"At least Rei change her clothe that covered by her sweat awhile ago" Tae go back to the dining room and cover the food then back to Rei.

"You must be really tired, My Love" then kiss her forehead and just seat there.

Tae is waiting for her to wake up, he didn't do anything, just observe and looking at her. Pass 8, Rei start to waking up and notice Tae just seating while looking to her.

"Oh, what time is it Tae?"

"8:30pm Rei" Answered while assisting Rei to get up.

“Thanks, and did you eat your dinner already?”

“Not yet and I’m waiting for you”

“Oh, sorry and thanks Tae”

“I’m going to reheat the foods first and I will call you if it’s done”

“Uh-uh”

Tae reheat the foods using the microwave, after 15 minutes, it’s done. Instead of calling her, he go to the living room and fetch her. Rei heard his step and wake up since she just taking a nap.

“Are you really that tired?”

“Uh-uh since my body still adjusting for your training but I would be alright by if I’m already used of it”

“Sorry”

“It’s alright Tae and it’s for my own good”

“Uh-uh and I don’t want to witness it again when you almost got stabbed”

“Uh-uh and I just let my guard off because you’re with me that time”

“Oh, so you mean if I’m not there you can dodge it?”

“I’m not bragging but yes I can dodge it Tae”

“Then I will test you for that tomorrow”

“Eh?”

“Nothing and let’s eat now. You can go to your room after eating while I’m washing the dishes first before going to the guest room”

“Okay”

The two eat beside each other and then Rei entered to her room after eating while Tae wash dishes. Rei didn’t sleep right away since she’s still full and when she feels that it’s already digest it well, she then sleep. Without knowing the two sleep at the same time.

On the next day, being an artist Tae awake earlier compared to Rei but Rei is also an early person, so by the time Tae almost done preparing their breakfast, Rei awake and Tae heard her door opening.

“Ha, ha as expected she’s really My Rei. Even it’s already no schedules for her work and it’s already vacation she still wake up early and even she was so tired yesterday from the training I give to her”

Rei just go directly to the living area and practice what Tae teach her yesterday, of course she begin by warming up first. Yes, Re is really like this, she will practice and train herself to get better.

“Eh, where is she?” Tae wondered why Rei not coming to him, so he put off the burner and search Rei. Before he search, he heard a noise from the living room so he went there directly and saw practicing what he taught her yesterday. He just watch and observe her silently.

‘Rei got it perfectly and almost mastered from it compared yesterday’

Rei can feel someone watching her and she didn’t get scared because she knows that he is Tae, her boyfriend. Instead of getting fl.u.s.tered she just ask him while practicing.

“Tae how is it?”

“You got it right and how did you know I was watching you?”

“I can feel your presence”

“Oh, let’s eat now Rei”

“Okay” then Rei approach him and again hold his arm “why do I feel that you’re becoming a chef cook to me?”

“As long as it’s for you, then I’m willing”

“Then let’s just take a turn”

“No it’s alright with me and let’s buy ingredients”

“Isn’t enough?”

“Silly Rei, I’m just making excuses to have a date on you”

“Oh”

“So let’s have a date Rei and we will go back around 12pm. Let’s eat our lunch outside”

“Sounds good but where?”

“Somewhere so I will just tell where are we going”

“Okay”

The two already done eating and already done bathing, so now the two already in the parking area. Tae just wearing a glass, cap then simple plain t-shirt and pants while Rei just as herself and wearing plain t-shirt and jeans.

“So where I’m going to drive, to the left or right side”

“Left side and just 1km away from here”

“Okay” then Rei drive and after 15 minutes they arrive but she’s not sure “are we here?”

“Yes, we arrive and let’s go now” Tae didn’t surprise that Rei able to locate right away because being a secret admirer for almost 2 years, he really know that Rei is amazing and a genius one.

“Okay”

The two of them got out from the car, Tae approach Rei and hold her hand. They walk and Rei didn’t ask anything and just follow where Tae going to lead her.

“We’re here”

Tae led her an empty spacious lot but not enough to build a buildings. Rei look to the spacious lot and just guessing it.

“Is it owned by you, Tae?”

“You guess it right Rei as expected for you. Are you not going to ask me what I’m going to do with this lot?”

“I will respect you Tae and willing to wait for your explanation”

“Thanks Rei and that’s the reason why I bring you here”

“Eh?”

“I bought this lot when I was on my 20’s, I already debuted for 3 years so I used my saving to buy this. That time I just buy this space because I don’t know what will happen to my career of being an artist. And then when I becoming more m.a.t.u.r.e, I already decide that when I’m already married and have my wife and my own family and no longer an artist, we will build a business together in this lot”

Rei just listen him but after hearing the words wife and own family, she feels a sudden prick to her heart then told herself.

‘I’m just a Trial Girlfriend and his future Girlfriend. I wonder if I would be that person who’s Tae going to married with and be the mother of his kids’ Rei already sad from her thinking but pretend she didn’t get affected by this and just showed a natural expression.

“So Rei what’s your opinion of this place?”

Rei look around and commented on him even though she feels sad “it’s a good place Tae and a perfect place to open a business in here.”

“I’m sure my own family will be proud of me especially my future wife”

Again Rei feels a sudden prick to her prick

“yeah surely is and they will proud of you Tae”

“Thanks Rei”

Chapter 103 - El & Lyn and Family Restaurant: S Country Branch

“Mmm... what is it Rei?”

“I’m just going to ask you, by knowing this restaurant name what are your thoughts about it?”

“Mmm....it’s just a guess okay”

“Okay”

“I guess it’s a family restaurant and this El & Lyn might be a husband and wife”

“Yeah you guess it right, Tae”

“Eh?”

“So when did you discover this restaurant?”

“When I become infatuated with you”

“Almost 2 years?”

“No, no, no and I guess they just celebrated their 1 year anniversary last month and also I only visited once together with the team”

“November?”

“Uh-uh”

“When?”

“Four days after my birthday”

“So November 14?”

“Uh-uh”

“Have you already visit this restaurant after your birthday?”

“Of course but in my disguise and I guess it’s my fifth visit today”

“So you’re the one who recommended it?”

“Uh-uh, yeah because the one I love is from C Country and I want to try what she eat when she’s in C Country but then I’m too late since the managers already know about this restaurant existence”

“Figure it out, how about the staff, the management and the owner?”

“They’re all Senians but I don’t know the owners” then Tae suddenly realized that Rei asking him many questions “by the way Rei, do you perhaps know this restaurant?”

To avoid any misunderstandings or any mishaps, Rei didn’t lie but instead telling the truth “I know and before we enter, I can explain it to you Tae, so do you want to hear it?”

“Uh-uh”

‘Tae agreed right away and yet he don’t want to hear my answer about our relationship but well I understand him’

Tae notice the expression of Rei, so he asked concernly “what’s wrong?”

“Nah, it’s that I realized you agreed it right away and yet you’re not going to hear my answer about our relationship”

“It’s different matters Rei, this is just a restaurant while our relationship is serious”

“Ha, ha I know Tae but are you really sure that you’re not going to hear it?”

“Uh-uh and I still have a long days to hear your answer and I’m already satisfied that we’re in a Trial Relationship. So Rei, I told you to think it thoroughly so don’t get it rush”

“.....” speechless

“By the way, let’s receive our seat first since this restaurant is really popular and many costumers will make reservations and bookings, so in order for us to eat here we make it hurry and I will listen to your explanation when we’re on the way to go home”

“Okay”

“Rei?”

“Hmm?”

“I’m not manipulating or controlling you, okay”

“Yes, I know” then give him a kiss on the cheek and said “common, you just said this restaurant is popular”

“Yeah, let’s go”

The two entered in the restaurant and got welcome by the staff.

“Good Day Sir and Ma’am, sorry to tell you but we’re fully book and don’t worry the management will not refuse any customers, so if you willing to wait, we will give you a priority number and wait for your turn to got serve, is it okay Ma’am and Sir?”

Rei look to Tae and let him decide.

“Yes Miss, we can wait”

“Okay Sir and here’s your priority number. You’re on 30 for our waiting guest and you can wait in the resting area” pointing where it is “but if you really can’t wait we have a delivery services so that it can’t waste your and your partner’s time”

“It’s alright we have plenty of time to each other”

“.....” the staff is speechless for him and if she know that this man is the chic and quiet main vocal of M’dol then she might faint and collapse for her discovery of him because she can’t believe that this is the Woo they know.

Rei notice the expression of the staff and just nodge Tae on his elbow while talking to the staff “it’s alright Miss, we can wait and thank you for your service”

“A...ah, yes Ma’am and this way for the waiting area Ma’am”

“Thank you Miss”

Rei and Tae go to that direction led by the staff then the staff who assist them said something that enough for Tae to heard.

“Woah, what a real beauty she is” then suddenly get shivered because she can feel that someone’s glaring at her.

Yes, that’s right and the moment she speak that compliment Tae already glaring at her, Rei oblivious to this and just ask Tae.

“Who are you glaring at, Tae?”

“.....”

Then Rei look where Tae looking and said to him jealousy.

“Oh, that’s staff is pretty and you already look to another lady even when I’m with you”

Tae heard her unusual tone and realized something.

“Rei, are you jealous?”

“.....”

“Yes you really are”

“Silly”

“You’re jealous right?”

Rei didn’t admit vocally but her expression said so and then look around that she notice all female staffs are all good looking so she drag Tae right away to resting area. Tae quite amuse of her reactions.

“Tae, come on let’s seat and I’m quite tired of standing”

“Okay” agreed while smiling

“Why are you smiling for?”

“You”

“...” ‘do I like funny?’

The two seat in the resting area. Rei observed the restaurant and realized that this space is more bigger compared to the main branch. By observing, she can tell that it can hold 1,000 guests and by estimating the space, she can also tell that it consist of 3 function halls. Rei observe the resting area and from the word resting it’s really resting area since it’s consist of TV, 100 seats for waiting customers and the other side is the number for the waiting list to be serve. Rei look again to the other side since it’s just divide by a clear glass, so Rei can see it all, she discovered again that all of the staff are all good looking.

'Did Mei and Lyn plan to open an entertainment company?' Rei wondering.

Rei is immersed on her observing that she didn't realized that Tae is talking and calling her attention.

"Rei, how is it? This restaurant is really popular as I say, right?"

"...."

"Rei?"

'What's she's thinking now?' Tae look where she's looking at but he can't tell where she look, so Tae just seated and wait for her to return her senses since he can't attack a surprise kiss because they're in public area. Tae just hold her hand tightly for getting Rei attention back to him since they're already holding hands the moment they exit in the car.

Rei still thinking and suddenly feel the tight hold of her hand then realized that Tae is with her.

"Oh, sorry Tae"

"At least you realized that I'm with you"

Rei didn't answered him because she notice that the two elders customers didn't take a seat and just standing. Yes, the waiting area seats are already occupied, so they stand and Rei offer the seats.

"Ma'am and Sir, you can have our seat. My boyfriend and I will just stand"

Chapter 104 - El & Lyn and Family Restaurant (Part 2)

The two elders heard Rei and gladly thanking her for offering a seat for them.

“Thank you Miss and Boya”

Both Rei and Tae automatically stand the moment Rei offered the seat to them.

“Boya?” Rei mumbly asked Tae since it her first time to heard this and Tae whisper to her knowing her origin.

“The elders are all calling like that when they’re talking to a young man like me”

“Ooh”

“Ma’am and Sir, you can take our seat and it’s alright for us to stand”.

“Thank you Boya and you have a pretty girlfriend who also kind to offer the seat to us”

“You’re welcome Ma’am and thank you”

The old lady is a chatter so she talk to them like they’re a family even though they just meet Rei and Tae while her husband is very a quiet person.

“Are you on a date, Boya?”

“Yes Ma’am”

“Oh, same for us since it’s our wedding anniversary but this husband of mine forgot to book in advance and now here we are waiting for us to get serve”

“...” her husband just looking to her and by that looks of him she understand that her husband said to her that I already apologized to you

“Tsk, I know”

The two elders are busy talking that they didn't see in the monitor or even heard their number got called.

“Excuse customers, is there P10, here?”

“ ... ”

“May I call the attention of P10?”

“ ”

“P10?”

“ ... ”

After noticing the situation, Rei interrupt the teo elders and ask them “ah, Ma'am excuse for interrupting ypu but may I know your priority number?”

“It's P10 Miss why?”

“Oh then your number just got called already, Ma'am” then Tae assist Rei by calling the staff.

“Miss customer P10 are here”

“Miss, do you know Gyu?”

“Yes Ma’am and he’s our Branch Manager”

“That idiot, he didn’t reserve us in advance”

“.....”

“Do you know where is he?”

“Yes Ma’am and do you want me to call him?”

“Nah, don’t mind him and that brat why he didn’t get fired by your boss?”

“.....”

Her husband just apologize for his wife.

“Miss I’m sorry for my wife attitude and don’t bother about Gyu”

“It’s alright Sir”

“You and Gyu are really alike. Both of you are ins.e.n.s.i.t.i.v.e one different with that Boya and Pretty Lady”

“...”

“By the way, where our seat Miss?”

“Ah, this way Ma’am”

“Thank you Miss and about that please tell your boss not to fire our Gyu”

“ ... ”

Tvur ovu ojm uituzl dmiimj ovu lofdd.

“I bet that Gyu they mention must be an only son”

“Yeah, he must be but for now I will pay my attention to you, Tae. Ha, ha perhaps you will be get mad after not getting attention from me”

“At least you know Rei and let’s take a seat now”

“Oh, right” then the two of them seat again and continue talking then Rei teasing Tae even though she already know but she want to heard it from him. “so Tae tell me the truth, did you visit this restaurant because of me or because of the pretty staffs here?”

“You already know the answer, Rei”

“Uh-uh but I want to hear it from you”

“Silly” then whisper to her “it’s because the one I love is from C Country beside the one I love is more pretty compared to the staffs here”

Rei blush and said to him “silly”

“Rei, I’m already hungry and why this restaurant serve delicious food and now they’ve become more popular”

“Ha, ha don’t worry and almost our priority number to be called next”

“Rei, Rei?”

“Mmmm?”

Tae looking around and then whisper to her “next time if we’re going on a date and coming to a popular places like this let’s disguise as an elder”

“It’s cheating, silly”

“But I’m already hungry and we’re still waiting”

“Mmm right but I heard someone telling the staff that he can wait since he have plenty of time”

“It’s because I’m with you”

“Oh I see but last time when you dine here, did you wait also?”

“No we didn’t since Manager Han book in advance”

“Ha, ha, ha I see”

The two are immersed in chatting that they didn’t notice that there number already appeared in the screen, so again the staff called the attention of the customers but this time that staff assigned is a rude one.

“Excuse customers, is there # 30 here”

It's only one call and the couple got their attention and said in sync.

"Here, Sir" Tae and Rei stand from their seat and approach the staff who called them.

"Ma'am and Sir, follow me" in a rude tone.

They heard his rude tone but they didn't take it to heart and just follow him. The other waiting customers heard him and just commented.

"He is quiet rude, right"

"Yeah, lucky for him that those two are not hot tempered or else that rude staff will be kicked out for sure"

"Hey, hey, do you think that those two are celebrities?"

"Now you ask that one, you may be right and the man must be the popular one since he's wearing a cap and eyeglasses while the lady is less popular since she didn't cover anything from her face"

"She will be more popular since she's a real beauty"

"Yeah but well she's already taken"

"Excuse customers, please be attentive to your number and don't chat like it's your own place. Now is their customer # 32, here?"

"Ah yes here" a man and a lady stand from their seat who just seated quietly

"Another couple on a date. Tsk, another flower vase who uses her beauty to seduce a man"

PAK

The rude staff got slap hard by that lady since flavor vase means a p.r.o.s.t.i.t.u.t.e who sell her body to a man.

“Where’s your Manager?”

“Sir, do you know that by saying that one you can be charge by oral defamation?” the lady partner said.

Chapter 105 - El & Lyn and Family Restaurant (Part 3)

The staff assist Rei and Tae to the seats available then give the menu to them.

“Here’s the menu, Ma’am and Sir. If you already decide for our orders then call any of us”

“Okay” Tae answered

“Flower Vase” said it mumble but the couple heard him but they didn’t make it big because Rei don’t want Tae to be get expose of his identity.

Rei hold Tae tight and said “it’s alright Tae, let him be like that, karma exist”

“Okay and if I’m not.....”

“Shh, his still near Tae”

“Uh-uh”

The two heard that he got called by their superior and got asked to call the customer again.

“Mr. Fu, please call customer # 32”

“Again?”

“Mr. Fu mind your manners”

“His really rude, Tae”

“Yeah and I think he is still new here since last month I didn’t see him here”

“Mmmm”

The two and others heard a loud slap and the voice of man and lady.

PAK

“Where’s your Manager?”

“Sir, do you know that by saying that one you can be charged by oral defamation?”

All of them can heard it clearly because the

surrounding are not that noisy since mostly of the customers are chatting quietly.

“Where’s your Manager?”

‘Why her voice is sounds familiar?’ Rei think.

“Sir, you must apologize to my wife first”

‘And why his voice sound familiar too?’ Rei think again but still confuse if she’s right or not.

A staff running to the Manager Office and called him right away. Then all customers see a refined man walking to the resting area and heard their conversations.

“Mr. Fu we already reminded you to mind your manners. Please apologize to them”

“I didn’t do anything wrong Manager Gyu”

“Are you sure Mr. Fu?”

“Of course”

“I apologize on his behalf Ma’am and Sir” then look to them and suddenly realized who are they “Eh, M...Mr and Mrs Lin”

‘Mr and Mrs Lin? Nah, I got it really wrong and they just have the same voice of the person I know’

“Oh, you know us Manager”

“Uh-uh but for now let’s settle this in the office”

“Okay”

—— Back to Rei and Tae ——

Rei and Tae look to the menu then select for what they’re going to order. All the customers who have heard the commotion just eating again after the one who cause the commotion left and entered in the office. All customers including Tae and Rei act like nothing happened at all.

“Tae, Tae, I want to recommend you something”

“Mmm...okay what is it since you’re a resident and citizen in C Country?”

“This one.” point one from the menu “I assure you it’s delicious” Rei confident because it’s Lyn specialty.

“Really?”

“Uh-uh, why?”

“We tried it last time since we just said the staffs here to recommend us what’s their top specialty since it’s our first time but it’s not that delicious, I will tell you what is it that’s more delicious compared to what you recommend now”

“And what is it?” ‘It’s Lyn specialty after all’

“This one, this one and this one. I will order it now and for sure you will find it delicious compared to what you recommend awhile ago. Well the teams find it delicious but Zi assure this is more delicious”

Tae called the staff and make an order while Rei look to where Tae point and just realized that three of them are all her specialties and suddenly blush ‘this man even his taste can tell it’s me’

After ordering Tae told to her “Rei, I just realized”

“Mmmm” ‘did Tae realized it’s me who prepare that recipes?’

“Awhile ago you just said that it’s a family restaurant and now I realized that maybe all members of the family contributes and have their own specialty. The most I love for the menus are these three and I want to meet the chief who made this recipe.”

“Cough, cough, cough”

“Eh, Rei are you alright?”

“Now I just realized something, Tae”

“Eh what is it, Rei?”

“You’re taste is really bias”

“Eh, what do you mean?”

“I will explain it to you later”

“Okay and now that you mention about taste, you might be right that my taste is really bias because this specialty is the same as your specialty. I mean it’s like your the one who prepare the recipes and just got cook by

hired chef in here”.

“Cough, cough, cough”

“Rei, are you really alright?”

“Uh-uh I’m fine”

Tae stand and seat beside her “are you sure?”

“Uh-uh”

“You’re quite tired yesterday and this morning you got awake early, so are you sure you’re fine?”

“Yeah I’m fine”

The staff who’s bringing their order heard them and interpreted it wrong.

‘Please don’t talk like that in here and please as a couple, avoid feeding us – a single one on your dog foods”

“Are you really sure Rei?”

“Uh-uh and I’m not tired and if I’m already used of it it will be fine”

The staff who heard them blush hard and suddenly interrupted them because he already full for their dog foods.

“Excuse me Ma’am and Sir, here’s your order” he repeat the orders while putting it on the table and after seeing Tae nodded, he then run away to avoid eating dog foods again.

“Eh, what’s wrong with him?”

“I don’t know”

“Did you do something to him Tae?”

“I didn’t Rei, how about you Rei?”

“I also didn’t”

“.....” ‘then what’s wrong with him?’

The two just looking to the staff where he runs then chatting again.

“Let’s eat now and I bet you will find delicious, Rei”

“Okay” ‘and how can I find it delicious? It’s my recipe but wait I’m not the one preparing it, so maybe Tae is right’ Rei taste the food slowly.

“How is it, Rei?” Tae ask excitedly like his the one making that specialty and well, he already seated beside Rei since he got worried about Rei.

“Yeah, you’re right Tae and it’s really delicious just like what you said” ‘Where did Mei and Lyn discovers this chef or perhaps they’re Lyn previous colleagues?’

“See, I told you but well this recipes will be more delicious if you’re the one preparing it”

“Cough, cough, cough”

“Are you really alright?”

“Uh-uh and you just surprise me Tae”

“Eh, how?”

“Later I will explain it to you”

“Okay”

Chapter 106 - El & Lyn and Family Restaurant (Part 4)

After eating, Tae pay the bills while holding Rei hand through his available hand and then leave.

In the Manager Office

The Manager, the couple and the rude staff are still discussing about the mishaps awhile ago.

“So Mr. Lin and Mrs. Lin, I hope it’s already settle now”

“It’s alright Manager but don’t let it happen again”

“Yes Mrs Lin and please don’t let Boss Mei and Boss Lyn to know this situation” But they never thought that they will aware this situation after Rei arrived in C City and tell the truth about regarding when they ask how is it since in their family no secrets can hide from them even it’s good or bad as long they didn’t hide anything from their family.

“I won’t but if it happened again then I won’t tolerate it”

“Yes Mrs Lin”

“Ah, I think you forgot something”

“Eh, what is it Mrs Lin?”

“There’s still another one Boss you don’t know and she’s work here in S Country”

“Eh?”

“I guess you don’t know her but at least you got warn since she’s here and might visit here or even become one of your customers”

“Eh?”

“But don’t worry she’s kind, lovable and nice and most of all she’s pretty that can’t help that she’s my husband first love”

“Geez I’m already yours and you’re my wife”

“I know and let’s go, I’m already hungry”

“Thank you for your advice Mrs Lin”

“You’re welcome”

“Next time if you visit us, you can call us in advance so that you can’t wait that long Mrs Lin”

“I won’t, ha, ha, ha I already learn from them by not using the status of yours and Manager you also know that your Bosses are also hate that type” she had another hidden meaning but the manager is smart enough and got it directly before replying to her.

“Oh, yeah sorry Mrs Lin”

“It’s alright” then she looks to the rude man and said to him “Young Man you’re still young so you still have a chance to change for better. I know you’re like this because you’re a son of a higher status but let me remind you young boy, I’m like you before but I already change and stop being a spoiled brat because of her you’re unknown boss. I almost died but I have second chance, so that’s why don’t wait for the days to come that you cannot change it anymore. Oh by the way Manager we’re going to eat now and you young boy assist us so that you can compensate what you did awhile ago”

“Yes Mrs Lin”

Then the couple leave from the office and got led by Mr. Fu

“Mrs Lin and Mr Lin you can seat here”

“Mr Fu just treat us like an ordinary customer and no need to get formal on us”

“That.....”

“It’s really alright and I already witness your rude side, so no worries”

“I’m really sorry Ma’am”

“Okay and by the way let me and my husband not assigne here in the VIP area”

“Okay Ma’am and follow me since it’s near in the resting area”

“Okay”

Mr Fu led them again and by chance they seat where Rei and Tae seat awhile ago.

“Oh, they’re already left”

“Who do you mean Mr Fu?”

“The customers that I’m being rude to them as well and I called that lady a flower vase and treat them what I did to you awhile ago Ma’am”

“Eh, then is she pretty, kind, nice and lovable?”

“Yes Ma’am and luckily her and her man didn’t get angry with me”

At the same time she ask “is she look like this?” trying to let her show the picture but retract it back when she heard him and ask again if she heard it right.

“Her and her man didn’t get angry with you, did I heard it right?”

“Yes Ma’am both of them are eye catching”

“Oh, so it’s not her”

“What’s wrong Ma’am?”

“Nothing and by the way please prepare this for us” she state 3 orders without looking to the menu and that surprise for Mr. Fu.

Her husband notice the staff expression and just tell it directly “just follow what my wife orders are and no need to be surprised because we’re from C Country”

“Ehem....yes Sir and I will repeat your order” he repeat and clarify if he got it right.

“You got it right Sir”

“Yes Sir and just wait for your order to be served”

The man notice his wife saddened expressions and comfort her by using the C City dialects which is Ceno.

“We can find her, sweetie”

“But hubby we’re already here 5 times and stayed for a week but we still didn’t find her”

“I know, I’ve been with you all the time”

“Hubby you’re a Chief Police, can you use your authority to find her?”

“Sweetie if I can really use my authority then we already find her but we’re here in S Country so I’m just an ordinary citizen in here”

“How about your brother, can he locate her?”

“Sorry to disappoint you Sweetie but he can’t since S Government is protected by R”

“Where is she? It’s been two years that I regain from my coma but she suddenly disappear like bubbles when I’m awake”

“Don’t lose hope Sweetie, at least we know that she’s here”

“Yeah and if I didn’t resigned from the CA then I already meet her. Geez, why the main branch of CA is very strict about entering their premises if there’s no appointment or not even co CA Families.”

“It’s their protection Sweetie”

“If I didn’t find her for this whole week then I’m

really going to use my last resource”

“Last resource? You mean asking your Dad or Ms. Mei?”

“My Dad and Ms Mei is both my final resource and then next month if we didn’t find her this week then I’m going to use my last resource which is being the CEO of Meng Group”

“I thought your not going to use your status anymore?”

“I don’t have a choice, so can you let me this chance, hmm?”

“Alright, alright, whatever your decision, I will support you because you’re my wife after all”

“Eh, don’t tell me if I killed someone you’re still going to support me?”

“Idiot, even you’re my Sweetie I’m still a police officer so I follow the law even it’s my wife going to be jail”

“Ha, ha, just kidding” she smile

“That’s good keep that smile on your face and remember that you’re two months pregnant, Sweetie”

“Oh, right I forgot, ha, ha”

“.....and remember our little boy are in hands with her Aunt and Uncle and who knows our little boy might hate us since their parents are always away from him”

“I know and hubby sorry for dragging our marriage for too long, just wait a little longer until we find Rei, okay?”

“I know”

“And if you see Rei then don’t change your mind, after all Rei is your first love”

“Of course, you already my wife even though we still not held our Ceremony, we already married for a year and 3 months already”

“Yeah you’re right and you knocked me out after our wedding night, you’re really strong hubby”

“.....” blush after remembering it ‘this wife of mine is this important to say it now’

“Ha, ha you’re blushing hubby but wait I just realized why our order is not yet here?”

“From the time I comfort you I signal the staff to not yet serve since you’re still emoting”

“.....” ‘are you really my husband or not?’

Chapter 107 - You're my future wife

So their orders got serve to them, the couple who’s looking for Rei are now eating and then after, the man pay the bills then return to the hotel where they stay.

After getting out from the restaurant, the couple hop in inside the car and the chauffeur start the engine automatically, that they happen to pass a couple who’s very sweet while walking on the road. The couple that they passed is really sweet because that couple are holding hands each other while walking

but the most eye catching is that the lady wrap her right arm to the man's right arm while her left hand is holding to his right hand. The man is on the road side and his partner on his side. The couple in the car just look at them and then suddenly the wife feels that the lady back figure seems familiar to her and ask her husband.

"Hubby, that lady is look familiar, like it's Rei back"

"Hmm...." then looking to where his wife point and realized it's the couple they watch since the moment they hop in the car since they're too sweet and agreed to his wife "yeah, she's look like Ms. Rei but it's only her back figure, so we can't be sure yet and most of all since when did Rei have a boyfriend?"

"Ah, right but Rei will get a boyfriend since she's really pretty, even you who's like a cold hearted officer caught your attention to Rei and then she's your first love"

"....." 'and here we go again'

"Ah, that's right hubby at first when you suddenly approach me after the investigation of my accident, I thought you're just using me or just approach me so that you can get Rei's attention"

"If I'm really going to get Ms. Rei attention then I will approach to your sister instead of you, right?"

"Ah, right but still...."

"Enough, I already prove to you that I love you and we already have one little bun and incoming little bun. Ms. Rei is my first love but you're my wife. Ms. Rei is the one who teach me how to love and feels what love is"

"Eh, did Rei teach you?"

Sweatdropped and wonder 'sometimes I do wonder if my wife and Ms. Rei was really a colleagues before and from what I know, all CA Employees are all highly skilled and intelligent but my wife' looking to his wife confusedly.

“What’s wrong hubby and how did Rei teach you about love when she already left the moment I regain my consciousness?”

“Before Ms. Rei comes, who other woman comes into my life aside from you, sweetie?”

“Oh, you just meet Rei only that day and then after that it’s me”

“So?”

“So?” follow her husband

“ ... ”

Her husband become speechless then she realize it now “ha, ha, ha, now I realized it, so after meeting with Rei you’re cold hearted heart start to feel warm and just learn what love is”

“...” her husband speechless again and wondering again ‘we already married for 2 years and yet this wife of mine just realized it now’ stop wondering when he heard his wife.

“Hubby, I’m sleepy”

“You can sleep and you must rest since you’re two months pregnant, so don’t worry about anything else and for sure we will find her”

“Uh-uh”

—— Back to Rei and Tae ——

If these couple stop the car when they pass them, then they can really meet Rei since that back is from Rei after all but well it’s not yet the time for them to meet.

Rei and Tae got out from the restaurant while still holding hands like there's no tomorrow. They walk and Tae caught off guard when Rei suddenly wrap her arm to his arm then tease her.

"You're becoming clingy to me Rei"

Rei blush then replied "don't you like it? I mean being clingy"

"Well, I hate clingy person but if it's you then it's alright and I like it when you're really sweet to me so become more clingy to me"

"..."

"Rei, I'm aware that you hate being PDA but we're doing it now"

"Eh, we're just doing like a normal couple do, right?"

"Walking while holding hands is what normal couple do"

"So what's wrong Tae, we walk hand in hand, right?"

Sweatdropped 'Yeah we walk hand in hand by you wrap your arms around my arms. Sometimes I wonder if My Rei is really a genius one? But well I like it when she's being oblivious. Ha, ha wrapping her arms to my arms is already a big move for her and I can tell that I'm important to My Rei'.

"Tae?"

"Mmm"

"It's already past 1pm"

“I know and today let’s just skip for your training and have a date instead”

“Oh”

“Don’t you like it Rei?”

“Nah, I like it especially to have a date with you, Tae” then blush including Tae when she agree.

Rei stop the awkwardness and found her car “Ah, the car is here Tae”

‘That fast? We walk slowly but we already here’ both of them thinking at the same time

“Get in first Tae” Rei told him in a low voice since it’s been crowded and to avoid being recognized since Tae is famous and easy to spotted on from his fans. After checking the surroundings, Rei followed and seat to the driver said then commented “it’s getting crowded”

“Yeah, you’re right Rei”

“Perhaps it got leaked that you have a property here, Tae” Rei only think about Tae and not any possibilities.

“Nah, they didn’t know yet since you’re the only one who knows and aware of it”

“Eh?”

“My parents, My Manager, My Co-members and even Mr. Hwang doesn’t know about it”

“Eh, only me but why?”

“Because I only want you to know” ‘and because you’re my future wife’ the latter part he didn’t speak it loud and through his mind only because Tae still had many plans for them and his first priority is to become Rei official boyfriend.

“Eh, then..... then” Rei stuttered for the first time.

“Ha, ha” Tae laugh out loud and asked “why are you fl.u.s.tered Rei?”

“It’s just that I feel special”

“Mmm” then suddenly approach and close their distance but before his lip touch to her, Rei stop him and warned.

“I heard someone in the crowds talking about M’dol, your group, Tae”

“And then?”

“Silly, if it’s your fans then we will be busted”

“You’re window glass is tinted right?”

“Uh-uh and w.....” before Rei finished, Tae already kiss him and then release.

“See, they didn’t realized and we didn’t get busted. I guess those fans mention about us because we posted in our group social account that we eat in that restaurant last month”

“Oh, so they’re also going to eat to that restaurant”

“Maybe since that restaurant is really famous and popular since it’s opening day”

“Oh, really”

“Mmmm... speaking about that restaurant, why you ask many questions to me Rei?”

“Oh, right and since we’re not going home right now then I will explain it to you”

Chapter 108 - I can hear your loud heartbeat, Tae

Tae waiting for her explanation but then Rei didn’t explain but instead she said to him.

“Let’s find a place that’s not crowded before I explain”

“Okay and where?”

“Do you have any recommendation Tae?”

“Unfortunately I only know the famous and popular places”

“Ha, ha seriously?”

Tae got embarrassed because his a full Senian but he still not familiarized the places in S Country and he only familiar the places they went for concerts or events and famous places.

“Stop laughing Rei”

“I can’t help it but don’t worry Tae I understand you, because you start your career at a young age and then become busy because of your blooming career”

“Eh, how did you know?”

'Oops, I almost exposed myself of being one of their unofficial fans' Rei planned to tell that she's an unofficial fan to him but not this time so instead of telling that she's a fan of him, Rei just give him a valid excuse "you said awhile ago that you bought that property when you are at 20's and 3 years after become an artist, so you've really bloom your career very well"

"Oh right, I almost forgot"

"Ha, ha it's alright and I understand you Tae"

"Thanks then how about you, are you quiet familiar in your places?"

"....." Rei's speechless because she is the same, she doesn't know the places in C Country but thanks to her hacking and computer skills she's know all places in C Country even she didn't visit each places.

"See, you too but where are we going?"

"Mmm.... mostly of others except us from CA Families, there vacation will start next week so how about beaches near here?"

"Oh, right"

"Do you know any beach near here?"

"A little bit far"

"How far it is?"

"Around 7 kms, I guess"

“Oh, is it near to Senians Shrine?”

“Mmm....” Tae thinking hard then remembered something “yeah, you’re right and you’ve been there already since Secretary Han was scheming against you during that time”

“Oh, you remembered it” then Rei slowly

backing the car then drive to their next

destination.

“Uh-uh”

“I forgot about that already, so then I almost

forgot that there’s a beach near Senians

Shrine but I know where it is since it’s my part of my experience.”

“It means that Secretary Han is really not important to you compared to your experiences”

“Of course, ha, ha but I still respect Secretary Han because his my former Trainor and Instructor. If it’s not for him them I would not be here or I know nothing in here. Even his like that I still respect him as a Senior”

“.....” Tae become silent because he feel jealous and even he know how Rei is but he still can’t help but feel jealous and hearing it from her own mouth that my former Trainor and Instructor he feel a sudden prick of his heart even though that sentence is no other meaning.

Rei realized that she said something, so she apologized right away “sorry Tae, I said something that hurt your feelings but don’t worry I didn’t feel anything to him and you’re more important to me and his not comparable to you. You’re more amazing compared to him, so be confident okay”

“.....” Tae didn’t heard her because of his sudden insecurities.

Hearing no response from him, Rei set the GPS car to their location where they’re going and press the auto drive button. Rei didn’t know what’s come to her but getting a cold response from Tae, she sudden feels depress so she become bold out of nowhere. She look at to him first and realized that he pretend to sleep and for sure he didn’t heard her statement clearly. The car already on auto drive mode, so Rei move from her seat and approach Tae slowly while Tae didn’t realized that Rei slolwy approaching him since Tse closing his eyes until he feels that someone seating on his l.a.p.s already.

“R—Rei, Rei w–hat are you”

“Relax and look” pointing the driving side “I set up the auto drive function, so now I’m going to comfort my jealous boyfriend”

“Oh, so it’s an auto-drive car and who’s jealous?”

Rei nodded and replied “silly, it’s you” then Rei kiss him and she’s the one initiating the kiss first. Tae is surprised at first but being kiss by your love, so he don’t have other choice but to response her kisses and control his self for not getting more intimate or else they well do the deed in the car at not the right time while the car drive on its own. He just wrap Rei on his right arm while his left hand holding her neck then Rei just wrap Tae on his neck. They kiss and kiss but just got interrupted with the car GPS device voice.

“Arrived on your destination, arrived on your destination”

The two stop kissing and said it in sync “oh, we’re here” then laugh and looking to each other that both of them suddenly blush.

“You’re quite bold now Rei”

“Silly” then Rei blush hard more and put her head to Tae c.h.e.s.t and heard his heartbeat.

“I can hear you’re loud heartbeat Tae”

“Silly” Tae also blushing again but instead of showing it to her, he just hug Rei and said. “I Love You, Rei”

Rei didn’t reply because Tae is waiting her confessions after Two Months of their Trial Relationship. The two just hug to each other and stay at ease from their position by Rei seating on his l.a.p.

If the car and the GPS can talk then they we’re going to say.

‘Please don’t forget that we’re here and stop feeding us dog foods, we can’t take it anymore’

After minutes passed by, they separate since someone behind already honking the car for them to move. Rei move right away from Tae’s l.a.p and seated on the driver seat, drive then park the car. Rei park the car near the beach and then the two of them got seated in front of the car.

Chapter 109 - Explanation

The two already settled by seating in front of the car by seating beside each other while Rei laying her head to Tae shoulder and Rei start her explanation. The surrounding is not crowded and only a few are their to relax in the beach so nobody will recognize Tae, if it’s had then they will be the headlines in the entertainment news tomorrow.

“So where I’m going to start?”

“It depends on you Rei”

“Mmmm.....” Rei thinking hard for what she’s going to share first and explain “so from what I guess El & Lyn and Family Restaurant is just a branch here in S Country since the Main Branch is located at C City. If you want to know, then it’s my family restaurant” Rei directly explain direct to the point.

“Eh, your family restaurant?”

“Uh-uh, El is my brother, the eldest among me and Mei. On the other hand, Lyn is my brother’s wife and the Family represents us, me, my mother and the kids”

“Oh so that’s why you asking me many questions awhile ago”

“Uh-uh”

“Did you know about it Rei?”

“Unfortunately I didn’t but thanks to you Tae, I’m aware of it now. For sure knowing my sister Mei then she’s planning to surprise me”

“But you already know about it’s existence here”

“Yeah but I think all the staffs doesn’t know that I’m related to the owner yet, I mean they we’re aware about them but except me since they didn’t inform the staff about me”

“Yeah, you’re right Rei but from what I remember they already celebrated their first anniversary last month”

“Mmm....knowing my family maybe they just send something to the branch and just give instructions to the manager”

Tae nodded and then realized something

“Eh, then, then the staff who’s being rude to us awhile ago what will happen to him”

“Mmm.... I think he already got warned since we heard a hard slap awhile ago and I guess he offend that’s customers awhile ago which was also an influential one”

“Serves him right”

“Ha, ha, ha, silly, I think he just like that maybe because his a son of Master Chef and got hired by the Manager through connections”

“Yeah nowadays if you don’t have any connections then you’re nothing even you’re capable enough but without connections you’re like an idiot wasting your efforts knowing that it will be failed”

“Uh-uh but My Family practices wouldn’t tolerate that one because we only based how capable they are including their personalities, we will not care about their backgrounds either rich or poor but we will care and mind their individualities especially their behaviors, personalities and manners. As of for now, I guess my sister Mei and Lyn already know about that staff behavior and most of all, I guess the manager didn’t report everything since they didn’t have any action for that staff but they underestimated them. Knowing us as a very low profile persons they underestimate us but without them knowing they already got evaluated and will got a surprise visit or perhaps they will ask me to do that. We won’t tolerate that kind of characters because they’re more deserving compared to them but we will evaluate them fair and square. But we’re not that rude to fired them out without giving a chance to change.”

“You’re family are all amazing Rei”

“.....”

“So you’re upbringing is really proven since you have a wonderful family, Rei”

“Ha, ha, ha thanks but same to you Tae and I can really tell you’ve been raised very well because you’re too kind and nice. Maybe others will looks at you as a cold and chic type since they don’t know you well but deep inside you’re so kind and nice”

“Eh, h—how did you know that am a cold and chic type?”

‘Eh...tsk, tsk I almost spill the beans again’ “Ha, ha, ha , of course I know because you’re my Boyfriend”

“...”

“Ah, before I forgot you’re taste is really a bias for sure”

“What do you mean?”

“The one I recommend are all Lyn recipes, she’s a Grandmaster Chef so all her recipes are all yummy and delicious but for you, you chose my recipes without even knowing that it’s mine, ha, ha”

“Eh? y—you mean you’re a chef also?”

“Silly I’m not, I’m so far to become a chef but if I have to chance to then why not. And I just contribute recipes and those three are mine, not bragging though”

“...” ‘Even my taste is in love with My Rei’

“Here look”

“Look what?”

Rei tilted her head and grab her phone from her pocket and open a files from the storage.

“This is the menu of the restaurant. From p1 to p2 are my father’s recipe, even though my father already passed away, all of us still remembered it and we add it to our recipes for his memories of us. P3 to P4 is my mother, P5 to P7 is Mei’s Family, P8 to P11 is El’s Family, P12 to P13 is mine and then P14 to P15 we’re from our selected chefs”

“Oh I see, so all I love from the menus are all from you, ha, ha, ha

“All? I thought it’s three?”

“Nah, I order only 3 because we can’t eat it all”

“Oh, that’s right”

“Now I realized it why I love the recipes from you, Rei”

“Mmmm?”

“Because my Taste can tell it’s you”

“...” speechless then said “ha, ha you’re quite cheesy Tae”

“Ha, ha yeah but what I said is the truth”

“Okay, okay and I believe you Tae”

“Let’s take a stroll”

“Okay”

Chapter 110 - First Date: Beach

Rei and Tae were still seating outside of the car. The two just waiting who will be first moving but then seems both of them not willing to go that cause both of them to laugh.

“Are we taking a stroll or not, Tae?”

“Whatever it is, as long you’re with me, I’m willing to do whatever you want”

“Silly” then she get down from the car and continue “let’s go”

Before Rei taking a step, Tae stop her and give her a back hug. Tae still seating in the car while Rei standing and receiving a back hug from him .

“Mmmm.....what is it Tae?”

“...”

“Tae?”

‘Can you turn your body to me?’ but he didn’t dare to ask it loud but because of his silence Rei turn her body unto him as if she heard him and she ask worriedly.

“What’s wrong Tae, are you alright?”

“...” speechless then blush hard because of their position.

After seeing his red face, Rei suddenly realize their position and commented frankly “neh, neh Tae are position right now is quite daring and we’re in public you know”

“Y—yeah I know and can you move for awhile since I’m going down?” Tae said while being fl.u.s.tered.

“Okay” Rei taking a step then Tae get down from the car.

“Let’s buy a slipper first so that our shoes will not be get any sands from the beach.

“Okay...ah, wait I think I have a pairs of slippers inside the car”

“Why do you have a slippers in the car, Rei?”

“Ha, ha, silly” then Rei tap his forehead and said “and before you’re mind imagining something inappropriate then let me tell you, you’re girlfriend is a Secretary, so mostly I’m wearing high heels everytime”

“I understand that one but how many pairs of slippers do you have?”

“Oh, so that’s what you mean”

“Uh-uh”

“Well I have 5 pairs including mine and I always prepared slippers everyday in case my co-families will asking a ride or lift from me”

“A ride or lift?”

“Uh-uh since Managers and Secretaries were the only one receives a car from the company”

“So if someone asking you for a ride then you’re letting them to do so?”

“Uh-uh, why not since we’re going on the same way”

“Everyday?”

Rei already opening the car and looking for a size that can fit to Tae’s feet while answering him.

“Nah, not everyday since they feel shy and they can only get a ride or lift from me if I happened to passed them when I’m on my way and that’s only when I’m the one asking them”

“Oh so you’re the one offering?”

“Uh-uh since they will get embarrassed asking me and I wonder what they get embarrassed for?”

‘You’re a high level compared to them Rei and you’re their Superior’ Tae didn’t reason it loud since he knows that Rei is really oblivious of this since she’s the only one who thinks that all them are all equal.

“Ah, I think it can fit you Tae”

Tae looking to the slippers and quite amuse because Rei can already tell his feet size but then thinking about the slippers, he feels something off and jealous because what if, the one wearing it are all opposite gender.

“Here, Tae”

“...”

Rei look at him and realized his expression, he tap his nose and said “you’re mind is running wild again and don’t worry you’re the only man who got a chance to ride with me in the car.”

“Really?”

“Uh-uh, why?”

“I think I heard from you that Secretary Han and two Managers are evaluating you during that time so they also ride with you, right?”

“Silly, that was a test for my driving skills and the two Managers are both woman”

“Oh, then how about Secretary Han?”

“Well his a man but only that time his in the car”

“Oh, really?”

“Of course and what are you jealous about? I only offer my females colleague for a lift”

“...”

“See, ha, ha so you’re the only man taking a ride with me and not only a man but my man”

Tae caught off guard and become speechless

“Eh, what’s wrong, Tae?”

“Ha, ha, ha nothing and thanks” Tae get the slipper from her and taking off his shoes.

“What for?”

“Because I’m the only Man who took a ride with you and that Man is your Man”

“.....” ‘why do I feel that something’s off after hearing that reason from Tae? Nah, nevermind.’

“Let’s go” Tae hold her hand while Rei press the key to lock the car.

“So where are we going?”

“Let’s just take a stroll around the beach”

The two walk hand in hand and walking to where the beach located at. On their surroundings they can see the deep blue ocean and dazzling light from the sun making the sand sparkle like a thousand of tiny jewels even it's still 2pm in the afternoon. They can hear the wave crashing against the shore and the wind blowing lightly. They can feel the humid sea air and the cool water. Rei and Tae are both relax, calm and peaceful even the two of them are busy person but since they have a long vacations they can relax without worrying and because they're now in the beach they feel more relax.

A warm breeze swirls around them sending their hair in all different directions that Tae can't help but holding his cap by his other hand since they're were holding hands while Rei holding her hair that can block her view since she didn't tie her hair in a bun and letting her natural black silky hair move by the wind as long as her sight didn't get block.

"Ha, ha I'm really an idiot Tae"

"Why?"

"I forgot to tie my hair"

"It's alright Rei and let's go to the seashore"

"Okay"

Tae crunch down and folding Rei jeans before him in order to avoid getting wet from the sea.

"Let's go"

The two walk their way to the seashore and feel the coldness of the water. They hold the slippers from their empty hand and the other hand are holding each other. Tae also take off his cap that Rei worriedly asking him.

"Tae, what if someone will recognize you?"

“Let them be and also...” Tae stop and looking to Rei.

“And also....what?”

“Are you going to deny that we’re a couple?”

“I’m not worried about that and why would I deny, you’re my boyfriend and we’re a couple”

“.....” speechless of Rei straightforwardness reply.

“Well if you really want to be recognize then let it be and we will face them fair and square.”

“Thanks”

“You’re welcome and Tae, are you really going to wait for our Trial Relationship to end before my answer?”
