

Chapter 916

“When did I say I wanted to be with you, I told you to bring out the antidote, do you hear me.”

“Don’t you want to be the brother-in-law of a genius extraordinaire, Don Omi?”

“Yah yah.” Omi was so angry that he wanted to kill someone.

“Special you genius, you mention special genius in front of me one more time, I’m going to beat your brother to shit right now.” Omi bellowed.

“Omi, me.”

Omi didn’t bother to say anything, he directly used the bewitchment technique, and Wordsmith immediately went into a dazed state.

“Antidote for me?”

“The antidote to the Three Leaves Love Flower’s poison can only be removed by combining with the blood recipient, but when you combine with the blood recipient, you will be completely obsessed with the other.”

Omi really wanted to kill this bitch, so to say, Omi had to sleep with this brainwashed person to cure this poison, but he would also fall completely in love with her after sleeping.

Although Omi didn’t believe that the poison was that powerful, Omi still had no choice but to fly away first.

“Brother Chen, what should we do now?” Little Fire asked. First URL m.kanshu8.net

“Damn, it’s so hot, I really regret coming to the Famous Sword Villa.”

“Brother Chen, why are you so resistant ah, that brain-damaged lady is not bad looking ah, also considered a first-class beauty. Think about me, alas, I won’t say it, it’s all tears.”

Omi returned to Wuling Villa, the black bar had already left.

“Omi, what’s wrong with you?” When everyone saw Omi’s appearance, they immediately saw that Omi had been poisoned and busily gathered around.

“I’m poisoned.”

“Poisoned?”

Qi Xueyun immediately went to Omi’s side and examined him.

A few minutes later, Qi Xueyun said, “What a profound poison.”

Omi said, “This is a poison developed by a fifteen grade poison master, it’s called the Three Leaves Love Flower, this Three Leaves Love Flower is estimated to have a blood recipient, whoever is poisoned by this poison will fall completely in love with the blood recipient as long as they have a relationship with her.”

“Omi, what does it mean?” Xu Mei Qian nervously asked.

“F*ck, good fire ah, it’s all because I’m cheap, what banquet to go to, if I honestly listen to the legendary story here, I wouldn’t have been poisoned by Speechless Moon, this poison is colorless and tasteless, I can’t feel it at all.”

Qi Xue Yun said, “Fifteen Pin Poison Master, I never thought there would be a fifteen Pin Poison Master in the Famous Sword Villa, this is a legendary poison master, I heard that in the entire world, there are no more than ten fifteen Pin Poison Masters, I never thought there would be one in the Famous Sword Villa.”

Simran said, “Xue Yun, don’t say so much ah, you quickly think of a way to cure Omi’s poison ah.”

Qi Xue Yun shook her head in shame, “I can’t possibly antidote this poison, my poisoning strength is still too far away from this fifteen-grade poison master senior.”

“Ah, what then?”

“There’s only one way, have sex with the blood recipient and remove this poison first.”

“No, this way I’ll be trapped and will fall completely in love with that despicable Speechless Moon.”

Qi Xue Yun said, “I don’t quite believe that Omi will really fall in love with her, Omi’s heart has always been firm, it’s not so easy to manipulate a person with a firm heart, besides it’s still poison.”

Samira said, “Yes, even mesmerism isn’t so easy to manipulate for a person with a strong heart, not to mention a mere poison, I think that the Three Leaves Love Flower is just a gimmick, it may not be so magical.”

“But what if it is? Besides, it’s disgusting to have sex with someone like that.” Infamous said.

&

nbsp; “Phew.” Omi took a deep breath and said, “Alright, let’s not talk about this for now, I think there will be a solution.”

“What’s the solution to it?”

Omi’s mind recalled a person, Mu Qianji.

Mu Qianji might have a way to help Omi with his poison, although Mu Qianji was very talented in martial arts, completely as good as Omi, even surpassing Omi, but Mu Qianji’s poison art, was even better. In her previous life, Mu Qianji was the best at this kind of tactic, playing poison already, and her poison art was called an evil art. The fact that poison was so poisonous that it was called an evil art showed how powerful it was to play with.

Omi felt that if Mu Qianji was here, he would be able to help Omi with the poison.

Unfortunately, Mu Qianji wasn’t here, and, having disappeared for a long time, God knows where she was, or, if she was dead.

Qi Xue Yun gave Omi a pill of poison and said, “This can only relieve your current condition, you’re weak right now, this pill of poison of mine, can only relieve a little bit, I’m sorry, it’s the other party’s poison that’s too strong, I’m not at the same level.” Qi Xue Yun looked very guilty.

“Alright, there’s nothing to feel guilty about, I’ll definitely seek justice from the Famous Sword Mountain in this matter.”

At this moment, in one of the back mountains of the Famous Sword Mountain Villa.

Yan Wuyue entered the back mountain, and in a cave in the back mountain, there was a woman living there.

“Senior, the Three Leaf Love Flower Poison you gave me, is it really effective?” Wordsless Moon asked the woman.

“Of course, but after it’s done, don’t forget what you promised me.”

“Don’t worry, as long as the Three Leaves Love Flower really works, I’ll help you find out.”

“By the way, what kind of man made you go so far as to use the Three Leaves Love Flower?”

“You don’t know.”

“Alright, go away, don’t come running to the back of the mountain if nothing happens, if I get caught, I’ll be the first to kill you.”

“Good.”

Speechless Moon walked away.

The woman in the cave looked at the figure of Speechless Moon and snorted, “Silly woman, she really believes in the Three Leaves Love Flower, if there really was such a good poison, I would have used it myself when I was in the other world. It’s just an ordinary poison, the idiot who took the Three Leaves Love Flower will gradually lose his mind and end up waiting for death, hahaha.”

This human woman, if Omi was here, he would definitely recognize her, she, the long disappeared Mu Qianji.

Mu Qianji had heard that the Famous Sword Villa had a thousand ancient swords, she had come specifically for this sword, unfortunately, Miss Yan Wuyue of the Famous Sword Villa was also a person who was good at poisoning, a poison master, as a result, she was overwhelmed by Mu Qianji's profound poison skills.

Mu Qianji had been hiding in the back of the Famous Sword Villa, looking for a chance to obtain that sword, but unfortunately, she had been lurking in the back of the mountain for a month now, and so far, she hadn't even seen the shadow of the sword. I heard that the sword was hidden in a secret place, but the entrance to this secret place was in the room of the old master of the Famous Sword Mountain Villa.

Mu Qianji couldn't enter it at all, but she had heard that there was another entrance, so she was going to start with Speechless Moon. That Speechless Moon hadn't denounced Mu Qianji's existence because she worshipped Mu Qianji.

Today, Speechless Moon suddenly came to her and said that there was no poison that could make people fall into a love frenzy, but Mu Qianji would play the trick and just said that there was, and casually made a disorienting poison, saying that it was a three-leaf love flower. Yan Wuyue was convinced of Mu Qianji's words. If he could get Omi, then she was willing to help pry out the location of the other entrance.

But to no one's surprise, the person who got hit was Omi, who was still fantasizing about when he would meet Mu Qianji and beg for her help to cure the poison.

917

The next day.

"Why do I feel so dizzy? Is this really love flower poison?" Omi said.

Qi Xue Yun was busy saying, "By all means, love flower poison can't cause death ah, otherwise, how can you still love each other after death."

"I can't wait any longer, I'm going to find that brain-damaged lady now."

Liu Yue was busy asking, "You're going to have sex with her to detoxify the poison?"

"No, with everything that's happened, I can only go to that fifteen-grade poison master at the Famous Sword Villa, that fifteen-grade poison master, there must be other antidotes."

"Right, let's accompany you then."

"No, there are too many people in the way, I'll let Little Fire accompany me."

"Fine, the Fire Demon Beast is the strongest besides you, and he can fly."

Omi sat on the Fire Demon's back and went straight to where Speechless Moon lived.

Speechless Moon was now sitting dumbly in front of the window, thinking inwardly, "Can that three-leaved love flower really make Omi fall in love with me?" Remember the URL .kanshu8.net

At this moment, Omi's voice suddenly sounded from behind her, "Yan Wuyue, take me to find that fifteen-grade poison master from your Famous Sword Villa."

When Yan Wuyue turned back, she looked at Omi in surprise and asked, "Did the Three Leaf Love Flower work? You've really come to reach out to me."

“I don’t have time to nag you.” Omi immediately used mesmerism.

Speechless Moon fell into a state of confusion.

“Where is your Famous Sword Mountain Villa’s fifteen-grade Poison Master?”

“We don’t have any fifteen-grade poison masters in the Villa.”

“Since we don’t have any, who gave you the three-leaf love flower poison you gave me yesterday?”

“It’s a Poison Master senior in the back mountain.”

“Back Mountain?”

“Yes, she seems to want one of our mountain swords, but I admire her so much that I can’t bear to report her existence to my grandfather.”

“Where is she in the back of the mountain?”

“It’s in the back of this mountain range, in a cavern.”

By the time Speechless Moon regained consciousness, Omi had already disappeared.

Omi had already entered the back mountain to go.

Sure enough, Omi saw a cavern in the back of the mountain in no time.

Omi rushed straight down in mid-air.

The moment Omi rushed down, a woman in the cavern seemed to have sensed something and immediately rushed out.

Omi saw the woman, outwardly a middle-aged woman.

Omi was on fire.

“Boom.” Omi was still in mid-air, so he punched down hard, the power of Omi’s punch was 100,000 jin.

It was as if a meteorite had fallen, and the entire cavern shook.

The woman’s body swished and flew sideways, almost being hit by Omi’s punch.

Omi’s body was weakened by the punch, as Omi was still poisonous and he was already powerless, it was Qi Xue Yun who gave Omi some relief with other antidotes.

The woman who was almost hit turned her head in great horror, her face also had a sudden surge of anger, she thought that she had been discovered by someone from the Famous Sword Villa. However, when she turned back, she couldn’t help but be startled.

It was Tang Zi.

Minister.

Omi's gaze was cold as he said, "You're the one who made that brain-damaged lady, give me some three-leaf love flower poison? I advise you to hand over the antidote or I won't let you live today."

"Hahaha, hahaha." Mu Qianji laughed out loud.

Omi's eyebrows furrowed, the laughter was somewhat familiar, as if it was Mu Qianzhi's voice.

Sure enough, Mu Qianji suddenly tore off his mask and said, "Silly boy, it's me."

"Uh." Omi was a bit baffled, this middle-aged woman was actually Mu Qianji in disguise, so Mu Qianji was a fifteen-grade poison master?

"A witch?"

"Wind Lightning, you actually have a request for me."

"Mu Qianji, why are you doing this?"

"Wind Lightning, I didn't know that silly lady was used to feed you, but you're a person who is really loved by everyone, you're loved by women everywhere you go, worthy of being the Wind Lightning I know."

"Alright, I don't have time to chat with you, your Three Leaves Love Flower Poison is already making me feel heavier and heavier."

"Hmph, three leaf love flower, this is not a three leaf love flower, this is just a very ordinary kind of poison, colorless and tasteless, after taking it, you will gradually lose your mind, originally I wanted to trick that silly miss, when you lost your mind, I will then use enchantment to make you fall in love with

that silly miss, then tell her that the green leaf love flower poison worked, let her do things for me, I didn't expect that it was you Taking my poison's."

"Mu Qianji, the poison technique, has reached fifteen."

"That's just unexpected, Omi, you surprised me even more, after such a long time, you've actually cultivated your martial arts to the Unity Realm Complete. No wonder I once liked you so much, you really didn't disappoint me." Mu Qianji said, his eyes seemed a bit complicated as he said this.

Omi looked at Mu Qianji, whose martial arts realm was only at the late stage of the Unity Realm, much weaker than Omi.

"Didn't I teach you the Divine Sucking Great Law? According to your ruthless personality, you didn't care if the other party was good or bad, you just went ahead and sucked them off, so why is the martial arts realm not as good as mine?"

Mu Qianji snorted, "Wind Lightning, did you tamper with the God-sucking Great Law you taught me?"

"I tampered? Don't be cautious, if I want to tamper with it why should I simply not teach it to you."

"Your God Sucking Great Law has already caused me to start backfiring on you, if you didn't deliberately tamper with it, then either your God Sucking Great Law itself is faulty, you will be backfiring sooner or later, I advise you to disperse this technique before it starts backfiring on you."

Omi was startled, "That's impossible."

"Believe it or not, because of the reverse devouring, I almost died of brain death, as expected, there are no shortcuts to cultivation, I don't have the Sucking God Law now, I've still stepped into the late third level of the Unity Realm, and I'm not much further behind than you who have the Sucking God Law, and I've also spent countless thoughts on my poison art during this period, otherwise my realm may not be

below yours. However, the level of my poison art has already reached the level of a fifteen-grade poison artist, and even the Unity Realm Great Perfection, there are more than five who have died at my hands, hahaha.”

Omi looked at Mu Qianji incredulously.

Mu Qianji, worthy of being from the same world as him, compared to the women of this world, he was indeed many times more powerful. Of course, when Mu Qianji was in another world, she was a standout, ordinary women couldn't even compare to her, perhaps Omi's sister could compete with her.

The fact that she was the first woman in the world to be able to compete with Omi's sister was not a surprise, as she was the first woman in the world to be able to compete with him.

918

However, at the moment, Omi was dizzy and didn't have the heart to think about that much.

“Give me the antidote?” Omi said.

Mu Qianji said, “It's not impossible to give you the antidote, but if I give you the antidote, then my previous purpose will be ruined, so you must promise me a condition.”

“What condition?”

“I came to the Famous Sword Villa to steal a precious sword from the Villa.”

“What treasure sword?”

“This sword is not suitable for you, only for me, this sword is called the ‘Buried Moon Sword’, this is a sword made from a meteorite, however, the meteorite used to create the sword is full of poison, it is rumored that many people died countless years ago to create this sword. Now this sword is buried in a secret underground of the Famous Sword Villa, and for generations, the people of the Villa have guarded it from being released, as it was called the ‘Evil Sword’ by their ancestors. If I can get my hands on this sword, then, great, I can definitely kill you in a second with one sword.” Mu Qianji said as he looked at Omi, Omi looked at Mu Qianji’s eyes and also felt a frightening, this witch, crazy.

“Since this is an evil sword, aren’t you afraid that you will be poisoned to death?”

“Hahaha, don’t worry, this sword can’t be used by other people, but I am confident that I can master it, I am bound to get this sword. Unfortunately, I don’t know where the ancestors of the Famous Sword Villa buried this sword, but there’s only an entrance in the old vassal’s room that leads to the underground. I heard that there was another entrance besides this one, so I wanted to ask Speechless Moon to help me find out. Since this is an evil sword, ordinary people wouldn’t even entertain that thought, so the people of the Famous Sword Villa aren’t very vigilant. However, if you want me to antidote the poison for you, wouldn’t that ruin the plan I made on Speechless Moon. So, if you want the antidote, yes, you must promise me one thing.”

“Go ahead, what is it.”

“You must pretend that the three-leaf love flower poison worked, that you pretended to be in love with that silly lady, and have that silly lady help me investigate the other entrances.” A second to remember to read the book

Omi said, “Why bother, why try to find a way to enter the underground where the sword is hidden through the entrance of the old villains’ room.”

“No, that Old Villa Master is a Unity Realm Grand Perfection, one of the thirty Unity Realm Grand Perfection powerhouses in this world, my idea of hitting that entrance is a dead end.”

Omi said, "Aren't you a fifteen-grade poisoner now? A fifteen-grade poison master is capable of dealing with Unity Realm Great Perfection, and didn't you also say that you killed five Unity Realm Great Perfection."

"Hmph, although I am a fifteen-grade poison master, my roots are unheard of, and I can only poison the first two levels of the Unity Realm Great Perfection. Wind Lightning, I am bound to get this sword, even if I beg you, do me a favor."

Omi asked, "Why should I help you?"

"Because you owe me a debt of love, I once did so much for you, but you negative me, now, I want you to help me with this matter, it's even."

Omi opened his mouth and wanted to refuse, but when he saw how eager Mu Qianji's eyes were, he couldn't seem to say it, if Omi refused this time, then Omi's relationship with Mu Qianji would probably fall to the freezing point. It was hard to balance their relationship to the point where they were neither enemies nor friends, and besides, Omi still needed her to give the antidote.

"Okay, I promise to do you this favor."

"Thank you, I hope you keep your word, this is the antidote." Mu Qianji immediately gave the antidote to Omi.

Omi took the antidote and said, "Aren't you afraid that I'll go back on my word?"

"Regret? In my mind, you are a decent man, and if you go back on your word, then count me blind."

"Hahaha." Omi took the antidote, and sure enough, Omi

The minister was back to normal in no time, and the feeling of being top-heavy before was too much to bear.

However, the next headache had to be faced.

Omi pretending to be poisoned by love and falling in love with Miss Brain Damage was no joke, it wasn't something that could be finished by just pretending. First of all, since he pretended to fall in love with Brain Damage, Omi must face Brain Damage's parents, grandparents, and even Brain Damage's fiancé, which has too many headaches to face.

Omi thought about it carefully, he was too much of a loss.

"No, it's too much of a loss for me, you have no idea how much trouble I'll be in if I pretend to be in love with her."

"Hmph, Wind Lightning, you promised me, don't tell me that after you came to this world, you've gone from being a decent person to someone who doesn't keep his word."

"Mu Qianji, do you think that you only need to deal with Speechless Moon alone? No, pretending to be in love with Speechless Moon, then I'd have to face her relatives, and her fiancé, who would surely come to my door and cut me off, that would be too damaging to my reputation."

"I don't care, you deal with these problems yourself, if you can't handle this, then you're too bad."

"Then if after the matter is done, do I come out with the act of abandoning Speechless Moon again, wouldn't I have innocently hurt a woman again?"

"Compared to what you once did to me, that's nothing, right."

“Alright, I’m not bothering to get into it with you.” Omi turned to leave.

“Hey, you’re not allowed to be a rogue, or I won’t finish with you.”

Omi looked back at Mu Qianji, although she was dressed like a woman, revealing her true face, she was still beautiful.

Omi smiled and deliberately said, “If I’ve helped you so much, do you want a bit of a sign?”

“What gesture do you want from me?”

“How about you marry me?”

Mu Qianji snorted, “Yes, but there’s a condition.”

“Uh.” Omi was stunned, not expecting her to say yes.

“What condition?”

“Kill all those useless women of yours, then I can consider marrying you.”

“Psycho.” Omi snorted in anger.

“Hahaha.”

Omi had flown away, and Mu Qianji followed after him.

“Why are you following me?”

“I don’t want to live in a cave anymore.”

Mu Qianji followed Omi.

Omi let her sit on the back of the Fire Demon Beast.

Like riding a horse in the sky, Mu Qianji sat in front of Omi.

Mu Qianji stroked the Fire Demon Beast’s fur and said, “This lion is so beautiful, it’s perfect as a mount, it would be perfect if I had one too.”

Omi said, “He’s my friend, not a mount.”

Mu Qianji flicked his mouth.

Omi placed his hand on Mu Qianji’s waist, not knowing why, feeling a sudden heartbeat, this was the first time he was so close to her.

Could it be that Omi’s heart had changed?

Omi immediately shook his head, no, how could he have been smitten with her, otherwise, wouldn’t he be beating his own face in his previous life.

Soon, he arrived at a certain mountain's Wuling Manor, and as soon as he landed, Omi immediately jumped off the Fire Beast's back, not wanting to get so close to Mu Qianji.

Omi seemed to be afraid of something, was he afraid that he would actually develop feelings for Mu Qianji?

Too ridiculous, how he treated people in his previous life, Omi would never beat his own face.

However, Mu Qianji was indeed so gloriously beautiful, at least in this world, Omi hadn't found any woman that could be compared to Mu Qianji.

Mu Qianji said that those women of Omi's were useless, and perhaps they were indeed too far apart compared to Mu Qianji. But Omi would never abandon them, no matter if they were weak or useless.

"Master." Samira was the first to see Mu Qianji and ran up in a panic.

The others, except for Long Tian Ya, had seen one side of Mu Qianji.

Mu Qianji looked at Samira and said, "It's been so long, there's no progress at all in martial arts, don't call me master."

"Master, I'm sorry to humiliate you, but I'm good at mesmerism, not martial arts." Samira said.

"Really, which let me see how powerful your mesmerism is."

Omi said, "Mu Qianji, don't bully people, not everyone can be compared to you, besides, you treat Samira without any sincerity at all, the mesmerizing technique you taught Samira before, how low is it,

even I can't look at it anymore. Also, Samira, you don't need to call her master, she doesn't treat you as anything at all." First URL m.kanshu8.net

"Oh." Samira oh.

Mu Qianji hummed, "Omi, don't tell me that this little randy hoof is also your girlfriend now."

Omi nodded, "Yes."

"Hahaha, hahaha." Mu Qianji laughed, not knowing exactly what she meant.

But Omi knew that Mu Qianji should have somewhat despised him inside.

Because, Mu Qianji felt that Omi's vision was so bad, back then, he couldn't even look at her, his vision was that high, but now, in this world, he had found so many women who were many times worse than her as his girlfriend.

Omi just sighed deeply inside, no matter what, Omi will not abandon Liona, Simran, Xu Mei Qian, Samira.

Omi briefly introduced some Mu Qianjie to everyone, just saying that he was once a friend, and the rest didn't have much to say, especially about the other world.

Of course, Omi also told everyone about his promise to Mu Qianjie, especially those girlfriends of Omi's.

Simran, Liona, Samira, and Xu Mei Qian, all four of them didn't say anything, because, ever since Mu Qianjie came, they felt a crisis, they felt that they really didn't deserve Omi, perhaps, only Mu Qianjie was worthy of him, and Omi's sisters from the other world.

Even, the idea of breaking up with Liona and Simran arose within them.

At noon, a maid came.

“Senior Tang, our lady invites you over, she has cooked iced tea and wants to invite you to drink it.” That maid said.

Mu Qianyi definitely gave Omi a wink.

Omi helplessly said, “Fine, I’ll be over in a moment.”

“Miss made me make sure to go with you.”

Omi stood up and looked at Xu Mei Qian and the others, then without saying anything, he turned around and walked away.

Omi arrived at the place where Speechless Moon lived.

“Omi, you’re here, I’ve made some iced tea, come take a sip.” Speechless Moon said.

Even though Omi wanted to leave inside, he had to hold on even though he promised Mu Qianji.

“Good.”

“Mhmm.”

Tang

Tzu-Chen drank the difference.

Yan Wuyue asked, "By the way, do you feel uncomfortable anywhere in your body right now?"

"Are you referring to the trilobal love flower poison I got?"

"Are you still blaming me, Don Omi?"

"Oh, there's nothing weird about it, besides, you're so pretty, what's weird about me."

"Ah, so, you accept me."

"Alright, cut the crap, let's cave."

"Sh, what." Speechless Moon's body trembled.

"Cave, how do you cave antidote poison."

"Ah, it's broad daylight, you, you really plan to cave with me." Speechless Moon said with a blush.

Omi looked at Speechless Moon and snorted, although his impression of this brain-damaged lady wasn't very good, she was really not bad looking, with a pretty face and a slim figure, but Omi had seen too many beautiful women, if it was someone else, he might not be able to resist the temptation of beauty.

“Then, then, let’s have the bridal chamber.” Yan Wuyue lowered her head and said.

Omi asked, “Have you ever had a bridal chamber with that Young Valley Master of Chang Song Valley?”

“How can that be, I’m not such a casual person, even though Tibetan Baiqiu got engaged to me last year, there’s no way I’m going to do that with her casually.”

“Tibetan Baiqiu? He’s your fiancé?”

“Yes.”

“Alright, cut the crap and cave.”

“Ohhh.”

Omi hugged Speechless Moon to his waist and went into Speechless Moon’s boudoir.

Omi put Speechless Moon down on the bed, and Speechless Moon closed her eyes tightly.

The first thing you need to know is how to make sure that you’re going to be able to get the best out of your shoes.

Omi only pretended to be poisoned by love in order to help Mu Qianyi.

Half an hour later, Mu Qianyi woke up.

“Wake up.”

“Ah, did we just have a wedding night?”

“Hmm.” Omi nodded his head.

Speechless looked down at herself, disheveled, but still, Speechless frowned, “But why don’t I seem to remember anything.”

“It should be over-comfortable.”

“Overcomfortable?”

“Yes, me too, overly comfortable, well, don’t think about it, you’re mine now, I’m completely in love with you.”

“Ah, it really is, great. Omi, don’t worry, you just need to be my man in peace, let me settle everything else, I’ll go and talk to my grandparents.”

Omi asked, “What do you want to say? What if your grandparents kill me in a fit of rage?”

“Ah, it won’t, la.”

“Just in case.”

“I’ll tell you, I’m the one who fell in love with you and drugged you, you were forced, don’t worry, I’ll take care of it, wait for me, I’m going to my grandparents.”

“Oh.” Omi was a little worried as he looked at the departing back of Speechless Moon.

Speechless Moon came to a neighboring mountain and went into a house at the top of the mountain.

“Grandmother, I lost my virginity, I’m sorry.” Yan Wuyue opened the door and said.

An old woman smiled, “Little Moon, come here.”

“What for?”

“I’ll take your pulse, you said you lost your virginity, I’ll just feel your pulse and I’ll know if it’s true, and you, you want to come and torment your grandmother again.”

920

“Hmph, I’m not tossing you, just touch it, I’m really losing my virginity anyway.” Speechless Moon was open-minded enough to let that old woman take her pulse.

That old woman took her pulse and said, “Alright, Xiao Yue, you’re not intact, why did you come to cheat grandmother, what exactly are you trying to do? Tomorrow is your brother’s wedding day, can’t you just stop for a moment.”

“Ah, Grandma, you’ve misdiagnosed me, I’ve really lost my virginity, did I just lose my virginity and you can’t diagnose it?”

“Xiao Yue, stop it.”

“Grandmother, I really lost my virginity well.”

“Well, tell Granny how you lost your virginity.”

“That’s right, I just made love to a man.”

“How did you get laid?”

“This, this I don’t know.”

“Silly boy, you didn’t even know that and you lost your virginity.”

“I didn’t know because I was overly comfortable, that’s why I didn’t know.” Remember the URL .
kanshu8. net

The old woman, in a fit of anger, reprimanded, “Xiao Yue, you can say such shy and irritable words even if you are overly comfortable, it is not to be heard by outsiders.”

“Grandmother, what I said is true.”

“Alright, stop it, if you really lost your virginity, then can you still walk like normal now?Go back, Grandma’s busy.”

“Ah, I really didn’t lose my virginity.”

Speechless immediately returned to her place of residence to find Omi.

“Omi, my grandmother said I didn’t lose my virginity, you lied to me.”Speechless Moon raged.

Omi looked at Speechless Moon and said wordlessly, “What an owed day.”

“What did you say?”

“It’s nothing, if I say I’ve lost my virginity then I’ve lost my virginity.”

“No way, my grandmother is a healer, she can’t be fooled.”

“Uh.”Omi was stunned, if a divine physician, she indeed couldn’t be fooled.

Is it really necessary to force Omi to do her in?Omi didn’t really mean it, so he didn’t want to hurt her, but I didn’t think that God was forcing him.

“Speechless Moon, do you really want to lose your virginity that badly?”

“Yes, I want to be with you, I don’t want to marry Tibetan Bacchus.”

“Phew.”Omi exhaled deeply, Mu Qianji had really given him a problem.If he really screwed her, after which Mu Qianji got the sword, wouldn’t it be too heinous for him to abandon Speechless Moon again.But if he didn’t F*ck her, how could he continue?

Suddenly, Omi had an idea.

Omi immediately slapped Speechless Moon's buttocks.

"Ah." Speechless Moon shouted.

"What are you doing."

"Alright, now you've lost your virginity."

Sure enough, Speechless Moon felt blood flowing out somewhere.

"What did you do to me?"

"Nothing, your grandmother said you didn't lose your virginity because, when we just had our wedding night, it wasn't thorough enough, but now it's very thorough. If you go to your grandmother again, your grandmother will definitely not say that you haven't lost your virginity."

Omi said inwardly, "What a sin, but I'm doing it for her own good, and I'll perform a medical technique to repair her back and still be a complete yellow flower girl."

"Then I'll go find my grandmother again, I'll have a showdown with them."

Omi busily said, "Wait, Speechless Moon, don't rush yet."

"Why."

“Let’s talk first.”

“What do you want to talk about.”

“Moonless, tell me about your Famous Sword Mountain.

Zhuang Bar.”

“What is there to say about the Famous Sword Villa.”

“I heard that your Famous Sword Villa has a sword called the Buried Moon Sword.”

“Yes, it was left behind by our ancestors, this sword is an evil sword, buried in the underground of the Famous Sword Mountain Villa, our Famous Sword Mountain Villa has had to guard this sword for generations to keep it from coming out so as not to harm the world, it’s a very evil sword that possesses a strong poison.”

Omi said inwardly, “The Famous Sword Villa really does have such a sword, it seems that Mu Qianji did not lie to me.”

“Do you know where this sword is buried?”

“I don’t know, I’ve never seen it before, not even my grandparents, the entrance is in my great-grandfather’s room now.”

“I heard that there is another entrance.”

“I don’t know if there really is another entrance, I have to ask my grandfather to find out, our mountain villa was rebuilt in the past, so it’s very likely that there is another entrance, it’s just that the matter is so important that ordinary people won’t know about it. Uncle Omi, why are you talking to me about this?”

“What did you call me?”

“Uncle Omi.”

“Uncle, am I that old?”

“Although you look young, your actual age, you should not be young, it’s right to call you uncle ah, when we get married, I call change to call you husband.”

“Alright, as you wish.”

Omi said inwardly, “It’s really difficult for Mu Qianji to get this sword, the most reliable method at the moment is to find another entrance, but where is the other entrance, is it reliable to put your hopes on Speechless Moon? I don’t know why I’m agreeing to something so difficult for her.”

“Uncle Omi, then I’m off to find my grandmother, I’m going to have a showdown with them.”

Omi said, “Moonless, if you really want to be with me, why don’t you first have someone send a secret letter to Long Pine Valley, saying that you have fallen in love with another man, and then the people of Long Pine Valley will surely come to catch the spy, and then, with their own eyes, the marriage will be ruined. There’s nothing your grandparents can do about it, so you go to your grandparents now, and they can kill me and pretend nothing happened, or at best mend what’s left of you back.”

“Good, then I’ll have someone notify Nagatsugu right away, and you’ll have to cooperate with me in catching the traitor then, oh.”

“Good.” Omi nodded his head.

In the evening, Speechless Moon hurriedly said, “Uncle Omi, my fiancé has gotten a secret letter and has come to catch the spy, let’s get ready quickly.”

“Uh, so soon.”

“Quick, he’ll be here soon.”

“Good.”

Omi reluctantly entered the room, where Speechless was hastily undressing.

“What are you waiting for, take it off.”

“I’m really going to let someone catch me.”

“You’re the one who taught me this method.”

“Okay.”

After Omi and Wordsmith were left with only their close-fitting clothes, they got under the covers.

At this moment, not far away, a group of people were furiously rushing here, and one of them, a man with a twisted face, was Speechless Moon's fiancé, Zang Baiqiu, as well as Zang Baiqiu's father, some of his men.

That Zang Baiqiu was at the peak of the late Unity Realm, but his age was estimated to be only forty years old, so young to be at the peak of the late Unity Realm, no wonder he became the son-in-law of the Famous Sword Villa.

“Bang.”The door outside was kicked open.

“Ah.”Speechless screamed on purpose.

Omi calmly sat up and looked at the man filled with anger at the door.

Among the group of people standing at the door, there was one who was at the second level of Unity Realm Perfection, and Omi had to find a way to deal with him.
