Tae : Fine with me

Rei : Alright but my car can only have at least 6 passengers capacity including me.

San : No worries Manager Rei it will be fine.

Rei : I can't violate the traffic rules but let me inform Mr. Hwang to borrow your Team car (then informing Mr. Hwang right away through message that they're going to her house which Mr. Hwang replied right away and then after 5 minutes the Car Manager is there giving the Team Car key)

Wang : Here's the key Manager Rei

Rei : (accept the key) thank you Manager Wang

Rei : Copy Manager Wang (then he left while the members automatically stand and excited)

Chapter 172 - Manager Rei is a stalker?

After Manager Wang leave the studio, the team automatically stand and excited because they're going to the house of the reputable Secretary of the company. They always hear her reputation and knows how pretty she is but they never expect that she's too beautiful and pretty than to their imagination.

Yun : Let's go now guys and Manager Rei take care of us

Rei : I will but let's get out from the secret passage

All : Eh, you know?

Rei : Of course I study the structure after knowing that I will be your Team Manager and all of you are known, popular and famous, so I must be alert. Alright all of you guys wait me in the exit of Secretary Passage and I will get the team car

San : You also know which car is the Team Car?

Rei : Mr. Hwang brief me with that one including each of your cars. 'I also almost got hit by Team Car that time' (that's the truth and the later part is only her thoughts)

Yun : I see, alright let's go guys.

Tae : (looking to Rei and having an eye conversation again, this is the first day and second time rshfr they're having an eye conversation 'You're going to explain me this night Hon')

Rei : 'Told you Dear, so how's my surprise?'

Tae : 'A surprise indeed, go now and be careful Hon'

Rei : ', 'Thanks' alright guys wait me there and just think whatever inquiries you were curious about me.

Aii : Yul Mfrfeuz Rua

The team and Rei leave separately, the team walk to the secret passage while Rei is on the entrance gate. Rei already spotted the team car and hop in right way. She knows that the security of the company is high but she won't be careless since the public doesn't know that she's their new Manager. After, she

drive where the secret passage and the team hop in right away. All of them are eager to seat at the Driver's side including Tae but then Yun is the one who win because his the team leader.

San : Geez you're too unfair Bro Yun.

Yun : Ha, ha, ha

Bi : Yeah that's right. Bro Yun already lose from rock, paper and scissor but suddenly telling us that his the leader.

Je : A sly indeed

All of them laugh while Tae just keeping his aloof and cold side then suddenly everyone stop laughing and froze when they notice that Rei drive the way where they're team house located. Rei didn't observe this because she's on driving meanwhile Tae just laugh silently on his own after seeing his teammates reactions. As a leader, Yun ask to her.

Yun : Manager Rei where are we going?

Rei : To my house, is there something wrong Yun?

Yun : No nothing's wrong

San : Are you sure we're not in the wrong way Manager Rei?

Rei : Uh-uh and we're almost there.

All : 'Almost there? That's our Team House and don't tell me Manager Rei already know where is it and impossible for Mr. Hwang to tell our place to you Manager Rei even though you're the Head Secretary'

Rei : We're here guys (then the security just let them pass right away because he already knows that the car belong to Team M'Dol, then Rei drive pass through the security before parking the car properly) let's go guys we've arrived now.

All : (just nodded and become cautious of her)

San : (whispering to each other) neh, neh Bro Yun how did Manager Rei knows our house?

Yun : I don't know San and Tae what do you think? Manager Rei is quite suspicious.

Tae : Who knows?

Bi : I don't know but maybe Manager Rei is like this being a shady person.

Shi : Tsk, tsk you must not trust base on her reputation or appearance

Je : Yeah that's right I never expect she would be like this.

Rei : Hey guys sorry for interrupting but are you not coming?

All : (being cautious) ah, we will.

Rei : (looking to Tae and asking him) 'what's wrong with them?'

Tae : 'all of them thought that you're a shady person Hon or to be precise a stalker of us.

Rei : (said it loud) I see

Yun : What's wrong Manager Rei?

Rei : Nothing and now let's go guys

All : 'Did she realize that we begin to know her real motive and intentions?'

Rei : Just follow me guys.

Then Rei approach the elevator and ride while waiting the team who's now been cautious of her meanwhile Rei eyeing her husband.

Rei : 'You have a weird Teammates'

Tae : 'Oh really then who's the one who become a fan of our group?'

Rei : 'Aiyah, aiyah I think I just got blinded'

Tae : 'Ha, ha, ha' (then slightly moving and approach near her while secretly holding her hands at the back

Rei : (looking to him and whispering to him) are you not worried about them?

Tae : (whispering her back) don't worry their mind have been occupied because of you

Rei is going to reply but then they suddenly turn their heads and caught off guard that all of them mistaken it

Yun : Eh, what's wrong Manager Rei?

Rei : Ah, nothing nothing. (then secretly holding Tae's hand very tight and pinching him)

San : You're acting weird Manager Rei, are you alright?

Rei : I'm alright San no worry.

All : 'She's act weird. Did she caught off guard because she caught red handed?'

Je : But which floor Manager Rei?

Rei : Last floor, sorry I forgot to press since there's someone bugging my mind (then pinching Tae again.

All : Last floor?

Rei : Yes last floor.

Yun : Neh Manager Rei, I know it's kind of rude but where are we going exactly?

Rei : All of you guys wants to go to my place so where going there now.

San : But you said last floor Manager Rei.

Rua : Yul iflo dimmz frt wmp jaii crmj ao jvur ju zufhvut ovuzu (ozware om zuiufu vuz vfirt fo ovu gfhc gpo Tfu vmitare vuz oaevo.

All : 'Confirm, Manager Rei is a stalker'

Rei : So Yun can you press the last floor for me? I can't do it because I'm far from the button 'and especially this husband of mine is acting sly'

Yun : Ah, yeah. Okay Manager Rei (then press the last floor.

Chapter 173 - OMG, we're mistaken Manager Rei

It's like the elevator slowly moving up and the team become more nervous while whispering to each other.

San : Nah Bro Yun, I think suggesting to her place is very wrong at the first place.

Je : Yeah that's right and I guess we just bewitched by her beauty.

Shi : Right but don't worry we're 6 and she's alone so we can still fight.

Bi : I'm very disappointed because I thought she's like that because she has a reputable reputation

Yun : Ah speaking about that I heard from the Business Department got fired out because she reveal her colors, I thought it's just a scheme against on her but never expect that it would be this real and now just as her first day of work as a manager she reveals her true colors.

San : She just pretending to be kind when she's around with Mr. Hwang and with everyone else, then when she's alone she attack.

Bi : Tsk, tsk I'm very disappointed.

Je : Same here

Yun : After this let's reveal her true colors to Mr. Hwang

All of them nodded and then continue chatting without noticing that the couple are also chatting using their eyes only.

“I don’t know if I’m really witch or not”

“You’re not Hon and my teammates just over reacting”

“Just by bringing them to here, are they going to act like I’m like that? How come they didn’t think that I also leave here since I’m also one of the CA Family”

“Ha, ha, ha you’re complaining Hon and don’t worry for sure they will realize that they got it wrong”

Then the elevator stop interrupted all their chatting.

“Ding”

Rei : Ah, we’re here guys let’s go

All of them got out from the elevator and Tae already sneakingly let go her hand. Then suddenly Tae stop when his teams hold him

Yun : Tae, stop before you got bewitched by her.

Tae : Mmm ‘but I’m already bewitched by her from the very first day she arrive here’

San : Yeah that’s right Bro Tae and her cover already known by us (all of them nodded)

They stop when they reach at their group house but Rei continue walking and suddenly realized the group stop.

Rua : Wvw tat wmp lomn? Azu wmp emare om qw vmplu mz rmo?

Yun : Eh, we we’re going to your house, Manager Rei?

Rei : That's what you want right. (Rei slightly upset because the one she hates the most is the one who always have speculations instead just asking her directly and not just keep talking behind her back. Well the fact is Rei doesn't care who insult her or even back biting her but not right now because this team is her idols since young and most of all this team is the teammates of her husband, so she's quiet disappointed)

San : You're house Manager Rei?

Rei : I told you in the elavator awhile ago that you will know it when we arrive the last floor and then you suddenly stop at your group house

All : (Except Tae) Eh you know this is our group house?

Rei : Of course I know. How come I accept being a manager of your team when I don't know where the team live, Mr. Hwang told me that your team are living on the same floor of my house and just opposite to the side. And this is my house, so are you coming or not?

All : (speechless)

Tae : (looking to his wife and can relate why she's upset. For the first time, he scold his teammates and said in a very long words) it's because you didn't trust Mr. Hwang arrangement and now you become suspicious of Manager Rei just because she brings us here. How come all of you didn't come up the idea that Manager Rei was a former Head Secretary of Mr. Hwang? We're all a man with a Taekwondo backgrounds, so how single lady which is Manager Rei can blackmaiked all of us. Have you ever taught that Manager Rei got the trust of Mr. Hwang just because of her beauty and appearance? You just judge Manager Rei because of your speculation instead asking her directly. You've been asking all the time where are we going and yet we're the one suggestion to her house. Have you ever taught that Manager Rei didn't even suspecting us when we suggest to her house.

All : (speechless and shocked because of Tae)

Tae : (bowing his head and said to his wife) I'm sorry Manager Rei of my teammates actions and hope you won't back out from being our Manager.

Rei : (touched by her husband. Rei knows that he just did it because of her and she knows that he reveal his true self to them because of her) I got it Tae and I won't back out for being the Team Manager. (if the team are not there, she already hug her husband). Alright guys, come here and this is my house.

All : (awkward)

Rei : (she open the door) come in now guys and I understand why you become suspicious of me .

Yun : No Manager Rei, we mistaken you and we apologize for our actions.

All : Yes Manager Rei sorry for being suspicious.

Rei : Apology accepted now come in. (The team got in and still standing at the living room) guys just take a seat wherever you like (then they seated in one place and still being awkward)

...

.....

Rei : Ehem, ehem so guys may I know why are being suspicious of me?

Yun : We're really sorry Manager Rei and we begun suspecting you the moment you drive the car on the way here.

San : Yes Manager Rei, so we're sorry.

Rei : I see and here I thought that maybe it's based from your past experiences like being kidnapped, got blackmailed or worse got threatened.

Je : No, no we didn't experience those scenarios Manager Rei

Rei : So then why you didn't come up that I also living in the CA Residences?

Yun : It didn't come out to our mind Manager Rei and only Tae who think that one.

Je : Yes, yes Manager Rei and we're really sorry

Rei : So no other reason of suspecting me.

All : 'They are one but we can't tell you that one Manager Rei because you bewitched us'

Tae : (looking to his teammates and know what they are thinking then look to his wife which she still didn't get it) 'Ah, I'm really glad that my wife is being oblivious when it comes to this thing'

Rua : Sm?

All : 'It's so awkward who can break this awkwardness' (then everyone looking to Tae and ask for his help but Tae already back to his aloof and cold type)

Yun is going to stop the awkwardness but then got interrupted by a phone ringing.

"Ring, ring, ring"

Chapter 174 - Saved by a call

The surroundings of them become awkward the moment Rei ask that question. Tae didn't even help his teammates since they deserve it and the team just don't know what they are going to do. Yun is going to speak up but then stop when all of them heard a phone ringing.

“Ring, ring, ring”

Rei : Ah, that’s my phone excuse me for awhile (then Rei answered it with the teams around)

All : ‘Whoever you are thank you for saving us from the awkwardness’

Tae : (jealous mode activate) ‘who is it? Only me and Rei’s family know her private number. So who is this calling my wife in front of me?’

—Phone call —

“Yes Hello?” Rei speaking the universal Language.

“Oh, it’s you Rei. Geez you’re too sly and I just arrived yesterday from there. I never expect that you’re coming back here and then Meng told me that you’re here. She was thoughtful enough and told you about my predicament. After receiving your number from her I was going to call you yesterday but I don’t want to disturb you since you’re always busy, so I did call you right now.” said in Ceno Language

“Indeed I was quiet busy Fengfeng but how about today? Do you think I’m free just like you? I have work you know so what is it?” replied in Ceno leaving everyone didn’t understand including Tae but he can tell the language already since he already heard it.

“You didn’t change Rei and you’re still a Tsundere. But well I think you already heard it from Meng”

“Uh-uh so when are you going to hold your wedding?”

“In your free time Rei”

“Ha, ha, ha it’s my first time hearing that the host is adjusting the date for the availability of her guest”

“That’s right I made many exception for you, so when are you available?”

“Geez it’s your special day so when do you like?”

“Around May but I don’t know if your available that time so I will adjust it to your available time”

“May?”

“Uh-uh, why are you not free that month?”

“Are you also inviting my family?”

“Of course and I’m going to hold the ceremony in there, so that it will be convenience for you”

“I see, so are you the one going to hold the expenses?”

“Of course I am, what do you think of me?”

“Ha, ha, ha. Alright”

“Alright? You mean you agree on this May?”

“Uh-uh and just inform me when, so that I can ask permission for my employer”

“For your information it would be 3 days”

“Who hold 3 days for a wedding?”

“Of course me. By the way if you want to know Day 1 gathering of the guests, Day 2 wedding ceremony and reception and Day 3 gathering of the family.”

“Oh then it’s 2 days for me”

“Idiot you’re my sworn sister so it’s 3 days for you”

“Oh, I see okay 3 days for me but I will bring one with me”

“Bring one, do you have a boyfriend?”

“You will know it on that day and I need to ask the securities of your wedding?”

“Of course it will highly guarded and security is top. Are you underestimating Meng Shipping Lines, my father’s capability and my husband capability?”

“Of course I didn’t or do you want me not to come?”

“You already said it and no backing out, you even asking for one slot. Since you already agreed and if you don’t come then I will kidnapped you. Bye, I’m disturbing you since you’re a busy person”

“Tot, tot, tot”

—End of call —

Rei : ‘What a bratty indeed?’ Oh guys so what are you going to ask about me?

Yun : What language did you speak awhile ago Manager Rei?

Rei : That one? (everyone nodded except Tae) that’s my original spoken language and it’s a Ceno Language

San : Ceno Language is from C Country right?

Rei : Uh-uh and if you watched my interview last time then you already know it.

Yun : Well all of us watch it Manager Rei since it's compulsory for us and we can't tell because it's our first time hearing it

Rei : Ahhh, that's right you got a point there Yun.

Je : So Manager Rei you're really not a Senian?

Rei : Uh-uh I'm not a Senian and I'm a full Ceno.

Shi : But you really speak our language fluently

Rei : It's because I've been here for 2 years

Bi : You're 26 just like me and Shi, right Manager Rei?

Rei : Uh-uh, the three of us born in the same year.

Bi : What month and day Manager Rei?

Rei : August 31

Bi : I see, so you already know our birthdays right Manager Rei?

Tae : 'Of course she knows since my wife is a fan of our group'

Rei : 'Dear you're too noisy' Mr. Hwang didn't give the team portfolio and that's the reason why he give us the time.

Tae : 'Even without our portfolio, you already know it Hon because you're our fan''

Rei : 'I'm an unofficial fan, Dear'

Tae : 'Official or Unofficial, you're still a fan Hon'

Rei : 'Yup, yup you win and please don't distract me Dear'

Yun : So Manager Rei we will let you know our birthdays.

Rei : Yes go ahead Yun (then everyone are telling their birthdays including Tae) thank you guys, so Shi you're the celebrant next month

Shi : Uh-uh

Rei : So guys we already know our birthdays, so what next we were going to do about.

Yun : I'm suggesting with playing Truth or Dare

Tae : Eating

Je : Playing cards

Shi : Likes and Hobbies

Bi : Bowling

All the team suggesting randomly but they never expect that Rei make an impromptu schedule for all their suggestion and doing their next activities within a day

After looking the impromptu schedules they were all jaw dropped and sweat dropped because Rei is too fast and efficient well, except Tae since he already knows and expected more from his wife.

Bi : Eh, Manager Rei we can bowl?

Rei : Yes we can. If you don't mind the Residences have a recreational center.

All : (Including Tae) eh?

Rei : Ah that's right you didn't know about it because of your hectic schedules and mostly the one who use the recreational center is from the Business Department.

All : So that's why.

Rei : Alright let's do it according to the schedules

All : Yes Manager Rei

Chapter 175 - Truth or Dare

All of them become energetic all of sudden and then got ready for the whole activities.

Yun : Ah, Manager Rei can I have an empty bottle?

Rei : Alright let me get one (then Rei stand up and get one empty bottle before coming back to the team) is this bottle okay?

Yun : Yes Manager Rei

Rei : So what's the rule?

Yun : We're always playing this one when we have our free time Manager Rei. So the rules is very simple, the person who got pointed by the bottle will be going to ask for Truth or Dare to the next who got pointed and vice versa.

Rei : I see and then do I need to be part of this? (Everyone nodded including Tae) alright, I will join with you guys

Yun : Thank you Manager Rei so I'm going to start now (then spin the bottle) N

Bi : Woah you're so lucky Bro Tae

San : Yeah lucky indeed but why are you not answering who is your celebrity crush Manager Rei?

Rei : Well because I have a big crush on that celebrity so since all of you here are all celebrities then I didn't reveal in case you're going to tease me (everyone laugh) so Je, who are you jealous of?

Je : Bro Tae and it's my turn to ask. It's you Bro Tae

Tae : What is it?

Je : Do you love Manager Rei?

Tae : Dare

Je : Then Kiss Manager Rei on the lips

All : (sighed in relief except Tae because he knows that he still the first kiss of her)

Rei : Tae, how many kids do you want to have in the future?

Tae : 4. Bro Yun it's you. So would you rather stay as a guy or be a girl?

Yun : Stay being as a guy. It's you Je

Je ; Uh-uh

Yun : Why did you ask that one?

Je : Dare

Yun : Apologize to Manager Rei and Tae

Je : I did that one because I was jealous of Bro Tae, he got earn point with Manager Rei when he scolded us. Manager Rei which one do you like me or Bro Tae?

Rei : Both. Yun who is the problematic of the team?

Yun : No one. San, who do you hate the most from the team?

San : Bro Yun (everyone laugh). Bro Tae who is your celebrity crush?

Tae ; No one

San : Are you sure?

Tae : Only one question San and it's my turn. Aiyah, it's you Je

Je : What is it Bro Tae?

Tae : Truth or Dare?

Je : Truth

Tae : I see then (everyone except Je looking to him because they can sense what he's going to ask to him) do you love Manager Rei?

All : (Including Rei) Tae / Bro Tae

Je : It's alright Bro Yun, Guys and Manager Rei. I choose Truth so I will answer Bro Tae question

Yun : Geez you two why are you like this? Especially you Je, you're the mood maker of the team and yet you started it, same with you Tae you're not like this. You and Tae are the closest among of our team. You too Tae, you're not this unreasonable.

Tae : Sorry Bro Yun but I want to hear it clearly from Je

Je : Since you want to hear it clearly from me Bro Tae then Yes, I love Manager Rei. I notice her first during her live show interview and I started to follow her updates. You don't know how I feel but I really, really love her. After seeing Manager Rei kissing you from the cheek I was too enrage that's why I ask you that one but you didn't answered me and I dare you to that because knowing you, you will never do that kind and you're not that type to do dare, but why you did it? You don't answer my question so why did you do the dare? Are you mocking me because I got jealous of you? Or are you mocking me because you know that I love Manager Rei?

Chapter 176 - Unexpected fight between the Main Vocals of the team

After hearing it from Je, everyone gulped except Tae. Rei didn't expect that this two will fight because of her. Rei knows that Tae is not like this and she knows why Tae doing like this, because of her. Rei knows that Tae will solve it and she trust him because she's aware how Tae value his teammates especially Je who's the closest of him. The team didn't butted in between them because they know that this two will become more closer after this fight.

Tae : So then what do want me to do? I didn't answer your question because I don't want to hurt your feelings so I did the dare but then you're still mad, so which one do you want me to do?

Je ; You already kiss Manager Rei, Bro Tae.

Tae : You're the one who ask me to do that kind of dare

Je : Yeah I did that because I know you're not the type to do that, so why did you do that, why?

Tae : Do you really want me to tell you the truth.

Je : Yes I want you to tell the truth. So do you really love Manager Rei? Why did you become so unreasonable all of sudden and why did you become so talkative all of sudden?

Tae : Do you really want to hear the truth?

Je : Yes I want to hear the truth and don't keep asking. I want to hear it from you Bro Tae.

Tae : You want to hear the truth then YES (emphashizing the word YES) I love Manager Rei and I love her more than you do. You don't even know how I feel but I know how you feel that's why I didn't admit that one when you ask me because I don't want to hurt your feelings.

All : (surprise of Tae's admittance except Rei) eh? You really love Manager Rei?

Tae : Uh-uh, so now Je you're heard me.

Je : Then why are you not admitting it right away and you don't need to kiss Manager Rei because I dare you. You're being unreasonable Bro Tae.

Tae : Loving a person is not unreasonable Je and I didn't admit it right away because I don't want to hurt you. I dared to kiss Manager Rei not just because you dared me, I did it because I love her.

Je : Then do you ever think by kissing Manager Rei you're not hurting my feelings? Even Manager Rei kissing on your check already hurt my heart and then you just kiss Manager Rei on the lips with everyone here.

Tae : Then why did you dare that one Je?

Je : It's because I thought you're not going to do it.

Tae : You're thinking and asking like that because you didn't think about my feelings.

Je ; Because you didn't tell us that you love Manager Rei.

Tae : Because you didn't ask and even you didn't tell me, I know that you love Manager Rei. You've been selfish enough that you didn't realize that I also love her.

Je : How come I know that you love Manager Rei? You're keeping the aloof and cold expression of yours
Bro Tae

Tae : I'm always like this

Je : No you're not, if you're like that then among all of us, why are you the only one who didn't suspect
Manager Rei?

Tae : Because you suspect Manager Rei without trusting her.

Je : We don't have other choice because it's our first time meeting with Manager Rei and how about you
Bro Tae, this is your first time meeting with Manager Rei, right?

Tae : I told you that I love her more than whatever you feels. And then you're admitting that your love
Manager Rei when just a simple action you're already suspecting her.

Je : Then don't tell me you didn't even suspect Manager Rei?

Tae : Yeah not even once because I trust Manager Rei and I didn't question her once because I trust her.

Je : I see so you really love Manager Rei , Bro Tae.

Tae : Uh-uh and I already admitted it many times.

Je : Then if I didn't ask you that one, so are you not going to tell us that you love Manager Rei?

Tae :(speechless)

Je : See, you're not going to tell us that you love Manager Rei.

Tae : I'm planning to tell.

Je : So when?

Tae : At the right time

Ju : Tvur vmj hmqu wmp ouii pl zaevo rmj?

Tae : Because you ask me

Je : Because of me, because of me. You're always putting the blame on me Bro Tae

Tae : I didn't blame you Je and I just considered you're feelings. I didn't answered because I didn't want you to get hurt and I answered you because you want me to tell the truth.

Je : Then see you're blaming me Bro Tae.

Tae ; That's not for blaming but instead consideration Je

Je : consideration, are you sure?

Tae : I am and Je can you open your eyes because you've been blinded with your emotions.

Je : I already opened my eyes.

Tae : Then if you really opened your eyes, you can see that I always considered you Je.

Je : I don't know, I don't know. Why are you being like this Bro Tae? Can you give up your feelings to Manager Rei and let me happy instead?

Tae : If that easy to do then I will not fight you this time for this reason. If I give up my feelings with Manager Rei have you been considered what will I feel? If I let you happy, what do you think of my feelings would be? If I don't be like this would you be ever know what I feel?

Je : That's....(speechless)

Tae : See you didn't know how are you going to response that one because you've been selfish enough
Je

Je : Then what I'm going to do? I also love Manager Rei.

Tae : You just give up since you didn't trust Manager Rei and you're love to her is easy to be shaken just for a simple reason. You're doubting already her when you're not in a relationship yet and how much more if you're in a relationship with her?

Je : That love of mine is still growing.

Tae : Are you sure is still growing?

Je : Yes and why are you doubtful Bro Tae? I'm the one who knows my feelings the best

Tae : If you really love a person even a smallest things and details you can tell it already. You were be cautious enough who loves your love. You were become paranoid when you're love talking to others aside from you. You will become like nothing if that person is away from you and even worse you don't know how are you going to do if that person is not with you at your side.

The two almost forgot that the person they're talking is there and listening their discussion. If Rei doesn't know that Tae have feelings to her and Tae not her husband maybe she's been too shocked and surprised for this revelation.

Chapter 177 - Let's fight with fair and square

The two already stop their arguing and just looking to each other. The team didn't know how to break the ice even Rei. And suddenly Je talking to Rei.

Je : Manager Rei?

Rei : Yes?

Je : I don't know who will you chose between me and Bro Tae but I will show you how I love you and Bro Tae can show you how he loves you. Although I know it's our first meet personally so I understand that right now you're main priority is to become a right manager of us. I don't know who you chose but here I am will declare and witness by my teammates that Bro Tae will be my rivals from your affection. And Bro Tae let's fight with fair and square

Tae : (don't know how to answer because he already won without fighting with fair and square)...,

Je : I will fight you with fair and square Bro Tae.

Tae :

Rei : (speaking out in order for Je to not be hopeful for her affection to him) Je I tell you the truth that I already have someone important to my heart.

Je : I don't care and I will do my best so that someone will be surely lose to me. I don't know how that someone really become important to your heart Manager Rei but I will do my best to replace that someone and that someone would be me.

Rei : Then it would be pointless Je, I don't want you to give hope, so as much earlier you must let go you're feelings to me because that someone is already important to me.

Je : I don't care, I don't care . I will just prove to you that I'm better to that someone and including you Bro Tae. I don't know if you can replace that someone but I will do my best

Rei : I see then it's up to you since I already warned you that someone is really important to me. I just hope that this fight will never affect to your teams.

Je : Ahhh, that I'm sorry Manager Rei and guys but don't worry it won't affect on me

Rei : Then that's good and now let's proceed with playing the cards.

All : Ah, that's right.

The team playing cards including Rei as if the two Vocals didn't even have a fight or arguing with each other. After the time for playing cards since the time was used from the two's arguments, they're now chatting about their hobbies and likes. Most of them are all homey type so all of them can relate and then of course they're almost at the same age so they got along well even though the two of them are fighting for Rei attention, without knowing that Tae already won without fighting fair and square to Je and other rivals. Almost time for preparing the lunch, suddenly Je remembered

Ju : Afev

Yun : What's wrong Je?

Je : It's unfair, it's unfair. Bro Tae will prepare the foods together with Manager Rei

Yun : It's not unfair Je, all of us suggested based of what our recommendation and Manager Rei just distributed it according to our suggestion.

Je : Geez, geez, I'm so slow, so slow. How come I suggest playing cards? Geez, I'm an idiot, really an idiot. (blaming himself while grabbing his hair that cause everyone to laugh hysterically)

San : You're unbelievable Bro Je and don't you care about your appearance more?

Je : (suddenly realize) ah that's right. (Then looking to Rei) Manager Rei forgot about that one and pretend that it's nothing as if that you didn't see anything.

Rei : (just smiling) who knows Je. Alright Tae let's prepare the foods first.

Tae : Uh-uh (stand up and then the two of them heard Je)

Je : You win this time Bro Tae but I will never give up unless Manager Rei got married.

All : (except the couple) you're scaring Manager Rei, Je / Bro Je

Je : I'm not scary and this is the way I show how I love her.

Yun : Yeah, yeah it's your way but I guess Manager Rei persistent suitors lists got another member.

San : I see Bro Yun but I think it's not persistent suitor instead a comedian suitor because Manager Rei was controlling her laugh just now.

Shi : Uh-uh but I guess Manager Rei is already used of someone confessing to her. Imagined the two of you Bro Je and Bro Tae are declaring your love in front of her and didn't even received any reactions from her.

.

Bi : Bro Je maybe not just Bro Tae is your rivals but they are many of you but well I guess Manager Rei is really in love with the person whom she sees as important to her.

Yun : 'A strong formidable rival indeed. Who is he? Geez, without even fighting I already lost but I didn't expect that Tae would be this open and declaring his love to Manager Rei'

All : Bro Yun what are you thinking?

Yun : Nothing and let's just continue playing cards while waiting them.

Aii : Aizaevo

— At the kitchen —

The two of them entered in the kitchen area and now preparing their foods which is then suddenly Rei said to her husband.

Rei : They were all surprise of your actions awhile ago Dear

Tae : Uh-uh they must be surprised.

Rei : I see and the last statement you said to Je, is you're real feelings right?

Tae : Are you not going to ask why I'm being fierce to him and why I'm arguing with Je even it's already pointless to do so?

Rei : (looking to both side if there's someone around and then hugging him) I was going to ask you but I didn't because I know that you did it because you love me.

Tae : (kissing her on the lips) thank you Hon for being able to understand me. Don't worry Hon, we have a big and strong bond within our group. We won't break because I and Je love the same woman. It would be cleared after I let them know that we're married

Rei : Alright but geez, you've been quite unreasonable when you ask me during the truth and dare.

Tae : Then why you didn't choose dare?

Rei : Nah, knowing you if I choose dare then maybe you'll be asking me to kiss you or more worse.

Tae : (laugh hard but stop by her)

Rei : (covered his mouth while said to him) idiot , are you letting them know that we're in a relationship?

Tae : No they won't

Rei : (push him before they go further) let's cook now, geez how come you're still energetic even we didn't sleep for the entire night and day?

Tae : I have a better stamina more than you think Hon.

Rei : Yup, yup and let's now prepare the food. Just cook and no interruption.

Chapter 178 - Bowling

The couple start to cook seriously without interruption and within 30 minutes they already done cooking and then slowly put the dishes and rice to the center table of the living room. Tae and Rei also prepare the plates and utensils, then the team started eating. After eating, again the couple are the one washing the dishes leaving the one member pouting and complaining but then he doesn't have choice since he didn't suggest about this one. After eating, the team are resting, some are taking a nap and some of them are interviewing their new Manager.

Quarter to 3pm, the team already got out and now in the elevator and stopping at the 2nd floor for the recreational center. They entered in the recreational center led by Rei and then the security stopping them, well not stop but instead surprise.

S1 : Ah, Secretary Rei you're here. I taught you're not going to visit us since you never been here after you start living the complex and only that day for briefing of residences.

Rei : Ha, ha yeah that's right but I'm not a Secretary anymore and this team new Manager.

S1 : Eh? (Then looking where Rei pointing) M'Dols?

Rei : Yup, yup and no one's around right?

S1 : Uh-uh mostly of them (business department and Rei's for colleagues) will be here around 6pm.

Rei : I see then we're going to use the bowling center.

S1 : Yul Suhzuofzw Rua, I qufr Mfrfeuz Rua frt ovu gmjiare hurouz al imhfout fo ovu zaevo hmzruz fdouz wmp em ar.

Rei : Thank you.

Then the team go where the Bowling Center located and then the team got shocked and surprised because all of them doesn't know that they have recreational center after living in the Residences for 10 years already and yet Manager Rei who's living in the residences for just 2 years know about this.

San : Neh, neh Manager Rei?

Rei : Yes?

San : How many times you've been here?

Rei : It's my second time here and my first time is just briefing of the structure of the residences, as what the security said it's true since I've never been here after the briefing.

San : Ah, I see.

Bi : Ah, that's right Manager Rei. So did you have a bowling experience?

Rei : Ha, ha I only bowl once during my school years with my family.

Yun : Eh, so you're still a beginner?

Rei : Yup, yup and please take care of me. By the way since we're 7 here, I will divide the teams in two, so here get a piece of rolled paper from here and there's a number on it to determined which group you belong.

Shi : I see so there will be a 4 and 3 members of each team.

Bi : So there would be a winner and loser so what's the consequences?

Yun : No involvement with Manager Rei.

San : How about the loser will give 1 month pay to the winner?

All : (Except Rei) that's a good idea, deal.

Yun : (He and Tae notice that she didn't agree but he's the one asking) what's wrong Manager Rei?

Rei : Nothing and it's just that we're having fun.

San : Don't tell me you're afraid that you will lose Manager Rei.

Rei : That's not what I mean San.

San : Then you agreed?

Rei : Alright game on, okay pick your paper to determine which group you are. (Each of them pick one by one and this is the team that got formed)

Group 1 : Yun, Tae and Rei

Group 2 : Je, Shi, Bi and San

Bi : Bro Yun and Bro Tae don't forget for the consequences for those who lose

Yun : Tsk, both Je and Shi are pro in this game.

San : Ha, ha, then I guess it's our win.

Yun : We still didn't know who will win. Alright your group go first Je

Je : Yes Bro Yun

Then all of them notice that Tae teaching Rei and just heard him saying “I will play first before you and observe me how I play”

Je : Neh Bro Tae you can't get a strike by just observing you. I guess it's my win this time.

Tae : Mmm

Yun : Just play Je

Je : Yes Bro Yun

Je played first, got a strike followed by Shi with a strike also, next by Bi which is only got 6 pins and San who ends the 4 pins with a total of 30 points in the first round.

On the other team, Yun is the one playing first and got a strike followed by Tae who also got a strike. Then it's Rei's turn and all of them are looking her then she got a strike with a total of 30 points.

All : (Except Tae) Strike?

Rei : Ha, ha my, my I have a beginner's luck today.

Second Round

San played first with a strike, followed by Bi with no score since it's a gutter ball, then next by Je with a strike and same with Shi a strike with 30 points.

Yun still the one playing first with a strike, followed by Tae with a strike and then Rei which is also a strike and total points of 30 points. When Rei played she already got the game and her lips slowly moving that only Tae notice it and know that she already get the fundamentals of the games.

Tae : On the next round you go first Manager Rei. 'You got it already Hon'

Rei : Okay 'uh-uh, thank you Dear'

Yun : Are you sure it's still a beginner's luck, Manager Rei?

Rei : Who knows

Je : Gaah, you're team go first Bro Yun

Yun : Scared Je?

Je : Nah, I'm not

Yun : I see, alright we go first and Manager Rei will playing first.

Aii : (Ju Gzmpn) Wvfo?

Yun : Ha, ha just watch.

Third Round

Rei played first and got a strike again followed by Tae and Yun who also both got a strike. – 30 points

Shi played first and only got 7 pins, Bi end the 3 pins while Je with 8 pins and San end the 2 pins – 20 points.

Both teams playing until 10th rounds which one team got a total of 300 points because all of their games are all strike while the other team only got a total of 270 points and that's from Je Team.

San : Ha, ha who thought that Manager Rei's all games are all strike. Manager Rei are you sure that you're really a beginner.

Rei : Uh-uh, I just followed Tae instructions and his posture so that's why.

All : (except Tae) ah?

Rei : Yup, yup Tae teach the proper posture before throwing the ball.

All : (except Tae) 'ha, ha, ha, so that's why you're the Youngest Head Secretary'

San : Ah, that's right we still have time so why not the three of you compete who's more better?

Bi : That's right, that's right let's see who's better either Bro Yun, Bro Tae or Manager Rei.

Yun : Alright, alright and that's for fun only. I can't afford Manager Rei one month pay

All : (Except Rei) eh?

Yun : Do you think that Manager Rei pay is the same with our Managers? (all nodded including Tae) I see all of you are all naive but by giving up the Head Secretary position did you think Mr. Hwang won't offer higher pay compared to Manager Rei compensation as a Secretary?

San : Now that you think of it, alright just for fun. So are the three of you want to compete?

Yun : I'm in

Tae : Same

Rei : (everyone looking to her) alright count me in too.

Chapter 179 - First task as a Manager

The team are now on the way to the studio and still talking about the results of the game awhile ago.

As a manager, Rei is the one who drive and then Yun to her side which leave the other members at the back.

San : Ha, ha, who expected that Manager Rei is on par with Bro Tae.

Shi : Imagined all rounds are all strike. I guess Bro Yun, Bro Je and I need to practice more.

Bi : And that applied to me. Geez so that's why you've been called a genius Manager Rei

Yun : Ha, ha, ha I lost to Manager Rei fair and square and most of all I lost right away who just a beginner at it. Geez Manager Rei, you're too amazing.

Rei : Ha, ha guys you're too serious and it's just a game. I just got lucky today that's for sure.

All : (Except Tae because he knows her well) 'Lucky? Seriously for 20 times and all of them are strike, that's not you got lucky and you just too smart.'

Rei : Ahh, we're here.

Then Rei park the car right away and all of them entered the premises together. If paparazzi happened to be there then it would be an exclusive news because Team M'Dol are accompanying one single

beautiful and mysterious lady since they don't know that Rei already part of their Team Managers but well they're not there in the premises so no news for them. The team just arrived at the studio then right away Rei inform Mr. Hwang since she doesn't have the number of the team managers and only the members phone number she have now.

"We arrived Mr. Hwang, I inform you because I'm still not aware of Team Managers number"

"Ah, that's right. I will inform them and they will be there any minute"

After replying to her, Mr. Hwang inform the Manager since they still in his office and just discussing for the Team upcoming concert that one day it would be the reason why the couple got their first and last fight.

"Alright, the team already there in their studio"

All : Eh, that early?

"Yes and you must used of it because Manager Rei have a rule of being early around 30 minutes before the scheduled time and Managers please give your numbers to her"

All : Yes Mr. Hwang

"And also Manager Han?"

"Yes, Mr. Hwang?"

"Give the tentative schedules of the team for this month to Manager Rei so that she will be finalized it and then inform her about the upcoming concert of the team at the end of the month"

"Copy Mr. Hwang and what about the deadlines for the final schedules of the team?"

“Just give her the tentative schedules when you arrive at the studio and then ask her to give it back around 8pm at the Team house”

“Copy, Mr. Hwang” then just realized what he heard from Mr. Hwang “eh, what? I mean you just give Manager Rei around 3 hours of time to finalized this month schedules?”

“Yes, you heard it right and now go so that your team will not be late for your schedule this time”

“Yes Mr. Hwang.”

Then the Team Managers got out from his office and when they’re in the elevator, they chat about this topic.

Wang : I wonder why Mr. Hwang give the difficulty one to Manager Rei when it’s her first day as Managers and just join with us.

Li : Yeah that’s right. I’m not doubting about Manager Rei’s ability but as her first day and being a manager it’s not easy but then finalizing the whole month schedule of the team it’s kind of hard, you know.

Chi : Now that I think of it, Manager Han after finalizing the schedule of the team, how long you will make it after you finalize it?

Chi : I see but then now Mr. Hwang give at least 3 hours for Manager Rei to finalized the whole month schedule of the team.

Li : Yeah, I don’t know that Mr. Hwang will be unreasonable today or maybe he forgot that Manager Rei will be also going with us today so how come she will make it?

Wang : You got a point Manager Li

Han : Guys before you're doubting about Mr. Hwang, please don't forget that Manager Rei is the youngest Secretary of the company and most of all she's the Head Secretary before today. So before we speak nonsense, let's just observed how Manager Rei works and all of us will witness how she become the Head Secretary.

All : 'How did we come up to this topic?'

Han : You might be like this because she's 8 to 10 years younger than us but all of us are not aware how she works, so before doubting both her and Mr. Hwang, let's just observe it first.

All : Yes Manager Han

"Ding"

Han : Alright we're here and don't speak nonsense or else we might got fired out without knowing anything. (They nodded and followed Manager Han before entering the studio that assigned for the team.)

All : Good Afternoon Managers

Han : You can take a seat now and I never expect that you will got them team to be here 30 minutes ahead of time, Manager Rei. (testing her and just prove if Mr. Hwang said it right)

Rei : Ah, sorry Manager Han but it's my rule to arrive 30 minutes before the scheduled time. I might be strict if it's about the schedule time because we don't know what will happened during those times, so in order to avoid any mishaps or changes we must arrived ahead from the schedule time.

Han : (all the team are all shocked of Rei's strictness about the time except Tae since it's her wife and a certified stalker of her so he know it already while Han just smiling) I see but before we go I will give you something. (He forgot about giving their numbers including all the managers to her)

Rei : Okay

Han : Guys just wait here and I will retrieve it from my office

All : Yes Manager Han

He leaves the team before going to his office and all of them are in silent but not in an awkward surrounding since Rei already close to the members but she still need to be use with the others Managers so that's what the reason she become silent all of sudden. The members can tell it so then they nudge their team leader to talk with their Managers to avoid the silence of their surroundings.

Yun : Geez I know. Manager Wang after the radio schedule what's the next?

Wfre : Oriw ovfo mru Ypr frt dmz rmj ju jaii jfao Mfrfeuz Hfr dmz frmovuz arlozphoamrl.

Li : (To avoid being silent again, he ask the team) so guys, how about your dinner?

Yun : We already eat before we got back here Manager Li and don't worry both Manager Rei and I are the one preparing the food so it's safe.

Li : I see

San : Ah, talking about food. I guess you need to learn more Manager Li since Manager Rei is a better cook compared to you and you must glad that Manager Rei assigned as the schedule Manager of the team (and because of his bluntness the surroundings become awkward again)

Chapter 180 - A Genius indeed

The team become awkward all of sudden because of San bluntness and thanks to Rei she break the awkwardness and securing Manager Li that he will not feel insecurities because of that comment.

.....

Rei : Don't worry Manager Li, San is like that since it his first time testing my cooking so maybe his not used of it.

All : 'Manager Rei / Hon you getting it worse' then continue except San 'and most of all San is not the type to compliment the taste of food since his too picky'

Rei : (obseve them and got it right away based of their expression) ah that's not what I mean. I'm just satisfied to become the Schedule Manager of the Team and that's all.

Li : Ha, ha, ha I got what you mean Manager Rei and I must taste of your cooking since San complimented you

Rei : It's my p.l.e.a.s.u.r.e to heard that Manager Li but I will be get embarrassed since you're a Master Chef.

All : (except Tae again, geez how come he knows her wife very well) eh how did you know?

Rei : Eh, it's that a secret? (all of them nodded including Tae) Ah, I see but well after you introduce to me this morning I study everything about you guys so that I will be aware of it.

Wang : (cut off her) I see so you study us because you will know who's you're foe or nemesis, is that right Manager Rei?

Rei : Uh-uh but the opposite one Manager Wang because we're a team so I must know my comrade first so that I can avoid crossing the line. Like what happened now, San being proud of me that I cook better than you Manager Li without knowing that you're a Master Chef compared to me. If I happened to not know then I might be arrogant that I was better than you since one of the members complimented me. So I don't want that to happen because all of them have their own strengths and weaknesses.

All : 'A genius indeed'

Li : I see you're quite nice and kind Manager Rei and never expect it comes for you. Since you know having that pretty face.... (didn't continue)

Je : Eh, why you didn't finish it Manager Li?

Yun : Silly Je, Manager Li didn't finish it because Manager Rei already knows what's that mean.

Je : But I don't know what it means

Yun : Everyone already know what is it, so how come you didn't know?

Je : Eh? (then looking to them) ah, I see so having pretty face will be advantage because they will use it to seduce or gain something instead of doing their best.

Ypr : Suu wmp crmj ao

Je : But how come it connects to Manager Rei being nice and kind?

Yun : (going to explain but then Han interrupted them)

Han : Alright (then facing to Rei, he heard her when the time she's explain about his past experience and acknowledge her ability because aside from the team and Mr. Hwang, only them who know that his a previous Head Manager of the Business Department not even his co-workers but well unknown to him, Rei just used her hacking skills and that's the reason why she knows. He give the papers right away to her and then explain) here Manager Rei this is your first task as a Manager, you need to finalize it and submit it to me around 8pm at the team house.

Rei : (accept the papers) okay and I will try my best to finish it.

Han : Alright let's go guys.

The team got out together and then now on the way to the radio station. They arrive early ahead from the schedule one and just wait for the time for the live streaming. The radio schedule just take an hour for the live streaming and during that time the other Managers are eating their dinner meanwhile Rei start to do her first task by just studying it. After half an hour the team managers join where Manager Rei is and they wait for the members to be done with their schedules. All of them are in silent and never talks since they're all professionals and unknown to Rei, they just observe her. After another 40 minutes the team are now joining them and the team on the way to the studio. When they arrive, Rei separated with the team since she have a car and then arrived around 7pm, so she only have an hour to finish her task

The team are already inside on the team house and the members are starting to get worried and being concern to Manager Rei because they don't know what Manager Han give to her especially Tae. Tae knows how workaholic Rei is and he trust her, but as husband of her, he doesn't want her to be get tired during her first day and most of all he doesn't aware of what task Manager Han give to her so he ask his Manager.

Tae : Manager Han?

Han : Yes Tae?

Tae : What task you give to her? (just ask him directly to avoid getting caught by him since he's too observant)

Han : Her? You mean Manager Rei?

Tae : (Just nodded)

Han : It's not my task but Mr. Hwang task, Tae.

Yun : Eh, then what kind of task is that Manager Han?

Han : Your whole month schedule.

San : Don't tell me Mr. Hwang give the task to Manager Rei by finalizing it for only 3 hours?

Han : You got it right San

Yun : But well knowing Manager Rei, she can handle it well.

All : (Except Tae and Han) eh what do you mean Yun / Bro Yun?

San : Ah that's right and we did it all.

Han : I(got cut off by the door bells,well they heard this team because they were busy chatting)

"Ding, dong, ding , dong"

San : It must be Manager Rei and it's still quarter to 8pm.

Tae : (stand right away and said it to them) I will open it guys (then leave right away leaving all of them shocked and speechless)

Han : What's wrong with Tae all of sudden?

All : (Members except Je) 'Geez Tae / Bro Tae, you're already in love with Manager Rei but doing this you might hurt since all of us heard that she already have someone important to her'

Je : 'Geez so fast, I didn't even react. You won this time Bro Tae'

Then the two appeared to them and they just standing beside each other.

Rua : Av lmzzw epwl, tat I emo talopzg fii md wmp?

Han : No you didn't Manager Rei

Rei : Ah I see since I already pressing the door bells for almost 15 minutes so I taught all of you are busy or might be sleeping already.

Han : We're chatting and maybe we didn't heard it.

Rei : I see and Yun, I called your number but maybe you still put it on silent and then Managers sorry but I forgot to ask your numbers.

All : (Managers) ah that's right. 'How come we forgot that one?'

Rei : (Can sense that her husband is staring at her, so then she look to him and just give him a quick eye conversation) I didn't call you Dear to avoid being caught.

Tae : 'I see'

Rei : 'Then why are you the one opening the door when the culture here, is the youngest will be the one assigned of it automatically whether they like it or not'

Tae : 'Sorry I can't help it'

Rei : 'It's alright I understand.'

(End of their eye conversation)

Han : This are all of our numbers Manager Rei and you are here because?

Rei : (give the papers she holds) ah here it is Manager Han, just tell me if there's any changes of it.

Han : (accept the papers) I see (then start reviewing the schedules)

Rei : I put a red mark for at least 15 schedules of them since I still didn't received any confirmation from the other party.

Han : (speechless but still reviewing the schedules and he realized something) although the schedules are all finalized why they have so many breaks?

Rei : ah you happened to give the last month schedules of the team so I study it also and I realized that they don't have any breaks so even though the schedules are still tight we need the team to have a break because being healthy is their main priority. I mean they've moving around from the schedule after schedule like they're a machine or robot but as Managers we must protect the health of our Artist and Manager Han you did your best for their schedules.

Han : I did it on purpose to include the last month schedule for you to differentiate it Manager Rei and as expected of Mr. Hwang arrangement you did what I'm lacking. Now you're here, I won't be get

worried for their schedules anymore. But how come you receive the confirmation of the other party when you just with us the whole 2 hours.

Rei : Nah, you're not Manager Han, when you have excuse to eat your dinner I already study the papers and when you join me I also study the last month schedule and then when I'm on my way to here I called every numbers you provide from the papers and I get their confirmation. So only those 15 schedules because the assigned organizer are already off duty and they can't confirmed it since they left their papers at their office but I left a message to them.

All : (Again except Tae) 'A genius indeed and how did Mr. Hwang found her?'
