Chapter 891: Husband And Wife Cooperation

Gu Zheng looked at her meaningfully as if he had seen through her thoughts. He smiled sinisterly. "Mrs. Gu, it's time to eat. Do you want me to give you a kiss?"

Qiao Xi: "... " 'Help!'

"Mrs. Gu, you used to like kissing me before dinner. Even when you were at work, you'd still go to Gu Corporation to ask for a kiss. Why don't you want it today?"

The corners of Qiao Xi's mouth twitched slightly as she complained in her heart. 'Bastard! Don't you know why I don't want a kiss before dinner? You're asking the obvious!'

However, she could not scold Gu Zheng, so she tried to persuade him. "Gu Zheng, you're usually so busy with work. How can I trouble you to cook dinner? Why don't I cook?"

Gu Zheng smiled. "Since cooking is so difficult, how can I let you cook?"

Qiao Xi's eyes were filled with tears. "Ah Zheng, you're a president who can earn hundreds of millions in minutes. How can I let you cook? You don't have to cook in the future, alright?"

Gu Zheng paused and nodded. "Alright."

Not long after, Gu Zheng prepared a table full of dishes. Qiao Xi had stared at Gu Zheng from the beginning until the end. From the moment he washed the dishes until now, she had watched every step carefully. There seemed to be no problem. Moreover, every dish looked very tempting.

At this moment, the dining room of Longwan Residential was very quiet. The sky was gradually turning dark. Gu Zheng set the cutlery and looked at his wife opposite him with gentle eyes. "Mrs. Gu, do you still need a kiss before dinner?"

Qiao Xi's eyes stared fixedly at the dishes on the table. No matter if it was the color or the fragrance, they were all very tempting. The dishes from last time were the same, but they were extremely difficult to swallow.

For the sake of preventing her from losing her composure in front of Gu Zheng, Qiao Xi said without the slightest hesitation, "No need."

Gu Zheng snorted, picked up a bite of food, and put it in his mouth. He chewed carefully. "Mrs. Gu, you'll regret it."

Qiao Xi observed his expression, but he was still expressionless as usual, making it impossible to determine if this dish was delicious or not.

As she had not eaten lunch, Qiao Xi was really hungry. She picked up a piece of meat and put it in her mouth. It seemed that she had not eaten tasteless food for a long time, so she was not quite used to it. She barely filled her stomach before putting down her chopsticks.

Gu Zheng ate elegantly. Not long after, there were not many dishes left on the plate. Gu Zheng stood up and went to the kitchen to cut some fruit. He even poured a cup of tea for Qiao Xi. While he was close to her, he bent down and kissed her lips.

Qiao Xi was stunned for a few seconds before gradually tasting the remaining taste in her mouth. It was not as bad as she had expected. Instead, a delicious taste appeared.

No way? Gu Zheng's cooking was so delicious?

Looking at Qiao Xi's dazed appearance, Gu Zheng raised his eyebrows. "Mrs. Gu, I told you you'd regret it."

Qiao Xi raised her eyes in surprise as she looked at the empty plates on the table. Her eyes were filled with regret. Coincidentally, there was still a piece of meat on her plate. She picked it up excitedly and placed it in her mouth. "Ah Zheng, can you still cook for me in the future?"

Qiao Xi's regretful appearance was probably too cute. Gu Zheng deliberately teased her and said arrogantly, "I'm usually very busy with work. I can earn hundreds of millions in minutes. How can I waste my time cooking? I probably won't cook anymore."

Qiao Xi suddenly reacted. Wasn't this what she had just said? She leaned forward with a flattering expression. "I was joking just now. Actually, I really like your cooking."

"Mrs. Gu, you said that you wouldn't let me cook anymore, so I won't cook anymore." Gu Zheng looked calm.

Qiao Xi glared at him angrily. This bastard just had to make her angry.

After clearing up the table, Gu Zheng sat on the sofa and slowly said, "Let's talk about serious matters. There's an entertainment company under Gu Corporation called Heavenly Voice Entertainment. Their development direction is in film and television dramas, while Qingfeng Entertainment focuses on various programs and online dramas."

Qiao Xi narrowed her eyes as she recalled the deliciousness of the braised pork. "I know! But what does Qingfeng Entertainment have to do with us?"

Gu Zheng glanced at her and chuckled. "Mrs. Gu, I'm not only your senior but also your husband. There are some things that you don't have to hide from me. I know everything anyway."

His eyes were filled with smiles, and his tone was teasing but filled with gentleness. Qiao Xi's heart thumped. How did he know that Qingfeng Entertainment was her company?

"Qingfeng's and Heavenly Voice's development has already reached its peak. It's very difficult for them to make another breakthrough. We need to change the current situation, so do you want to work together, Mrs. Gu?"

Chapter 892: Lost Memories

Gu Zheng smiled lightly. “Mrs. Gu, how about I invest in you? I definitely won’t let you suffer. As long as you’re willing to hand me a satisfactory proposal within a week, I’ll give you a satisfactory sum of assets.”

Qiao Xi hesitated for a moment and asked in a light voice, “Do you think I lack money?”

Although Qingfeng Entertainment was not as famous as Heavenly Voice Entertainment, it was still a top presence in the entertainment industry. It made a name for itself with all kinds of interesting variety shows and was unparalleled in the variety industry. However, the boss behind Qingfeng Entertainment was very mysterious. No one would have thought that the boss behind Qingfeng Entertainment was a 20-year-old lady.

“Mrs. Gu, I wish to work with you because of your ability. I want you to manage Heavenly Voice Entertainment. I think you’ll definitely give me a surprise.”

Qiao Xi was stunned for a few seconds as she stared at Gu Zheng in surprise. The investment he was talking about earlier was not real money but shares of Heavenly Voice Entertainment. Qiao Xi was just about to refuse when Gu Zheng spoke again, “Actually, this company was yours to begin with. It’s time to hand it to you.”

“What do you mean?” Qiao Xi blinked with a puzzled expression.

“Do you still remember that many years ago, we were talking on the phone one time and you sang a song for me? It was the best song I had ever heard in my life. It was like the sound of nature and had the innocence of a young girl. Unfortunately, I hadn’t met you then. After I founded Gu Corporation and had enough assets, I founded Heavenly Voice Entertainment. At that time, I thought that if I could meet you one day, I would definitely hand Heavenly Voice Entertainment to you to manage. It’s because of you that I founded Heavenly Voice Entertainment.”

Qiao Xi’s heart trembled as she carefully searched for that memory in her mind. She actually had no impression of it at all. It felt as though something was missing in her heart. The more she thought about it, the more her head hurt.

“Xi Xi, there are some things I don’t know how to say. You just need to remember that I love you. No matter when or where, we would’ve ended up meeting anyway. We’re fated.”

Why was Gu Zheng so sure? She kept feeling that she had forgotten something, and Gu Zheng said that she had sung to him before. Had she forgotten, or did Gu Zheng remember wrongly?

Qiao Xi’s mind buzzed, and the discomfort in her body caused her to be unable to continue thinking. At this moment, Gu Zheng said gently, “Xi Xi, what happened in the past doesn’t matter anymore. You just have to remember that I’ll always be by your side. I’ll never leave you.”

Then, Gu Zheng stroked her head affectionately and teased, “Mrs. Gu, if you’re not full, I can make you supper tonight.”

Qiao Xi abruptly recovered from her shock and asked with a smile, “You just said that you wouldn’t enter the kitchen anymore!”

Gu Zheng slowly approached her and pinched her smooth and fair cheek. He smiled and said clearly, "I can toss aside all my principles as long as it's for you, Mrs. Gu. It's my honor that you like my cooking. I can cook for you for the rest of my life. As long as you like something, I'll be sure to learn it and won't fail."

He had already learned how to cook. Now, he could start learning how to play the zither.

Suddenly, Qiao Xi felt dizzy. It was clearly only seven o'clock, but she was already so sleepy that she could not open her eyes. After Gu Zheng carried her upstairs, she fell asleep as soon as she lay down. In her confusion, something seemed to surge into her mind. Her temples were throbbing. An unfamiliar scene appeared in front of her eyes. Then, a loud bang sounded in her ears. The sky instantly darkened and was dyed red.

Ring ring ring...

Qiao Xi was awakened by the ringing of her phone. She abruptly stood up, her forehead covered in sweat. The curtains in the bedroom were dark, and Gu Zheng was quietly sitting on the chair with his eyes lowered like a statue.

She knew that his vision was definitely dark at this moment. Qiao Xi hurriedly stood up and turned on the lights. A trace of light appeared in the man's eyes as he raised his eyes slightly to look at her.

Qiao Xi's heart ached as she asked anxiously, "Why didn't you turn on the lights?"

"I didn't want to disturb your sleep. Moreover, I've long gotten used to the dark." Gu Zheng's eyes gradually recovered their clarity as he shifted his gaze to the phone.

Qiao Xi hurriedly picked up her phone to take a look. It was Qin An. Qin An must have something urgent considering how he gave her a call at this hour. She hurriedly picked up the phone and called back.

"Third Brother, what's wrong?"

"Little Six!" Qin An's voice was filled with coldness. "Where's Gu Zheng?"

Qiao Xi responded, "Huh?" Was there something wrong with this person? He was looking for her husband in the middle of the night?

Chapter 893: He's A Jerk!

Qin An was furious. "Tell me where he is! I'll poison him right now!"

Qiao Xi: "??"

Qin An gritted his teeth in anger. "Little Six, quickly take a look at the trending topics on Weibo. They suddenly trended an hour ago. I don't know who did what behind the scenes, but no matter who did it, it's a fact that Gu Zheng is a scumbag!"

Because Qin An's voice was too loud, Gu Zheng, who was at the side, also heard it clearly. He could not help but look at Qiao Xi.

Qiao Xi lowered her eyes in embarrassment and hurriedly jumped onto the bed. She went to the other side to pick up her earphones and plugged them in. Only then did she heave a sigh of relief. She lowered her voice and said, "I'll take a look now. Calm down first."

She opened Weibo and indeed saw that the trending topics were marked with Gu Zheng's name. Qiao Xi instantly frowned when she clicked on one of the topics.

[The president of Gu Corporation, Gu Zheng, was shopping in the supermarket with a mysterious woman. The two of them were intimate. Less than a year after they got married, Mrs. Gu was abandoned!]

There was a photo of Gu Zheng holding her hand and the two of them shopping in the supermarket.

Qiao Xi: "???" 'Isn't this me?'

Qin An shouted anxiously, "The woman in the photo is wearing a scarf to cover her face and sunglasses even though she's just shopping in the supermarket. She must be a small-time celebrity. She's afraid of being caught being a mistress, so she tried to disguise herself! Little Six, don't worry. I'll kill that bastard right now and settle the score with him. I'll definitely make this adulterous pair pay a painful price!

"Gu Zheng's hand was on that woman's waist, and he was even smiling at her. Does he still care about you, the legitimate Mrs. Gu?"

"That woman must be very ugly. Otherwise, why would she cover her face with a scarf? Her fashion sense is so bad. She has no taste at all. With her figure, how does she have the cheek to be a mistress? Leave that scumbag Gu Zheng now. I'll help you look for a better man. I'll definitely find someone who'll be loyal to you!"

1

Qiao Xi said, "Let me explain—"

Qin An interrupted Qiao Xi and said righteously, "Little Six, I absolutely won't let that adulterous pair bully you! I'll get someone to investigate who that woman is. I'll get someone from Ling Pavilion to capture that woman and make her kneel in front of you to apologize!"

Qiao Xi said nervously, "Wait—"

"I know you like Gu Zheng, but he has already cheated on you. If he really cared about you, he wouldn't have gone shopping with other women so brazenly!"

Qiao Xi was silent for a few seconds before she suddenly asked, "Third Brother, you said that woman's figure isn't good, so she must be very ugly?"

Qin An replied without hesitation, "She's definitely very ugly. Otherwise, why would she cover her face?! She's definitely not as good-looking as you. You have to be confident!"

Actually, to be fair, Qin An felt that this woman's figure was not bad. Her appearance wouldn't be too bad if Gu Zheng had taken a liking to her. However, as Qiao Xi's brother, how could he tell the truth? He would definitely curse the mistress with his sister! Principles were not important at all!

Unexpectedly, the other end of the phone fell silent. Qin An gulped. "Little Six?"

After a moment of silence, Qiao Xi asked in a strange tone, "Third Brother, don't you think this woman looks a little familiar? Like we've seen her somewhere before?"

Qin An scratched his head. "She does look a little familiar. Who is she?"

Qiao Xi chuckled. "The person who used a scarf to cover her face and brazenly went to the supermarket with Gu Zheng is me!"

Qin An: "..."

His mind exploded as his ears buzzed. After a long time, he came back to his senses. His voice trembled slightly. "That woman is you?"

Qiao Xi nodded and glanced at Weibo. Her expression instantly darkened. "I saw the guy who posted it when I was in the supermarket."

She and Gu Zheng had only gone shopping in the supermarket. Moreover, they were not celebrities. Even so, someone actually took a photo of them and posted it online. She was even mistaken for a mistress.

She and Gu Zheng did not hold a wedding after they got married. Netizens knew that Gu Zheng was married, but they had never seen who Mrs. Gu was. It was really one-sided to conclude that Gu Zheng had an affair just based on this photo.

On the other end of the phone, Qin An was still regretting it. He asked while trembling, "Are you angry with me?"

"I'm not angry with you, but some people's methods make me unhappy. They actually used such a stupid method to deal with Gu Zheng. I really pity their IQ."

Not long after, Gu Corporation's official account released a clarification message.

Chapter 894: The President's Gift

Gu Corporation's official account stated: [Hello, netizens. Let's make it clear that the people in the photo are our president and Young Madam. Someone deliberately said that they were having an affair, so we've already sent a lawyer's letter to the person who slandered the president and Young Madam. Please treat this matter rationally and not say anything baseless.]

Actually, Qiao Xi did not care about this matter. At this moment, she was more concerned about something else. She hurriedly asked, "Third Brother, did I leave you for a period of time when I was young?"

Qin An thought about it carefully. "Of course! You've always liked to run around since you were young. You were too young in the past, so I was worried. When you grew up, I wasn't as strict with you anymore. You could learn whatever you liked, so you would be away from us for longer periods of time. I don't know which time you're talking about."

Qiao Xi continued to ask, "Was there a time when I acted a little strangely after coming back as though I lost my memory?"

Hearing Qiao Xi's words, Gu Zheng, who was sitting on the chair, slowly raised his eyes and looked over.

Qin An replied without hesitation, "Lost your memory? How is that possible? If you lost your memory, we would definitely know!"

Qiao Xi only felt a dull pain in her heart. The scene that appeared in her dream just now felt terrifyingly real. Was it really just a dream or was it a trace of memory in her mind? However, Third Brother would not lie to her. If Third Brother said no, then it was either nothing had happened or he did not know the truth.

After hanging up, Qiao Xi suddenly smelled a fragrance as she lay on the bed. She raised her eyes and saw that Gu Zheng was holding a tray in his hand. There was a bowl of seafood porridge and two plates of side dishes on it. He placed the tray on the table and carried the bowl to the bed. He scooped a mouthful of porridge and blew on it before bringing it to Qiao Xi's mouth. She habitually opened her mouth, and the warm porridge entered her mouth with the fresh smell of seafood. Her entire body instantly warmed up.

"We were photographed at the supermarket?" Gu Zheng asked softly.

Qiao Xi suddenly frowned and pouted unhappily. "If you hadn't messed around in the private room, would I have worn a scarf and sunglasses? I wouldn't have been mistaken for a mistress either."

She looked aggrieved and said sweetly, "They all said that I've been abandoned. They said that Mrs. Gu is an abandoned wife of a rich family. They even said that we're already divorced and anyone has a chance to be Mrs. Gu."

Gu Zheng's expression was indifferent as the corners of his lips curled up. "Don't care about those rumors."

Qiao Xi frowned. "How can I not care? Actually, I don't care what they say about me. It's just that I can't stand them saying that you cheated on me. You clearly love me so much and can't bear for me to suffer at all, but you were called a scumbag. Even my third brother was so angry that he said he wanted to poison you.

"They're clearly jealous that you're handsome and rich. They'll magnify your mistakes no matter what. However, they don't know how much effort you've put in behind the scenes. They think that all your current achievements are because you're the son of the Gu family."

Qiao Xi was indignant on his behalf, but Gu Zheng didn't care. He said indifferently, "They're just some netizens who listen to rumors. You don't have to be angry because of this. Those who hate me will hate me no matter how I explain it. Those who like me won't slander me because of rumors, so there's no need to explain. Don't read this useless information either. It'll affect your mood."

"But—"

“Xi Xi.” Gu Zheng interrupted her with a smile. “Those are all strangers who we’ve never met. It doesn’t matter what they think of us. To them, we’re just a topic of conversation. Before long, they’ll have new topics to talk about.”

Gu Zheng glanced at his phone and said softly, “Rest after you’re done eating. I have a meeting tomorrow morning and can’t accompany you to Heavenly Voice’s headquarters, but I’ve already prepared a gift. I believe you’ll like it.”

Other men might have given her a ring and a bouquet of flowers, but Gu Zheng was simple and crude. He gave her an entire company. Indeed, even a domineering president was so generous.

When Heavenly Voice Entertainment was first established, Gu Zheng had said that this company belonged to a friend. It was just temporarily under Gu Corporation’s name and would be returned to her when that friend returned. The company had been developing very well all these years. They thought that since it was handed to Gu Zheng’s younger brother, Gu Yao, to manage, it probably would not be returned to that friend.

However, no one expected that not long after the new year, Gu Zheng would announce that Heavenly Voice Entertainment would leave Gu Corporation and merge with Qingfeng Entertainment. At that time, the new president would appear to handle all the matters of the two companies. This news shocked the entire entertainment industry. It was unprecedented for two top entertainment companies in the country to merge.

Chapter 895: She’s The President?

When Qiao Xi opened her eyes, Gu Zheng had already gone to work. She stood up and went downstairs. After breakfast, she went to Qingfeng Entertainment to meet the person in charge, Li Jiang.

“Mr. Li, I’m going to Heavenly Voice first before returning to Qingfeng to handle the relevant matters.”

Li Jiang replied respectfully, “Yes! Boss, there’s something...”

He hesitated for a moment, and Qiao Xi raised her eyebrows as she asked, “What’s wrong?”

“A woman came to the company this morning and said that she’s your friend. She seems to think that she’s the president. I wanted to explain things to her, but she didn’t listen at all. She already went to Heavenly Voice Entertainment.”

Qiao Xi asked in confusion, “Xue Yi? Or Li Xing’er?”

Li Jiang thought carefully. “I’ve seen both of them before. I don’t know the lady who came today, and she didn’t reveal her identity.”

It was not Xue Yi or Li Xing’er. It was someone Li Jiang did not know. Qiao Xi could not think of anyone else for a while. “Forget it, I’ll go see what’s going on.”

After that, Qiao Xi stood up and left. She drove to Heavenly Voice Entertainment. She was very curious about what kind of surprise Gu Zheng had prepared for her and who the woman who claimed to be the president was.

An hour ago, in the Xia family's residence.

"Mengyan, you said that when you were overseas, you were good friends with Qingfeng's Mr. Li Jiang?" Xia Cheng rushed over and asked excitedly.

Xia Mengyan was sitting on the sofa and drinking tea. She replied hesitantly, "Actually, I'm not familiar with Mr. Li, but I'm very close to Qingfeng's boss."

No one knew who the boss behind Qingfeng was. No one could verify it, so they naturally would not know that she was lying. As long as she could forge connections to Qingfeng Entertainment, she would definitely receive preferential treatment in the country.

Xia Cheng and Old Madam Xia asked in surprise, "Mengyan, then do you know Heavenly Voice Entertainment that's under President Gu's name?"

At the mention of Gu Zheng, Xia Cheng and Old Madam Xia's expressions were a little strange. Such an outstanding man actually married the daughter of their rebellious daughter, Xia Yunqiu. It just so happened that Qiao Xi had nothing to do with the Xia family and would not bring benefits for the Xia family at all. However, if Mengyan married Gu Zheng, then it would be different for the Xia family.

1

When Xia Mengyan heard this, she replied with a faint smile, "Of course, I know! Heavenly Voice Entertainment is the most famous entertainment company in the country."

A trace of hope appeared on Xia Cheng's face. "Yesterday, President Gu suddenly announced that Heavenly Voice Entertainment will be separated from Gu Corporation and merged with Qingfeng Entertainment. He said that he wants to hand over both entertainment companies to one person to manage. That person is related to the president of Qingfeng Entertainment, but that person hasn't appeared yet. I've been thinking for a long time. Could it be that the person he's talking about is you?"

Xia Mengyan's heart skipped a beat, and her expression froze. "No, that's impossible. Xi Xi and I have a conflict, and Xi Xi is President Gu's wife, after all. President Gu probably won't let me be the president."

"Mengyan, you can't think that way." Xia Cheng looked proud. "President Gu has always been clear about public and private matters. What he values is not interpersonal relationships but personal ability. Moreover, since he wanted the two companies to merge, he definitely would've discussed it with the president of Qingfeng Entertainment. That president might have recommended you. Moreover, President Gu might not even know that the person the president behind the scenes recommended is you. Perhaps he just heard that you're a good friend of Qingfeng's president."

Xia Mengyan was so excited that her face turned red. Grandpa was right. Rumor had it that she was good friends with the president of Qingfeng Entertainment, but President Gu probably did not know about it. He only decided to leave this position to the president's friend. Even if President Gu found out in the future, he could not go back on his word.

Sometimes, miracles would happen. Moreover, no one had stood up to say that they were the president, so it was very likely that the person was her.

Xia Mengyan's breathing quickened. "But Gu Corporation didn't call me. Maybe..."

“President Gu said that this was a surprise for that person, so he definitely wouldn’t have informed you in advance. He must have wanted to let you guess.” Xia Cheng was all smiles.

1

His granddaughter was smart and beautiful. He wanted to let that woman from the Yin family see that only the Xia family could nurture such outstanding talents. They should not have left the Xia family back then, and Qiao Xi had no right to be compared to Mengyan.

When Xia Mengyan heard Xia Cheng’s words, a trace of hope surged in her heart. She knew that she was not the friend of the president of Qingfeng Entertainment, but she still wanted to deceive herself. She did not want to give up this rare opportunity.

Chapter 896: Mocked

A trace of greed appeared in Xia Mengyan’s eyes. If she could become the president of the two entertainment companies, not only would she quickly establish herself in Li City and be able to use her current resources to develop her studio, but she would also be able to get closer to President Gu.

2

She smiled and hurriedly went upstairs to change. She went to Heavenly Voice Entertainment in a glamorous manner. She was the eldest daughter of the Xia family. Not only did she know the director of Heavenly Voice Entertainment, but she was also a friend of the president of Qingfeng Entertainment. She was also an internationally renowned designer, Sally. No one was more suitable than her to be the president.

...

At this moment, Qiao Xi had already arrived at Heavenly Voice Entertainment. As soon as she entered, everyone’s gazes landed on her. “Is she a new artist signed by the company? She’s quite beautiful. Who brought her here?”

“You don’t know her?! Look at her clothes. She can’t be a small celebrity who just debuted. She’s President Gu’s wife!”

“What’s Mrs. Gu doing in the company? Today is the day of the merger between Heavenly Voice and Qingfeng. The president will be here soon. We don’t have time to serve this lady!”

A woman sneered. “What’s the use of being good-looking? I heard that President Gu went to the supermarket with another woman yesterday. Isn’t this equivalent to having an affair?”

“That night, Gu Corporation released a clarification message. They said that the woman was Mrs. Gu, but no one believes it at all. If it really was her, why did she wear a scarf and sunglasses? She was so secretive. She was clearly hiding something! I knew that President Gu was only bewitched by her for a moment. After a long time, he lost his interest in her.”

“A rich madam like her should be drinking tea and playing cards at home. Why is she here in the company? Does she know how to run an entertainment company? Could it be that she knows that President Gu has given the company to someone else, so she’s here to cause trouble?”

“Shh... Lower your voice. Don’t let her hear you. No matter what, she’s Mrs. Gu. If we anger her, we’ll suffer!”

“So what? President Gu doesn’t like her anymore. If she causes a scene in the company, the two of them might get a divorce. At that time, do we still have to be afraid of her? Moreover, do you know who the president is? I think she won’t be able to be Mrs. Gu for long.”

“Heh! That’s right! If she dares to cause trouble, we’ll get Director Jiang to chase her out!”

The discussion entered Qiao Xi’s ears. Her expression was indifferent, and the corners of her mouth curled into a cold smile. How was Gu Yao managing this company?! The employees had time to gossip and were not focused on work. Looking at the work IDs on their clothes, it showed that the employees were from the public relations department.

Qiao Xi sat on the sofa in the hall and quietly waited for Gu Yao. Suddenly, loud footsteps slowly sounded. Qiao Xi raised her eyes and saw a cold-looking woman in a beige suit walking toward her. Her eyes were filled with disdain and annoyance.

She had the work ID of an employee of the public relations department on her. Qiao Xi knew that this was probably the legendary Director Jiang. She kept feeling that this director looked a little familiar. When she took a closer look, it turned out that they had met at the supermarket yesterday. Moreover, this woman had been secretly following them. She did not take her words that day to heart at all. Unexpectedly, this person was actually the director of the public relations department of Heavenly Voice Entertainment.

Jiang Qin walked aggressively in front of Qiao Xi and asked impatiently, “Mrs. Gu, why are you here?”

A trace of coldness flashed past Qiao Xi’s eyes as she said casually, “I’m here to work.”

When Director Jiang heard this, she could not help but sneer. “Mrs. Gu, you’re here to work? There’s no suitable position for you here. Mrs. Gu, are you here today for Qingfeng Entertainment?”

At the mention of Qingfeng Entertainment, everyone could not help but look over. They were all filled with mockery.

Jiang Qin snorted. “Mrs. Gu, are you trying to say that you’re the president sent by Qingfeng Entertainment? Although you’re Mrs. Gu, the company has to be handed to someone capable. Do you think you have the ability to manage it? Heavenly Voice is a large entertainment company. Not just anyone can work here.”

Qiao Xi supported her chin and was not angry. Her tone was still indifferent. “The company does need to be handed to someone capable. Since you said so, Director Jiang, then immediately pack your things and go to the human resources department to get your salary for this month.”

Jiang Qin’s expression was gloomy. Qiao Xi actually mocked her for being incapable and saying that she shouldn’t be in Heavenly Voice. However, she entered the company through the formal recruitment

process. It was not easy for her to become the director after so many years of hard work. Just because she was Mrs. Gu, Qiao Xi actually wanted to rise to the top and directly become the company's president?

Chapter 897: The Best Person

Jiang Qin could not stand Qiao Xi to begin with. Yesterday's affair and Xia Mengyan's arrival at the company today proved that President Gu no longer liked her. He might abandon her one day.

Moreover, Jiang Qin had already latched onto Xia Mengyan. No matter how she looked at the situation, she felt that Qiao Xi was a good-for-nothing who only knew how to drink tea and admire flowers, so she became even more arrogant.

"Mrs. Gu, you should know that the position of the president was reserved for a friend of President Gu's. That person is the friend of the president of Qingfeng Entertainment. If you snatch the position, won't you be slapping President Gu's face?"

"After the two companies merge, the president will be in charge of all matters. This position concerns the company's future development. Of course, we can't casually hand it to someone. I believe that even if President Gu comes, he won't let you do as you please. Moreover, the real president has already arrived. Do you still want to use your identity as Mrs. Gu to chase that person away?"

Everyone's eyes were filled with disdain. Miss Xia was already here, yet Mrs. Gu still had the cheek to come and snatch the position. She was really overestimating herself. She did not even have the ability. What right did she have to fight with Miss Xia?

"If we rely on our connections to get to where we are, then there's no need for us to open a company anymore. It's not fair to people like us who relied on our own hard work to survive. After all, who would be willing to work hard for a company like that?"

"That's right! We were all selected to work at Heavenly Voice, so we're naturally more capable than Mrs. Gu. If you say you're the president, we can say the same too!"

Looking at the agitated crowd, Jiang Qin smiled in satisfaction. "Miss Xia is the best candidate to be the president. Mrs. Gu, if you don't want to be embarrassed, you'd better leave quickly. Don't wait for President Gu to personally chase you away. You'll lose all your dignity then."

Qiao Xi heard the words 'Miss Xia' from her mouth and was suddenly stunned. Could it be that this Miss Xia was the person Li Jiang was talking about?

"Mrs. Gu!" Jiang Qin looked unhappy and gradually lost her patience. She shouted, "I'm addressing you as 'Mrs. Gu' today to save you some dignity. Now that President Gu has lost his interest in you, he might divorce you one day. I advise you to be more obedient. President Gu will give you a sum of money on account of your past relationship so that you won't have to worry about food and clothing for the rest of your life. If you insist on making a scene here, you might not get a single cent!"

The corners of Qiao Xi's mouth twitched as a small flame ignited in her heart. What bullsh*t handover ceremony was this? Was this the surprise Gu Zheng was talking about?

She said coldly, "Director Jiang, even if Gu Zheng and I divorce, I'll still get half of the assets. As the boss of half of Gu Corporation, am I still unqualified to deal with you?"

With that, she picked up her phone and sent Gu Yao a message before walking toward the elevator. Seeing that she was about to go upstairs, Jiang Qin shouted in exasperation, "You're Mrs. Gu today, but you'll be chased out of the house tomorrow! You're hoping to get President Gu's assets? Dream on!"

"Director Jiang." At this moment, a gentle female voice sounded. She slowly walked in front of everyone and said softly, "It's natural for Mrs. Gu to come to Heavenly Voice Entertainment. She's here to inspect the work on behalf of President Gu. If Mrs. Gu has really taken a liking to Heavenly Voice, it means that Heavenly Voice is capable and can catch Mrs. Gu's eye."

Qiao Xi abruptly raised her eyes and met Xia Mengyan's provocative eyes. She understood in her heart. It was her!

Xia Mengyan greeted the people around her, then walked in front of Qiao Xi and smiled lightly. "Cousin, are you going to run for the position of president? But I've already officially taken over. You must be doing this on a whim. After all, you don't have the time to manage such a large company."

Qiao Xi rolled her eyes and curled the corners of her mouth. "Miss Xia, who asked you to take over?"

Hearing this, everyone immediately gasped. Jiang Qin was even angrier. "The person who asked Miss Xia to take over the position is President Gu! It was President Gu who personally gave the order. Moreover, he said that all matters would be handed to the president. He asked us to listen to Miss Xia's orders. Miss Xia was sent by the president of Qingfeng Entertainment and is famous overseas. Of course, she's the most qualified person to be the president!"

Xia Mengyan could not help but blush. "Director Jiang, I'm not as outstanding as you say, but I promise everyone that I'll do my best to manage the two companies after I take office. I'll make Heavenly Voice and Qingfeng better."

Chapter 898: Young Master Gu Is Angry

The current situation was that the two of them were fighting for the position of president. Jiang Qin almost did not hesitate to choose Xia Mengyan's side. After all, Mrs. Gu was already an abandoned wife. However, Miss Xia was President Gu's new favorite. Not only was she capable, but she was also the daughter of the Xia family and a friend of the president of Qingfeng. She might even be President Gu's second wife in the future, so of course, she had to help Xia Mengyan.

When Qiao Xi heard the words 'President Qingfeng', she smiled meaningfully. "Oh! Miss Xia, so you're a friend of the president of Qingfeng Entertainment!"

Xia Mengyan smiled and replied, "Yes, I met the president of Qingfeng Entertainment overseas. He's a very outstanding senior and has taught me many things. He can be considered my master."

Jiang Qin praised her proudly, "The president of Qingfeng Entertainment has always been mysterious. All these years, only Miss Xia has seen him. She's very close to him and even learned a lot from him. But what do you know, Mrs. Gu? Do you know the president too?"

Qiao Xi said, "Yes, we're very familiar with each other."

"Keep bragging! Miss Xia said that she knows the president of Qingfeng Entertainment, so you're now saying that you know him too. Looks like you're determined to snatch this position today, huh?"

At this moment, Gu Yao was already standing at the door, looking extremely nervous. "I can't embarrass Gu Zheng or Qiao Xi. I'm the vice president of Heavenly Voice Entertainment. I can do it! I'm the best!"

The assistant said, "Young Master, calm down. You're not the main character today. The company's matters will be handed to Young Madam in the future. You just have to help her, so you don't have to be nervous."

Gu Yao's face was filled with admiration. "How can Qiao Xi be so outstanding? She knows how to play the piano, design jewelry, and translate. Now, the company will even be passed to her to manage. I just want to know if there's anything she doesn't know? Compared to her, I'm simply a pile of mud!"

Just as Gu Yao was sighing, someone suddenly pushed the door open and rushed out. The secretary rushed in front of him. "Young Master Gu, you should hurry in. Something is happening in the hall! Two people are here to snatch the position of the president!"

Gu Yao was stunned for a moment. Two people? Wasn't Qiao Xi the president of Heavenly Voice? Moreover, Qiao Xi was the president of Qingfeng Entertainment. After the two companies merged, apart from Gu Zheng, no one was more qualified than her to sit in this position. Who would dare to snatch the position from Qiao Xi?

The secretary said while panting, "Miss Xia came to the company early in the morning. She's the friend of Qingfeng's president. She should be the new president, but I don't know why Mrs. Gu is here too. She insists on snatching Miss Xia's position. She's too unreasonable!"

The assistant blinked crazily at the secretary. Gu Yao asked with a dark expression, "Who did you say is the president?"

The secretary replied in fear, "Miss... Miss Xia!"

"You don't even know who the president is? If that's the case, you don't have to stay by my side anymore." Gu Yao, who had always been good-tempered, suddenly had a cold expression. "Moreover, what right do you have to criticize Qiao Xi? Are you worthy? Get out of my sight immediately!"

The secretary's body went soft, and her lips turned pale. "Young Master Gu, I... What did I do wrong?" She was just telling the truth. Mrs. Gu was unreasonable. She should not be snatching Miss Xia's position!

Seeing that she was still unconvinced, the assistant said helplessly, "On the account that you've been by Young Master's side for a few months, I won't fire you for the time being. Go to the grassroots department and reflect on yourself. Moreover, who are you to gossip about Mrs. Gu's identity? With her background and ability, does she need to snatch a position from anyone?"

At this moment, the secretary's eyes were filled with regret. It was because she listened to those people's words that she was momentarily muddle-headed. She thought that Mrs. Gu was not favored anymore. Now, she realized that Mrs. Gu was the real president. Miss Xia was clearly here to ruin things.

When Gu Yao entered, he happened to hear an arrogant voice. “Miss Xia is the president. Mrs. Gu, do you have any objections?”

Who was so shameless?

Gu Yao was about to speak when Qiao Xi happened to look over. The two of them looked at each other. Although they did not say a word, they had a special tacit understanding. He did not say anything and suppressed his intense anger.

However, he really wanted to curse. This was Gu Zheng’s company, yet his subordinates actually dared to bully Qiao Xi? Were they all crazy? He had to teach these ignorant people a good lesson today and teach them what respect was!

Chapter 899: I Hope You Won’t Regret It

“Young Master, calm down. You’re the vice president of Heavenly Voice Entertainment. You have to take care of your image. You can’t scold or hit anyone. You can’t embarrass Eldest Young Master!” the assistant hurriedly advised.

Gu Yao panted heavily and clenched his fists tightly. Xia Mengyan was really shameless. She was actually pretending to be the president of Heavenly Voice. Who gave her the confidence?

He wanted to get Li Jiang from Qingfeng Entertainment to bring all the higher-ups over and respectfully call Qiao Xi ‘President’ in front of everyone. That scene would definitely shock everyone, but Qiao Xi did not let him do it. Could it be that she had a plan?

Gu Yao and his assistant were standing in a corner. At this moment, everyone’s gaze was on Qiao Xi. No one noticed the two of them at all. After Jiang Qin lost her temper at Qiao Xi, Xia Mengyan pretended to be a good person and shook her head helplessly. “Xi Xi, if you really want to be the president, I can discuss it with the president of Qingfeng Entertainment. As long as he has no objections, I can give the position to you. After all, you’re my cousin. However, you using your identity as Mrs. Gu to snatch this position won’t be good for your reputation if news of this gets out.”

Qiao Xi smiled meaningfully. “You really shouldn’t snatch someone else’s position. You’ll be mocked by others.”

Xia Mengyan said awkwardly, “Xi Xi, today is the day of the merger of the two companies. Everyone is very busy. We don’t have time to deal with complicated matters. Can you sit in my office first? We can have a good chat there, but the handover ceremony will be held soon. I won’t be able to accompany you then.”

“Miss Xia, you have to hold the handover ceremony later and have some documents to sign. How would you have the time to accompany her?” Jiang Qin said indignantly, “Mrs. Gu, do you know how much we have to do today? We all have to earn money to support our families, unlike you. You only eat, drink, and play all day. President Gu can support you. If you’re really bored, you can find a place to relax. Don’t come here to cause trouble. If President Gu finds out that you disturbed the handover ceremony, he’ll hate you even more!”

Hearing Jiang Qin's words, Xia Mengyan smiled apologetically, but the corners of her mouth curled into a victorious smile. She advised gently, "Xi Xi, don't mind her. Director Jiang is a little angry because she's too busy. After we finish the handover ceremony and if you still want to be the president, I can give that position to you. But don't make a scene now, okay?"

Jiang Qin snorted. "Miss Xia, you're too kind. Even if you give the position to Mrs. Gu, she won't care about you. Moreover, not just anyone can sit in the position of the president. What has she done for the company?"

"It's okay, I don't care about this. Xi Xi is my cousin, so I should give in to her." Xia Mengyan smiled and shook her head, then turned to look at Qiao Xi. "Xi Xi, go upstairs first. I'll look for you after my meeting."

As soon as she finished speaking, Xia Mengyan left in a hurry. Jiang Qin glanced at Qiao Xi with a mocking gaze. "Since Miss Xia has allowed you to go upstairs, then go ahead. I just hope that you'll watch yourself and not do anything irrational again."

"Director Jiang." Just as Jiang Qin was about to turn around and leave, Qiao Xi called out to her.

Jiang Qin turned around impatiently. "What?"

Qiao Xi's eyes were icy-cold, but the corners of her mouth curled up slightly. Such a smile caused one to shudder. She chuckled and said, "I hope you won't regret your decision today."

Jiang Qin snorted. Could it be that she still planned to complain to President Gu? Everyone in the company knew that President Gu was having an affair. He had long looked down on her, Mrs. Gu. How could he stand up for her?

A few employees gathered together and discussed in low voices. "Mrs. Gu must be thinking of complaining to President Gu after being wronged. I really don't understand how such an outstanding man like President Gu could marry such a woman."

"A few days ago, there was news that Mrs. Gu is the composer, Fu Sheng. She's also the chief designer of Liuli. Actually, she's very outstanding too!"

"So what if she knows how to compose and design clothes? It doesn't mean that she knows how to manage the company! Miss Xia is the internationally renowned perfumer, Sally. She's also the eldest daughter of the Xia family. She has a good family background, she's beautiful, and she's talented too. I heard that she even took over her family's company and has been managing it well. Most importantly, she's a friend of the president of Qingfeng Entertainment!"

Chapter 900: Scram With Her!

"Even if she complains to President Gu, President Gu might not be on her side. After all, President Gu is able to make a clear line between personal and work matters. He'll definitely think about the company's interests. How can we give such an important position to a rich madam who only knows how to eat, drink, and play?"

“That’s right! Miss Xia was chosen by the president of Qingfeng Entertainment. How could that be changed so easily? No matter what, President Gu has to show the president some respect.”

Hearing everyone’s discussion, Jiang Qin cleared her throat and said seriously, “You should all know that the president of Qingfeng Entertainment is a business genius. All the programs he invests in are very popular, and his taste is very sharp! Hence, the person he has his eyes on will definitely be fine. Miss Xia, you definitely have the ability to be the president and lead everyone to glory!”

When Qiao Xi went upstairs, she happened to hear this. She agreed with this very much. She also felt that the president of Qingfeng Entertainment had sharp eyes and was a business genius.

When Gu Yao saw her going upstairs, he hurriedly followed her. His handsome face was filled with anger as he shouted hysterically, “Qiao Xi!”

“Are you trying to scare me to death by shouting so loudly?!” Qiao Xi frowned unhappily.

Gu Yao said angrily, “When did you become so weak? Those people are all pointing at your nose and mocking you, but you’re not saying anything? If you can’t win, I can help you! Why don’t you let me make a sound?”

Qiao Xi paused for a moment and rubbed his slightly bristled hair. “Don’t be angry anymore. I’m only doing this to see through some people. If I want to take over Heavenly Voice Entertainment, I have to know who’s loyal to me. Just take Director Jiang for example. Don’t you think that it’ll be a waste to keep this person in Heavenly Voice?”

Gu Yao instantly reacted and looked at her with admiration. “Qiao Xi! You’re really too smart!”

Qiao Xi smiled disdainfully. Didn’t Jiang Qin like to curry favor with Xia Mengyan? Then she should scam with her!

At this moment, everyone from Heavenly Voice Entertainment was preparing for the handover ceremony. Everyone’s positions were still the same as before, and the company’s business had not changed much. Heavenly Voice would still be focused on movies and TV shows, while Qingfeng was focused on variety shows. The two companies would not compete for benefits. At the same time, they could exchange resources and broaden their network of connections to achieve a win-win situation.

However, although Heavenly Voice Entertainment was ready, the people from Qingfeng Entertainment were still nowhere to be seen. Previously, they had agreed that the person in charge would definitely be here before 10, but it was already noon and there was still no sign of him.

Xia Mengyan suddenly had a bad feeling and wiped the sweat off her forehead. Could it be that the president of Qingfeng Entertainment knew that she was pretending, so he canceled the merger?

However, this was impossible! If the president really knew about it, he would definitely have sent someone to expose her instead of doing nothing.

Jiang Qin was so anxious that she stomped her feet and hurriedly called the people from Qingfeng. Unexpectedly, the other party’s response was that their people had already made their way over, but the employees of Heavenly Voice Entertainment did not welcome them, so they left.

Hearing this, Jiang Qin's face instantly darkened. She flew into a rage at the few receptionists. "Who received the person in charge of Qingfeng? I told you long ago that today's handover ceremony is very important and you must be 120% focused, but you actually chased the person in charge of Qingfeng away?"

The few young ladies lowered their heads with tears in their eyes. They had been waiting for the entire morning, but the person in charge of Qingfeng Entertainment did not come to visit at all. Moreover, they were not rude to anyone. Could it be that there were too many people in the company today and it was a little chaotic? Did the person in charge leave angrily when he realized that no one was around to welcome him?

At two in the afternoon in the vice president's office, Gu Yao questioned with a gloomy expression, "Where's the person in charge of Qingfeng Entertainment? Director Jiang, I handed the matter to you. Is this how you do things? Do you still want to work here?"

Jiang Qin's heart trembled. She knew that President Gu valued the merger of the companies very much because President Gu had said many years ago that he founded the company for a friend. She guessed that the friend was the president of Qingfeng Entertainment, but the president had handed the company to Xia Mengyan to manage.

If something really went wrong during the handover ceremony, not only would she offend President Gu, but she would also offend the president of Qingfeng Entertainment. Her future would be completely ruined. Jiang Qin was so afraid that she broke out in a cold sweat. She went out of the door and asked Gu Yao's assistant for information. "Assistant Gao, what exactly did Qingfeng Entertainment say? Did we not receive them well, or was it because of something else?"
