### Last Building on Earth Chapter 2

Wang Xuan also stopped immediately. He also saw a white off-road vehicle blocking in front of them. The off-road vehicle hit a load-bearing column, the front of the car was badly damaged, and the front windshield was shattered. The airbags inside were all popped out, and the glass on the side of the cab was shattered. Several people could see it clearly. There was blood splattered on it, and no one could be seen. I wonder if there were any casualties.

This was a serious-looking car accident, less than ten meters away from where their car was parked, but they hadn't seen the car accident when they parked ten minutes ago. Could it be that this is a car accident that happened just now? It's just so violent Collision, how come they didn't hear any movement?

The doubts in the hearts of several people are getting bigger and bigger. Of the three girls, Gu Manyao is the most daring. She takes a few steps forward to see clearly.

Wang Xuan immediately stepped forward and blocked her. He felt that what happened here today was getting more and more strange, and he was

inexplicably worried that Gu Manyao would be in danger if he got closer, but he couldn't tell what the danger would be.

"Don't look at it, let's get in the car first, and then call the police that there was a car accident here."

Gu Manyao glanced at Wang Xuan, saw his solemn expression, and nodded.

The inexplicable unease atmosphere was getting stronger and stronger, and even Wang Qin had a premonition that she stopped eating her potato chips.

The five people bypassed the off-road vehicle in front of them and walked towards Zhao Lei's car parked ten meters away.

Wang Xuan took out his mobile phone and prepared to call the police, while walking around the off-road vehicle. He couldn't help but turn his head to look at the off-road vehicle's co-pilot. At this sight, his whole body suddenly stood up.

The passenger door of the off-road vehicle was open, and a man covered in blood fell down on his head and feet, his body twisted irregularly, his legs resting on the passenger seat, but his head stuck into the bottom of the car. All heads are gone, and white matter is faintly flowing out of the ground.

This man's posture is very strange. The clothes and flesh on his back are torn apart like sharp claws. His flesh and blood are blurred, and bones are faintly exposed inside, as if he was attacked by a beast.

Zhang Qianwen also saw it, she couldn't help screaming, her face turned pale with fright, she was so big, and it was the first time she saw such a \*\*\*\* scene.

Zhao Lei, Gu Manyao, and Wang Qin all stopped. Everyone was shocked when they saw this \*\*\*\* and terrifying scene.

Wang Qin just glanced at it and turned her head away. With a "wow", she spit out all the potato chips she just ate.

"Hurry up and call the police!" Zhao Lei reacted, busy grabbing the phone from his trouser pocket.

"Let's get in the car." Zhang Qianwen's voice contained a hint of crying. She felt fear. After walking around this dark underground parking lot for ten minutes without finding a way, she was already a little uneasy. Now she suddenly sees this terrible She was terrified of the car accident and the death, and ran to the place where Zhao Lei's car was parked as she spoke.

A few people were a little scared in their hearts, so they didn't dare to stay to check carefully, and accelerated their pace and followed Zhang Qianwen to Zhao Lei's car.

"No signal!" Zhao Lei took out his mobile phone and found that there was no signal on the mobile phone, and he couldn't even make a call to the police.

Wang Xuan was holding the mobile phone, his face was a little ugly. Just when he was about to call the police, he found that the mobile phone had no signal.

Although he was not timid, the uneasiness in his heart was getting stronger and stronger at the moment, especially the scar on the back of the corpse that was twisted a little weirdly didn't look like it was hit, but it looked like it had been attacked by some kind of large beast, which made him I was full of unease.

Thinking of the beast, he couldn't help but turn his head and glance again, and suddenly noticed that two green lights appeared in the dark off-road vehicle, like the eyes of a wolf. follow them.

With a trembling in his heart, Wang Xuan's hair immediately stood on end.

"Get in the car quickly!"

Almost instinctively, Wang Xuan roared at several people, and suddenly accelerated towards the co-pilot of Zhao Lei's car.

Zhao Lei and others are not stupid. They all felt that something was wrong, and they were scared. Suddenly they heard Wang Xuan shouting so loudly. They speeded up and ran towards the car.

Wang Xuan was the first to open the co-pilot's door, and while sitting inside, he looked at the off-road vehicle again. He saw a blurry black shadow swaying slightly from the interior of the off-road vehicle, but Because of the dark light and the distance, he did not fully see the true appearance of the blurry shadow, and could only vaguely determine that there was something terrifying hidden in the compartment of the off-road vehicle.

Zhao Lei, Gu Manyao, Zhang Qianwen, and Wang Qin got on the bus one after another.

"Everyone, close the doors and don't open the windows. Zhao Lei, hurry up and get out of here. There is something hidden in the car. It is possible that the person was killed by this thing." There is a sense of security in the car.

Zhao Lei nodded nervously and fastened his seat belt, then started the car. At this moment, there was a sudden thud, and there was a sound of something falling on the roof of the car.

The voice sounded, and the five people in the car were all nervous and looked up at the car.

Wang Xuan was still calm, and he shouted, "Drive!"

Zhao Lei immediately stepped on the accelerator, grabbed the steering wheel and drove forward, wanting to leave here along the same path.

At this moment, from above the front windshield, a black shadow suddenly slid down the glass, and a mass of black shadow smashed heavily on the windshield in front of Zhao Lei, making a huge dull sound.

Suddenly, Zhao Lei thought that a huge black shadow would suddenly appear on the glass in front of him. He instinctively screamed. He stepped on the accelerator too hard, the steering wheel in his hand turned slowly, and the car could not turn completely. , almost rushed out diagonally, and slammed into a car parked on the other side of the oncoming aisle.

A loud "bang" sounded, and several people exclaimed in surprise. Zhao Lei was the only one in the car who fastened his seat belts. Fortunately, Wang Xuan responded quickly, grabbing the handle above the window and barely holding his body.

The three Gu Manyao girls sitting behind were not so lucky. They didn't understand what was going on. They only felt a huge force pushing their bodies forward. Gu Manyao slammed into the back of the seat Wang Xuan was sitting on. Zhang Qianwen, who was in the middle, was the most unlucky, and slammed into the roof of the car.

Wang Xuan saw that under this huge impact, the black shadow that fell from the windshield was thrown out and disappeared from his field of vision instantly.

Zhao Lei saw it too, his face full of horror.

"Reverse the car!" Wang Xuan was calmer than him.

Zhao Lei came back to his senses from the panic, and was busy pushing the gear \*\*\*\* to reverse. As soon as he stepped on the accelerator, he turned the steering wheel with both hands connected. He wanted to turn the car diagonally to the right and come back. It didn't take long for the certification, and now in a panic, the steering wheel was turned in the wrong direction.
