

Chapter 956

But even now, Mu Qianji didn't know how badly she was injured, and she didn't have the time to care. As expected, the strong man from the Lunar Unfallen Empire came, only one step behind, luckily, Mu Qianji didn't waste that time by opening the box in the stone cave to verify, otherwise, she would have been stuck outside.

Mu Qianji slipped out two balls the size of duck eggs from his sleeves and smashed them into the ground with a sudden thud, the balls erupted with a white smoke.

This white smoke could temporarily cover herself, but it was also full of poison, and could increase her chances of escaping as much as she could, and dying tonight was not impossible.

Mu Qianji took advantage of the smoke and immediately escaped, her body twisted for a moment, just like Omi used to perform the Shrinking Bone Technique, using her palms as the tip, her body oval, and then burrowing into the ground, this was her famous escape technique, she was too good at this kind of side martial art.

Waiting a few seconds later, both the emperor and the king of the Moonless Empire rushed in, a few kilometers away in a matter of seconds. However, the huge smoke blocking the area where Mu Qianji had just appeared couldn't be seen, and the emperor's palm waved and the palm wind blew the smoke away, while Mu Qianji was already gone.

"Father, the Ten Thousand Year Ginseng, it's gone." The king said.

"Ah." The emperor roared, a monstrous rage.

"Father, where is that man?"

The emperor looked at the ground, a very obvious mark.

"Dungeon technique? This long lost martial art, but there are still people who know it."

“Ah, the Transported Earth technique?” Remember the URL .kanshu8.net

“Whew, that person has escaped, she used a recluse technique to escape, there’s no trace of her, unless the ground is dug up.”

“Ahhhh, who is it.”The king was also angry too roar, one of the five wondrous treasures of the world ah, just like that, stolen in front of his eyes.

As a precaution, Mu Qianji didn’t escape from the ground just a few kilometers away, but only ten kilometers away, and it happened to be in the direction of Toad Old Ghost’s residence.

Only, the casting of the recluse technique was required to injure the muscles and bones, as the common saying goes, injure the muscles and bones for a hundred days, so it was already self-evident how much damage the ten kilometers of the recluse technique had done to Mu Qianji, plus she had received a slap from the Supreme Emperor.

A dozen kilometers away, in a small alley, Mu Qianji suddenly escaped from the ground with a bang, after escaping, the clothes on his body also became cloth, covered in blood and injuries, the whole person is like shedding a layer of skin, Mu Qianji weakly sat on the ground, which opened the box, by the moonlight, Mu Qianji saw, an arm thick ginseng, lying in the box.

“Hoo, Ten Thousand Year Ginseng, I finally got it, it’s not in vain that I wasted so much effort to obtain it, whether it’s effective or not, there’s no harm in giving it to Little Minister, poof.”Suddenly, a mouthful of blood spurted out, only then did Mu Qianji put down the box and checked his injuries, and it was indeed a very serious injury.

Mu Qianji laughed bitterly and quickly stood up, in fact a day without seeing, she kind of missed Omi, I don’t know if he was well behaved this day, did those two old ghosts bully him, it seemed like she subconsciously treated Omi as a child inside.

Mu Qianji returned to Toad Old Ghost's mansion.

Toad Old Ghost and Eugenes were both tossed by Omi this day, fortunately, Omi fell asleep at night, so they were able to breathe a sigh of relief, they were planning to take the opportunity to leave at night, but, they were still poisoned, it was really painful, not to leave either.

Neither.

Just then, a voice at the door said, "Want to leave?"

"It's that witch." Old Toadstool and Eugenes were suddenly startled, and scrambled out of the house, only to see Mu Qianji standing in the doorway, wearing a woman's dress that wasn't the same as the one he had left yesterday, not knowing where it was stolen from.

"Senior, you, you're back, that, did you get the Ten Thousand Year Ginseng?" Eugenes whispered.

Mu Qiangdong took out a ten thousand year old ginseng and said, "I've got it back, Eugenes, can you treat my brother now?"

"What? You you you, really, got it back." Eugenes and Toad Old Ghost were stunned, they thought that Mu Qianji went to steal the Ten Thousand Year Ginseng, there was death and no life, even if she managed to escape back, she was seriously injured, but they didn't expect that she didn't just come back intact, she actually stole the Ten Thousand Year Ginseng.

Eugenes stammered, "Of course, with the perpetual ginseng, of course, it's just, it's easy, you just need to give the perpetual ginseng directly to your brother to take, tomorrow, tomorrow will be natural."

"Good, I hope you're not lying to me." Mu Qianji turned around and walked away, heading to the room where Omi was staying, she already knew which room Omi was asleep in at the moment.

After Mu Qianji left, Old Toad Ghost said, "Brother, after eating the Ten Thousand Year Ginseng, is tomorrow really good?"

"How should I know."

"But, you told her ah."

"I'm helpless, how else can I say it if I don't say it like that, I hope that the Ten Thousand Year Ginseng, can really make him well, I think, Ten Thousand Year Ginseng, such a rare five wondrous treasures of the world, should, should be able to, I can only pray, if it's not well tomorrow, it'll be the end of us."The two of them sighed sadly.

Mu Qianji returned to the room where Omi was sleeping, it turned out to be a most luxurious and comfortable room, Mu Qianji said in his heart, "It seems that those two old ghosts, their attitude towards Omi is still okay."In fact, where does Mu Qianji know that they hate Omi to the bone, where will give Omi the best is the room to live, this is Omi himself his IQ is a child, but the ghosts and spirits, half a loss can not eat.

"Little courtier, get up la."

"Little Ministerchen."

"Sister, you're back, I missed you so much, Little Minister."Omi was woken up in his sleep, and when he saw Mu Qianji, he threw himself into Mu Qianji's embrace with joy.

"Sister also missed Little Minister."

"Little Servant will never be separated from Sister again."

“Good, never to be separated again, the day that sister is not here, has Little Minister been good ah, did they bully you ah.”

“They tried to bully Little Minister, but, yes, if they bully me, they will beat them with a knife, so they tried to bully me, but Little Minister stabbed them with a knife, and let them play pretend puppy dog for a day.”

“Wow, Little Servant is so good, he can still bully others even after that.” Mu Qianji hehehe smiled.

“Sister, why did you only come back now, I couldn’t sleep when sister wasn’t here, Little Minister.”

“Alright., isn’t sister back now, little minister, don’t sleep now, come, eat one thing.”

“What kind of thing.”

“Ten thousand years of ginseng, after eating it tomorrow morning, you’ll be well.”

957

“Good.”

Mu Qianji took the Ten Thousand Year Ginseng directly to Omi to eat, and Omi didn’t know that it was an incomparably precious World’s Five Wondrous Treasures, so he immediately clicked and ate it.

“Sister, you also take a bite.”

“No, Sister won’t eat it.”

“If Sister doesn’t eat it, then Little Minister won’t eat it either.” Omi threw the Ten Thousand Year Ginseng on the ground and went.

“Such a precious thing, but you threw it away like this.” Mu Qianji was speechless, I guess if the emperor knew that such a precious treasure was thrown like this by Omi, he would definitely be furious and vomit blood.

“Sister eats it with Little Minister before Little Minister eats it.”

“Alright, but sister will only eat one bite, no more, or you won’t be good enough for sister.”

“Oh, okay.”

Mu Qianji ate a bite, then the rest took it to Omi.

Mu Qianji ate a bite into his mouth and felt, at once, warm inside his stomach, and the severe internal injuries he suffered tonight, as well as the injuries to his muscles and bones from performing the Transported Technique, as well as the bloody flesh and skin, were immediately beginning to heal and recover rapidly. One second to remember to read the book

“Wow, I’ve only taken one bite, the internal and external injuries on my body are immediately being repaired with the naked eye, gosh, it’s worthy of being a ten thousand year old ginseng, this is too tonifying.” Mu Qianji was shocked inside, she had only taken one bite.

Mu Qianji looked at Omi, Omi was like eating dried gherkins, click click click click, eating so much, God knows how deep this mending is.

Mu Qianji looked at Omi with great expectation, hoping that such a great tonic of ten thousand years of ginseng, after Omi ate it, he would really be able to recover.

“Sister, little minister has eaten enough.”

“If you’re full, have a good sleep.”

“But, Sister, Little Minister feels so hot in his belly.”

“Uh, my belly is hot, it’s okay, let it be hot.”

“But, the little worm on the bottom of my belly is swollen.”

Mu Qianji was confused and stunned, what was the little worm worm. When Mu Qianji looked under Omi’s belly, he understood the little worm he was talking about.

“Ah.” Mu Qianji yelled out, jumping away in a panic and turning his head.

“Sister, what’s wrong with you?”

At this moment, Mu Qianji’s mind was almost blank, this was the first time in his life, and he was already blushing.

“Little courtier, quickly put the blanket on.”

“Why, Little Minister still wants Sister to tell me a story.”

“Be obedient and put the blanket on, or sister will ignore you.”

“Oh.” Omi covered the blanket, only then did Mu Qianji turn back, and exhaled deeply and patted her own chest, what a shock, Mu Qianji felt that she had been completely impure since taking care of Omi, how can this spread out to see people.

However, Omi went back to sleep shortly afterwards.

Mu Qianji hadn't slept all night, and besides, it wasn't long before dawn, waiting for a miracle to happen.

Finally, a few hours later, dawn came.

Mu Qianji sat on the bed, looking at Omi, waiting for him to wake up.

Mu Qianji swore that once Omi woke up, he would have to settle the score with him, these days, sacrificing so much for him, being tossed to death by him, how could he not vent some of his inner grievances properly.

But at this time, Mu Qianji suddenly felt that Omi's appearance, as if he was much younger, before twenty-one years old

, now seems like an 18 year old teenager, if you don't look at it seriously, you can still tell that it looks like an 18 year old teenager if you look at it seriously.

“Ten Thousand Year Ginseng is so powerful that it actually made Omi's body, return to 18 years old, although 18 years old and 21 years old, there is no difference, but this is because Omi was not very old, if Omi was 40 or 50 years old, wouldn't it be the same as if he could become 20 years old, really worthy of the Ten Thousand Year Ginseng.”

Finally, Omi slowly opened his eyes.

Mu Qianji looked at Omi without blinking, wondering if he had really recovered.

However, a few seconds later, Omi suddenly called out, "Sister."

"Ah." Suddenly, Mu Qianji cried out dejectedly, from the fact that Omi called out sister, he knew that the Ten Thousand Year Ginseng, which had no healing effect on his brain, had been a waste of time.

"Sister, what's wrong with you? Is it that little minister has upset sister somewhere." Omi was busy asking.

"Nothing." Mu Qianji walked out of the room.

Outside, Old Toad and Eugens were already waiting there, in fact they hadn't slept all night, and inside they hoped that Omi was really better so that their little lives were saved.

"Phew." Before Eugens could react, a sword was placed against his neck.

Mu Qianji said coldly, "You lied to me, the Ten Thousand Year Ginseng did not cure my brother, how dare you lie to me."

Eugenius was incomparably frustrated when he heard that it hadn't healed.

Old Toad Ghost was also busy roaring, "No way, such a rare thing, actually, actually it can't cure him."

Mu Qianji's eyes chilled and said, "The end of lying to me is death, I've already given you a chance."

"Hahaha, hahaha." Eugens suddenly laughed sadly.

"You're still laughing. Are you still deliberately playing tricks on me?"

Eugenius said: "Witch, to be honest, my heart wants him to be cured more than you do, but unfortunately, things are unpredictable and beyond anyone's control. Now that the Nine-year-old ginseng is no longer effective in healing his brain, I have nothing to say, but I just made it up. Witch, before you kill me with your own hands, let me tell you the truth."

"Say, what other last words."

"My truth is, in this world, I'm afraid there is no one who can heal your brother's mental trauma, I'm the best fifteen-grade healer in this area in this world, and now even I'm clueless, other fifteen-grade healers, much less heal your brother. Unless it's a legendary sixteen-grade healer, but alas, sixteen-grade healers don't exist in this world. Alright, I've finished what I want to say, so you do it."

Mu Qianji didn't do it right away, humming, "Are you saying this to deliberately irritate me?"

"Hahaha, people will die its words are good, I am dying, I irritate you still what is the point, I just tell you the truth, before, I do not dare to tell you, so only begrudgingly lie to you ten thousand years of ginseng can, I thought you could not get ten thousand years of ginseng, so that I have an excuse to shirk, unfortunately, just so, maybe it is really I am in trouble."

But Mu Qianji unexpectedly put down his sword and asked, "Is there really no one in this world who can heal my brother?"

"No." Eugens was sure to say.

“So, he’s hopeless?”

“I don’t know about that, anyway, I only know that no healer can cure him.”

Mu Qianji was sad and desolate inside, so there was no longer even the mood to kill them, Omi couldn’t be cured, it would always have to be that way.

958

Then Eogens said again, “Witch, no healer has the power to cure him, but I can show you a method that you might want to try.”

“What method?”

“Do you know the five wondrous treasures of the world?It’s the Ten Thousand Year Ginseng of the Moonless Empire, the Ice Crystal Snow Lotus of the Heaven’s Expanse Mountain, the Archaic Sacred Brain of the Water Ape Empire, and the lost trace of the Vermillion Bird Grass, which was a treasure of the Beyoun Villa back then, but was later attacked and the Beyoun Villa was destroyed, and the Vermillion Bird Grass was also lost.And the fifth one, is the legendary one that doesn’t even exist, the Emperor Worm.”

“What, the Emperor Worm?”Mu Qianji’s eyebrows furrowed, if the other four wondrous treasures Mu Qianji was never familiar with, it was understandable, but the Emperor Worm Mu Qianji was familiar with, because, at the Famous Sword Villa, Omi had used an Emperor Worm in exchange for the Burial Moon Sword, and Omi had already eaten the Emperor Worm.In other words, the five wondrous treasures of the world, Omi had already eaten two of them.

Mu Qianji asked, “What do you mean by telling me this?”

"I just want to tell you that if you give your brother all five of the world's greatest treasures, I am sure that they will cure him. These five wondrous treasures can greatly replenish almost any part of the human body, including the brain, nerves, meridians, heart and soul, muscles and bones, and so on, every part of the body has been replenished, and I don't believe it can't be cured. The other four, however, are impossible. The Ice Crystal Snow Lotus and the Sacred Brain, which are currently in the Heaven's End Mountain and the Water Ape Empire respectively, may still have a chance, but the Vermillion Bird Grass and the Emperor Worm are simply impossible to obtain, especially the Emperor Worm, which is a legendary record that no one has even seen, and when it was recorded in the legends, there were no pictures. Vermilion Bird Grass then, after all, once existed, it's just lost its trail."

Mu Qianji vowed, "I must find all of these strange treasures."

Eugenius snorted, "Witch, you'd better give up, just the Emperor Worm alone, you'll never be able to."

Mu Qianji sneered, "I no longer need to find the Emperor Worm."

"What? Don't tell me you know where there is one."

"Emperor insects, my brother has already eaten two of them, and now he has eaten the Ten Thousand Year Ginseng, only three more are missing, the Ice Crystal Snow Lotus, the Swallow Sacred Brain, and the Vermilion Bird Grass, I will definitely be able to find all three." First URL m.kanshu8.net

"Ah, the emperor worm has eaten two of them, oh my." Eugens couldn't express her inner admiration anymore, what an opportunity it took for someone to be able to do that. Thought that the emperor worm was the hardest for her to get, but she had already eaten two of them.

Eogens said, "Before, I was still marveling at why your brother was still able to survive such an overbearing spirit revolt, but now, I've realized that it's because, he's already eaten two emperor worms. Witch, before you kill me, can you tell me who he is and why he possesses such powerful luck."

“Omi.”

“Omi? Could it be the Omi who was previously a world sensation and killed his two Unity Realm brothers under the eyes of the King’s Mercenary Corps Leader?”

“Yes.”

“Ah, no wonder, no wonder he’s able to play tricks on my brothers and sisters even though his IQ has deteriorated.” Old Toad Ghost could not be displeased, he was still upset about being tossed around by Omi for a day yesterday, but now that he knew where Omi was coming from, he was already displeased.

Mu Qianji said, “Alright, I’m in a good mood now, for the sake of you showing me the way, I’ll spare your lives this time.”

“Pah.” Mu Qianji’s body

The Shadow shifted and slapped Eogens and Toad Old Ghost on the back, and they immediately spat out a mouthful of black blood.

Mu Chien gave them the antidote to the poison.

“Thank you, thank you for not killing me.” Eogens and Toad Old Ghost immediately knelt down.

At that moment, Omi came out and shouted, “Sister, what are you guys talking about, how come Little Minister can’t understand.”

“It’s nothing, little minister, we’re leaving.”

“Where to, sister.”

“To find something else to heal Little Minister.”

“Sister, didn’t you say that Little Minister would be better off if he ate the one from yesterday?”

“Uh, not yet, I need to eat something else, let’s go.”

Three days later, Omi and Mu Qianji left the Moon Never Falling Empire.

The reason why it was three days later was because the Moonless Empire had lost the Ten Thousand Year Ginseng, and had imprisoned the entire empire, not allowing anyone to enter or leave, turning the empire upside down. In the end, not a single fart was found before Mu Qianji and Omi were able to leave, and as for how the Moonless Empire’s king and emperor were so furious, this would not be detailed.

“Sister, where are we going?”

Mu Qianji’s gaze was resolute as he said, “Heaven’s End Mountain.”

There was only one purpose for going to the Heaven’s Extinct Mountain, to obtain the Ice Crystal Snow Lotus.

However, it was definitely not as easy as one would think.

The Ice Crystal Snow Lotus was the Heaven’s Expanse Sect’s town treasure.

I heard that the Ice Crystal Snow Lotus had been inherited in the hands of the Heaven's Extinct Sect for thousands of years, and the ancestor of the Heaven's Extinct Sect had said that under the sect, as long as someone was able to hit the threshold of the Ancestor Realm, then he could use the Ice Crystal Snow Lotus to help him break through the threshold. Unfortunately, after thousands of years of inheritance, there was still no one from the Heaven's Destruction Sect who could hit the threshold of the Ancestor Realm.

However, in this generation, a genius had emerged, the current Heaven's Expanse Sect Master, who was one of the thirty peak Unity Realm Grandmasters in the world, and he would have a very good chance of striking the threshold of the next realm, at which point he could use the Ice Crystal Snow Lotus to assist him.

The difficulty of Mu Qianji and Omi's trip to Heaven's End Mountain was to get the Ice Crystal Snow Lotus out of the hands of this Heaven's End Gate Master.

It took nearly ten days, and Mu Qianji and Omi arrived at the Heaven's Expanse Mountain.

"Sister, little minister is so cold, why is it so cold here."

"Fool, this is a snowy mountain, of course it's cold, if you go to the top of the mountain, it'll be even colder."

"Why do we have to go to the top of the mountain ah."

"Because, sister has to find a way to help you steal the Ice Crystal Snow Lotus, there is a sect on the top of the mountain, called the Heaven's Extinction Gate, this Heaven's Extinction Gate is isolated from the world, rarely contacting the outside world, and the sect is established on the top of the snowy mountain, it's hard to get into the Heaven's Extinction Gate, how else to ask me to steal from them, what a big problem."

"Sister cheer up, sister is the best."

“Oh, little minister, whether sister can succeed in obtaining this Ice Crystal Snow Lotus depends on your luck, if you have the life to take it in this life, I can steal it successfully, if you have no life to take it in this life, then I will definitely not be able to get it with all my efforts.” Mu Qianji smiled bitterly, but whether or not she had a life, at least she had to work for it. This Ice Crystal Snow Lotus was considered easier compared to the remaining two, the Swift Sacred Brain and the Vermillion Bird Grass, at least the Ice Crystal Snow Lotus was lying peacefully in the Heaven’s End Gate.

959

Mu Qianji took Omi with him and was now staying in the town below the snow mountain.

To steal the Ice Crystal Snow Lotus, it definitely couldn’t be done in three to five days, there had to be a long term plan.

Unfortunately, five days passed in a blink of an eye, and Mu Qianji had found nothing, except for one thing that he had asked the owner of the inn about, which was that the Heaven’s Destruction Gate was almost never in contact with the outside world, and only every week the kitchen would come down to this snowy mountain town to purchase supplies.

Therefore, Mu Qianji could only wait for the next time the people coming down the mountain to purchase supplies, trying to learn some more detailed information from those who came down the mountain to purchase supplies.

Finally, after five days had passed, more than a dozen people from the Heaven’s Destruction Sect came down the mountain to procure supplies, buy rice and vegetables, and so on.

These dozen people who came down the mountain to procure supplies were all at the innate level, presumably all disciples of the Heaven’s Destruction Sect, and if they weren’t at the innate level, they probably wouldn’t be able to bring supplies up to the top of the mountain with them.

Mu Qianji immediately looked for the right opportunity to cast a mesmerizing spell on that leader.

“Where did you guys come from?”

“The Heaven’s End Gate.”

“What is your status in the Heaven’s End Gate?”

“Procuring the Elders.” Remember the URL .kanshu8.net

“How can I enter the Heaven’s End Gate?”

“There is no way to enter the Heaven’s End Gate, the disciples of the Heaven’s End Gate are all passively recruited, and once outsiders break into the Heaven’s End Gate, they are bound to find out, because our Heaven’s End Gate is at the top of the snow, and there is no entrance to the rest of the world except for that one path to the mountain.”

“What if I blend into the procurement team?”

“When you arrive at the Heaven’s End Gate, you will be strictly inspected and no outsiders will be allowed to enter.”

“I heard that your Heaven’s End Gate has the Ice Crystal Snow Lotus.”

“Yes.”

“Do you know where it’s hidden?”

“I don’t know, but from what those powerful elders within the Gate said, the Ice Crystal Snow Lotus is extremely harsh on preservation conditions, and must be in a place that is extremely cold in order to sustain freshness. Therefore, we all believe that the Ice Crystal Snow Lotus is at the bottom of the sacred mountain, and besides, successive Gate Masters have lived at the top of this sacred mountain in order to guard it.”

Mu Qianji did not feel in his heart that the Ice Crystal Snow Lotus would be hidden underneath this holy mountain, which was obviously misleading.

Mu Qianji asked again, “Other than underneath the holy mountain meeting the extremely cold conditions, what other places, other than the holy mountain, also meet the conditions for the preservation of the Ice Crystal Snow Lotus?”

“No more.”

“There really isn’t any more.”

Seeing that there was really nothing of value to ask, Mu Qianji was ready to end the enchantment, but Mu Qianji still asked a final question, “The Heaven’s Gate rarely communicates with the outside world, is it true that no one else has descended from the mountain besides those you procured?”

“There.”

“The daughter of our Vice Gate Master, Miss Reflecting Snow, Miss Reflecting Snow often comes down to play on her snow mastiff.”

“When will she come down again.”

“I don’t know, maybe tomorrow, the day after tomorrow, glad will come down.”

The purchase elder felt a moment of disorientation as Mu Chien ended his enchantment, and shook his head, wondering what had happened.

The procurement man soon left, and Mu Qianji must wait again to see if that Yingxue girl, could ask anything more valuable on her.

The Vice Gate Master’s daughter would know more than the procuring elder.

After about two days of waiting, finally, Mu Qianji saw a woman riding a snow mastiff, Mu Qianji originally thought that it would be a beautiful woman, knotted

The fruit, however, was an ordinary looking, or even ugly, woman.

“What’s the name?” Mu Qianji had bewitched her again.

“Yingxue.”

“Where are you going?”

“Me.”

“Say.” Mu Qianji pressed his hand on the top of Ying Xue’s head, deepening the power of the mesmerizing technique, this Ying Xue actually hesitated in a mesmerizing situation, this meant that there was a situation, this situation was, she had an unspeakable secret.

“I, I want to find the way to enter the bottom of the Heavenly Pond.”

“Why do you want to enter the bottom of the Heavenly Pond?”

“Because I suspect that our Heaven’s End Sect’s greatest treasure, the Ice Crystal Snow Lotus, is kept in the bottom of the Heaven’s Pond.”

Mu Qianji was shocked, he didn’t expect that this ugly woman called Yingxue was actually thinking about the Heaven’s Ultimate Gate’s greatest treasure, wasn’t she on the same page as Mu Qianji? However, Mu Qianji despised her inwardly, with this little bit of strength, she dared to hit on that supreme treasure, what a person with no self-awareness.

However, this was just fine for Mu Qianji, it meant that a lot of useful information could be obtained from her.

“The Ice Crystal Snow Lotus is hidden under the Heavenly Pond?”

“Yes.”

“Why?”

“I once heard my father say, when he was drunk, that the bottom of the Celestial Pond was a place of extreme cold, and that although my father did not say that it was suitable for keeping the Ice Crystal Snow Lotus there, I had already guessed that the Ice Crystal Snow Lotus was preserved there, and that if I could steal it, then I would certainly snake into a dragon and become a genius in one fell swoop.”

“What makes you think that there is another way into the underbelly of the Celestial Pond?”

“Because, at the top of the mountain, the water level of the Heavenly Pond is much lower than the surrounding area, but there is a constant flow of melting water from the ice and snow into the Heavenly Pond. So, I thought, the water level of the Heavenly Pond is not growing, but the water keeps flowing in, so there must be an undercurrent permeating underneath the Heavenly Pond until some stream flows out at the bottom of the mountain, I just need to find the underground undercurrent that the water seeps down from the Heavenly Pond and follow the undercurrent up, I can definitely enter underneath the Heavenly Pond.”

Mu Qianji was inwardly delighted, this Yingxue girl had simply found the information she needed to spend several years to get.

“Then why don’t you just jump down from the Heavenly Pond?”

“It’s impossible, there are strong guards by the Heavenly Pond and it’s right next to the Sacred Mountain, so jumping from the Pond is impossible.”

“Then have you found that underground undercurrent?”

“Not yet, I often take the opportunity to travel down the mountain and ride a snow mastiff with the aim of finding that underground undercurrent, and I’m sure I’ll be able to succeed.”

Mu Qianji ended the enchantment.

Ying Xue sobered up as if she didn’t know anything, but she scratched her head in confusion.

Mu Qianji was in a good mood, this Yingxue really helped her a lot and saved her a lot of time, otherwise, I’m afraid that if it took another year, she might not have made this progress.

Now, Mu Qianji just needed to find out the underground dark river that came down from the Heavenly Pond, and then follow the underground dark river to go up to the bottom of the Heavenly Pond, so as to enter the secret room under the Heavenly Pond and steal out the Ice Crystal Snow Lotus.

“Yay, we must find out that underground dark river, but how do we find it?”

“Hey, I can ask the residents of the town that lives nearby ah, the residents of the snowy mountain below, who have lived here for generations, must be incredibly familiar with this. Ying Xue she doesn’t dare to ask the residents because she’s afraid of being discovered, but I’m not afraid ah.”

Mu Qianji immediately took action and inquired about the surrounding residents.

960

Mu Qianji immediately sprang into action, asking around for information from the surrounding residents.

It took three days, but she finally learned from hundreds of town residents that there was an underground dark river in a certain place that came down from the Peak Sky Pond. This information was asked from an old man who was over a hundred years old, who said that when he was a child, he and his friends climbed hundreds of meters up the snowy mountain top along this underground dark river, and then ran into the wild beasts in the snowy mountain, and never dared to go up again.

“Haha, what a treacherous journey, it’s effortless to steal the Ice Crystal Snow Lotus, it’s not as hard as I thought, as long as the direction is right.”

The next day, Mu Qianji brought Omi on the road, the reason why he brought Omi was because Omi also had some self-preservation strength, although his IQ had degenerated into that of a child, but his martial strength was much stronger, but he didn’t have the sense of fighting yet, that’s why he wouldn’t make use of it, maybe he could still help at a critical moment.

Mu Qianji found the underground dark river that the old man said, that underground dark river emerged from a pool of water.

Mu Qianji and Omi dived into the bottom of the water pond, a large spring, constantly bubbling out water, others only said that this is spring water, but they do not know, this spring water from the Heavenly Pond secretly flowing down.

Mu Qianji pulled Omi, dived under the water, and then got into the spring, it really was an underground dark river, this underground dark river flowed down from above, like a blood vessel inside a mountain range.

“Little Minister, be sure to stay close to your sister, oh.”

“Mm.”

“Be good, if you run into a beast, immediately fire the flying daggers you have hidden on you, you have dozens of flying daggers hidden on you, enough for you to fire so you can also protect your sister.”

“Good, little servant will definitely protect my sister.” One second to remember to read the book

Mu Qianji smiled hehely, um well, and kissed Omi on the face.

And then along the underground dark river, keep climbing, this underground dark river inside the mountain range, winding and twisting, almost half of the mountain range to spare a circle, and there are many forks, so, Mu Qianji is also not easy, already several times into the fork, finally no way, and then backwards, from another fork to climb, like this, in the blink of an eye actually over two days, fortunately they are strong martial artists, otherwise it would definitely be unbearable, and some parts of the underground dark river is very wide, while some parts are very narrow, only one person can crawl, and besides, incomparably dark, really is not the way for people to go.

As for the snakes and such, they were far too common, and in the past two days, it was less likely that they had encountered thousands of poisonous snakes.

However, Mu Qianji was a Poison Master, these poisonous snakes, it was not certain who was poisonous to whom, and there was no fear at all.

Two days later, Mu Qianji and Omi emerged from an undercurrent, and with a loud clatter, they heard the sound of huge flowing water.

“It’s an underground water pool.”

That’s right, they were halfway to the mountain range and ran into a water pool formed by an internal undercurrent, this water pool was tens of meters high, just not very big.

Mu Qianji and the two of them took a break, then continued, they flew to the top of this water pool, the water pool’s water leaked down from the top, Mu Qianji hard in the top of the rock, carved out a way to go up, if not for her light skills, would have been unable to move forward.

After that, it meandered up the dark river again.

After about three days, finally, Mu Qianji felt a huge rock similar to the bottom of a bowl.

“Heavenly Pond, we’re at the Heavenly Pond, on top of this huge rock like the bottom of a bowl, is, is the Heavenly Pond.”

Mu Qianji entered the bottom of the Heavenly Pond from one of the leaky points of the Heavenly Pond, which was one of the sources of the underground river.

&n

bsp; However, Mu Qianji did not float out of the surface of the Heavenly Pond and immediately returned to the Underground Dark River.

Mu Qianji was already very sure that they had reached the bottom of the Heavenly Pond.

The next step was to find if there were any secret chambers under the Heavenly Pond.

This was very easy, where it was the coldest.

After a day of probing, Mu Qianji locked onto a direction and then dug in that direction, digging about fifty meters, and sure enough, they saw a thousand years of cold ice, which had a white lotus flower frozen at its center.

“Ice Crystal Snow Lotus?It really is the Ice Crystal Snow Lotus.”Mu Qianji was so excited that she was about to cry.

After working so hard for so long, she was finally allowed to see the Ice Crystal Snow Lotus.

Mu Qianji wasn't impulsive, a thousand years of cold ice wasn't so easy to break, and it wasn't easy to get the Ice Crystal Snow Lotus that was frozen inside.

But it wasn't difficult either.

Mu Qianji used his internal force and melted it bit by bit, although it was slow, but at least he was able to melt it.

Five days later, kung fu did not pay off, Mu Qianji finally melted a three-meter long passage out of the thousand-year-old cold ice.

The Ice Crystal Snow Lotus was already close to the surface.

Slowly, Mu Qianji stretched out his hand and took the Ice Crystal Snow Lotus in his hand, so cold, so cold.

“Little Servant, come here.”

“Sister, what is this?”

“This is the Ice Crystal Snow Lotus, you eat it immediately.”

“Wow, it’s so cold, how can I eat it.”

“No matter how cold it is, you have to eat it.”

Under Mu Qianji’s pressure, Omi ate most of the Ice Crystal Snow Lotus, only, the last third of it Omi was really cold and died to eat it.

Mu Qianji was helpless, unable to waste it, she ate the rest herself.

As expected, eating the Ice Crystal Snow Lotus into her stomach felt like her stomach was solidified, no wonder Omi was dying to not eat it.

“Go.” Mu Qianji immediately took Omi by the hand, now that the Ice Crystal Snow Lotus had been obtained by them, while the Heaven’s Gate was still unaware of it, this was too refreshing.

After spending a day, Omi and Mu Qianji reached the bottom of the mountain and emerged from the spring beneath the pool of water from before.

“Ah.” Mu Qianji shouted, from the time they entered the underground dark river to now coming out, it had been exactly twelve days, during these twelve days, they had been in the dark river inside the mountain range, they could be said to have never seen the light of day, right now they had seen the light of day again and had eaten the Heaven’s End Gate’s greatest treasure, that feeling, it was so refreshing.

“Sister, little servant is so hungry.”

“Sister is also hungry, let’s go, let’s get out of here and then find a place where we can have a good meal and a good night’s sleep.”

“Yay, finally we can eat dinner.”

“Shh, don’t be loud, just in case you attract attention.”

Mu Qianji and Omi, left within a thousand kilometers of the Heaven’s End Gate at fire speed, and came to a city a thousand kilometers away.

The effects of the Ice Crystal Snow Lotus didn’t begin to appear until now.

Mu Qianji felt that her internal strength was incomparably thicker, at least tens of times thicker than before, and her martial arts realm had also stepped into the peak of the Unity Realm Perfection.

Looking at Omi, Omi’s internal strength was also incomparably thicker, even far thicker than hers.
