Chapter 1091: President Gu's Instructions

Even if it was for his own sake, Chancellor Chen would absolutely not allow anyone to behave atrociously in Li City University. Hence, he abruptly stood up and shielded Qiao Xi behind him. He was determined to fight the Zhou couple to the end. If Mr. Zhou insisted on firing Qiao Xi, then he would blow the matter up. At that time, they would see who would lose their dignity!

However, before he could say anything, he saw Mr. Zhou, who was standing at the side, suddenly widen his eyes and roar crazily at Madam Zhou, "What nonsense are you talking about?! Hurry up and apologize to Teacher Qiao! Do you know who you've offended?! Even if you don't want to live anymore, I do!"

Chancellor Chen and the students were abruptly stunned. Only Qiao Xi and Chi Yuan smiled meaningfully.

20 minutes ago.

Zhou Yi's car slowly stopped at the university gate. He got out of the car angrily. At the thought that his son canceled his engagement because of a female teacher from Li City University, he could not wait to rush over and slap that woman a few times.

However, before he could enter the university, he was stopped.

Zhou Yi's face was filled with impatience. Thinking of how aggrieved his son was after the engagement was canceled, he shouted unhappily, "Get out of the way! Do you know who I am? How dare you stop my car?!"

Song Shijing walked forward slowly and looked at him with a faint smile. "Mr. Zhou."

Zhou Yi looked at the man's clothes in front of him and knew that they were not cheap. Moreover, judging from his temperament, he was not an ordinary person. He had been in the business world for so many years and had some insight. He understood that the man in front of him could not be easily offended, so his tone immediately softened. "How should I address you, sir? Are you looking for me?"

Song Shijing smiled and said, "I'm Song Shijing."

Zhou Yi was stunned for a moment. The name sounded familiar. He thought about it carefully and shuddered. He looked at Song Shijing in horror, and his body trembled uncontrollably. Then, he said while trembling, "You're Mr. Song Shijing? President... President Gu... What can I do for him? Please tell me!"

Everyone in Li City's high society knew that Song Shijing was Gu Zheng's personal assistant. His words represented Gu Zheng's words, so Song Shijing suddenly stopped his car because Gu Zheng had instructed him to.

However, how could a small fry like him have anything to do with Gu Zheng? He had never even seen Gu Zheng before!

Zhou Yi suddenly had a bad feeling. Cold sweat broke out on his forehead. Before he could say anything, Song Shijing sneered and said, "Mr. Zhou, follow me."

Zhou Yi wiped the sweat off his forehead and followed Song Shijing to the board of directors' office. However, the person inside was not Gu Zheng but Zhou Guanjin.

Song Shijing nodded at Zhou Guanjin and left.

Zhou Yi looked around and looked at him in surprise. "Guanjin?"

Zhou Guanjin nodded. "Uncle."

Seeing that Zhou Guanjin was alone in the office, Zhou Yi heaved a sigh of relief. He wiped the sweat off his forehead and sat on the sofa tiredly. Then, he cleared his throat and said, "Guanjin, if you want to see me, you can just go to my house. Why trouble Mr. Song?"

Zhou Guanjin glanced at him indifferently. "Uncle, don't you want to know why I'm looking for you?"

He paused for a moment and continued, "Although the Zhou family is rich, we can't afford for you to act like this! Previously, the company had already suffered a loss, but you didn't take it to heart. Now, you actually have the time to come to the university to look for trouble?"

Zhou Yi was enlightened and smiled wretchedly. "Haha, Guanjin, you like that female teacher! That's nothing. I'll talk to your aunt, then..."

Zhou Guanjin frowned. "Uncle! Don't spout nonsense. That's my junior!"

Seeing that he was unhappy, Zhou Yi could only smile awkwardly. Although he was Zhou Guanjin's elder, he was still a little afraid of Zhou Guanjin. After all, he was the eldest grandson of the Zhou family and the future heir of the Zhou family. He was just a member of the Zhou branch family and could only earn some money under Zhou Guanjin in the future. Hence, he naturally did not dare to offend Zhou Guanjin.

However, as a junior, Zhou Guanjin was actually so rude to him. He was a little unhappy. "Guanjin, that female teacher offended your aunt and Lin'an. Your aunt just came to the university to say a few words. You don't have to be so angry, right?"

Zhou Guanjin was already starting to get impatient. He snorted coldly. "I can choose not to be angry, but Qiao Xi's other senior has a bad temper. That senior asked me to talk to you in person and didn't personally punish you because of the Zhou family. He wants to save me some dignity. Now, for the sake of the Zhou family's long-term development, I can only give up on my uncle."

Chapter 1092: Chase Them Out Of The Zhou Family

Zhou Yi's body instantly stiffened, and a trace of horror flashed past his eyes. Zhou Guanjin was actually abandoning his family for such a small matter? Who was that man who made Zhou Guanjin so afraid?

He suddenly felt uncomfortable and turned around. He spotted a man in a suit sitting behind the screen. From his direction, he could only see the man's side profile. The man was raising his teacup and taking a sip elegantly. He looked like a noble young master, but the aura he exuded made one shudder.

At this moment, he realized why Song Shijing had brought him to the office himself. Did that mean that the man behind the screen was Gu Zheng?

was Qiao Xi's senior was Gu Zheng?

Zhou Guanjin reminded him, "Uncle, look at your phone. The company is probably in an uproar."

Before Zhou Yi came to the university, he had specially muted his phone. He originally thought that the Zhou family would handle the company's matters. Even if there was a small problem, he did not need to solve it himself. But now...

Zhou Guanjin's words just now were very clear. Their family had offended Gu Zheng, so the Zhou family would not disregard the family's interests for them. Hence, the Zhou family wanted to abandon them and protect the remaining members?

He took out his phone with trembling hands, and dozens of messages popped up. The companies under his name were all attacked. The shareholders' expressions changed when they heard the news and they directly sold their shares. Moreover, someone reported that he was operating illegally. All his accounts were frozen.

At this moment, not only did the Zhou family not clarify things for him, but they also released a statement online saying that they would cut ties with his family from today onward.

The sweat on Zhou Yi's back had already drenched his shirt. He gritted his teeth. Zhou Guanjin kept saying that he was afraid of offending Gu Zheng, so he abandoned them for the sake of the entire family. However, everyone knew that Zhou Guanjin and Gu Zheng had a deep relationship. Even if the two families had a conflict, Gu Zheng would not attack the Zhou family.

Zhou Guanjin was just using this reason to chase them out of the Zhou family. This way, it would be justifiable. He could not refute it, and the other members of the Zhou family would not stand up for him.

At the thought of this, Zhou Yi's eyes were filled with anger and unwillingness.

Zhou Guanjin stood up and took a few steps toward him. He said with a smile, "Mr. Zhou, you can't blame me for this. If you want to blame someone, you should blame your wife and son. If it weren't for them, I don't know how many more years you would've continued to harm the Zhou family!

"I advise you to quickly see my junior and apologize to her sincerely. Maybe she'll forgive you. Otherwise..."

Zhou Guanjin did not finish speaking and did not hide the disdain in his tone. "Now... please leave!"

Song Shijing pushed the door open at the right time. "Mr. Zhou, please."

Zhou Yi's mind was heavy. He had never been in such a sorry state in his life.

After Zhou Yi left, Zhou Guanjin's expression suddenly darkened. All these years, Zhou Yi had relied on the Zhou family's power to do many evil things. He knew very well how many benefits he had gained.

On the account of their kinship, Grandpa forgave Zhou Yi time and again. He could not bear to chase them out of the Zhou family, but he could not tolerate everything. Zhou Guanjin would never tolerate such vermin causing trouble in the Zhou family.

At this moment, Gu Zheng walked out from behind the screen and said casually, "It's about time. I should bring her home."

...

Zhou Yi recalled what had happened and could not help but tremble. He looked at this shrew in front of him and was instantly infuriated.

This stupid woman! If it were not for her misconduct, he would not have offended Gu Zheng and been chased out of the Zhou family by Zhou Guanjin.

He knew that the matter was almost irreversible. Even if the old master appeared, he could not help him stay in the Zhou family. After all, he had offended Gu Zheng. Who in the Zhou family would dare to keep him?

Moreover, before this, his project had failed, causing the company to lose a large sum of money. Now, it seemed that this was all Gu Zheng's doing. His goal was to make him leave the Zhou family completely. All of this was caused by this stupid woman!

At this moment, he could not care less about his image or reputation. He opened his mouth wide, and spit flew everywhere. He shouted at the top of his voice, "You idiot! You actually want to fire Teacher Qiao? Do you have the right? Hurry up and apologize to Teacher Qiao!"

Madam Zhou was stunned as she widened her eyes at her husband. She had been hoping that her husband would support her, but he actually reprimanded her in front of everyone!

Chapter 1093: Marrying A Jinx

Madam Zhou was already unconvinced. Now, she was even more unreasonable. "What right do you have to make me apologize to her?! Damn it! You're not speaking up for me but you're actually helping this vixen! Tell me, did she seduce you?"

"You little b*tch, you're really too shameless. Not only did you seduce my son, but you also seduced my husband. This pair of both father and son are both infatuated with you. What kind of spell did you cast?!"

"Shut up!" Zhou Yi shouted loudly, and the horror in his eyes grew stronger and stronger. He hurriedly turned to look at Qiao Xi and said with fear and respect, "Teacher Qiao, please don't bicker with this stupid woman. She's a shrew and is used to throwing a tantrum. Please don't take offense. I'm really sorry!"

Everyone was instantly shocked when they saw Zhou Yi groveling. Madam Zhou was also stunned on the spot. It took her a long time to come back to her senses. How could she allow her husband to apologize to this little vixen so humbly?

She felt her face burning. The pride from before had vanished completely. She let out a sharp and ear-piercing voice. "Why are you apologizing?! Come here! She's just a university teacher. I want to fire her! She goes around seducing men! I want her to—"

Smack!

Madam Zhou was slapped hard, and her cheek instantly turned red and swollen.

Zhou Yi glared at her fiercely and gritted his teeth. "How did I marry a fool like you? Do you know who you've offended? Because of your nonsense, our family has been chased out of the Zhou family. From now on, we're no longer part of the Zhou family. The Zhou family will no longer be our backer!

"Moreover, the companies under my name have already been... seized. My accounts... have also been frozen. It's all your fault. All these years, I've been doing nothing because I married a jinx like you!"

Madam Zhou widened her eyes and looked at him in disbelief. It was as if she had been struck by lightning. The blood in her body seemed to have frozen. Her ears buzzed. She could not hear what Zhou Yi said after that. The words 'our family has been chased out of the Zhou family, the companies have been seized, and their accounts were frozen' still echoed in her mind.

Impossible! This must be a dream! She was the noble Madam Zhou. She had companies under her name and endless money. Many noblewomen were rushing to curry favor with her. How could all these be gone?

She was truly unable to accept this fact and could only break down and shout, "Nonsense! How is that possible? Who did I offend? Isn't it just Qiao Xi? What ability does she have?"

"If you don't believe me, take a look at the news on your phone and see if the Zhou family has already cut ties with us. Who else in Li City can make the Zhou family so afraid? It's the president of Gu Corporation, Gu Zheng! Don't you know the relationship between President Gu and the Lu family? You actually dare to keep in contact with Lu Muxue? Since you've angered President Gu, our entire family will be doomed!" Zhou Yi also shouted in despair.

At this moment, Madam Zhou finally understood what a big mistake she had made. Her legs went weak as she fell to the floor. Her eyes were empty without a trace of light.

Qiao Xi stood not far away with her arms crossed as she quietly watched the two of them complain and roar at each other. Then, she raised her eyes to look at the chancellor and said softly, "Chancellor, this is your office, not a place for them to interfere in family matters. Please ask them to leave. Now that the matter has been resolved, I'll leave with the students."

The chancellor said, "Alright. Teacher Qiao, you must be tired too. Hurry up and go back to rest."

With that, he looked at Lu Muxue unhappily. "Lu Muxue, don't think that today's matter is over just like that. You instigated others to wrongly accuse Qiao Xi twice and are vicious. The university will punish you severely. Go back and wait for the notice."

Lu Muxue's face was livid as she glared fiercely at Qiao Xi. Her heart was filled with unwillingness. She was unconvinced. Why was Qiao Xi able to avoid her attacks every time? She would absolutely not let the matter rest. She wanted Qiao Xi to completely disappear.

But in next to no time, a trace of fear appeared on her face. If her grandfather found out that she had once again provoked Qiao Xi and even let Qiao Xi record her, would he punish her?

The students muttered softly, "Speaking of which, Lu Muxue is responsible for this matter. If she hadn't instigated things, things wouldn't have ended up like this. She didn't even apologize and thinks that she's very reasonable."

"Zhou Lin'an went overboard. Teacher Qiao can't be bothered to bicker with people like him, but it's because she's too gentle and looks weak that she was bullied. Teacher Qiao even tried to reason with them in a calm tone. If I were the one being wronged, I would have pointed at their noses and scolded them."

Chapter 1094: Lu Yan Didn't Keep The Bet

"Lu Muxue is too much. She only knows how to bully the weak Teacher Qiao!" Everyone glared at Lu Muxue with disdain.

At this moment, Lu Muxue was so angry that she almost vomited blood. Qiao Xi and Gu Zheng joined forces to deal with the Lu family. How was she weak? She was the most scheming woman!

Qiao Xi left the office building and walked straight to a luxury car at the door. Gu Zheng opened the car door, and Qiao Xi handed him her phone with a smile. "I recorded Lu Muxue's words. Guess what their expressions will be when I take this to the Lu family?"

In everyone's opinion, Lu Muxue was the daughter of the Lu family. She had framed Qiao Xi time and again probably because Old Master Lu instructed her to do so. His goal was to force Gu Zheng to return to the Lu family.

Gu Zheng's eyes were filled with smiles as he raised his eyebrows dotingly. "Mrs. Gu, you're so smart."

Qiao Xi moved in front of him with a shy expression. "Are you just going to praise me? Don't you have anything else to say?"

Actually, she had been thinking about it for a long time. Gu Zheng owed her a favor this time. She had to make good use of him and maximize his value.

Just as she was hesitating, Gu Zheng slowly said, "Then how about I personally cook a meal for you, Mrs. Gu?"

Qiao Xi was stunned, and she instantly blossomed with a delighted smile. The last time she ate Gu Zheng's food, it was simply a delicacy. Unfortunately, she did not manage to eat to her heart's desire at that time. This time, she must eat until she was full.

Two hours later, Qiao Xi left the dining table while holding her round stomach and collapsed on the sofa. Gu Zheng received a call and rushed out.

After a long time, the butler walked forward and hesitated for a moment before saying, "Young Madam, have you heard about the Lu family's matter? Old Master Lu is sick. He said that he's anxious..."

Qiao Xi raised her eyebrows. "Could it be because of me and Gu Zheng?"

The butler nodded. "Yes, it's because of that 5% of shares. Now, everyone is saying that you and the president made Old Master Lu sick. Lu Yan is playing tricks behind your back and spreading some untrue rumors."

Of course, Qiao Xi still remembered. A few months ago, she made a bet with Lu Yan on whether she could ride a horse. In the end, she won. The bet was 5% of Lu Corporation's shares.

This 5% of shares sounded very ordinary, but in terms of cash, it was probably more than what an ordinary family could spend in their lifetime. Logically speaking, the Lu family should have handed over the shares a long time ago, but they did not.

Qiao Xi knew clearly in her heart that it would be very difficult to get these 5% of shares from the Lu family. The transfer of the shares was very complicated, and they could delay it again and again. Lu Yan was already the president of Lu Corporation, so all the procedures and documents needed his signature. If he did not cooperate, then this matter would not be able to proceed.

Unknowingly, a few months had passed. The matter should have been resolved long ago, but suddenly, there was news that Old Master Lu was sick. Hence, the Lu family wanted to dodge having to fulfill their end of the bet.

Lu Corporation sent an old higher-up to see Song Shijing and said a lot of nonsense. In short, it was just a joke. They said it wasn't a proper bet. Even if Mrs. Gu lost, Young Master Lu would not have asked President Gu to hand over the shares.

President Gu and the Lu family were relatives, so there was no need for them to be unhappy about this 5% of shares. The procedures for giving Lu Corporation's shares to Qiao Xi were very complicated. The board of directors had to discuss and come to a decision. The shareholders had to raise their hands to vote. Moreover, this matter had already happened so long ago, so they should let it go.

Now that President Gu and the Lu family had just reunited, President Gu was insisting on forcing Lu Yan to hand over 5% of the shares. Moreover, Old Master Lu was already sick and could not get up. If news of this got out, President Gu and Mrs. Gu's reputation would not be good.

When Qiao Xi heard the butler relaying the message, she could not help but snort. Lu Yan planned to go back on his word, which was why he delayed it until now. Now, he was finding excuses not to hand over the shares.

It was obvious that the Lu family could not afford to play and did not abide by the bet. Now, they actually had the cheek to push Gu Zheng into a corner. What they meant was that Old Master Lu was so angry that he had fallen sick. If Gu Zheng still insisted on being overbearing, he would be unfilial.

Qiao Xi asked casually, "Are the people from Lu Corporation still in Gu Corporation?"

The butler replied softly, "The president is holding an important meeting in Huazhong Building, so Song Shijing didn't disturb him. However, the Lu family followed the president there. It looks like they're going to cause trouble. I wonder how the president will handle this after the meeting. Song Shijing called and asked me to ask you if you want to chase the Lu family away."
