Chapter 181 - Efficient and Precise

After they heard how did she do it, as the car Manager, he ask her when she suddenly remembered that she call them when she's on the way.

Wang : Wait, you call the other party while you're on the way Manager Rei?

Rei : (realize that she didn't explain it very well) Ahh, I forgot to mention that I call them while I'm on the way but I didn't violate the traffic rules because I put the auto drive mode of my car before I call

Wang : That's good to hear.

Han : So how they response to call again for the confirmation of the schedule?

Rei : I told them that I will call again but after hearing my name and ask if I was Secretary Rei they automatically change and told me that they will inform me before midnight for the confirmation.

All : Eh?

Rei : (going to explain but got cut off by her phone notifications) ding, ding, ding, ding. Let's me check it for awhile.

Han : Go ahead Manager Rei

Rei : Uh-uh (then reading all the messages she received) Ahh, Manager Han can I have that papers for a moment.

Han : Here

Rei changing the schedules from their confirmed date and then their another party who request to call him for the changes and other information since he can't message it what he means. So Rei call him right away.

"Hello this is Manager Rei"

"Ahh, thank you for calling me back Manager Rei and there's a changes of what we request last time so we hope we can change the live interview within next week since the preferred schedules we give are already occupied for our Team Building and sorry for the inconvenience."

"It's alright and I understand it Mr. Zhang, so which preferred date you're available for the interview date?"

"15th day of this month, is the team schedule still available?"

"The team have two slots available and it's around 8-10 and 3-5, so which time you preferred Mr. Zhang? The live interview will only take for an hour and half since you will just interview the team for how they celebrate their holiday breaks"

"Ha, ha as excepted of you Manager Rei and being the Head Secretary is not only a name"

"I already told you Mr. Zhang that I'm not a secretary anymore"

"I see, I see so we preferred 3-5pm on the 15th day"

"Copy Mr. Zhang and remind you that changes schedules can be happened within 10 days before the confirmed date and if not then please prepare the compensation for breaching of contract."

"Yes noted Manager Rei"

“I will send you tomorrow the confirmed schedules and the agreement then send it back to the company”

“Yes Manager Rei and we will also send you the agreement tomorrow and do the same way.”

“Yes Copy Mr. Zhang and thank you for the confirmed schedules.”

---- End of call ----

Rei : So Manager Han as of now this is the final schedules of the whole month and we might change it if the other party request to postpone it earlier or later before their preferred schedule. Tomorrow I will be sending all the confirmed schedules to other parties together with the agreement that you will forward to me later on Manager Han.

Han : I see, so you already know that I'm the one who handle the agreement?

R

ei : Well you're the Head Manager, so it's quite obvious that you're the one who handle it Manager Han

Han : But I didn't tell you that changing of schedules will be due after 10 days of the preferred date.

Rua : Buare f Suhzuofzw md Mz. Hjfre dmz 2 wufzl, I fizuftw rmoahut md val zpiul.

Han : Ha, ha I see and do you have a copy of this?

Rei : I have Manager Han and for the changes awhile ago I have recorded it to my phone

Han : I see and you know what Manager Rei?

Rei : Mmm?

Han : Having you here is really good and we're lucky to have you. Sometimes, I also feel that we might be useless when you're around with us

Rei : Ha, ha. Nah, I'm also lucky that I joined with your teams guys and all of us have their own weakness and strengths.

Han : That's right and see you tomorrow again Manager Rei.

Rei : Uh-uh and see you tomorrow again guys . (Rei leave and give an eye conversation to her husband) you don't need to follow me and you can come to our house anytime when they're already asleep.

Tae : Geez, it's like I'm really keeping a mistress

Rei : We don't have any choice and I will wait for you to inform them.

Tae : Thanks Hon

Rei : Your welcome (and then end of the eye conversation)

After Rei leaves the team house, everyone is still wide awake and continue chatting.

Li : Let's me see the schedule Manager Han

Han : Here

Li : (he accept and read together with everyone except Han since he already seen it)

San : Ha, ha so this is Manager Rei true ability.

Yun : Such an efficient Schedule Manager and very precise.

Shi : Yup efficient and precise

Wfre : I rusuz uknuho ovfo oval al ovu zufi Mfrfeuz Rua, Im oval al ovu zufi fgaiaw md Suhzuofzw Rua?

Chi : Yeah, that's right and having witnessed it, it's still unbelievable. I mean look out how come you know that Manager Rei leave 2 slots on the 15th day when Mr. Zhang still not informed the changes of their preferred scheduled?

Tae : 'Geez Hon, for sure you also study their schedules by hacking their security and you happened to notice that their changes of it, so that's why you have this 2 slots for that day but why 2 slots?'

Rei : Achooo.... 'who's talking behind my back?'

Han ; Not only that one guys, their at least 12 slots that's available.

All : Eh?

Han : 1 slot for 15th day, 3 slots on 18, 2 slots on 21, 2 slots on 27 and 3 slots on the last day

Tae : 'Ahh, I see so not just their schedules but all of the schedules. Ha, ha, ha you leave many hint that you're R, Hon but well they can't guess it even me if you didn't tell me that your R'

Rei : A---achooo 'did I catch a cold?'

Han : Maybe Manager Rei already predicted that one so she left that slots on purposes since being a Head Secretary for 2 years, she might already know the schedules of the other companies.

Aii : Av, I luu.

Yeah, that's right because Rei didn't use her hacking skills since most of these companies are also contributor of the CA International Company and Rei already knows when they will have their Team Buildings , so when she notice the name of the company on their preferred schedules that coincidentally lapses to their Team Building she give another slots to another one and she didn't put any date for them since she's still not away for their availability. The other schedules who just confirmed right away are all chosing the right day that there's no any conflict to their another schedules and in other words these companies have an efficient and precise coordinator for the task just like her.

Chapter 182 - *** Tae's punishment to his wife''''

After chatting and discussing with the team, all of them going to their own room and taking a rest. Around 10pm, the team already sound asleep and peacefully sleeping while one of them slowly sneaking out and without noticing him, he successfully sneaked out and entering to other house which is only opposite to them.

After sneaking out, Tae already standing outside and just press his fingerprint to the sensor since his fingerprint already got registered to their house system yesterday after they got married and after doing the deeds. There three ways how to unlock the door by using the keys, using a pin code and using their fingerprint.

When Tae got entered to their house, he noticed that his wife is not in the living area and then he check the kitchen area followed by the guest room before to their rooms.

His going to knock but then realized that the door is unlocked and slightly open, so he just pushed the door only to witnessed his wife back which almost n.a.k.e.d since she only had her u.n.d.e.r.w.e.a.r.

On the other hand, Rei just pulling her clothes one by one leaving only her u.n.d.e.r.w.e.a.r in order to get change but then she suddenly heard the door opening sounds and because she was caught off guard she then screamed and automatically covered her b.r.e.a.s.t.

“Kyaaaah”

“It’s me Hon”

“Geez you scared me Tae”

“Sorry but why are you covering your b.r.e.a.s.t for, when I already saw, taste and touch it?”

“I thought you’re a burglar”

“If you thought I’m a bulgar then why aren’t you locking the door?”

“Aside from you and me, who other else can open the door huh?”

“Ahh, that’s right but Hon why are you covering your b.r.e.a.s.ts for, you know I already saw, taste and touch it”

“T— that silly and it’s my reflexes”

“I see but are you trying to seduce your husband Hon?”

“I’m not, I was going to change before you suddenly appear out of nowhere”

“Or perhaps you’re inviting your husband?”

“Who’s inviting you and I’m going to change”

“Wait, before that why are you not telling me that you will really be our Manager huh?”

“I give you that hint that I will be your Manager”

“Ahh, right right you hinting me that one but why are you not telling me in advance, Hon?”

“I want you to surprise, Tae”

“Yeah I know and do you know what I feel when you suddenly appeared at the studio?”

“Eh I don’t know how you feel Tae but for sure you’re surprised right?”

“Yeah more than what you think, I was too shocked and surprised and I almost lost my control and going to hug and kiss you but I control it”

“Eh, but we did it for the entire night”

“I know but sometimes I can’t control it” then slowly approaching her.

“You must control it Tae after all I will always be around with you”

“Uh-uh” then hug her right away

“W—what are you doing?”

“Hugging my wife of course and most of all I will punish you for not telling me in advance” then he feels the two b.r.e.a.s.ts of her wife touching his body with clothes even though he still fully clothed he starts to feel being hot.

“P—punishment for what?”

“For not telling me in advance”

“But I already give you a hint and most of all I want you to be surprised”

“Yeah I love that my wife giving me surprises but please not with them or you can give me a surprise if only us or any from our family”

“Eh, don’t tell me you also feel jealous with your teammates?”

“Uh-uh I can’t help it and a simple glimpse of you, you can already steal the heart of any man”

“...”

“So promise me that you never give any surprises to me when we were with them or with any bunch of mens okay?”

“Okay I promise and you’re quite possessive Hubby”

“Uh-uh because I can’t help it because you’re mine and mine alone, so let me punish you”

“What kind of punishment Tae?”

Tae looking to her and said to her “like this” then directly kissing and s.u.c.k.i.n.g her b.r.e.a.s.t while the other hand are busy grabbing the other one.

“AHH, if you continue acting like that you look likeAHHH”

“Look like what Hon?”

“Look like a pervert AHHH, MMM, AHHH”

“Only you Hon” then continue what he did by s.u.c.k.i.n.g and kissing her b.r.e.a.s.ts vice versa while Rei m.o.a.n and m.o.a.n louder than louder then she feels the hand of her husband to her lower part and start rubbing it.

“Y—you really shameless H—hubby?”

“As long as it’s you wifey and I will be shameless for you only”

“AHHH”

Tae continue what he did to her wife and he then lightly pulling off her u.n.d.e.r.w.e.a.r before s.u.c.k.i.n.g and kissing it hard then Tae suddenly feels that Rei legs already start to weaken and her stand already become unstable so he carry her and put her lightly on the bed. He pull off her u.n.d.e.r.w.e.a.r and before lying on top of her then kissing her passionately. He release when they’re out of breath and Rei still catching her breathe while telling to him.

“Y—you’re u—unfair T—Tae”

“W—why?”

“I’m already fully n.a.k.e.d but yet here you are still fully clothed” said it straight but still catching her breath

“This is my punishment for you”

“Punishment for not telling you in advance?”

“Uh-uh, imagined how did Je become so infatuated with you even it’s your first day as a Manager”

“But you also telling him with the team that you love me, they might be surprise that you..” got cut off because Rei feel the lower part of her husband and for sure he must awoken up when he lies on top of her “T—Tae your thing”

Pretend he doesn't know "what thing?"

"Your thing silly"

"I don't understand you Hon and what do you mean?"

"Thing your thing Tae"

"I don't understand you Hon"

"Geez" then grab his thing and she feels how hard it is even though Tae is still wearing his u.n.d.e.r.w.e.a.r and his pajama.

"I just realized that you never call his name, Hon"

"That's your thing you know"

"Uh-uh I know but for sure my partner want to hear you call him"

"Geez it's emb..." gut cut off because she feel it again "AHHH"

"See my partner is excited for you to call him Wifey"

"Silly and it's embarrassing you know"

"No need to be shy Hon because I'm your husband and most of all it's only us"

"I—I can't"

“So which do you want partner, d.i.c.k or p.e.n.i.s?”

Rei blushed hard after hearing him “y—you really a pervert and shameless, Dear”

“Ha, ha, ha only you my wife and so which one?”

“J—just partner I— I don’t want to hear the other two names”

“I see”

“You also call the same that one to me”

“Copy wife and now can you release my partner so that he can enter to your partner”

“I—I’m still not used of it Tae”

“Ha, ha, ha it’s alright and you will be used of it Hon, so please release him Rei”

“....” speechless but then she pulled off his shirt first that Tae commented it.

“You got it wrong Hon”

“Shut up, just wait idiot. How come I will release that first when you’re still not yet fully n.a.k.e.d and I’m your wife not mistress that you can do it only using your partner”

“Ha, ha, ha I see, I see” then just continue observing Rei who still pulling off his pants and his u.n.d.e.r.w.e.a.r before saying it to her directly “I already punish you enough so I will enter to you right away Hon”

“Uh-uh”

Then two bodies are entwining to each other and become one again which is resulted for the two to m.o.a.n and groan loud before losing their energy, and wait not their energy but only Rei since they did it for 3rd round but she already tired enough and her doting husband just stop before reminding her.

“You take a bath first Hon”

“I’m tired and how about you Tae? Do you still have energy left after doing it for the entire night and now?”

“Tsk, tsk don’t underestimate your husband stamina My Rei since your husband is a dancer and a black belter in taekwondo. Ahh, before I forget your husband was a former athlete so I have a lot of stamina. As for you wifey, you need to train your stamina”

“.....”

“Let’s take a bath first”

“I can’t move my legs Hubby”

“Then I will let take you a bath”

“B...” stop by him

“Shhh, I won’t do anything and I just want to clean you first before going back to the team house”

“Okay, then carry me Hubby” then Rei raising both her arms for her to wrap it around Tae’s neck.

“Ha, ha, ha you’re like a baby Hon but well it’s cute” then carry her on right away and then the two taking a bath together and Tae is the one doing it for her.

After taking a bath, Tae let his wife wear her clothes before him. Tae just used the same clothes to avoid being caught red handed. Before leaving Tae chat to the sleepy wife of him.

“What time you’re going to the studio tomorrow?”

“Around 4am”

“I see and be careful Hon”

“As always Dear”

“That’s good to hear” then kiss her forehead and whisper to her “I’m glad that we’re now working with each other”

“Uh-uh and same to me Tae”

“Goodnight Hon” then kiss her forehead again.

“Goodnight Dear” then sleep right away.

“I Love You Hon”

“ ... ”

“Hon?”

“ ... ”

Then looking to his wife who's already sleeping peacefully and he just snickered before pecking to her lips and whispered to her.

"I want to cuddle you everyday but I can't since we're in secret relationship and they don't know we're married" then looking to their first picture of they're married at the desk and just looking at it for 5 minutes before living his wife in their room and going back to the team house.

Chapter 183 - Upcoming Concert

One week later, the other party for the interview, guest and live schedules call Rei for postponement of their preferred schedule and as what Rei predict they move later or earlier to their preferred date before. The team wonder that even though they're having a tight schedule they can still have time to relax and the team getting proud that they have Rei as their Time Manager. Of course the husband of her, also feeling proud of his wife but too bad he can't vocalize it and to his mind only that he appreciate and proud of his wife. The husband and wife just cuddling to each other every 11pm to midnight without doing anything since they're doing it everynight from the first week since they got married and they just cuddling since both of them are busy but without that they still love each other.

The team, both artists and managers are all busy to their schedules until the day of the last day of the month and Han is now ready to inform Rei about the upcoming concert.

Rei : That.....(hesitating but then looking to the members and then she misinterpret the sudden expression of her husband) then if you really want me to come then I would love to come.

Han : That's good to hear but then you can still choose if you want to come or not.

Rei : I see

Ju : Azu wmp zufiiw hmqare jaov pl Mfrfeuz Rua?

Rei : If you want me to come then I will really come.

Bi : Are you sure?

Rei : I will still thinking it about it but we will know it tomorrow

Because of her response, both Je and Bi are too excited and without knowing they suddenly stand and hug their Manager Rei. Because of this action, Tae misunderstand it and got jealous of them but he didn't show it instead he just keep quiet. The members and managers including Rei got caught off guard because of their sudden excitement.

All : (Except Tae) speechless

Yun : Ehem, ehem Bi and Je, both of you need to calm down.

Both : (just realized that they hugged her and realized before apologizing) ahh, sorry Manager Rei

Rei : It's alright

Je : Are you not mad Manager Rei?

Rei : I'm not mad and I was just caught off guard.

Bi : Sorry Manager Rei, we were just too excited that you will come with us for the concert tour.

Rei : I see and it would be my first time if I will come.

San : You must be Manager Rei and the bond of our team will be getting stronger and will be closer to each other.

Han : That's right Manager Rei and for sure it would be your first time staying with the team at the same house.

Yun : Right, right but then Manager Rei you will be staying the room alone since we're in group and you're the only lady of the team.

Rei : Of course

Shi : Neh Manager Rei?

Rei: Mmm?

Shi : Have you been in J Country?

Rei : That would be a lie if I say no since I'm the Head Secretary so twice a year I will visit at the J Country Branch but then my purpose is for the Business or Branch Evaluation only so it would be my first time to experience how the concerts going on.

Yun : Not just concert Manager Rei because we will be having an open forum to each other so that the team will become more closer.

San : That's right, that's right and sometimes you can discover new from the teams. That the reason why all of us become closer to each other.

Rei : I see, so not only giving warmth to your fans but also to your own team.

Han : So you must decide it will Manager Rei.

Rei : Uh-uh. By the way is that the reason why you didn't give any schedules of the team for next month.

Han : You got it right Manager Rei and so starting tomorrow, the team will focus on rehearsing since we have a Concert Team.

Rei : I see

Bi : We're so excited for you Manager Rei, so you must come with us, okay?

Rei : So do I but I will make my final decision tomorrow.

The team both Artists and Managers are still talking and chatting about the upcoming concert and they never realized that Tae is already silent for the whole time since Manager Han opened up this topic. Rei didn't even notice her husband expression until he stand up and slightly pinch her at the hidden spot.

"Ouch"

All : What's wrong Manager Rei?

"Nothing but Tae where are you going?"

"Comfort Room" then left without saying anything.

Yun : What's wrong with Tae all of sudden?

All : (except Rei) who knows?

Han : By the way Manager Rei, are you in pain since you're suddenly saying ouch?

Rei : "I'm alright Manager Han and we will wait Tae before we go home." 'Did I do something to Tae?'

Han : That's good to hear and yeah, let's wait Tae before we go home.

Yun : Ahh, Manager Rei don't be offended with Tae, he just like that because his known as an aloof and cold type.

Rei : I see. 'No his not like that, I feel that something might wrong with him. Aagh, what did I do for him to be like that?'

Rei is being worried what she did and Tae is being jealous for his two teammates while Je is happy enough because his Bro Tae already shown his bad sides to their Manager Rei and because of this, he might lost the chance to win her heart to him. But too bad, Tae already won without fighting him but still he feel jealous when both Je and Bi hug his wife in front of him.

Soon, Tae arrive with a silent and quiet aura around him. The Members and Managers except Rei didn't feel anything wrong because they got already used of it but Rei, as his wife, can feel that something wrong with him.

Chapter 184 - First Fight

After Tae comes back, the team already leaving the studio and on the way to their house. Rei is not with them but then the team still talking about her first joining to the said upcoming concert and experiencing the concert with them. They chat excitedly but they never realized that Tae become more gloomy and having a cold aura around with him.

They arrived in the dorm house and then go right away to their rooms since they know that it will be more tiring out since they only have 2 weeks to prepare the upcoming concert.

Meanwhile, quarter to 11pm, even though his not on the mood, he still visit his wife and just pressing his fingerprint to the sensor before entering when the door opening right away.

He get inside and notice that Rei didn't change her working clothes and then suddenly approaching him the moment he got entered.

"Neh Hubby, what's wrong with you all of sudden?"

"..." just silent and didn't answered his wife.

"Did I do something?"

"....."

"Neh Hubby, can you answer me? I don't know what I'm going to do if you keep ignoring me. I'm already thinking what I did to you but I didn't so what's wrong?"

"Nothing's wrong" answered her coldly.

"Then if it's nothing then why are you giving me a cold shoulder"

“Think about what happened today?”

“I didn’t do anything wrong. Why, did I do something wrong that I offended you?”

“I already said it’s nothing” then he lightly shrugged her off and seating right away to the couch.

“You said it’s nothing, it’s nothing but you’re giving me a cold shoulder” said in a low voice but Tae heard it enough

“Yeah it’s nothing for you but for me it has”

“Then what is it?”

“Can you think about it, huh Hon?”

“The moment you pinch me I already think what I did something from you but I didn’t do anything. I was also thinking when I’m on the way until the moment you arrive but I still can’t recall what I did, so can you tell it me, okay?”

“It’s because you don’t love me that much”

“Huh?”

“Why can’t you tell right away when did I start to become like this huh?”

“Wait.....” Rei approach him and seated beside him but then Tae transfer to another seat and Rei didn’t follow him so that he can be calm down. Rei thinking again and suddenly realized “you’re not like this when we arrive at the studio but the moment Manager Han talk about the upcoming concert you’ve been silent all along. Don’t tell me it’s about the upcoming concert?”

“ ... ”

“So I got it right but Dear, are you excited that I’m coming with you for the upcoming concert?”

“I’m excited Hon”

“Then why are you like this?”

“It just that.....”

“Tell me the truth, do you want me to come or not?”

“ ... ”

“Dear, I want you to answered it and hear you’re opinion, so do you want me to come or not?”

“I want you to come but...”

“But what?”

“I don’t want you to mingle my teammates especially Je and Bi”

“Then I won’t”

“No, you didn’t understand my point”

“What? Can you explain it to me so that I can understand it?”

“How come you didn’t get my point Rei?” slightly shouting to her.

Got surprised of her husband but she answered it calmly “then explain it to me, I don’t understand you. You’re excited that I will be joining you for the concert and want me to come, I agree that I will not mingle with Je and Bi, but you’re mad. So how can I understand you, if you won’t explain it to me?”

“Aaghh, you’re so smart and genius woman Rei but for sake Rei, why you didn’t understand it now?” said it angrily and more louder.

“I’m not that smart and genius Tae, I’m also a human so expect me to be not to be perfect and commit mistakes” slightly shouting to him

“Aaghh” then automatically stand

“Where are you going?”

“I’m going back”

“We still not settle our problems”

“Before it getting worse we need to cool down first because if we continue it, we might regret what will happen”

“But...” Rei stand and hold his elbow

“No, but Rei and for your decision tomorrow you won’t come with us”

“Eh, but I want to come with you. It’s...” she didn’t finish because Tae cut her off.

“I said you won’t, so you won’t come and that’s final” he shrugged his arm so that Rei can release her hold from his elbow and then leave right away while slamming the door.

On the other hand, Rei is too surprised of his actions and because of that, she suddenly cried and enough for Tae to heard it since after slamming the door, he slightly regret of his actions, so he opened the door and he witness that his wife cried for the first time that also cause him to cry. He want to come and console her but he also want so that Rei will notice that he was jealous and only want her attention to him. He wand to selfish toward his wife because he loves her truly He just seat there and observe his wife.

“I’m sorry My Rei, Hon. I’m just jealous because both Je and Bi hugged you infront of me” said it mumbly while crying. He didn’t left right away and he then realized that Rei already stop crying, so he check it and notice that Rei already asleep while crying. He wipe her tears and carry her to her bedroom before going back to the team house.

Tae didn’t sleep for the entire night because he regretted of his actions but it’s already done and he can’t turn it back. Tae was afraid of her wife decision or even worse so he turn off his phone because he was afraid that maybe Rei will ask for a divorce or even separation because of his unreasonable reactions.

On the other side, early morning at around 3am, Rei awake and realized that she’s already on her bed when what she remembered that she’s been crying after Tae slamming the door.

“I really did something to Tae without me knowing what I did and that’s the reason why Tae was like that. Alright, if you’re husband say you won’t come then do what he say”.

Chapter 185 - Concert Team

After waking up at 3am, Rei already preparing herself to go since she’s going to inform and tell Mr. Hwang that she won’t come for the Team Concert and then before leaving she call her husband but only to receive an operator response.

“The number you’re calling is busy at the moment, please try your call later”

“Hubby you’re still mad and you turn your phone but well I understand since it’s my fault to not understand my husband predicament”

Then Rei leave right away and at exactly 4am, she arrives and now standing at Mr. Hwang office.

“So Manager Rei why are you here so early in the morning?”

“Sorry for disturbing your rest Mr. Hwang but I won’t come with the Team Concert and is there any option to help with the team?”

“There’s 3 options for you to choose but before I will explain further, can you tell me the reason why aren’t you coming?”

“Tae said I won’t”

“I see but Manager Han reported me what happened yesterday so I can guess why Tae against of it”

“Eh? What do you mean Mr. Hwang?”

“Ha, ha, ha I see so you didn’t get it Manager Rei but well I heard that both Je and Bi are hugging you after hearing you’re tentative decision”

“Eh, it’s about that one and is that’s the reason why Tae become upset yesterday?”

“Ha, ha, ha” (laugh and nodded) “Think about it Manager Rei, what if you someday would witness it with your eyes open and in front of you that Tae’s fellow lady artist or co-artist hugged him and what do you feel?”

“That....” (then Rei realized it) ‘ahhh, that’s why Tae said to me that I don’t love him that much since I didn’t realize it. Ahh, idiot, idiot and you’re a big idiot Rei.’ (scolded herself before answering to Mr. Hwang) “Thank you Mr. Hwang for that one and I realized what’s wrong but for now can you tell me the other’s options”

“Okay, so for now you can still come with the team if you will know the team that you and Tae are dating” Mr. Hwang is not aware that the two already registered their marriage since Rei want Tae to tell

it himself because she can tell that Tae is the right one to tell it and can sense that he had for that one even though she doesn't know what it is.

"How about the other options?"

"Second you won't tell them that you're in a relationship but you will be either joining one or two of the members to share a room since it will be decided by drawing a numbers. And third you will be a part in the concert planning team which in charge for organizing the upcoming concert including the fixed schedule of the concert team, the event, the accommodation and the budget of the cost."

"I see Mr. Hwang. First and Second option is not good for me since I don't know what the exact time for them to know that we're a couple and I don't want to ruin his plan. The Second one is also not a good option since I won't know who would from them that I share the room and then being witnessed of hugging me from Je and Bi can already explode Tae this much, so how much more if sharing a room. So I will choose being part of the concert planning team."

"I see then I will introduce you to them now"

"It seems you already know about it, Mr.Hwang."

"Ha, ha nah it's not Manager Rei since I also didn't know that Tae would be like this and it's proven that Tae really loves you Manager Rei"

"Uh-uh" admitting while blushing

"I see and now follow me I will introduce you to the team."

"By the way Manager Rei just informed Manager Han that you won't come for the concert and you can informed all of this to Tae so that he won't explode again"

"Uh-uh"

Rei message Han that she won't come for the concert and then she message her husband about the whole situation but too bad Tae didn't read it since his phone is still off at this moment.

Both Mr. Hwang and Rei already standing in front of the door which labeled for concert planning team.

"Good Morning Everyone" greeted by Mr. Hwang and all of them stop what they're doing and greeted him back.

"Good Morning Mr. Hwang and..." paused and looking to Rei "eh Secretary Rei, ah.....ah Manager Rei"

One of the Head said to her "Ahh, so it's really true that you're now a Manager, Secretary Rei"

"Ehem, ehem"

"Sorry Mr. Hwang"

"Alright guys, Manager Rei will joining the concert planning team starting today and may I have the team for the scheduling team."

"Here Mr. Hwang" 2 ladies and 2 gentlemen

"Good and guys starting today until Manager Rei resigned, this is you're final Schedule Head Manager and will be joining you guys for the concert team" Mr. Hwang announce it firmly while Rei just have the same expression but deep inside she's really surprised that she's now the Schedule Head Manager.

"Yes Mr. Hwang and thank you"

"You're welcome guys. Manager Kim, Manager Hang and Manager Ong please introduce yourself to Manager Rei as the Head Schedule Manager"

"Yes Mr. Hwang"

“I’m Manager Kim, the Head Manager of the Concert Team, 45 years old.”

“Manager Hang, the Finance Head Manager of the Concert Team, 42 years old”

“Manager Ong, the Event Head Manager of the Concert Team, 40 years old”

“Manager Rei, the Schedule Head Manager of the Concert Team and....” hesitating to tell her age.

“You can tell them Manager Rei and they’re only form as a Team for the Concert Planning of M’Dol”

“Yes Mr. Hwang and 26 years old”

All of them are not surprised of her age since they already guess when she appeared that time on the live interview show.

“Alright, I leave Manager Rei to you guys”

“Yes Mr. Hwang”

“Alright, as the Head of the team. Aside from Na and Rui, we have now a new youngest of the team and it’s you Manager Rei. For you to know, both Na and Rui is in your team”

“Ah, I see”

“You’re really beautiful in person Manager Rei and if I don’t know you’re a Secretary before then I might mistaken you as a celebrity.”

“.....’ Rei’s speechless.

“Alright, guys let’s go back to our work and we will introduce our self after we’re done for today. And Manager Rei you can go to your team first, by the way do you have any idea of what your team in charge?”

“Uh-uh I have and we would be in charge for their Concert Tour Schedules”

“Ha, ha, ha you’re really a genius Manager Rei”

“...” ‘The title of the positions is really obvious enough to determine which you got incharge’.

Chapter 186 - Her unseen messages

The whole concert planning team are already done introducing their self. Rei notice that only her team have 5 members including her and only Manager Kim have many members at least 40 since their team are in charge for the props, equipments and costumes team for the concert. The Finance Team is second least members since the team are assigned for the cost, expenses and other concern about budget or finance. The Event Team is consist of 12 members including their head and they’re in charge for the accommodation and location of the event.

The Concert Planning Team are all focused for the upcoming concert led by their Heads and then the M’Dol Team are also rehearsing for their performance.

On that day, the team are all excited for Rei’s decision while Tae is also getting nervous because his afraid but then they we’re all surprised when Manager Han inform them that Rei won’t be joining them.

One week pass, the M’Dols doesn’t know where’s Rei about including her husband because aside from turning off his phone, Tae didn’t visit his wife every night and now his getting worried because he didn’t heard from her. He forgot to turning on his phone back and around 11pm he visit his wife right away but only to realized that’s no one around in their house. He turn on the light and notice a piece of paper in the center table.

At first Tae is so nervous because he taught it was a divorce papers but then he realized it’s a letter.

“To My Hubby Tae

For sure you didn't turn on your phone hubby since you didn't reply any of my messages and answered any of my calls.

It's been a week that you didn't visit your wife, geez Hubby you're too cruel for you wife but well I understand it.

Sorry for making you upset and not realizing that you're jealous of Bi and Je. Your wife is too naive for that to realize. I'm sorry hubby and let's make up now okay?

By the way Tae, I'm not around for 3 days and 2 nights because I, Manager Kim, Manager Hang and Manager Ong will be leaving today around 3am to J Country to finalize the upcoming concert.

You might don't know about it since you didn't answered my calls or my messages but well your wife is already one of the concert planning team and sooner or later I will give the complete schedules to Manager Han

Ahhh, I won't see you for whole two months Hubby but surely I will miss you, take care and I love you.

From : Your wifey Rei”

All of sudden Tae cried out because he was too childish and he was upset for nothing because it's not her fault but he blames her. Luckily , his wife Rei understand him right away. He then turning on his phone and notice that he received 30 missed call and 40 messages from his wife.

All Rei's message is about apologizing him and reporting about her works. She even send about her loves to him. Tae read her unseen messages from the latest date until the day after the fight.

“Tae remember I always love you and don't question my feelings to you. Just tell me if you're jealous because Hubby remember you're my first boyfriend and my husband so in other words you're my first and last man so make sure to explain it to me because you're wifey is a beginner of this one. Mmm, okay?”

“Hubby, I meet a new friend here in concert planning team and she’s two years older than me”

“Hubby, you didn’t visit your wife last night. Are you still mad?”

“Neh Hubby don’t forgot you’re wife is R, so don’t be too conceited and I can monitor you if I would”

“Hubby, are you alright now?”

“Hubby I never expect that they would be a day I will become a clingy wife. Hope you won’t mad”

“Hubby being in the Concert Planning Team is so hard especially I’m one of the Head but your wife will do her best for you”

“Geez Hubby, don’t mad at me okay?”

“Hubby I won’t be coming with the team upcoming concert but instead I will join the Concert Planning Team”

“Hubby, Mr. Hwang give me a situation opposite to yours and I just realized that you were jealous. Sorry Hubby for not realizing it and I promise I will mind it everyday”

“Hubby, I already informed Manager Han my final decision and I’m on the way to the concert planning team.”

“Tae even you’re upset you still carry your wife to our bed. Thank you and I Love You. Don’t be upset anymore okay”

The last message he read is the latest “Tae, I just arrived in J Country and I leave a note to you, hope you read it. I Love You”

After reading all her unseen messages, he call Rei right away but only received a busy tones and then he call her private number but heard the ring from the kitchen area.

“Eh, Rei leave her private phone. How unusual?” Then he stand up from the couch and slowly wiping his tears before going to the kitchen to get his wife phone.

He picked up the phone from the table and he realized that it also has a notes below and Rei is the one who write it.

“How to coax your jealous husband?”

1. Seduce your husband which Rei mark it's X and a commented it I'm not a mistress.
2. Drug your husband and do it to him many times.

—X mark again—

Rei's comment : I'm a law abider and respect my husband.

3. Bzufc pn wmpz vplgfrt mz tasmzhu vaq.

X mark again

Comment : What? I'm not an idiot and not fickle minded person. Geez , a small problem and yet to decide to divorce him. How much more if you have a big issues? If that simple then why must marry your husband if you will divorce him right away.

4. Make him jealous more so that he will know his not the only who loves you.

X mark again

Comment : Won't do, you're just getting it worse and geez why's this article I search are all useless. Geez, I'm searching it to have a preference and yet all of this are all useless. Tsk, tsk, I won't search anymore and I have my own ways.

That's the reason why she messages and call her husband everyday but then it didn't work since her husband phone is off, so she another choice and left him a letter on the center table

Chapter 187 - Preparation for the concert team and chatting with Na

After reading it, Tae is laughing hard because he can imagine his wife expression and after laughing too much. He kept the notes and her letter to him before putting her phone to their room. He got back to the dorm house and now sleeping without worry since he already knows and aware that his wife really loves him well he already know it when she agree to marry him but being jealous you can sometimes forgot your rationality and can't think right anymore.

The team arrive at the studio and just got to know that Rei is in the Concert Planning Team when Mr. Hwang informed them. Tae just keeping his aloof and cold side but he already know it yesterday.

Both the M'Dols and Concert Planning Team are more serious because they already less than a week left before the concert.

Rei and the other heads arrives on the next 2 days and they finalize the schedule. Both teams are sleeping in the studio and getting more busier as what they seem.

The team are busy rehearsing of their dance and singing but they can still have time to relax because they remembered the words of Rei that their main priority is being healthy so they don't forget their health but except the one who remind them because she's now completed forgot since she's still working even it's already midnight until her friend reminded her.

"Why are you not taking a rest Manager Rei?"

"Eh, you're up Na?"

“Uh-uh, I can hear your scribble, and mind you I sleep beside you”

“Oh, sorry”

“Take a sleep first Rei because you’ve been sleeping for at least 2 hours or less since the time you arrive”

“It’s alright and I’m fine Na. Thank you for your concern”

“Nah, I won’t believe you even you’re smart and genius, you’re still a human and you’re not a robot so you must take a rest first.”

“Yeah, yeah but after this one”

“Tsk, and think of it, tomorrow will be Valentine’s Day so maybe you’re overworking now so that you will have a date for him tomorrow, right”

“His busy”

“Ahh, so you really have. And of course you have since you’re pretty Rei”

“You’re pretty Na and don’t forget I’m just second to you”

“Of course I am and at least you know”

“Ha, ha, ha by the way how about you do you have a date with you’re man?”

“Nah let’s not talk about him because his a cheater”

“Eh, what do you mean?” Rei stop her doing and now intrigued to her story. Looking around and continue “let’s move and not talking her since they’re already sleeping and we must not disturb them”

“Alright” then picking up her doc.u.ments and follow her new friend.

“Don’t tell me you’re still plan to continue that one?”

“If I have time then I would, so why?”

“Ha, ha, ha I never expect that you’re too dedicated to your work Rei”

“Of course I would be dedicated to do my work” ‘and especially it’s for my husband’

“Ha, ha, ha alright alright”

“So do you want to hear how my man cheated?”

“If you well tell it to me then I’m willing to hear it”

“Ha, ha alright alright I will tell you since you’re not the type to gossip around”

“Ha, ha you’re right”

“So this is how my man cheated on me” (then telling her story to Rei)

"I and him already engaged the moment we got born since both of my family and his family are already planning it that if they will have a baby girl and baby boy they would be engaged, and that's what we are.

I and him are born rich and powerful here, so our family want to join hands by marrying their child off, so at that time when I reach 16 years old and same him we meet for the first time. At first, I was going to decline the said arrange marriage because I already have someone I love so I don't want to sacrifice my love just for the merging of the business of both family. So that's the reason I attend the meeting so I can decline the said arrange marriage but who never taught that the one I love and the one I'm engaged to is the same person so I was too surprised that time including him, he said that he love me already and that time he also present to decline the engagement but then he never expect it's me. So by then when both Family already know that we already know each other they already prepared everything for our wedding. I'm still young that time and same to him so we just living the house and sleeping in separate room until when we reach 25 we did the deeds and that one we have a bun that grow in my stomach. I know that I'm pregnant because I'm a nurse and so I want to surprised him and went to his office. Ahh, by the way Rei my cheater husband is a doctor so I went to the hospital but his other women is there and they were talking like they already know each other. I've been stalking him for the whole 3 years and only witness they meet twice a year but last month they didn't meet. I'm here because I followed that bitch with a red car and I know she's here but I don't know which department she belongs. Last month they didn't meet but I'm sure they're going to meet. So that's the story of my man being a cheater."

"I see but are you sure she's your husband mistress?"

"Uh-uh"

"I meant, have you witnessed that they're kissing or even hugging?"

"No I didn't but I'm sure they are since she know where's my husband office is"

"Well you're husband is a doctor so maybe she was his patient"

"She's not and if she is why she only visit my husband every twice a year"

"Alright, alright forgot about that one so how about your son or daughter?"

"A son and his already 3 years old. I raised him without my husband help and thankfully I know because I am a nurse"

"I see, so you're influential and same to him but how come his not aware that you're pregnant that time and what you said his a doctor?"

"No body can investigate since both R and C is protecting our data and including my son"

"Eh, woah you're lucky"

"Of course I am and so how about you?"

"No comment and let's finish it this one so that we can call them for the confirmation of their preferred date"

"..." speechless

"I didn't force you to open up your love story to me"

"Yeah, yeah and let's finish it"

Chapter 188 - Faint and collapse

The two of them are continuing what they're doing and then when they feel sleepy they return back to the team and now taking a rest.

But after two hours, Rei awake first, preparing herself to take a bath and continue what she did until the team slowly waking up and prepare their self before continuing their work.

All the Heads, Staffs and Members of the concert planning team are doing their best even it's Valentine's Day. The members who already married, have boyfriend or lovers are not spending this day to their loves one because they were all serious of their task because they only have 2 days left before the team leaves and go to J Country.

They almost encounter a language barrier problem but thank goodness they have Rei on their team and as a former Secretary she knows at least 10 language so she speak the Janes Language fluently leaving the team surprised but then return back to reality when they remembered that she's a Head Secretary before.

After then both artists, managers and the team for the concert planning team are doing their best.

Later at night, Na awoken up again because she heard Rei scribbles something and her keyboard sound since she was busy encoding something and Na said to her.

"I don't know if you're an idiot or a genius Rei"

"Ha, ha why do you think so?"

"Because you're too stubborn"

"Don't worry I'm almost done with it"

"Yeah you almost done with it including you're health sooner or later you will be faint fo sure"

"Nah I won't Na because I know my body"

"Yeah, yeah you know you're body but as a nurse and friend of you can you at least listen to me Rei, huh?"

"Don't worry after distributing it to them then I can fully relax and rest"

“What? You’re planning to distribute it?”

“Uh-uh and after that I’m already done with it”

“Geez I can’t believe you Rei. You only sleep for 2 hours or less and it’s straight 6 days. For sake Rei, you’re not a robot and you’re a human. You might forgot about that one Rei but I need to remind you that you’re human, human do you get me or are you planning to kill yourself?”

“Yeah, yeah I got it and let me finish it”

“Alright, alright, you’re so stubborn and I don’t know how your man control your stubbornness.”

“Same to you, I don’t know how your husband control you since you’re known as being a spoiled brat”

“Do you want me to help or not?”

“I’m already done printing while chatting with you so now I will distribute this to Mr. Hwang and Manager Han. These three copies you can give it to Manager Kim, Manager Hang and Manager Ong”

“Tsk, tsk what a serious one”

“I’m always be Na and now I’m going to give it to them”

Then Rei leave and get two copies of the final schedule for the concert team. She give it first to Mr. Hwang and then only received a compliment from him.

“As expected of you Manager Rei and you never ruin my expectation for you and tell the concert planning team that this 2 days left will be your break time and you can go wherever you want since you have compensation for those days”

“Yes Mr. Hwang”

“Did Manager Han already have a copy for this?”

“I’m still going to give it to him, Mr. Hwang”

“Alright you must give it to him and you can also take a rest Manager Rei since you’ve been working hard”

“Yes Mr. Hwang, I may leave now”

Then leave right away and go to the studio. She knocks the door but no one’s answered, she’s going to call her husband but then to not getting caught, she just call Manager Han.

.

“Yes Manager Rei, what’s wrong?”

“I’m outside at the studio and I’m going to give the final schedule to you Manager Han”

“I see” then suddenly realized “eh, it’s already done?”

“Uh-uh”

Heard sudden changes of her voice “What’s wrong Manager Rei ? Are you alright ?”

“Uh-uh I’m alright nothing’s wrong”

“I see, wait for a minute” then he stand from his bed and then open the door “come in”

“Nah, it’s alright Manager Han and I know how busy the team are. Here the schedule Manager Han, this is for you and another additional copy in case it will misplace or lost, so it serves as your back up copy”

“Thank you Manager Rei”

“You’re welcome Manager Han”

“Be careful Manager Rei”

“Uh-uh” then left the studio.

After talking to him, Rei slowly walk because the moment she call Manager Han she already feel dizzy and around at the corner she suddenly collapse and enough for Na to witness it because she’s getting worried about her stubborn friend the moment she called her uncle and ask about Rei then her uncle replied to her that she’s already left and by the time right now she’s must already got back to the concert planning team.

“Uncle, is Rei still there?”

“She’s already left and what’s wrong Na?”

“When?”

“Almost 20 minutes by now and maybe she’s already on the way from the studio to the concert planning team”

“Ahh, I see”

“From what I know of you Na, it’s your first time that you being concern to someone aside from Rui (her son not their co-workers) and Lin (her husband)”

“Rei is my friend uncle and I’m going to hang up now”

“Did she al....” didn’t finish his question because his niece already hang up “this spoiled brat and how did my sister raise her?”

After the call, Na is being worried so she check her to the concert planning team first then to the studio and just around the corner, she notice Rei walking slowly before collapsing and approach her right away.

“See told you, you’re body it’s already on her limits”

“Yeah sorry”

“Let...”

“No you can’t inform them what happened to me and just keep it a secret from them. Don’t inform everyone including the M’Dols and before that please tell the Concert Planning Team that Mr. Hwang give the concert planning team for 2 days vacation with pay” then she faint right away.

Chapter 189 - Hospitalization

After Rei faint, Na as a nurse didn’t got fl.u.s.tered and panic instead she just carrying her and blaming her even though Rei doesn’t hear it anymore since she faint.

She carry her to where she park her car since she doesn’t know where this stubborn friend of her park her car or where she put her key. After carrying and putting Rei to her car, she check her pulse and feel relief.

“Geez you’re really an idiot” then leave her to her car and going back to the concert planning team hurriedly.

“Manager Kim, Manager Hang and Manager Ong, I just met Manager Rei just now and she informed me that Mr. Hwang give us 2 days vacation with pay” inform them

Rui : Eh, but Na I think it's Manager Rei things (ask since he saw Rei's things still there

"Yeah I know and she just instruct me to bring her things since she had emergency to do so.

Then she go to their place and picked up both their things and said to the Head Manager

"I'm going now Manager Kim"

"Yes and be careful Na"

Then leave hurriedly without noticing that Rui, who have the same name of her son suddenly following her because he feels suspicious because as what he knows from Rei, she's not that careless to leave her things even it's emergency and he also observe that Na is not like that since they've been colleagues for almost 3 years already and he knows that Na is never the type to concern others and both Na and Rei just know each other for 2 weeks that unknown to him they've been become close to each other and become friend even though they're opposite to each other.

He followed her and he notice that Rei is seating to the other side, he also witness that Na tap her forehead unknown to him she just check Rei's temperature and before she start the engine of the car and drive off.

"Eh weird" but then he can't follow since he doesn't have a car and most of all he can drive fast.

Back to Rei and Na

Na hurriedly left the concert planning team room and go to the parking area before to her car where she left Rei. She get inside and realized that Rei still unconscious so she tap her forehead and just realized that she's too hot.

"Ouch, you're too hot Rei"

“.....” no answers since she’s still unconscious

“This is the result of you being stubborn, Rei” she drive the car while calling someone.

“Ring, ring, ring”

“Yes hello dear Na, why are you calling me and are you planning to go back as a Nurse now?”

“Mom please me help for a VIP room and then open the emergency room for me. I would be there around 15 minutes by now”

“Eh, w....”

Tot, tot, tot, tot

“This gir,l, is she’s my daughter or not?” then do what her daughter request to her.

After calling her mom, she also call another one person

“Hello and what is it this time Na?”

“Rei collapse and feint before she fell unconscious I’m on the way now to the hospital and Rei suggest to me that I must not tell everyone including the M’Dols and the teams but as her employer I need you to inform Uncle”

“Eh, what....”

“Tot, tot, tot, too”

“This girl, is she’s my niece or not?” then he go to the controller room and let the in charge have a break first before checking the CCTV recordings. From what he knows Rei visit him first before the studio, so he check that time and then to the studio where she’s going next and then observe Rei talking on the phone and then she slightly stumble and then give the schedule to Manager Han before slowly walking and then collapse.

“Geez Rei, I never taught you will be still worried in this situation” Mr. Hwang will call her name when it’s not about work since he already treat her as his daughter. He then check the studio and see how’s the team going on.

—At the studio—

The team already awake the moment Rei step out from the studio or the moment the door close.

They’re drinking hot drinks so that they will get energized but then Tae’s cup suddenly broke and glad that the hot drinks didn’t splash to his body.

“What’s wrong Tae?”

“Nothing” then slowly picking up the broken cup ‘is my wife alright?’ and then he almost touch the sharp one.

“Geez Tae, you’ve been distracted and let me do it because 2 days from now we’re going to leave” said his team leader.

*It’s alright Bro Yun”

“Geez, stay put and let me do it. We don’t want you to get injured before the concert.” and then automatically picking up the broken cup and then wiping the drinks that got slip on the floor.

Yun is the one cleaning but then Tae just standing absent minded and so distracted that he doesn't what's wrong meanwhile Mr. Hwang witness it all and interrupted the team.

'See Rei even you keep it hidden, you're man still become uneasy without knowing but as a man, I will let him tell what happened because Tae will be feel worse if he doesn't know and it can distract him forever'

"Tae come with me for a moment"

"Eh Mr. Hwang?"

"Just come with me Tae and Manager Han don't worry I will return Tae before lunch time"

"Yes Mr. Hwang" both Tae and Han replied it in unison.

Tae followed Mr. Hwang to the parking area and then to the way where he park his car.

"Get in Tae"

"Uh-uh"

"Why are you been distracted Tae?"

"I don't know why Mr. Hwang but I think it's related to my wife"

"Wife?"

"Uh-uh we got married after the new year Mr. Hwang"

“I see”

“Sorry for keeping it Mr. Hwang”

“No worries and that’s the reason why are you suddenly got distracted because it’s really related to Rei, as you know Tae I already treat her as my daughter and I know you but if ever I happened that I got to witness that you hurt her then don’t be too conceited that you’re my artist”

“Yes Mr. Hwang and I will never hurt her. So what’s happen to her? Is Rei alright?”

“Ha, ha you’ve been become talkative if it’s about Rei, I see and we’re on the way to the hospital. You need to calm down and we’re still don’t know what really happened to her”

“.....” didn’t replied him because he was too nervous the moment he heard hospital but trying to keep his cool.

Chapter 190 - Pregnant

Mr. Hwang and Tae is still on the way to hospital and Na just arrived to the emergency room.

“Mom, is it all ready?”

“Mommy” her son who follow her grandma suddenly approaching her mom.

Na can’t believe that Rei and him already married then suddenly remembered that Rei didn’t even bother to correct her that it’s her boyfriend or husband since she’s the only one who assume that it’s her boyfriend and realized when Rei told her that don’t inform them including the M’Dol but now realize that it’s not for them instead only one person and that’s Tae, her husband.

“I see, so you’re this patient husband and Brother Min you’re here”

“Yes I’m here, how is she?”

“It’s just my speculation but as a doctor I can assure you that Sir and Brother this lady here might be pregnant. I will undergo tests to be accurate that she really is”
