“I know, I know, by the way Ma, we we’re playing a game awhile ago about guessing the twins name, so how about you, Lyn and Bro El join?”

“I’m in Mei” Aya

"I'm in too" El and Lyn in unison.

"Good, and to be fair since both Ellyn and Lynel are wearing the same and the same style, why not the two of my boys change in same pattern."

"Yes Mom"

"Go and change without letting us see when both of you changing clothes" Mei said while getting two polo white shirt and give to her sons.

The twins grab the shirt one by one and getting out from inside the living room since they don't know where the restroom located is, after 1 minute both of them done change and now back to where everyone is.

"We're done changing Mom" said it together and now their hairstyle are the same. The other twins lips are slowly lifting upward because they know who is who even they have the same style and shirt, no one can fool them. The one they get worried the most is their parents, El and Lyn, so that's why both of them always teasing their parents and the reason why they never wearing different or having different style because they always want to tease their parents.

At the same time Mei and her kids got worried one person, her husband and Dad En, because he never get it right even the kids are already wearing their favorite color but then again he never got it right, and how much more they're now wearing the same and same hairstyle.

Both twins said it together even they got worried for the sake of their parents but they already used of it, so no worries and said "let's begin now and let's start with Grandma/ Mama Grand and your last Mom/Aunt Mei".

"Eh, why?" Mei asked

"Because you're too clever" said in unison again

“Ha, ha, now, now let’s start and begin from me” Aya said while looking to where the pair of twins standing “I guess from left to right it’s Ken, Ren, Lynel and Ellyn”

“For me from left to right it’s Ren, Ken, Ellyn and Lynel” Lyn

“Uhm..... from left to right it’s Ken, Ren, Ellyn and Lynel” El

“From left to right, it’s Ren, Ken, Lynel and Ellyn” En

“Mom/Aunt Mei” the anticipating Twins said

in unison again.

“Ha, ha why are looking like that to me?”

“Go ahead Mom/Aunt Mei”

Mei try to act confuse and guess like she was not sure “mmmmmm, from right to left it’s Ellyn, Lynel, Ren and Ken”

“Geez, both Grandma/Mama Grand and Mom/Aunt Mei are not easy to fool.”

“Oh, so am I right?” Mei asked in confuse

“Geez. stop acting Mom, you never guess it wrong” Ren

“Papa and Uncle En almost got it right but how come they didn’t guessed their own sons and daughters?” Lynel asked.

“Stop that Lynel, it’s never been easy to guess and that’s the reason why I always told both of you to wear a different one”

“How come you know it’s me, Ma?” Lynel asked after hearing her name from her mother.

“Because you’re the only one who will react even it is a non sense one” and everyone laugh.

“Ha, ha you’re funny Lyn, but now my boys go change back. so that your Dad will get it right.”

“Na, it’s not use Mom, Dad will always get it wrong even we wear our favorite color everyday” Ren said.

“Stop that one Ren” Ren is going to retort but stop by his dad “if you asking why, it simple because you’re the only one who always teasing me about not getting it right” En explained.

“Now, now go change now and you too girls”

“Wait a minute Aunt Mei, we will change after Aunt Rei will guess it” suggest by Ken and Ellyn, then looking to each other and smile.

“Oh, right. That’s a good idea my little boy Ken and Ellyn”

“Ha, ha don’t underestimate her” Aya said but all of them didn’t heard.

“That’s right Bro Ken, Aunt Rei will never guess it right since we will meet Aunt Rei for the first time personally so she will guess it wrong even Dad never guess it when Dad is our Dad” Ren said it excitedly.

“For now go to your rooms and put all your things in the room, El your room is on the right side near the stairs while Mei your room is opposite to your brother. Rei’s room is in the middle of your rooms and opposite to the stairs.”

“Oh, okay Ma and the keys?” Mei asked

“All keys are inside each of the rooms, Rei never locked it and always clean the room every weekend in case you will back or visit here.”

“So Sis, still cleaning?”

“Yeah, I always say to Rei and remind her that you can call a cleaning service now but she didn’t because she don’t want to waste the money and only called the services when it’s really necessary.”

“Ha, ha Sis never change”

“Just put your things first and then all of you come here to our study room”

“Study Room?” asked by everyone

“No need to be surprised, Rei add a study room since both of you already have a kids and then knowing she’s a book worm, so she add this room. By the way it’s also our family meeting room.”

“Oh!”

“Ha, ha all of you must be really surprise, right?’ all of them nodded. ” okay, just put your things first and I will explain the details of our home while touring, I will wait you guys here” all of them nodded again and then climbing the stairs while carrying their own luggage, the kids carry a small back pack, the husbands carry two big luggage each while wives carry one small luggage.
