

## Lady gu 271

### Chapter 271: Sister Qiao Xi's Crazy Damage

Lu Xiang's eyes were vicious. This little b\*tch still dared to bully her.

"Are you full?" Gu Zheng asked.

Qiao Xi said delicately, "I just took two bites and this group of people barged in. I'm anxious to teach Madam Jiang a lesson!"

"But Madam Jiang doesn't seem to be very smart. She keeps staring at me. If she thinks it's right to be the third party, then I have nothing else to say."

Qiao Xi bit her lip. "Gu Zheng, why doesn't she appreciate me spending so much effort to teach her how to be a good person? Forget it, I'll just eat."

"Alright, let's eat." Gu Zheng nodded.

"But how can I eat while they're standing here? Looking at this group of people makes me disgusted."

Qiao Xi frowned and sighed. "Madam Jiang's current position originally belonged to Eldest Miss Lu. If it weren't for Madam Jiang insisting on changing the marriage back then, Eldest Miss Lu wouldn't have married President Gu and she wouldn't have died at such a young age. The Lu family wouldn't have severed ties with the Gu family either..."

"Miss Qiao!" Lu Xiang interrupted coldly.

"The Lu family's matter has nothing to do with you! You're Gu Zheng's woman, and he's an illegitimate child..."

Qiao Xi hurriedly said, "Yes, Madam Jiang, I'm really sorry. I'm a straightforward person. How could I talk about the fact that you're a mistress in public?"

"It's okay, you won't admit it anyway. Just keep denying it."

Lu Xiang cared a lot about her image outside, but now that she was publicly humiliated by Qiao Xi, she couldn't care less about her image. "What exactly do you want to do?"

Qiao Xi pretended to be aggrieved. "Madam Jiang, don't be angry. I didn't do it on purpose just now. No matter what you did, it's all in the past. Aren't you living well now? If you're angry, it means that what I just said is true."

Lu Yan suddenly walked in front of Qiao Xi and said indifferently, "Miss Qiao, outsiders don't have to worry about the Lu family. I hope you won't spout nonsense."

Qiao Xi had an indifferent expression. "Alright, if even you don't care about this matter, why should an outsider like me care?"

What she meant was that Lu Yan was unfilial. He knew that his aunt had interfered with his biological mother's marriage but he still pretended not to know anything about it.

Lu Yan's expression was indifferent. "Miss Qiao, can we talk in private?"

Qiao Xi immediately refused. "That won't do."

The Lu family: "..."

This woman was impenetrable!

Qiao Xi sat down unhurriedly, and after eating a few mouthfuls, she tossed her chopsticks aside. "Gu Zheng, these people are making me feel disgusted. I don't feel like eating anymore. Let's go."

A few juniors of the Lu family instantly roared. "Pfft! Gu Zheng! Your mother is a mistress! She caused the death of our eldest miss, yet you still dare to be so arrogant in front of us. Do you still have any shame?"

Qiao Xi was just about to leave when she suddenly stopped in her tracks and slowly turned around. "Madam Jiang."

Lu Xiang suppressed her anger.

Qiao Xi said slowly, "You should be very clear whether Gu Zheng is an illegitimate child or not."

She leaned closer to Lu Xiang and lowered her voice to say, "You made Gu Zheng suffer this infamy precisely because he's not an illegitimate child."

"You were jealous of Eldest Miss Lu because her looks and bearing are superior to yours. Furthermore, she's the daughter of the first wife. You're the illegitimate daughter, so you made sure to let her son live in the shadow of an illegitimate child and suffer eternal humiliation."

"It's just that you didn't expect Gu Zheng to become the head of the Gu family. No one dares to touch him, so your plan only exists in your imagination."

She smiled meaningfully and held Gu Zheng's hand as they left.

Lu Xiang's heart trembled. Her mind buzzed, and her body went weak.

How could Qiao Xi know?

After the two of them left Qingyuan Pavilion, Qiao Xi got into the car in a huff. She grabbed Gu Zheng's hand and asked, "Why didn't you say anything when they bullied you just now?"

Gu Zheng said casually, "It's unnecessary."

Qiao Xi was unwilling. "How is it unnecessary? If you don't explain yourself, no one will ever know!"

"It's useless to explain to them. They'll pay for their mistakes anyway."

Gu Zheng's voice was indifferent, but his eyes rippled with a trace of coldness.

Chapter 272: Watch The News Tomorrow

Qiao Xi looked at Gu Zheng in surprise. "What are you gonna do?"

Gu Zheng smiled meaningfully. "You'll know. Be sure to watch the news tomorrow."

Qiao Xi: "... " Why did she find this a little scary?

Alright, she would watch the news tomorrow!

"It's getting late, let's rest," Gu Zheng said softly.

Qiao Xi did indeed feel tired. After dealing with two families in a row today, her physical strength had already been exhausted.

After returning to her room, Qiao Xi turned on her computer and logged into Black Tide's account. She stared at the screen seriously.

...

The room was bright now, but Gu Zheng's vision was gray.

He had a splitting headache. He relied on his extraordinary consciousness to stay awake and clenched his fists.

Gu Zheng's footsteps were heavy. He pulled open the drawer and took out a bottle. He casually shook out a few pills and swallowed them.

Song Shijing pushed open the door and hurried in. "President, what's wrong?"

Gu Zheng bit his lip to suppress his pain. "It's alright, I'll be fine in a while."

Song Shijing looked grim. "President, you ran into the Lu family when you went to Qingyuan Pavilion today?"

Gu Zheng said in a low voice, "Yeah. Go handle it."

Seeing that he was in so much pain, Song Shijing could not bear to leave. However, at the thought of the arrogant Lu family, he nodded coldly. "Yes!"

Gu Zheng leaned against the sofa, his eyes dull. He rolled up his sleeve and watched the red line on his arm grow longer and longer until it reached his palm.

...

The next morning, a piece of news spread throughout Li City.

[Last night, a drunk woman accidentally fell into the river. Fortunately, a passerby rescued her in time and saved her life.

[According to the passerby, this woman was driving under the influence and also suffers from mental illness as she was shouting the entire time. The public should take good care of their families who are sick and not let them drive under the influence.]

Qiao Xi clicked on the news. Although the face of the woman in the photo was pixelated, she could still tell that it was Lu Xiang.

Some passersby had even taken a video and uploaded it online. After Lu Xiang was rescued, she was drenched and looked extremely disheveled.

Before she fell into the river, the surveillance cameras had captured her suddenly stepping on the accelerator. he shouted,

“Get lost! Aren’t you dead?”

“You’ve been dead for so many years, so why are you still looking for me? I wasn’t the one who caused your death! Get lost!”

“Dad wanted to harm you, not me! Every grievance has its perpetrator, every debt has its debtor. Why are you looking for me? Go away! Go away! Ah!”

Immediately after, the car lost control and drove down the bridge. The surveillance footage also ended there.

At this moment, Qin An called. “Little Six, have you seen the news? Madam Jiang suddenly fell sick while driving yesterday. She was talking nonsense when she drove down into the river.”

Qiao Xi said, “I saw it. How’s the matter I asked you to investigate going along?”

Qin An was stunned.

Little Six had already logged into Black Tide’s account and dug out all of Lu Xiang’s secrets. She also investigated the Lu family’s past thoroughly.

However, after Lu Xiang married into the Jiang family, all the information seemed to have vanished. They only found out that Lu Xiang and President Jiang had attended a banquet five years ago, then they went to the Lu family’s house to attend another banquet.

Qiao Xi thought that she had missed out on something, so she got Qin An to help her investigate.

Qin An was a little hesitant. “You might not be aware of the current relationship between Lu Xiang and President Jiang.”

Qiao Xi sneered. “They’re husband and wife. Looking at Lu Xiang’s proud expression, they should be very close. After all, she must naturally cherish a man whom she snatched away from someone else.”

When she spoke about this, Qiao Xi’s face was filled with anger. “Lu Xiang is especially good at pretending to be a good person. She even showed off how happy she was in front of Gu Zheng. She even has the cheek to brag about the happiness she stole?”

Qiao Xi was angry because her heart ached for Gu Zheng. The more she spoke, the more she could vent out her anger. “Did Lu Xiang adopt Lu Yan because she wanted to use this opportunity to suppress Gu Zheng? However, she clearly knows that Gu Zheng is...”

“Little Sixth.”

Qin An knew about the past between the Gu family and the Lu family. It was also because of his grandfather that he knew about the relationship between Gu Zheng and Eldest Miss Lu. He also understood the anger in Qiao Xi’s heart.

However...

He thought it was necessary to tell Little Six about this.. He asked, "Gu Zheng didn't tell you?"

Chapter 273: Gu Zheng Would Be Sad Too

Qiao Xi had a puzzled expression. "Tell me what?"

Qin An remained silent: "..."

Had the man forgotten or was he deliberately not saying anything?

The Jiang family and Lu Xiang had long been close to bankruptcy because of him. Furthermore, after Lu Xiang married into the Jiang family, her life had not been easy. The Jiang family despised her identity as an illegitimate daughter.

After that, Lu Xiang grew old and frail. President Jiang liked young and beautiful women. He would even bring them home from time to time. Lu Xiang was in deep waters in the Jiang family.

Everyone else thought that she was living the life of a rich madam in the Jiang family, but who knew that she had suffered for half her life? However, this was all her retribution and had nothing to do with Gu Zheng.

However, there were some things that were indeed done by Gu Zheng.

Qin An slowly said, "Gu Zheng was the one who made Lu Xiang crash into the river."

Little Six should know very well that Gu Zheng did not need anyone's pity. He was a lion. He would not let off anyone who had hurt him in the past. Moreover, the Jiang family had already paid the price.

However, Qiao Xi was still puzzled. "Of course, I know, but I still feel bad for Gu Zheng. The Lu family keeps calling him an illegitimate child, but he's the most innocent one. I really wish I could kill Lu Xiang to take revenge for Gu Zheng."

Qin An: "..."

When did Little Six become so irritable?

At this moment, footsteps sounded from outside the door. Qiao Xi hurriedly hung up and rushed out. "Gu Zheng!"

The man looked tired as he took off his jacket.

Qiao Xi asked, "You're the one behind the incident of Lu Xiang falling into the river, right? Then why did you spare her life?"

Gu Zheng said nonchalantly, "She should have died. She got lucky."

He was not surprised. There were many passersby in that district, so it was expected that she would survive.

"Let's go, it's time to go to work."

Qiao Xi held his hand, her eyes filled with sorrow. "You have to say it if you're sad. Don't force yourself until you fall ill."

Gu Zheng's Adam's apple moved, and he felt an indescribable emotion surge in his heart.

Qiao Xi's eyes were filled with heartache. "Do you remember the time we got to know each other? I would tell you anything. It would be good if you also tell me how you feel. If you encounter any problems, you must tell me."

"I..." He was just about to retort when he saw Qiao Xi's eyes that were wet with tears. He swallowed his words.

Gu Zheng lowered his eyes. "At first, I was indeed sad."

Qiao Xi's heart ached.

Then, he curled his lips and sneered. "But I don't care at all now. The Lu family is insignificant to me. Their words won't hurt me.

"The Lu family that was once a wealthy family for a hundred years is on the verge of collapse now. As long as I move my finger, I can destroy the entire Lu family. Therefore, they're just ants in my eyes. Would you care about ants jumping around in front of you?"

Gu Zheng had always been strong, but when he faced Qiao Xi, he could not help but want to show his weak side.

He looked exhausted. "I've always thought so, but..."

Qiao Xi looked at him seriously.

Gu Zheng said slowly, "But there are still times when I'm sad."

Qiao Xi frowned, and her heart seemed to have been dealt a heavy blow.

Even though Gu Zheng had a hard shell, his heart was still fragile.

Gu Zheng was always abused by the Gu family when he was young. Only Matriarch Gu treated him well, but her health was poor and she often fell sick. She did not manage to care much about Gu Zheng, so most of the time, Gu Zheng had to endure everything himself.

In Qiao Xi's heart, her senior, Mo Yuan, was like a god. It seemed that nothing could stump him. No matter what difficulties she encountered, so long as Mo Yuan was around, everything would be resolved.

Now, she knew that although Gu Zheng looked like he was impervious to fire and water, there was still a weak spot in the depths of his heart.

Qiao Xi opened her arms and hugged his waist tightly. "Senior, no matter what happens, I'll always be by your side."

'I originally wanted to leave after helping Gu Zheng detoxify the poison in his body.'

Hearing her heartfelt words, Gu Zheng's heart instantly ached.

## Chapter 274: Encounter With An Evil Couple

However, in next to no time, Qiao Xi's thoughts resounded once more...

'But now, I've decided not to leave.'

The man's heart trembled when he heard this, and he hugged her tightly.

...

Song Shijing and Song Shiyu stood outside the door and waited for Young Madam to come out. Then, they heard their conversation.

The brothers looked at each other and left quietly.

"This is the first time I heard the president say such things. It seems he'll only take off his cold facade when he's facing Young Madam."

"In the president's eyes, the Lu family is indeed not his match. As long as he wants to, the Lu family will disappear from Li City in an instant."

"However, that doesn't mean that he won't be sad. No matter how strong the president is, he still has a heart. For him to tell Young Madam that he would be sad sometimes, it means that he trusts her a lot."

Song Shijing smiled. "With Young Madam by his side, the president seems to be getting more human."

The president used to be like a cold-blooded murderer, but now, he was a little more gentle.

Song Shiyu: "..."

He said in surprise, "Brother, why did you say that the president is getting more human? Did you think he was a dog previously?"

Song Shijing watched as the door opened and his heart skipped a beat. He immediately shot him a look.

However, Song Shiyu did not understand what he meant at all. He thought that his brother was agreeing with him. "I've already said that the president is exactly like a dog. He even deducted my salary. How can there be such a dog-like boss? Brother, is there something in your eyes? Why are you blinking?"

Song Shijing saw Gu Zheng smile and thought that Song Shiyu was going to die. His eyes twitched.

"I think you have a serious eye problem. Why don't you go to the hospital?" Song Shiyu shouted excitedly, "But I'm so happy today. You've finally agreed with me. I have to shout out that the president is a dog—"

"Yes, that's right." Gu Zheng's voice sounded unhurried. "Since I'm such a dog, I don't think you need to stay by my side anymore."

"..." Song Shiyu's smile vanished. He was petrified.

He was so scared that his face turned pale. He rushed to Song Shijing's side and cried, "Why didn't you tell me the president was behind me? What did he hear?"

Song Shijing sighed helplessly. "I was already reminding you when you asked me what was wrong with my eyes."

Song Shiyu was full of regret. "I thought you had problems with your eyes and I even wanted to bring you to see a doctor. How would I know that you were telling me that the president was here?!"

...

Gu Zheng sent Qiao Xi to Li City University. Before he got out of the car, he saw a familiar face walking over.

Lin Jie was very enthusiastic. "Ah Zheng, I didn't expect to meet you here. Mengqing and I were just talking about you!"

Qiao Xi sized up the man in front of her. Who was this?

Lin Jie turned to look at Qiao Xi, who was at the side, and said in a calm tone, "Ah Zheng, this is?"

Qiao Xi thought that this man looked a little familiar. She suddenly recalled that this man seemed to be very close to Yao Mengqing when they were in the mall last time.

This person seemed to be called... Lin Jie?

It was that ingrate!

Gu Zheng looked at Lin Jie and Yao Mengqing, who was behind him. He smiled meaningfully. "Is it necessary?"

Lin Jie placed an arm on Gu Zheng's shoulder. They seemed to be on good terms. "This is the first time I'm meeting her. Of course, you have to introduce her to me."

Gu Zheng turned his body slightly to avoid his touch and even put some distance between them. Then, he sneered. "Yao Mengqing should have already told you about her, right?"

Lin Jie's expression changed.

Of course, Mengqing had already told him, but he could not stand that woman, so he asked on purpose.

Yao Mengqing was afraid that Lin Jie would spill the beans, so she said gently, "Ah Zheng, I just met Ah Jie. I just told him about your marriage."

Gu Zheng said slowly, "Go ahead, I'm listening."

Qiao Xi: "..."

She simply admired Gu Zheng so much. Just one sentence from him could make others shut up.

If he wanted Yao Mengqing to introduce her friends to Mrs. Gu, he might as well just ask Yao Mengqing to scram!

Yao Mengqing bit her lip. "This... is Ah Zheng's wife.."

**Chapter 275: Who Took The Back Door?**

Lin Jie saw that she was in a difficult position and frowned. "Ah Zheng, why are you making things difficult for Mengqing? If you don't want to introduce your wife to me, then forget it! We'll just leave!"

Yao Mengqing quickly explained, "Ah Zheng, I'm sorry. Ah Jie is too impatient."

Qiao Xi watched them leave in a hurry. She did not dare believe that Yao Mengqing would leave just like that.

It was not easy for her to meet Gu Zheng, so she would definitely take the opportunity to seduce him. Would she leave so easily this time?

She had a nagging feeling that something was wrong.

Gu Zheng ignored them and said gently, "You should go, it's time for class."

Qiao Xi carried her bag. "Then I'll be leaving."

"Okay, call me after work."

As soon as Qiao Xi entered, she saw a large group of people walking over in a majestic manner. The leader was Wang Qing.

...

On the other side, Yao Mengqing looked helpless. "Ah Jie, you're too rash. You shouldn't have reported her..."

Lin Jie snorted. "What I said is the truth. She has never taken the college entrance examination, so what right does she have to teach at Li City University? There must be a conspiracy!"

Yao Mengqing was very uneasy. "But what about Ah Zheng?"

"That woman faked her education. If Ah Zheng finds out about this, he might just hate this woman and kick her out.

"I reported her for the sake of Li Corporation's reputation."

Yao Mengqing pretended to be worried. "Sigh! I really didn't expect that the person who got into Li City University through the back door was Xi Xi... Everyone in the fashion design department already knows about this. They definitely won't let her off. I..."

"Mengqing, a woman like her doesn't know shame at all. You don't have to care about her!"

...

Qiao Xi looked at the time. Class was about to start, so she did not want to pay attention to that group of people and quickly walked to the teaching building.

Unexpectedly, before she could enter, she was stopped by Wang Qing and her group.

Qiao Xi's gaze turned cold. "Class is about to start. Move!"

"You're so funny. What right do you have to attend classes? You're about to be fired!"

Wang Qing sneered and said, "Qiao Xi, I heard about something, so I'll ask you this to confirm the situation."

Seeing that the two of them were about to fight, the students all came forward to join in the fun.

When Wang Qing saw that there were many people around, she raised her voice. "Qiao Xi, can you explain why you can teach at Li City University when you never even took the college entrance examination?"

The words immediately caused a stir.

Qiao Xi had never taken the college entrance examination, and no one had heard of her university recommendation. How could she be teaching at Li City University?

Even the children of wealthy families had to sit for the college entrance examination before they could enter university. They could only become university teachers with their qualifications and certificates.

Qiao Xi had never taken the college entrance examination or gone to university, so she must have gotten in through the back door.

Wang Qing had a face full of disdain. "Qiao Xi, did you spend money to get in? Which financier paid for you? You became a university teacher at such a young age. If you didn't get in through the back door, what else could it be?"

Qiao Xi's expression was indifferent. "Then?"

"You'll be fired, of course. The vice chancellor said that a teacher like you who got in through the back door can't stay in the university. You're ruining the reputation of Li City University!"

Wang Qing roared. "Get out of the university immediately, or I'll chase you out!"

Qiao Xi smiled meaningfully. She did not become a teacher at Li City University through the back door. However, she had previously checked the records of Li City University and found that Wang Qing's score did not reach Li City University's cutoff score, but she still managed to enter.

Who exactly was the one who took the back door here?

The surrounding students asked in disbelief, "Is that true?"

"She looks quite capable, but she didn't even take the college entrance examination!"

"However, she won first place in the translation competition. She's indeed very outstanding!"

"That doesn't mean that getting in through the backdoor is the right thing to do. She's a teacher at Li City University, so she's misleading everyone if that's really the case! If we don't investigate clearly, it'll be a disaster for Li City University!"

Everyone was discussing spiritedly when the announcement suddenly sounded. The vice chancellor's voice was serious. "Qiao Xi, Wang Qing, please come to the chancellor's office. Students, please don't spread rumors. No one can slander Li City University's reputation. I'll definitely give everyone an explanation."

The students all looked at Qiao Xi with burning gazes.

Wang Qing smiled smugly. "Qiao Xi, you're doomed this time.. You'll definitely be fired!"

Chapter 276: Who Wants To Fire Mrs. Gu?

Qiao Xi smiled indifferently.

It was hard to say who would be kicked out of the university after this!

The vice chancellor had asked the two of them to go over together. He had not made it clear who he wanted to deal with.

Wang Qing was delighted. The vice chancellor would definitely not let Qiao Xi off this time!

She had just gone to the vice chancellor's office and saw him talking to a man. The vice chancellor had guaranteed that he would fire Qiao Xi, which was why she was so sure.

The two of them reached the door. Wang Qing knocked on it, and the vice chancellor's voice came from inside. "Come in."

Wang Qing could not help but laugh out loud. "Vice Chancellor, Qiao Xi didn't take the college entrance examination and got into the university through the back door. I think the university can't keep such a bad teacher. She has to be fired!"

The vice chancellor's body trembled with fear when he saw Qiao Xi. He did not dare provoke this figure.

He thought of President Gu's warning, and his forehead was full of sweat. He cleared his throat and said, "Wang Qing, calm down first."

"Vice Chancellor, Li City University's reputation can't be sullied. If Qiao Xi isn't fired, it'll be difficult to convince the public!" Wang Qing said loudly.

The vice chancellor nodded and wiped his sweat.

Wang Qing looked at Qiao Xi with disdain. "Who told you to bully Rou Rou and even go against me? Now, you've received your retribution! Soon, the news of you being fired will spread throughout Li City! You won't be able to raise your head again!"

Qiao Xi smiled meaningfully. She originally did not want to pay attention to this fool, but Wang Qing insisted on seeking death. Then, she shouldn't blame her for being merciless.

At this moment, the vice chancellor said, "Qiao Xi didn't take the college entrance examination..."

...

20 minutes ago.

Gu Zheng sat on the sofa and leisurely drank his tea. "Vice Chancellor, it seems your son is in the midst of discussing a collaboration between his company and Gu Corporation?"

The vice chancellor was also a smart person and immediately understood Gu Zheng's words.

He asked in a quivering voice, "President Gu, please... Please tell me how my son has offended you?"

Song Shijing's eyes darkened. "What did Young Master Lin say to you just now?"

The vice chancellor was stunned. Young Master Lin had come to report Qiao Xi for not taking the college entrance examination and getting into Li City University through the back door.

There was indeed such a practice in the university, and he had received a lot of red envelopes from others as well. However, Qiao Xi had never given him money and she had not taken the college entrance examination either. How did she become a teacher in the university?

However, since Young Master Lin had said so, the vice chancellor felt that it was better to fire Qiao Xi for the sake of the university's reputation.

He had just made up his mind when Gu Zheng walked in with his men.

The vice chancellor looked terrified. "He said that someone got into the university through the back door. President, this... This isn't important..."

"Who said it's not important?" Gu Zheng's voice was indifferent, but his eyes were icy cold.

"She... She and President Gu..."

"You should address her as 'Mrs. Gu'," Gu Zheng said in a low voice. "My wife has a gentle character, but I've always been someone who doesn't take offense. I don't want to hear any rumors that slander my wife. If my wife is sad, I might do something."

"President!" The vice chancellor was so scared that his face turned pale. His hair stood on end as he knelt on the floor with a plop.

Gu Zheng sneered. "If my wife is fired, she'll definitely be sad. If she's sad, I'll make the person who broke her heart disappear."

"P-President Gu, I really didn't know that Qiao Xi is Mrs. Gu. I-I..." The vice chancellor was so scared that he could not even finish his sentence.

"I'll investigate this matter now. I'll definitely prove Mrs. Gu's innocence. I won't fire her and won't make her sad. P-President Gu, don't worry!"

"Vice Chancellor, do you know Wang Qing?" Song Shijing asked slowly.

"Back then, how much did you charge for helping her enter Li City University?"

The vice chancellor's mind was buzzing. He stammered, "That... That was too long ago. President Gu, I promise to investigate this matter thoroughly!"

He was scared to death. Whether he could keep his position as vice chancellor was secondary. What was important was whether he could keep his life.

...

"Vice Chancellor!" Seeing that he had not said anything for so long, Wang Qing asked loudly, "When are you going to fire Qiao Xi?"

The vice chancellor came back to his senses and said, "The matter about Teacher Qiao not taking the college entrance examination does need to be explained.. I'll make the announcement now."

Chapter 277: Purely A Rumor

Qiao Xi's expression was calm. She did not care about the outcome because she knew that even if she was fired today, it would not be long before this vice chancellor begged her to come back.

On the other hand, Wang Qing was overjoyed.

Later, the vice chancellor would announce that Qiao Xi was fired. At that time, Qiao Xi's reputation in Li City University would be completely ruined. This was simply too exciting.

Wang Qing was extremely expectant and said anxiously, "Vice Chancellor, quickly announce it. The students are all waiting! We can't keep such a person who got into Li City University through the back door!"

The vice chancellor nodded meaningfully and picked up the microphone nervously.

If it were not for that God of Death suppressing him, he wouldn't be doing this. His future was completely ruined this time, and he might even have to take legal responsibility.

However, he had to, or his son and his entire family would suffer an unprecedented blow.

He took a deep breath and slowly said, "Teachers and students, Li City University's reputation can't be tainted. The university and I have carried out a strict investigation and looked through the admissions information. There are rumors about Teacher Qiao getting in through the back door..."

Wang Qing stared at him fixedly. The teachers and students of Li City University were also focused.

Everyone thought that Qiao Xi would definitely be fired. There was irrefutable evidence. How did she join Li City University if she had never taken the college entrance examination?

Wang Qing stared at the vice chancellor with anticipation, waiting anxiously for him to announce—

The vice chancellor looked nervous. He took a deep breath and said word by word, "The incident of Teacher Qiao getting in through the back door is purely a rumor!"

Rumor?

The smile on Wang Qing's face vanished abruptly, and her face was filled with disbelief.

Did the vice chancellor say something wrong?

Wang Qing's lips trembled. "Vice Chancellor, do you know what you're saying? Someone reported that Qiao Xi got in through the back door. Are you protecting her now?"

The vice chancellor ignored her and said firmly, "Ms. Qiao was specially recruited by Li City University. Although she has never taken the college entrance examination, everyone knows how capable she is. Her design ability is recognized internationally. Students, please don't spread rumors."

Wang Qing was surprised.

Qiao Xi was specially recruited?

Every year, Li City University would have a special admissions slot, but very few people could meet the requirements. They had to have international accomplishments in order to enter Li City University.

It was actually understandable for Qiao Xi to enter Li City University as Gu Shan.

Wang Qing slapped her forehead. How could she have forgotten about this?! In that case, Qiao Xi would not be fired.

“Vice Chancellor, you promised me that you would fire Qiao Xi. Why are you going back on your words now?”

Wang Qing was very agitated and asked loudly, “How much did Qiao Xi give you to make you protect her? People who use the back door have impure intentions and motives. Vice Chancellor, are you going to let down the teachers and students of the university by doing this?”

Wang Qing’s words were relayed through the broadcast and immediately caused a heated discussion.

If the vice chancellor had agreed to fire Qiao Xi, why did he suddenly go back on his words? There must be something fishy going on!

The vice chancellor turned around and glanced at Wang Qing with a serious expression. “Those who use the back door will indeed be expelled, but...”

“You’ve already said that but you still want to keep Qiao Xi? Did you accept money from her?”

“It’s just that the person who’ll be expelled isn’t Teacher Qiao, but you, Wang Qing.”

The vice chancellor’s words echoed throughout the university, making everyone gasp.

The person who would be kicked out of the university was actually Wang Qing and not Qiao Xi?

Wang Qing shouted in disbelief, “What right do you have to expel me?! Just because I offended Qiao Xi?”

Everyone was puzzled. Why did the vice chancellor suddenly want to expel Wang Qing?

Qiao Xi smiled lightly. “Wang Qing, I was the champion of the International Real-time Translation Competition for five consecutive years. I also have outstanding talent in design. It’s not strange that I was specially recruited, but you...”

Wang Qing’s expression was gloomy as she stared fixedly at Qiao Xi.

Qiao Xi continued, “But your college entrance examination score was 420. How did you get into a popular major at Li City University? Weren’t you the one who got in through the back door?”

The students looked shocked.

Li City University’s admission cut-off score had always been above 600, and the cut-off score for popular majors was ridiculously high.. If Wang Qing’s score was so low, how did she get into Li City University?

## Chapter 278: The Thief Wanted To Stop The Thief—Wang Qing Is Expelled

Wang Qing's expression was livid as she gritted her teeth and looked at Qiao Xi.

The vice chancellor slowly said, "Wang Qing, you said so yourself that those who get in through the back door have to be removed from the university. Back then, you spent three million yuan to enter the university. The university can't support this practice. I hope you can immediately register for withdrawal."

"I got into the university on my own. Did you agree to slander me after taking Qiao Xi's money?!"

At this moment, someone posted a college entrance examination report card on Li City University's forum. It clearly stated that Wang Qing had only scored 420.

The vice chancellor said helplessly, "Back then, I accepted three million from you and made an exception for you to enter the university. However, for the sake of Li City's University's reputation, I'm willing to shoulder the responsibility and admit my mistake. The people who got in through the back door must pay the price!"

Wang Qing's body trembled. Her legs went weak and she almost fell to the floor.

The students outside the vice chancellor's office were discussing. "It turns out this is a case of a thief accusing others of being a thief!"

"She kept saying that she wanted to get Qiao Xi expelled for entering through the back door, but she spent three million yuan to get in. How did she have the cheek to look for trouble with Qiao Xi?"

"The vice chancellor disregarded his future to expose this matter. It must be true!"

"Wang Qing said that someone else reported Qiao Xi but I think it's her!"

Everyone laughed at her. Wang Qing was about to faint from anger. "Lin Jie reported Qiao Xi. He's the young master of the Lin family. It has nothing to do with me!"

"Who's Lin Jie? I'm not close to him, so why would he report me?"

Qiao Xi smiled lightly. "It doesn't matter who reported me. The truth is out now. I was specially recruited. I can still be a teacher, but you're going to be expelled. Wang Qing, you left for wool but came home shorn."

"No! You can't expel me! Qiao Xi! Just you wait!"

In the end, Wang Qing was dragged out while screaming.

No one expected that after Wang Qing reported Qiao Xi, she would be expelled.

The news that she got into the university through the back door would soon spread to Li City. No university in Li City would be able to take her in anymore.

Qiao Xi slowly walked out of the office, and everyone subconsciously moved aside.

She stopped in her tracks. So it was Lin Jie who reported her?

Wang Qing was just a chess piece. The mastermind was Lin Jie, right?

After Qiao Xi finished her classes, she saw Gu Zheng's car as soon as she left the university.

Song Shiyu opened the door for her and she climbed into the driver's seat.

Gu Zheng said softly, "Wang Qing won't make you angry anymore."

Qiao Xi knew that Gu Zheng had already helped her solve this problem.

Song Shiyu muttered, "The president had already warned the Wang family long ago but Wang Qing still dared to provoke you, Young Madam. She's overestimating herself. She won't be able to stay in Li City anymore!"

Gu Zheng said casually, "Lin Jie was the one who reported it."

Qiao Xi nodded. "Yeah, I just found out too."

The man smiled. "I won't let anyone who makes you angry off, Mrs. Gu."

"What do you want to do?"

Gu Zheng said slowly, "Since he reported you, I'll let him have a taste of what it's like to be reported."

Qiao Xi was slightly curious. Could it be that Lin Jie had also done something wrong?

The car slowly stopped. Before Qiao Xi entered, she heard a voice coming from the villa.

"Mengqing, you're Ah Zheng's childhood sweetheart. She's just a toy for him. What right does she have to chase you away? She's so jealous. Could it be that she wants to chase all the women around Ah Zheng away?"

Qiao Xi stopped in her tracks. 'This person is... Lin Jie?'

Could it be that Lin Jie was talking bad about her in Longwan Residential?

Lin Jie was very angry. "Mengqing, you're too kind. You're just enduring it all. That's why that woman is so arrogant."

Yao Mengqing smiled bitterly. "I'm doing it for Ah Zheng. I don't want him to be stuck in the middle. Thinking about it, it was better when we were young. The few of us played carefreely, unlike now when meeting Ah Zheng is a luxury."

Lin Jie nodded. "That's right, so your relationship with Ah Zheng can't be replaced by any other woman. I reckon that after Ah Zheng gets bored, he'll kick her out."

Gu Zheng's expression darkened. At this moment, the butler came forward. "President, Young Master Lin and Miss Yao are here. I said that you weren't around, but they insisted on entering.. I..."

Chapter 279: I Wasn't As Childish As You Guys

The butler looked at Gu Zheng who was frowning deeply and said while trembling, "President, I'll get them to leave."

"Wait."

Gu Zheng stopped him and smiled coldly. "I also have something to ask Young Master Lin. Since he's here, I don't have to go look for him."

When Qiao Xi heard his words, she felt a chill run down her spine. Lin Jie was probably doomed!

Lin Jie and Yao Mengqing sat on the sofa like the owners of the house. They were overjoyed.

"Ah Jie, don't say that. Xi Xi will be unhappy if she hears this."

As soon as she finished speaking, Yao Mengqing raised her eyes and saw Qiao Xi, who was at the door. She cried out in surprise, "Xi Xi? You're back!"

Lin Jie looked up unhappily, his eyes filled with disgust.

Yao Mengqing quickly stood up and said somewhat uneasily, "Xi Xi, Ah Jie was just joking just now. Don't take it to heart. I just treat Ah Zheng as a friend."

"Am I wrong? You and Ah Zheng were childhood sweethearts. You even slept on the same bed when you were young. He even said that he would marry you when he grew up. Have you forgotten all this?"  
Lin Jie looked serious.

Yao Mengqing lowered her head shyly and hurriedly explained, "Xi Xi, when Ah Zheng was young, he did say that he wanted to marry me, but that's what children say. Children's words carry no harm. It was just for fun."

Qiao Xi could not help but sigh. Miss Yao's acting skills were really good.

She did not take Lin Jie's words seriously at all, but Yao Mengqing just had to repeat those things. She even looked shy. It was simply making things worse.

Was Miss Yao deliberately trying to make her jealous and angry?

Yao Mengqing pretended to be nervous. "Xi Xi, don't be angry. It's just..."

Before Qiao Xi could speak, Gu Zheng said calmly, "Yao Mengqing, you have a bad memory. The person who played around with you when you were young was Gu Yao, not me."

Yao Mengqing's expression suddenly changed.

Gu Zheng said slowly, "I wasn't as childish as you guys."

Qiao Xi knew it. How could someone like him play house with them? He even said he wanted to marry Yao Mengqing?

The corners of Yao Mengqing's mouth twitched a few times. She forced out a smile and made herself calm down. "I-it's possible that I remembered it wrong. So it was Gu Yao. That's even better. Xi Xi won't be angry anymore."

Lin Jie frowned. It was just a game when they were young, yet Gu Zheng was not sparing Meng Qing any dignity. Wasn't this too much?

He went up to Gu Zheng and said, "It's normal for one to remember things wrong if they happened so long ago. Do you have to be so unreasonable?"

"Ah Zheng, it's fine that you didn't tell us about your marriage. But why did I hear from Meng Qing that if we want to come to your house to hang out, Qiao Xi won't let us?"

Lin Jie had a look of disbelief on his face. "Ah Zheng, are you serious? We're such good friends, but we can't see each other anymore just because your wife doesn't welcome us?"

The atmosphere instantly fell silent.

The butler also became nervous. Was Young Master Lin crazy?

He ran to Longwan Residential to ask the president to choose between them in front of Young Madam?

Gu Zheng sneered, and it seemed slightly strange with the silent atmosphere. He raised his eyes to look at Qiao Xi. "What do you think?"

Qiao Xi sat on the sofa with her legs crossed and smiled lightly. "I initially wanted to save some dignity for Miss Yao, but I couldn't stop Miss Yao from being shameless enough to come over time and time again. So I'll say it clearly, you're the only one I don't welcome."

Yao Mengqing's face turned pale.

Lin Jie immediately defended her. "Qiao Xi! This is Ah Zheng's house, and we're his good friends. It doesn't matter whether you welcome us or not!"

"What Mrs. Gu means is very important," Gu Zheng said coldly, "I support everything she does."

Yao Mengqing's body went soft and she almost stopped in her tracks. Her heart was so heavy that she could not breathe.

"I... I'm not feeling well. I'm sorry."

With that, she covered her face and rushed out.

Gu Zheng's expression was calm as he held Qiao Xi's hand. "Let's go."

"Gu Zheng!" Lin Jie said in shock, "What do you mean? You know that Meng Qing likes you and only has you in her heart, yet you're still hurting her like this? Do you still treat us as friends?"

Chapter 280: The President And Young Madam Are So Sweet

Gu Zheng's eyes were cold.

Lin Jie was so angry that his whole body was trembling. "It's all because of this woman that you've distanced yourself from us. Looks like we don't have to come to Longwan Residential anymore!"

Gu Zheng said indifferently, "Very good. Please get out now."

Lin Jie must be tired of living to dare to scold Mrs. Gu in front of him.

Lin Jie was stunned on the spot, then he shouted in exasperation, "You're chasing me away because of this woman? You must have been bewitched by this vixen! Miss Qiao, what method did you use to make Ah Zheng listen to you? What a good method!"

With that, he left angrily.

Qiao Xi pouted. "I haven't settled the score with him yet but he even barked at me."

Gu Zheng said indifferently, "Ignore him. He'll definitely come again. We'll settle the score with him then."

Qiao Xi looked at him in doubt. Why was he so sure that Lin Jie would come again? Could it be that it was for Yao Mengqing?

...

In the backyard of Longwan Residential.

Lin Jie chased after Yao Mengqing and saw her sobbing softly.

"Mengqing, stop crying. It's all Qiao Xi's fault for egging Ah Zheng on to distance himself from us!"

Yao Mengqing wiped her tears. She looked pitiful, but her eyes were filled with resentment.

She had to fight back. If this went on, she would never have the chance again.

As long as Qiao Xi was around, she would forever be unable to approach Gu Zheng. Since it was like that, then she would eliminate Qiao Xi!

"Mengqing, don't be sad." Lin Jie comforted her.

Yao Mengqing wiped her tears and slowly looked up. "Ah Jie, I'm fine."

Lin Jie looked at her aggrieved appearance and felt anger surge in his heart. "Since Qiao Xi doesn't welcome us, then we won't come again! Let's go!"

Qiao Xi wanted to bully such a gentle and kind woman like Mengqing. She was too much!

"I'll remember what happened today. I'll definitely not let Qiao Xi off!"

Yao Mengqing quickly tried to persuade him. "Ah Jie, don't... Don't offend her. Ah Zheng likes her so much. If we do that, it'll only make things difficult for him. I-I can't leave Ah Zheng. I can't..."

"Moreover, it's normal for Miss Qiao to hate me. Mengqi offended her previously, and she still remembers that incident. That's why she doesn't welcome me. I understand her, so don't blame her.

"I don't want things to be so tense. Go apologize with me, Ah Jie."

Lin Jie frowned and felt very annoyed.

He had also heard about Yao Mengqi offending Qiao Xi, but it had been a long time since then. However, this woman was still unwilling to let go of the matter. She was too petty!

Gu Zheng liked that woman only because she was good-looking and was also a teacher at Li City University. If he knew that Qiao Xi was lying and was an idiot, would he still like her?

He had reported Qiao Xi for getting in through the back door but there was no update yet. Logically speaking, Qiao Xi should have already been notified about her expulsion.

Even if she was not fired, she would not be able to raise her head in Li City University anymore.

Lin Jie smirked. "Alright, let's go back."

Yao Mengqing held Lin Jie and lowered her head, revealing a sinister smile.

...

Lunch had already been prepared in Longwan Residential. It was a scrumptious feast.

Gu Zheng bent down and kissed Qiao Xi lightly on the lips. The butler saw this and smiled widely. "The president is even kissing Young Madam before dinner. How loving!"

Gu Zheng's expression was calm as he smiled lightly. "Yes, we're very loving."

However, Qiao Xi was so shy that her face turned red.

She and Gu Zheng were not kissing because of their affection for each other. She had to recover her taste buds before eating. Perhaps Gu Zheng could not be bothered to explain.

The butler picked up some food for Qiao Xi with a pair of chopsticks. "Young Madam, try this dish and see how it tastes. These dishes are all very healthy, and they're all prepared according to the standards of preparing to conceive."

Qiao Xi: "..."

The butler sure knew a lot. He even knew how to prepare dishes for conceiving?

After the butler left, Qiao Xi began to be picky with her food. She picked up all the dishes that she did not like and gave them to Gu Zheng. "I'm not eating this. Take them all!"

The man lowered his head to look at the dishes in the bowl with a calm expression. He slowly picked up his chopsticks and placed the food in his mouth.

Qiao Xi had always done this. She would give whatever food she did not like to Gu Zheng.

However, when she was putting food into Gu Zheng's bowl, Yao Mengqing happened to come in.
