master Bian, of course, and he’s very old now, and his family’s business is left to his son and daughter-in-law to manage,”Passerby B said.

“Master Bian has a granddaughter, called Bian Phoenix, did you know that?”

“Oh, you said side phoenix, seen it once, it’s beautiful.”

“Alright, thank you.”

Omi walked towards the Bian residence.

It seemed the old man was right, Bian Mingyu and his wife Mo Qingqing, they were super experts, but they were low-key, no one knew they were super experts, only that they were a rich businessman.

“How do I get to know Bian Phoenix in one day?Besides, we don’t know what she looks like yet.It’s a spoiled child, it seems that Bian Mingyu and Mo Qingqing, really did spoil this granddaughter, that’s why the old man asked me to make a move on her and carry out a revenge plan.It wasn’t my business originally, but it had to be done for the sake of the Sucking Power Law, and besides, that Mo Qingqing, she did go too far with that old man when she was young, deceiving his feelings, stealing his ancestral sword, and also cutting his bottom.This is merely their own karma and retribution, what does it have to do with me.”

Omi arrived outside the main gate of the Bianfu residence, which was indeed a very imposing residence.

After squatting outside for a while, a few servants who were out shopping for food came out of the gate.

Omi followed them and asked, "Where is Bian Phoenix?"

"Who are you? What do you want with our lady?"

"She, she owes me something unpaid, and one of you tell me where she is."

"Miss is in the house of course."

Omi was in a bit of a pickle, he definitely couldn't go into the Bian residence.

"When will Bian Phoenix come out?" Don asked casually.

"How do we know, I suppose, in the afternoon, the lady usually goes for a walk around the streets in the afternoon."

&

nbsp; "Good."

Omi continued to squat.

At around three in the afternoon, finally, Omi saw a woman dressed in gold come out, accompanied by a few little girls.

“She must be Bian Phoenix.”

This noble-dressed woman had a cold and arrogant look about her, as if looking at everyone else’s was grippy, and she was feeling rich and white.

Omi followed her, then after some distance from the Bianfu, Omi saw that Bian Phoenix stopped at a shop selling musical instruments on the street.

“Boss, how do you sell this?” Bian Phoenix picked up a flute and said.

“Miss Bian, you’re really good at it, this is our latest incoming flute, it’s made using ivory, and it has a very nice sound.”

“Really.” Bian Phoenix didn’t know anything about music at all and was half-hearted.

“How much does this cost?” Bian Phoenix asked.

“Miss Bian, this ivory flute is more expensive because it’s the latest import and is made of good material, so it costs five hundred gold.”

“Oh.”

Bian Phoenix didn’t want that much and ordered the maid to buy it and bring it back.

“Wait.” At that moment, Omi saw the opportunity and immediately came out.

The first thing you need to do is to take a look at the actual product, and then you'll see that it's not a problem. I'm really not used to you, so, sorry."

The owner who sells musical instruments snorted, "What kind of person are you, do you know anything about music? You know how to compose? Do you know how to play the flute? Get out of my way, don't get in the way of my business."

Bian Phoenix looked at Omi, his eyebrows furrowed, and said, "It's you, curtain can."

Omi's heart thudded, Bian Phoenix actually knew him.

Omi was going to ask, how do you know me, but if you ask like this, Omi was afraid that he would wear it out, so he didn't know what to say for a while.

At this time, the boss was busy saying: "Miss Bian, don't listen to this man's nonsense ah, if you don't believe it, I'll play a song for you on the spot, you listen to it yourself, is this a fine product."

After saying that, the boss immediately picked up the ivory flute and played it.

Bian Phoenix said, "It does sound good, nice, boss, I trust you, I'll buy it."

Omi said, "Bian Phoenix, his flute sound, can only be considered third-rate, so third-rate, you even say it sounds good, it seems vulgar is vulgar."

"Curtain can, who are you calling vulgar."

"If you don't believe me, come with me."

“Where to?”

“Just follow me.”

Omi flew to a river where there was a clump of bamboos.

Omi cut a section of bamboo and then dug holes in it, and soon, a disciple was finished.

Omi immediately played the flute.

The sound of the flute was melodious and full of beautiful echoes.

The phoenix listened fascinated, and when Omi finished playing, he looked at Omi with a little surprise.

Omi asked, “Now, do you still think that his ivory flute is a fine piece of art? If you still think that his ivory flute is a fine product, then go ahead and buy it, I won’t stop you.”

After saying that, Omi walked away without looking back, and after a few steps, Omi threw back the flute he had made and said, “Bian Phoenix, this flute, it’s for you.”

548

Bian Phoenix busily took the flute and looked at Omi’s back, his brow furrowed.

“Why did you give me the flute?” Bian Phoenix asked.

“It’s just a random production, it’s not a fine product.”Omi said in a tone full of pretending to be cool, and didn’t even look back.

“Your flute sounds great, when are you going to play the flute again?”Border Phoenix asked.

“I play the flute here every afternoon,”Omi said.

Omi walked away, and Bian Phoenix took the flute and went home.

As Omi walked down the street, the old man suddenly appeared.

“Curtain Neng, it seems you’re an expert at picking up girls, hahaha, I’ve really found the right person to find you.”The old man laughed.

“I’ll go.”

Omi was a bit torn inside, Bian Phoenix was a nice beauty and a bit lonely, if she really got her, then, really do that to her?

It’s just a dream, Coco, and Don Omi can’t bear it. Remember the URL .kanshu8.net

“You’ve been spying on me.”Omi said with dissatisfaction.

“I was afraid that you would run away, but you really did go to Bian Phoenix in the first place, which shows that you are trustworthy and you are really taking this to heart, so I can stop spying on you from now on.”The old man said.

Omi said, "I'm just trying to learn your Sucking Power method."

"Don't worry, as long as you help me fulfill my wish for revenge, I will definitely teach you, Curtain Energy, I hope you won't disappoint the old man."

"Hmph, prepare your Sucking Power Great Method."

The old man said, "Call me Evil Cloud from now on, and also, this matter is not allowed to be revealed in the slightest, otherwise, not only you, but I will also be in trouble. If Bian Mingyu and Mo Qingqing join hands, I'll have no choice but to run away."

"Of course."

"Then goodbye, I hope you will soon make Bian Phoenix fall in love with you and be willing to steal her grandparents' Qingcheng Sword for you."

"I'll try my best." Omi didn't have any confidence at all that he would be able to accomplish this, this Bian Phoenix, didn't seem to be a nymphomaniac type of woman, how could he get her? Moreover, it had only been twenty days in total since Omi had entered Oblivion City, and now that three days had passed, time was so short.

"If there's anything, go find me."

"Know."

After the old man left, Omi quietly arrived at the Daoist Temple to find Liona and Xu Meiqian.

Liona and Xu Mei Qian had finished their day of observing and were getting a bit closer.

“Xiang’er, Mei Qian.”Omi shouted.

“Tzu-Chen, you’re back.”When Liona saw Omi, she immediately pounced on him and hugged him.

But Xu Qian Mei Qian did not.

“Mei Qian, why don’t you come up and hug me.”Omi smiled.

Xu Mei Qian huffed, “I’d better forget it, I’m just an old woman now, if I really come up to hug you, I might be kicked away by you.”

“Hahaha, Mei Qian, how come, you’re my woman.”

“Really?Well then, let’s kiss.”Xu Mei Qian came up and her lips went up to Omi.

“Ow.”Omi saw Xu Mei Qian’s lips come up, that old woman’s mouth, disgusting ah, and suddenly vomited.

This scene, a bit like a movie on Earth, Journey to the West, Zixia Fairy’s soul transferred to Piggyback, and then the supreme jewel said it would not dislike her, Zixia Fairy let the supreme jewel kiss her to prove it, the result of the supreme jewel tried several times can not get off the mouth, but also vomited owl.

/> “Hmph, I knew it.”Xu Mei Qian walked out of the room with a toot, Omi saw Xu Mei Qian also toot her mouth, and almost vomited again, a forty or fifty old woman toot her mouth to sell her adorableness, how deadly is this ah.

Liona giggled.

Omi looked at Liona, she at the moment this face value is very high, the body is also super great, so Omi hugged her are reluctant to let go.

Omi asked, "Xiang'er, if I'm having that with you now, but this body isn't your own, then is it considered cheating?"

"Ah, you want ah." Xiang Yun Liu blushed.

"Can't I?"

"But this body isn't mine, if you want it, wouldn't it be spoiling someone else, someone's good Daoist nun, by you." Liona said.

"This isn't the real world, this is just the record world ah, and it's from an unknown era, long dead, what's there to spoil or not spoil." Omi said.

Liona hesitated and nodded, "Alright, then I'll have to apologize to this little Daoist nun."

Omi saw that Liona had nodded, and then he hugged Liona and headed to the inner room.

"Ah."

"It hurts like hell."

"What's wrong?"

“The little Daoist nun in this body of mine, she, she’s still...”

“Ah, no way.”

“Why lie to you, it hurts like hell.”

“Hahaha, Xiang’er, it’s not bad to let you experience the feeling of breaking your dick twice.”

“I don’t want to.”

“No, you can’t.”

“Too damned, you’ve spoiled someone’s innocent little Daoist nun.”

Xu Mei Qian lay on the roof and laughed somewhat speechlessly as she heard Liona and Omi talking.

Xu Mei Qian wasn’t angry that Omi didn’t dare to kiss her just now, she was just deliberately teasing Omi, even if Omi was willing, she wouldn’t let Omi kiss an old woman.

An hour later.

Omi, Liona and Xu Mei Qian were sitting in the courtyard, Omi and Liona’s affair was already over, Liona looked guilty inside, sorry for this body of the little Daoist nun.

“I almost died today.”Omi said.

“What did you run into?”

Omi told the story of how he ran into that old man today.

“What should I do now? That old man’s Sucking Power Technique is definitely a great technique ah, I’m afraid that no one else in the entire Martial Island knows about it except me.”

“How do you know? What if someone from Martial Island had already come in here and learned from that old man, or forced that old man to teach.”

Omi shook his head and said, “It’s absolutely impossible. That old man, his martial arts skills are very high, I’m afraid that Wulin Island might not even be a match for that Qin Feng, even if Qin Feng came in here and met that old man, there would only be one way to die, so if I get that Sucking Power Method, I’ll definitely be the first one to get it.”

Xu Mei Qian said in a difficult manner, “But you have to help him complete his revenge plan if you want him to teach you the Sucking Power Technique.”

“Yes, such a powerful person can’t be forced to teach it by force, I really want to get that Sucking Power Great Law, so I decided to help him complete his revenge plan and go after Bian Phoenix, will you guys support me? When I get the Sucking Power Method, I’ll teach it to you.”

“But, if you do chase after Bian Phoenix, do you really want to do such a cruel thing to her? Cut off her breasts? Even though this is a fantasy world, it’s still brutal.”

549

“That’s what I’m struggling with.”

“The Sucking Power Technique is indeed a very domineering technique, and if one learns it, then one possesses a very great advantage in the future.”

“So, I’m definitely, open-minded.” Omi said.

Neither Liona nor Xu Mei Qian said anything else.

The next day, Omi left the Daoist Temple.

Liona and Xu Mei Qian continued to observe while Omi headed to the same river yesterday early in the morning.

I’m not sure if this is the case, but I think it is. The company has been in the process of developing the new product for the past two years.

However, that somewhat arrogant look of Bian Phoenix, looking at anyone with a gippy personality, I’m afraid it’s not so easy to be attracted to Omi.

“This afternoon, will she come to hear me play the flute, this will be the key ah. In addition, Bian Phoenix recognized me yesterday, and also called out my name, curtain can, is it, she and I already know each other? So, what was my relationship with her in the past as Shannon? It’s really faint. Can only see the random condoms.”

At about three o’clock in the afternoon, Omi was standing under a bamboo bush by the river, playing his flute.

“Tick tock tick tock tick tock...” One second to remember to read the book.

The beautiful sound of the flute floated out.

However, Omi played the flute for an hour, and that side phoenix didn't even appear.

"I'll go, waste my expression." Omi was seething.

"Didn't the Bian Phoenix ask me yesterday when I could still play the flute? I've said I'll be here every afternoon, but she? I've been playing for an hour and haven't seen anyone come, Nima, I really think I'm so laid back and elegant, what flute am I playing here ah, flaming." Omi sat in his spot and stomped his feet, a bit exasperated.

He wanted to learn the Great Law of Sucking Power, soaking the side phoenix was the only way, and that old man called Evil Cloud was too strong for anyone to be able to coerce him into teaching it. As for the Soak Side Phoenix, whether or not she would come to listen to Omi play the flute this afternoon would determine a message, whether or not she was interested in Omi's flute.

"Alas, I see, I won't be able to learn this Sucking Power Technique, it's a technique that was used in the ancient times, in my world, this technique has been lost, if I can learn it, it's really very useful."

"Bian phoenix, you're damn right you're here."

Just as Omi was imagining things, a woman came out from a bamboo bush behind him and said, "Why aren't you blowing up?"

"Uh." Omi turned around and saw that it was Bian Phoenix, and was filled with surprise.

However, Bian Phoenix was a frown, because, certain energy shouldn't see her so excited.

“You’re here.” Omi was suddenly back to being cool.

Bian Phoenix said, “You’re moiety waiting for me.”

“How could I be, I’ve been playing the flute here every day, not just today.” Omi said.

Bian Phoenix said, “Curtain Can, you play the flute here every day, that Li Ling Na, you have no plans to go back?”

“Uh, Li Ling, who’s Li Ling?”

Omi’s head spun, immediately thinking of the City Lord’s daughter, calling her Ling, could it be that the City Lord’s daughter’s full name was Li Ling?

As expected, this side phoenix, and the city lord’s daughter, A Ling, knew each other, even, A Ling and side phoenix were probably friends, then, the identity of curtain canon, and A Ling have gotten into elopement, as a friend side phoenix, definitely know curtain canon, and may even be very familiar.

“Oh shit.” Omi inwardly grieved, which meant that it was much more difficult for Omi to pick up Bian Phoenix again.

“I’m leaving first, the flute you just made, didn’t

There’s yesterday’s good sound.” Afterwards, Bian Phoenix walked away.

Omi had just been anxiously waiting for her to come, so it blew rotten.

How did Omi know that Bian Phoenix had already come, but she was sitting in a dark place and didn't meet with Omi, so it was good to hear her voice.

“Looks like I'm going to go find Ling tonight and ask her if Bian Phoenix is her friend, it's going to be very difficult to pick her up without figuring out Bian Phoenix's relationship with Curtain Energy.”

That night, Omi headed to a street around the City Lord's residence, Omi once again entered the underground aqueduct, and through the aqueduct entered the City Lord's daughter's boudoir.

“Knock knock.” Omi knocked on the window.

The City Lord's daughter, Ling, opened the window.

“Curtain Neng, you've finally come.” The City Lord's daughter threw herself into Omi's arms.

Omi had already given City Lord's daughter, Ling, that last time, so Ling believed within herself that she was Omi's woman, always expecting Omi to come, and throughout the day, she didn't know how many times she had to open the window and take a glance at the entrance to the underground drain downstairs, expecting to see Omi come out from there. However, the constant disappointment.

“Ah Ling, I'm here, aren't I.”

Omi felt the body temperature coming from the City Lord's daughter and sighed in his heart, the women of this era seem to be particularly simple, thinking that if they fall in love, they will be in love for the rest of their lives, no breakups, no divorces.

Omi kissed the City Lord's daughter, passionately and she rolled a certain single.

“Ah Ling, your father should not come at night, right?”

“No, my father is more comfortable with me now.”

“Well, that’s good.” Omi nodded.

“By the way, I ran into Bian Phoenix yesterday.” Omi said, deliberately leading the conversation to talk about Bian Phoenix as a person.

The City Lord’s daughter smiled, “I already know, she came to see me and she said that you’re very good at playing the flute.”

“Uh.” Omi was startled.

“Curtain Neng, since when did you know how to play music, you didn’t even say you could before.”

“Oh, you didn’t even ask before.”

“Curtain Noh, can you play me a tune.”

“Here, it’s not good in the middle of the night.”

“It’s okay, it’s far from my father’s place, he won’t be attracted to it.” Saying that, the city lord’s daughter took out a flute.

When Omi saw the disciple, he recognized it, wasn't this the flute he gave her yesterday for hooking the border phoenix? How come the lord's daughter has it?

"This flute?"

The City Lord's daughter said, "The Phoenix brought it to me, and she said that you left it behind yesterday when you were playing the flute by the river, and gave it to me for safekeeping."

"Uh-oh." Omi had a sense of frustration inside, Bian Phoenix gave the flute given to her to the city lord's daughter, this is, the press didn't have any feelings for Omi's ah.

He heck, Omi had a fire inside, what a waste of two days of expression ah.

"Phew."

"Curtain Neng, what's wrong with you?" The City Lord's daughter asked.

"No. By the way, when did the side phoenix come to see you."

"This morning, Phoenix she was in a bad mood."

"What's wrong?"

"The man she liked, died, do you think she'll be in a good mood."

"Uh, who was the man she liked?"

“Meng Ying, the first guard under my father’s hand, was killed by you.”

550

“F*ck.”

Omi was really speechless, the City Lord’s first guard, Meng Ying, was actually the man that Bian Phoenix liked.

Well, it was almost trivial for Omi to complete his mission and pick up Bian Phoenix, not only had the man Bian Phoenix liked just died, but he was also friends with the City Lord’s daughter, it was simply impossible to do so.

“Why do you look so pale?”The city’s daughter asked.

“Oh, it’s nothing.”

Omi now felt like there was a mountain of gold in front of him, but he couldn’t get it.

“Go to sleep.”

The next morning, Omi left the City Lord’s residence, having slept with the City Lord’s daughter last night, God knows what.

In the morning, Omi was on the street, continuing to provoke some strong people and then fighting with them, thus improving himself.

In the afternoon, Omi headed to the same small bamboo bush from yesterday to play the flute.

This time, Omi played more seriously, and did not care if the side phoenix came, after an hour, Omi this left. The first website m.kanshu8.net

Just like this, ten days passed in a flash, every day, Omi went to provoke others in the morning, played the flute in the afternoon, and practiced his sword along with it, in the evening, he occasionally went back to the Dao Hall to meet up with the little Daoist nun, and occasionally went to the City Lord's Palace to roll around with the City Lord's daughter, and soon ten days passed.

“Only the last ten days left, ten days after the end of the Forgotten City's adventure, but, I can't even see Bian Phoenix's face now, how can I still pick up her, how can I learn the Sucking Power Method without picking her up, is it really fated that I won't be able to learn that Sucking Power Method?” Omi stood full of desolation by the bamboo bush by the river.

Just at this time, the side phoenix came out from the side.

Omi hadn't seen her for six or seven days.

“You're here.”

Bian Phoenix said, “The sound of your flute is really getting better and better.”

“So, you've been coming here every day to hear me play the flute?”

“Right.”

“So how come I didn’t see you?”

“I don’t want to meet with you, I’ll be around to listen.”

“Oh, why don’t you show up and be nearby to listen.”

“I don’t want to cause a misunderstanding, you’re Ling’s man.”

“I hear you’re in a bad mood these days?”

“Yes.”

“Why?”

“Didn’t Ling tell you?The man I loved, who died, was Meng Ying, the first guard under Ling’s father.”Bian Phoenix said.

“My condolences.”Omi consoled, Bian Phoenix must not know that Meng Ying was killed by Omi, or else the moment would have been rattled for sure.

Bian Phoenix said, “Actually, the first person I started liking wasn’t Meng Ying.”

“Uh, then who was it?”Omi asked.

Bian Phoenix sighed, looked at Omi and said, “You really don’t know anything, huh?”

Omi's eyebrows furrowed, what did Bian Phoenix mean by that? Could it be that the first person she fell in love with was Reneng? In other words, the owner of this body of Omi?

Omi said in surprise, "You don't mean to tell me that the first person you liked was me?"

Bian Phoenix smiled bitterly, "Yes, Rei and I, we met you and fell in love with you at the same time, but, A Ling revealed her love for you before I did, and, you also liked A Ling more, so, I chose to forget. Later, I met Meng Ying, although his appearance is average, but his talent and strength is very strong, even I am no match for him, so, I forgot about you and fell in love with Meng Ying. Unfortunately, Meng Ying indeed does not like me, he likes A Ling."

/> "What." Omi was surprised, love triangle relationship ah.

It is the first time that the company has been involved in the development of a new product.

Omi said, "Phoenix, I'm sorry."

"Why are you telling me you're sorry, you're not sorry." Bian Phoenix said.

"I really didn't perceive your feelings for me."

"Oh, it's okay, you like Ling, so naturally you don't feel me."

"No, at first, I actually made a choice between you and Ling, I thought I wasn't good enough for you, so I never set my sights on you in the first place." Omi began to fill his mouth with lies.

"Ah." Bian Phoenix's body trembled.

Omi continued, "Moreover, Ah Ling expressed her love for me, so I became devoted to being good with her."

Bian Phoenix asked, "Why did you think you were not good enough for me? Ah Ling is the daughter of the city lord, she is more noble than me, I thought that you should choose her."

"Oh, Phoenix, don't pretend, your grandparents, are very powerful experts, the city lord is nothing in front of your grandparents."

"You, how do you know?"

"Don't ask me how I know, but anyway, I just heard from a strong man once who said that your grandparents are hidden here and are the strongest experts hidden in Oblivion City. So, I never felt worthy of you in the first place."

Bian Phoenix was in a complicated mood.

"What if my grandparents aren't hidden experts?"

"That, I don't know." Omi gave a difficult look.

Bian Phoenix smiled bitterly, "What's the point of talking about this now, you and A Ling are so in love, this is the best ending, besides, it's all in the past. The person I love the most now is Meng Ying, poor, he didn't even know who killed him."

Omi asked, "You really love Meng Ying?"

"I guess so, I've been depressed every day for the last ten days since he died."

“What did you like about him?” Omi asked.

“I don’t know, his talent is strong, I’m not even an opponent.”

Omi said, “But the person he likes is not you, but Ling, since people don’t like you, why do you need to like him, besides, I don’t think his talent and strength are strong.”

“Uh.”

“When I eloped with Ah Ling, Meng Ying came after me with a few guards, but he didn’t succeed, Meng Ying’s strength, wasn’t stronger than mine.”

“Curtain Neng, your talent has always been much worse than Meng Ying’s.” Bian Phoenix said in disbelief.

Omi smiled, “Phoenix, if you don’t believe me, let’s have a sparring match.”

“Fine.”

After saying that, the Bian Phoenix came running up towards Omi.

“Killing God Saber Technique.”

“Descending Dragon Sword Technique.”

“Swoosh.”

“Boom.”

In one move, Bian Phoenix retreated several steps, her attack didn't hurt Omi any, but was instead forced back by him, which showed that she wasn't even a match for Omi.

“Curtain Energy, you, why are you suddenly so powerful? And you're double-minded, for God's sake.” Border Phoenix looked stunned.

Chapter 551

Omi smiled, “Truth be told, I've recently received some opportunities, and in addition, maybe I was forced by the city lord, which stimulated my latent inner energy, so I had a lot of epiphanies.”

“No wonder, I'm not even your opponent anymore.”

“Oh, Phoenix, let's leave it at that for today, tomorrow afternoon, I'll still be playing the flute here, if you're interested, come back and listen to it, I've thought of a piece of music, I'll go back and compose it tonight, you can listen to it tomorrow.”

“Good.”

Omi turned around and flew away without too much enthusiasm with Bian Phoenix, which might be more likely to evoke Bian Phoenix's liking for 'curtain energy' again.

“Yay.” Omi was really excited inside, the mountains and the rivers were so thick, and the willows were so bright.

That night, Omi returned to the Daoist Temple, looking for Liona and Xu Mei Qian, Omi told them about today's events, they are happy for Omi, the only thing that they are struggling with is that Omi is cheating on Bian Phoenix's feelings.

The first time I saw it, I thought it would be a good idea for me to get it.

The next afternoon, Omi still came to the river bamboo bush, playing the flute.

The first thing you need to know is that you can't afford to lose your money.

The tune Omi played today was a new tune, certainly not composed by Omi himself, but by his senior sister. Remember the URL . kanshu8. net

After the blowing, the side phoenix came up.

"Is this what you said yesterday, the new tune you created?" Border Phoenix asked.

"Yes." Omi said with a cheeky nod.

"It's so good, I'm already listening to it, what's the name of the song?"

"The song doesn't have a name yet, and you're the first to hear it, so let's call it 'Phoenix by the River'."

"Ah." The border phoenix was shocked, her body trembled, and for some reason, her heart suddenly beat faster. She was the first to hear it, and it was also, named after her, The Phoenix by the River.

“No, curtain can, re-name it.”Border Phoenix said with a busy red face.

“Why?”

“I don’t want Ah Ling to misunderstand.”

Omi said, “But you’re the first to hear this new tune of mine, and besides, I was inspired to write it while playing the flute by this river, so it makes perfect sense to call it Phoenix by the River.”

“I don’t want it.”Bian Phoenix said strongly, but her heart was pounding inside and her heartbeat was racing.

“Oh, Phoenix, the name of the tune I created, what I want to call it, that’s my business.”Omi said.

Bian Phoenix was torn, helplessly saying, “I really shouldn’t have come to listen to your tune, if Ah Ling knew, she would definitely misunderstand.”

“Phoenix, actually, I...”

“You what?”The first thing you need to do is to ask the question.

Omi turned around in a panic, “No, it’s nothing, I’m going back first.”

After saying that, Omi quickly turned around and flew away.

“Oh.” Bian Phoenix somewhat regretful oh, in fact, she was both afraid that Omi would actually say it, but also expected him to say it. As a result, Omi suddenly stopped saying it and walked away, which really whetted her appetite.

Omi suddenly became like a high EQ, and actually learned to desire

The first thing that you need to do is to take a look at the newest version of this article.

This appetite hung, and tonight the side phoenix would nine times out of ten be imagining things, and then not be able to sleep well all night.

“Is he, like, like me?”

“Why else would the first one to let me listen to a tune, which I’ve never even heard of by Ling, be named after me.”

“If he really likes me, what should I do? It can’t be, he’s Ah Ling’s man, it can’t be.”

Bian Phoenix is both joyful and torn and scared inside, after all, Ah Ling is her friend.

The first thing you need to do is to take a look at the newest addition to your home.

“Where is Curtain Can? Doesn’t he play the flute here every day? Why is he not here today, why ah.”

Bian Phoenix a little anxious up, didn’t see Omi, suddenly felt a loss inside, coupled with yesterday’s hangry appetite, as well as a night of nonsense.

Right now, Omi is secretly watching from afar, Omi is deliberately not coming today, yesterday revealed a little bit of information that he likes her, and then Omi can't rush to attack, but hang on to his appetite, preferably not appearing for a few days, so that Bian Phoenix starts to feel anxious inside, and the feeling for Omi will heat up in anxiety. Finally, on a certain day, when she suddenly saw Omi, her feelings would immediately reach a breaking point. At that time, it would be when Omi attacked, and she, too, might no longer suppress her emotions, no matter how much Ling had, and fall into Omi's embrace, fearing that Omi would not be able to see anyone again like he did a few days ago.

Of course, all of this is based on the fact that Bian Phoenix likes Omi, otherwise this law of pickup girls is not effective.

The next day, the third day, the fourth day, Omi are missing, Bian Phoenix every day to come to the river, can not see Omi, inner more and more anxious.

"Hey, why didn't you go see Bian Phoenix for several days in a row, how can you still help me with my revenge plan like this?" The Evil Cloud Old Man found Omi.

Omi snorted, "You still said you would no longer spy on me, but I didn't expect that you were still spying on me."

"Now is the time for me to ask you, not the time for you to accuse me, so why don't you go find Bian Phoenix now, strike the iron while it's hot and make her fall in love with you." The evil cloud old man said unhappily.

Omi was a bit agitated at the moment because someone was coming to marry the city lord's daughter today, the one called White Flag.

"I don't have time today, today is the day the city lord's daughter is getting married, I'm going to go to the city gates and wait for White Flag to arrive, then, defeat him and stop this matter." Omi said.

The evil cloud old man said, "Leave this matter to me, I will personally go and destroy the entire wedding party."

"No, I want to fight White Flag personally, I've heard he's very talented, I've wanted to fight him for a long time."

"I will bring White Flag here, you can fight him at any time, you now go to Bian Phoenix with all your heart, after you finish this, I don't care if you are with the Little Daoist or the City Lord's daughter, it's up to you."

Omi nodded, anyway, there was only five days left, if you didn't take care of Bian Phoenix, you wouldn't have a chance, regardless of who the city lord's daughter was going to marry.

In the afternoon, Omi headed to the small bamboo forest by the river.

"Curtain can." As soon as Omi arrived, a woman shouted out, it was Bian Phoenix.

Omi turned around and left.

"Curtain Neng." Bian Phoenix flew up and blocked Omi's way.

552

"Why are you hiding from me, Curtain Noh?" Bian Phoenix asked, thinking about it day and night for the past few days.

"I, for one, can't face you, much less Ling."

“What do you mean.” Bian Phoenix pressed.

Omi felt that it was almost time to collect.

“Phoenix, I suddenly feel myself, in love with you, so, I can’t face you.” Omi said.

Bian Phoenix’s nose was sore and her eyes were red, although she had already guessed this answer, her nose was sore when she heard Omi say it himself.

“Curtain can.” Bian Phoenix threw herself into Omi’s arms.

“Yay.” Omi was secretly excited inside, to this point, it was finally the first successful step.

Omi no longer suppressed, hugging Bian Phoenix with his backhand, Bian Phoenix also emotionally exploded, hugging Omi tightly.

“Curtain can, I also like you, don’t hide from me anymore, okay.” Bian Phoenix said in a soft voice.

Omi heard her true feelings, suddenly felt a little touched, a little sorry for her, cheating her feelings, really good. A second to remember to read the book

“No matter, it’s not like this is the real world, learning the Sucking Power Method is the most important thing.” Omi said inwardly.

Right now, Bian Phoenix felt very happy, and forgot all about Ah Ling.

Omi said, “Phoenix, are we like this, can we do justice to Ah Ling?”

“I, I don’t know.” Bian Phoenix said internally torn as well.

“Then let’s not let Ling know yet.”

“Fine, whatever you say.” Bian Phoenix said gently.

Omi looked at the gentle Bian Phoenix, feeling as if he seemed to be a little vicarious, as if he was really a person from this era. If possible, Omi really didn’t want to experience this feeling anymore.

At this moment, in the distance, an old man laughed hehehe, “This kid, in just half a month, he chased Bian Mingyu’s granddaughter, he’s really a lover ah, hahaha.”

Half an hour later, Omi and Bian Phoenix had sparked and were kissing like crazy.

“Curtain can, go back first today, you should go visit A Ling, today was supposed to marry her white flag, ten miles outside the city, the welcoming team was killed by mysterious people, white flag whereabouts unknown.”

Omi said, “No, I can’t go today, today is a special day, the chances of me showing up at Ah Ling’s are too high that the city lord will find out and I’ll lose my own life. Besides, I only want to be with you today, I don’t want to go anywhere.”

“Curtain can.” Bian Phoenix was so touched that she fell into Omi’s arms and hugged again, hirling for a long time, until darkness fell.

“I should go back.” Side Phoenix said.

Omi said, "But I, can't bear to see you go."

"Curtain can." Bian Phoenix looked longingly at Omi, who also seemed to be reluctant to part with her first taste of love, which felt so sweet and happy.

"In the evening, I'll go to your place." Omi said.

"Ah." Bian Phoenix blushed.

"Unfortunately, your grandfather is an expert, I guess I'll be found out before I even set foot in the Bianfu, so forget it."

Bian Phoenix saw Omi say forget it, and felt a little lost again, what a strange psychology.

Bian Phoenix was busy saying, "My grandparents aren't as powerful as you think they are, if they were a very strong and powerful person, they would definitely sense it as soon as they entered the residence, but you are at this level, your Qi is too weak, my grandparents, they won't pay attention to you."

"Ugh." It's also true, how would people pay attention to one of Omi's strength, because it's too low level, such as

If it was at the level of the Evil Cloud Old Man, then it was sensed before it was even close.

"Then, then I'll come find you at night." Omi said.

Bian Phoenix blushed and said, "You'll be able to scratch yourself." After saying that, Bian Phoenix shyly ran away.

That night, Omi also passed through the underground aqueduct and entered the Bian Mansion, which was surprisingly even larger than the City Lord's Mansion, Omi got a servant's costume and went in and out of it freely, so the general public wouldn't notice him.

It's a good thing that you've got a lot of people who are looking for a way to get the most out of your money.

At the moment, the moon and stars were thin, and Bian Phoenix was sitting in front of the window.

"Curtain can say, come find me tonight, he, will really come? I really want to see him so badly, I've only been missing him for a few short hours." Bian Phoenix blushed imperceptibly.

Just then, Omi's voice sounded behind her, "I'm here, aren't I? You're thinking like this after not seeing each other for a few hours."

"Ah, curtain can." Bian Phoenix was shy and surprised, and then blushed and flew into Omi's arms.

Omi also hugged her, Omi felt the sweetness, anticipation, and full of good feelings of Bian Phoenix's first love.

The first thing that you need to do is to make sure that you're in the right place.

The first thing you need to do is to take a look at the newest addition to the list, which will be the first thing you need to do.

The Bian Phoenix said: "Curtain can, you are not going back ah."

The first thing you need to know is that you can't be too sure of what you are doing.

Omi wasn't aiming to get into bed with her with such a purpose.

"Phoenix."

"I'm here."

"I, I can't leave you."

"Fool, I'll be there early in the morning tomorrow."

Omi fiercely held Bian Phoenix in his arms, then kissed her, retreating to the bed as he did so, and finally, retreating to the edge of the bed, he fell down in a smooth motion, crushing Bian Phoenix underneath him, Bian Phoenix's brain already completely confused.

This is how Omi rolled with her successfully.

The first thing you need to know is how to get the best out of the situation.

Bian Phoenix is unbelievable what just happened, while Omi is the plan succeeded, success is in sight.

"Do you regret it?" When Omi saw her silence, he asked.

"No, I just didn't think of it, it's just that I'm already yours, so don't you dare negative me in the future."

“Of course not.”

“Curtain Noh, I love you, I would do anything for you, even if it’s my life.”

“Alright, alright, go to sleep, I have to leave the Bianfu early tomorrow morning, so as not to be discovered and tarnish your reputation, after all, you are still a girl who has not yet left the court.”

“Uh-huh.”

They embraced each other and slept.

The next morning Omi left the Bianfu early in the morning.

“Curtain Neng, last night you entered the Bianfu, why didn’t you come out for a night, did you succeed in cheating the Bianfeng phoenix out of her chastity.”The evil cloud old man was busy asking.

“Damn, can you not use the word cheat?”Omi glared at him, Omi was already feeling guilty enough inside, and this old ghost came back to cheat on his chastity, making Omi feel even more guilty.

“Curtain Neng, don’t forget, you’re here to help me complete my revenge plan, otherwise, you won’t be able to learn the Sucking Power Technique.”

“Alright, I don’t need you to remind me, I know what to do.”

“Now that you’ve successfully tricked her into chastity, the next step is to trick her into stealing her grandfather’s Qingcheng Sword, the timing is up to you, the faster the better.”

“I know, I don’t need you to teach me.” Omi said impatiently.

553

The next day, Omi met with Bian Phoenix again with a guilty conscience.

This time, Omi would cheat her grandfather out of the Qingcheng Sword.

Omi and Bian Phoenix sat by the river, with Bian Phoenix leaning on Omi’s shoulder.

Omi asked, “Phoenix, I heard that your grandfather has a wonderful sword, called the Qingcheng Treasure Sword.”

Bian Phoenix was a bit surprised, how would Omi know about such a thing, but Bian Phoenix did not have any defenses, she felt that she was already Omi’s person, Omi would never be able to do anything against her, and nodded without thinking, “Yes.”

“Oh, I’ve only heard about it, I’ve never seen any swords in my life, and I don’t know if I’ve ever had the chance to see one, Phoenix, can I see your grandfather’s ultimate sword?”

“Ah.” Bian Phoenix didn’t expect Omi to make such a request.

“Oh, if there’s a problem then forget it.”

“No, my grandfather keeps a very strict eye on the sword, my grandfather can’t show it to anyone. Curtainen, if you really want to see it, I can go steal it and show it to you.”

“Okay, then it’s a deal, I’ll give it back to you when I’m done looking at it.”

“Ummm, then I’ll go home now and steal it, you wait for me.” First URL m. kanshu8.net

“Good, go Phoenix.”

Bian Phoenix immediately went home, she was actually willing to go back and steal the sword to show Omi, she thought that Omi really just looked at it and gave it back to her, she thought that she was Omi’s person now, she was willing to do everything for Omi, even her life, so Omi was the same, she thought that every couple of lovers in the world was like that.

“Ugh.” Omi sighed sadly, making him do such an unconscionable thing, it was really a bad feeling.

At this moment, the old man from Evil Cloud suddenly appeared.

“Curtain Neng, good job, letting her go back and steal the sword so quickly, hahaha.”

“You’re spying on me again.” Omi snorted.

“Don’t care about the little details, it’s about to work now, when she steals the sword out, you knock her out, then cut off her breasts, and her bottom, and leave her here. When she wakes up, she’ll find out everything, that she’s been cheated out of her feelings, and that she lost the sword too, and that she’s been cut up, hahaha. When her grandfather Bian Mingyu and his wife find out, I think that expression will be very wonderful, what they did to me back then, they got their retribution on their granddaughter, cool.” The evil cloud old man burst out laughing.

But inside, Omi hesitated even more, step by step, he finally trapped Bian Phoenix into the ring, when he hadn’t yet caught up with Bian Phoenix, Omi desperately wanted to catch up with her, but now that he was about to succeed, Omi hesitated, even wishing he hadn’t succeeded in the first place.

The old man smiled eerily as he indulged in the fantasy of impending successful revenge.

Omi demanded, "Are you now ready to start teaching me the Sucking Power Technique?"

"Curtain Neng, it's about to succeed, so why rush it, after the side phoenix steals the sword, that's the time to succeed, once it succeeds, I will definitely teach you the Sucking Power Great Law."

"How do I know you keep your word, now first teach me the beginning of the Sucking Power Great Law." Omi said.

"Curtain Neng, it's impossible, I can't impart it to you without reaching the moment of success, what if you don't do what I say? Nothing is more important to me than revenge.

The thing is, you have to trust me, the Sucking Power is nothing compared to revenge. You're so talented, I was even thinking of simply taking you on as a disciple."

"Damn." Omi cursed, this old devil was a bit cunning, he just didn't teach it in advance.

"What do I mean by "Holy Shit"?" The old man asked.

"Silly ratio."

"Uh, what does silly ratio mean again? Am I too old to understand what the young people are saying now?" The old man frowned, he didn't know about the curses, it was a language from another time after all.

"Alright, it's time for you to go."

“Okay, I’m sure the side phoenix will be arriving soon, so I’ll hide nearby.”The old man immediately flew away.

Omi waited for less than an hour, Bian Phoenix came running, he was indeed holding a sword in his hand, even though he was several meters away, Omi could feel the texture of the Qingcheng Treasure Sword, it really was an exceptional sword.

Unfortunately, this was just something in the consciousness, in reality the sword might have long ceased to exist, disappearing into the long river of history, even if it existed, it was unknown in whose hands it was, besides, the age was too long, even if it was passed down to this day, it didn’t have the momentum of that year.

“Curtain can, look, I stole my grandfather’s sword, take a look.”Bian Phoenix happily handed the sword to Omi.

Omi’s hand trembled slightly as he took the sword and pulled it out, only to see a line of small characters engraved on the sword, ‘No Sword in the World’.

“Ah.”Omi’s body trembled as he saw these four words.

“My Blood Drinking Sword?”At this moment, Omi was completely silly, these four words, and this sword body, Omi was so familiar with it, it was his Blood Drinking Sword.

“Curtain Energy, what are you talking about?What’s this Blood Drinking Sword of yours?This is my grandfather’s Qingcheng Sword.”Bian Phoenix said in puzzlement.

Omi had a feeling of time and space disorientation at this moment.

Moreover, Omi's heart swelled with an endless longing.

It seemed like seeing a loved one.

Omi burst into tears, stroking the sword and murmuring, "Drinking Blood, my Drinking Blood, you really are my Drinking Blood, I've finally seen you again."

Omi stroked the sword, feeling a sense of familiarity, there was no mistaking it, this was definitely the Blood Drinking Sword he had used in his previous life.

It was just that after years of erosion, the texture was completely incomparable, but this was his sword.

"Curtain Neng, what's wrong with you?" Bian Phoenix looked worriedly at Omi.

"Phew." Omi took a deep breath, once again seeing the sword of his previous life, this feeling was just like seeing a family member from his previous life, Omi couldn't calm his heart, even forgetting that this was Forgotten City, everything here was just a microcosm of history.

This Qingcheng Treasure Sword, which was real, had survived countless years of wind and frost, and had fallen into the hands of Wind Lightning in his previous life. After Wind Lightning traveled to Earth World, he entered a memory stone, but unexpectedly, he saw the sword from countless years ago. At this time, the sword was still part of the Ultimate Sword, but by the time it reached Wind Lightning's hands, it had been eroded by countless years and was no longer Ultimate.

"Curtain Energy, are you alright?"

Omi's mood calmed down and smiled, "I'm fine."

Omi lovingly stroked the Qingcheng Treasure Sword and smiled, "It turns out that you were called the Qingcheng Treasure Sword countless years ago."

554

'Drinking Blood' was the name Omi himself gave to that sword, Omi had stumbled upon it in an underground abyss called 'Heaven's Endless Valley' when Omi had fallen into the Heaven's Endless Valley Abyss and almost died, it took him half a month to get back to the surface alive.

Omi asked, "Phoenix, around the Forgotten City, is there a place called the Valley of Heaven's Destruction?"

"Uh, Curtain Neng, what's wrong with you, the first time me and Ah Ling met you was in the Heaven's End Valley ah. At that time, A Ling and I went there to pick the Python Dragon Grass and almost fell into the bottomless abyss of the Heaven's End Valley, but luckily you saved us."

"Ah." Omi's body trembled.

The Heaven's Extinction Valley where Omi had seen the Blood Drinking Sword in his previous life was actually the one near this Forgotten City, what did that mean? This meant that this Oblivion City was a long time ago in his time. Oblivion City might not exist anymore, but that Heaven's Endless Valley was unchanged, and that bottomless abyss that Omi had fallen into in his previous life.

"Curtain Neng, what's wrong with you?" Bian Phoenix asked worriedly, Omi's face looked so pale at the moment, first seeing the Qingcheng Sword out of control, then talking about the Heaven's End Valley out of control.

"Phew." Omi took a deep breath and secretly said, "This Oblivion City may be the city next to the Heaven's Destruction Valley in his previous life, the legendary ancient era, which suddenly disappeared overnight."

In Omi's previous life, everyone knew a legend that in the ancient era, there was a city next to the Heaven's End valley that originally had a population of one million, but it disappeared overnight and everyone was nowhere to be found. Therefore, in Omi's previous life, the Tian Jie Valley was a dangerous place, and people often said that the Valley was haunted. At that time, Omi thought that this was just a false rumor, there was no such thing as an ancient era city, chaotic, Omi biased to take a trip to the Tian Jie Valley.

The company has been in the process of developing the new product for the past two years.

That old man said, "If he dares to harm my granddaughter, I'll make him regret coming to this world."

The old woman also said, "Whether he lives or dies depends on how he chooses." Remember the website .kanshu8.net

"That old bastard, Evil Cloud, is really despicable and shameless, encouraging others to harm my granddaughter in order to break our hearts."

The old woman said, "Old man, shouldn't we go out immediately before it's too late and cause the phoenix to be harmed by that person."

"No, if we go out right away, the old bastard Evil Cloud will definitely find out, and then he will escape, and now I haven't sensed his hiding place, so wait a little longer."

"But what if something happens to the phoenix?"

"Wife, you're overly concerned, with that kid's strength, even if he's thousands of meters away, I'll be enough to kill him the moment he strikes, nothing can happen. This little bastard, he tricked the phoenix into stealing my sword, I'm afraid he'll do it next."

The old woman said, "I'm more worried about how heartbroken Phoenix will be when she learns that this kid is cheating her out of her feelings, the first time she's given such serious feelings."

"But there's nothing we can do about it, and by the time we find out, it'll be too late."The old man gritted his teeth.

Omi's life was in his thoughts.

On the far side of Nether.

"Curtain can?The curtain can?"Border Phoenix called out several times.

"Oh, Phoenix, I'm fine."Omi smiled slightly.

"You scared the hell out of me, you just looked so scared."

"Phoenix, don't worry, I won't hurt you."Omi said.

"Uh-huh, I know that."

Omi looked at the sword in his hand and inwardly said, "Drinking Blood, did you suddenly appear here to ask me, not to hurt your former master?Oh, don't worry, I won't hurt her.Sucking power great method, don't even bother."

Omi was already feeling guilty and torn, but right now, he saw the sword from his previous life, and he no longer went to dwell on it, deciding to give up the Sucking Power Great Law.In fact, even without the appearance of the Blood Drinking Treasure Sword, Omi would definitely not be able to do it at the last moment.

Omi handed the Qingcheng Treasure Sword to Bian Phoenix and said, "I've already looked at it, you take it back."

"You won't look at it anymore?" Border Phoenix asked.

"Don't look at it."

"It's okay, my grandfather won't find out for a while, you can look at it more and use it for practice."

"No." Omi shook his head.

"Alright."

Omi suddenly said, "Phoenix, goodbye."

"Uh, why are you saying goodbye?" Bian Phoenix looked at Omi in puzzlement.

Omi smiled shallowly, Omi gave up hurting Bian Phoenix, then that old man with evil clouds would definitely not let Omi go, so Omi knew that he would die.

"No why, in short, it's goodbye." Omi said, feeling a bit sad for some reason.

"Tell me, why are you saying goodbye, are you abandoning me?" Border Phoenix cried out.

"Phoenix, go back and get out of here at once." Omi said.

“What about you?”

“I, I can’t live anymore, end it, alas.” Omi closed his eyes, he hadn’t learned the Great Law of Sucking Power, and even the adventure had to end early.

However, Omi had no regrets, not only for the chivalry in his heart, but also for the sword of his former life.

At this moment, thousands of meters away, that old woman said, “Old man, what’s going on, why did that kid return the sword to the phoenix, he’s not doing anything and he’s saying goodbye.”

The old man said, “This kid chose to give up hurting the phoenix, he said goodbye to the phoenix because, he knew that Evil Cloud would definitely kill him.”

“So, this kid chose to die himself, he would rather die than hurt the phoenix.”

“Yes, I didn’t expect that this kid would end up making such a choice, count him lucky, or see how I would spare him.”

“But now, Evil Cloud won’t let him live.”

Sure enough, in the distance, an old man flew up angrily.

“Curtainnen, do you know what you’re doing?” The evil cloud old man was furious, and he was going to record it with a memory stone from afar and send it to Bian Mingyu and his wife. I’m not sure how much I’d like to see you do, but I’m not sure how much I’d like to see you do.

The company's main business is to provide a wide range of products and services to its customers, and to help them to make the most of their opportunities in the marketplace.

Omi said, "Senior Evil Cloud, I'm sorry, I can't help you fulfill your wish, you can take your revenge yourself, and I don't want your Sucking Technique."

"Why?" Evil Cloud yelled.

"Because, I don't want to hurt Phoenix."

555

"You're even faking it with me, you're looking for death." Evil Cloud was furious.

Omi turned his head to Bian Phoenix and said, "Phoenix, it's been a pleasure meeting you, goodbye, I hope the real you, is happy, also, tell Ling for me, sorry, I'm leaving."

"No." Bian Phoenix seemed to know that when Omi said goodbye, it meant he was going to die, and cried out, blocking Omi's way, his eyes looked at the evil cloud old man and shouted, "Why did you kill Curtain Neng, I won't let you get away with it, my grandfather is Bian Mingyu, if you dare to kill Curtain Neng, my grandfather will let you die."

The evil cloud old man said disdainfully, "Bitch, get out of my way, don't make me kill you early, you haven't reached the time of death I planned."

Omi took a deep breath and said, "Senior Evil Cloud, do it."

"Go die." Evil Cloudton slammed his palm into Omi.

“Swoosh.” Just at this moment, a strong qi energy came flying.

“Ah.” Evil Cloudton stopped attacking Omi and flipped his entire body back.

An old man and an old woman flew up.

“Evil Cloud, long time no see.” That old man said.

When Bian Phoenix saw it, he shouted happily, “Grandpa, Grandma, he’s trying to kill us.” A second to remember to read the book

Omi saw the old man and the old woman and his heart thumped: “No way, is this the grandparents of Bian Phoenix? They’re even nearby, oh my god, it’s fortunate that I just chose to give up on hurting the side phoenix, otherwise, I would definitely be killed by them even if I wasn’t killed by the evil clouds. It seems that no matter what I choose, I won’t be able to learn that Sucking Power Technique.”

Bian Phoenix’s grandparents flew up and stood by Bian Phoenix’s side.

Bian Phoenix’s grandfather looked at Omi and snorted, “Kid, you dare to deceive my granddaughter, I’ll settle this score with you later.”

Omi also sneered, “Bian Mingyu, although I don’t agree with Senior Evil Cloud, I feel deep contempt for your actions when you were young. You even have the nerve to accuse me of deceiving your granddaughter here at this moment, I have not done anything to wrong my conscience at least until the last moment, and what you did to Evil Cloud Senior back then, do you want me to tell your granddaughter about it? Anyone can accuse me, but you have no right to say that I cheat anyone’s feelings.”

“Kid, I don’t want to talk to you right now, wait until I take care of Evil Cloud, then you can have your theory.”

After saying that, the old man went up to Evil Cloud and killed him.

There was a sensational duel, it was a very powerful duel.

Bian Phoenix’s grandmother also attacked up, and soon, the three of them fought far away.

Only, it wasn’t long before Bian Phoenix’s grandparents returned.

“Grandfather, grandmother, where is that old evil man?” Bian Phoenix asked.

“Escaped.”

“You guys together also let him escape.”

“This Evil Cloud, he’s too good at escaping kung fu, if not, how could he have survived to this day, he would have been destroyed by us long ago.”

The old man looked at Omi and said, “Why did you join hands with Evil Cloud to deceive my granddaughter?”

Omi snorted, “You better not talk to me in that tone, or I won’t say more than half a word to you, and although I didn’t choose to do anything harmful to your granddaughter, it doesn’t mean I’m in your shoes.”

“Kid, don’t you dare talk to

You’re not afraid I’ll shoot you if I talk?”

“Hahaha, ridiculous, it’s pointless to bullshit with you.”Omi turned around and left.

“Curtain can, where are you going.”Bian Phoenix pulled Omi.

“Bian Phoenix, I’m sorry, I’m very displeased with your grandparents’ past behavior, so goodbye.”

Omi was too lazy to bother with Bian Phoenix anymore, so let’s say goodbye, the adventure will end in two or three days anyway.

Although it was Omi’s own choice, it was ultimately regrettable that he hadn’t learned the Sucking Power Method, and Omi prepared to return to the dojo to find Xiangyun and Xu Mei Qian.

“Wait a minute.”Bian Phoenix’s grandmother shouted.

Omi didn’t even bother to return his head.

“Your name is Curtain Neng, right, do you have some misunderstanding about us?Can you tell us, or at least let us defend ourselves, please?”Bian Phoenix’s grandmother said.

Omi stopped for a moment and said back, “Evil Cloud said that when he was young, he and Bian Mingyu liked you together, then you joined forces with Bian Mingyu, you pretended to like him and married him, then you deceived her feelings, stole his family heirloom sword, and turned him into a eunuch.So, Evil Cloud wants me to deal with your granddaughter in the same way, and if I succeed, he will teach me the Sucking Power Technique.”

Bian Phoenix's grandmother laughed, "Curtain Neng, you have been used, my husband and I, and Evil Cloud, were originally brothers in the same school, and Evil Cloud betrayed the master's sect by joining an evil man who specializes in the practice of evil power. My husband and I were ordered by the master to clean up the sect, thus forming a feud. In order to practice kung fu, Evil Cloud specializes in ingesting the souls of others and using them to warm his own soul, thus making himself stronger. He also took on an apprentice who was the same product as him, and then once I killed his apprentice and my husband disabled Evil Cloud's male tool. Curtain can, what he told you is all false, this kind of old bastard who has killed countless people, who has taken countless souls, and you believe him. The reason why Evil Cloud wants you to harm our granddaughter is to break our minds, then he will have the chance to kill one of us, of course, we can't rule out the possibility that he might have had a crush on me back then when I was a flower in the division."

"Ah." Omi was stunned there.

"So, it's a lie that he taught me the Sucking Power Method as well."

"The Sucking Power Great Law is real, Evil Cloud does know the Sucking Power Great Law, however, his Sucking Power Great Law is incomplete, when our master saw that his heart was impure, so the Sucking Power Great Law he taught him was only the basic chapter. Even if he did teach you the Great Law of Sucking Power, it would still be incomplete, while my husband and I would only have the complete Sucking Power Great Law."

"Ah." Omi now regretted a bit that he had just offended these two.

"I was the one who misunderstood just now, sorry." Omi said, seeing if he could still remedy the situation.

"Hmph." Bian Phoenix's grandfather snorted.

But Bian Phoenix's grandmother laughed, "It's okay, you were only used, besides, the fact that you thought we had overdone something to Evil Cloud and therefore despised us shows that you are a

righteous person at heart. Although you were used, you didn't lose yourself hurting my granddaughter at the last minute. Moreover, you knew that you would be killed if you didn't choose to harm my granddaughter, but you still chose that way, so Curtain Noh, you are a very good young man."

"Oh." Omi said in his heart, why bother with so many words, just tell me whether or not to teach the Absorbing Power method.

Bian Phoenix's grandmother seemed to have seen Omi's thoughts and smiled, "Curtain Neng, given your actions, I appreciate it, so I have decided to teach you the basic chapter of the Sucking Power Great Law."

556

"Uh."

"Thank you, Grandma." Bian Phoenix was busy thanking her.

Bian Phoenix's grandmother laughed, "You girl, even if I don't pass it on, I'm afraid you'll secretly teach him the Sucking Power Method."

Bian Phoenix threw out her tongue.

Omi was silly at the moment.

I go, messed up for half a day, Bian Phoenix she can also suck power great method, if I had known, why bother, Omi that depressed ah.

“Phoenix, now come home with me first, in case that evil cloud goes and returns.” Bian Phoenix’s grandmother said.

“What about curtain energy?”

“He can do whatever he wants, if he wants to go to the Bianfu, it’s up to him.”

Omi immediately shamelessly said, “I’ll go, I’ve been wanting to visit the Bianfu for a long time, hahaha.”

“Suit yourself, when you’re ready, I’ll teach you the Basic Chapter of the Sucking Power Technique.” Bian Phoenix’s grandmother said. First URL m.kanshu8.net

“Always be ready.”

“Alright, let’s go.”

Bian Phoenix’s grandparents immediately flew off.

Omi and Bian Phoenix fell behind, Omi took Bian Phoenix’s hand and asked, “Don’t you hate me?”

“Hate you for what?”

“I cheated on your feelings.”

“A little bit at first, but in the end, you chose to die rather than hurt me, so I forgive you. However, I just want to ask you, Curtain Noh, do you really love me?”

Omi immediately vowed, "Love, incomparable love, if I didn't love you, why would I rather be killed than hurt you."

"Well, I believe you."

Omi had to serve her well now, because it was all up to her whether or not he could learn the Sucking Power Technique.

Bian Phoenix said, "If you had said you wanted to learn the Sucking Power Great Law, then I would have taught it to you long ago."

"Hehe, how was I supposed to know that you could also know the Sucking Power Great Law, that old villain, Evil Cloud, deceived and used me."

"Alright, let's not talk about that man, I'll teach you the Sucking Power Technique when I get back."

Omi said, "Your grandmother said that she can only teach me the basic chapter, but what if I want to learn it all?"

Bian Phoenix said, "There's nothing I can do about that, because I only know the basic chapter as well."

"Why?"

"Because of my current martial arts level, I can only practice the basic chapter, and I can only learn the later one when I'm stronger. That's why my grandmother has only taught you the basic chapter, and you won't be able to learn the later great success chapter."

“Oh, so that’s how it is.”Omi deeply regretted that, in that case, Omi might not have the chance to come in next time.Even if there was still a chance to come in next time, however, the Bian Phoenix didn’t know him anymore, and Omi might not necessarily come in next time with any kind of identity, maybe an ugly person, or even a ‘duck’, a beggar.So, if you didn’t learn this time, there was almost no chance for the next time.

“Just, the basic chapter is fine.”Omi said inwardly.

Arriving at the Bian Residence, Bian Phoenix’s grandmother talked to Omi for a long time, all about whether he was sincere to Bian Phoenix and so on.

Of course, Omi said very truly, and will be with her for the rest of his life in the future.

Bian Phoenix’s grandmother was very satisfied, and that’s why she decided to personally teach Omi the Sucking Power Technique.

“Curtain can, now I will start to teach you the basic chapter of the Sucking Power Method, but don’t blame me for not warning you ah, if the talent is not good enough people can not learn.General

People with strong talent can learn it in about three days, when my granddaughter, Phoenix, learned the Sucking Power Method, it took her two days, my granddaughter’s talent is stronger, and you shouldn’t compare with her.It also took me three days when I was learning the Sucking Power Technique with my husband back then.”

“Oh, then pass it on, if I’m the one who can’t learn it, then I have no regrets.”Omi said.

“Good, listen carefully to the recipe now.”

Next, Bian Phoenix’s grandmother began to pass on over a hundred recipes to Omi, and carefully explained each one of them.

I'm not sure if this is the case, but I'm not sure if it's the right thing to do. Phoenix, let's go out, don't disturb him."

"Good." Bian Phoenix said to Omi, "Curtain Neng, go for it, you'll succeed."

"Mm."

Omi immediately started practicing.

Omi originally thought that it was indeed difficult, but after he really started practicing, he realized that it wasn't as hard as he thought.

About three hours later, Omi had practiced it.

"Yay, I've practiced it." Omi toned his palm in the air, an invisible gas sucked out towards his palm, if pressed on a person's body, it would draw the opponent's internal strength, and the opponent's strength was suddenly greatly weakened. Even though the other person was stronger than him, he would have no advantage anymore.

Omi walked out of the room, outside the side Phoenix and her grandmother were playing chess.

"Phoenix, honestly, did you lose your virginity?"

"Ah, Grandma, I."

"Grandmother saw that you lost your shoujo sand."

“Grandmother, I, I did lose my virginity.”

“Ah, you did lose your virginity, when did it happen, you didn’t even a while ago.”Bian Phoenix’s grandmother was shocked.

“Grandmother, it was a few days ago that I lost my virginity.”

“What about giving that curtain energy?”

“Hmm.”Bian Phoenix blushed and lowered his head.

“Alas, you, but understandable, righteous youth, inevitably do impulsive things, back then I was also young, know that young people are not so easy to control themselves. Hopefully, Curtain Neng, this kid, will be good to you, just like your grandfather was to me, then, also count you didn’t love him for nothing.”

“Branch yah.”Omi just happened to open the door.

“Curtain can, how do you come out, practice absorption power great method to be a drumming ah, can’t rest in the middle of ah.”The first thing you need to do is to take a look at the product and make sure that you have the right product.

Bian Phoenix’s grandmother also said, “Kid, you don’t think you can’t practice, it’s only three hours and then you don’t practice, if you’re sure you can’t practice, there’s really no need to waste any more time. It’s just that if you can’t practice, your talent is a bit poor.”Bian Phoenix’s grandmother’s eyes are a little disappointed, the talent is so poor, his granddaughter followed him, the future will not be suffering, even bullied.

Omi directly said, "I've already practiced."

"What." Bian Phoenix was taken aback.

"Curtain Can Kid, how long have you been in there."

"Alright, I've really practiced it." Omi said.

"Seriously?" Bian Phoenix couldn't believe it.

Bian Phoenix's grandmother said, "Whether it's true or not, we'll know when we try, boy, look at the move."

Bian Phoenix's grandmother struck, but didn't show any power.

"Bang." Omi paired his palm against it, and at the same time, Omi performed the Sucking Power Technique, sucking the power of Bian Phoenix's grandmother.

557

"Wow." Omi felt like a lake with endless power as Grandmother Bian Phoenix sucked a steady stream of her power into his body, and it felt like Grandmother Bian Phoenix's body was endlessly powerful, Omi sucked in her power with too much pleasure, and it also deeply stimulated his realm as he sucked in her power.

Omi felt that his martial realm was loosening up a bit, and it didn't seem to take long for him to step into the Houtian.

At this time, Bian Phoenix's grandmother laughed, "Kid, you really have learned, it's only been three hours, you really startled me, old lady."

Bian Phoenix's grandmother allowed Omi to suck her power without resisting, otherwise, it would have been impossible for Omi to suck her, the Sucking Power Method is good, but the other party can't let you suck without resisting.

Omi let go of Bian Phoenix's grandmother as soon as he saw fit.

"Thank you, Senior."

"Still calling me senior?"

"Uh, thanks, Grandma." Omi said.

The Bian Phoenix on the other side blushed with shame.

Bian Phoenix's grandmother was extremely satisfied with Omi, three hours to practice the Sucking Power Method, this comprehension was too high.

He was very excited, firstly, he learned the Sucking Power Method, and secondly, when he just sucked the power of Bian Phoenix's grandmother, it loosened his martial arts realm, and he wanted to break through to the Houtian realm within a few days. Remember the URL [.kanshu8.net](http://kanshu8.net)

This trip into Oblivion City really wasn't in vain, it was very rewarding.

If he stepped into the Houtian realm, then Omi would be the first Martial Academy student to step into the Houtian in the first semester.

“Yay.”

Just at this moment, a maid from the front door came in and reported, “Miss, news has come from the City Lord’s Mansion that tomorrow, Li Ling will be out of the pavilion, and Li Ling and White Flag’s wedding date will go on as usual.”

The first thing you need to know is how to make sure you’re getting the right amount of money.

“The white flag has returned to the Citadel.”

“Oh.”

Omi was startled at the moment, didn’t that evil cloud old man say that he had arrested the white flag.

It seemed that that White Flag had escaped, originally Omi had wanted to fight White Flag head on, which was why Omi had asked Evil Cloud to arrest White Flag before. Now that White Flag has escaped and the City Lord’s daughter is getting married tomorrow as usual, Omi might as well personally go to the City Lord’s Palace tomorrow and declare war on White Flag in public.

Bian Phoenix’s grandmother sighed, “That Li Ling, she’s really lucky, marrying a first genius under the Ark Division, it would be great if my granddaughter could have that luck.”

At this moment, Bian Phoenix looked at Omi and signaled her grandmother to stop talking.

Bian Phoenix’s grandmother smiled awkwardly and said, “Oh, I’m sorry.”

Omi’s heart was unconvinced and said, “The first genius under the Ark Division? Is it really that good?”

“Curtain Neng, although you may not feel comfortable, but that White Flag is indeed a talent, the acknowledged first day talent under the entire Ark Division, and he is the personal disciple of Duke Qinglan, not to mention our Forgotten City, no young talent of the same level under the entire Division is a match for him.”

“Couldn’t even the Sucking Power Technique deal with him?” Omi asked, Omi had wanted to challenge him, but now that he had learned the Sucking Power Method, it shouldn’t be difficult.

“That old ghost of Qing Lan Gong, his strongest technique is the Mud Bull Technique, our Sucking Power Great Law, the Mud Bull Technique can dissipate our power very well.”

/> “Mud Bull Gong?”

Omi felt that this era, so many powerful feats.

However, Omi still decided to go to the City Lord’s Palace tomorrow and fight against White Flag, although the Sucking Power Technique couldn’t deal with White Flag, Omi’s skill was never more than one Sucking Power Technique, and even the Sucking Power Technique was whoever used it, if a mediocre person used the Sucking Power Technique, then it was worthy of dealing with someone who was also mediocre.

“Phoenix, I’m leaving first, see you tomorrow.”

“Curtain Neng, A Ling is getting married tomorrow, you?”

“Oh, we’ll talk tomorrow.”

Omi smiled slightly, turned around and left.

The company's main business is to provide a wide range of products and services to its customers, and to help them to make the most of their opportunities. The company has been in the process of developing the new product for the past two years. All right, you go back and think about it, I hope you don't do anything stupid."

Omi flew away.

Omi didn't listen at all, even if Omi wasn't White Flag's opponent, Omi would definitely go and fight White Flag, Omi's goal wasn't to take someone's wife, he was just fighting a genius and strong man to train himself.

Omi returned to the Daoist Temple.

"How was it?" Liona and Xu Mei Qian were busy asking.

That's right, Liona and Xu Mei Qian also gained a lot, as early as ten days ago, they had successfully visualized and their realm stepped into the Outer Gate Perfection, and, in the past few days, they felt like they were going to hit the Outer Gate Perfection again.

"I've learned the Sucking Power Great Law, but it's only the basic chapter of the Sucking Power Great Law, that's all I can do for now, tomorrow I'll head to the City Lord's Mansion, this might be my last battle in Forgotten City."

"Head to the City Lord's Palace for what?" Liona was busy asking.

"Xiang'er, tomorrow White Flag will be marrying Li Ling, you should be aware that the last time you entered here your identity was that of the City Lord's daughter."

“Impossible, the day that White Flag marries Li Ling should be over.”Liona said.

“Yes, it was originally over, but because of my intervention, I had White Flag arrested, so the date has been postponed to tomorrow.Tomorrow, I’m going to fight the White Flag.”

Liona was shocked, “White Flag is so powerful, last time when I became a Li Ling identity I knew that this White Flag is some kind of Ark Division’s subordinate, the number one strongest person in the Inner Gate Great Perfection level, are you really going to challenge him?”

“Right, whether it’s a rival or not, but the more powerful he is, the more I want to fight him, let me see how powerful it is, hahaha.”Omi had a feeling of excitement inside, this era, one could indeed find many, many strong people, far more exciting than when he was on Earth, the opportunity was rare, how could Omi miss it.

The next day, Omi left the Daoist Temple early and sat on a rooftop near the City Lord’s Mansion, his eyes looking in the direction of the City Lord’s Mansion.

Xu Mei Qian and Liona also left the Daoist Temple, they both blended into the City Lord’s Mansion as guests, after all, Liona’s identity when she last entered Forgotten City was as the City Lord’s daughter, so she was quite familiar with the terrain, it wasn’t difficult to blend in, besides, Liona also knew some of the City Lord’s servants, although those servants didn’t know her anymore.

At this moment, in the City Lord’s Mansion with lights and banners, the entire Forgotten City, all the dignitaries came to the City Lord’s Mansion to congratulate the City Lord’s daughter on her release and marriage to the Ark Division’s Lower Inner Gate Great Perfection Level, First Day Genius Stronger.

558

The banquet began, the guests settled down, a man dressed all in red, with a large flower on his chest, wandered among all the guests, with a festive face.

The first thing you need to do is to take a look at the newest addition to the list, which will be the first thing you need to do.

Halfway through the banquet, the city lord shouted, "Dear friends and family, thank you for coming to respectfully escort the little girl out of the cabinet, the auspicious time has arrived, the little girl is about to be released, please stand up for a moment to respectfully escort the little girl out of the cabinet."

Everyone stood up, and on top of the palace, a woman in a red scarf was brought out, while outside the palace, a welcoming team was ready to leave, just waiting for the bride to get into the carriage.

At this moment, that bride was still crying, but of course, everyone thought it was because she couldn't leave her mother's house.

"Please ask the bride to get into the sedan chair."

Li Ling was invited to get into the carriage sedan chair.

"Please ask the groom to get on the horse."

After completing a procedure, with a gong beating and the guests shouting "send off the bride", the procession set off, while the guests continued to eat and drink.

At this moment. On a rooftop outside the City Lord's Palace, Omi saw all of this.

"Almost, it's ready." One second to remember to read the book

Omi flew out and between a few leaps, he flew to the roof of the city's main gate.

“Swoosh.”

“Dang.”

Omi stood tall on the roof of the gate with a blade in his left hand and a sword in his right.

“Wait a minute.” Omi shouted.

Everyone looked over the roof of the gate at once.

“Wow.” Seeing a handsome man standing there with a sword in one hand and a sword in the other, a shout of wow was heard.

When the city lord saw the curtain energy, his eyebrows furrowed while an angry look came over his face.

And in the guest table, Bian Phoenix also stomped his foot.

The bride sitting in the palanquin suddenly lifted the curtain, saw Omi, and cried a lot.

The first thing you need to do is to take a look at the newest addition to the newest edition of the newest edition.

In the distance, an old woman said, “Curtain can finally run out, alas, just.”

“Since he’s looking for his own death, let him go, I’m not going to go out of my way to save him, and since he chose to go out, that means he chose to abandon the phoenix.”An old man next to him said.

“What are you?”The groom sitting on a horse in front of the welcoming procession, White Flag, was furious, today was his big day, and someone had come out to cause trouble.

Omi raised his knife and sword and said, “White Flag, if you want to marry Li Ling today, then please step over my corpse, or else, leave your corpse behind.”

“Wow, challenging White Flag.”The crowd screamed.

“Hmph, you’re looking for death.”White Flag’s face displayed a furious look.

Without saying a word, Omi cut it with a single slash.

“Swoosh.”The saber ripped through the horse beneath White Flag, and White Flag leapt into the air at once.

With one sword out, heaven and earth were shocked.

White Flag sheathed his sword in mid-air, the cold light flashed, and the sharpness of his breath was like death coming straight to Omi’s heart.

Omi broke out in a cold sweat, it was obvious that White Flag’s strength made Omi tremble.

Omi did not hesitate to perform the Ghost Wheel Determination, his body disappeared in the blink of an eye, and the entire roof on which Omi was standing was suddenly

It all toppled over, rubble and debris flying everywhere.

“Wowza.”The crowd shouted, worthy of the legendary White Flag.

The horror in Omi’s heart at the moment was beyond words, truly a sword out, heaven and earth were shocked, he had just run fast if not for the Ghost Wheel Duel, he would have been dead across his sword at the moment.Omi couldn’t even comprehend how the power of his sword out was trained, it seemed that Omi could still improve in too many areas, martial arts, really never have limits.

Omi was absolutely still unable to reach this level with that sword of White Flag just now, which also gave Omi a feeling of being ashamed of himself, and could only say that there were too many strong men and geniuses in this ancient era, and Omi was still too far behind the geniuses of this era compared to this one.

However, the stronger the white flag was, the more excited Omi became, because in Omi’s eyes he was an object to practice, not an object to defeat, and in this illusory world, Omi needed a strong opponent, not a spike.

Omi’s hair was a bit messy as he stood on the ground, the white flag in mid-air with a stern gaze.

It was only one move, and Omi had developed a sense of powerlessness.

Although he had learned the Sucking Power Technique, he couldn’t get close at all, so it was of no use at all.Moreover, listening to Bian Phoenix’s grandmother, who said that White Flag would still know how to do some mud ox kung fu, he was not afraid of his Sucking Power Method, so how else could this battle be conducted.

“Drink.”Omi shouted, once again casting the Ghost Wheel Determination, his entire body shot towards White Flag blazingly.

At the same time, the saber and sword in his hand, immediately joined together.

The saber and sword combined.

The Killing God Saber Technique.

The Dragon Descending Sword Technique.

Omi took out his strongest move.

Whether it was the God Killing Blade or the Dragon Descending Sword Technique, they were both three in one ah, and Omi was able to perform it to the extreme.

When Bai Qi saw Omi's move, his face was slightly surprised.

“Swoosh.”

White Flag once again struck out with the sword, the sword seemed to possess unparalleled power, and the entire air rippled as it went out.

“Buzz.”

“Boom.”

Two intense killing auras in the sky bombarded together.

“Ka ka ka ka.” For a moment, it seemed like it was hard to tell the difference, but a serious look revealed that White Flag’s face was relatively relaxed, while Omi felt like he was squeezing himself clean.

Suddenly, the veins on White Flag’s hands exploded, and tremendous power once again surged out of his body.

“Boom.” Omi was suddenly repulsed and his body rushed to the ground in reverse.

However, Omi didn’t blast into the ground, and still managed to keep himself on the ground, which meant that Omi was still a bit strong, and everyone was a bit surprised at Omi’s strength. You know, Omi wasn’t even from this era, yet he was able to fight against the geniuses of this era.

Although Omi was standing firm, he was trembling all over, and was now suffering from a considerable internal injury from the reflux of his meridians.

Omi looked at Bai Qi, but he didn’t look so defeated, just a little tighter in his breath, that’s all. Bai Qi was also a little surprised inside, this Oblivion City actually had someone who could fight him.

“Too perverted.” Omi said inwardly.

Omi fell into a disadvantageous position in front of everyone’s eyes, but Omi didn’t feel humiliated because this was already a place for training, and if Omi seconded White Flag with a single move, then how could Omi talk about training? Moreover, this was the memory world of the ancient era, the geniuses here were far from being comparable to those of the Earth era, and even the continent where Omi had been in his previous life was far from reaching the martial strength of this ancient world, unless it was the central land of his previous life.

He came to snatch the wedding today, but at the moment he couldn't beat the white flag, and to be frank, it was a little bit like pretending not to be able to compare.

When you think about it seriously, it was actually still a bit like being beaten in the face, but yet, it was a pleasure to be beaten, and it was rare to meet an opponent of this level.

While Omi was still in a daze, White Flag took the initiative to attack.

It was all Omi who had just initiated the attack.

Omi had a sudden feeling of a mountain storm coming.

In fact, Omi had sensed during the first encounter that he couldn't beat White Flag.

As expected, when White Flag took the initiative to attack, Omi felt overwhelmed, not knowing how to respond.

This was simply not on the same level ah.

“Wow.” As if the feeling of the Yellow River water pouring down violently, Omi flew out of the city's main residence.

“Death.” White Flag threw a sword at Omi, and it was like a meteor.

Omi once again performed the Ghost Wheel Determination, avoiding the deadly sword. The first website m.kanshu8.net

At this moment, among the guests, a man laughed, "Omi, I'll give it a try, I don't want to miss out on such a good opportunity to practice."

Omi's heart thudded, his identity here was 'curtain energy', and someone recognized his true identity. But not surprisingly, he performed the Killing Blade Technique.

A man killed the white flag in the sky.

Omi knew with a glance at that move that it was Yang Yijian.

Yang Yijian was at least the second strongest in the Martial Arts Academy Freshmen Competition, and he wanted to practice with White Flag to add some martial arts experience.

"Who are you again?" White Flag looked furiously at Yang Yijian.

Yang Yijian said, "My name is Yang Yijian, in my hometown, when I fight an opponent of the same level, I usually only produce one sword."

Omi wanted to laugh, Yang Yijian was too ignorant of himself and only produced one sword, his mouth was blowing like a big pussy indeed.

As expected, the white flag was only a palm strike through the air, Yang Yi Jian didn't even have a chance to strike his sword, and suddenly his body all seemed to lose color, his pupils suddenly contracted, and his body floated down from mid-air, and in the moment he fell, he said a few words incredulously in his mouth: how could this...?...strong. And then, completely dead.

White Flag looked over to Omi again, but Omi had disappeared.

Omi didn't escape on his own, he had planned to fight White Flag to the death today, and if he died, he would exit Oblivion City, which was almost over anyway.

However, Bian Phoenix's grandmother suddenly grabbed him away.

"Let go of me."

"Curtain Neng, I had told you not to come, but you had to come, originally I couldn't make a move to save you, but seeing that your talent surprisingly exceeded my expectations, and you were able to fight with White Flag for so many rounds, I made a move to save you. If you die, it would be a pity and make my phoenix sad."

"Let go of me, I'm not prepared to live, I only want to fight him until I die, you're meddling in my business." Omi was a bit angry.

"With you, you're not worthy of fighting him to the death, White Flag's master, even the old man and I together can't beat him by half a hand, so why are you looking for death?"

"Ah." Omi's body trembled.

In Omi's eyes, Bian Phoenix's grandmother and Bian Mingyu were already very strong, and without finding it, they couldn't beat White Flag's master by half a hand, half a hand ah.

No wonder White Flag was so strong.

Omi really hated to be born in this era inside.

However, if Omi was truly born in this era, then he definitely didn't have the

After all, this ancient era, there are too many people who are more genius than Omi, even that white flag, in this era is not the very outstanding kind, just belongs to the top genius of a small place.

Bian Phoenix's grandmother caught Omi back to the Bian residence.

Bian Phoenix's grandfather was already waiting there.

“Why save him.” Bian Phoenix's grandfather said

Mo Qingqing (Bian Phoenix's grandmother) said, “Old man, I have to say that Curtain Energy has exceeded our imagination, he's not up to the level of White Flag, but he's still relatively close, it's a bit of a pity that he died like this.”

Bian Mingyu didn't say anything, this was a tacit acknowledgement, Omi fought against White Flag today, and although he lost miserably, everyone could see that Omi wasn't weak either.

“Curtain Neng's talent and strength is at least stronger than that first guard under the City Lord.” Mo Qingqing said.

Bian Mingyu snorted, “That's not necessarily true, that Meng Ying I'm very optimistic about.”

“I think Curtain can be stronger than Meng Ying.”

Omi said, “Alright, you two, don't argue, that first guard of the City Lord, Meng Ying, he was killed by me. I killed all the people, who do you guys think is stronger?”

“Ah, did you kill Meng Ying?”

“Yeah, I killed it.”

Mo Qingqing laughed, “Hahaha, Curtain Canopy, it seems like I was right to save you back, you are indeed a moldable talent, it’s a pity that you really have to die, indeed. From today onwards, I want to build you up and train you into a strong person, what do you think?”

Omi sighed, “Unfortunately, there’s no time left.”

There were only the last two days left in the Oblivion City’s adventure, which meant that by tomorrow night, everyone would exit Oblivion City. And this Oblivion City, it returned to zero, as if the ‘video’ had finished playing.

“Uh, there’s no time left? How come there’s no time left, your life is just beginning. Don’t worry, your talent is very good, we want to take you on as an apprentice and build you up.” The old woman assured that she wanted to build up Omi, firstly, Omi was really good and worthy of their training, and secondly, she hoped that Omi would treat their granddaughter well.

“Oh.” Omi laughed bitterly, not from this era after all.

“What are you laughing at?”

“Two seniors, if you really want to train me, why don’t you teach me the Great Success Chapter of the Sucking Power Technique so that I can go back to White Flag for another battle.”

“You won’t be able to learn the Dacheng chapter at all right now.”

“Whether you learn it or not, how will you know if you don’t try.”

Mo Qingqing hesitated and said, "Okay, I can teach you the Dacheng Chapter, but I have a condition."

"Please say."

"The old man and I have said before that the Great Success Chapter of Sucking Power is to be used as a dowry to accompany the Phoenix husband in the future, if you really want to learn it, then you must become a couple with the Phoenix before we can teach it to you as a dowry."

"Become a couple? That's not a problem, but there's no time for that, alas." Don Omi was depressed.

"What do you mean, you keep saying there's no time?"

"It's not clear to explain to you guys, in short, no matter how you want to cultivate me, you must do it within these two days, otherwise, there's no time to waste. If you guys are able to cultivate me within these two days, then I guarantee that in the future, I will be devoted to Phoenix for the rest of my life, marry her, and have children with her." This guarantee of Omi's was naturally a lie to them, none of them were from the same era, besides, they had also died an unknown number of years ago, not even dust remained, the only thing they had left was just the memories recorded before they were born, replaying them over and over again.

"Fine, I'd like to know why you want it in two days, the Sucking Kung Fu Da Cheng chapter, I'll teach it to you now. But don't blame me for being scandalous, it's impossible for you to learn it with your current martial arts realm, don't disgrace yourself by failing to learn it later." Mo Qingqing said.

"How will you know if you don't try." Omi's goal wasn't to learn, but to remember that even if he didn't learn it now, he would be able to learn it after he left Oblivion City, otherwise he wouldn't have a chance.

Mo Qingqing immediately began to teach Omi the Great Success Chapter of the Sucking Power to Omi.

As soon as Mo Qingqing finished teaching it, Bian Phoenix returned from the city's main residence.

“Grandmother, can the curtain be here?” Bian Phoenix asked.

“In, I just taught him the Great Success Chapter of Sucking Power.”

Bian Phoenix saw Omi at a glance, pounced on him and said, “You scared me to death.”

Omi knew that he had disappointed Bian Phoenix today, not because he couldn't beat White Flag, but because he would even risk his life for Li Ling, but Bian Phoenix wasn't angry at the moment and still jumped into his arms.

Omi hugged her and thought to himself, she really was quite nice, but unfortunately, she wasn't a real person, otherwise, Omi might have really fallen in love with her.

“Phoenix, I'm fine, just disappointed you.”

“It's good that you're fine, don't do anything stupid again, okay.” Remember the website . kanshu8.net

“Okay, that, I'll go practice the Great Success of Sucking Technique first ah.” Omi smiled, he really didn't have time to talk to Bian Phoenix any more, he had to scramble for time.

“Dacheng chapter?” Bian Phoenix was confused.

Omi said, "Your grandmother married you to me, so the Great Achievement of Sucking Power chapter is also given to me as a dowry, now we are just waiting for our big wedding, then we are husband and wife."

"Ah." Bian Phoenix was shocked and looked at Omi incredulously, while blushing and her heartbeat suddenly accelerated.

"By the way, Phoenix, how is the City Hall over there? White Flag has already taken Li Ling away, right." Omi had some regrets, not being able to leave the city lord's daughter behind, and eventually let White Flag marry her away, but that was nothing, maybe in real history, the city lord's daughter was the one who married White Flag, maybe even the children and grandchildren were already infinitely many, including this side phoenix in front of him, history must have also married, and countless children and grandchildren had been annihilated in the dust of history.

"No, because you appeared and missed the auspicious time, so you can't go out today, you have to go out tomorrow after choosing the auspicious time.

"Ah, go out again tomorrow."

"Yeah, tomorrow is about that time, too."

Omi was happy inside, in that case, wouldn't he be able to fight the white flag again?

Omi secretly said, "I must study the Sucking Power Great Success Chapter today and see if I can practice it, although my current martial arts realm is not high, I was at the innate realm in my previous life, so it's not like I don't have a chance to practice the Sucking Power Great Success Chapter. The power of the Great Success Chapter is definitely different from the Basic Chapter, so perhaps it's much more likely to win a battle against White Flag after practicing it."

“Phoenix, I can’t talk to you now ah, I’m going to practice the Dacheng chapter.”

“Well, cheer up.”

Bian Phoenix was also looking forward to it, not knowing if Omi could practice it.

Omi immediately went into full swing, his battle intent was very strong at the moment, he just wanted to have a perfect finish and defeat the white flag before he ended the Forgotten City adventure.

Of course.

White Flag was not the most genius existence in this ancient era, it was the first day of the first day of the inner gate under the Ark Division, how big was this Ark Division, who knows, maybe it was just a small corner of this world.

In Omi’s previous life, if we talk about genius, it was definitely higher than this white flag, Omi had reached innate heaven at the same age in his previous life.

However, Omi also had an inferiority to White Flag in his previous life, that is, the play of martial arts moves, White Flag a sword out, the world is shocked, that sword play most vividly, Omi previous innate also inferior to ah, this Omi to admire. If White Flag had been an innate talent, Omi would have been defeated, just like now. So in the end, Omi’s previous life was merely a much stronger martial arts cultivator than White Flag, but in terms of martial arts, it was much worse.

Two hours later, Omi’s heart was excited.

“Yay, practiced, I didn’t think I would have practiced the Dacheng chapter in two hours, haha, I’m a bit impressed with myself, hehehe.” Omi was proud of himself, Omi knew that the reason he was able to practice it was mainly because of his previous life’s innate realm, plus his two lifetimes, his spirit would be stronger.

At this moment, in a courtyard of the Bianfu.

An old man said, "You really taught him the Great Success Chapter?"

"Yeah, Curtain Noh is a person that I feel is quite reliable."

"He wouldn't even risk his life for another woman, where's the reliability, you're a bit impulsive for teaching him the Dacheng chapter."

"Old man, it doesn't matter, it's impossible for him to practice anyway."

"That's true, back when we were at the Master's Gate, when Master taught us the Sucking Power Technique, it took us ten days and nights to practice it, and at that time, we were already at the Bongtian level (equivalent to the Innate level)."

"Yeah, since Curtain Neng has such a big heart and always thinks he can practice it, let's teach it to him so that when he knows he can't practice it, it'll frustrate his pride and he'll be able to restrain himself a bit in the future, it'll be good for him too, otherwise his heart is too wild."

"Hmm."

Just at this moment, Omi walked in from outside.

Mo Qingqing and Bian Mingyu both looked at Omi.

Mo Qingqing smiled, "Curtain Energy, how are you feeling?"

“It feels okay.”

Mo Qingqing said, “Curtain Energy, do you know why I still taught you even though I knew you couldn’t practice? Because I can see that you’re getting a bit wild at heart, you need to get some blows and then reign yourself in, it’s good for your future cultivation. Now, you’ve been trying for two hours and you probably haven’t even touched the door, you finally know that not everything you can do, it’s not good to cultivate if your heart is too fast.”

Omi’s eyebrows furrowed, this old woman must have thought that Omi ran out in two hours, she must not have even touched the door.

“Oh.” Omi smiled and said, “Sorry, I’ve already practiced.”

“Pa,” the teacup that Bian Mingyu was holding in his hand fell to the floor.

“Ah.” The old woman was also stunned there.

“Curtain Neng, can you repeat that?”

“I said, the Dacheng chapter, I’ve already practiced it.”

“That’s impossible.” The old woman said in shock.

“Oh, it’s practiced anyway, try it if you don’t believe me.”

“Good.” The old woman came up with a palm strike, and Omi met it with a fierce suction.
