

Chapter 141 - Putting a mark on him

Hearing Rie's heartfelt confession, Tae was dumbfounded, shocked and without realizing his tears slowly flow from his eyes.

"Eh Tae, why are you crying?"

"Y— you, it because of you"

"Eh, but I didn't do anything"

"Yeah you didn't do anything to me but you're telling me now how you really feel towards me."

"Ha, ha, ha I don't know that my boyfriend is a crybaby"

"I also don't know that I'm a such a crybaby"

Rei's smiling and slowly hold his face then said to him "Tae you're my first boyfriend" 'and hope you will be the last'" Rei didn't say the latest part out loud.

"Eh, what do you mean by first boyfriend?"

"First because other than you I don't have any experience in dating and you're the first boyfriend I have. Everything is my first, so don't hurt my heart and don't break the trust that my heart gives to you"

"I promise Rei and I will never do that, I know it's easy to say but whatever temptations or anything I will surely avoid it and...." Tae pause for a moment and looking at her seriously

"And?" Rei asking him curiously

"And please put a mark on my heart that I'm really yours and you're the rightfully owner of my heart"

"T— that but it will erase after time pass by"

"Never because you always put a mark on me the moment it will disappear"

"Eh?"

"You heard it right Rei, so please before I claim that you're mine, can you always put a mark on me everytime it disappeared?"

"Eh"

"Please?"

"T— then where do you want to put my mark on you?"

"Mmmmm" Tae's thinking where the perfect spot to put a mark on him that his Teammates, Managers, Fans and Media's will never notice the mark.

'If it's on my neck it would be very obvious, on my abs both my Teammates and Managers will take a notice of it. If it on my partner nobody will take a notice of it since it's my partner but for sure Rei will not do it. Not good, not good' thought by him and then said to Rei.

“Ah Rei you can’t forget about that”

“Eh why?”

“Geez how come you didn’t understand this time?”

“Eh?” Rei just give him a confuse expression

“Alright, alright I tell you. If I let you put a mark on my neck everyone will realize it and if I let you put a mark on my abs then my Managers and Teammates will take a notice the mark since we’re always changing clothes hurriedly”

“Eh, then how about your legs?”

“Not good”

“Hands?”

“Not good”

“Ears?”

“Not good”

“Collarbone?”

“Not good”

“Hands?”

“Not Good”

“Arms?”

“Not Good”

“Underarms?”

“Not Good?”

“T.h.i.g.h?”

“Not Good”

Rei mention all the body parts except one and suddenly blush.

“You’re thinking the right thing Rei but never mind that one because I know it’s no good for you”

“.....”

“So forgot about that one Rei and let’s sleep now”

“T——the mark, do I really need to put a mark on you to remind you that you’re mine?”

“Just forget about that Rei”

Rei move and seating on the bed while looking to Tae and said to him “don’t think about me Tae and I want to hear it from you. I want to know what you really want, alright?”

Tae followed Rei and both of them seating on the bed while facing face to face to each other and answered her truthfully. "I really want your mark on me Rei b..."

Rei didn't let him finish because she knows that he doesn't want because of her "then tell me how to put a mark on you?"

"Eh?"

"How to put a mark on you Tae?"

"T— that" Tae caught off guard but he explain to her how to when he realize Rei's seriousness. "Just kiss it hard and bite"

"Okay"

"Lay down on the bed Tae"

"Eh?"

"Hurry before I change my mind" then right away Tae laying down by on the bed.

Tae already laying down on the bed and waiting for Rei, while Rei reminding herself 'Just kiss it hard and bite. Alright I can do it'.

To Tae surprise, Rei suddenly push down his pajama pants together his u.n.d.e.r.w.e.a.r and then Rei suddenly hold his partner before kissing and biting hard his partner.

After giving a hard kiss and bite, Rei looking at it to check if she already put a mark on him and then said to him "done" before hurriedly pulling back his u.n.d.e.r.w.e.a.r and pants and hiding her face to Tae c.h.e.s.t.

Rei hug him and said mumbly that enough for Tae to heard it.

“Woah, that’s my first time seeing it, touching, kissing and biting that one. I’m so embarrassed”

“.....”

“Only this time Tae, I will never do that again even if it will disappear”

“Okay”

“Geez, that’s so embarrassing”

“....”

Due to embarrassment, Rei suddenly sleep and didn’t heard Tae while Tae didn’t realize that she’s already sleeping until no one answered him when he called her attention.

“Geez Rei, you’re really the unpredictable one I never taught you’re doing it for real and directly since I expect that you will just do it with my clothes on but never expect that you’re putting a mark on me directly.”

“....”

“Rei?”

“....”

“Rei?”

After hearing no response from her, Tae looking to her and realized that she's already sleeping and also he realize that Rei face, ears and neck are in scarlet red.

"You yourself, you also surprised of what you did awhile ago my Rei" then kiss her forehead and said to her without caring if she hears it or not "I Love You Rei, I really love you Ms Din Lou Rei. I will promise and do my best that I will never cheat on you and someday at the right time you will be my wife and claim you that you're mine and mine only" then kiss her forehead again before following her slumbering state.

The couple who are in love to each other are both sleeping peacefully knowing that his love/her love are on his/her side.

Both of them are hugging tightly even on their slumber state they didn't release the hug that afraid what will happened if he/she leave him/her someday and they don't know what are they going to do if it will happened.

Chapter 142 - How much Tae love her?

Early morning, one of them wake up earlier than the time of his waking up schedule and instead of waking up, he just open his eyes while adorably looking to his love sleeping on his arms while hugging him. Tae is talking to himself while Rei is still sleeping with a lovable and smiling expression on her face.

"How lucky I am to have you Rei? You're a real beauty and almost perfect if you're not an oblivious in terms of relationship but that's enough for me by having you at my side and being you as my girlfriend is my greatest achievement especially if you will be officially become Mrs. Jun. I don't know if one year of dating is enough for me because right now I want to marry you but being me as your first boyfriend, I want you to experience on how's dating going on. For me your not my first girlfriend but you're the only woman I want to be my Mrs. Jun. During our relationship, I will open up about my experiences so that you will fully understand me and I also want to know your experiences so that I will fully understand you. Whatever it is, I will love you of who you are and what are you and it applies to me. Knowing that I'm your first boyfriend, I'm really happy and glad that whatever your first time is me but sometimes I become upset because you're not my first girlfriend and why did I hurriedly entering into a relationship that I was not assure about my future but luckily I didn't do anything to my ex girlfriends and I assure you that my first will be yours my Rei. You're not my first kiss, you're not my first hug, you're not my first girlfriend and you're not the first who shared my first holding hands with but the most important one is you own it Rei because you're my first love, you will be the one taking my v.i.r.g.i.n.i.t.y and you will be my future wife.

As a man being keeping his v.i.r.g.i.n.i.t.y is kind of awkward but it's worth it because the one I'm losing it is to the person I love the most and the most important of my life.

At first, I didn't expect that you will accept my confession because truly I didn't deserve to be yours but seeing you become upset that I look down myself, I realized that you also love me the way I love you. I can't measure how much you love me Rei but I assure you that I will give all my heart to you without regrets because you deserve it.

Rei, as you know you already hold and own my heart without my knowledge and your knowledge because the moment you appear in here my heart already got caught by you. I never taught that by simply a glimpse of you can already dig my heart out and own by you. I'm not attract by your real beauty because the first I notice is your presence.

Saying I Love you everyday is not enough to prove how much I love you. Giving you hugs and kisses is also not enough for showing how much I love you because kissing and hugs is just showing of your d.e.s.i.r.e and s.e.x.u.a.l attraction to each other. The most important how to show how much I love you are loyalty, trust and respect to each other. Loyalty, because I will stay loyal to you and be my only woman. Trust, because I will understand of whatever you're decision and actions are. And respect because I will respect you Rei as being you and I will respect to your parents and family because they're the one who mold you to become like this.

Being an artist, is really become a disadvantage to our relationship since we're not having a date openly and will keep our relationship hidden from the public.

At the right time, when I already heard your replied to my proposal then I will surely shout to the world that you're mine and mine only. Whatever the public or my fans attacks about us, I will fight it because you're my most important person. My fans will surely be disappointed but they will understand it someday when I will explain it to them clearly.

I never imagined that this day arrived for me to be in love dearly. Mom and Dad, now I understand why both of you willing to sacrifice something because of how much you love to each other. If someday Rei ask me to stop being an artist then without hesitation I will surely stop being an artist if she doesn't want me to become one because losing her is more painful compare to losing my passion as a singer. I know that Rei loves me, will be loyal to me, trust and respect me but whatever she want I will comply it without hesitation because I trust and love her." Tae looking to her still sleeping and continue talking to himself.

“Now Rei, you’re really become a part of me and like a life to me because without you I don’t know how do I live you.

Whatever differences we have, I hope that we will talk it about and avoid misunderstanding because I don’t want to be separate of you” Tae tears slowly falling to his eyes and continue talking to himself.

“Rei, what did you do to me? How did I become so deeply in love with you? Day by day I always realize how important you are to me”

“I Love You Rei, I really, really Love You Rei. Please whatever circ.u.mstances it is don’t leave me and don’t let go of my hand. Please My Rei because I can’t bear to live without you”

Tae silently crying to avoid Rei waking up but unknown to him, Rei only heard the last part and not the whole message for her but it’s enough for her to be an emotional one because that sentence surely touch her heart.

Chapter 143 - Departure Day

Rei already fully awake but she just observe her boyfriend who cried silently but then she interrupt when her heart can’t take it anymore.

“Tae why are you crying for, you know I’m here and I’ll never let go of you as long as you need me. I know you love me but I don’t know how deep your love for me but the one I assure you is, I also love you and I also don’t know how I’m going to live without you. So, can you stop crying in now, mmmm?”

“Uh-uh” agreed to her but his tears still flow out of control from his eyes

“You’re really such a crybaby and I don’t know why are you crying this so much. Again I also assure you’re worries that I will never let go of you as long as you need me, so what’s wrong hmmm?”

“I also don’t know why but I really, really love you Rei. I already falling deep in love with you”

“I know” then Rei wiping his tears and said to him “even you’re a man, you’re such a crybaby but yet you’re still handsome even you’re crying. Your fans will be surely mad if I expose you being like this”

“You will not do that”

“Yeah you really know me Tae and of course I won’t, I want to be selfish and I only want to know who you are and what you are all by myself only” because of this, Tae tears flowing again.

“Geez, geez how much tears do you have?”

“I don’t know”

“Now, now stop crying. My flight is at 9am, so let’s prepare now. I will drop off you first to your house before going to the airport”

“Uh-uh and you take a bath first Rei because I will prepare our foods first”

“Okay and don’t cry when I’m not around”

“I won’t”

Rei stand up and getting her clothes before going to bathroom but suddenly she turn back and call him.

“Tae?”

“Hmmm?”

“Good Morning My One” then give a peck on his lips and entering the bathroom leaving Tae standing in a daze.

“My One? That’s the first time Rei called me like that” then touching his lips.

On the other, Rei didn’t take a bath instead after entering the bathroom, she slightly open the door and observing Tae.

‘Ha, ha silly. I never taught my bias of M’dol will be like this’ then said it loud the moment she realize that Tae didn’t move an inch”Tae, are you in a daze?”

Return back to the world “eh me? I didn’t”

“Are you sure?”

“.....”

“Giving a silent response, so you’re really in a daze since you didn’t greet me back”

.

“Eh, t—that , Good Morning My Love. I will prepare our breakfast now. Don’t stay long on the water

” I won’t”

Rei start bathing after talking to Tae and the moment she removes her clothes, Rei realize the mark that Tae give to him.

“Surely, how did he do this mark so deeply even I’m wearing my cloth?” She touch the mark and said “His mine and mine only, I know many women is after you Tae but I will not let go of you in my hand and I will not loss you to them. As what I promise, I will not let go of you as long you want me. This mark is proof that you’re mine Tae.” Then Rei tears slowly flowing from her eyes and she wipes it “Geez, I’m also such a crybaby. So this is the feeling of being in love.” Then Rei suddenly remembered that she become bold all of a sudden “OMG, I really give him a mark, I touch, kiss and bite it. G...gah, I taught it was a dream but it’s real. How do I face Tae? Well, only that time Rei, yes, yes only that time” Fanning herself because of the hard blush on her face. Fortunately, Tae already out from the room so he didn’t heard anything.

“Beep, beep , beep” a warning sound

“Ouh-ouh, I almost make a flood on my neck own bathroom” then Rei turning off the faucet right away and start aking a bath.

After taking a bath, Rei get out from the bathroom and realize that her souvenirs already not in the room before she realize the note. Rei didn’t bring any clothes since she had many clothes on her wardrobe from here own room at C City.

“My Love, your souvenirs are already in the living room. After I left this note, I’m now taking a bath in the guest room. Wait me at the dining area and let’s eat together.

From your My One”

“Silly, I never taught that Tae would be this romantic.”

— On Tae side —

After done preparing their breakfast, Tae entered to Rei’s room again and notice that Rei still not yet done bathing, so he carry the souvenirs to the living room so that they wouldn’t forgot about this and then leaving a note before taking a bath. Tae taking a bath and when his applying soap on his partner, he notice a deep red mark on his partner and suddenly blush.

“Geez Rei, you’re really the unpredictable one. How did you kiss and bite it directly when you can do it with my clothes on?” Then suddenly remembered what happened last night and said to himself. “Now you have a mark from Rei, so you’re already owned by Rei but only that night since it won’t happen again before our wedding night. So you will have many cold showers to come in order for you to calm down partner.”

After taking a bath, he directly get change and get out from the room and goes directly to the dining area.

“Did you wait long?”

“Nah, not that long”

“Let’s eat now or else you will be late Rei since you’re dropping me off first”

“Yeah”

The two eating silently and after eating Tae wash the plates while he let Rei wait for him in the living room since he doesn’t want Rei to be tired out.

“Okay, let’s go” Tae offering his one hand while his other hand holding the souvenirs.

“Alright let’s go”

——- Inside the Car ——

“Rei, when you arrive inform me right away”

“Okay”

“Don’t let other men approach you because you already have me”

“As always Tae”

“Don’t forgot to eat at exact time”

“Uh-uh”

“If you’re busy inform me so that I won’t disturb you and if not you can call me anytime”

“Uh-uh”

“And please return to me right away”

“Uh-uh and 8 days will just pass by, Tae”

“I know”

“Don’t miss me that much Tae, okay?”

“That won’t do, I already miss you even you’re still here”

“Ha, ha. Aah, were here” based of the signal of the GPS when Tae put up his address.

“Ah, you’re right . You must take care always and I Love You” then kiss her lips.

“I also Love You Tae. Go inside I will watch you”

“No, you go first before I’m going inside”.

“Alright, take care and don’t forgot that I will picking you up the day when I’m come back”

“You must be My Love”

“Ha, ha, bye bye Tae”

Tae gesturing her to winding down the window before giving her a kiss then Rei drive right away after the kiss.

“Who’s that?”

Looking around “ah, it’s just you Sis”

“Who’s that?”

“My Girlfriend”

“What?”

“Let’s get inside first”

“Geez, silly Tae-nya” then follow her younger brother and after entering the house, she suddenly inform the whole family. “Mom, Dad, Sis1, Brother-in-law, Sis2 and my lovable niece, I need to inform all of you that I just witness your Tae and his girlfriend kissing under the tree. No, no not the tree but outside the house”

All family : “What?”

Tae : Geez you’re really such a big mouth Sis3.

All family : Is it true?

Sis3 : Uh-uh and I ask Tae-nya who’s that then he simply replied to me my girlfriend.

Mom : Eh, girlfriend? But Tae I thought you’re just in a Trial Relationship?

All : Eh, what do you mean Mom?

Mmq : T— —ovfo (immcare om vuz wmpreulo lmr frt flc dmz vuin)

Tae : I told Mom and Dad that I already found the right one for me but that time when I’m informing them we still agreed of having a Trial Relationship but then one day she answered my confession truthfully and now we’re officially dating

0

All : (all of them nodded as if they understand and then suddenly asking at the same time) eh, really?

Tae : Uh-uh, I didn’t realize Sis3 is outside the house and witnessing of our kiss

All : So where is she?

Tae : She's just dropping me off and she will go directly to the airport because she's going to visit her family.

All : (Except his Mom and Dad) Eh, what do you mean by that Tae-nya?

Tae : I will introduce her to you guys but not right now and maybe on the golden week I will bring her here so that I will give her a formal introduction to you guys. Mom and Dad sorry for not informing you that we become an official couple.

Both : It's alright Tae-ya

All : (Again all his family looking to him and their expression saying 'picture, picture')

Tae : Ahh

All : Don't lie to us Tae, as if you don't have. We already know you Tae, you're not this open to your relationship but then you suddenly telling us about her and then most of all you kiss your girlfriend openly without checking your surroundings.

Tae : T— that

All : Mmmmm?

Tae : 'Thank goodness that I put the sweetest photo of us to the separate file. Ha, ha My Rei you have a good advice'

— Flashback —

The two talking to each other and then Rei suddenly remembered something.

“Aah, Tae?”

“Mmmm?”

“That photo are you still naming that file My Love?”

“Eh, ah yeah” shyly answered.

“Let me see”

“Here” give his phone to Rei and Rei accept it.

Rei open the folder of My Love and see all the photos that store to that said folder.

“Tae, I guess we need to move the photos of us and store it to my laptop. We will leave my photos only. We need to be safety first since you’re a famous artist Tae and to avoid any articles about us since were dating secretly. We will not let our guard down because maybe someday if we’re careless enough our photos will ruin your career and I don’t want that. I already put a safety and secure encryption to you phone but let’s not be careless because you’re a famous artist Tae and somebody will try to attack you with your team because of envy”

“Yeah, you have a point Rei. So let’s move that photos of us to your laptop”

“You want me to do it?”

“Uh-uh”

“Alright” then Rei start moving all the photos to her laptop, Only those photos that they are so sweet and being intimate to each other like hugging and kissing. Almost 30 photos of them are still on his phone which Tae question her.

“Eh, why are you leaving these photos to my phone?”

“Silly, what the use of us being a couple if you only have my photos? You’re like a stalker if you only have mine so let’s leave these photos to your phone since these photos are we just simply seating beside each other, holding hands or looking to each other so it’s not that bad. Those k——kissing and h——hugging will be hide and only us will know that one”

“Yeah, you’re right”

——- End of Flashback ——

Tae :

Sis3 : Tae-nya, do you have the photos right?

Tae : Eh, aah yeah I have, here. (give his phone to his sister while his sister accept his phone and directly connected it to Smart TV)

All : Oohh, so you’re girlfriend name is Rei.

Tae : Are you going to see the photos or not?

Sis3 : Geez, relax we're going to see the photos since I and all of them (pointing all the family members) are eager to know who is she because you, Tae-nya this is the first time that you share to us about your girlfriend.

All : (Nodded)

Tae : Sorry, at that time I'm still young and naive but now I'm more m.a.t.u.r.e, so Rei will be my woman forever.

All : (Speechless again)

Sis3 : Okay, okay. Ha, ha I never thought that they're will be a day Tae-nya would be like this. (Then right away, she search the file name My Love from the gallery and open the said file)

Niece : That pretty woman was seating in front of our seats.

Sis1 : Now that you mention it my girl, yeah you're right but I taught she was a celebrity guest.

Tae : For your information guys, she's not a celebrity but Mr. Hwang Head Secretary and for more details I will let you know during Golden Week because I will bring Rei here.

All : Stingy

Tae : 'I'm a really their family or not and why my niece become so talkative all of sudden?'

“Tae?”

“Mmm?”

“My number please change the name or maybe use an initial so that if I send your message and then some of your teammates and managers are with your side they will not be suspicious that you’re already in a relationship.”

“Aah, that’s right I will change it before coming back to work”

“I see, so what’s the changes?”

--- Back to Rei ---

“Good that you arrive safe and sound Rei. Did you eat your lunch?”

“Not yet and it’s still quarter to 12 here”

“Aah, that’s right I forgot the time difference”

“No worries, how about you?”

“Not yet because when you drop me off, one of my sister saw us kissing and they interrogate me. By the way, I didn’t fully introduce you to my family yet and just a brief introduction only since I want you to introduce to them personally”

“W—-wait, your sister saw us kissing?”

“Relax, she’s already m.a.t.u.r.e enough but the problem was my sister is a big mouth, so that’s why I’ve been interrogate by my family”

“So how’s it now?”

“It’s alright now since they will not ask more because I told them that I will introduce you to them personally. For now they’re going to see our photos together again and again so I can’t give you a video call now”

“I understand, I’m also going to my family restaurant since they’re not here at home”

“Okay, I love You Rei and I miss you”

“Silly, I just left almost 3 hours ago”

“But it’s like 3 days from me or even 3 months”

“Ha, ha, don’t worry I will pick you up 8 days from now”

“I know but I still miss you Rei”

“Miss you too, Tae.”

“Wait Rei”

“Mmm?” then received a video call request from him and she accept it right away. “I taught you’re not going to have a video call with me?”

Then Rei start the House Tour to him by a video call only. After almost an hour, Rei done touring the house including her room and just let him know where’s Mei and Family Room and the same to other room since they keep their privacy to each other even if it’s unlock or the door open. Rei already inside on her room and just done explaining her room while Tae notice her room color are pink and light blue then realize something.

‘Tae take note, Rei favorite colors are pink and light blue’

“Tae, are you listening?”

“Eh, ah I’m not, sorry”

“Ha, ha it’s alright so what I said is that I’m going to let you see my control room. It much bigger compared to my house there”

“Okay, let me see”

Rei get out from her room and climb down from the stairs and she entered another room.

“So this is my control room”

“Woah, it’s really bigger and spacious”

“Told you”.

“I didn’t see any family pictures?”

“Ha, ha it hangs around the living room. Wait for a while” then Rei get out from her control rooms and then go to the living room. She change the camera position and focus each frame of the family pictures”

This photo, another family members add and that’s my nephews Ken and Ren. Next, another family members add and that’s my nieces Elyn and Lynel. The last photo was all of us before I went to go abroad, will exactly there”

“Rei?”

‘Yeah no one but after the holiday I will be part in the Entertainment because I will be a Manager to your Team Tae’ but Rei didn’t said it loud since she want to surprise him.

“Rei?”

“Mmm?”

“What are you thinking?”

“I’m thinking about the surprise I will tell you during the first day of work after our holiday breaks”

“Geez, you’re really not going to tell me what is it and then you also give me a non-existent clue. How come Mr. Hwang will appoint you to be a Manager when you’re his Head Secretary?”

“Ha, ha, ha”

“How do you think my reaction would be?”

“Mmm.....who knows but for sure you will really have a reaction”

“Well it’s a surprise so I will be have a reaction for sure” but Tae never taught that not just reaction but a very big reaction that he almost got caught by his teammates and managers of his feelings to Rei.

“Your quick video call was not really a quick Tae”

“Ha, ha, ha yeah but that’s a quick for me. So be careful and eat your lunch now. Bye”

Chapter 146 - A surprise family

After talking to Tae, Rei leave the house right away and go to where they are. Rei already know how to drive and her driver’s license is for international license that she can drive wherever she go but the real problem is she doesn’t have a car at her family house and mostly she drive internationally because it’s CEO Hwang service.

Rei already promoted to be a Manager so she’s going to call CEO Hwang to Mr. Hwang but she still not used of it and still calling him CEO Hwang but she’s practicing from her mind only.

Instead of driving and riding a cab, Rei didn't do both instead she commute because it's her first time to commute again after 2 years . After 40 minutes, she arrives at the place.

Rei itinerary is not included for visiting her fellow co CA family in C City Branch since they're all on holiday breaks and so she go inside directly to the restaurant leaving all the staff speechless

Staff : ...

Rei : Guys, how are you? But for now I will talk to you later, so are they all here?

All the staffs still shocked and only one of them replied and that's Meng Fang twin younger sister

MF : Ma'am Rei, they're all here except Boss El since he just left after he eat.

Rei : I'm not here for two years and you forgot how to call me Meng?"

MF : Aah, it's working hours Ma'am Rei

Rei : Just kidding, go and do your work. I will go to them directly (then leaving them in a daze and go to the office right away)

Staff1 : Ma'am Rei already know where are they even though you didn't tell where are they Ms. Meng?

MF : Ma'am Rei is always like that. A smart and kind boss

Staff : (All) Ma'am Rei becomes more beautiful (they nodded together and forgot the incoming costumers before hearing a female voice but not a bossy type)

"What's wrong with you guys?"

Staff : (All) Aah, sorry Boss Lyn

Lyn : It's alright but our customers are there. (pointing at least 10 customers in the entrance door and the staff automatically apologize and assist them. Gladly that they didn't get mad) Meng, what's wrong with them including you?

MF : Sorry Boss Lyn but we have a guest who suddenly appear in here

Lyn : Guest who? A celebrity perhaps since all of you been in a daze awhile ago.

MF : 'More than a celebrity Boss Lyn since it's Ma'am Rei' but she didn't said it loud

Lyn : Now go back to your work Meng and I'm also going back to my work

MF : (she remember that Rei enter the office and knowing her personality she must arrive secretly without them knowing) Ahh Boss Lyn?

Lyn : What's wrong Meng? Are you going to resigned?

MF : No, no that's not it Boss Lyn and I'm not planning to resign.

Lyn : Alright, alright but we're not holding you up okay, if you're really going to your family company then we're not stopping you.

MF : I know Boss Lyn but all of you are helping us so I don't know how to repay all of you

Lyn : Nah, if it's not us then they're also someone who help you guys and it just happened that it's us that time.

MF : 'No Boss Lyn, your family are the only one who help us without checking or investigating our background'

Lyn : I'm going

MF : Aah Boss Lyn, Boss Mei is calling you just now

Lyn : Eh? But I just left from the office. (They didn't bump to Rei since Lyn go out from the other side which is connected to the kitchen and just got out when she notice that the customers are lining up and the staffs just standing without blinking an eye)

MF : Eh but Boss Mei.....

Lyn : I know Meng and you're not the type to lie. Alright I go to her and do your work.

MF : ...

Lyn go directly to the office which Rei went and when she arrives at the office she was surprised including the other family memebres who's inside in the office.

— Inside the office —

All of them are doing what they're doing. Mei is pretending checking the emails, their mother is checking the accounts, En just accompanying them because he just arrive a week ago for holiday breaks and to bond with his family especially his wife Mei while the four kids are playing snake and ladders.

All of them are immersed what they're doing and suddenly heard a knock.

"Knock, knock, knock"

Mei : (Acting mode activate) Weird, we have an intercom right and we don't have new staffs that don't know about the intercom.

Aya : You're right Mei

"Knock, knock, knock"

En : Maybe an intruder?

Ken : Dad an intruder will never knock and most of all we never heard an alarm warning

Ren : Well maybe a super hero intruder

Ellyn : Super hero intruder who knocks the door?

Lwruui : Guux, Sal frt Bzm Kur gmov md wmp fzu rm dpr fo fii

"Knock, knock, knock"

All : Who is it?

"Knock, knock, knock"

En : My Mei check the CCTV

Mei : Ahh, that's right (she check and found nothing) no one's around

All : Eh?

Rei : (heard what they're saying since only the conference room that a sound proof room and then Rei answered thru her mind only 'Of course you can't see me since it will ruin my surprise if I didn't do anything but really how come all of them become a dumb all of sudden? But Mei maybe she already knows' then continue knocking

“Knock, knock, knock”

Both : (Ren and Lynel said at the the same time) whoever you are, you can go now and don't scare us okay? We're still young.

Both : (Ken and Ellyn) you're a human since you're knocking the door, so who are you?.

Mei : Kids stop it, let's open the door and see who is it.

Both : (Ren and Lynel) but Mom/Aunt

Aya : Don't worry kids it's human, alright?

The two nodded but they're still scared. All of them approach where the door is and the two coward kids are hiding to the elders while the two smart kids are in front of the elders who's ready to attack who scared their siblings. Mei is the one opening the door and when the door is open all of them are dumbfounded and the kids who's ready to attack suddenly cried.

Both : (crying silently)

All : (speechless)

Rei : Hey, I'm not a ghost and it's me Rei.

All : (speechless)

Rei : Hello, it's Rei.

Lyn : (suddenly interrupt and didn't realize Rei)

Sis Mei, Meng said that you're looking for me

Mei : ...

Lyn : All of you are acting weird and in a daze. The staffs are also acting like that awhile ago.

All : (speechless but all of them pointing Rei at the same time)

Lyn : (Looking to where they point and suddenly run quickly to them and hug her twins before saying and asking to Rei nervously) y—you, w—hy are you here? N—no, Sis Rei is alive and all of us know she's alive because we're talking to her a week ago. Y—you're not Sis Rei ghost.

Chapter 147 - Overwhelmed

Rei already control her laugh when she hears her family members when she knocks but seeing Lyn reactions she can't control anymore and laughing hard.

"Ha, ha, ha, ha my stomach hurts ha, ha, ha (and she wipes her tears by her right hand due to over laughing) I don't mean to scare all of you and I just want to give a surprise but I never taught all of you would be like this especially you Lyn (then laughing again)"

The staffs are all surprise that this is their Ma'am Rei and first time hearing her laugh like this.

The customers are just wondering who laugh but it didn't bother to them because it's a restaurant and most who dine in are always chatting and laughing. They always dine in here because the surroundings is so peaceful because if someone suddenly arguing to each other, the manager will call their attention and will be entering a room in a sound proof and settle their problems their.

The family who still shocked and surprised heard a familiar laugh and looking to her again. Both Ken and Ellyn who just crying silently just hugging their Aunt

Both : Aunt Rei

Rei : Yeah it's me and I'm sorry for scaring you Ken and Ellyn. (That's right these two who act colds and calm are the most afraid but because their the eldest they don't want to show their weak side)

Ken : W—when did you arrive Aunt Rei?

Rei : I just arrived today and went home directly. At first I taught Mama and all of you kids will be there.

Aya : Don't do it next time Rei

Rei : Yes Mom, sorry. But I never taught your reactions would be like this, I mean it's a broad daylight you know and a ghost never know how to knock.

All : (Speechless because Rei is right)

Rei : Especially you Mei, after checking the CCTV and seeing no one's around, why you didn't think it's me or you just acting to see their reactions?

Mei : Tsk, you're no fun Sis. You busted me rlight away and here I am playing around with your surprise. (Mei already know that it's Rei when suddenly notice the changes of CCTV, so she pretend checking emails but already controlling herself not to be caught)

All : Mei / My Mei / Mom / Aunt Mei

Mei : Yes, yes sorry but we just witness how Ken, Ellyn and Sis Lyn freaked out. I tell you Sis Lyn if you become an actress you will be excellent it for sure since you're reaction awhile ago (then suddenly laughing like what Rei did) ha, ha, ha ohh no my stomach hurts and of course I know that Ellyn and Ken are both cold and calm but they're soft, see it's rare for us to see their reactions especially Sis Lyn.

Lyn : Sis Mei that's not fun you know.

Rei : I'm not going to pay for that one?

Mei : We will not go bankrupt for that one and especially we have already many branches internationally.

Rei : Speaking of that, you also have a branch in S country right which is near in Senians Shrine, right?

Aya : Ooh, you already know it Rei?

Rei : Uh-uh

Aya : We're going to tell you but you know Mei already, so she stop us from telling you.

Mei : Geez Ma, that doesn't matter I'm always be a childish to my sister and of course to you, right?

Aya : (ignore)

Chapter 148 - Wrath of Rei

Rei eating seriously and both mother and daughter ignoring Mei who's to noisy.

Mei : Geez, Mama and Sis are ignoring me. My En see how cold my Mother and Sister to me?

En : (ignoring her also)

Mei : So you're also ignoring me huh, then forgot about sleeping with me. (the kids automatically covered their ears the moment they saw Uncle En/ their Dad En ignoring her, so they didn't hear anything)

En : T—that's not what I mean.

Mei : Forgot about me, you don't have a wife and sons. Go, go back to work I don't need you and don't come back.

Rei : If you stay like that Mei then forgot about what I did bring for you.

Mei : Eh, nah I'm just kidding right My En?

Er : ...(Inuuhviull gpo ovur luuare val jadu eifzare fo vaq vu rmttut)

Mei : See Sis

Rei : (already done eating and signaling the kids that they can now release their hands from their ears then said to Mei) Mei, I need to ask you something

Mei : Mm, what is it Sis?

Rei : I want to know S Country Branch evaluation.

Mei : Something wrong from the employees?

Rei : I will let you know but let me see the evaluation first.

Mei : Ooh, okay. I'm going to get the files first.

Rei : Thanks

All : 'OMG, is there something wrong? Hope that someone will be fine or else that someone will be kicked out for sure'

Mei : (Walk fast because she knows that someone will know the wrath of Rei if she's angry) here Sis,so what's the problem?

Rei : (Received the doc.u.ments and read the evaluation for the two certain person. After reading it, she found the differences.) Kids go to the office first and continue with your snake and ladders game

All : Yes Aunt Rei. 'Oh, oh there someone going to taste Aunt Rei wrath' (then leave right away)

Aya : What's wrong Rei?

Rei : I give a chance frome of these two so I monitored them but first before the main topic, who conducted this evaluation?

Mei : It's Manager Bai

Rei : I see so that's why. (since it's a conference room, so it's consist of materials and equipment for the meeting) I will show you something guys and observe the differences. Mei this evaluation, did you have a soft copy?

Mei : Yes I have

Rei : Send it to me

Mei : Okay (get her phone and send the copy to her email) done sending Sis.

Rua : Tvfrcl Mua

Rei open the laptop from the conference room, retrieve the files that Mei send and open another files.
Rei connect the laptop to the projector and opening the two files.

Rei : Here the two evaluations and check the differences.

All : (reading the evaluation and at the same time they found something wrong and Mei is the one who react first.)

Mei : What the? Why Manager Bai and Mr. Fu have a different evaluation?

Rei : Good observation Mei but the file you received was the edited version while the other file was the original.

Mei : What's the relationship of Manager Bai and Mr. Fu?

Rei : Father and Son

Mei : How they have different last name?

Rei : Mr. Fu is his son from his past lover and he used the last name of his mother.

Mua : I luu, Im vu hvfreu ovu usfipfoamr md val lmr gpo jvw vu film hvfreu val usfipfoamr?

Rei : I don't know what their real motive is but I guess Manager Bai lowered his evaluation and marking the same rete for his son evaluation maybe for promotion.

Mei : You got a point Sis

Rei : I only show you the November evaluation so this time I will show you the differences from January to November

Mei : Okay, I already sent all evaluation to your email.

Rei : Got it. So see from January to last month all evaluation except for Mr Fu and Manager Bai are all the same from the original. From what our rules we will promote and demote every employee yearly and last month the S Branch were just celebrating for it's 1st Anniversary so that's why Mr. Fu become the Head Staff and Manager Bai stay as Branch Manager.

Mei : You're right but when did you become suspicious of them?

Rei : I happened to be one of the customers in there last week and I happened to witnessed Mr. Fu insulting and calling bad to one of the customers which is happened to be an influential one.

All : Eh, really?

Rei : Seeing your reactions it's enough to tell that Manager Bai didn't mention about it.

Mua : Sm jvfo fzu wmp emare om tm Sal?

Rei : For this action, I was planning to give them a chance so I check the records but unfortunately Mr. Bai was not doing properly of his job and his son has been threatened by him. We're going to kick him out before the end of the year for what reasons are falsely documented the evaluation, for accepting his son without interview or proper qualifications and last for not reporting of last incident.

All : 'Uh-uh and here it is'

Rei : And Mei are you still planning not to tell me about when you plan to open a branch again?

Mei : He, he only this time Sis. I never thought that instead of surprising you, we were the one who got surprised.

Rei : It's alright I understand you

Mei : Thank you Sis so how about the funds?

Rei : You hired a reliable one except for this one. Assign the Assistant Manager to be the Branch Manager and let Mr. Fu be the Assistant Manager during the beginning of the year.

Mei : Okay (then suddenly realize something) wait, what?

Rei : You heard me right, Mei. Mr. Fu changed after getting reprimanded by that influential customer and never repeat it again. He insulted some influential customers only that day when I happened to be there so that either him or his father will be kicked out. He doesn't want to work with his father and as was I told you awhile that he got blackmailed by his father. Although Mr. Fu got thru without proper qualifications, I assure you that his qualified enough because his the top of his class and his batch. He dreamed to be a Restaurant Manager someday but before he reached his dreamed his father interrupted him and started scheming on him.

All : 'Rei/Sis Rei is really a scary person'

Mei : I see Sis but you know what.

Rei : Mmm?

Mei : (said it without hesitation) you're really a scary person.

Rei :

Chapter 149 - Promotion and Fired out

After talking about business, Rei decided to pick up the kids from the office after informing them.

Rei : I'm going to pick up the kids first

Mei : Alright go Sis but come back after I'm talking to this Manager Bai.

Rei : Ooh, okay.

These are the rules of their family business

Aya – Head Account

EI – Head Developer

Lyn – Head Chef

En – Head Resources

Mua – Huft Mfrfeuz

Rei – Decision Maker / Head Human Resources

Rei as the Decision Maker and Head Human Resources of their family business she's in charge for hiring the applicants and one who decide who will be promoted, demoted or who will be kicked out while Mei is an efficient Head Manager and whatever Rei decide she will do it without delay.

After Rei get out from the conference room, Mei automatically request a video call from the S Branch and which is accepted right away by this Manager Bai. The other family members are just seating in the conference room without letting know their presence since Mei is having an urgent meeting.

Bai : Yes Boss Mei, what help do you need from me?

Mei : Before I talk to you Manager Bai, I will need for Assistant Manager Hu and Mr. Fu presence.

Bai : Eh, yes right away Boss Mei (then turning around and smirking while thinking) 'finally this useless son of mine will be worth for me and Assistant Hu sorry but the moment my Son will become the Manager I will kicked both of you right away and I will be the owner of this chain restaurant. But first I will need to buy this branch, tsk, tsk aside from Boss Mei whose the other boss or it's just owned by Boss Mei, if it is then I need to erase Boss Mei existence after my useless son become the Manager' (then arrive at the staff lounge since it's their break time) Assistant Hu and Mr. Fu, Boss Mei need your presence right now.

Both : Eh?

Bai : Boss Mei is on the video call right now.

Both : Yes Manager Bai

Fu : 'Will I be kicked out or will be this bastard kicked out, whatever it is as long as I'm not with this bastard then I'm happy and will proceed my dream'

Hu : 'Did I do something wrong? No, as what I remembered I didn't do anything but why Boss Mei need my presence?'

Bai : Both of you make it fast, who are you to let Boss Mei wait?

Both : Yes Manager Bai

Then the three of them arrived at the office and found out that Boss Mei are still on the line

Bai : Boss Mei they're here 'the hidden meaning is 'what do you need them for?'

Mei : Good, Manager Bai but to the conference room right now 'do you think I'm still blind of your doings?'

Bai : Yes Boss Mei (then just less than a minute they arrived in the conference room) we're here Boss Mei

Mei : Good now you may go out for a moment and I will call you after I talk these two.

Bai : Yes Boss Mei (get out and secretly open a little edge of the door but too bad he doesn't know that Mei already know this scheme and although all branches are having a CCTV's recording and have the main control in the main branch conference room it still not connected since Mei keep it a secret from Rei but who knows without letting know her, Rei still monitored it)

Mua : Allalofro Mfrfeuz Hp niuflu imhcut ovu tmmz oaevoiw.

Hu : Aaaah, yes Boss Mei (then locked the door tightly)

Bai : Shit...who dare to lock the door? I can't hear it and most of all this conference room is a soundproof. (even he didn't hear anything, he still trying his best to listen what they're talking inside but too bad even a small breathe of them he didn't hear anything.

Mei : (notice Assistant Hu being too nervous) don't worry Assistant Hu

Hu : Y—yeah Boss Mei but what did I do for you to call my attention?

Mei : Just relax

Hu : Y—yes Boss Mei

Fu : 'Why do I feel that Boss Mei and Secretary Rei is look alike?'

That's right, being the top of the class and top of his batch from a Prestigious School since his a scholar, he search all top company and top employees of each company then familiarize the face so that someday if he bumps onto them he will make a chaos in order for him to be kicked out and away by his bastard father but because of his angry he didn't realize that by offending one of them he will banned for sure. So during that time when Rei suddenly eat and queing at the restaurant, he started his plan but too bad he only see Re, the Head Secretary and Top Employee of one of influential company. He tried to insult her but he doesn't received any reaction from her and then to his lucky their another heiress visiting and only know that she's an heiress because her profile is also been keep and safe so he try his luck, at first he was disappointed and then received an advised instead of scolding but at least he received her reactions.

Mei : (who just observed Fu while talking to Hu and then interrupt his thoughts) seeing your expression Mr. Fu, I think you already know why I called you right away?

Fu : Yes Boss Mei and if you want me to fired out then it's alright for me

Mei : I see, so you're ready for whatever consequences you face

Fu : Yes Boss Mei

Mei : Are you not going to tell me the real reason?

Fu : Yes Boss Mei

Mei : Even after firing you out and being banning you out from every business fields?

Fu : Eh?

Mei : It seems you're not thinking this far, right Mr. Fu?

Fu : (nodded) but (looking to Assistant Manager Hu as if saying 'Assistant Manager Hu is here and I can't open it because it's very confidential.'

Mei : (Understand him right away even just by a look) don't worry Mr. Fu, you can trust Assistant Manager Hu compared to your father

Fp : (Tmm lpznzalut frt lvmhcut) uv?

Mei ; (just smiled)

Mei is an easy going person but the actual is she's more scarier compared to Rei when she got provoked.

Chapter 150 - Confrontation

After hearing that statement, Fu was very shocked and surprised. He doesn't know why but he suddenly feel scared and anxious after seeing her smile.

Mei : Aah, I didn't mean to scare you Mr. Fu, so care to share?

Fu : Yes Boss Mei

Mei : Go ahead and I will hear you when you're ready.

Fu : (Inhaling and then telling the truth to his boss who's more respectable and kind compared to his bastard father) I know Boss Mei that I got hired here without proper qualifications because of connection. I never expected that this man will find my identity. After I was born my mother died so I was raised as an orphan but that doesn't mean that I lose my hope. After knowing that my mother died after giving birth, at first I thought that my father would be there to support me and my mother but unfortunately that's an expectation only so after knowing the truth, I didn't depend on my father but I emerged to study and study since nobody's willing to help me. Gladly I graduated and attained with flying colors but then before I was going to proceed my goal which is to be restaurant manager someday, my father interfere me and blackmailed me that he was going to destroyed the orphanage that I've been growing so I left no other choice but to follow him even it's not that what I really want. I've been working here for almost a year but then I can't still scheme on my father. I search every influential individuals here in S Country including the other countries but they are highly guarded until last week I happened to notice that Secretary Rei queuing for the waiting customer's so for the sake that I will be kicked out or him I tried to scheme on her since Secretary Rei is the Head Secretary of CA

International Company CEO but too bad that doesn't work since I didn't receive any reaction from her but then another influential individuals also in queing customer and I tried to scheme on here. She's the Heiress of Meng Shipping Lines and at first I didn't receive any reaction from her but I didn't give up and still throwing insult to her, so then she called the Manager attention but instead of scolding me she didn't but she give me an advised but that was good enough since I got the attention of Manager and waiting for him to report what I did. That Manager is no other than but my bastard father.

Hu : Eh? M—-Manager Bai is your father?

Fu : I hope his not but that's the truth.

All : (Rei's Family) 'Ooh, so Sis/Rei also got insulted by him and she doesn't know that the other customer got insulted was Fengfeng. Tsk, tsk how come the two of them appearing in a same place but didn't happened to bump into each other. They've been played by the fate'

Fu : Umm, Boss Mei?

Mei : So this is your first job, am I right Mr.Fu?

Fp : Uv-pv

Mei : I see but did you ever think what will happened to you after offending the influential individuals?

Fu : I will be kicked out for sure

Mei : Just because your mind is focus on staying away with your father, you didn't think that by offending these influential individuals you will be banned forever whatever fields you want.

Fu : Eh?

Mei : So that's circumstances never comes to your mind but luckily you offended the kind individuals. 'Well my sis is kind enough and if Fengfeng didn't changed then for sure you will be banned after you got insulted her'

Fu : Yeah they're really are Boss Mei

Mei : By the way I was curious, nobody can tell their identities so how did you know they were the influential ones? 'Especially both of them because Sis is R and Fengfeng father is C'

Fu : I research all the influential individuals but only got to know if they were covered in Business Magazine. I only got to know Secretary Rei because she appeared in the Magazine as the youngest Head Secretary of CA International Company and the heiress I just got to know her face from the other Magazine.

Mei : Ohh, I see so you're offending them without knowing their whole identities.

Fp : Yul Bmll Mua frt I fnmimeaxut dmz ovfo mru.

Mei : Okay I understand you but don't do it again that you will implicate the restaurant name.

Fu : Yes Boss Mei and I'm really sorry. I already apologized to the Heiress but failed to apologize to Secretary Rei because she left right away after dining in together with her boyfriend. (Rei never taught that she will be busted right away before she opened it up to her family.

Mei : W—wait, her boyfriend? What do you mean by that one?

All : (Rei's Family also thinking the same thing)

Fu : Aah, that one I don't know the truth but I'm sure that man is her man either her boyfriend or her husband.

Mei : How are you sure?

Fu : 'How did we come up this topic?' Ummmm....

Mei : You can tell me how, don't worry since I'm just gossiping.

All : (Rei's family) 'this habit of yours Mei comes to help but how did Rei never mention it to us?'

Fp : Ev, al ao mcfw Bmll Mua? I qufr ovu lofddl jaii rusuz zusufi ovu hplomquzl nzasfhw.

Mei : It's alright I'm the boss

Fu : (sweatdropped) O—okay Boss.

Mei : So?

Fu : I'm sure that they're in a relationship because they were holding hands while waiting for their number to be called. I got assigned to call their attention because they didn't notice that their number already appeared in the monitor.

Mei : Oh, I see. So you know who's the man?

Fu : Unfortunately I didn't recognized him Boss Mei but I assure you that man is handsome, tall and white.

Mei : Other else?

Fu : That Man is really in love with Secretary Rei because of the way he looks to Secretary Rei.

Mei : Aside from holding hands, did they do anything?

Fu : No they didn't do anything aside from holding hands since they're in public place. Secretary Rei and her man are really both eye catching since other customers and staffs are also looking to them including the Heiress and her date.

Mei : So you're really sure that Secretary and that Man is in a relationship.

Fu : Yes I'm sure Boss Mei
