

Last Man 17

Chapter 17 - What else? Are you still hiding something without me knowing?

Rei arrived late but pretend like nothing happened. Her mother's didn't even realized that her eyes were swollen from crying since Rei is not a type of being an emotional person.

"Ma, I'm back"

"Oh, you're here Rei. Have you eaten your dinner?"

"Yes, Ma."

"Then go to your room and don't sleep very late."

"Yes, Ma."

Meanwhile in the C Snack and Coffee Shop

Vin still crying like there is no tomorrow while Xue still standing and wondering if what she did is the right thing to do but how about herself, if she give up, can she live for the rest of her life without Vin, no she can't that why she sacrifices the friendship of her and Rei, that know that Rei didn't really fall in love with Vin and knows it will disappeared someday after she met her true love.

Vin also think the something because he knows that Rei was not truly over truly in love in him because if she did, why she didn't not fight and gave up easily just because she think Xue's pregnant, even if she is, him and her are still not married. He knows himself but he was still glad that he heard Rei feelings but that was she feel during their High School years. He know himself, if she really in love, she will not give up easily just like that because they were known each other longer longer compared to Xue.

After crying for who knows how long it was, Vin stand up then said to Xue.

"Let's go and let's talk when we arrive"

Xue just nodded and then instruct the management "sorry for the mess we create and please keep it secret."

"Yes, Lady Meng"

"Ah, by the way the snack that I all bought please let the employees eat all of them."

"Eh" seeing the seriousness of her "yes, Lady Ming."

Then the two leaving the management and staff just shaking their head like saying 'I really cant undestand the mind of rich people'.

They arrived at Vin's unit and get inside. Xue just following him and didn't even the boxes at her own unit. After locking the door, Vin ask her directly.

"What else? Are you still hiding something without me knowing?"

"Eh?" got surprised from Vin question.

"Tell me everything what you did and tell me everything that I'm not aware of"

“That....”

“Tell me or I will cut off my ties with you, you’re choice”

Xue no other option, but to tell him the truth since she don’t Vin to cut off his ties with her and give him a condition first.

“Alright, I will tell you but promise me you will not get upset after hearing all of it”.

“That..... okay, I will not”

Then Xue tell right away “I approach Rei and become a Friend of her on purpose but that’s what I did at first because I can sense her kind and being nice to me. I always appeared everytime you chat each other because I don’t want you’re relationship to bloom. I’m the one who leaked and spread the rumors of her crush and reason for joining the organization he was in. I stop contacting even blocking her without you knowing and then use her so we become more closer to each other compared to Rei. I follow were you studies, I hire a hacker and hack your sns account then send a hurtful message to her, I send all photos of you’re exes then delete afterwards. After we graduate on Tertiary, I ask my dad to let you in, to our Meng Shipping Lines then I’m the one who suggested for you to got promoted from a crew to captain. After learning where you live, I hurriedly bought the unit opposite to yours. Then few days ago my friends spotted you at the bar, they called me right away and inform them. At first I was going to drop you where you live but you mistook me for Rei, so I took the opportunity instead. I brought you in here, your home and I drug you’re drink and you did it to while thinking I’m her. When you asked me I called Rei, I didn’t called her and lied to you that I called her. Coincedentally I saw her and heard your phone conversation, after knowing she agreed that you’re going to meet up, I went to my unit, get a sleeping pills and put to your sweet drinks. After the pills effect, I texted her by using your phone and postponing the time after one hour. I received the whole shop using your name, I kissed you while taking a picture, but I’m still not satisfied, so I undressed my upper shirt and let you suck me and again I’m still not satisfied so I undress you and myself then I did I to you while recording it so that if Rei will not believed me I will let it show to her. Then after that I went to my unit then get dress and waiting to meet her. I didn’t even cleaning up myself in order for her to realize it. I just did it all because I don’t want to lose you Vin.”

After hearing it, Vin waa standing in a daze and almost didn’t believe that she did it all just because of her.

Xue waiting for his reply and still silent minutes passed by.

“Vin.....” got interrupted because his phone rings continuously. ‘Who is it? Is it Rei did she already want to fight with me? Did she hear what did all I say? Well, who’s afraid of her, if she wants to fight with me then I will fight her.’

But Xue just hallucinating it since Rei didn’t open her apps that connected to her devices on her earrings because the moment Rei arrived she went right away to her room without eating because she packed all the things given by her and Vin then put into a box that serve as part of her memories.
