

Chapter 973

However, Takure, who was at least a realm higher than Omi, rushed from the roof to the ground and threw the woman on the ground to block the knife.

“Wow.” That poor woman on the ground was stabbed through the heart by Omi’s kitchen knife.

The one who was brought in by Tuo Lei to block the knife was his mistress, Niu Rong.

Niu Rong was on the verge of death when she asked, “You, you, don’t you love me the most, the most?”

Tuo Lei’s eyes were alert as he looked at Omi, and his mouth grunted, “Bitch, I love you sister,”

Niu Rong just said one word and died.

Omi flew up and said, “You can’t escape.”

“Omi, it’s impossible how you know our captain’s swordsmanship,” Tuo Lei said.

Omi snorted, “What a silly bird, your head’s blade technique, it’s a must-kill intent, you think it’s unique to your head? Hahaha, why talk so much with you, a frog in a well, waste time, go die.”

This time, Omi slashed with all his might, as he only had two kitchen knives with him, and if he didn’t kill him again, there would be no kitchen knives.

Tuo Lei still wanted to take his mistress’ body to block it, but Omi had already calculated that the chopper would circle around and slash from behind. The first website m.kanshu8.net

“Swoosh.”

The chopper split the Takurei in half in one go.

Omi exhaled deeply, finally killing this Takurei, the first chop had just been dodged by him using his human shield, Omi had to sigh, his killing intent had only comprehended a little bit of the threshold, maybe not as much as the head of the King's mercenary group, Wang Qi had comprehended.

At this moment, that black-clothed man rushed up.

"Omi, great, you're not dead, I told you that you're such a genius, how could you die so easily."

Omi knew who it was by the sound of the voice and said, "I also thought you were dead, but I didn't expect that you weren't dead either, Emperor Yanlong."

"Alas, don't say that, I did almost die, fortunately I had prepared a double earlier in the past just in case, otherwise I would never have been able to escape the death of the one who died." Emperor Yan Long said, now he could no longer be called an emperor, he was already like a lost dog.

Omi said, "Let's go, it's not advisable to stay here for long, lest the head of the King's mercenary group find out, I don't want to fight him head on yet, and I'm not confident enough yet."

"Good, where do you live?"

"It's my first day back in Lookout City and there's no place."

"Then go to where I'm staying, I have a very private place."

"Where."

“Hehe, just come with me.”

Omi put on his human skin mask and flew away with Yan Long, silently, and finally arrived at a corner of Wangjing City’s Royal Cemetery.

Yan Long moved the stone tablet of one of the tombs, and an underground passage appeared in front of him.

“It’s actually a fake tomb.”

“Haha, you wouldn’t expect it, I’ve been an emperor here for so many years, how could I not be a little prepared for this, go in quickly.”

After entering the fake tomb, a mechanism inside, suddenly closed the tombstone back up, and Yan Long lit the oil lamp inside.

Underneath the tomb was a three-room, two-room small

The living room, which was also built quite luxuriously, had a two-meter long and wide transparent stone on top of the ceiling, so you could see the stars in the sky.

“Brother Tang, there’s no need to be polite, please sit down, this place is safe, even if Wang Qi pursues us here, he won’t be able to find us.”

Omi asked, “A transparent stone on top of your ceiling, aren’t you afraid that people will look down from above?”

“Haha, you don’t know about that, this transparent stone, it’s an extraterrestrial meteorite, you can see it from the inside to the outside, but you can’t see it from the outside, it’s just an ordinary stone from the outside.”

“Oh, you old boy, you’re quite good at it.”

“Brother Tang, I’m so glad you’re not dead, if I hadn’t gone to kill Takurei tonight, I’m afraid I wouldn’t have been able to meet you.”Yan Long said.

Omi asked, “How did you go to kill Takurei.”

Yan Long snorted angrily, “That Wang Qi took my throne, of course I won’t be happy, even if I can’t take it back again, I still have to kill a few of his brothers.What about you?Why are you so strong now?”

Omi said, “Several of my mercenary brothers died at the hands of Wang Qi, so I will kill all of his brothers, and in the end, I will kill him.”

“Ah, Brother Tang, you’re saying that you have the strength to defeat Wang Qi?”

“Why not, but I don’t have enough confidence right now, his realm is higher than mine, the probability of my failure is high, so I don’t want to take the risk yet.”

Yan Long nodded his head, “Indeed, he has defeated the old master of the Famous Sword Villa, that old master is one of the thirty peaks in the world, although he is the weakest peak, he is already incredibly strong.You’re only at the first level of the Unity Realm Great Perfection, and if you rashly go to Wang Qi, if you don’t succeed, you’ll die.Tonight, for example, I’m about the same strength as Tuo Lei, but I was so close to being killed by him just because I had a thought of retreating, fortunately you appeared, thank you for saving me.”

Omi said, “You should thank you for not strangling me back then.”

Yan Long looked embarrassed, "This, I was indeed very insensitive back then, let's not talk about the past, didn't I choose to make peace later."

"Alright." Omi was still a little bit nagging about what had happened back then, so he didn't have any good feelings towards Yan Long, even though he eventually chose to make peace and talk, promptly hanging back from the cliff.

"Brother Tang, you must also understand ah, if you are a person with ambitions, then the Wang Qi of today is the future you, if I knew that Wang Qi would take my position today, I would have destroyed him at first ah, then I wouldn't be so miserable today, my royal family dying and fleeing, disintegrating in an instant. If you were in my shoes, you would have beheaded Wang Qi as well."

"I said okay, stop saying this meaningless words, if I really still wanted to trouble you about what happened back then, I would have slaughtered you in one stroke by now, now between us, we have a common enemy and are considered allies, right?"

"Yes, yes, thank you for your cousin's magnanimity, don't worry, if you kill Wang Qi, I will be the first to embrace you as king."

Omi smiled, "You embrace me as king? What about you?"

"Alas, my time has passed, can't you let me be a king, I don't have any other demands, I just want to take revenge, and then, enjoy my old age, or, while I'm in my old age, I'll finally sprint a bit to see if I can take it to the next level and reach the third level of the Unity Realm Great Perfection, but I'm sure it's not possible."

"Alright, I'm going to go cultivate." Omi stood up, entered one of the rooms, and went straight to close his eyes and cultivate.

Yan Long sighed and said, "You've already reached the Unity Realm Great Perfection, and it's difficult to go any further."

At this moment, in Tuo Lei's house, Wang Qi looked at the corpse that was split in half on the ground, his face was extremely distorted and unsightly.

"Brother, Tuo Lei was split in two by a kitchen knife, why does it feel like the same technique as yours."

Wang Qi's face was dark, but he didn't speak, the more silent he was, the more anger he felt inside.

"Brother, could it be Omi who killed Tuo Lei? Omi came back for revenge, and that's why he used a kitchen knife to cleave Takure in half, as a demonstration against you."

"But, isn't Omi dead? Even if he didn't die, in just two years, he couldn't be so strong ah, and this blade, it's big brother's Heaven Breaking Blade, how could Omi."

"Ahhh, Brother Tuo Lei, you died miserably, don't worry, big brother will definitely avenge your death." Another man cried out miserably.

The leader of the king's mercenary group was also very suspicious that it was Omi who had returned for revenge.

"Omi, you have the guts to come to me in the open, don't kill my brother in the dark." Wang Qi clenched his fists and said indifferently, his eyes very frighteningly looking at the chopper over there.

When Wang Qi saw that side chopper, he had a feeling in his heart, that was, had Omi also comprehended that feeling of certain death?

Although Wang Qi didn't know the idea of certain death, he could sense it, but perhaps that Omi had also realized that it was a demonstration to him. Remember the URL .kanshu8.net

"Tell them to go ahead and search the entire city, and make sure to find Omi."

"Yes."

The next day, Omi opened his eyes and walked out of the room.

"You're awake." Yan Long asked.

"Yeah."

"Brother Tang, I've prepared breakfast, let's eat."

Omi saw a large table of steamed buns, buns, and gruel, as if it was a good day, and wondered, "Why do you feel free to live when you're hiding in the grave? Where did you get all this breakfast? Is there a kitchen here? No, even if there's a kitchen, there's no way you can cook, don't tell me you went out and bought it from outside."

"Hahaha, Brother Tang, you don't know that, this underground chamber of mine can lead directly to the palace, or to a restaurant outside the palace, all these breakfasts are delivered by the people of the restaurant, they bring in meals on time every day, I can eat whatever I want. After you finish your meal, I'll take you out for a walk."

After breakfast, Yan Long pushed open a secret door on the wall, there was indeed a hidden passage, along this hidden passage, after walking for thousands of meters, he came to a well, and from the well, he flew out, and it was the backyard of a certain restaurant in Wangjing City.

“Brother Tang, this is the backyard of the restaurant, this restaurant, back then, they were all my close friends, so they are all my people, we can eat freely here, or we can have them sent to the secret room in the cemetery.”

“Oh, you’re really good at that,”

Yan Long said, “I was an emperor back then, this was just a word of command for me back then, I was also worried that I would be killed sometime in the future, I would definitely make some preparations, including that double, as expected, my initial preparations were not in vain, and they really came in handy.”

An early Unity Realm subordinate came up.

“Meet the master.”

&nb

sp; “Little Tan, report on what is going on outside.”

“Okay, now there are strong people searching everywhere outside, because Tuo Lei died last night, and Wang Qi ordered the whole city to search through the city to find it, they suspect that Omi has come back for revenge.”

“Hahaha.”Yan Long laughed out loud.

Omi was standing to the side, but Yan Long didn’t reveal Omi’s identity.

After staying for a short time, Yan Long instructed his subordinates, “Find two beautiful women to the secret room tonight, remember, prettier ones.”

“Okay, please don’t worry master.”

Omi and Yan Long returned to the well and followed the passage back to the secret room in the cemetery.

Yan Long said to Omi, “Brother Tang, I’ve asked them to prepare two beautiful women for the evening, you can enjoy them.”

“What? You’re preparing them for me?” Don Omi froze.

“Yes.”

“Didn’t you prepare it for yourself?”

“I’m old, no more than you are young, I’m looking three or four times a month, you’re young and different, the two I called tonight are considered my pick-me-up for you. It’s boring to hide in a secret room for a long time, so it’s not bad to have a woman to pass the boredom.”

Omi said, “No need, but thank you.”

“You’re welcome for what.”

Omi’s eyebrows furrowed, was Omi this kind of person? Besides, the woman who had found her was a prostitute nine times out of ten.

Yan Long harrumphed, “You must be thinking that the women you found are prostitutes.”

“Aren’t they?”

“You’re wrong, absolutely not, how can a prostitute match my identity, although I’m now as if I’m a lost dog, but I was once at least a ninety-five, besides, prostitutes are unreliable, if I betray the information, wouldn’t I be exposed.”

“Then who are you looking for?”

Yan Long said, “I have a secret funhouse, this funhouse is all women, it is made up of about a hundred women, these women are all trained since childhood, all of them are absolutely loyal to me, this secret funhouse, no one else knows about it but me, while helping me gather information, and if there is a need, they are also absolutely obedient to me. Therefore, the two women I called in at night were both women of this music workshop, and were in no way prostitutes. All the women of this music workshop are very beautiful, except for the fact that they are a bit inferior in terms of martial arts, so you’re welcome.”

“You’re a man who’s clearly a dog from a lost family, but you’re still able to live so freely in Wangjing City.” Omi could not be displeased, God knows what other things this Yan Long did not know about Omi.

“Hahaha, brother Tang, don’t forget, I used to be the master here, even if I’m not now, I still have many many loyal subordinates, the entire Wangjing City, if I want something, I can still do it, it’s just not as convenient as before. Alright, let’s go back to the secret room, the wind is very tight outside now, it’s better not to go out for the next few days.”

Omi asked, “You said that there is still a passage in the secret room that leads directly to the palace?”

“Yes, but I advise you not to go there, I haven’t been there once myself, I can still go out a bit outside the palace, don’t go to the palace to get killed, it’s a place where Wang Qi and those brothers of his have been stationed for a long time, go there purely to get killed.”

Omi smiled, "Wang Qi's brothers are hiding in the palace, I'm still worrying about how to kill a few more, now that we have this secret passage, we can occasionally enter the palace and kill a few of Wang Qi's brothers."
