

Chapter 111 - Rei's Confession

Tae is caught off guard after hearing it again. Tae is struggling because he want to hear her but he don't want since he got scared. Rei just waiting for Tae but several minutes passed by Tae didn't answered and Rei realized that Tae having a complicated expressions. Rei raise her hand, then her hand holding Tae and the other hand position to Tae face and said to him calmly.

"Neh, Tae listen to me okay" Tae nodded hesitantly "are you really scared of what my decisions would be?"

"Uh-uh"

"Don't be scared, alright. And relax first then listen to what I'm going to say"

"Okay" then Tae hold his breath, release then after he got relax he said to her. "Okay Rei and I will listen to you now, whatever it is I'm willing to hear it and accept the truth whatever it is."

"Good"

The two are still standing in the seashore while their feet already got wet from the waves that both of them already forgotten that they're in public. Rei inhaling first and clearing her mind before going to answer Tae heartfully while Tae just waiting for her. Rei release her hand from Tae's face and hold Tae hand again without knowing that they already lost the grip of holding their slippers.

"I don't know how to start, it's because I'm afraid that it might led to our good relationship to be broken [Rei pause for a moment while Tae suddenly got worried because he taught that Rei might going to reject him but feel a sudden relief when Rei continue] or if I'm lucky enough, it could be the realization of one of my dreams, which is for you to become my man. [Tae is going to kiss her but he control his urge to kiss her and continue listening to her] I told myself that I might as well take the risk because it's the only remedy I know of that could let loose this feeling I've been keeping inside me all this time.

I'm going to answer your confession to tell you how much you mean to me and to thank you for coming into my life. You are something I never thought could exist for me because you're an idol, an artist and especially a famous one that I can't reach because I'm just an ordinary woman without any having background with your fields but then our fate brought us to that accident that we happen to meet each other. You are the best thing that has even happened in my life and I don't regret telling you how I feel.

I have not been in any relationships so you're my first boyfriend even it's just a trial relationship for us. You give me enough time to make a decision but then when you share your future plans to me, I suddenly got scared and hurt when I'm thinking that someone might steal that position of mine and because of that I suddenly realized how you become important to me and I want to stay beside you and always be here to support you until you let me.

At first I was confused when I suddenly received your kiss before listening to your love confession. I didn't really know what you wanted me that time and I thought you're just taking advantage of me but after listening to your wholehearted confession, I can feel that you're really not toying with me and your sincerity and feeling got pass through to my heart. So, I take you seriously and will think it carefully so that I can't decide recklessly, Time has passed and now we've been dating in this Trial Relationship precisely for two weeks but well I just realized two months is really long for me and emotions are really unpredictable sometimes since this morning, as I said awhile ago. when you're sharing your future plans, I suddenly got scared because what if you can find someone else, so then I realized that you're already growing a deep feeling inside my heart, I truly know what your feelings are since I also feel it now. I realized that you're really important to me, I received your love and trust from you that you truly mean it without asking anything and without any reason, you just love me for who I am and I can feel your care for me very dearly. I received your love and this time I'm giving my love to you.

So, Tae?" Tae already realized that Rei also love him back but he still waiting the magic words he want to hear from her, so he just nodded and waiting patiently.

"Mmmm" humming and intending that he still listen to her.

"I know it's really a fast facade for us but I can't control myself anymore and I want you to know that I also love you b...."

Rei got cut off because Tae didn't let her to do so since he start kissing her passionately. Tae doesn't care if they're in public or his fans and not scared that the paparazzi able to spot him or will be able to recognize him because right now his love, his long awaited love for 2 years already said I Love You to

him. The two kissing each other passionately without caring that slowly they are people watching them and the two of them showing a Public Display of Affection or what we called PDA.

It's a perfect view because this two lovebirds just kiss with a natural nature background of natural deep blue ocean while standing in the seashore and letting the wave got pass through to their feet. The two didn't realized that two pairs of slipper already got shove by the waves and floating away from them.

If the slippers can really talk, for sure it's going to say it's last words for the owner, Rei 'good bye Rei, I've been with you for almost two years and yet you and your man thrown me and my friend within an hour without even care what we feel right now.'

Some passerby thinks that that they're shooting a movie or drama since these two are both eye catching and luckily no one can recognize Tae for some reason but well being witnessing a sweet scene like this they can't help but taking a picture that they never taught this photos will almost tinted Tae's reputation. They can't hear what the couple talk to but they still watching them.

Tae release his kiss and Rei retort "silly, let me finish and why did you kiss me in public?"

"I can't help it and you let me kiss you"

".....oh, right" then Rei looking around and just realized that it's getting crowded because of the sweet scene they showered awhile ago "now the two of us are really looking for a big trouble"

Adouz vufzare ao, Tfu film ozw om immc fzmprt gpo Rua lomn vaq.

"Don't look Tae, wear you're sunglasses and cap first"

"Okay"

Then, the two suddenly realized that they're barefooted and not wearing any foot wear so they try to search their slippers and just notice that their slippers were already shoved far away from them.

“...” both of them speechless.

After seconds, Rei return back to her senses and said to Tae “let’s not bother for that one Tae and let’s leave right now before they discovered your identity”

Tae can tell her concern and agreed right away “okay”

The slippers who already in the mid of the ocean retort ‘Rei you heartless, we’ve been with you for almost two years’.

Chapter 112 - Identity Revealed

The two didn’t run in order for the passerby to not let their attention get more caught. Getting caught red handed by them was already troublesome since they got an evidence that they’re kissing and hugging, so for not getting more attention from them, they walk like nothing happened.

Rei and Tae walk to where they park the car but before entering, they make sure that no ones following them but alas they really got a follower who followed them and now the two are hiding behind the car and just listening to their conversation.

Well these two really forgot that they’re really an eye catching since both of them are perfect arts like they just got out from the painting, Rei is a pretty lady while Tae is a handsome man. The passerby who witness and following them just having a little conversation before they left.

“Did you catch them up?”

“No, they were too fast even those two are not running”

“Being disappear that fast I’m sure both of them are celebrity”

“Yeah but what a waste of opportunity I didn’t see them clearly”

“How about that Pretty Lady, she didn’t wear any mask or cover so maybe we can recognize her?”

“I can’t tell who she is and don’t worry we have a lot of pictures of them, even if we can’t really tell for now but someday this photos will have a purpose”

“You’re not a paparazzi, remember”

“I know and let’s go now”

“Okay”

The group of passerby left and Rei looking around to make sure that’s no ones around. After making sure no one’s around, the two of them automatically wipe the sand off from their feet and directly hop in inside in the car. Rei didn’t drive right away since it well be too obvious that it’s them if she start the engine right away, so instead, Rei just turning on the auto air conditioning and wait for the time to pass.

“Tae, let’s just wait for awhile”

“Okay and sorry for implicating with you this time”

“Ha, ha don’t worry and it quite amusing. I just forgot that we’re in the public that I let you kiss me”

“.....”

Rei grab a wet tissue from her compartment and give some to Tae “here Tae”

“Thanks”

“You’re welcome”

The two wipe their feet since they walk from the beach to the parking area barefooted, so it's quiet dirty. After wiping, they throw the wet tissue thru the plastic bin as serve as garbage bag. Both of them can throw the trash right away since Rei always putting a plastic bin for the trashes just in case she have trashes to throw. Rei directly grab her private phone and start opening her hacking apps then begin hacking for safety precautions.

On the other hand, Tae calling her but realized that Rei become busy to her phone and her movement is really fast and quick. After 5 minutes, Rei ask Tae.

"Tae, can you tell if there's any paparazzi in here?"

Rei just revealed her identity to him without hesitation or worried that Tae might revealed it to everyone because she knows him very well and of course she trust him that much meanwhile Tae already expected that Rei and R as the same person and one person only but witnessing how she works, Tae feel dumbfounded and surprise.

"You're really R, Rei" only this words he can comment to her.

"Eh, you know, when?"

"From the very first day you've been here, I already suspected it's you since R also happen to appear on the news the moment you're here. I also saw you smiling face while watching that news"

"Ah, that's right and that's why you didn't react that much when I'm revealing it to you"

"See, I told you that I'm a certified stalker of you"

"...."

"So what did you ask me awhile ago?"

"Let's take a sit at the back seat first but don't worry we won't get out""Okay and go first Rei"

“Uh-uh”

Rei move and sit at the back followed by Tae. The two are sitting beside each other and again Rei lay her head to his shoulder then ask him again.

“Here, can you tell any paparazzi in here?”

“Let me see” Rei give her phone to Tae while he search for the paparazzi and just realized that Rei hacked the government CCTV’s within 5 seconds but well he knows that Rei is the one designing the government securities in S Countries so he didn’t get surprised that much or dumbfounded that she hack the S Government System.

“I didn’t not see anyone Rei”

“I see, so maybe they’ve been hiding knowing it’s a government CCTV’s”

Tae give her phone without waiting for her to ask that Rei accept gladly “thanks”.

Right away Rei start hacking another CCTV’s establishment near the area wthey they are and Tae witness it all how did Rei and the most surprising at all, is that Rei hacking through her phone in just a matter of seconds.

“How about this one?”

“Mmm.....” then Tae look and suddenly said “that man, I’m sure his a paparazzi”

“Eh? So we got busted?”

“Uh-uh but don’t worry we didn’t do anything bad and if it happens that paparazzi reveal us then we just confirmed that we’re dating”

“You got a point Tae and do you know him perhaps?”

“Ha, ha I thought you’re going to hack his details”

“I’m going to but first I need to know if you know him”

“Okay I got it and yes I know him, his Mr. Li and known to be a good paparazzi because he will only release an article if the couple are really in relationship and if not he will just delete it like he didn’t follow or stalk to the couple. He might be stalking us but don’t worry he is not that bad”

“Ooh....really?”

“Uh-uh and you can hack his details if you’re not that convince with me”

“I believe you Tae and I just want to be sure that we’re not getting trouble so I’m really going to hack his details”

“Okay, go ahead and I will just watch you”

“Uh-uh” then Rei hack his details right away and within a seconds, she already got his details.

“Mr. Li, 27 years old married with 2 kids and his wife is the goddess Li Yun. The one who release all the article of many confirm celebrity couples and even he is the one who prove to other articles stating that some of them cheat but Mr. Li articles prove that they didn’t cheat to their partners. Mmm... I don’t see any bad intentions from and just what you said Tae his really a good paparazzi.”

“Ha, ha, ha told you”

“Uh-uh and here’s the photos he got from us, so he just discovered us this morning when we got out from the residences”

"I see"

"Tae, he already know that it's you...." Rei didn't finished her words since Tae cut him off.

"And he doesn't know who you are Rei so that's why he start following us but wait did you say that he is a marriedman?"

"Uh-uh, he married with Goddess Nan Yun who already become Li Yun for almost 10 years"

"What? Almost 10 years?"

Chapter 113 - Li Yun

Tae was really surprised because this news he didn't really know or everyone from the entertainment fields and also media's doesn't know about this one but then Rei who just hacking this details by chance just did it in a matter of seconds and Rei never taught that by hacking about them she got a complicated mission.

Rei catch his surprise expression but not worried anything and just simply answered him.

"Yeah, the two of them married Jan 1, 20XX. The two of them meet first by arranged marriage and got married after a week of their first meetings. So, these two feel in love right away after meeting. His wife who just a newbie as an actress and him as a newbie paparazzi, so both of them didn't make any plan to have a child right away after their marriage so their eldest son was born after their 5 years of marriage and the youngest son was born after two years later. The Li family lives like they're a normal couple even though the two of them are famous to their own Fields and both of them who have a strong background."

"..." Tae speechless because of his woman abilities.

"So who is this Li Yun?" Rei ask about her since Tae give this kind of reaction that kind a weird to her.

"We're the same age but I don't know her personally since we're from different Agency and I just got to know her because she always the main highlights in the entertainment news since she debut but don't worry Rei even though she got the name Goddess, I don't see her like that because you're the only Goddess to me and from the first time I heard about her I didn't fancy her even she called Goddess Li to everyone."

"Silly"

"That's the truth"

"Then why are you showing that kind of reaction awhile ago"

"I'm just surprised because she already married for almost 10 years but nobody knows about this if you didn't hack this one"

"Oh, really?"

"Uh-uh"

"By the way, you said that you're the same age so right now she's 28?"

"Uh-uh, you're 3 years younger to her"

"I see" a little bit gloomy.

"Eh, what's wrong?"

"I just feel anxious suddenly"

“Why?”

“What if she’s not married or what if you don’t know my existence then?”

Tae got it right away what she mean and then he hugged her and comfort her “don’t be like that Rei, even though I have past relationsh.i.p.s but right now, you’re my Girlfriend and I will make sure that we long last.”

“Mmmm...”

“Don’t worry because that’s the only I know about her since I just heard that one from the Entertainment News. If you compare yourself, then she’s nothing compared to you because I almost know about you”

“?” Rei have a question look that Tae said what he know about her.

“You almost know about me more than myself, ha, ha” Rei laugh hard.

“See, I told you I’m a certified stalker to you”

“Ha, ha you really are”

“Of course” Tae admitted right away.

“Neh, neh Tae”

“What’s wrong?”

“I feel something about Lin Yu but I don’t know what is it?”

“Then why not try to hack about her and see

what’s wrong about her and don’t worry you’re not going to be prison and put in jail since you’re R”

“Ah, that’s right and I almost forgot about that”

“Why?”

“Because you’re with me”

“.....”

Tae speechless while Rei already hacking about Lin Yu. After 5 minutes, Rei already got all her details including the people who surrounds her or the one who envy her and told Tae nervously.

“T—Tae?”

“What’s wrong?”

“This night, the award ceremony will be held right?”

“Uh-uh and knowing her, for sure she will get mostly the major awards this year again”

“Then right now her envious co-celebrities are already preparing to ruin her reputation including her bestfriend Nan Ha. I just read some details that they’re going to drug both of them and then let some directors and celebrities who fancy them to sleep with Nan Ha and Lin Yu. They already planned it well and they’re waiting tonight to execute their plan. And this plan are really cruel because they didn’t plan for one man but 10 man’s who’s crazy about both of them and for sure tomorrow will be her end if we didn’t discovered this”

“T—then” Tae is also getting anxious because he can’t believe that someone willing to do this cruelly and calming his self before asking Rei.

“So who’s the master mind?”

“I don’t know if it’s a he or she but the name is Yu Yi”

“Yu Yi?”

“Uh-uh, Yu Yi”

“Then no other else, he’s Li Yun leading man for the movies and drama. Everyone guess that they’re dating since they always partnered in every drama and every movies if they being cast. By the way, his real name is Han Yu” Tae didn’t mind the name Yi since his not familiar with the name.

“Han Yu?”

“Uh-uh, what’s wrong?”

“His name is one of the 10, who’s going to sleep with both of them after being get drug”

“Then let’s warn Mr. Li”

“Yeah, I already did, I message him through my private phone”

“Let me see”

Rei give her phone to him and then Tae read it.

—Rei message—

“Hello, this is R. I just happened to hack your private life and tonight you’re wife Li Yun is in danger. Accompany her during the ceremony and never leave her side or else something happened to her. This is real and not a scam”

‘Ha, ha, what a direct approach”

“Is that alright or do I need to send another message?”

“It’s alright and you said it direct to the point, Rei”

“It’s 5pm right now and the ceremony will start officially at 7pm”

“So 2 hours from now it will happened if Mr. Li didn’t follow your warned”

Chapter 114 - Almost accomplish

“Uh-uh, let’s leave now and go to the place where they’re going to hold the ceremony”

“You’re right Rei and just in case if Mr. Li didn’t believe you’re warned”

“Yeah”

Then the two of them who sitting at the back seat sit back again in front and Rei start the engine, drive right away then go to the said event place.

They even forgot to eat their dinner since they got worried for Li Yun and Nan Ha safety.

The two arrived at exactly 7pm since they got stuck from the traffic jam and since they're in Senians Shrine they got stuck from the traffic jam many times because of many stops and they arrived the moment the ceremony begins.

Tae and his team are on vacations because of the CA Company rules to have a year end breaks, the team happened to get invited to perform but they declined because of the company rules meanwhile Rei is on different Fields so they just park around the corner near at the event place while monitoring the ceremony through her phone.

"Rei, do you think Mr. Li believe your warn?"

"I'm not sure about that Tae but let me check it first" then Rei hack the event hall system. Rei is not the one designing the systems but well being the top hacker, she just took it for 7 minutes and by hacking the systems, she already know that it was design by her Mentor.

"So Mr. Li doesn't really believed you, My Rei"

"I guess since he didn't go with his wife"

——- Flashback ——-

After stalking the couple, Mr. Li just left right away and went home. When he arrives, his wife Li Yun already preparing for the event.

"You're back"

"Uh-uh" then give a kiss to his wife and ask "are you ready?"

"I'm always ready"

"Mom good luck"

“Thank you kids.”

“We will watch you Mom”

“Thanks” then the 2 kids go to the living room and waiting patiently “did....” cut off by Mr. Li phone.

“I will look my phone first”

“Go ahead” then Mr. Li read and then he suddenly frowns that his wife ask worriedly “what’s wrong?”

“Look at this, someone tried to pretend that it’s R and warning you that you’re in danger”

“Let me see” then she read and commented “it’s not fake and please come with me Hubby”

“It’s either fake or real Yun but someone trying to scare you. Someone trying to be R and warning us but don’t worry this is not real.

You’re male fans and the one who Fancy you are always calling you a wife, so nothing will happened and you’re not in danger”

“But how did they know that your my husband and most of all it comes from an unknown number?”

“That I don’t know but maybe they send it to every paparazzi so that they will get a big scope about you. And R is not someone who use the phone to contact the client because R always using the email to contact the client”

“But.....”

“Don’t worry and nothing will happened to you Yun. Just call me right away if you sense something wrong”

“Okay”

——— End of flashback ——.

“That man is really an idiot”

“Calm down Tae, why are you getting fl.u.s.tered about?”

“I’m just angry to Mr. Li because he didn’t feel something wrong after getting warned from you”

“Well I send the warn through my private number so maybe he believe it’s a scam” unknown to Mr. Li, his the first person that got a warn from her using her number and not by email, if he knows about it then he feels lucky that he got to know her number indirectly but too bad his too slow to realize it.

“Even if it’s scam or not, he will accompany his wife to be sure and to be safe”

“Well you’re different from him, Tae”

“Yeah, I’m really different from him Rei and at least you know me”

“Of course you’re my boyfriend. Wait, Tae look someone trying to offer her a drink”

“She’s not suspicious Rei because she is her bestfriend and they debut at the same time.”

“Oh, I see” then Rei remembered her name since she already know Lin Yu’s profile. “She’s too good Tae that I feel something’s off”

“Is it because Woman intuition?”

“Uh-uh”

“Can you tell what’s on the drink?”

“I can’t since she doesn’t have any pen recording drive from C country and I hack her phone but too bad the camera direction is not focus on the drinks”

“How about the camera for the other one?”

“Same situation”

“So let’s just observe and interfere if we need to interfere”

“That’s our last option”

Both of them just observe and monitor through Rei’s phone meanwhile at the event Hall, Li Yun was not letting her guard off and be cautious from the warn she got from her husband phone. Being a celebrity for almost 10 years, she already knows and aware the underhand methods of the entertainment so after getting a drink from her so called bestfriend, she was cautious enough and pretend that she drink but too bad her so called friend is smart enough and inject her through her legs that she didn’t feel any pain since it’s painless.

Lin Yu is lucky enough that this actions are all witness by Tae and Rei.

“Tae watch this for me and I’m going to search again because I think I miss something important about her”

“Yes Rei go ahead” then Tae observe and monitor closely meanwhile Rei hack for almost 10 minutes and she got it.

“Tae, this Ms and fake Han Yu sleep together and their conditions is that he will got to bed with Lin Yu”

“Eh fake what do you mean and did you watch their scandal?”

“Silly, I didn’t since I skip that one and I’m just listening to their conversation. By the way this fake Han Yu is a double body for real Han Yu”

“...” speechless then back to his senses and told Rei “right now Ms Nan just excuse Ms Li from her Manager and telling that Ms.Li was not feeling well”

“Let’s go now to Star Hotel”

“Okay”

Chapter 115 - Drug

Star Hotel is just located opposite to the Event place, so Rei and Tae got off from the car and already waiting outside the hotel room and just hiding around the corner. Yeah, that’s it, the two sneakingly entered the hotel since Rei hack their systems so she knows where’s the camera positions are and Rei forgot to stop the CCTV’S recordings. After minutes pass by, Ms Nan appeared carrying Ms Li.

“Woah, I don’t know that she’s quite strong Rei”

“Yeah” then right away Rei stand from her hiding place and without a warning she knock off Ms. Nan from the back right away through her neck that cause her to lost consciousness and collapse right away. She catch Ms. Li and let Ms Nan fall on the floor then instruct to Tae.

“Tae let’s go right away before they realized”

“Okay and what about her?” pointing the actress who already laying unconscious in the cold floor.

“Let her be and we will give her a chance” by a chance Rei means for her to realize her doing but well she’s quite evil so Rei don’t have other choice but to expose her.

“Okay and let me carry Ms. Li”

“NO!” Rei exclaim right away then explain to him “she got drugged so let me carry her”

“I—I understand”

“Thanks Tae and sorry for almost shouting you”

“I know”

“You’re my boyfriend so I don’t want something happened to you that I might regret”

Tae blush then they left right away. Rei carry her single handedly and then put her at the back seat before seating to the driver side.

“You’re too strong My Rei”

“Well you trained me”

“Yeah but I just trained you the day before yesterday”

“Ha, ha yeah you’re right and I don’t know what’s got on me but seeing her, it’s make my blood boil so I just did that without thinking”

Then a seductive voice interrupted them “ah, I’m hot”

“...” the two become speechless then Rei drive right away after getting back her senses and go to Class A hospital. Rei didn’t go to the nearest hospital because their security was not that secured, weak and easily will got hack by other hackers. Rei drive fast beyond the speed limit and not scared if someone will caught them up since she already press the button for changing the plate number and color of the

car. After arriving at the hospital, the car plate number and color return to normal and no one notice it even the CCTV'S recordings including Tae but he will know later from her.

Tae called the doctor right away the moment the car stop at the emergency entrance and forgot his covers.

“OMG, is that Woo from M’dol?”

“It’s him, it’s him”

“What happened?”

“I don’t know but he called the doctor right away”

At that moment, the doctors follow him with the strecher and then Rei get out from car while lifting Ms. Li.

“Woah, what a real beauty and who is she?”

“Hey guys the beauty carry our Goddess Li”

Because both Ms Li and Rei are both real beauty they’re all amazed of how they too beautiful that cause of them to be speechless and dumbfounded. They got back to their senses after the doctors and the three of them out of their sights.

“Hey, can someone pinch me if I’m dreaming or not?” all male nurses who witness the scene said at the same time.

“Idiot it’s not a dream” all female nurses who witness retort to their co-nurses.

“If it’s not, then what are their relationship to each other? How about the Real Beauty, Goddess Li and M’dol Tae?” All of them ask in syncd but no one can answered them.

— Inside the emergency room —

Rei : Doc, we just happened to witness that Ms Li got drugged by her colleague and we rescue her right away and bring her here.

Doc : You make a good decision Miss and allow us to check her condition.

Rei : Yes go ahead Doc

The doctor check her right away. That’s right, Tae called a female doctors and nurses to assist her.

— Flashback —

After getting down from the car, Tae run right away and called.

“Doctor and Nurse please follow me”

“Eh, that’s Woo from M’dol right?”

“I only need female doctors and nurses, please because it’s complicated”

Then the professional nurses and doctors followed him right away and bring one strecher.

— End of Flashback —

The doctor already done checking her and inform her.

Doc : Miss, I'm sorry to inform you but only that thing can help her back to normal and we can only give her a sleeping injection that only last for 1 hour since the drug is an aphrodisiac type that having a very strong effects.

Rua : Yul em fvuft Dmh

Doc : After giving the injection to her can you and Mr. Woo to follow me in the office

Both : Yes Doc

Then the doctor give one shot injection to Ms. Li and she already star to calm down meanwhile both Tae and Rei just followed the doctor to her office. Rei already know what's the doctor going to inform them meanwhile Tae just silently observed her. After entering the office, Rei said it right away without waiting for the doctor to speak.

"Sorry to interrupt you Doc but before you suggest something, I want you to know that I'm not Ms Li Assistant or Manager but instead I'm Mr. Woo Girlfriend. I know you're going to suggest to Mr. Woo for doing it until Ms. Li back to normal but as a Girlfriend of him, I can't agree with that unethical suggestion of yours Doc but we know someone who can help her." Rei already memorize his number and ask the Doctor "can I ask for a pen and paper?"

The Doctor got expose right away from Rei and feel embarrassed but she still give what Rei ask "here"

"Thanks" Rei write the number right away and give the number to her "call this number and inform Ms. Li condition"

"O—okay and I'm sorry"

"It's alright Doc and I understand"

"I'm really sorry and I thought Mr. Woo is Mr. Li boyfriend while you Miss is Ms.Li younger sister"

“I understand and for now before we leave can we talk to the Management”

“Ah, yes go ahead and just go straight from here and our Head is there”

“Thank you” then Tae hold Rei hand right away and left.

Chapter 116 - Almost ruin Li Yun reputation

After the couple left, the Doctor called right away.

“Ring, ring, ring”

“Hello Good Evening, how may I help you?” the doctor can sense the anxious voice of the answering her calls.

“Hello, I’m an ER Doctor from Class A Hospital and I’m looking for Ms. Li Yun Guardian or her Manager perhaps”

Mr. Li got nervous after hearing his wife name but calmly answered but still his voice is wavering “yes I’m her Guardian and what happened to Yun?”

“It’s like this Sir, someone trying to drug Ms. Li but thankfully someone witnessing it and they rescue her and bring her here. The two of them are fast enough to bring her here before it’s too late but sad to say only many times of s.e.x.u.a.l i.n.t.e.r.c.o.u.r.s.e can return Ms.Li to normal and right now we only give her a sleeping injection that last for one hour and it’s already 5 minutes since the I give her the injection.”

“Okay I will be right there and what’s room is Yun right now?”

“Ms. Li is in ER-1”

“Thank you”

“Beep, beep” Mr. Li already hang up the phone and go right away without changing and just instructs the kids.

“I’m going to congratulate your Mom”

“Yes Dad go ahead”

Then Mr. Li left right away while the doctor doesn’t know that the one she talk is the young master and son of CEO of the Class A Hospital..

——— Management Office ———

The two walk hand in hand leaving the nurses and doctors watch them with a shock expression. Rei just let Tae hold her since they got exposed the moment they arrived. Rei knock the door twice.

“Knock, knock”

“I’m Mr. Woo Girlfriend and I want to talk to you Sir”

“Yes, what is it Ms and please take a seat first”

“It’s alright we will be quick”

“Okay what is it?”

“We arrived here in the hospital for emergency happens and all the emergency doctors, nurses and personnels saw us, me, My Boyfriend Tae and Ms. Li, so I just want to request that this incident will be kept secret forever and no one will know about this.” Rei already know she’s talking to Mr. Li father but she didn’t blurted out to avoid getting recognize that she know him even it’s their first meeting.

“Yes rest assured Miss and don’t worry our security is tight.” By hearing the name Ms. Li, he doesn’t know if this Ms. Li and his daughter be in law is the same person but well he need to call his son to confirm.

“Thank you Sir and that’s all”.

“You’re welcome Miss”

Then they left, after they left the head called his son but no one answered, so he already know that this Ms. Li is his daughter in law.

The Head called all the emergency medical personnels and warned that no one’s will leak about Ms. Li incident and to prove that they will agree, the Head make an agreement and all of them signs. After signing all of them wondered at the same time.

‘What’s the real identity of that Real Beauty? Even CEO and Doctor Li become like this.’

Meanwhile Rei and Tae already seated in the car and waiting for Mr. Li to arrive in order to be sure that Ms. Li is safe. Well since her father in law is there, she already safe but Rei and Tae want to be assure.

“Ha, ha you’re welcome and I just stating the truth. Mmm...” Rei see a car rushing to the hospital and she knows who is that person “here he comes”

“If he listen and believe you then he will not be like this”

“...”

“Ah by the way Rei, you’re sending him a message through your private number so he already knew your number, right?”

“Yeah if he take note my number he will, but if not then no worries since my number will delete automatically after 1 minute that I send that message, so as of now it’s already been deleted.”

“Eh?”

“Ha, ha no worries Tae, my number will not be deleted to yours since I save your number to mine”

“That’s amazing Rei”

“Did you find me scary Tae?”

“No and why you ask like that? I’m amazed by that and I become more in love to you Rei”

“.....”

“It’s the truth”

“I believe you so aside from you only my family and Mentor knows my identity”

“Thanks for telling me”

“You’re welcome and no worries because I trust you”

“By the way you mention about Mentor, who is she or he?”

“It’s a he Tae and he known to be C”

“C?”

“Uh-uh”

“You mean the top hacker before R exist, I mean before you exist and C become second after you”

“So you heard that news?”

“Of course it’s all over the world”

“ ... ”

“Ah, here he comes Rei and he already carry his wife”

Then the two look outside but they didn't go out.

The moment Mr. Li arrives, he go right away to the emergency and tell his identity without hesitation that his Ms. Li husband together showing his marriage certificate that cause of all the medical personnels got surprised and shocked for what they heard. Then one doctor that assist the couple awhile ago return her senses and assist him. All of them doesn't know that his a young master and son of their boss but well no body knows the 3 young masters and they just heard that their head have 3 sons and future boss of them.

“I'm the one who called you and Ms. Li is here”

Then he follow the doctor right away and then when he entered he saw his wife laying like no life at all. Mr. Li focus is on his wife that he didn't realized that his dad watching him outside and just observe him.

“You only have 15 minutes left Sir”

“I will discharge my wife and I will settle the bill first”

“No worries Sir and the bills already settled by the person who carry your wife here”

“Do you know perhaps that person contact number?”

“Unfortunately we forgot to ask and that person write the name Li Wu in the patient information sheet aside from your wife details.”

“The Li Wu you mention is me and can I discharge my wife?”

“Go ahead you can carry your wife since the discharge procedure already settled by that person also”

“Okay, thank you Doc”

Then Mr. Li carry his wife right away and just like what Rei did, he put his wife to the backseat and drive right away without noticing that someone follow him and that’s Rei and Tae. Mr. Li Dad also back to his office, the moment he was sure that his son and daughter in law is safe now while wondering.

“Whoemeer that Lady I must be thankful for her saving my daughter in law but well knowing Mr. Woo so maybe I will repay her goodness.”

On the other hand, Mr. Li only have a little time left so he go to the nearest hotel which is own by his family, check in for 1 night and then carry his wife to their room by covering his wife face. After entering the room, Ms Li regain consciousness and seduce the man who carry her without knowing that it’s only her husband. They did it for the whole night because the drug is very strong, Mr. Li is tired but he did it beyond his limits in order for her wife to return back to her normal self.

Chapter 117 - Are you sure your safe?

For the whole night, Rei and Tae just stay in the car park outside the hotel and waiting for them to check out.

“Rei we skip our dinner so let’s not skip our breakfast, okay”

“Yeah I know and let’s leave after they check out”

“Okay and you must rest Rei since you just sleep for 2 hours.”

“Yeah and I expected already the tight of the security of the Star Hotel and the Event Hall since it was design by my Mentor. But then I never expected that the Class A Hotel and this hotel are also having tight security”

“There’s a hacker who as a same level to you Rei?”

“Yeah there’s is and that person is the one designing the Class A Hospital and this hotel security”

“So how did it go?”

“I already breaks that person securities without that petson knowledges that I hack the system. I wipe out our and the Li couples traces so that nobody can leak any articles about this incident”

“You mean you wipe out it all?”

“Yeah but only the four of us”

“...” Tae speechless because he don’t know how to react and wonder how genius his Rei is.

Rei found the couple getting out and inform Tae. “There they are”

Tae look where Rei looking and sigh in relief “at least they take it before morning” since time right now is 15 minutes before 6am

“Yeah”

“Let’s go now Rei”

“Wait Tae” then Rei typing something and the footage they left the room and checking out are now deleted from the system. “Okay, let’s go”.

“Don’t tell me you deleted another footage about them”

“Yes I delete it and to be safe we must not left any evidences to attack against us.”

“So you just did it for only a matter of seconds?”

“Y—yeah since I already break the security”

“Then how about you?”

“Don’t worry that person can’t trace me but he will be aware that’s it’s R doing”

“Are you sure your safe?”

“Yes, I’m safe”

“You must be and I don’t want something to happened to you Rei”

“Thank you Tae and let’s go now they already left”

“Yeah they already left and this couple interrupt our official day of being officially couple.”

“Ha, ha no worries I’m always with you Tae”

“Yeah you always with me but have you forgotten that 3 days from now you’re going back to your hometown?”

“I didn’t and I’m going back for vacation and I will be here before the year end so mostly I will share my 1st Day of Year to you and I will have a surprise for you on that following day”

“Speaking of that Rei, are you sure you’re not going to say it to me in advance?”

“Not a chance and what’s the purpose of surprise if I tell you?”

“Yeah you’re right and then I will just wait for that day to come”

“Yeah”

“By the way can you set up the car for auto drive?”

“Okay but for what?” Rei set up the auto drive mode and set the location to CA Residences.

“Done?”

“Uh-uh done but why?”

“You lack of sleep and it’s not good for you, come set beside me”

“Ha, ha how sweet” then Rei approach and seat beside him then lay her head to his shoulder and commented “what a caring boyfriend I have.”

“I would always be and forever be like that for you Rei”

“.....” no answer from her.

“Rei?” Tae look at her and just realized that she’s already asleep. “Take a good sleep My Rei” then kiss her forehead.

Tae didn’t sleep back, just watch and observe the auto drive car and especially to his wife..... ehem..I mean to his girlfriend Rei.

After 40 minutes of drive they arrive but Rei still sound asleep and the GPS remind it again since the man riding the car just staring and in a daze to it's owner.

"We arrived at your destination, we arrived at your destination"

"Oh, we're here Rei"

"....." the car is speechless because his

focus is to it's owner.

Leaving with no choice Tae didn't wake her up, slowly lifting her up and just carry her in bridal style. Before carrying her, Tae get her bag and then carry her while locking the car. He ride the elevator while carrying Rei without problem and just press the button for the last floor.

When they arrived at the last floor, Tae moved Rei a little bit so that he can open the door but that movement Rei moved and being a light sleeper Rei waking up but Tae stop her.

"Stay like this and I will wake you up when breakfast is ready"

"Okay" then Rei wrap her arms around his neck and confess again without thinking "I love you Tae"

If by chance that Tae didn't heard her confession he will be dumbstruck for sure but then knowing that Rei loves him back, he smiled and answered "I know and I love you too, Rei" then kiss her forehead again and not the lips so that he will not disturb her sleep because the woman in his arm is very light sleeper.

Tae entered while carrying his love the moment the door open and Tae put Rei on the couch and said.

"I'm going to prepare our breakfast and I will wake you up, after"

“Uh-uh”

“I will get a blanket first”

“Uh-uh”

Again Tae kiss her forehead and go to her room then get a blanket right away and back to the living room then cover the blanket to Rei. Tae prepare the foods, he cook the rice first and then the dishes. Because Tae is also a good cook, when he cooks the dishes Rei awake from the nice smell of the foods and follow where the smell from.

Rei walk and ask while giving Tae a back hug

“Mmm smells nice, what did you cook Tae?”

“T—-that....” Tae caught off guard because of Rei sudden hugs.

“Woah, I’m really lucky that I have you Tae”

“So do I but you can seat first and I’m almost done”

“Mmm but I want to hug my boyfriend, is it wrong?”

“Nothing’s wrong Rei but if you keep doing that you’re putting myself on fire”

“On fire, why?”

“You will know at the right time but for now you can seat first before I lost control”

“Mmm...okay” then Rei release her hug and seated while observing Tae.

Tae can feel the gaze of her and blushing while said to her “stop looking at me, Rei”

“Then where do you want me to look? And by the way you’re blushing Tae”

“Just look wherever you want and I know”

Rei smile then continue looking at him.

“Rei, did I tell you to stop looking at me?”

“But you said that I can look wherever I want”

‘This girlfriend of mine will be the cause of my death someday’

Rei observe Tae and his getting more red from blushing “alright I will follow what my boyfriend want”

“Thanks”

Chapter 118 - Three conditions

Rei stop looking at Tae and just let Tae continue what his doing while Tae can focus back to his cooking after sensing that Rei didn’t look at him anymore. After minutes passed by, he already done cooking and now seating beside Rei and the two start eating while chatting.

“Ahm Tae since we become an official couple yesterday...”

“Mmm, so what is it?” already know what Rei’s going to say.

“I have three conditions for our relationship”

“Is it Hug, Kiss and Holding Hands only?”

“Eh, how did you know?”

“Of course I know because I’m a certified stalker to you”

“Are you alright with that?”

“Of course and I understand you. Being known as an old fashion even though nowadays on current relationship being intimate to your partner is already normal but I’m alright with that and before I confessed I already know about that one”

“Thanks Tae”

“You’re welcome and being an official couple is already enough for me right now”

“But whatever on your minds just tell me what is it and don’t keep a secret from me”

“Yes of course Rei”

“Thanks and to tell you the truth I never expect that our 2 months of Trial Relationship will be just in matter of 2 weeks.” Rei laugh shyly

“Same to me and never expect that My Rei will be fl.u.s.tered after hearing my future plans”

“Ha, ha, ha yeah by the way do you wonder why I set that conditions?”

“I have an idea but I’m not sure”

“Do you want to hear why?” Tae nodded right away “ha, ha okay I will tell but I want to hear you first Tae”

“Okay”

Rei looking to him curiously and Tae said “ha, ha, you’re expressions right now is quite cute Rei”

“T—thanks, so what is it?”

“Mmm.... it’s just my idea okay”

“Uh-uh and go ahead, what is it?”

“Is it because you we’re not sure about me?” Tae guessed while having a gloomy expression.

“Silly, why are you thinking like that?”

“Eh, if it’s not then what is it?”

“I know being intimate to your partner is also help the relationship to grow more but I don’t want like that because I want a relationship without intimate or d.e.s.i.r.e and only true love exist. I will only give up myself to My First and Last Man or rather My Husband. So right now Tae, I already falling in love with you and hope your that Man”

Tae caught off guard and blush then replied to her seriously “yes I will take note of that”

“Thanks”

Rei misinterpret him because what she think, Tae take note her reasons but for Tae its mean that Man will be only him and he will be her husband. Suddenly Rei think something and ask him.

“How about you Tae do you have any conditions?”

“Nope but what I want from you just love me for who I am and trust me”

“Silly, of course I love and trust you” Rei hug him then said “you don’t know how lucky I am? Imagine, me being the girlfriend of a Chic and Main Vocal Woo from M’dols. Many fans of you dream about that but too bad I got you and this is really a big gift to me. I know being a Girlfriend to you and you as an idol is really hard but I will do my best for our relationship to grow.”

“Thanks and are you happy that I’m you’re boyfriend even though I’m always busy as an idol?”

“Of course I am and you don’t know how happy I am when I received your confession”

“Eh, why?”

“Ha, ha later you will know it why I said that one but you will know it at the right time”

“You said no secrets between us”

“Uh-uh but for now I will keep it and reveal at the right time, okay?”

“Hmmm....then I will anticipate it”

“You must be”

“Okay and Rei?”

“Mmm?”

Tae just kiss her and then said “I love you and thank you for loving me back” Rei caught off guard and blushing hard “oh so the so called Ice and Cold Queen is here with me while blushing hard”

“Of course I would, I’m also human you know and what do you think of me Tae, huh?”

“My Girlfriend of course and by the way, I told you that I already composed a song for you and I will sing that one if we become an official couple, so do you want to hear it?”

“Yes”

“Ehem, ehem”

“Ha, ha, why, feeling shy now?”

“Uh-uh”

“Ha, ha silly and you always singing in front of thousands of fans and audiences, so you can sing, I’m the only one here”

“Yeah, I know but it’s different because you’re my girlfriend and my love”

“Ehem, so what you suggest?”

“Can I sing it after you comeback from your hometown?”

“Well that’s alright since I have something to tell you that day”

“Thank you Rei”

“Uh-uh and right now let’s continue eating before it’s getting cold”

“Y—yeah you’re right”

“So are you going to train me this afternoon?”

“Yes, why?”

“Ha, ha I taught my boyfriend will letting me off this time”

“I’m planning to but we only have 3 days left before you leave, remember?”

“Hey, I’m going back you know and especially my boyfriend is here”

“Good”

“So when did my boyfriend earn his belt?”

“Mmm... you’re R so you must already know about it right?”

“Hey, hey, as you know I will not hack if it’s not necessary”

Tae already know about it but still teasing her “so I’m not important to you?”

“Geez, that’s not what I mean and what I mean is, I only hack if someone really need my help and I won’t hack if it’s just for interfering their private life.”

“Ha, ha I know Rei but speaking of private life what happens to the Li couple now?”

“Yeah that’s right but let check that one after we eat, okay?”

Rei tap his forehead and said “silly, we just become an official couple yesterday and yet you already thinking about break up”

“So it means you don’t want to break off with me”

“If you cheated then we will really break up, right?”

'This girlfriend of mine is she really a genius or not, why she didn't get what I mean? Nah, forgot about that one and why do I need to cheat when My Rei can already fullfil my Life. I must be an idiot if I'm letting her go'.
