

## Chapter 971

Omi stayed here for two nights, and on the third day, the 12th, Omi boarded a plane, as well as the three members of Su Vacheron's family.

The three members of Su Vacheron's family have completely seen that Omi's journey, dealing with the empire's king, or the empire's strongest person, so we are not at the same level at all, even Su Vacheron, who has never had any self-knowledge, gradually did not dare to have any illusions about Omi.

After a few more days of flying, finally, we arrived at the Colored Glazed Country.

The place where the plane landed was the capital of the Liuli Kingdom, Wandu City.

Omi asked Su Vacheron's father, "The capital of the Liuli Kingdom has arrived, where is your hometown?"

"Thank you, Senior Tang, it's all thanks to you that we're able to return home, thank you, my hometown is in a small city around the glazed country, and I can find my home on foot when I get here."

"That's good, then you guys should go home to your hometown early."

"Senior Tang, I'll go to my hometown as a guest."

"Oh, I won't go."

"That's fine, you're such a big man, naturally you have many important matters to attend to, perhaps, you even still have friendship with the king of our glazed country."

Omi said, "Friendship can't be talked about, hatred does exist, and I'm ready to go and talk to him."  
Remember the website .kanshu8.net

“Well, we’ll be off then.”

“Well, goodbye, I wish you guys happiness.” Omi knew that it was impossible to have any interaction with them in this life, and this goodbye was considered forever.

“Well, you too, may you return to the Yan Huang Empire and have a successful revenge.”

“Oh.”

As she was leaving, Su Vacheron was having a hard time leaving, but unfortunately, Omi’s identity was beyond her reach.

“Let’s go, Vacheron Constantin.”

“Oooh.” Su Vacheron Constantin’s parents, pulling their attachment to Su Vacheron Constantin away.

Omi sighed and flew up, heading straight for the glazed country’s palace.

Omi stood at the entrance of the palace’s main hall.

Two and a half years ago, just after the New Year, Omi flew a flying ship in this palace and killed a prince named Wei Yan, and then also took Wei Sakura away.

Unfortunately, Wei Sakura died to save everyone.

Omi came to the glazed palace today, and he didn’t know what he wanted to do.

At this moment, a strong man rushed out of the palace.

It was the King of Liuli.

The Lucid King recognized Omi right away.

“It’s you.” The Glazed King’s body trembled, feeling extremely powerful and threatening from Omi’s body, as if Omi could kill him in the blink of an eye.

“King Liuli, long time no see.”

“Omi, what are you doing here in my place.” King Liuli said with a bite, he certainly didn’t have a good feeling towards Omi.

However, when he was at the Famous Sword Villa, he had witnessed Omi defeating Speechless, and at that time, the Lucid King was already deeply jealous of Omi, although at that time, he thought he still had the strength to kill Omi.

“Hahaha.”

“Omi, aren’t you dead?”

“Which eye did you see me die.”

“That’s what everyone says.”

“Slap.” In the next second, the glazed king was suddenly slapped to the ground by a shadow of a slap, appearing extremely wretched, a well-dressed king, so struck down by a slap, extremely inconsistent with his noble status.

“You.” The glazed king’s mouth was bleeding.

He looked up at Omi angrily.

Omi walked up to him, stepped on his head, stomped his head on the ground and said, “King Liuli, you need to remember your situation and identity now, you are a junior before me, you are a man at the peak of the Unity Realm Perfection, I, Omi, can take your throne in minutes if I want it, do you understand? You’re still giving one mouthful of Omi in front of me, and you’re still looking at me with hatred in your eyes, don’t you know that all this behavior is an act of seeking death? Before I came in, I was considering if I was going to kill you, but I didn’t think you’d be so ungrateful, are you forcing me to make the decision to kill you?”

“Tang, Senior Tang, spare my life.” King Liuli said with extreme reluctance.

Omi let go of his foot and said, “Unfortunately, it’s too late.”

“Don’t, don’t kill me.” King Liuli was in a hurry.

Omi was hesitating whether to kill him or not.

However, this guy was at least Wei Sakura’s father, Wei Sakura had sacrificed herself to save everyone, Omi couldn’t kill her father if it was reasonable.

“Just, for Wei Sakura’s sake, I won’t kill you this time, so give me some peace from now on. Now, I order you to immediately arrange a special plane for me to go to the Yanhuang Empire.”

“Yes, yes, I will be peaceful.” King Liuli nodded his head in panic.

Omi sat down on a chair, and King Liuli immediately arranged it and then poured tea for Omi.

Omi crossed his legs and said, “What is the situation of the Yanhuang Empire now?”

“Back to senior, the current king of the Yanhuang Empire is the head of the King’s Mercenary Corps, Wang Qi.”

“What.” Omi was shocked, it was true that Omi didn’t know this information, the old man didn’t say anything when he was in Abelgar before, Abelgar was so far away from the Yanhuang Empire, he probably didn’t know that clearly, and even if he did, he didn’t take it seriously at all, far from the shock of killing the old lord of the Famous Sword Villa.

“Yes.”

“Where is Emperor Yanlong?”

“Yan Long he was killed by Wang Qi, the United Nations also recognized Wang Qi’s kingship and declared Wang Qi as one of the United Nations kings to jointly protect the peace of the world.”

Omi said angrily, “He? This realistic seizure of the throne, I was worried on the spot, I didn’t think that it was still true. I have a peace agreement with Yan Long in the first place, I should have helped him to guard the throne, it’s just that, let’s take revenge for him.”

The change of emperor in the Yanlong Empire was something that Omi never expected, moreover, Omi’s plan to return to the Yanlong Empire had been affected a bit.

Originally, Omi was planning to fly directly to the vicinity of Wangjing City.

But now, Omi had to cancel his plan to go directly to Wangjing City, after all, Omi wasn't confident enough to fight Wang Qi head-on, so it was better not to go to Wangjing City yet, and even if he went to Wangjing City, he would go as a fake identity first to see what was going on.

Not long after, one of his men hurriedly flew in and said, "Your Majesty, the special plane to the Yanhuang Empire is ready, which city is it flying to?"

Omi said, "Any city around the Yan Huang Empire will do."

"Yes."

Omi stood up, looked at the glazed king and said, "Now that everyone thinks I'm dead, about me being alive, I don't want you to spread it out in advance, otherwise, I'll destroy your country."

"Yes, I will not spread the word, I know nothing."

"Give me a human skin mask."

"Yes."

Omi boarded a plane to the Yanhuang Empire.

On this trip, Omi went straight to Wangjing City, but, not with his true face, Omi would go to Wangjing City to explore the situation first and kill a few of Wang Qi's brothers.

After the plane arrived at a city around Wangjing City, Omi got off the plane and directly got a sports car and went straight along the highway to Wangjing City, where the sports car was parked at the entrance of Wangjing City, and then entered on foot.

After entering Wangjing City, Omi walked on the streets of Wangjing City, Omi kept his own momentum completely inward, and no one noticed him walking on the streets.

Omi was the first to arrive at the room he used to live in, the room he used to live in was no longer occupied, but the mansion where Yan Qiang used to live was occupied by someone unknown.

“Hello, who lives in this mansion now?” Omi asked a passerby.

“This is where Lord Takurei’s mistress lives, it used to be where the forty princes, Yan Ransom, lived, but now, all those princes are dead and running away.” That passerby sighed.

Omi asked again, “Who is Takurei?”

“It’s not even clear ah, you came in from out of town right, the current Sovereign King Qi, he has sixteen brothers, Tuo Lei is one of them, the one who lives in this mansion is one of Tuo Lei’s mistresses.”

“Oh.”

“I think you’d better stay away from here, in case you let Tuo Lei think you’re hitting on his mistress, you’ll be finished, Tuo Lei is incredibly powerful, I’ve heard that he’s reached the Unity Realm Great Perfection. Today, the saint’s sixteen brothers, eight of them are great perfection, there were ten, but unfortunately that year was killed by Omi two. Tuo Lei is but one of the only eight remaining Great Perfection brothers.”

“Oh, thanks, I understand.” With a secret power in his hands, the first person Omi would kill would be Tuo Lei.

At this moment, a slender, peach-faced woman came out of the gate of the residence, and when the woman saw Omi and the passerby, she snapped, “What are you standing in front of my residence for? Believe it or not, let Takure kill you, get out, stinking beggar.” A second to remember to read the book

That passerby ran away in a panic, Omi didn't bother with her as a woman and ran away with her.

After walking several hundred meters, the passerby who had just had a heart palpitation said, “Scared the hell out of me, Tuo Lei's mistress is called Niu Rong, but she's famous for her arrogance.”

“Her name is Niu Rong?”

“Yeah, used to be the wife of some star, then cheated on her and betrayed her, then divorced, and then somehow became Takurei's mistress. An ordinary person, if she hadn't become Taku Lei's mistress, how could she have the qualifications to enter Wangjing City.”

“Oh oh, thank you for telling me so much.”

“You're welcome, I'll leave first.”

Omi strolled around Wangjing City again, it was basically the same as before, except that he couldn't see the former prince and princess anymore.

At night, Omi lurked around the perimeter of Tuo Lei's house, tonight, if Tuo Lei came here mistress, Omi would end his dog's life, this was considered Omi's first brother to kill Wang Qi. Sixteen in total, slaughtered one by one.

Around nine o'clock that night, Omi saw a man, flying in from the direction of the palace.

Omi recognized this man at once, having seen this man's face when he was in the Forest of Ten Thousand Beasts, he was Tuo Lei.

Omi was about to make his move when suddenly, a shadow in the distance went up to kill Takurei.

"Who." Tuo Lei shouted and went up to that shadow to meet him.

Omi was stunned, and the person who wanted to kill Tuo Lei was not only Omi, but also a man in black.

Since that black-clothed man made the first move, Omi held still for the time being.

That black-clothed man used a soft sword, and his soft sword was like a whip, very fast and fierce.

"Swoosh swoosh." In a blink of an eye, he

The soft sword had already performed more than a dozen strokes.

Omi couldn't help but praise it, "What a powerful soft sword, it's too fast to perform a dozen moves in the blink of an eye."

However, that Tuo Lei wasn't a vegetarian, that Tuo Lei, but he was at the second level of the Unity Realm Great Perfection, his body was very large, his height was estimated to be two meters, his entire body appeared very rigid, his palm strike was as hard as a boulder, and for a moment, the two fought evenly.

That black-clothed man's soft sword was powerful, but the other party wasn't weak either, and it might be difficult to kill Tuo Lei.

The black-clothed man was also at the second level of the Unity Realm Great Perfection, and with two people in the same realm, no one could take advantage.

In the end, after an unknown number of rounds of battle, the man in black seemed to see that he couldn't kill the other party and wanted to withdraw.

However, the moment the black-clothed man was about to withdraw, he was carelessly caught by the all-out battle-ready Tuo Lei, who found the opportunity to slap the black-clothed man on the shoulder.

"Crack." The black-clothed man's shoulder fractured and his arm sagged weakly.

"Hmph, where is the son of a bitch that dares to assassinate me." Tuo Lei was furious, and the black-clothed man had been unable to escape from him after he had been slapped.

That black-clothed man's gaze was desperate.

Just at that moment, Omi emerged.

Omi wasn't trying to save that black-clothed man, but we all had the same purpose and were considered temporary friends.

That Tuo Lei was about to go up and kill the man in black when a voice sounded behind him, "Hey, there's still me."

Takure turned around sharply and saw a youth standing on a rooftop, this youth was also unmasked, but hadn't seen this person before.

"Who are you?"

"I'm here to take your life."

"You're partners in crime?"

"No. In fact, I didn't think there was anyone else who wanted you dead, but in that case, consider yourself an accomplice."

"Hahaha, with you, you can take my life?" Tuo Lei saw that Omi was only a first level of the Unity Realm Great Perfection, and was disdainful, the difference in strength between the first level of the Great Perfection and the second level was too great.

"Is that so? Then let the facts speak for themselves." Omi suddenly took out a kitchen knife, yes, Omi stole it from the hotel kitchen.

Omi's killing of the king's mercenary group leader's brother would all be done using a kitchen knife, this was in his own way, when Omi's brother was killed by his kitchen knife, Omi also used the kitchen knife to kill his brother.

"A cleaver?" Takure's gaze chilled.

"Yes, a chopper, which is similar to your captain's weapon."

"Who the hell are you?" Tuo Lei asked furiously.

“Hahaha, fine, you’re dying anyway, there’s no harm in me telling you, listen up, I’m Omi.”

“No way, that trash died two years ago.”

“Is that so.”Omi unveiled his human skin mask.

“Ah.”Tuo Lei’s body trembled.

And at this moment, the injured black-clothed man was also shocked that Omi really wasn’t dead.

Omi’s mouth snorted, “Tuo Lei, go to hell and reunite with those two brothers of yours underground.”

After saying that, Omi flew up with a knife.

Tuo Lei’s gaze trembled, Omi’s technique was extremely similar to their headmaster’s Heaven Breaking Knife, and the killing intent of the blade made it seem as if one couldn’t move.
