

Lady gu 391

Chapter 391: Another Secret

“Something’s not right here...”

Someone said in confusion, “Since Eldest Miss Lu’s death is related to Huang Lilan, why are Huang Lilan and Mr. Lu so close? Moreover, the Lu family is also very enthusiastic about Huang Lilan.”

“That’s right! Huang Lilan is a mistress and the murderer who caused Eldest Miss Lu’s death. If it weren’t for her bringing her illegitimate child into the house, Eldest Miss Lu wouldn’t have died of depression. Now, the Lu family keeps talking about Eldest Miss Lu, but they’re talking and laughing with her murderer?”

Everyone’s expressions were gloomy and indignant.

Eldest Miss Lu only committed suicide because of Gu Weiming.

Now, it was fine if the Lu family forgave Gu Weiming for Lu Yan’s sake as he was his biological father, but how could they forgive Huang Lilan, the mistress?

Wouldn’t Eldest Miss Lu have died in vain?

Huang Lilan took a few steps back in horror. Tears welled up in her eyes, and she looked very aggrieved.

“Actually, there’s another secret,” Lu Xiang said calmly. She picked up the microphone, and her voice was filled with helplessness.

“Back then, Madam Gu and Brother-in-law accidentally had Ah Zheng. However, Madam Gu knew that Brother-in-law had a family, so she didn’t want to ruin his family. She was prepared to leave with the child, but...”

Lu Xiang paused for a moment and looked at Gu Zheng sarcastically. “However, when Gu Zheng found out that he was the young master of the Gu family, he secretly ran to the Gu family and accidentally found out about the hospital my sister was in. He caused a scene in the hospital and forced my sister to suffer from depression.

“At that time, my father, my brother-in-law, and I all saw it. Madam Gu cried and complained about that child, but that child was like a demon. He forced my sister and my brother-in-law to admit his identity. He even wanted to be the heir of the Gu family.

“My sister was already seriously ill to begin with, and it was because of him that she ended up committing suicide.”

Lu Xiang’s eyes were filled with sorrow as she looked at Gu Zheng. “President Gu, my sister’s death was caused by you. Do you think you’re qualified to be the heir? That’s a life that you took! What right do you have to compete with Ah Yan?

“You’re really a demon!”

Boom!!!

Everyone even forgot to breathe as they looked at Gu Zheng in shock. Their eyes were filled with disbelief.

The next second...

Clap! Clap!

Gu Zheng clapped under everyone's burning gaze. His eyes were slightly cold and filled with mockery. He asked slowly, "Second Miss Lu, are you done?"

Lu Xiang looked at him hatefully.

Gu Zheng said indifferently, "You can continue."

Everyone gasped. Could it be that there was another secret?

She had exposed President Gu's ugly secret in public but instead of stopping her, he was letting her continue?

Lu Xiang did not expect Gu Zheng to be so calm and collected. Immediately after, she revealed a pained expression and complained, "Gu Zheng! Back then, you caused my sister's death, causing her to die of depression. However, you don't have a trace of regret toward the Lu family. You're really..."

Lu Xiang stretched out her finger and trembled from anger.

Originally, it was just about the ownership of the inheritance. But now, they were talking about what had happened 20 years ago. Everyone got to watch a good show here today!

All these years, everyone thought that Eldest Miss Lu committed suicide because of Huang Lilan's appearance and her depression. They thought everything happened because of Huang Lilan.

Who would have thought that Lu Xiang would expose the truth at this time? It turned out that Eldest Miss Lu committed suicide because of President Gu?

Huang Lilan was not a mistress. In order to not ruin someone else's family, she even wanted to leave this city?

Back then, President Gu was only six years old. In order to be the young master of the Gu family, he caused a scene in front of Gu Weiming and Lu Qingyun, forcing Gu Weiming to admit his identity? This was too scary!

Gu Zheng opened his cold eyes and smiled meaningfully.

"Madam Jiang, are you saying that the Lu family saw that scene with their own eyes?"

Although Lu Xiang was married to President Jiang, their relationship had always been poor. They didn't even appear in public anymore. Back then, she was so proud that she stole Lu Qingyun's fiancée. Now, she was so regretful and angry.

Everyone knew this very well, so they never called her 'Madam Jiang' or 'Second Miss Lu.' Gu Zheng's words hit Lu Xiang's weak spot.

Lu Xiang gritted her teeth in hatred. "Of course, we all saw it. At that time, my father and I were accompanying my sister in the hospital. If you hadn't suddenly barged in and brought a few reporters with you to deliberately anger my sister, how could my sister's old illness have relapsed?"

Chapter 392: The Truth?

Lu Xiang cried and shouted, "Those reporters said that since my sister couldn't help the Gu family flourish and it looked like she wouldn't be able to live for long, she should quickly give up her position to someone else. They even said that since Chairman Gu already had a six-year-old son, Chairman Gu would bring his son home sooner or later!

"But my sister was the first wife of the Gu family! You're just an illegitimate child, yet you brought a group of unscrupulous reporters to force my sister to give up her position! You're so vicious!

Everyone frowned and pitied Eldest Miss Lu.

They imagined the scene of Eldest Miss Lu being seriously ill and hospitalized, only for a group of people to suddenly rush in one day and scold her for not being able to have children. Those people even wanted to force her to give up her position. No woman could calm down.

Huang Lilan hypocritically squeezed out a few tears. "Actually, I've always been unwilling to say it. I'd rather be the scapegoat for the rest of my life, but Ah Zheng, you can't be so willful anymore. How can you compete with Ah Yan for the position of the heir? You've already caused the death of his biological mother, yet you still want to snatch his identity as the heir? Ah Zheng, you can't be so greedy!"

Gu Weiming accused loudly, "Gu Zheng, the Lu family didn't pursue the matter because of your mother. Don't you know how much harm you've caused the Lu family and your mother?"

"If you weren't so greedy, this tragedy wouldn't have happened."

The guests were all very regretful. "Eldest Miss Lu was really too pitiful. If this

matter was really caused by President Gu, he indeed shouldn't be fighting for the position of the heir.

"Although Eldest Miss Lu committed suicide, President Gu indirectly caused her death. He was only six years old back then! He was already so vicious when he was young. It's too scary. President Gu should apologize to the Lu family"

Gu Weiming and Huang Lilan's supporters berated him.

"That's right, you should apologize! You have to apologize to everyone you've hurt

"Madam Gu has been criticized for so many years for you. As a mother, she has already done her best. You should be responsible for your mistake!"

At this moment, Eldest Miss Lu and Huang Lilan were both pitiful in the eyes of everyone else. Huang Lilan had never thought of destroying someone else's family. It was all an accident. The culprit was Gu Zheng. He was too greedy and caused a tragedy.

After the incident happened, Huang Lilan could not bear to see her child be scolded. Hence, she tacitly admitted that she was a mistress and was misunderstood for 20 years.

Old Master Lu sighed helplessly. "Back then, I thought that your mother instigated you to do that. Because you were young and insensible, I didn't blame you. But I didn't expect you to be so savage."

Lu Xiang choked. "President Gu, you're so powerful now and our Lu family don't dare to offend you. However, no matter what, I have to tell the truth today!

Gu Zheng sneered and said casually, "The truth?"

Lu Xiang retorted, "What do you mean? Am I not telling the truth? If it weren't for Ah Yan, we would never have said anything about this. You're indeed going overboard

Gu Zheng slowly looked up and glanced at Lu Xiang sarcastically. He did not even bother talking to the woman in front of him.

Old Master Lu's heart skipped a beat. He knew that Gu Zheng was not a kind person. Otherwise, he would not have achieved his current accomplishments by himself. Could it be that he had evidence?

old Master Lu's tone softened a little. "Ah Zheng, I know you're uncomfortable about having the inheritance suddenly taken away from you, but you made a mistake back then and caused Ah Yan to lose his biological mother. You can't deny this.

"I won't bicker about the past. I just want my dead daughter to be able to smile in the afterlife. There's no doubt about Lu Yan's identity. He has to return to the Gu family and become the heir.

Hearing his words, the corners of Gu Zheng's mouth curled up again.

Qjao Xi could not help but say, "Old Master Lu, Ah Zheng and Madam Jiang are discussing the past. Ah Zheng has never doubted Lu Yan's identity!"

Qjao Xi smiled meaningfully. "Ah Zheng didn't suspect a single thing. Why are you in such a rush to explain? Could it be that you're guilty, or is there something wrong with Lu Yan's identity?"

Everyone immediately reacted.

Yes! President Gu had not said much all this while. He had never expressed his doubt about Lu Yan's identity..

Chapter 393: Wanting To Cover Up The Incident

Old Master Lu was indeed acting very strange. Why was he so anxious to explain that Lu Yan was Lu Qingyun's child?

It sounded like he was trying to hide something!

Lu Xiang's face was pale. Her father was too rash. She hurriedly interrupted, "Gu Zheng, my father doesn't mean anything else. He's just afraid that you'll make an issue out of Ah Yan's identity because you definitely won't admit that you previously hurt my sister."

Qjao Xi blinked and put on an innocent expression. "Madam Jiang, why should

he admit something that he has never done?

“Who do you think you are? Do you have the right to speak?”

Qjao Xi was extremely surprised. “I’m Ah Zheng’s wife, so why don’t I have the right to speak? The Lu family is really overbearing. They don’t even let me speak. Are they guilty of something?!”

“You..” Lu Xiang was instantly speechless. She was so angry that her whole body was trembling

Gu Zheng waved his hand indifferently. “Madam Jiang, your performance is over. I’ve already lost interest.”

Suddenly, the bodyguards in the banquet hall stood up abruptly and surrounded the entire banquet hall

The Lu family and Gu Weiming were flustered. “Gu Zheng, what are you doing?”

The door of the hall closed tightly, and the atmosphere instantly became tense.

Gu Zheng sat on the chair casually, but the aura he exuded made everyone feel unprecedentedly oppressed.

The man’s thin lips moved slightly. “Unraveling the truth”

Gu Zheng, what do you mean? I knew it. You’re unwilling to admit what you did in the past, huh? Do you think my father and I would joke about my sister’s death? The Lu and Gu families have not been in contact for so many years because of my sister. Do you think we’d lie?

Lu Xiang explained in a panic. She did not believe that Gu Zheng could produce any evidence.

Gu Zheng knocked on the chair with his long fingers and raised an eyebrow.

“Are you that confident, Madam Jiang?”

Lu Xiang gritted her teeth, and her eyes were filled with viciousness. No matter what, she had to let Gu Zheng bear the crime of indirectly killing Lu Qingyun today.

She wanted to see with her own eyes Lu Qingyun’s son being forced to give up

his position and apologizing to the mistress' family. Nothing could make her happier than this.

Even though that b*tch, Lu Qingyun, was dead, it could not offset the hatred in her heart. She wanted Lu Qingyun's son to suffer endless pain too.

"Heh.

A moment later, Gu Zheng sneered and said in a low voice, "Madam Jiang, do you really think I don't have any evidence?"

Lu Xiang's expression froze. She calmed down and retorted, "What evidence? With your current status and power, it's too easy for you to fabricate evidence. As long as you say a word, someone will testify for you and even take the blame for you!"

"You must be thinking of saying that the doctors and nurses in the hospital can testify for you and say that you didn't hurt my sister.

"But everyone, think about it carefully. He's Gu Zheng!"

Lu Xiang pointed at Gu Zheng and said righteously, "He's the richest man in Li City. He's the master of Li City. He has power and influence! If he wants to fabricate evidence, he just needs to spend money to get a few people to come over, then this matter will be resolved. Not to mention a few doctors and nurses, he can even bribe the entire hospital!"

Lu Xiang's face was filled with anger, but her heart was filled with smugness.

"You must have bribed people to testify for you and slander us. You're a rich and powerful person, so naturally, many people will be at your beck and call! Am I right?!"

Lu Xiang's reprimand enlightened everyone. Their eyes were filled with disdain when they looked at Gu Zheng.

Second Miss Lu was right. 20 years had passed and the Lu family had not said anything. There was no need for them to fabricate the truth now. If Gu Zheng wanted a witness, it would only take him a word.

In comparison, the Lu family's words were more believable. President Gu

seemed to be quibbling after saying too much.

Gu Zheng looked up and glanced at her disdainfully as if he had already expected this. It was as if he was looking at a clown. He said indifferently, "Madam Jiang, you're too naive. I don't necessarily need to get witnesses to prove something. There are other ways to get evidence."

Lu Xiang's face was pale.

Huang Lilan also looked terrified. No way... No one saw her when she went to the hospital to agitate Lu Qingyun. It was impossible that she had left any evidence behind. The surveillance footage in the ward had also been deleted...

Chapter 394: What Else Can I Say If You're Trying To

Accuse Me?

It was impossible for Gu Zheng to have evidence. Even if he had power and influence, he could not find the surveillance footage that had been deleted.

Huang Lilan calmed down, and her eyes were filled with tears.

"Ah Zheng, it's already come to this point, yet you're still unwilling to admit your mistake? It's my fault. I didn't educate you well. You caused Eldest Miss Lu's death, and the Lu family didn't pursue the matter. I only hope that you won't compete with Lu Yan anymore. Why won't you listen? Why do you have to.."

Gu Zheng sneered and slowly stood up. There was a thick air of dignity around him that made one shiver.

He narrowed his eyes and glanced at Lu Xiang and Huang Lilan with disdain.

Then, the corners of his mouth curled up as he nodded. "That's right. I can't use witnesses to be my evidence.

"Hence, I don't have witnesses as my evidence."

With that, Gu Zheng waved his hand behind him.

Song Shijing walked out from behind the bodyguard and said respectfully,

"President."

Lu Xiang saw the USB drive in Song Shijing's hand and her heart jumped.

Gu Zheng curled his lips. "Lu Xiang, Huang Lilan... Guess what's inside?"

Gu Zheng curled his lips. "Lu Xiang, Huang Lilan. Guess what's inside?"

Huang Lilan took a step back. "It's just a USB drive Gu Zheng, did you fake an audio recording? I'm your biological mother, so I won't harm you. Don't put up a fight anymore!"

Lu Xiang hurriedly chimed in, That's right, Gu Zheng! It's useless for you to forge evidence. You have power and influence. This kind of thing isn't difficult for you.

Song Shijing ignored the crowd and went backstage of the banquet hall with the USB drive.

Gu Zheng raised an eyebrow. "You two are wrong. It's not an audio recording"

Huang Lilan's expression softened a little. "Ah Zheng, as long as you apologize, the Lu family will forgive you. I've already been bearing the blame for you for so long, so you should bear it yourself now. The Lu family already knows the truth, so what's the point of hiding it?"

"You're the richest man in the country now. You have power and influence. Even if the matter is exposed, no one will say anything. How would they dare to offend you? This won't affect your career at all"

Huang Lilan tried hard to persuade him before squeezing out a few hypocritical tears.

Gu Weiming also said, "Ah Zheng, you've already grown up. What right do you have to make your mother bear the infamy for you? Ever since your mother entered the family, she has been called a mistress. It's time for her to clear her name."

"You're now powerful. It doesn't matter if you have some dirt on you."

"But Lilan." Gu Weiming frowned. "She doesn't have any shares or status."

We're the only ones who have been criticized by others for the past 20 years.

Can you bear to see her be despised by others for the rest of her life? As long as

you admit to this incident, your mother will be innocent.

“Lu Yan has already acknowledged his ancestors, while Lilan and Lu Yan have a good relationship. The Lu family won’t bicker with you about the past on the account of your mother as long as you apologize and give up your position as the heir. But you still won’t agree? What else do you want?”

Qjao Xi was angered to the point of laughing. If Gu Zheng had really done what they claimed, then it was understandable for him to admit it, but they were clearly framing him.

From the perspective of the Gu family, Gu Zheng was in a high position and had great authority. It would not matter even if he had a stain on his reputation. However, it was different for Huang Lilan. She had no authority or power, so she could not bear such a crime. Why could Gu Zheng not take the blame for his biological mother?

However, was that b*tch Huang Lilan worthy of being Gu Zheng’s biological mother?

Huang Lilan continued, “Ah Zheng, be good. Are you trying to force me to my death?”

“Madam Gu, why aren’t you letting Ah Zheng take out the evidence? Why do you have to make him admit to something he didn’t do?”

At this moment, Qjao Xi’s aura was fully released as she slowly walked up the stage.

She raised her head high and observed Gu Weiming’s and Huang Lilan’s vicious faces. “You’re pushing all the blame to Ah Zheng. Do you still have any shame?”

“Shut up! You don’t have the right to speak here!” Old Master Lu fiercely slammed the table and pointed at Qjao Xi as he cursed. Gu Zheng was about to cave into the pressure and confess, yet this b*tch appeared!

Qjao Xi was not angry when she heard this, and she smiled indifferently. “Old Master Lu, what’s the rush?! Are you not letting me speak because you’re feeling guilty about something?”

Lu Xiang's expression changed. "Qjao Xi, this isn't a place for you to speak. You're Gu Zheng's wife, so of course, you have to protect him and defend him.. There's no meaning to your actions!"

Chapter 395: Surveillance Footage From 20 Years Ago

"I want to protect Gu Zheng." Qjao Xi was frank.

Huang Lilan gritted her teeth. "You don't have evidence, so what you say doesn't count!"

Qjao Xi smiled meaningfully. "Madam Gu, there's indeed no audio recording in our hands, but we have the surveillance footage. I think you would recall something at the mention of this!"

Huang Lilan's heart skipped a beat as she subconsciously looked at Old Master Lu.

Impossible!

How could Gu Zheng have the surveillance footage? At that time, the Lu family had already sent someone to delete it. They even found a top hacker to delete

1. It was guaranteed that it could never be restored.

That person was a top figure in the Dark Net Organization. At that time, he promised that only the hacker Mo Yuan had the ability to recover the footage.

No one else but him had the ability to do so.

However, Mo Yuan was a mysterious figure who was hard to reach out to. Even if one had money, they would not be able to hire him.

Moreover, she heard that Mo Yuan and Gu Zheng had a grudge against each other and they lost contact. It was impossible for Mo Yuan to help Gu Zheng recover the surveillance footage.

This was impossible! Everything was fake!

Qjao Xi was definitely scaring her. How could the surveillance footage be restored? This was Gu Zheng's usual method of destroying his opponents psychological defenses so that they would expose themselves.

Huang Lilan heaved a sigh of relief.

What was there to be afraid of? It was all a cover! If Gu Zheng really had evidence, he would have taken it out a long time ago. Why did he have to wait until now? He was clearly bluffing so that everyone would believe that he was wronged.

On the other side, Song Shijing had arrived backstage.

Huang Lilan was sure that Gu Zheng did not have any evidence, so she pretended to be sad and continued acting. “Ah Zheng, how did you become like this? It’s my fault. I shouldn’t have taken the blame for you, causing you to be so irresponsible!”

Everyone whispered, “I heard that Madam Gu doesn’t like her son very much and has always scolded President Gu. A mistress is indeed vicious. Even a vicious tiger won’t eat its cubs, but she treats her son so cruelly.”

“But is there a possibility that President Gu was too naughty and mischievous when he was young, so that’s why Huang Lilan treated him that way? She didn’t want him to go astray, so she beat and scolded him to warn him?”

President Gu made use of reporters to provoke Eldest Miss Lu when he was just six years old. He even forced Chairman Gu to admit his identity. Such a child was too scary.

Song Shijing had already inserted the USB drive, and the big screen suddenly lit up.

Huang Lilan and the Lu family were standing on stage with their backs facing the big screen, so they did not see the contents of the video.

Huang Lilan’s eyes were filled with tears. “Ah Zheng, everyone already knows about what happened in the past. Don’t keep putting up a fight. It’s useless. Apologize and admit your mistake at once. It’s a good thing for you too. You”

“Look!” A surprised shout from below the stage interrupted Huang Lilan’s words.

The entire banquet hall erupted.

This must be the surveillance footage!”

“Look, there’s the time stamp up there! Is this.. the surveillance footage from 20 years ago? Is this the hospital?”

A ward was indeed shown on the video. Although the image was a little blurry, one could still clearly see human faces and hear voices.

Lu Qingyun was the eldest daughter of the Lu family and the first wife in the Gu family. Hence, when she was hospitalized, the Lu family had arranged the most luxurious ward for her. It had a full set of facilities, and the surveillance cameras were also of the latest model of that time.

However, why were there surveillance cameras in the ward? The hospital did not have the right to install surveillance cameras in the ward to monitor patients. This did not make sense.

However, everyone did not care about this because someone appeared on the screen right at that moment.

Huang Lilan!

At this moment, Huang Lilan, who was on the stage, did not understand what was going on. She was still crying aggrievedly and leaning against Gu Weiming weakly, complaining about how unfilial and selfish Gu Zheng was.

However, the Huang Lilan in the surveillance footage appeared arrogant. She walked straight to Eldest Miss Lu’s bed and slammed a few sheets of paper on her face

On the stage, Huang Lilan was still looking at Gu Zheng and begging, “Ah Zheng, admit your mistake! I know you hate me and blame me for always hitting and scolding you when you were young. However, I only hit and scolded you when you did something wrong. You killed Eldest Miss Lu but you never regretted it. That’s why I’m punishing you!

“I’m a woman too. When I think of Eldest Miss Lu’s death, I feel heartbroken

“Lu Qingyun! You b*tch! You’re about to die, so why don’t you just divorce Weiming?! If you can’t have children, what’s the point of occupying the

position as Madam Gu?

Chapter 396: Are You Worthy Of Gu Zheng's Filial Piety?

The woman's roar sounded from the surveillance cameras and interrupted Huang Lilan's hypocritical performance.

Why did this voice sound so familiar

Huang Lilan immediately swallowed the words in her throat and suddenly turned around. When she saw the scene in the video, her face turned pale. Everyone looked up and was equally dumbfounded.

"Lu Qingyun, you're about to die. You won't have the chance to have children anymore. If the Gu family doesn't have an heir in the future, you'll become the greatest sinner!

"You useless woman! You can't help the Gu family, but I'm better than you. I have an outstanding son. It's because of you that he can't acknowledge his ancestors. I advise you to be sensible. I'm the one Weiming likes. Hurry up and die. Give me the position of Madam Gu!

These words were like knives stabbed deeply into Lu Qingyun's heart.

Everyone stared at the surveillance footage. The woman's face was pale, and her beautiful face was filled with sorrow. Everyone's hearts ached when they saw this.

In the surveillance footage, a group of reporters suddenly rushed in with microphones and cameras aimed at the seriously ill woman.

Eldest Miss Lu, will you give up your position to Madam Huang?

I heard that you and Mr. Gu are in a business marriage and your relationship isn't genuine. Now that Mr. Gu has found his true love, can you fulfill their wish to be together?

"Madam Huang has already given birth to Mr. Gu's child. The child is innocent. If the child can't acknowledge his ancestors, he'll have to wander outside for the rest of his life. Eldest Miss Lu, you should at least think about the child, right?

At first, everyone was still worried about Lu Qingyun's serious illness.

However, later on, they increasingly went overboard as they continued to accuse Lu Qingyun of breaking up the unlucky couple. She could not even give birth to a child herself yet wanted to occupy the position of Madam Gu.

After the reporters left, Huang Lilan crossed her arms and said arrogantly, "Lu Qingyun, whether you give way or not, the position of Madam Gu is mine! I even want to snatch your son away and make him suffer in my hands. You btch! Hurry up and die

The last sentence caused the sick Lu Qingyun to break down completely!

At this moment, Huang Lilan's face was pale and her body was trembling.

How could Gu Zheng have the surveillance footage? The hacker the Lu family found back then said that only Mo Yuan could recover it. It was impossible for others to do it. Wait..

Now was not the time to think about this. It was time to explain herself.

Huang Lilan's psychological defense completely collapsed. She screamed crazily, "No! It's not true! I didn't do it!

She glared fiercely at Gu Zheng and shouted, "Gu Zheng! To protect yourself, you actually fabricated a video to frame your biological mother! You unfilial son!"

"Unfilial? Qjao Xi raised her eyebrows. "Madam Gu, do you think you're worthy of Gu Zheng's filial piety?

Everyone gasped.

Qjao Xi sneered. "Madam Gu has been hitting and scolding Ah Zheng since he was young. She even often locked him in a small dark room and refused to give him food or water. Are you worthy of Gu Zheng's piety, Madam Gu? Which biological mother would abuse her biological son like this?

"Madam Gu, when it comes to forgery, I have some opinions on that."

Qjao Xi's expression was calm. "Eldest Miss Lu has been dead for 20 years.

There's even a time stamp on the surveillance footage. These reporters can also

look into it. Even high-end technology won't be able to produce such realistic surveillance footage.

"You'll probably say that it's all edited. That's possible, but the words said match your mouth movements in the footage exactly. Moreover, your actions at that time were clearly a provocation."

Qiao Xi's words directly destroyed all of Madam Gu's excuses.

Huang Lilan was stunned on the spot and felt weak all over

No! There must be another excuse!

"You've misunderstood. That's not what I meant."

Huang Lilan thought for a long time and gritted her teeth. She braced herself and said, "I did it all for Ah Zheng. It was Ah Zheng who asked me to do that. He used his life to threaten me and said that if I didn't do that, he didn't want to live anymore. I was put in a very difficult position back then. I couldn't bear to hurt Eldest Miss Lu, but I also couldn't watch my son die. That's why I rushed to the ward and said those words to Eldest Miss Lu!

Huang Lilan cried aggrievedly. I was forced to do it! Ah Zheng, you were the one who said that Eldest Miss Lu sent someone to hurt you. I couldn't take it lying down either, so I said those words. Why is everyone blaming me now?

Chapter 397: You Promised Me That You Wouldn't Die

Everyone's eyes were filled with confusion.

Lu Xiang's face darkened as she hurriedly explained, "Madam Gu, you have a point. So many years have passed—"

"There's another video!"

Someone shouted, and everyone's eyes landed on the big screen again. "This? The person in the video is President Gu when he was six years old?"

Everyone felt as though their eyes were burning.

The child who slowly walked into the ward was Gu Zheng. He was so calm.

'What was Gu Zheng doing in Eldest Miss Lu's ward? Was it really as Huang Lilan had said? Did he want to hurt Eldest Miss Lu?

However, Eldest Miss Lu, was not against his arrival. She struggled to sit up and said gently, “Ah Zheng, you’re here.”

Gu Zheng was small, but his eyes were filled with deep sorrow.

In the years before, he had been living with Huang Lilan. After enduring Huang Lilan’s beatings, scoldings, and destruction, he had already lost his childlike nature and developed a cold and heartless character.

However, in front of Lu Qingyun, he was a little flustered and at a loss. His eyes were filled with worry. “They said you’re sick. Is it serious?”

Lu Qingyun’s gray eyes were a little more colorful. “Good child, did you come to see me because you learned that I was sick?”

The young Gu Zheng lowered his eyes. “I heard that... my mother made you angry. They even said you were going to die.”

Lu Qingyun’s eyes were red. She said gently, “Good child, come to me.”

Gu Zheng walked to the bed obediently. Lu Qingyun struggled to get up and opened her arms to hug him. “This has nothing to do with you. Good child, I don’t know why I feel so close to you when I see you. Don’t always show a cold expression, okay? Smile more, alright?”

‘These words instantly made the young Gu Zheng’s eyes turn red. The usually cold and heartless child suddenly choked. “You... Can you not die...”

Lu Qingyun was silent for a while, her eyes filled with loneliness. She held back her tears and gently rubbed his little face. She smiled sadly. “Alright, I’ll try my best to live.”

The scene changed. Ten days later, Lu Qingyun’s body was lying on the hospital bed. It was already stiff, but her face was still so beautiful.

Gu Zheng was curled up in a corner, biting his fingers and sobbing softly. His tears kept flowing, but he was the only one crying in the ward. Everyone else was laughing, and his mother, Huang Lilan, was laughing especially hard.

After everyone left, Gu Zheng leaned forward and hugged Lu Qingyun’s cold body. He held her hand tightly. “You promised me that you wouldn’t die. You lied to me...”

Looking at the surveillance footage, Qiao Xi’s eyes turned red while her heart ached. She felt as if something bitter was about to surge out of her throat.

This scene also moved the guests present. Those noblewomen shed tears.

“How unexpected. President Gu and Eldest Miss Lu actually had such a deep relationship.”

“Eldest Miss Lu was already diagnosed with depression then and had to endure the torture it brought upon her. However, she was so gentle when facing President Gu. It’s obvious that Eldest Miss Lu liked President Gu a lot!”

“The surveillance footage can’t be faked. Huang Lilan clearly ran to the hospital to agitate Eldest Miss Lu, but she pushed all the responsibility to President Gu! She didn’t hesitate to sacrifice her son to clear her name!”

Everyone stared at Huang Lilan in disdain.

“Why is Huang Lilan still pretending?! She was the one who found those reporters. If she hadn’t gone to the hospital to agitate Eldest Miss Lu, she wouldn’t have died!”

“She was the one who went to agitate Eldest Miss Lu first! She was the one who caused Miss Lu’s death, but she pushed the blame to her son! How can there be such a disgusting woman?!”

“She even said that she beat and scolded President Gu because he caused the death of Eldest Miss Lu, but she was clearly the one responsible for Eldest Miss Lu’s death. Doesn’t Huang Lilan know that? If she really wanted to atone for her sins, she would have killed herself to apologize to Eldest Miss Lu in the afterlife!”

Everyone cursed her.

Huang Lilan’s body went soft and she almost fell to the floor. She looked at them in horror while shouting crazily, “The video is fake! Gu Zheng is framing me!”

“Madam Gu, the evidence is right in front of you. Are you still going to deny it?”

“Old Master Lu, Second Miss Lu, now that the truth is out, shouldn’t you apologize as well?”

Chapter 398: The Surveillance Camera Was Installed By Eldest Miss Lu Herself

Apologize to Gu Zheng?

Old Master Lu’s expression changed. He was an elder. How could he apologize to a junior?

Before the Lu family could speak, the people below the stage were indignant. “Why would Old Master Lu apologize? The Lu family and Huang Lilan are clearly in cahoots. They conspired to kill Eldest Miss Lu, which is why they’re so close. Maybe the Lu family let Huang Lilan kill Eldest Miss Lu!”

Old Master Lu widened his eyes abruptly and retorted, “Nonsense! How could I harm my own daughter?”

“Then tell me, where was the Lu family when Huang Lilan broke into the ward with the reporters?”

The person said word by word, “Don’t tell me that you weren’t there at that time. According to what I know, Eldest Miss Lu was in Li City’s most luxurious private hospital. There would be dozens of security guards at the entrance of the hospital and more security guards patrolling outside the ward. How could they have let these people in?”

“However, not only did Huang Lilan manage to barge in but she also brought a group of reporters to agitate Eldest Miss Lu. Eldest Miss Lu was so angry that she became severely depressed. Even so, the Lu family did not appear and no one came to stop them either?”

“That’s right! Miss Lu Xiang, didn’t you say that when President Gu provoked Eldest Miss Lu, you all saw it with your own eyes? However, President Gu and Eldest Miss Lu were clearly very close, so you’re all lying! That’s why we have reason to suspect that Eldest Miss Lu’s death was caused by all of you!”

“Otherwise, why are you so close to a mistress? And why did you malign President Gu?”

Old Master Lu’s expression darkened as he clenched his fists.

Lu Xiang’s body trembled. She could not explain herself and could only cry out, “Gu Zheng! You’re framing us! This is all fake! You’re simply too sinister!”

“So what if he appeared in the footage? It’s fake! He’s so rich. He must have found some top technical personnel to fake the surveillance footage!”

Lu Xiang gritted her teeth and shouted, “My sister was killed by you! Gu Zheng, you devil!”

Old Master Lu knew that the Lu family was already in the middle of the storm. He absolutely could not admit to this matter and could only bite the bullet to retort. Moreover, Huang Lilan was on the same boat as them. They had to speak up for Huang Lilan and deal with Gu Zheng together. If Huang Lilan could get rid of this scourge, Gu Zheng, it would definitely be a great thing for the Lu family.

Old Master Lu sneered. “I never installed any surveillance cameras in the ward, so where did this surveillance footage come from? Gu Zheng, you faked this, right? Otherwise, why don’t you tell me where the surveillance footage came from?”

“Surveillance cameras are not allowed in hospital wards. How could our Lu family allow others to install a surveillance camera in my daughter’s ward? Hence, the footage is all fake!”

The atmosphere instantly became serious.

Everyone was also confused. The videos they saw just now did not look like they were fake, but Old Master Lu insisted that there were no surveillance cameras installed in the ward. Who was telling the truth?

“Old Master Lu, the truth is that you don’t care about your daughter.”

Gu Zheng smirked, his eyes filled with mockery. “Old Master Lu, you don’t know the story behind this surveillance camera?”

Everyone widened their eyes and waited anxiously for Gu Zheng to continue.

Who was the one who installed this surveillance camera? Was it the Lu family or the Gu family?

Or.

Unexpectedly, Gu Zheng said slowly, “Eldest Miss Lu installed it herself.”

‘What? Lu Qingyun installed it?’

Lu Qingyun was a seriously ill woman. Why would she install a surveillance camera in the ward?

“Unfortunately, the surveillance camera broke the day before she died, so her death was not recorded.”

Old Master Lu gasped, his eyelids trembling.

“From the surveillance footage, we can clearly see that Second Miss Lu and Eldest Miss Lu were not on good terms. Old Master Lu never appeared even once when his daughter was seriously ill and about to die.”

“L really don’t understand why the Lu family keeps saying that they love Eldest Miss Lu. If they really cared about her, why didn’t they come to visit her? Where was the Lu family when she was bullied?”

Old Master Lu's face darkened. He refused to be outdone. "What right do you have to say that the surveillance footage was installed by Qingyun? Do you have evidence?"

Gu Zheng's long fingers tapped on the table, then he pointed to the bottom of the video. There was an inconspicuous name on it. "That! Is that evidence enough for you?"

Chapter 399: Mo Yuan Is The Evidence

Everyone stared.

Mo Yuan?

Gu Zheng's voice was low. "Everyone can see it. This is the surveillance footage that Mo Yuan recovered. I also have the video of Eldest Miss Lu buying the surveillance camera. Do I need to show it to everyone? Old Master Lu, what other evidence do you want?"

Everyone was shocked.

Mo Yuan!

Rumor had it that he was a top hacker and would not easily investigate things on behalf of others. No matter how much money one gave him, it was impossible to bribe him. Unless he was willing, no one could force him. Most importantly, he would never fake a video.

Back then, there was a rich man who asked Mo Yuan for help in falsifying evidence. He had already offered Mo Yuan a price of 100 million yuan, but Mo Yuan did not even bother to reply to him with a punctuation mark. The other party continued to increase the price, causing Mo Yuan to directly acquire the other party's company.

From then on, Mo Yuan's name resounded throughout the world.

A man who could not be bribed with money had produced such powerful evidence this time. It was enough to prove the authenticity of the evidence.

The corners of Old Master Lu's mouth twitched.

Everyone nodded. If it was really Mo Yuan, then everything must be real.

Gu Zheng smiled meaningfully. He held a glass of red wine in his hand as he took a sip. He said casually, "If you think there's not enough evidence, Old Master Lu, I still have a lot. I can show them all to you.

"However, on the account that you're Eldest Miss Lu's father, I'll save some dignity for you. I don't want to go too far either. If we take out all the evidence, the Lu family might not even have the face to live anymore. What do you think?"

Old Master Lu glared fiercely at Gu Zheng. He gritted his teeth and finally swallowed his anger.

Gu Zheng was the same as Lu Qingyun. They were both crazy!

Everyone could also see the look of embarrassment and restraint on Old Master Lu's face. After President Gu took out the evidence Mo Yuan gave, no one in the Lu family dared to retort anymore.

This meant that President Gu's evidence was real.

Qiao Xi said in a timely manner, "Actually, Old Master Lu and Miss Lu Xiang didn't really like Miss Lu Qingyun. I heard that Lu Xiang and Eldest Miss Lu are half-sisters. Miss Lu Xiang and Huang Lilan are so close because..."

What was it? Suddenly, everyone came to a realization!

"Remember now. Back then, Eldest Miss Lu's fiance was originally President Jiang, but for some reason, the person who married President Jiang in the end was Lu Xiang. In the end, Eldest Miss Lu married President Gu?"

"Say, Eldest Miss Lu was seriously ill. Why do you think she had to install a surveillance camera in her ward?"

Everyone was terrified and asked in disbelief, "Could it be that it was because she thought she'd be killed at any time? Was that why she installed a surveillance camera behind the Lu family's back? That was her way of leaving evidence behind."

"Then how did Eldest Miss Lu die? If she committed suicide, it was surely because of Huang Lilan. However, not only did the Lu family not blame Huang Lilan but they're also very close to her? I suddenly think..."

Although that person did not finish their sentence, everyone knew what they meant.

Old Master Lu was so angry that his whole body was trembling. No one had ever confronted him like this in public without leaving him with any dignity.

Even though he was going against Gu Zheng, he was Gu Zheng's grandfather, after all. However, Gu Zheng did not know when to stop. He was unfilial! Such a junior could not be spared!

1

However, both parties were in a deadlock now. If he continued to retort, with Gu Zheng's character, he would definitely take out the remaining evidence. If the matter blew up, the Lu family's business would definitely be affected.

Old Master Lu suppressed his anger and sighed helplessly. "I didn't know that Qingyun installed a surveillance camera in the ward. I misunderstood President Gu regarding the previous incident. I've let Qingyun down too. I didn't know that she was in trouble."

Lu Xiang gritted her teeth and refused to apologize to Gu Zheng. If she really apologized to Gu Zheng, then all her previous arrangements would be in vain.

Most importantly, the Lu family would not be able to use the excuse of Gu Zheng causing Eldest Miss Lu's death to deal with him in the future. The Lu family would have no excuse to do anything to Gu Zheng after this!

She had been planning this for so long, but Gu Zheng ruined everything with just surveillance footage!

"Second Miss Lu, are you unwilling to apologize?" How could Qiao Xi let this vicious woman off? She asked her directly..

Chapter 400: Wouldn't It Be More Fun To Let The Dogs Fight Each Other?

"Then why don't you explain why you said that you were on good terms with Eldest Miss Lu but didn't visit her when she was seriously ill and instead got so close to Huang Lilan, the person who caused your sister's death?"

"Now that the truth is out, it's clear Huang Lilan was the murderer who indirectly caused Eldest Miss Lu's death. Could it be that Second Miss Lu still wants to keep in contact with Huang Lilan and defend her?"

Everyone looked at Lu Xiang in disdain.

Who said that Huang Lilan was innocent and kind-hearted? Who said it was all Gu Zheng's fault? It was Eldest Miss Lu's biological sister, Lu Xiang!

Lu Xiang knew that Huang Lilan was the one who caused Lu Qingyun's death, but she was not angry at all. This was because she already knew the truth. She also wanted Lu Qingyun to die. Even if no one else did anything, she would have killed Lu Qingyun herself sooner or later.

Lu Xiang's face darkened. Faced with everyone's questioning and disdainful gazes, her body kept trembling,

No, no!

The good reputation that she had painstakingly built could not be ruined just because of Huang Lilan!

Lu Xiang looked up again and glared fiercely at Huang Lilan.

Huang Lilan's heart skipped a beat as her eyes were filled with horror. "Lu Xiang, what are you doing—"

"You caused my sister's death!" Lu Xiang interrupted Huang Lilan with a roar. Then, she accused, "I really didn't expect you to be the murderer who caused my sister's death. My sister was so beautiful and kind, but you were actually so heartless, You lied to me. You said that all of this was Gu Zheng's idea!" With that, she pushed all the blame to Huang Lilan.

The corners of Qiao Xi's mouth curled up.

To announce Gu Zheng's true identity and find the culprit who killed Eldest Miss Lu required a lot of evidence. It was not the time yet, but they only needed a video to deal with Huang Lilan.

They did not even need to do anything, Wouldn't it be more fun to let the dogs fight each other?

Lu Xiang's sharp nails dug into her palms as her eyes turned red. "I... I was deceived by Huang Lilan. She said that President Gu provoked my sister and made it sound so convincing. At that time, my father and I were busy with the company's matters and neglected to take care of my sister, so we believed Huang Lilan's words.

"My father and I are in the wrong. It was our fault for not protecting my sister well. For the past 20 years, I've been blaming myself every day. However, I didn't expect that Huang Lilan was not only a mistress but she also deceived our Lu family. She's simply too much!"

Lu Xiang heaved a sigh of relief. In this situation, she could only push all the responsibility to Huang Lilan to clear the Lu family's name.

Huang Lilan could not believe it. "Lu Xiang, you..."

Qiao Xi smiled and looked at the man at the side. "Mr. Lu."

Everyone's eyes landed on Lu Yan.

Qiao Xi's eyes were filled with provocation. "Mr. Lu, don't you want to say something?"

Huang Lilan's heart jumped. She had a bad feeling about this.

Qiao Xi said slowly, "You've seen the surveillance footage too, right? As Eldest Miss Lu's biological son, don't you want to say anything after learning the truth of your mother's death?"

"Just listen to what Huang Lilan is saying. She was the one who caused Eldest Miss Lu's death, but you seem to be very close to Huang Lilan? If Eldest Miss Lu finds out that her son is so close to her murderer, I don't know how sad she'll be!"

Lu Yan's expression was indifferent, but Huang Lilan felt as if she had been struck by lightning.

"Qiao Xi! What are you trying to do? Shut up!"

Qiao Xi ignored him and said indifferently, "Am I wrong? Doesn't everyone find it strange? Mr. Lu's mother was killed by Huang Lilan, but Mr. Lu isn't sad or angry at all. If it's not because Mr. Lu is known for being heartless, I would suspect that you're not Eldest Miss Lu's biological son
"But Madam Gu's instead... Hiss!"

Qiao Xi blinked. "Madam Gu has been mistreating Gu Zheng since the beginning. She even helped Lu Yan fight for the inheritance. Could it be that she feels guilty because she caused Eldest Miss Lu's death back then?"

"Mr. Lu, it's fine for you to fight for the inheritance, but you're so close to the person who killed your mother. You're heartless!"

Lu Yan's eyes darkened.

Huang Lilan's expression was ferocious. "Qiao Xi! Don't try to drive a wedge between me and Ah Yan!"

Ah Yan was her biological son!

She had already endured not being able to acknowledge her biological son for 20 years. She could officially address each other as mother and son now, but Qiao Xi just had to label them as enemies and separate them.

'This b*tch! I won't let her off!'
