

Last Man 231

Chapter 231 - Now, who is he?

They're still discussing their plans while Tae just looking to his wife attentively and became in love again.

'My cupid really hit me hard' then looking to his Rei again while Rei giving advices to the newly couple.

"Mr. Fu, don't worry about Meng parents because they're kind and nice. They will accept you for who you are as long as you love Meng wholeheartedly."

"Yes thank you Ma'am Rei"

"No need to thank me and just do your best and show to them that you really love Meng for who and what she is"

"Yes I will Ma'am Rei"

"You can stop calling me Ma'am, Mr Fu"

"I can't Ma'am Rei because you're my boss and thank you for giving me advices and most of all thank you for not firing me"

"Well you deserve it and...." stop for a moment because she can feel that her husband looking to her attentively and then teasingly asking him "what? Do you fall in love with me again and again?"

"..." blushed because his wife got him caught off guard

"Just teasing you" whispered to him before giving her attention again to the newly born couple. "So, how will you inform your family about Mr. Fu, Meng?"

"If I have a solution then I didn't call you here Rei"

"Ohh, I see but well I heard Mr. Fu plans, so how about you Meng?"

"..."

"Don't tell me you don't have?" Rei asking using the Ceno one, so Mr. Fu didn't understand it.

"Uh-uh"

"You're so bold to ask him that night and yet you don't have any backup plan?"

"He, he, well out of impulse, I got swayed by his looks and especially I got drunk"

"You sure that's the reason?"

"Geez, you really know me well Rei and yeah that's not the reason because I really want to experience it, I mean it's not out of impulse because I got brave asking that one to him as I was influence by the alcohol."

"I understand it Meng but what if you sleep with a married man or more worse a murderer, huh?"

'My wife is really a Detective Conan addict'

"How come you come up with that conclusion?"

"Well it's just a scenario"

”

Geez it's really proven that you're a Detective Conan addict”

“And how did you know that?”

“Well your twins nieces and nephews including Boss Mei and Boss Lyn are all Detective Conan addict, even Kaede and Jiru got affected as well since they were friends with your nieces and nephews”

“Well it's an interesting anime, so why not try to watch that one?”

“Not my likes since I love watching romance dramas especially the dramas who have many intimate scenes”

“...” Rei became speechless that Meng didn't realize and continue with her explanation.

“At first I was so curious why they have that kind of reaction after doing the deeds and then become more hungry of it or worse they get emotional but then now after experiencing it, I already know why.”

“....”

Feel the sudden silence of her boss and looking to her “why are you blushing?”

“Shut up, you and Fengfeng are really twins”

“Ha, ha, ha no need to be shy Rei, being intimate with your lover is normal, unless you're not like that?”

“.....”

“By the way speaking about lover, now who is he?”

“My husband, satisfied?”

‘Ha, ha, ha My wife really not like this topic at all’

“H—-husband?”

“Yes, husband”

“So the two of you got married or you just calling to each other husband and wife?”

Rei raise her hand and show her non obvious wedding ring to Meng “legally married Meng”

“I see then why did you still feeling shy when you already married? Being legally married, you already did the deeds many times, so how is it Rei?”

“I won’t tell you Meng and as what you know it’s our privacy so I won’t tell you”

“Nah don’t be shy Rei, so how it feels?”

“Want my advice or not?” threaten her, because Rei is the type who doesn’t want to share her privacy especially about being intimate to her dear husband. She’s proud of what Tae performance on bed but she doesn’t want to share it to anyone especially to her family and friends because she only want and her husband to know about it all alone.

Tae just looking to her wife and right, he got to know what his wife thinking. At first he feels that Rei doesn’t love him that much since she was not proud to tell how intimate they are but after doing the deeds, he realized why because he also feels the same. He also doesn’t want everyone to know how intimate they are. Tae hold his wife hand and give an assuring smile. He also know that his wife is not angry or upset with Meng because Rei just want to stop that kind of topic.

Meng also know it, so she apologize “I’m sorry Rei”

“It’s alright Meng”

“So you’re really don’t like that kind of topic?”

“To tell you frankly, yeah I didn’t really like that kind of topic but what can I do everyone have different views so I can understand it”

“I see but it’s my first time seeing a person who’s not very proud of it”

“Nah, I’m very proud of it but in different ways”

“In what way huh, Rei”

“Duh, only me and my husband. And how can I share my intimate scenes with everyone when they can imagine it, huh?”

“....” Meng speechless

“You’re not thinking with that kind of scenarios, huh Meng?”

“No, no not like that but it’s just”

“Just what?”

Then Meng burst her laugh “ha, ha, ha I never taught that you’re quite a possessive type Rei”

“And I also never taught that you’re an aggressive type Meng”

The two beautiful ladies are laughing out loud while Tae got amuse and looking to his wife laughing like this again and leaving Mr. Fu who doesn't understand anything since the two ladies speaking in Ceno language and without choice he interrupt the two.

"Uhm, excuse me but Meng and Ma'am Rei, are we forgetting something?"

Chapter 232 - Rei's Advice

The two beautiful ladies who laugh hard suddenly stop when they heard Mr. Fu and yes the two almost forgot that they will face a storm after this if they will not think a plan. ahead before the storm.

So Rei who's laughing awhile ago return to her other self which is the calm and cold one meanwhile her husband Tae looking to her again.

'Ohh no, one day I will die because of too much love from my wife' yes, his right since he almost lost his life but late since there so many event happened on their life.

As if Rei heard her husband, she look to him as if saying to him 'quit being like that Dear and you're not like that you know. Don't worry nothing will happened to you' but then Rei got it wrong because he almost lost her husband on her special day and not at all since the situation also testing on them on how they love each other.

'You really know me well Hon' and have a sensual expression.

'Quit it Dear, we were not alone and especially were not at home'

'I know'

Meng who just observe the two lovebirds just clearing her throat to interrupt them because she know this expression of them and she know well because she's a vivid reader on a romance novel. "ehem, ehem"

And the other one who's very oblivious to everything asking Meng in a worried tone "are you alright Meng?"

"Idiot"

"Eh?"

"Nothing" then laugh because she doesn't know if her man is an idiot or a genius since he skip grade 7th times as what he says.

Rei and Tae who already stop looking to each other after hearing Meng clearing her throat and now just looking to the two, both of them can't help but both of them wonder if they really just meet yesterday or already know each other since they can sense that they love each other dearly and without realizing the two said it loud.

"You really meant to each other" said in Senian

"Eh?" ask by Meng because she don't understand it meanwhile Mr. Fu blushing hard and replied to them.

"Thank you Ma'am Rei and Sir"

"Eh, eh what did they say and why are you blushing?"

"Ma'am Rei and Sir both said that we're really meant to each other in senian"

"Really?"

"Uh-uh"

Meng suddenly blush for the first time and

then said to Mr. Fu in autocratic way "From now on, you as my man Mr. Fu is not allowed to speak Senian and only to speak again when I, Meng Feng already fluent in Senian, am I clear?"

"Uh-uh"

Then Meng smile and added "And I Meng Feng, as Mr. Fu woman is not allowed to speak Ceno and only speak again when my Man, Mr. Fu already fluent in Ceno"

"Eh?"

"Why, you don't want it?"

"I.....I want it"

"Good, now before facing the storm of my boldness, Rei I need your help, okay"

"Yes Meng, as long as it's within my capabilities I will help"

"Thanks Rei, so what do you suggest?"

"Just tell your parents the truth"

"Eh? No, no that's a very bad idea Rei"

"

Telling the truth is not a bad idea Meng and the worst thing is, if you lied to them and they discovered the truth. So just tell them the truth before you're Father will investigate it"

“But...”

“No but Meng, you’re father known to the world as C, so he can obtain everything he wants”

“Yeah you’re right Rei and as long as R doesn’t involved, my Dad will obtain everything”

“Ehhhh, y—you’re Dad is C, I mean the the second top hackers after R”

Meng answered him proudly about his Dad “yeah that’s my Dad and you’re future in law. Actually before R appear, my Dad is the top hackers but then R got the top spot even R is my Dad student.”

“E—eh,? So you know the real identity of R?”

“Aside from Dad, no one knows R real identity. I don’t know if R is a she or he and my Dad will never reveal everything about it”

“Ahh, I see” Mr. Fu said with a disappointed expression.

“And why do you have that kind of expression?”

“R help me by revealing my bastard father doings”

“Well R is both cooperating with C Country and S Country, so it’s not a surprise that R help you”

“I see” then he suddenly realize “wait, if you’re Dad known to the world as C, then is he not in danger especially he knows R real identity?”

“Idiot” tap his head “The world only know my Dad as C but they didn’t know that R is my Dad student.”

“I see but you’re Dad still in danger”

“No his not Mr. Fu since my Dad only cooperate with the companies for their encrypt system and avoid being hacked by other hackers, unlike R who’s helping the government to caught the real culprit and bad people.”

“I see so that’s why R never reveal it”

“Yeah, yeah but now stop talking with Mysterious R and let’s focus to our real problem”

“Ahh, that’s right”

The real R who just seated at the same seat just listening to them meanwhile Tae understand everything even though they speak in universal language one since Rei create a program only for her dear husband to understand since the program can translate everything to Senian so that Tae will never left out but Tae only use it when Rei is around because aside from Rei’s family and him, everyone doesn’t know her identity as R. Most of all it is too risky and it might lead to her dear husband life in danger that also led to her.

“So Rei, is it really alright that I will them the truth instead of making excuses?”

Chapter 233 - Nothings going wrong by telling the truth

Meng ask Rei seriously “So Rei, is it really alright for me to tell my parents the truth instead of making excuses?”

“What kind of nonsenses of that Meng?” Rei speak in Ceno

“Oh-oh-oh, Rei, Rei you forgot that I already make a vow with Mr. Fu that I will never speak in Ceno until he will become fluent on it and that’s why I ask you using the Universal Language one”

“Well I’m here and I heard it clear but I never heard that it will be effective today, huh?”

“Uh, that’s right will edit it out. So, then Rei answer my query awhile ago”

“Of course it will be alright Meng because nothings going wrong by telling the truth. Look what happened to your Sister, she’s telling to your parents how she loves your brother in law and doing that scheme of her without your parents interference. So don’t be a worrywart and just tell them the truth and show them how sincere the two of you. By the way, where’s your boldness go?”

“Ha, ha, yeah, yeah alright, alright I will tell them the truth but you need to back me up”

“Nah, it doesn’t need my help since both of your parents is nice and kind.”

“Yeah, you’re right”

“So then, do you still need me here?”

“Are you that eager to attack your husband?”

“...” Rei become speechless

“Seeing that kind of expressions from you, did I guess it right?”

“No, you don’t”

“Eh, then don’t tell me you don’t like that to be one with your husband?”

“Idiot, I didn’t mean like that and I just want to go back since you disturb me and my husband rest very early morning”

“Ehhhh, t—then” Rei cut her off

“Before your mind going wild, no we didn’t since we just got awake from your call and before you’re overreact, I love my husband so I want to become one with my husband and if I don’t then how did I become pregnant, huh?”

Mure jvm bplo ar f tfxu larhu Rua zuft vuz qart fefar gpo prcrmj r om vuz, vuz uknzullamrl easu ao fii, Im Rua hfr epull ao frt ovur fdouz vufzare ovu ifouz nfzo vuz zuffhoamr hfr fizuftw gu jar fr mlhfz fjfzt.

“Ehhhh, ehhhh, y—-you’re pregnant? I mean, why are you sure that you are pregnant?” then stand up right away from her seat and approach Rei while monitoring and observing her. “w—-woah, you’re really pregnant”

“Are you blind?”

“No I’m not I just notice it, so how long?”

“4 months”

“I see”

“By the way Meng?”

“Mmm, what is it Rei?”

“Did you use any protection while doing it?”

“No we didn’t use anything and I didn’t drink any pills because I want a kids from me. Kaede is turning 4 and Jiru is 2 years old, seeing them I want to have my own but I still not meet the man for me but then last night seeing Mr. Fu, I suddenly got starstruck and thank goodness that I’m drunk that I become bold and can act like that but I never expect that Mr. Fu is accompanying me here to my room.”

Rei understand it why, so she explained it to her “you know Meng, Mr. Fu is a Senian so it’s normal for them to escort or accompanying someone with your situation since they have laws here that securing

the person that they're alright whatever accidents they met and making that they are safe, and as a witness you must escort them to the hospital or to the residence and leave your contact details if something wrong with them"

"I see, so it's very different from our culture"

"Yup, yup but well since we're living different country so having a different culture is not that surprising"

"Yeah but Rei since your here I need to ask you something"

"Mmm, what is it?"

"You already know that I made a promise to Grandpa and now Fengfeng already got the CEO Position so Grandpa wants me to be the Head Director to support Fengfeng but I don't want to leave the El & Lyn and Family Restaurant"

"I told you that your family needs you"

"But Rei..."

"It's alright Meng you can leave and have you forgotten that Mr. Fu will be transferring in the Main Branch, so you still can visit there in regards that your man is working there"

"I don't want to leave"

"Yeah I know you don't want to leave but Meng your family needs you. Your family rebuild the Meng Corp after what your Uncle did" (Rei doesn't know what really happened since she's already living in S Country)

"If I leave, can we still be friends?"

“Of course idiot and you can still see Mei and Lyn since your Man will works in the Main Branch”

“I see, thank you Rei”

“Your welcome”

“By the way, what happen to your cousin Meng Xue?”

Meng explain without asking how did Rei know her cousin “Nah, she becomes like her father Rei”

“Eh, what do you mean?”

“Well that’s the reason why Grandpa so adamant on me to become the Head Director since Xue start to attack Fengfeng. At first, Meng Xue is the President of Meng Corp while Fengfeng is the Acting CEO but then Xue start to brainwash the board of members that Fengfeng is not suit to be the next CEO because she meets two car accidents on her lifetime and that she had brain tumors on her head. So by then when the times for board of directors to vote for the CEO Position, Fengfeng got 0 Vote, yes 0 Vote Rei because Xue leaks the medical records of her and the board of the directors got worried that if Fengfeng will be the CEO then how come she can led the company if she’s like that. That time I was worried about Fengfeng because she’s pregnant with Jiru that time and got mocked by Xue and with everyone but then with Brother In Law, Grandpa, my parents and your family Rei are there helping her to gain the trust back.”

“How did my family help?”

“Eh, you don’t know?”

“Uh-uh”

“I see, so they didn’t tell you for you to not be getting worried since your here in S Country”

Chapter 234 - Meng Corp situations before

After hearing it from Meng, Rei didn't really know everything but it doesn't mean that she's disappointed with her family because they just think of her since she's living alone and in living in the different country away from them.

"I see"

"Do you want to know what really happened?"

"It's up to you"

"Well I will tell you" then facing her man "neh, Mr. Fu?"

"Mmm?"

"Your my future husband so I trust you and then if one day you betray me then I won't blame you since we can't really tell the future but then at least I give you my trust, so then I'm asking you, are you going to be my husband and willing to be with me?"

"Yes I already told you that I'm willing and whatever circ.u.mstances I face I will fight for it. Though it's early for me to say but I will never betray you because all alone for the whole 20 years of my life, I used to be alone and now that I have you then I would never be alone because you already have me"

"E—eh, w—wait your 20 years old?"

"Uh-uh but I'm turning 21 on Jun 17"

"Jun 17?"

"Mmm, that's my birthday, why?"

“...” Meng froze

Tae whisper to his wife “what happened to Meng?”

Rei whispered it back “Meng will be also turning 28 on Jun 17”

“I see”

“Meng, are you alright? What happened to you?” asking worriedly

“...”

“Meng?”

“...”

“M—ma’am Rei w—what happened to Meng?”

“Well I know why, but don’t worry she’s fine”

“O-okay”

One Minute, Two Minutes, Five Minutes and Fifteen Minutes Meng still frozen at the moment.

“Ma’am Rei, are you sure Meng is alright?”

“Yes she’s fine”

“But...”

“Alright no worries Mr. Fu and I will return her to you”

“Eh....”

“Earth to Meng, are you that so shocked that Mr. Fu is that very young to you? It’s just seven years of gap you know”

Meng return to reality after hearing Rei “then tell me what’s your age gap between you and your husband?”

“3 years”

“See, Fengfeng and Brother in Law is 2 years and yet here I am 7 years, my gosh I’m an idiot”

“Age doesn’t matter you know”

“Yeah, yeah Rei but my man is really young I mean he still 20 years old, for sake”

“At least his not underage”

“Yeah you got it right but 7 years age gap is really” interrupted by Fu

“So are you going to give me up because I’m young?”

“No why would I?”

“Then it settled”

“You said your skipping grade for 7th times, right?”

“Uh-uh and I graduated with a Master Degree in Business Management and Master Degree in Hotel and Restaurant Management around at the age 17-18 years of age”

“Are you really that genius?”

“ ... ”

“So Meng your 27?”

“Yeah, why? Wanna back up because your woman is old?”

“Nah, I won’t and I’m really a big idiot breaking up with you when you are so pretty, beautiful and gorgeous. Ma’am Rei said age doesn’t matter, so why would I”

“...” Meng speechless while blushing hard

“So Meng don’t leave me alright. I know I’m young compared to you and I’m fighting alone and now that I have you now so don’t leave me alright because I don’t want to be alone anymore” said while crying

“Idiot and you are really a young boy” said while wiping his tears “and by the way you and I have the same birthdays”

“Eh?”

“Uh-uh but well are you really sure to be with me?”

“Uh-uh, I Love You Meng”

“I Love You Too Fu”

Then the two is going to kiss but Rei interrupt them “Ehem, ehem were still here”

“ ... ”

“If you really want to become one again then I and my husband will leave now”

“No need Rei since we can do it later and we have many times to do it, so for now I’m telling what really happened”

—Flashback—

Meng Main Branch – conference room

Chen : Alright, board of directors let’s now vote for our CEO Position.

BOD : Yul CE.....emo lomn gw f impt Imprt

BANGthe door of conference room suddenly open

Xue : Wait a moment

Chen : What are you doing here President Xue?

Xue : Sorry to interrupt Uncle, I mean CEO Meng but rather selecting for the next CEO, I think we might consider it again

Chen : What do you mean by that?

Xue : You know what I mean CEO Meng.

Chen : Stop with this nonsense and go back to your work.

Xue : (smirking then continue) you did that to my father and yet your acting innocent. Everyone, just because Meng Feng is CEO Meng daughter it doesn't mean she will be the next CEO if she's in this situation

BOD 1 : What do you mean President Meng?

Xue : Here, I give everyone of you and this is Meng Feng medical records

BOD : What?

Chen : That's invasion of privacy

Xue : Well sorry but having a CEO with a medical history is not suitable for this position.

Feng : Why are you doing this? I treated you as my sister

Xue : Yeah I also treated you as my sister but what did you do to my Dad? All of you are blackmailing and framing him up. My Dad treated you as his daughter, raising you up after that accident and then after another accident your lose memory return back and found your real family that we thought that died after that previous accident.

Feng : You don't know everything, your Dad....

Chen : Fengfeng

Feng : Let Xue knows the truth Dad.

Xue : What's the truth? The truth that your blackmailing and framing him up? And you Uncle, for sake, Dad is your younger brother and how can you do that to him?

Chen : Just go back to your work Xue

Xue : Heh, trying to change the topic. Well, you did that to my Dad without blinking an eye so then I must avenge for him. So everyone here this is Meng Feng Medical Records. We don't want to have a CEO who have been in amnesia and lose her memory for 16 years and who also meets a car accidents. Now those who are Voting Meng Feng as the next CEO is just also like a retard like her.

BOD 1 : CEO Meng, I know she's your daughter but we must have a CEO that can lead the company to become a better not to become worse

BOD 2 : Yes CEO Meng but we won't Vote for Meng Feng

BOD 3 : Same with me

All of Board of Directors agreed that they don't want Meng Feng to be the next CEO even Chen is explaining to them that Meng Feng already physically fit and healthy but they didn't even budge on their decision and leave one by one from the conference room leaving the Father and Daughter duo

Feng : Dad

Chen : Don't worry it would be alright and just don't forget that your pregnant

Feng : Sorry Dad it's my fault to trust with Xue

Chen : No one's at fault and we never expect that Xue got brainwashed by her Uncle. I'm going to call your husband and don't do anything rush.

Feng : His busy Dad

Chen just smile and calling him right away then explain what happen to his wife and at exactly 5 minutes from the call Lin arrives at the conference room.

Lin : Are you alright?

Feng : You are here that fast?

Lin : Of course your my wife

Chen : Wei make sure Feng is alright and I will call you again after I solved everything and protect your wife

Lin : Yes Dad, thank you for informing me and were going now.

Chen : Okay and please take care my daughter.

Lin : Always Dad

After they leave, Chen calling his Dad and wife informing them about what happened while being busy how to solve this matter, on the next day another news broke up from the Business World in C City because the leak of medical records of Meng Feng.

“Ring, ring, ring”

“My Mei, what happened?” ask because he always the one calling Mei when his on board

“Have you been found out?”

“That your my wife? Nah, they’re not aware of it why?”

“Did something happened to My Mei?”

End of call

“Ring, ring, ring”

“You must seen the news right Mei?”

“How did you know, Bro EI?”

“Well it’s rare for you to call me but don’t worry for now no one can be on par with R” doesn’t mention her name because there someone’s with him at the moment

“I see”

“Did you inform Rei?”

“No I didn’t”

“If you really worried about Rei then try to call her?”

“Knowing with Sis so this news didn’t get it leak to the world and maybe Uncle Chen already deleting this info”

“Yeah you are right and do you want to lean a hand for them?”

“Uh-uh, is it alright Bro El?”

“Yeah you can help them as much you like, I also do what can I do and I will call Lyn after this.”

“Thanks Bro El but don’t let Sis know since she’s living alone in S Country”

“Yeah that’s what I also think. At least Rei for now doesn’t know anything and I don’t want her to be get worried since Meng Xue was the one who leak the news”

“Eh?”

“Meng Xue is the one leaking the news....” got interrupted by a familiar voice

“So El what are we going to do?” ask by Officer Lin

“Wait for a moment my sister is still on the phone”

“Ms. Din?”

“No it’s Mei”

“Bro El, where are you at this time?”

“In Meng Conference Room”

“And why are you there, when you’re working?”

“Helping a hand”

“Ha, ha, ha alright I’m bringing Meng and Lyn with me, so just wait for us there Bro El”

“I see, thanks”

“Your welcome”

tot, tot, tot

Back to Meng Conference room

“Are they coming here?”

“Yeah Grandpa Meng”

“Sorry for dragging all of you again this time El”

“It’s alright Uncle Chen”

“Are you not informing Rei about this?”

“Yes we won’t Ms. Feng because Meng Xue is Rei best friend and I don’t want her to be disappointed toward her friend”

“How are you sure that Meng Xue was the one who leak?”

El laugh after hearing this question from Officer Lin then explaining to him “not insulting you Bro Wei but I can totally understand you”

“.....” Lin speechless

“It’s alright Officer Lin because El is also like that when its regards to me. He can’t pinpoint everything if involves about me or from the family members”

“You arrive fast Lyn and Mei don’t tell me your driving beyond the speed limit?”

“What the? I’m a law abider you idiot” Mei retort

“Idiot?”

“Oops sorry Bro El, so now how are you sure it was Sis Xue doings?”

“Basing from Uncle Chen story of what happened yesterday (Chen briefing the three who just arrives while El pause for a moment then continue), so aside from the Hospital who other else can get a copy of Ms Feng medical records?”

All : Ah, that’s right.

“Don’t tell me you just realized it?”

“Nah, you’re too smart Bro El and our Brain can’t comprehend with you”

“Well Rei can do it Mei.”

“Nah you still far ahead Bro El if it’s between you and Sis but if I and Sis combined then we will be on par with you Bro El”

All : (Meng and Lin) ‘So among the three geniuses, the most genius from the siblings is El’

“Stop with your antics and let’s get back to our main concern”

After his reminder, all of them are now discussing for the right counter attack. One week of the investigation.

Yes El, Mei, Lyn and Officer Lin offices at the moment are in one place temporarily and its in Meng conference room together with the Meng members : Meng Twins, Meng Chen, Meng Meilin and Grandpa Meng. After one week of investigating they got a whole conspiracy for some of board of members of Directors and Board of Directors with Meng Xue. They also discovered that Meng Xue have a daughter with Captain Vin but they’re not married. And most of all Aunt Meng died from the hands of her own daughter Meng Xue because she was opposed of her plan and might become the person who stop all her plan, so without hesitation and blinking an eye she killed her own mother. After knowing this one, all of them were shocked and dumbfounded but both Mei and El are the one who can’t believe it and react at the same time

Both : (Mei and El) How can it be?

All : (don’t know how to console this two)

Mei : Neh, Uncle Chen I know you are C but are you sure that Sis Xue killed Aunt Meng?

Chen :

El : Yeah, Uncle Chen you might got it wrong please check it again.

Chen : ...

Lyn : (Texting an emergency text to Bro En then consoling her husband)

Chapter 235 - Despair

—En point on view—

En is on board either he had a signal or not he can still received a message from the family if its emergency, so that when Lyn texted him he received it right away.

He notice a red notification and after noticing it, he suddenly feel anxious because only the family members can send it for them and it's for their Emergency code and his on board so no signal from any reception but Rei designed it for them for family emergency purposes.

He opened it right away and read Lyn message in bold letters.

“CALL YOUR WIFE RIGHT AWAY, ASAP AND NO DELAY”

“Ring, ring, ring”

“Ah, excuse me I have a call” Mei excuse herself but all of then can feels that her aura suddenly change.

Lyn : ‘At least his fast to act and hope both of us can console both Mei and El’

All : (Except Lyn and El) ‘What happened to the jolly Mei?’

“Hello My Mei, are you alright?”

“My En” then suddenly crying and he just listen his wife that her cry stab his heart but still his going to listen her and consoling her.

“Just let it out My Mei and I’m here to be your ears and everything”

“sob, sob, sob” Mei is crying for almost half an hour.

“Are you alright now My Mei? Can you tell me now what happened?”

“Money, Power and Authority is that really important?”

“For everyone who are all greedy and surrounded by darkness, yes Money, Power and Authority, is really important for them My Mei. They can do everything, they can do whatever they want as long they can have that one. And most of all My Mei”

“Mmm?”

“They can sacrifice someone special to them especially their family members such as parents, brothers, sisters, grandparents or worse their own partner just to achieve their goals to have Money, Power and Authority.

Now tell me, is their someone you know that sacrifice someone just to have these 3 right now?”

“Uh-uh My En, I can’t believe it. She killed her mother just for that reason” explaining to him while crying again.

“Is it connected to Meng problem?”

“How did you know?”

“El inform me that all of you except Rei helping a hand for them and giving me updates everyday so I know about it but today I have no updates and just received Lyn message thru our Emergency Code”

“I see”

“Is it Meng Xue who did it, I mean is she the one who killed her mother?”

“Uh-uh”

“So now what are you going to do?”

“I don’t know My En”

“Just let her punish by a law and don’t do anything. Let them punish her and not you, let the Meng Family handle this and not you. You already helping them enough and you just going to watch how they are going to punish her. If you can sense something off then you cab advise them not to and just be a law abider. Can you promise me that you can do that what I said?”

“Yes My En I can and thank you”

“Your welcome My Mei, are you alright now?”

“Uh-uh, thank you hubby”

“Silly, your my wife after all.”

“He, he, he so you really love me that much My En. Tsk, tsk of course you since have the most beautiful and kind woman as your wife”

“Your back My Mei”

“I’m already here and you are the one who’s not back yet.”

“By.....” tot, tot, tot “this wife of mine”

“So everyone what are you planning to do?”

“Mei, El and Lyn is not yet here” Meng said

“Eh, where are they?”

“After you go out, they followed you afterwards”

“I see then let’s wait the two of them Uncle Chen”

—Lyn point of view—

After seeing that news that Meng Xue killed her own mother, right away she steal a glance from the two siblings and she was right, both of them have despair expression and then heard the two asking Uncle Chen that she suddenly send message to En before its too late for them to console this siblings. After messaging him, she approach El then notice that Mei’s phone ring before she excuse herself.

“Everyone I need something to discuss with El in private for awhile”

“Yes go ahead Lyn”

“Thank you Uncle Chen” then holding her husband who almost lost his soul “come with me for awhile El”

“Mmm?” then dragged by his wife right away

“What’s wrong with El and Mei?”

“Don’t know Dad/Father/Grandpa”

Lyn find a place that no one’s around and she doesn’t know where Mei go but she’s sure that she’s alright now since Bro En called her. After making sure that’s no one around, Lyn sat on El l.a.p while facing his face to him and asking him.

“Are you alright?”

“Mmmm”

“El?”

“Mmmmm”

“Are you alright?”

“Mmmm”

“You have me your wife, your daughters Ellyn and Lynel, you have your Sister Rei and Mei, you have Mama Aya. Everyone you love is here with me”

She start to unbutton his pants along with his u.n.d.e.r.w.e.a.r and then raise her skirt and sliding her u.n.d.e.r.w.e.a.r and hold his part then letting in to her part but before it’s going in, EI hold her wrist and ask coldly.

“Who are you?”

“Your back EI”

“Lyn?”

“Uh-uh”

.

“W—what are you doing?”

“To let your soul return back to you”

“Don’t do it again and what if someone saw us?”

“No ones around”

“What if they have CCTV’s and blackmailing me for this?”

“We have Rei and no worries I choice a place without CCTV’s, see?” (pointing the place)

“...” then notice their situation and helping her right away by putting her u.n.d.e.r.w.e.a.r back and fixing her skirt before him.

“Are you alright now?”

“Uh-uh but I can’t believe you”

“Well you didn’t heard me and I don’t know what to do anymore”

Hugging her and said to her “I’m not blaming you and thanks but I will punish you later when we got home”

“It’s alright with me but what are you going to do now?”

“I will just set aside then advise what’s the right to do”

“Okay”

“By the way how about Mei?”

“I inform Bro En”

“I see, thanks and let’s go now”

When they come back Mei is the one who welcome them back with teasing tone “where the two of you go?”

“Just somewhere around to discuss something around, what’s wrong with discussing something with my wife, Mei?”

“Geeh, I’m not asking you but I’m asking Lyn, Lyn idiot”

“Idiot?”

“Oops sorry Bro El and guys let get back where we left off”

—Tae point of view—

After hearing it from Meng, Tae suddenly can sense his wife changes.

Tae : (Ceno) wait a moment Meng

Meng : Eh?

Tae : (Sean) Are you alright Hon?”

Rei : ...

Tae : (hugging her and whispering to her) I know what you feel but we cannot control everyone. We have different emotions and we have different priorities but what I promise to you is that I will always be here with you.

Rei : I'm alright Dear and thank you for comforting me. I'm already used of it but the one I didn't expect is she's like this to the extend killing her own mother.

Tae : Are you sure that you're alright?

Rei : Uh-uh thanks and your really the best hubby.

Tae : (blush hard then releasing his hug)

Rei : (Back to Universal Language) you may continue Meng

Meng : Oohh okay but what happened to you Rei?"

Rei : A little bit off but you may continue.

Meng : Seeing you like this Rei, I remember that after knowing that Xue killed her mother both Mei and El have the same reaction what you did awhile ago. And then suddenly someone called Mei at that time then after Mei left, Lyn suddenly drag El because they have something to talk in private and almost an hour Mei got back followed by Lyn and El then they returned back to normal.

Rei : So after that what happened?

Meng : Well all board of directors and board of members got back out after exposing their all mishaps that cause for the company to almost got bankrupt but then their a Jang Corp from T Country suddenly offer as to get back on our feet by helping for the finances and then we become Meng Corp. As for Meng Xue we almost let her put in jail but then she blackmailed as by killing her daughter, so left with no choice we didn't put her in jail but instead her daughter custody and that she doesn't have rights anymore for her daughter as a mother of her as per advice by Mei and El. As for Captain Vin he still have

rights as for the father of his daughter but then one month after Meng Shi turn 2 years old, he suddenly resigned and no where to be found until now.

Rei : Meng Shi, that little girl in the entourage?

Meng : Uh-uh she is, geez that girl just turn 3 years old last month but her father still no where to be found.

Rei : Did she know who is her father and mother?

Meng : Uh-uh, she witness it all how did her Mother tried to kill her and then Captain Vin already unconscious when all of us arrives on his unit. Brother in Law was the one fighting with her that first time from us to witness that Xue was skilled in martial arts and that's the day we got blackmailed by her by killing Meng Shi.

Rei : How about my family?

Meng : They didn't come with us because they said it's family matters but they know and they just for advise that we must have Meng Shi custody and giving her no rights for her daughter as for agreeing for not in prison.

Rei : I see so how about your Dad? How come he didn't know Meng Shi father locations?

Meng : Before Captain Vin submit his resignation letter, he meet us and said that if something happened to him, we don't need to search for him because if we did someone important to him might be lose. For the whole one week after his disappearance Dad able to locate him but then when we going to meet Captain, Captain Vin brother suddenly at the same day and found a note that if we try to search again then next would be Captain Vin mother.

Rei : Eh?

Meng : Yeah Rei that's what all happened so until now we didn't try to search for Captain Vin because we got blackmailed by someone we don't know and just give as a lists.

Lin : Woah 10 left and he will get perfect

Grandpa : Ha, ha and it will be the first time in history that someone got perfect for our HD Test in Universal Language and that someone is my grandson in law. Now, now speaking about that Heng are you going to marry this idiot? (pointing Meng that still frozen at the moment)

Fu : Yes Sir

Feng : Of course you must since you already knock her out many times

Fu : Knock her out?

Grandpa : Forgot what she said, so now is it alright for you to register your marriage first tomorrow while us we process your doc.u.ments for transferring you to C Country. You can still work as an Assistant Manager until we are done processing your doc.u.ments but don't worry were going to leave this idiot here for you since your going to register your marriage. Feng since you already plan to give birth here then accompany this idiot to check that she's pregnant.

Feng : Yes Grandpa

Grandpa : Are you okay with registering your marriage tomorrow with this granddaughter of mine?

Fu : Yes Sir

Grandpa : Call me Grandpa already

Fu : G—Grandpa

Grandpa : Good, good.

Fu : Uhm Grandpa?

Grandpa : Hmmm?

Fu : Meng is already like that for almost one hour

Grandpa : Well this idiot is always like that when she got shocked or dumbfounded

Fu : Ohh but Grandpa, Meng is not an idiot. Even though we just meet yesterday night but she's not an idiot. She's a beautiful and gorgeous lady that I meet. She's the one who says my existence is important. I don't if its ridicilous to say since we just met did the one night stand and then I fell in love right away but this is what I really feel, for 20 years of my existence, I used to be a loner and never expected to have someone in my life since no ones care about me but I didn't lose hope so I just study and study to achieve my dream to become a restaurant manager that's my dream, I didn't plan to take revenge on my father who never been care about my life and I also didn't plan to have someone in my life and just to become a Restaurant Manager would be the greatest achievement of my life before I did but then when I met Meng all of it change because I realized that God has plan for me because even I have a father like him, his the reason why I become an Assistant Manager at Ma'am Rei's Family Restaurant, that having great bosses that never question my backgrounds then because I've become an Assistant Manager, I got assigned as the Head for Cater Service and then I met Meng. I told her about my background but she didn't got affected by it and instead just accept me even she's not truly know for who I am. When I also told her that I'm an orphan, she didn't bully me but instead got angry because I look down myself. So now Meng is everything to me and I will do everything for her.

All are listening to his confession but sadly Meng is still frozen at the moment but no worries since her family already record everything from their own phones. The phone that they thought they forgot are already recording everything of his confession.

Tae : (whisper to her) How come they have their phones suddenly?

Rei : (whisper to him back) they have their phones all the time but lazy to get, so that's why

Tae : How about Mr. Lin?

Rei : Well being with Feng for 3 years then he got his habits from her

Tae : ...

Chen : Ha, ha don't worry Heng we know that Meng is not an idiot. For tomorrow you're going to register your marriage around 8am and just look for Director Jo. You will stay here with Meng until your doc.u.ments already done and we also hired a car for you to go to the restaurant back in forth. We will pick you up after its ready.

Meng : Dad?

Chen : You got back?

Meng : Thank you for trusting me and accepting him

Chen : You are my daughter after all.

Meng : Grandpa can you let me work of Rei's Family Restuarant?

Grandpa : Yes you can since I assigned your husband to work at the company, so you are free to so

Meng : Thanks Grandpa and I don't want to smacked my brain with a lot complicated things at the company.

All : (Except Rei, Tae and Fu) as if you can, you are smart but just lazy. We have a wedding gift for you

Meng : Eh?

Meilin : Ah by the way Heng you can come for the family gathering at exactly 1pm since you are already part of the family.

Fu : Eh, but I don't have a suit M—Mom

Meilin : No problem and were going back now

.

Rei : Same with me Bye Meng and Mr. Fu

Chapter 237: Searching for Captain Vin

“Thank you Uncle Chen” and realized something “why all of you going to our Hotel Room?”

“We left Kaede, Jiru and Shi here”

“I see” then Rei open the door with her key card and the kids greeted them except Shi.

“Auntie Rei”

“Ouh, you already awake kids?”

“Yeah Auntie Rei and if Kaede, Jiru and Shi not here then all of us are still sleeping soundly” answered by Ren

“Aunty Mei, Aunty Lyn, Uncle-t El, Uncle-t En, Grammy Aya, Bro Ken, Bro Ren, Sis Ellyn and Sis Lynel Bye, Bye and see you next time again”

“Bye bye Shi”

“He, he, he” laughing then looking to Rei and Tae “Pretty Aunty and Handsome Uncle-t, I’m Meng Shi nice to meet you”

Rei just tap her head then said “Nice to meet you too Shi, I’m your Aunty Rei”

“Ahh your Aunty Rei?”

“Uh-uh”

After making sure they leave, Rei ask Mei in Sean because the Kids are with them.

“Mei I need to know about the Lists and I will try to locate Vin for his daughter”

“...” Speechless

“I know all of you are worried about me but I want to help them especially Meng Shi. That little girl, I mean Meng Shi she looks normal but the trauma is still within with her and I don’t know what I’m going to do, if I put myself on her shoes”

“I understand but it’s quite complicated you know. I mean we already solved everything but after knowing the said lists, we stop because 4 innocent persons will be implicated again if were going to continue searching about Captain Vin locations”

All : (Except Tae because he understand everything) ‘Meng Shi, 4 and Captain Vin?’

Rei analyzing Mei sentence and ask when she realized somethings off “4? Are you sure not three? I mean his parents, daughter and his brother are Vin most important persons, so how it becomes 4 when his brother already dead?”

“Tsk tsK can you be at least be a dumber at this moment Sis?”

“...”

“Alright, we will discuss it later but the two of you eat must your breakfast first”

“Thanks Mei”

Back to Ceno conversation

“Kids and Ma, after Sis and Bro Tae done eating we need to discuss something important”

“Okay” replied in unison by Aya and the kids.

When Rei and Tae eating their breakfast in the dining area, the other family talking using eye conversation since the kids are with them.

Aya : What’s wrong Mei? Is it connected with Vin?

Mei : Yeah Ma, Rei knows everything already.

All :

El : Seeing Rei being like this and hearing that she ask about the lists (can understand every language and speaks the language but he only used and speaks three languages such as Janese, Ceno and the Universal Language), so Rei just know it now and she didn’t use her skills since she’s not aware about the lists.

En : Yeah, yeah right El so now what are you doing now My Mei

Mei : We don’t have a choice but to tell her.

All :(speechless but have all worried expressions but return back to normal when they realized the kids are with them)

Lyn : Don’t worry guys, it would be alright and we need to help the little girl, you know

El : Yeah it would be alright but Rei is one of the lists and that's what I'm worried about.

Mei : Yeah, yeah same with me Bro El but Sis already have Bro Tae, so it would be alright this time.

All : Hope so

Aya : Now, now let's stop now before the kids notice somethings off and you know how smart they are. Geez, how come my kids and grandchildren are that smart?

All : 'Ma from the very start your the roots for the tree to grow of becoming like this'

End of eye conversation

After 15 minutes the Jun couple already done eating and now the family except Aya and the kids are now inside the couples room.

"I already send the lists thru your phone Sis"

"Thanks Mei" then Rei read right away and again she have the same expressions with them that time when they saw that name.

"Seeing your expression like that Rei, so now can you tell us who's this Lou Rei got mention about?"

"Geez Bro El you also know who it is"

"Yup, yup we know it Sis and its you but the most we wondered about is, how come you became Vin one of most important person? And from what I guess, Meng Xue is jealous of you because of him, so now explain to us how did it became like this?"

All : (Tae, En and Lyn) 'this three siblings, how far they can reach? At least they're all good people or else we can already imagine how they crumbles the world'

“Alright guys, I already guess why I got implicated with this but for now before I start investigating and locating Vin’s about, I need to tell you why I got implicated” then Rei explaining what happened that day and tell why she become Vin important person then all of them got one conclusion at the same time

“Meng Xue”

“Good. Now, I need to investigate it now” then automatically Tae give the laptop to her.

“Thanks Hubby”

“Your welcome”

“Ohh, so Bro Tae / Tae knows that your R”

“Yup, yup and now don’t disturb me because I will do it for 20 minutes only since I’m pregnant and radiation is not good for me” replying while already encoding something on her laptop.

“20 minutes?” everyone reacts but no reaction from her then they get their phones and set the time at the same time.

“Woah, so this is your full force as R, Sis” commented by Mei but Rei didn’t react.

“Are you scared now, Bro Tae?”

“Not at all Mei but I fall in love with her again and again”

“Woah, woah but if you ever betray Sis then Bro Tae you will be doomed for sure within 20 minutes”

Tae going to reply but got interrupted by Rei

“Done”

“....” then everyone looking to the time watch

“And Mei why are you discouraging my husband in front of his wife?”

“Gyah Sis, are you trying to kill me?”

“What?”

“You almost hit my beautiful and pretty face with that laptop of yours”

“....” all become speechless because of her antics again

“So now why this laptop of yours is very ordinary? I mean your R, the top hackers so how?” Mei asking while confuse

“If I’m bringing my other original laptop then do you want everyone to know that I’m R?”

“Well only an idiot would put something hint on the things they have”

A/N : Rei’s two original laptops is not the same as the ordinary laptops that we normally see and she didn’t bring it every day because everyone can tell it right away because how come an Admin Staff/Head Secretary have that kind of laptop that exclusively use for the hackers and that’s why her laptops only left to her working rooms, one in the family house and one in the Jun Family House – former her residences.

“....” After hearing the side of comment of Mei, all of them speechless because they have.

“Why all of you looks so shocked?” Mei ask but then realized “ah, that’s right all of us are all idiot because My En and Me have a pair of necklace with MeiEn on the pendant, then Bro El and Lyn with El&Lyn on the pendant. But how come Sis and Bro Tae have a necklace with only a symbol of  and 1? Don’t tell me Sis called Bro Tae as My One while Bro Tae called Sis as My Love.

“...” the Jun couple blush because Mei got it right.

“Ha, ha, ha I’m really right. Ha, ha, ha so among us, you’re the most cheesy Sis. Ha, ha, ha” teasing them while laughing but then got tap by someone “ouch” then looking who tap her “you’re hurting me Bro El”

“I only tap you very light so no need to be that overreact and stop with your antics. Now, let’s get back for our main purpose why were here”

“Geez stingy. Ah, that’s right before that how long this hacker takes?” asking while pointing Rei

Everyone except Tae automatically show their phones in front of her eyes.

“Mmm 9 minutes and 30 seconds, I see you improved a lot R but we start late to record the time and set the timer so it’s around 11 minutes. Geez Sis, you’re lying you told us 10 minutes, Ouch. Who is this time?” then looking who tap her head “My En? You don’t love me anymore?”

“Idiot, Rei told us 20 minutes and I didn’t hit you that hard because I love you, now satisfied”

“Tsk, tsk too serious and it’s really proven that you’re an old man My En”

“...” ‘Calm down En, she’s your wife and she’s pregnant but you can punish her later when no one’s around and inside your room alone with your silly wife’

Both Rei and El “Ignore her Bro En and for now let’s get back to our main topic”

“Woah, are you really my Brother and my Sister? You two heartless monster, how come you ignore your beautiful and pretty sister?”

“.....”

Chapter 238: The plan

Everyone except Tae who just joined the Din Family are now ignoring Mei and now discussing for the plan. As the elder among them, he speaks first and ignoring his wife antics.

En : So now that we have this details, how are we going to counterattack?

EI : Well since the Meng Family doesn't realized that Vin and Meng Xue are just following them or rather Meng Xue is monitoring them.

Mei : Well Bro EI the Meng Family is too idiot to realize that one and here I thought that they realized it since they drop the kids without notice.

Rei : Rather than being too idiot Mei, I guess the Meng Family is too naive and simple minded persons.

Mei : That's right, that right then if not how come they always got schemes about and they almost got bankrupt, if I didn't ask My En to help them then they already met their doom

En : Well whatever My Mei wishes is my command, so now since the Meng Family doesn't realize it until now, so what are we going to do?

Lyn : Let's just make a plan and don't inform them to avoid Meng Xue realize that she's already got busted by us.

Rei : That's right and her plan to get revenge from them will be executed this afternoon or rather this Family Gathering Event of them. At least she doesn't execute her plan either yesterday or the other day

Mei : Well, yesterday and the other day she didn't execute her plan because there's so many influential guests, so aside from the Meng Family who's also influential they're the only family who are all innocent and simple minded that they can be so ignorant the people who's scheming against them.

Rei : And that's the main reason why the father and daughter pair already scheming against their own family members because they were all simple minded. I know they're all smart but they were too way simple minded.

Lyn : That's right Sis Rei but at least the Meng Family members are not all that bad, I mean aside from the father and daughter pair the other members didn't got surrounded by full darkness.

En : So Rei?

Rei : Yes Bro En?

En : Mei told me that your close with Mrs. Meng, I mean Meng Xue mother, so how are you?

Rei : I'm not fine at all but I can't do anything she already killed her own mother without battling an eye and without hesitation. If I come back, I will visit Aunt Meng graveyard.

Mei : Are you aware that Meng Xue is master in martial arts?

Rei : Uh-uh and that's the reason why I put a pinhole camera on her earrings because I know that she's never going to wear it off since it was given by Vin. I didn't expect that today I used that one and confirm that she's the one blackmailing the family by using Vin email but I won't use that one since it well exposed my identity.

El : That's the best you well do Rei and for now don't do anything rush including you Mei and Lyn

All : (Rei, Mei and Lyn) why? We know how to defend our self.

Tae : (for the first time joining the conversation from the start of the plan since his wife forgot something important including this two ladies) Mei, Lyn and Wifey, we know that you can defend yourself but you forgot the important one

All : (Wife) What?

All : (Husband) All of you are pregnant, for sake

All : (the wife of them suddenly remembered that indeed they are pregnant and just laugh before apologizing) sorry

Tae : At least you still remembered it. So just let me, El and Bro En protect all of you including the kids and Mama. As a man itself, it's really shameful for us if we cannot protect our family especially our wife and kids.

Mei : Woah, Bro Tae amazing and you know what?

Tae : What?

Mei : I just wondered when did the two of you become an official as a couple?

Both : May 12, last year so to be precise it's one year and weeks that were dating.

Mei : Woah, woah you're in sync. But I just wondered how come Officer Lin become like that?

Rei : You mean how did he become an idiot all of sudden when his in a high rank officer

Both : (Lyn and Mei) yup, yup he become an idiot the moment he got paired with Sis Feng

En : You two didn't realized it yet?

Both : Realized what?

El : Lyn and Mei, Officer Lin become like that because he is too in love of his wife. His way too concerned for her, the kids and the family members safety that all his rationality got blocked by his anxiety and concern of his family.

Tae : Right Bro El because I also be like that sometimes especially if someone looking to my wife, my jealousy controlled my rationality that I almost lost my self.

En : Yup I got you Tae and if glared can kill then I already killed many mens who's looking and staring my wife

Rei : Hey, the three of you why did we come up this kind of topic when were planning our counter attack?

Mei : That's right how come the thriller become a romance drama?

Lyn : And let's get back with our main topic

All : (husband)

En : By the way before where going back to our main topic, Lyn and Rei have you been jealous before? I already see Mei being jealous over me, so how about the two of you?

Mei : Woah, proud that much My En

En : Yes and it's my first time to witness that you were jealous over me.

Mei : 'This husband of mine'

El : No need to know with Lyn Bro En because Lyn always jealous over me and me always jealous over her

Lyn : Geez I'm the one who's almost jealous everyday because you are too handsome El and it's like you are a lady magnet that they always flock around you but at least I'm at ease because you never entertain them and just shrugged it off.

Mei : Ha, ha, ha well Bro El is too handsome so now how about you Sis?

Rua : Wvfo?

Mei : Geez Sis don't be a dumber because you are not, so tell me have you been jealous over Bro Tae?
Ah, of course you are since Bro Tae is an artist and more lady magnet compared to Bro El

Rei : (just realized something) now that you mentioned about that Mei, I almost forgot that Tae is an artist since I've been with him every night before we become official.

All : Every night?

Tae : 'Hon saying that one, there's another hidden meaning about that even though it's not'

Rei : Yup why?

Tae : (whisper to his wife) all of them thought that we've been in indecent relationship before we've become an official one.

Rei : You guys before all of your mind wondering around, we've spend every night by chatting and talking about the updates of our life. If I'm like that what are you thinking then I have already 1 year old kid with me.

Mei : Ha, ha, ha as expected of you Sis but tsk, tsk, your wasting the time.

Rei : Why? (Tae can guess it by Rei doesn't because she's too way innocent even doing the deed, he need to teach her)

Lwr : Hf, vf, vf wmp fzu omm arrmhuro Sal Rua. I qufr Bzm Tfu al wmpz qfar gafI frt vu fijfwI Inurtare ovu raevo jaov wmp gpo wmp tat rmovare arlouft hvfooare frt oficare.

Rei : And what? Do you want me to become a l.u.s.tful woman and attack him like a gangster?

Mei : I didn't meant being a l.u.s.tful woman but well it's quite similar. Well you already expecting having twins so you already did it many times, so you already know how to do it.

Lyn : Ha, ha, ha right, right Mei but woah I respect your self control Bro Tae I mean Sis Rei is very pretty and beautiful then being with her every night it must be a sure torture of yourself.

Tae : Yeah a very torture of myself. Imagine being with her for 2 months as a friend and 7 months as a couple so it's really a torture of me and that's the reason why I've become wild during our wedding day and night since we've been.....(got cut off by Rei by covering his mouth then glaring the two while threatening)

Rei : Mei and Lyn let's stop with this topic or else before Meng Xue doomed it would be the two of you instead.

All of them know that Rei only threatening the two to stop with this topic because they know that Rei is not a type of person to talk about this kind of topic with everyone even though it's her family members because Rei value the relationship the most.

Mei : Alright Sis, so how are you going to destroy Meng Xue?

Rei : Destroy?

Mei : I can't think anything aside from destroy since were not going to kill her because Mama told us do not avenge with violence so just destroy instead.

Lyn : Yup, yup but Mei I think destroy it's not suitable description of our plan.

All : And what's the right word?

Lyn : Let's ruin her

All : (speechless)

EI : Okay stop the two of you, so now Rei what's your plan?

Rei : Well my plan is very simple. I already set a timer for the police officers to be here around 1pm for a reason of Meng Family got a threatened letter to their life and then I also set a timer for Meng Xue to received the email of her father doings since she's too naive to believe that his father is innocent one. So in order to conceal my identity as R, I can't disclose everything so I just did two things.

Mei : Wait, if you want to conceal everything then how come your sending something to the officers and to Meng Xue?

Rei : I didn't send as R

All : Then what else other than R?

Rei : As JR

All : That's you? I mean you're the worldwide and top hackers?

Rei : Yup

All :

Chapter 239 - Exposed Identity

After hearing it from her and confirmation that's Rei also known as JR all of them were very surprised and shocked because JR were widely known globally and worldwide because of the attributes of this hackers but they never expect it's Rei

Rei : Sorry guys I didn't let everyone know about that one but I need to tell it now because if I used as R then you guys will be implicated because R is only known in C Country and S Country. My identity will be exposed for sure because R is known to protect the government security and safety and accept clients request for exposing the bad ones. After it got exposed everyone will be linked because of how come Meng Xue got exposed, of how come Vin is involved, of how did Meng Family known R, is Mentor C knows R real identity and then most worst everyone of you who is my family members will be got exposed, so I have no other choice but to used as JR.

All : (Except Tae because he just listening to his wifey attentively) thanks Rei

Rei : Well, were family after all, so I need to protect you guys and I can't allow my self that you will become a victim of schemes of someone whose very greedy to have Money, Power and Authority. All of us been doing everything to do our best in order to achieve it all and yet just because they were jealous they will try to do everything that it never comes to their mind how we've been doing our best to achieve it all even by sacrificing to be away with our own family for our better future.

All : ...(shocked and surprised then out of no where all of them except Rei are crying silently because they know how much they sacrifice, how much they want to be with their family and to be with their love ones but because they want to have a better future they do their best. Tae also can relate this one because he is too the same, start to being a young trainee at the age of 12 and just got debuted around the age of 18 to achieved his dreams and of course to have a better future. He was too innocent when he start as a trainee but he never imagined that being an artist is a very messy one but he didn't do any underhanded methods including his other teammates and that's the reason why all of them become a trainee for 6 to 7 years.)

Rei : Neh guys I didn't said it all for you to cry

All : Geez we know

Rei :

After 15 minutes, all of them calm down and Mei is the one who attack Rei all questions that they want to know..

Mei : So when did you become JR? Did Uncle Chen knows you as JR? What's JR mean?

Rei : Geez one at a time Mei but well I become JR before I become student of Mentor C for 2 Months, so he doesn't know that I'm JR and for the JR mean, I think every one already know it since it's very obvious.

All : Eh?

Rei : Geez JR as in Jun Rei (then blush hard)

All :

Mei : Ha, ha you're really totally in love with Mr. Jun here

Rei :

En : Ignore her Rei, so now is it true that as a JR its widely known that JR doesn't received anything I mean you didn't accept any compensation.

Rei : Uh-uh Bro En because as JR I just want to protect for those who really in needs, for those who got blackmailed or got framed up by someone, so that's why JR known as Top Hackers Globally and Worldwide for his choices but not by request.

All : Woah, you have a big heart Rei.

Tae : That's right, I remembered that you as a JR design the safety and security of government system in every country but you didn't maintain it, why?

Rei : Well I didn't maintain it because if I did then how come I become famous in C Country and S Country as R, right?

All : (speechless)

Rei : Hey, hey I'm not greedy about money but I have to because computers and things needed as hackers is very expensive you know. And of course how come I maintain our protection, if I don't have, so that's why.

Mei : Right Sis but now let's get back to our main topic

En : Yeah that's right, so elaborate your plan

Rei : I fabricated a threatening letter from Meng Xue to the Meng Family Members well it's half lie and half truth but at least the police officers will know that it's not fake. They will read it around 11am and surrounded the event place for the Family Gathering at exactly 1pm in secret. Well they don't know that all of them are all police officers but instead treat them as an ordinary civilians because I said in the letter to be a looks civilians and private gathering. As for Meng Xue, she will receive the evidences of her father doings and crimes around 2pm to stop their changing of words between her and Meng Family

Mei : Are you sure it's a simple plan and just to mess up with Meng Xue? (everyone nodded agreeing her question)

Rei : Yes why? It's a very simple plan and just to mess up with her.

Lyn : Yeah Rei but what if Meng Xue go berserk after knowing all evidences of her father doings and then attacking us that cause the police officers to shot her on the spot?

Rei : Well it's her choices, if she's calm down and will be sorry for her doings then it would be charge as false threat but if she's going to berserk then it's her choice to die.

Aii :

Rei : At least we didn't kill her and instead she got killed by one of the police officers.

All : 'Thank goodness that Rei is our family or else we don't know what will happen to us? But wait we were all good people so we are saved from this genius'

Lyn : How about Captain Vin?

Rei : Ahh that's right I forgot to add that one, I also set a timer and around 3 pm, he can go to the event place and can meet her daughter without worry.

Mei : By the way Rei, what about Meng Shi?

Rei : Don't you know that Meng Shi is full of hatred towards her mother?

All : Eh?

Rei : I see, so you didn't realize it.

All : What do you mean?

Rei : You will see what I mean and I.....(she didn't finished because she notice an orange blinking) oh perfect timing the little girl suddenly get berserk

All : What?

Rei : Come here and see it for yourself (then let them see what happened to the little girl)

— In the Video —

A young girl sleeping soundly from her room and suddenly awoken up from the nightmare she had. A nightmare but it's a reality and that's when her mother try to kill her because she got the attention of her dad to her and not to her mother. She check her room first and then go berserk. The innocent little girl transform into a demoness girl

"I will kill you for sure. How come you've become my mother when you're try to kill me just because my father loves me the most and he doesn't love you because you are a monster. Hide until I will find you but I'm going to be sure that I will kill you when I will find you. If I'm big enough to hold a knife, just like what you did to Grandma Meng, then I won't hesitate to kill you. I need to protect everyone and I need to kill you, you are a...." got stop when she heard a door bell from her room then transform back to become an innocent little girl

"Ding, dong, ding, dong"

Opening the door

"Yeah Grammy?"

"Shi, my dear are you alright?"

"Yes Grammy I'm alright"

"I see, I thought you are having a nightmare again and don't forget we will always be here for you"

"Yes Grammy and Shi will protect everyone"

"Ha, ha, ha it's our task to protect you and not you Shi"

“...” sad and suddenly flinch

“Yes, yes you can protect us Shi when you already big enough”

“Okayyy”

“Take a nap again and we will wake you up for this afternoon”

“Okaayy” then lock the door and back to become a demoness

“I will kill you for sure so that I can protect all of them Grandpa 1, Grandpa 2, Grandma, Auntie Feng, Uncle Lin, Auntie Meng, Kaede, Jiru, Auntie Mei, Auntie Lyn, Uncle En, Uncle El, Grandma Aya, Bro Ken, Bro Ren, Sis Ellyn, Sis Lynel, Auntie Rei and Handsome Uncle”

— Ert md ovu satum —

All : How did you know?

Rei : It just my speculation but I never expect that I got it right. Well at first, I thought she's innocent when she had a unique call to all of you but then she pronounce right the word Handsome when she call Tae, so I tap her head and put up my pinhole camera with a sensor. She have a trauma because of Meng Xue by trying to kill her but then never thought that she also witness how her Grandma died.

Mei : I see, how about having psychological issues?

Rei : I'm not a doctor so I can't tell but we need to find a psychiatrist experts to test her if she's alright or rather someone to guide her.

En : And the problem, how can we tell about Meng Family that one?

All :

All of them are thinking how they tell the Meng Family about Meng Shi situation but suddenly a familiar voice interrupt all of them.

“Let me do it”

...(All become dumbfounded)

Chapter 240: Everything Revealed

—Flashback—

After the Jun couple eating, all of them entered the room without noticing that someone following them and before closing the door some object got thrown out on the floor then pressing a button and go back in the living area without worry because that someone listening everything in a very calm demeanor. After hearing the little girl outburst, he got up and said to them.

“Grandma and guys, I need to use the restroom”

“Okay” then that someone left and interrupt their discussion.

“Let me do it”

“.....”

Everyone freeze the moment they heard a familiar voice and they can't believe that all of them are being careless, right, all the kids, they need to know but at the right time and not this one.

After recognizing the voice everyone looking to Mei as if asking what are we going to do now?

Mei : (Left with no choice she called her son name) KEN!

Ken : Sorry Mom

Mei : Since when?

Ken : Let me come in first Mom

Mei : Tsk, tsk (walk and getting something from the floor then opening the door and let Ken come in while closing the door), so since when did you know?

Kur : Tvu tfw gudmzu omtfw mz zfovuz wulouztfw Mmq

Mei : How long did you hear?

Ken : The moment all of you enter the room Mom

All : 'Then Everything Revealed'

Mei : (showing a small device) and how did you know it uses?

Ken : Well Lynel accidentally pick it up yesterday from Uncle El bag and because she doesn't know what it is uses she give it to Ellyn that this part got put on her dress before Ellyn give it to me and then Ren accidentally pressed this button and I heard Bro Yu and Ellyn singing rehearsal. So when's Ellyn got back, I sneakingly get this before I test it again and again until I throw it before closing the door.

All : (Except Tae) Because you've been watching CONAN everyday

Ken : So let me do it okay?

Mei : No you can't Ken, I know you're smart and I trust you but I don't want you to be involve us in this a.d.u.l.t matters because your still young.

Ken : I see and then

Aii : Art ovur?

Ken : Auntie Rei I still didn't ask about the favor what I want, so ...

All : 'This kid'

Ken : Just be my mentor Auntie Rei and I want to be like you.

All : 'Figure it out since he heard everything'

Ken : Is it still a no?

Mei : Aside from this device, do you have anything aside from this?

Ken : He, he, he you really know me well Mom and yeah, here (give the pen recorder).

Mei : I see so that's the reason why you become a clingy person to me for the whole last week.

Ken : So Mom, can you do me a favor?

Mua : Art jvfo al ao?

Ken : I want to be a hacker like Auntie Rei as R and JR then someday I would be JK – from his name Jang Ken-.

Mei : Then before I decide give me what this uses for? (about the pen recorder)

Ken : This? (pointing the pen recorder that already Mei holds it)

Mei : Yes

Ken : He, he, he at first I thought it was only a pen after I got this from you Mom, nah not I got since I sneakingly got it from you but then I discovered that it's just a pen in disguise because it records audio and video. You can use this recording pen just by pressing the top and just like a mechanical pen. The recordings will record but I still don't know how to review the said recording because it's not a flash drive type or any pins to connect.

Mei : Ha, ha this is the result of too much watching Detective Conan but tsk, tsk you have my permission, so when do you want to learn?

Ken : After todays event Mom

All : (speechless)

En : You want to stay here?

Kur : Yul Dft

En : How about your studies?

Ken : I will study here

En : You don't speak Sean.

Ken : I will learn

En : For how long?

Ken : Before I become an University Student

En : Just attain a degree here since they are more advance compared to T Country and on par in C Country.

Ken : So Dad it means you are agreeing with me to stay here?

En : Not yet and you must pass my challenge first.

Kur : Yul, jvfo al ao?

En : Since you heard everything, then spot all the police officers in secret before 2pm and I said all police officers and not miss one, understood?

Ken : Yes Dad

En : Good and you can stay with your Aunt if you got it all.

Ken : Yes Dad I will do my best and its not me want to stay here because Ellyn also want.

Both : (El and Lyn) what?

Ken : Oops sorry forgot about it, slip of a tongue and if you want to know Uncle El and Auntie Lyn just ask Ellyn instead of me.

En : You can go out now and don't tell them.

Ken : Yes Dad (then exiting the room while smiling and whistling)

Both : (En and Mei) idiot

Rua : Ymp crmj jvfo?

Both : (En and Mei) what?

Rei : You are discussing this matter as if I and my husband are not here.

Mei : Why, is it no good?

Rei :'just like mother and daughter pair. Ken got his seriousness from this old man while he got his antics from this Sister of mine'

Mei : Sis, why are you looking at me like that? I'm a that beautiful for you to be like that.

Rei : (speechless)

Lyn : So now what are we going to do?

Mei : What else? We have no other choice

Rei : Whatever it is we have no choice since we got busted

El : Right, so it would be unfair to the other Kids when Ken already knows it accidentally and to avoid any misunderstanding between the family we must let them know even though they're still young to know it. Ah, that's right speaking about it, how about you Bro Tae? Did you already know our family secrets or only Rei's secrets?

Tae : Family Secrets, El.

Mei : Woah Sis. You really trust Bro Tae that much.

Rei : Well I only told Tae about our Family Secrets a week after we registered our marriage and my secrets when we officially dating.

Both : (El and Mei said at the same time) woah, it's really proven that were really siblings since I also did the something.

All : (except the siblings) 'what? You're still questioning that one when in fact it's obvious that the three of you are siblings because you have the same features, personalities and characteristics'.

All : (As if they heard their thoughts) what?

All : (Husbands / Wife of them) nothing.

El : Alright let's get out now and tell them.

All : (sighing)

Since all of them left with no choice but just to tell them before they misunderstanding something and that misunderstanding will create a space to mess up the family unity and to avoid that they need to tell them even they're still young.

And then everyone are now out from the room by pair then called their Mother except Tae since he just joined the family.

“Ma, we got busted”

Aya wavered for a moment and then said to all of them “all of you are too careless”

El : Sorry Ma, we didn't realize it (then everyone seat in the couch)

Aya : So don't tell me the one who discovered is Ken?

All : (Except Tae) Bingo

Aya : (Speechless)...

Ren : Eh, eh what's with this we got busted?.

Lynel : Right, right and how come you got busted?

Ellyn : And what did Bro Ken discovered?

El : Alright everyone listen

All : (Except Ken) Yes Uncle El/Dad

El : We're keeping it but that doesn't mean we're hiding it because we want to tell it to everyone when you reach 16 years old but then in some circumstances Ken discovered it very early than at the right time. Since Ken already knows about it not at all but since he had already then we want everyone to know in order to avoid some family conflicts. So now before this, I need the 4 of you to promise something about.

All : Yes Dad / Uncle El and what is it?

El : That you keep it only from you and no one's know about it since it's our family secret.

All : Yes Dad / Uncle El, will keep it forever.

El : Alright do you know about this? (audio recorder)

Lynel : Ooh, it's from your bag Dad.

Ellyn : O, Lynel give it to me and I don't know about that one so I give it to Bro Ken

El : It's an audio recorder.

All : (Except Ken) Eh, audio recorder? (yes, they are all familiar because the kids are all CERTIFIED DETECTIVE CONAN ADDICTS)

El : Yes Audio Recorder and this one, any idea of it?

All : (Except Ken) A pen and don't tell us it's PEN RECORDER?

El : Bingo

All : Woah!

EI : That's what Ken only know.

Ken : Eh?

EI : (Then get 7 devices including the audio recorder and pen recorder)

All : Eh, what are they?

EI : This is Finger and Footprints Blocker (like a tissue in disguise), this is Voice Changer (like a wrist watch), this is a Pinhole Camera Recorder with Sensor (a small one bead), this is a GPS Tracker (like a bubble gum), this is a Voice Tracker (like a cap of bottled water), this is a Pen Recorder for Audio and Video (like a Mechanical Pen) and last this is an Audio Recorder and Speaker (like a wireless earphone).

All :(shocked and dumbfounded)

EI : You can use it freely when you are in C Country and you can still use it in another Country as long as you are a Ceno but you only use if it's really necessary to use.

Ken : Eh, why only us from C Country?

EI : Because it's a privilege for us since the inventors are all Cenos.

Ken : And who are the inventors?

En : Your Mom, Uncle EI and Auntie Rei Ken

All : Eh?
