

## Lady gu 451

### Chapter 451: Going Crazy

Gu Zheng had spent his childhood in the dark. Listening to those mocking voices and enduring the pain brought about by his illness, he felt like he was in hell, struggling at death's door.

He finally became crazy and was feared by everyone. He became the person in control of the entire Gu family. He could finally escape this pain, but the shadow of his childhood would never disappear.

Only the Lu family and the Gu family knew about the things that had happened when he was young. They would often talk about these things as if Gu Zheng was still the kid they used to trample on.

It was just that he was no longer the old him. Now, he was the President Gu who could call the wind and summon the rain. No one could disrespect him, including the Gu family and the Lu family.

The Gu family felt that he was too sharp and pressured him until he could not breathe. Moreover, he also blocked Lu Yan's path. Therefore, they wanted to make Gu Zheng go completely crazy.

At this moment, Gu Zheng felt a dull pain in his forehead, and his vision became blurry. He felt as if the demon in his body had awakened. That voice kept repeating the words—

'Kill them! Kill these people who made you suffer!'

"Gu Zheng?" Qiao Xi saw that his body was slightly trembling and his eyes were blood red.

He turned his head slightly and was stunned for a few seconds when he saw Qiao Xi's face. In an instant, the demon in his body disappeared and he finally regained his rationality.

Gu Zheng's voice was hoarse. "Are you afraid of me too?"

At this moment, the two of them had already walked into the house where the light gradually dimmed. Qiao Xi was still able to clearly see their surroundings. She knew that dim lighting was still better than nothing to Gu Zheng.

However, when she met Gu Zheng's eyes, she was surprised to find that his eyes were not as empty and lifeless as she had expected. Instead, he was staring at her passionately.

Moreover, he could avoid the obstacles under his feet, which meant that he could see clearly even in the dark. However, how was that possible?

Gu Zheng's eyes were blood red, and a gleam of cold light flashed in his eyes as if a devil had descended onto the earth. "Qiao Xi, tell me. Are you afraid of me?"

'When he saw that Qiao Xi didn't answer, the corners of Gu Zheng's mouth curled into a gloomy smile. Sorrow filled his heart and evoked the madness hidden within it. "So you're just like them. You think I'm a madman! Good, very good! Now you've seen me, you're right! I'm a madman!"

Flames of fury burned in his eyes. The Gu Zheng who was usually calm and collected had disappeared. He could explode at any moment.

As soon as he finished speaking, he casually picked up the cup on the table and smashed it heavily onto the ground. The fragments scattered on the ground, appearing especially clear in the silent hall.

Qiao Xi wished for nothing more than to immediately charge over and kill Huang Lilan because she knew that Huang Lilan had intentionally allowed these people to infuriate Gu Zheng. Her objective was to make Gu Zheng go mad.

'When she thought of this, her heart suddenly trembled. The Gu family would be having a family banquet in the next few days. Many elders and descendants from the branch family were here. Huang Lilan's true goal was to let everyone see Gu Zheng go crazy. This way, she would be able to join hands with everyone to oppose Gu Zheng becoming the head of the Gu family. It would be perfectly justifiable.

Although Gu Zheng was very strong, how could the Gu family tolerate a lunatic being their head? If word got out, where would they place their reputation?

Qiao Xi pondered for a moment, but her body was already pressed against the wall by Gu Zheng.

Gu Zheng lowered his head and placed his hands on both sides of her body, controlling her movements. His lips were pale. "You're seeing it with your own eyes."

"Ah Zheng, I..."

The man's lips curled into a bitter smile. "Is it really scary when I go crazy? Even you're afraid of me? Have you started to hate me?"

Gu Zheng's rationality was gradually burned away by his rage. He clearly knew that the woman before him was the person he loved, yet he was still unable to control himself. But it was precisely because she was Qiao Xi that Gu Zheng was unable to control his rage. It turned out that even Qiao Xi hated him!

His scorching palm landed on Qiao Xi's face and slowly slid down her body, caressing her fair and slender neck before gradually tightening. Qiao Xi didn't resist and instead indifferently stretched out her hands to embrace his strong waist before lightly closing her eyes.

Gu Zheng's fiery eyes were filled with coldness.. "Qiao Xi, I won't allow you to leave me!"

### **Chapter 452: Qiao Xi, Don't Leave Me**

A sudden impulse surged in Gu Zheng's heart. Without Qiao Xi, he would once again fall into darkness.

If Qiao Xi insisted on leaving, then they should just descend into hell together!

'Those people were right. He was indeed a lunatic!

"Mrs. Gu, why aren't you answering me, huh?" The man's voice was gentle and soft. However, when it entered Qiao Xi's ears, that cold and sinister aura instantly caused her body to tremble.

Gu Zheng let go of her neck and gently placed his hand on her back, letting her lean into his embrace. However, his eyes were still filled with coldness when he spoke again, "Tell me. Are you leaving me?!" She did not utter a word and he could not hear her thoughts. It seemed that she was really afraid of him.

'That was right! He was a madman. Even if he and Qiao Xi had known each other for ten years, she was still unable to accept this fact. It was normal for her to want to flee when she saw his mad appearance. No! He could not hurt her.

She was Qiao Xi and also Black Tide. He absolutely could not.

He had already lost his rationality and almost broke her neck just now. He just wanted to know what Qiao Xi was thinking, so he kept asking her.

Every second of silence made Gu Zheng panic and fall into further despair. His grip gradually tightened.

Gu Zheng's body was filled with murderous intent. A voice rang in his ears. 'If she's afraid of you, then kill her! Go to hell with her!'

Just as he was about to lose his mind, he heard a female voice.

"Wow! Gu Zheng's abs are amazing!"

Her voice was filled with excitement, and her delicate fingers were still wandering around his waist.

'It feels so good to touch his abs. I have to take advantage of this situation!'

After that, Gu Zheng could clearly feel the hands on his waist getting more and more impudent, causing him to shiver.

'When he heard those words, the anger and killing intent on his body seemed to have frozen. Gu Zheng even suspected that he had heard wrongly, and his face stiffened.

Qiao Xi was almost drooling.

Gu Zheng's abdominal muscles were too impressive, and his figure was even better than a model's. Was this what it meant when people said some guys would look slim when wearing clothes but muscular after taking off their clothes? It was such a blessing to have such a husband!

His eight-packs were well-defined, and she could feel the muscles through his clothes. If.

Qiao Xi shook her head. She also despised her own thoughts, but she really couldn't control herself. The two of them were so close to each other, so she couldn't help but think crookedly.

Hearing her thoughts, the corners of Gu Zheng's mouth twitched as he sighed helplessly.

Mrs. Gu had only touched his waist and already thought of so many things. It was really unexpected.

'The man's Adam's apple bobbed. "Mrs. Gu."

Qiao Xi immediately raised her eyes and felt slightly guilty. "Hmm?"

How embarrassing! What was she thinking at this time?! But she really couldn't control herself!

Gu Zheng's gentle voice carried a tinge of lingering affection. "Mrs. Gu, do you know that touching a man will cost you?"<sup>1</sup>

Qiao Xi's eyes were filled with confusion, then the world spun before her eyes as she was carried up by Gu Zheng.

"Cost what?"

"What do you think?"

After a short moment, Qiao Xi lay on the bed and looked at the man that was on the verge of going mad before her. She was slightly hesitant. Was it a little too hasty? Should she refuse?

However, she had always wanted to sleep with Gu Zheng. This was an excellent opportunity, and Gu Zheng was the one who took the initiative this time. It would be meaningless if she remained reserved. But

Gu Zheng could clearly hear the conflicted thoughts in her mind. The corners of his lips curled up, and he did not give her any chance to regret. With a wave of his hand, his clothes were torn into pieces.

"Gu... Gu Zheng..."

Qiao Xi gulped. Was it starting?

The crazy man didn't give her any time to think. He went straight to the point and hugged her soft body tightly. It was as if she was a life-saving medicine to him.

"Qiao Xi, don't leave me."

Before Qiao Xi collapsed, there was a trace of regret in her mind. If she knew that she would have to pay such a huge price for taking advantage of him, she would absolutely not have dared to provoke this man. He was simply too terrifying.

After some time, Gu Zheng finally stood up and went to get the ointment.

It turned out that Mrs. Gu's weakness was not an act. She was really weak..

### **Chapter 453: This Kid Was Really Talented!**

He had already restrained himself earlier, but he still hurt her. Gu Zheng's eyes were filled with heartache as he carefully carried her into the bathroom. First, he helped her clean her body, then changed her into a set of clean clothes. After that, he helped her apply the medicine with a red face. Earlier, it was the first time he had heard Qiao Xi beg for mercy. Even though he felt pity in his heart, he still didn't let her off because he had already fallen into madness at that time.

When Mrs. Gu woke up, she would definitely feel sore all over.

Morning.

Qiao Xi opened her sleepy eyes and picked up the phone beside her.

Yesterday, they entered Maple Garden at two in the afternoon. Who would have thought that she would sleep until the next morning?

She struggled to get up and found that her body was sore all over. Every part of her body was aching. She was on the verge of tears.

Damn! It really hurt!

She looked at the broken pieces on the floor, the messy bed, and felt the pain coming from a certain part of her body. She couldn't help but blush.

Who said that Gu Zheng couldn't do it?

F\*ck, this kid was really talented!

At this moment, footsteps came from the door and Gu Zheng walked in slowly.

The sky had just turned bright outside. Afraid that it would affect Qiao Xi's sleep, there was only a faint light from the lamp in the room.

Qiao Xi looked at Gu Zheng's empty and lifeless eyes and instantly understood. At this moment, he probably could not see anything. However, he had lived here since he was young and was very familiar with the layout here, so he was able to come and go as he pleased.

Qiao Xi was furious the moment she saw Gu Zheng.

What a shameless bastard!

Gu Zheng reached out to turn on the lights, and his eyes gradually recovered their clarity. As he looked at Qiao Xi's expression, he knew that she was surely cursing him in her heart at this moment. But strangely, he was unable to hear Qiao Xi's thoughts.

His expression did not change as he asked gently, "Is your body... alright?"

Qiao Xi had already cursed enough in her heart, but when she heard Gu Zheng's voice, blazing flames of rage instantly ignited in her heart once more.

This bastard still had the nerve to ask? She had already begged him yesterday, but Gu Zheng did not listen at all and even kept

"Yesterday, I..." The man's cheeks reddened. "I couldn't control myself. Please don't be angry."

Qiao Xi glared at him fiercely and struggled to get up. She walked to the kitchen with some difficulty and saw freshly prepared breakfast on the table.

She casually picked up a sandwich. Indeed, she had a sense of taste!

She didn't even kiss Gu Zheng earlier and already had a sense of taste. This meant that she could recover their sense of taste by doing that with Gu Zheng!

At this moment, Qiao Xi felt that it was worth it for her back to be aching so badly! At least her taste buds had recovered!

"I was wrong." Gu Zheng handed her a cup of warm milk.

Qiao Xi muttered, "Wow! Sweet milk must be delicious!"

Gu Zheng bent down. "What did you say?"

Qiao Xi raised her head proudly and snorted.

She would not forgive this bastard so easily. She decided not to talk to Gu Zheng for a day.

Gu Zheng frowned and thought to himself, 'Has she recovered her taste buds?'

Qiao Xi suddenly widened her eyes. She seemed to have heard Gu Zheng's voice earlier, but she clearly saw that Gu Zheng didn't open his mouth at all!

What the hell?!

On the other hand, Liang Pingchuan looked helpless.

"Previously, Gu Zheng could hear Little Six's thoughts, but that was only temporary. If Little Six doesn't use her blood to help him detoxify the poison in his body again, President Gu will no longer be able to hear her thoughts."

"But... Tsk, tsk, Little Six has already used her blood to help him detoxify the poison in his body. Their bloodlines are connected now. If they do 'that', Little Six will be able to hear Gu Zheng's thoughts for a short period of time because of their blood connection."

Liang Pingchuan smiled. "That's not bad. It'll let Little Six know what Gu Zheng is thinking. If Gu Zheng has any bad thoughts, he'll be exposed."

Just when Qiao Xi had a puzzled expression and couldn't figure it out, she received a message from Teacher Liang.

Her teacher had clearly told her that if she used her blood to save the other party and did that kind of thing with the person she saved, she would be able to hear the other party's thoughts for a short period of time.

What?!

Qiao Xi looked up in surprise. Did this mean that she could hear Gu Zheng's thoughts?

What kind of superpower was this? It was so cool! But wasn't it a little unfair to Gu Zheng?

#### **Chapter 454: Let's Eat Instant Noodles Together!**

So, the voice she heard just now was Gu Zheng's inner voice?

Qiao Xi smiled slyly and moved closer, wanting to hear what Gu Zheng was thinking.

'Who knew.

'Thad already restrained myself, but she still fainted.'

Qiao Xi's expression instantly froze.

'Tstill need more training.'

Qiao Xi: "..."

'But she smells so good. Her body is so soft. It feels so comfortable to touch. She looks so good when she's eating.'

Qiao Xi: "... So, Gu Zheng usually looked dignified and didn't get close to women, but in reality, he was thinking about these unhealthy things?

Previously, Gu Zheng pretended to be aloof and even rejected her offer to give herself to him. It was all an act! In fact, he really wanted to do it, right?

Qiao Xi maintained her calm and cleared her throat. "Why is there only one sandwich? I've already eaten it, so what are you eating?"

After all, it was early in the morning. The Gu family would have their breakfast at eight o'clock. The servants had not woken up yet, and there was nothing to eat in the kitchen. Moreover, Maple Garden was too far from the main residence, so it was really inconvenient to go there.

Gu Zheng pursed his lips.

'It doesn't matter if I'm hungry, but I can't let her starve. Is she... not full yet? I can ask Song Shiyu to send food over, but Qiao Xi consumed too much energy last night. It'll be too slow if we wait for Song Shiyu.

"Mrs. Gu sure has a big appetite.

'Til et Song Shiyu..."

Gu Zheng said calmly, "I'll call Song Shiyu now and ask him to bring food over. What do you want to eat?"

Qiao Xi smiled slyly. "Don't! Song Shiyu probably hasn't woken up yet. Don't ask him to come over for such a small matter. Wait for me."

After saying that, she rushed upstairs, took out two items from her bag, and quickly went downstairs.

Gu Zheng looked at the items in her hand and could not help but frown.

Qiao Xi smiled and said, "Gu Zheng, let's eat instant noodles together?"

Before Gu Zheng was five years old, in order to torture him, Huang Lilan always let him wander outside. Forget about eating instant noodles, he couldn't even have leftovers.

After he returned to the Gu family, he was locked up in Maple Garden where he had to eat leftovers. But at least he did not have to starve anymore. Hence, he had never eaten instant noodles before. Meanwhile, Qiao Xi had already boiled the water and poured it into the cups of instant noodles. She brought one to Gu Zheng.

She had just sat down when she heard—

"She eats instant noodles? The Qiao family must have severely abused her. I won't let them off.

'Although I've never eaten instant noodles before, I know that this thing is not nutritious at all. It's only popular because it's cheap and convenient.

'Could it be that the Qiao family didn't let her eat and made her starve, so she could only buy a cup of instant noodles to fill her stomach? That must be it. I'll take revenge on the Qiao family for this!

'But she looks so cute eating instant noodles. I suddenly feel that instant noodles must be very delicious.'

Qiao Xi swallowed the instant noodles in her mouth, her eyes filled with surprise. The great President Gu's imagination was quite wild!

Gu Zheng frowned and immediately sent Song Shiyu a message. Song Shiyu received the message and rushed to Maple Garden immediately.

When Qiao Xi finished the last mouthful of noodles, she suddenly heard a loud bang.

Song Shiyu rushed in with all kinds of delicacies in his hands. Sweat had beaded on his forehead and he was out of breath, "President, I've brought everything you wanted. You said you'd raise my salary. You must... keep your word!"

Then Song Shiyu saw the cup of instant noodles that Qiao Xi was holding.

His expression changed to one of anger.

"Young Madam! What are you eating? The Gu family is really too much! President, you're the head of the Gu family! How dare they treat you like this! Does Gu Weiming think that he can control everything just because he's your father? He's humiliating you by doing this! How infuriating! Looks like they want to fight us to their deaths!"

Qiao Xi: "..."

"Song Shiyu, you're thinking too much. I bought the instant noodles myself.

Unexpectedly, Gu Zheng nodded. "The Gu family has indeed gone overboard."

Qiao Xi:

She suspected that Gu Zheng was teasing Song Shiyu on purpose.

After breakfast, the sky was completely bright, but the windows of Maple Garden were all nailed shut, so the light was still dim.

Gu Zheng raised his hand and rubbed the top of her head. "There's soup on your hair. Let me help you wipe it."

#### **Chapter 455: Mrs. Gu Is So Domineering**

'She's good-looking, and her hair is beautiful too. It's like satin, so smooth.

'She thinks that there's really something in her hair and is obediently letting me touch it. She's as cute as a kitten.'

Qiao Xi's face was instantly covered in terror.

What a disgrace! Gu Zheng's heart was actually so passionate!

This damned man looked so cold, but his heart was actually so indecent. She really couldn't tell!

'Why is her body shaking? Does she feel cold? After eating her fill, I'll let her return to her room to rest. It's time to recuperate. After all...'

Qiao Xi's entire body trembled.

'After all, it was too intense last night, but she must have liked it a lot. She kept calling out my name, so I'll hug her to sleep later.'

Qiao Xi was instantly speechless.

Gu Zheng's expression was indifferent. "It's still early. Go back to your room and rest."

'Then, Qiao Xi heard in the man's heart—

'I take a break too. It's a blissful thing to be holding Mrs. Gu's soft body, but Mrs. Gu still seems to be in pain. Even so, Song Shiyu said...'

Song Shiyu?

Qiao Xi's eyes instantly widened, but because Gu Zheng had walked far away, she couldn't hear the rest of his thoughts clearly.

'There was a loophole in this superpower. He was just a little farther away from her yet she couldn't hear his thoughts anymore. Qiao Xi could only chase after him.

'In the future, when Mrs. Gu tries to seduce me again, I must warn her not to do that. Girls should be more reserved. Otherwise, I won't be able to control myself.

'But this is good. I like it'

Gu Zheng's expression was gentle. "Maple Garden is remote, so no one will disturb your sleep. However, Grandma will wake up today. Let's have lunch with her at noon, and..."

He was about to say something when he suddenly froze. He looked at Song Shiyu beside him and swallowed his words.

'I did go overboard last night, but luckily, I prepared some ointment and applied it to her while she was asleep. Otherwise, she definitely wouldn't have been able to wake up.

'I almost forgot that Song Shiyu is here too. If I say this in front of him, Mrs. Gu will definitely throw a tantrum. If that's the case, Song Shiyu will have to shut up forever.'

Qiao Xi gritted her teeth and remained silent.

Looking at Gu Zheng's expression, he still looked calm and indifferent. Song Shiyu would never have guessed that the president was thinking about such things!

Gu Zheng even said that she liked acting, but he was two-faced himself!

Qiao Xi turned around and returned to her room. She had just laid down when she heard Gu Zheng's thoughts.

'Maple Garden's windows...'

What? She couldn't listen to what he thought about after that.

Qiao Xi lay on the bed. Even though she was slightly exhausted, she didn't have the slightest trace of sleepiness.

Gu Zheng had a relapse last night. He should be fine now, right?

Qiao Xi couldn't help but feel a bit of lingering fear when she thought of how his poison had acted up last night. However, she didn't feel that Gu Zheng was scary. Her heart merely ached for him as she worried about his health.

Actually, he was not as scary as what those people said. They said that he was crazy. He only felt pain because he was sick. He was no different from other patients, but the way he vented was different.

Qiao Xi closed her eyes as sleepiness overcame her.

Ding ding ding

A strange sound rang out, and Qiao Xi was no longer sleepy. She got off the bed and walked to the door to listen carefully.

It turned out that those people from yesterday had come again. There was no end to it!

She returned to her room, pulled out a hammer from her bag, and stormed downstairs.

These people were really like gnats. They came early in the morning to disturb her sleep. Did they think she was easy to bully?

What time was it? Did they think she couldn't hear them?

Gu Zheng and Song Shiyu also heard the sound coming from outside. Before the two of them could go out, they saw Qiao Xi rushing out with a hammer in her hand with an angry expression.

Song Shiyu exclaimed, "Damn!"

"Madam is so domineering, I like it!"

Qiao Xi was truly infuriated.

'When she heard the sound, she knew that they were here to nail the windows again. They wanted Gu Zheng to live in a dark environment. Doing so would cause Gu Zheng to have more relapses.

Originally, his illness was not that serious. If he had the company and care of his family, he could still control his emotions. However, not only did those people not counsel him but they even tried to anger Gu Zheng, causing him to go crazy every time the poison acted up..

**Chapter 456: Sending You To The King Of Hell!**

Huang Lilan and the rest of the Gu family wished that Gu Zheng would become a lunatic. At that time, he would not be qualified to be the head of the Gu family, much less the president of Gu Corporation.

Back then, when Gu Zheng found out about his true identity, he went to look for the Lu family. However, the Lu family refused to acknowledge him. It was probably because they knew that he had been poisoned, so they hoped that he would just die and not tarnish their family name.

Now, Huang Lilan still wanted to make use of the people from the Gu branch families?

Qiao Xi had just walked out of the door when she smelled a strange fragrance. She pondered for a moment, then her eyes instantly burst out with coldness.

This fragrance was a hallucinogenic drug. After inhaling too much of it, one would hallucinate and become a lunatic.

Huang Lilan could actually get her hands on such a medicine?

Qiao Xi took out a small bottle from her pocket and shook out three small pills. She took one herself, then turned around and handed one each to Gu Zheng and Song Shiyu.

She walked out aggressively and sneered at the few people. "Whose dog is disturbing my sleep so early in the morning?!"

Everyone was stunned.

Qiao Xi's icy-cold gaze sized them up. A few people were holding tools and preparing to seal the two remaining windows. Another person held an incense burner in his hand that emitted waves of smoke. This was the fragrance that could make one hallucinate.

"What's wrong with all of you? You broke into the head of the Gu family's courtyard so early in the morning to seal the windows. Do you want to die?" Qiao Xi roared furiously.

Song Shiyu stood beside Gu Zheng. The sky was still dark, and Song Shiyu was worried about the president's eyes, so he didn't dare to go too far away from him.

The few of them looked at each other and could not help but laugh.

'Was Gu Zheng scared? He actually let a woman stand up for him? So what if they were found out? Would they be afraid of a weak woman?

Moreover, Madam Gu had already said that the surveillance cameras around Maple Garden were removed, so they might as well knock Qiao Xi out directly. In any case, the other party didn't have any evidence, and they wouldn't admit it afterward. Moreover, with Madam Gu protecting them, what could

Gu Zheng do to them?

The few of them muttered to each other and then rushed over with vicious expressions. "Mrs. Gu, don't blame us for being ruthless!"

Bang!

Qiao Xi lifted her leg and kicked the man several meters away.

“Ruthless?” Qiao Xi laughed coldly. “If I don’t teach you a lesson, will you really think I’m easy to deal with? I’ll send all of you to meet the King of Hell today!”

Qiao Xi walked up to the man with a disgusting face. She stepped on his head fiercely and raised the hammer in her hand high, scaring the man so much that his whole body trembled. “You... What are you doing?”

“What do you think? What did you want to do to me just now?”

Qiao Xi swung the hammer in her hand. “How much did Huang Lilan give you?”

“L.. [don’t know what you’re talking about!”

“Oh! You’re quite loyal!” Qiao Xi smiled and fiercely stepped on his hand. The man let out a miserable cry. Obviously, his fingers were broken.

Song Shiyu watched in horror.

Gu Zheng remained calm. “Don’t be afraid. She won’t do this to you.”

Assistant Song was really getting worse. She was just dealing with a few useless people. Did he have to be so afraid?

Song Shiyu was terrified. “President, are you sure? Young Madam is so scary!

“president, look at Young Madam’s physique. She can break a person’s bones with a single step. Look at how much pain those people are in! They’re probably going to lose their heads with the hammer she’s holding!

“Young Madam always says that she’s weak. She doesn’t look weak at all!”

Gu Zheng smiled faintly. “Mm.”

Song Shiyu thought that the president had the same thoughts as him. They both thought that Young Madam was scary.

‘Who knew that the president’s next sentence was—

Gu Zheng said, “I like it.”<sup>7</sup>

Song Shiyu:

F\*ck! Both of them were freaks!

Qiao Xi picked up the hammer and fiercely smashed it against the man’s arm. The man’s arm was broken, and he howled in pain as his body trembled violently from the pain and fear.

Then, her gaze fell on the other three people.

One of them was trembling with fear. “I... I don’t know anything...”

“That’s great. All of you are quite professional! But I just want to know if it was Huang Lilan who sent you here!”

Qiao Xi took out a foldable knife from her waist and swiftly brandished it.. She asked domineeringly, “How much did Huang Lilan give you? Why are you all so stubborn? You’re not willing to tell us even though you’re about to lose your lives?”

#### **Chapter 457: Mrs. Gu Is So Beautiful Even When She’s Angry**

Qiao Xi pretended to be gentle. “Don’t worry, I won’t kill all of you. After all, murder is against the law! How could a weak woman like me do something illegal?”

The men could not help but take a few steps back.

“I can be considered half a doctor. I’ll spare your lives, but I don’t know if you can withstand the pain of being dismembered!”

‘The moment the cold blade touched one of the man’s skin, he trembled in fear. “Don’t! I’ll talk!”

Qiao Xi nodded with satisfaction. “If you had been this agreeable earlier, you wouldn’t have suffered so much. Huang Lilan ordered you to use hallucinogenic drugs. This can be considered as concrete evidence.”

The man stuttered, “The person who sent us here... isn’t Madam Gu. It’s Madam Gu’s younger brother, Huang... Huang Wei.”

Qiao Xi’s gaze was slightly cold.

So it was Huang Wei?

That was also because of Huang Lilan. In any case, it was fine as long as it was related to her.

Qiao Xi nodded. “Okay, I understand. Huang Wei actually dared to attack me and Ah Zheng. He’s really audacious. It seems I was too kind. I didn’t teach him a lesson yesterday and he seems to have a short memory. Since that’s the case, then he shouldn’t blame me. You guys, follow me!”

The few of them: “...”

“You’re kind? Would a kind woman beat us up like this? Don’t you feel embarrassed saying this?”

Song Shiyu’s eyes widened in disbelief. “P-President, do you like having this kind of wife?”

‘Kind, my \*ss!’

Gu Zheng smirked. “How could I not like a woman who is trying her best to protect me? She looks so good even when she’s angry!”

Song Shiyu: “..”

After Qiao Xi left, she took out her phone and sent a message. [Song Shiyu, go and welcome my third brother at the door in ten minutes. ]

Song Shiyu was confused. The divine physician’s disciple, Qin An, was coming. However, what was he doing here?

In the main residence.

Madam Gu didn't sleep well the whole night and felt uneasy. She looked at the time and realized that those people must have succeeded in their task by now.

The windows of Maple Garden had been sealed, and Gu Zheng had also taken in the poisonous fragrance. Coupled with the poison in his body, it was about time for the effects to be seen.

But why hadn't Huang Wei contacted her? Didn't they agree that regardless of whether the plan succeeded or not, he would update her? It was already past six o'clock. Why was there still no news?

"What are you doing so early in the morning?" Gu Weiming was woken up by Huang Lilan, who was tossing and turning in bed. He looked displeased.

Huang Lilan's face was full of flattery as she said gently, "I'm just worried about Ah Zheng. Although he's not my biological son, we've been mother and son for more than 20 years. How could we not have feelings for each other? I heard that his condition isn't too optimistic..."

At dawn, everyone from the Gu family had arrived. If Gu Zheng went crazy at this time, everyone would know that he was crazy. In that case, the position of the Gu family's heir could only belong to Lu Yan. No one would object to it anymore.

There had been no news for such a long time. Huang Wei must have succeeded. If Gu Zheng breathed in even a little of that incense, he would lose his mind.

At this moment, a strange sound came from outside the door.

Gu Weiming opened his eyes unhappily. "What's that sound?"

Right after that, there was another strange sound as if someone was smashing the door. The sound became more and more urgent.

Gu Weiming got up and shouted unhappily, "Who is it?"

There was a moment of silence outside the door, which made the atmosphere even stranger. Gu Weiming felt that something was wrong, so he got up, put on his coat, and left the bedroom.

Before he could reach the front door, there was a loud bang. The front door of the mansion was kicked open and several dark figures were tossed in. The figures even rolled a few times on the ground before hitting the coffee table until it shook.

Huang Lilan stuck her head out to take a look. Weren't these the people she had sent out to deal with Gu Zheng? She was immediately alarmed and her fingers trembled slightly. "A-All of you..."

Gu Weiming was furious. "Who are you? Why did you barge in so early in the morning? Guards!"

However, it was quiet outside the villa. The bodyguards who usually guarded the door were nowhere to be seen.

At this moment, a slim figure appeared at the door, followed by a cold voice. "Chairman Gu, I'm really sorry."

"Qiao Xi?"

Madam Gu opened her mouth in surprise, but Gu Weiming had already shouted angrily.

What did this woman mean by coming to his place early in the morning and throwing in a few men who had been beaten black and blue?

### **Chapter 458 Even A Ferocious Tiger Can't Eat Its Son**

Qiao Xi smiled meaningfully. "Chairman Gu, don't be angry! You must be furious that I disturbed your sleep, right? I'm also very angry right now, so I came to talk to you."

Gu Weiming was so angry that his whole body was shaking. He shouted angrily, "What are you doing?!"

Qiao Xi calmly walked into the living room and coldly glanced at Huang Lilan. Then, she reached out and grabbed the man's collar. Huang Lilan's flustered face was revealed.

"Don't be so fierce, Chairman Gu! If you scare me, I might do something. Madam Gu, I think you know these people."

She walked to the door and threw another person into the house before stepping on him ruthlessly.

Huang Lilan's expression instantly changed. "Qiao Xi! What are you trying to do!? He's my younger brother and you have to call him 'Uncle'! How could you beat up an elder?! Quickly let go of him! Qiao Xi, I thought you

were just a little naughty and mischievous, but I never expected you to be so cruel! You dare hit my younger brother? You're really mad!"

Gu Weiming's face darkened. "This is Gu Zheng's uncle. How dare you beat him up like this? Do you still have any etiquette?"

Qiao Xi looked disdainfully at Huang Wei who was lying on the floor and snorted coldly. "So, he's Madam Gu's younger brother? I really didn't expect this! Ahh, that's a little troublesome, then!"

At the same time, Qin An brought a few doctors from the Medical Association to the Gu family's residence.

Song Shiyu was shocked.

Qin An said respectfully, "Assistant Song, nice to meet you! My sixth sister said that President Gu was poisoned. Previously, my grandfather had given him treatment but my grandfather is missing now. I'm the successor

of the divine physician. I can't stand by and watch as the poison in President Gu's body flares up. Bring me to see President Gu."

Everyone followed Song Shiyu to Maple Garden. Before Qin An could speak, the doctors' faces changed.

"Why does Maple Garden smell like this? This fragrance will worsen the patient's condition and speed up the poison's effects! Where did the fragrance come from?"

Song Shiyu was a little nervous, but Qiao Xi had already taught him what to say. "It's... It's Madam Gu's brother. He put out some incense early in the morning. I've already cleaned it up, but it still smells."

The people from the Medical Association were instantly filled with indignation. "They know that President Gu has been poisoned, yet they still put out an incense like this at Maple Garden. How is this any different from killing someone? Mr. Qin, don't worry. As doctors, other than treating and saving people, we can't watch others treat a patient like this!"

Qin An also nodded. "Everyone is right. For President Gu's sake, we have to talk to Madam Gu."

"That's right! We'll ask her what she's up to. She actually put out this kind of incense at President Gu's residence. She's trying to kill him!"

At this moment.

In the Gu family's residence.

Huang Wei's face was bruised and swollen as he fell to the floor. A few of his teeth were missing. "Big Sister! Save me! This woman is too scary! She wants to kill me..."

Gu Weiming's face was ashen. Qiao Xi was really too arrogant. She was close to committing murder in front of the Gu family. She was the daughter-in-law of the Gu family, and her every move represented the Gu family.

"Qiao Xi! Is a shrew like you qualified to be the daughter-in-law of the Gu family? I advise you to divorce Gu Zheng and get out of the Gu family. Don't make things too embarrassing!"

Qiao Xi blinked her eyes innocently. "Chairman Gu, I only beat up Huang Wei yet you want me to divorce Gu Zheng!"

"What else can I do? You can even beat your elders up. You're disloyal and unfilial, so I'm telling you to get lost from the Gu family. Do you feel wronged?"

Qiao Xi sneered, "Chairman Gu, I hit Huang Wei because I'm disloyal and unfilial? Sigh! I was really stupid to have come to you to uphold justice. It seems that you were also the one who ordered President Gu to be poisoned, then, Chairman Gu? I thought that since you're Gu Zheng's father, even a vicious tiger won't eat its cubs. You couldn't possibly be trying to kill him, but I really didn't expect this!"

At the same time, Old Madam Gu woke up.

This piece of good news immediately spread in the old madam's courtyard. The kitchen also hurriedly prepared breakfast for the old madam. It had been a long time since the old madam woke up so early and was in good spirits.

When the old madam woke up, she wanted to go and see Gu Zheng. Who knew that Maple Garden was empty? When she heard that they had all gone to the main residence, she also went to the main residence..

**Chapter 459 You Should Be The One Kneeling Down And Apologizing**

Old Madam Gu was accompanied by a group of people. The doctor and nurses were almost always by her side. The maids also took care of her at all times, afraid that there would be any mishaps. The butler and bodyguards also stayed by her side. There were some Gu family members who rushed over after hearing the news as well.

Everyone had just reached the main residence when they heard Gu Weiming's roar from inside. "Qiao Xi! Get lost!"

Following that was Qiao Xi's sobbing voice, "Chairman Gu, Huang Wei almost killed Gu Zheng. He's your biological son! Even if you want Lu Yan to inherit the Gu family, you can't kill Gu Zheng!" Everyone widened their eyes in shock. Old Madam Gu narrowed her eyes.

Gu Weiming was furious. "Qiao Xi! Shut up! How could I have..."

"This morning, Huang Wei went to Maple Garden to poison Ah Zheng. If it weren't for the fact that I couldn't fall asleep and coincidentally caught him, Ah Zheng might already be... Sob, sob, sob. I even invited the descendant of the divine physician, Qin An, to treat Ah Zheng's illness..."

"Your son was almost killed by someone. I thought that you would stand up for Ah Zheng, so I brought the culprit here. Who knew that you..."

Qiao Xi was sobbing so hard that she couldn't make a sound. She was crying so hard that her body was swaying weakly.

"Who would have thought that you would scold me? You think that I shouldn't have hit Huang Wei, huh? Let me ask you, then. Why can't I hit someone who almost killed my husband? I really don't understand why you want to cover up for Huang Wei. Could it be that everything that happened today was your and Huang Lilan's idea?"

Boom—

Gu Weiming widened his eyes.

Huang Lilan's body stiffened as she quickly retorted, "You... You're spouting nonsense!"

"Madam Gu, you'll know whether I'm spouting nonsense or not in a while. If I don't have any evidence, why would I come looking for you? You said that you don't know about these things, so that means Huang Wei did it himself?"

"But I remember that you sent people to Maple Garden last night. You asked them to nail all the windows in Maple Garden with wooden planks so that Ah Zheng could live in the dark forever. Then, someone came to poison him right after midnight. That's why I thought it was you..."

"Qiao Xi! Shut up! Why don't you just die?!" Huang Lilan roared in exasperation after being exposed.

Qiao Xi said in a carefree manner, "Madam Gu, is this your upbringing? I didn't offend you from the beginning until the end, yet you're cursing me to die. Looks like you really did have a part in poisoning Gu Zheng!

You're so brazen. Is it because you think you have backers?"

Huang Lilan was trembling with anger.

"I did beat Huang Wei up, but he almost caused Gu Zheng's death. So what if I beat him up? Moreover, I'm just a weak woman. His injuries are nothing more than flesh wounds. Even if you sue me, I'll just have to pay for his medical fees. But you tried to commit murder!"

Their faces turned pale.

if things really got out of hand...

Gu Weiming knew in his heart that Huang Lilan was behind this. He glared at Huang Lilan before saying coldly, "Qiao Xi, I think you've misunderstood. Why would Huang Wei poison Ah Zheng?"

Huang Lilan also put on the appearance of an elder. "Qiao Xi, why would my younger brother harm Ah Zheng? Ah Zheng is my child. He wouldn't do such a thing. It's your fault for beating him up for no reason. Hurry up and admit your mistake! Kneel down!"

Right now, only the few of them knew about this matter. As long as Gu Weiming was on her side, there was nothing Qiao Xi could do.

Huang Lilan was just about to reprimand Qiao Xi when an angry roar came from outside.

"You should be the one kneeling down and apologizing!"

Huang Lilan did not hesitate and said without thinking, "Pah! Who dares to be so..."

Old Madam Gu slowly walked in with her walking cane. Qin An supported her from the side. Her eyes were clear and her voice was deep. At this moment, her gaze was filled with anger.

Huang Lilan was stunned for a few seconds before her face turned pale with fright. Her mind was suddenly in a mess.

Old Madam Gu walked in front of her with a cold gaze. "Huang Lilan, you poisoned my precious grandson and even told my granddaughter-in-law to kneel down to you. Why? Are you in charge of the Gu family now?"

At this moment, everyone had followed Old Madam Gu into the main residence. Old Madam Gu had finally woken up and everyone wanted to suck up to her. No one dared to anger her.

However, Old Madam Gu had just woken up in the morning and already flew into a rage..

### **Chapter 460 Grandma Is Really A Hero Among Women!**

Huang Lilan's lips were trembling. "Mom, no. It's not like that... I..."

"Kneel!"

Old Madam Gu did not want to listen to her explanation at all. She raised the walking cane in her hand and hit Huang Lilan's leg heavily. Huang Lilan felt a sharp pain in her knee and her body immediately knelt on the ground.

This was the first time Qiao Xi had seen Old Madam Gu fly into a rage. Her face was filled with shock.

Although this old lady was getting on in years, she was still quite strong. With just one swing of her cane, Huang Lilan had already knelt down. No wonder she gave her a lethal weapon the first time they met. Old Madam Gu was full of vigor. "Huang Lilan, do you think that I'm terminally ill and won't be able to live for long? Do you think it's your turn to make decisions for the Gu family now?"

Huang Lilan's face contorted in pain, but her tone remained gentle. "No... No, Mom. I really..."

"No? Although I'm always in a coma, I'm not deaf or blind. I know very well how you treat Zheng'er. Just look at the state of Maple Garden? Is that the place where the head of the Gu family should live? Not only did you chase him there but you even sent someone to seal the windows. Are you worthy of being the wife of the Gu family?"

Huang Lilan explained weakly, "Mom, I didn't mean any harm. Maple Garden is where Ah Zheng has lived since he was young. I... I was afraid that he wouldn't be used to it, so... I let him live there. As for the windows... I don't know about the windows! It's Qiao Xi! She's framing me! I really... don't know anything!"

Old Madam Gu swept a cold glance at her, raised her walking cane, and hit her hard on the back. She roared, "You still dare to slander your daughter-in-law? Although I'm old, my eyes are still bright! I know clearly what you're thinking. It's fine if you don't like Zheng'er, but now that he has already established his own family and business, you're still unwilling to let him off. Don't forget that everything in the Gu family now belongs to my grandson. If you're unwilling to stay here, then get lost!"

When Huang Lilan heard this, her body went limp and she fell to the floor.

Gu Weiming's expression turned ugly as he tried to persuade Old Madam Gu in a low voice. "Mom, calm down. This is actually still Qiao Xi..."

Old Madam Gu gave him a look of disdain. Without giving him a chance to speak, she smashed her walking cane on his knee.

He hadn't finished speaking when he felt a sharp pain in his knee. He instinctively knelt before Qiao Xi.

Old Madam Gu lowered her eyes and looked at Gu Weiming in disgust. "Why did I give birth to such a silly person like you?! I get angry whenever I see you. From now on, whenever you speak to me, you have to kneel down!"

Qiao Xi looked at Gu Weiming who was kneeling before her and took a few steps back in embarrassment. She walked to Gu Zheng's side and was extremely shocked. "Your grandmother is

really... a heroine! As expected of the Gu family's old madam. She's really bold!"

Gu Weiming's face turned pale, but he did not dare to refute.

Even though he was an arrogant man, he did not dare to go against Old Madam Gu. This was because Old Madam Gu was the true master of the Gu family. She had once wanted to hand over the authority of the Gu family to Gu Zheng, but Gu Zheng was unwilling to accept it.

The power of the Gu family was now in the hands of Old Madam Gu, and Gu Weiming only had the right to speak when Old Madam Gu was unconscious.

Gu Weiming gritted his teeth. "Mom, don't listen to Qiao Xi's side of the story. She's very scheming. Lilan is Ah Zheng's biological mother. There's no reason for her to poison him!" Old Madam Gu glared at him from above.

Gu Weiming panicked. He was afraid that Old Madam Gu would reveal the secret. He quickly said, "I think this..."

Huang Lilan's face was also filled with terror as she shed tears of grievance. "Mom, I didn't make things difficult for Qiao Xi. She went too far and wrongly accused me of poisoning Ah Zheng. I'm Ah Zheng's mother. Why would I want to poison him? Qiao Xi beat up my younger brother without any explanation. As an elder sister, can't I question her?"

Huang Lilan said sorrowfully, "I've never asked for anything from Qiao Xi, but as my daughter-in-law, she rushed to the residence of her in-laws so early in the morning to denounce me! How can I not be angry with such a shrewish daughter-in-law?"

Qiao Xi was angered to the point of laughing. This was the time to act! Old Madam Gu snorted impatiently and was about to reprimand her when Gu Zheng spoke.

"My wife has always been weak. How could she hit anyone? Madam Gu, please don't bully my wife anymore."
