Ren : (said silently) shh, don't cry and it would be alright.

Lynel : (follow up silently) yup, yup nothing will happened and it would be alright

Ellyn : (looking to her parents, Aunties and Uncles) 'I see so they already know about it' that's right guys nothing will happened and for now you need to calm down and talk silently

All : (just nodded and hugged Ellyn at the same time)

Eiiwr :

Lynel : just imagine that Ellyn as Haibara who's leading us in safe place while Bro Ken s Conan who's solving something

All : (Nodded and smile)

Ren : That's right and after this everything will be alright because Conan saves the day and capture the bad one.

All : (Nodded again and start to calming down)

Xue : No one's going to volunteer?

Tsk, tsk, tsk, you who are you? (pointing and asking him)

Ken : (who almost done his challenge suddenly heard her laugh and he heard everything) 'she's really deserves to die by the hands of these police officers. Oh, right I need to be quick before I've become a hindrance of their operations and my family plans'

Fu : ...(doesn't understanding everything because he is a pure Senian but the moments this lady approach, he automatically stand just what all the Mens from Meng did and protects the ladies from Meng behind them)

A/N : Officer Lin with Feng, Uncle Chen with Aunt Meng, Grandpa in the middle and Heng with Meng. All mens are standing while behind them is their wife while seating

Xue : By the way why I didn't notice my lovely daughter? (Yes, Xue is not aware of Kaede and Jiru existence because every time the Meng family meets with her, they always drops the kids first from the Din's Restaurant and just pick up them after meeting with her)

Shi : (the moment Shi heard her name called by this monster she suddenly shivered but stop because she heard Bro Ren talks)

Ren : (realized that Shi shivered the moment this lady ask about her lovely daughter but then seeing her reaction, he realized somethings off) 'what the? She's Shi Mother but how come she want to kill her daughter and her family?' (looking to his parents and family members calm demeanor) 'I see, so they already know about it and at least I'm lucky to have them as my family' (then he got of sight of his Bro that slowly approaching them and said) don't worry Shi, Conan is already here and everything will be alright. (Shi nodded from Ellyn embrace)

Xue : Where?

Lin : She's not your daughter because she's my daughter.

Xue : Oh, really? Ha, ha, ha, ha, ha

Ken : (heard her laughing again) 'She's really different from Mom, Aunt Rei and Aunt Lyn' I'm back Dad

En : Done?

Ken : Uh-uh (then take a seat before noticing the three kids hugging Ellyn all the time and heard her Auntie Rei voice)

Rei : 5 minutes and it would be alright.

Xue : Well you're still not going to answer me? But well it's alright since I will send all of you to your graveyards. Tsk, tsk, tsk oh right Officer Chen and you (pointing Fu), the two of you can still be safe if you're leaving the Meng Family

Lin : And why would be I?

Xue : I see so your willing to die for this family?

Lin : If you can, kill me instead leaving my family

Xue : Ha, ha, ha I see. You are quite brave Officer Lin but well too bad for you because you fall in love with a(got disturb by her received message with weird notifications and all of them heard it all because it's very loud with different languages of Ceno, Universal and Sean)

"Murderer, murderer, murderer

Blackmailer, Blackmailer, Blackmailer

Kidnapper, Kidnapper, Kidnapper

Obsess, Obsess, Obsess”

All : (Din Family Members) ‘what the? Did Rei / Auntie Rei / Hon really change the notifications on purpose?’(then everyone looking to Rei)

All : (Kids Family Members) ‘woah, woah Auntie Rei is really angry, so this lady here is a murderer, blackmailer, kidnapper and an obsess one’

All : (A.d.u.l.ts except Aya) ‘so Sis/Rei/Hon really plan to get her killed because Xue killed her own mother and her mother sister without battling an eye and planning to kill her own daughter’

Aya : ‘Xue my Rei treat you as her best friend but seeing her like this, I guess you already push her limits and that’s because you’re trying to kill your own family members.

Xue : What the? (then hurriedly got her phone and after unlocking it, she sees automatically a slideshow of evidences of her father’s doings for only 1 minute but enough for her to stop then go berserk) you, how dare you blackmailing and framing my father again? (pointing the gun to Uncle Chen without noticing that it wasn’t sent by him,)

Rei : Let’s go back to our room quietly

All : Okay

All of them got back without letting everyone know while Ellyn carrying Kaede, Lynel carrying Shi and Ren carrying Jiru leaving Ken warn the kids

Ken : Whatever it is, don’t ever try to take a look

Then all of them heard a loud Bang

“BANG, BANG, BANG

Xue pointing a gun to Uncle Chen and the moment she almost pull the trigger, her hand suddenly got hit by a bullet that cause her to drop the gun.

“BANG”

Then she’s not giving up and picking up the gun while aiming it to the person who shot her and again after successfully pulling the trigger, she got another hit and by this time is not her hand but thru her head that cause of her sudden death.

“BANG”

While the bullets she shot hit a wine glass.

“BANG” the wine glass crack.

“Alright Mission Accomplished, clean up then abort the mission”

“Yes Captain Cai” then cleaning up while their Captain received a call

“Ring, ring, ring”

“Doing mission”

.

“Your wife is waiting for you to attack me”

“I’m on my way”

“15 minutes”

“Alright” hung up then instruct “Officer Lu, take charge”

“Yes Sir”

Chapter 242 - It might be someone from the Din's Family

Before the whole incident and the death of Meng Xue, Officer Lin automatically got up from his seat then give the signal to his kids that they directly escaping under the table and go to where the Din's Family seated while giving the signal he hid his wife under him or rather of the back of him and said mumbly to his wife that enough for her to hear it only.

“We will be alright sweetie” then notice that both his Dad and the newly found man of his sister in law also did the same thing.

As an Officer, he feels it's as a failure one to protect them but at least before picking up the kids, he notice a similar figure and feature of Xue so that's the reason why he gives that signal to his kids even though he wasn't sure if it's her.

Then he was right because Xue appeared in front of them and then right away he give the signal to the kids. As a father and man himself, he plan to protect Kaede, Jiru and Shi himself but he can't do it because he need to protect his wife who's pregnant and will give birth next month, luckily enough that the Din's Family are always open to lending a hand. Their backgrounds is unknown but they got to know about Mei, En and El backgrounds since his brother is very a vivid fan of Mei and of course they know because they met them from the very first day he met his crush Rei, his not in love with her but instead he admire her and got inspired because after meeting her, he got to know what is love. Same with his brother, the two of them admire both Sisters but at least both of them were still alright and didn't got disappointed after realizing they only like the two sisters as a fan of them. His brother called the Sister as Teacher Mei while him called the other Sister as Ms Din even though she's already Mrs Jun.

When he, his brother, his wife and in-laws got threaten by Xue, he was so adamant to attack her but they are in Senians Land or rather in S Country which is no one's and no body can own a gun except for Governments Authorities such as Army, Police, Navy and Marine and that kind of law Xue is not aware.

At exactly 2pm, he and everyone heard the weird and very loud notifications from Xue's phone.

"Dad?" ask his father in law because his widely known as C and next top hackers after R but he was different because he just designing security and safety for the establishments only.

"Not me"

"Then who else?"

"I have no idea?"

"How about R?"

"Not R" 'and she can't help because her identity will be exposed if she will'

"Not even..." got interrupted by Xue screams.

"You, how dare you blackmailing and framing my father again"

Then he notice that she's pointing the gun on his father in law head.

"Dad" and at the same time "BANG"

Then all of them (except the Din's Family and the three kids) looking to Chen directions and ask at the same time.

"Are you alright?"

“BANG” and “BANG”

‘What the? What’s going on?’ everyone are all confuse what happened except Officer Lin because he look to Din’s location and just found out they are already nowhere in their seats including his kids and Shi..

‘So they already know but when did they know that she’s here? Din’s Family have a strong and powerful background for sure’

After the officers cleaning up all the mess, one of them approach to them and said using in Universal Language.

“You are now safe Mr and Mrs. Meng”

“Eh?”

“By the way I’m Officer Lu and the assistant team leader of the operation, may I ask something for our doc.u.mentary reports?”

Lin : Yes you can Officer Lu

Lu : How long you’ve been blackmailed by Meng Xue?

Lin : Almost two years ago

Chen : By the way, who are the one calling for reinforcement?

Lin : It might be someone from the Din’s Family, Dad.

All : (Meng Family Members) eh, Din’s Family?

Lu : No, it's not from the Din's something but we got inform through JR.

All : JR?

Lu : Yes, you know JR only works once or twice a year and then selected randomly but your family were all lucky indeed since you got chosen by JR. So now we're taking the body because we're still going to investigate how did this Meng Xue entered our premises without being spotted by our authority.

All :(all of them doesn't know how including Officer Lin but someone interrupting them and replied with the Officer)

Vin : (got a message that go this event place and you can meet your daughter without worries. Then heard the later part and replied) no need for that Sir because she got entered by sneakingly and she travel with them using the private jet.

All : 'Captain Vin?'

Lu : But we still investigating because how did she get in?

Vin : Meng Xue is half Senian and half Ceno, so she can entered the country without problem.

Lp : I luu gpo ju loaii euo om arsuloaefou vmj tat lvu euo ovu.....(oare, oare) ukhplu qu dmz f qmquro.
(Tficare ar Sufr) wul Cfnofar Cfa?

Cai : Sergeant Kim found dead at her apartment and I'm already here. Sergeant Kim have a Pen Recorder and she records everything. The suspect who killed her and the suspect that I killed is the same person. The dead body will be hold in the morgue and we will wait for the President decision since it's involved between Senian from S Country and Ceno for C Country, let's meet at the station.

Lu : Yes Captain Cai. Everyone let's go back to the station and wait me for awhile.

All : Yes Officer Lu

Lu : (talking to the Meng's Family in Universal Language) the dead body of Meng Xue will be on hold in the morgue because of further discussions and as for us were going now.

All :

After 15 minutes of being in a daze, all of them returned back to the reality world when one of them ask .

Vin : Uhm, where's my daughter?

Lin : (the second who got back to the reality) Captain Vin the one who kidnap you is Meng Xue right?

Vin : Hai, but where's my daughter?

All : (Except Lin) ahh, that's right where's the kids?

Chapter 243 - Din's Family Antics

After leaving the event place, all of them going up by riding the elevator and En suddenly speaking that the kids suddenly shouting, not with the pair of twins though because they already used of it.

En : Check this one for me (refer to someone and give the paper to that someone)

All : (Kaede, Jiru and Shi) kyaaahh!

All : (Din's Family members glaring at him)

En : Oops, sorry I forgot

Rei : (speaking near to his ear) old man, I'm done and he got it all.

En : (as a scaredy-cat person he is, after hearing Rei he suddenly scream louder compared to the kids awhile ago) Gaaah!

All of them laughing hard including Tae and the three kids even it's their first time to witness him being like this.

"Ha, ha, ha, ha, ha" but then stop when they felt and received a death glare from him except one.

"Ha, ha, ha, my, my, Ha, ha, he, he, ha My, ha, ha ha, My En, ha, ha, ha" Mei already laughing hard and her face already red from laughing hard but still continue laughing "ha, ha, ha, ha" ??????????????????????

"My Mei?"

"Ha, ha, geez Sis you're the best. You easily scare My En without efforts" then continue laughing that her face are already red while her stomach start to hurt from laughing hard.

"My Mei?"

"Yup, yup geez really but that's how you feel when you were around with a scaredy-cat person"

Tae suddenly whispering something to his wife when he remembered something "Hon, Bro Yun is also a scaredy-cat one and so, wanna try so scare that one"

"Nah, I won't dare?"

"Why?"

“Because as a non official fan of your team and knowing him, then either I got hug by him or a smack. Well its okay if it’s a smack since I can defend it but a surprise hug, nah I can’t because I don’t want you to be like that again” talking about what happened that time when she suddenly got hugged by Je and Bi.

“Sis, what are you whispering about?”

“Nothing Mei”

“Geez stingy”

Ding

“So from the Ground Floor to Twelfth Floor, I’ve been laughing because of you My En”

“Nah, it’s not My Mei since I got scared around 3rd Floor then you stop around 10th Floor”

“Tsk, tsk but at least I’ve been laughing between 5 to 7 minutes”

“Mei and Bro En, are you not planning to get out?” commented by Rei.

“...”

“Woah, seeing the two of you inside the elevator and as a couple, I remembered something” (after hearing it automatically the kids – pair of twins – automatically covered their eyes that the other kids are just looking confuse meanwhile Tae got amuse by his wife family members or rather his in laws antics)

“Now that you are talking about that one Lyn, I remembered that we bothered Sis that time. And speaking about that...” got cut off directly.

"I deleted it without looking, satisfied?"

Both retort at the same time "stingy" and said at the same time "ouch, who?" then both looking who tap their heads and apologize at the moment when they recognize it "oops, sorry Ma"

After getting out from the elevator the family are walking to their Hotel Room. When they stand near the door they heard someone.

"Ouh-ouh"

All : (Excepts the Kids and Tae) what is it this time My Mei / Mei.

Mei : I forgot the Hotel Card Key inside the room.

All : (Except Kids) For sure and you are not kidding?

Mei : Uh-uh 100% Sure and 0% Kidding

En : Since you forgot that one My Mei then go down and ask the receptionist about how to open the door.

Mei : I see, okay.

All : (Except Tae and Kids) are you sure and you are really going?

Mei : Uh-uh 100% Sure but My En don't blame me if I got bump into someone who's more handsome and young than you (then walk but stop by her husband)

En : Stay here My Mei and I'm the one who's going to ask (then leave right away)

Rei : You really teasing him Mei and what if he meets more beautiful than you?

Mei : Nah he won't Sis because his very very truly falling deep in love with me.

All : (speechless)

Mei : Now, now what are we going to do while waiting My En?

Rei : Well it's obvious but to wait him.

Mei : Geez Sis you're really to boring and what I.... (got interrupted by someone who's running)

En : You can open it now My Mei.

Mei : Woah, your fast My En and KIDS either covered your eyes or turn backs, no peeking.

Aii : (Kfutu, Jazp frt Sva) uv? (gpo ovur ovu movuz catl opzr ovuaz gmtw gfhcl frt rm ypuloamr)

Mei : Good (then approach her husband and give a passionate kiss without sounds since the kids are with them and after the kiss Mei said to the kids) KIDS you can turn back now.

All : (except the KIDS) speechlees

They got inside while the Din's Family excepts Kids and Tae having an eye Conversation again and Tae understand it since he already having an eye conversation with his lovely wife after becoming one but he didn't join them.

Aya : You are unbelievable Mei

Mei : Nah it's alright Ma because I kiss my husband

Rei : Yeah, yeah but you kiss Bro En when the kids are here

Mei : They didn't see Sis

El : They're smart Mei so maybe they have an idea

Mei : Tsk, tsk I and My En didn't make any sounds, so they won't trust me.

Lyn : Yup, yup, you don't make any sounds but what if both of you didn't control yourself and like last time when you did it inside the elevator.

Mei : Oh, right but well My En is the one whose at fault that time since he lose control himself and that's why we did it inside the elevator but only one round since we realize it and I called Sis right away.

En : Speaking about that one, El also lost control and also did it inside in the elevator.

El : But at least we did it in private place and nothing compared to you Bro En because you did it from the Shopping Mall.

Lyn : Whatever it is both of us did it inside the elevator and both of us called Sis Rei after realizing it, well it's one year apart though

Mei : Now speaking about that one, how come our Scandal until now it didn't leak when for sure the shopping mall and the company of Bro El client is the owner and they have staff for CCTV's Main Controller.

Lyn : That's right Mei (then the all of them looking to Rei)

Rei : Even though I didn't see the content of the said footage, I just delete it right away because after hearing it from you Mei that you have Scandal inside the elevator and then one year apart Lyn called me just said that they have s.e.x inside the elevator, from you Mei since you just said scandal, I already

guess what happened inside and so, I also delete all the CCTV's Controller phone records with the same time range of the time you told me Mei and fabricated the footage with another situation to avoid being linked that R hacked it and same with Lyn.

All : And what situation you fabricated?

Rei : A White Lady

All : (Speechless)

End of Eye Conversation

All of them are seating in the couch and the family excepts the kids have an eye conversation and when they're done, En suddenly speak out of nowhere and they didn't expect of what he said that cause for the three scaredy-cat didn't shout because of it.

"Shi your biological mother already died"

Chapter 244 - Splitting Personality

All of the family members didn't expect him to suddenly said that one when the kids are still around but then since they have no reactions En said it again and they can already guess why he did it, except Aya and the pair of twins excluding Ken since he heard everything.

"Shi, your Biological Mother already died"

All : ...

En : Shi, your Biological Mother already died

Aya : En?

Twins and Lin Siblings : Uncle En?

Ren : Dad?

Ken : (silent but just covered the ear and eyes of Jiru same with Ellyn who don't know anything but seeing her Bro Ken she also did covered the ears and eyes of Kaede)

En : (Ignoring that question and after seeing his son and niece doing the right thing, he smiled then he smoothly talk again to the little girl) what's wrong Shi? I told you the truth.

Shi : (Transforming to a Demoness Girl) is it the truth, Uncle En?

Aya : (Except the one who's already aware) Shi?

Shi : (Back to Innocent Girl) mmm, what's wrong Grammy Aya?

En : The BANG sound that you heard awhile ago is the reason why that Mother of yours died.

Awf :

Shi : (Demoness Girl) oh I see, then see deserves that one. At least I'm not going to dirty my hands anymore but how did you know about it Uncle En?

En : Except the Kids, all of us know about your family matters.

Shi : I see, so all you know that I'm also like this?

All : (Except Aya and the Kids excluding Ken) uh-uh

Shi : I see

En : When did you become like this and how did you become like this?

Shi : After Grandma Meng died and after that woman killed my Grandma without battling an eye I've become like this. Maybe all of you thought that I was having a psychological issue but I don't have because I have a splitting personality and this is the real me, I need to act as an innocent girl because I don't want them to think that I have become insane because of that incident that I witness. Everyone please don't tell anyone and just keep it from my Family because I don't want them to worry about me.

Ren : But what if they misunderstand you?

Shi : Don't worry Bro Ren because I will tell them when it's the right time and I still want to act an innocent one because I don't want them to hate me.

Rei : They won't hate you Shi

Shi : Eh, are you sure Auntie Rei?

Rei : Yes they won't hate you because you are their little Shi.

Shi : But.....

Rei : No buts little Shi and see both twins didn't even hate you after knowing it.

Shi : Because they are your family Auntie Rei

Rei : And then how about your family?

Shi :

Rei : I understand you Shi but don't compare them as your Mother

Shi : Then what I'm going to do Auntie Rei?

Rei : Just be yourself and don't be like your mother.

Shi : Yes I won't even though I'm that woman daughter but I don't want to be like her

En : You're still young Shi, so what if you will become like your mother in the future.

Shi : Yeah, you might be right Uncle En since we don't know what will happen in the future but what I can promise is I wouldn't be like what that woman because that woman is really obsess to my Father and got jealous even I'm their daughter. I can assure all of you that I wouldn't became obsess because I can already control that one.

Mei : And how sure are you Shi?

Shi : Because I like Bro Ren

All : (KIDS except Kaede and Jiru since they are still covered by Ellyn and Ken) what?

Shi : He, he you must be surprise right Bro Ren?

Ren : You said you like Bro Ken that's why I've always help you to become friend with my Brother but never thought it's me.

Shi : Nah, it's alright I'm still too young for that and all of us are still young so we don't know that feelings yet, feelings on how the a.d.u.l.ts willing to sacrifice their mother and daughter because of one man only.

All : 'You are talking about your mother and father here'

Shi : Neh, Bro Ren?

Ren : Mmmm?

Shi : You like Kaede right?

Ren : (looking to Kaede's direction who still covered by Ellyn) Yeah I like Kaede but just like you, we're still young to understand what's the like between Kids and A.d.u.l.ts. I only admire Kaede just what I like about Ellyn and Lynel, so Kaede is like a sister to me and same with you Shi.

Shi : I see but let's still become friends Bro Ren.

Ren : Always Shi (then smile)

Shi : Don't do that Bro Ren.

Ren : Eh?

Shi : Don't smile like that and it's a Taboo for me.

Rur : Wvw?

All : (Except Rei and Shi) 'so our little Ren here got the oblivious personality from here Auntie Rei)

Shi : Nevermind that one Bro Ren, but for now I have a question all of you.

All : And what is it?

Shi : Am I Kaede and Jiru cousin or not?

Mei : Mmm.....let's analyze that one.... Meng Shi is Meng Xue daughter while Kaede and Jiru is Meng Feng Daughter and Son. Meng Xue is Meng Chen Wei daughter while Meng Feng is Meng Chen daughter. Yup, you are 2nd Degree Cousin of them because Meng Father and that Mother of yours is 1st Degree Cousin.

Lynel : Ah, I see so I, Bro Ken and Bro Ren are 1st Degree Cousin.

Shi : Ehh? I didn't get it all.

All : (speechless)

Shi : Sis Lynel?

Lynel : Mmmm....if you define Cousin, it's a child of one's uncle or aunt. Cousin is a person belonging to the same extended family.

Shi : I still didn't get it Sis Lynel and are you sure that you are 5 years old?

All : 'Woah, Shi really ask that one from her own mouth. She even ask that from me/Lynel when she have this kind of personality'

Shi : Sis Lynel you didn't lie your age right?

Lynel : ...(speechless)

Shi : Now that I think about it Sis Ellyn and Sis Lynel acting more a.d.u.l.ts compared to us. It's just like both of you is like Haibara and then both Bro Ren and Bro Ken is like Conan.

All : 'Why did Shi come up with that kind of conclusion?'

Shi : So am I right? (this time she portrait as an innocent one again but this is real and not acting anymore because they did nothing)

Kids : No you're wrong Shi.

Shi : But why all of you are really similar with Conan and Haibara.

Kids : Don't know

Shi : Don't tell me all of you are all a.d.u.l.ts hiding inside the body of a kids.

Ren : What the? When we arrive in C Country, I will bring our photo albums and show it to you Shi so that you will believe us that we are a kids and not an a.d.u.l.ts hiding inside the body of a kids.

Lynel : Yup, yup, how did you come with that conclusion? I'm also a kid and I'm just 2 years older to you Shi.

Shi : (Laugh for real) ha, ha, ha, ha whatever it is all of you really act like Conan and Haibara.

Kids : 'Yeah of course since we got out Genes from our monster parents and family. Well Monster in a Good Way'

En : Speaking about C Country, El, Rei and My Mei, I think all you forgot about your task.

All : (siblings) ah, you're right Bro En / My En.

En : Then why are you still here?

All : (siblings) 'this old man' (didn't said it loud because they are with the other kids, then go right away and do their task)

El : Rei, I will borrow your car.

Rei : Oh, okay here (get the key from her purse since it's not heavy because this husband of her, didn't allowed her to carry anything if it's not light)

El : Thanks and Lyn wanna go with me?

Lyn : Of course. 'We're in S Country who's known for entertainments worlds, so I need to go with you because they might attack you. Geez, why do I have a very handsome husband?' (Then looking to Tae who's already following Rei and then looking to En who's still talking to the kids with Kaede and Jiru since they already got free from Ellyn and Ken clutches) 'well both Sis Rei and Mei also have a very handsome husband. Tsk, tsk, tsk of course because they also married a beautiful and pretty ladies'

Chapter 245 - El's Friend

After that old man reminds the siblings go right away and do their task since they only have 2 hours left.

The other families are talking with the kids or rather the kids are the one talking to the other kids while both Aya and En just watching the kids.

— El point of view —

After asking the key from his sister, he and Lyn leave right away the moment when they hop inside the car. Lyn seating at the driver side while her husband is the one driving, of course who else will drive if it's the only two of them.

El calling someone using a blue tooth earphone and talking in Sean.

"Ring, ring, ring"

"Wow, it's really rare for you to call me Buddy"

"I'm on my way to your factory which is 2 kms distance from the hotel."

"And why are you here? Are you here for work or not?"

"Maybe for work and maybe not"

"What the? Are you my friend or not?"

"Idiot, I'm going to your factory for work and I'm not here for my work"

"I don't understand you"

"Meet me there alright"

"I'm still in the police station"

"Then you won't meet my wife"

"What? You are married, when?"

“Com'on Lu, don't be a dumber your my best man that time, so how come you forgot?”

“Ha, ha, just kidding.”

“I almost arrived”

“Alright wait for a moment and I'm coming”

“I thought you are in the police station”

“Yeah, but I can go now since it's already solved”

“A serious case?”

“I will tell you when we meet”

Adouz 5 qarpoul, ovuw fzzasut frt frmovuz 5 qarpoul Ei dzaurt fzzasul.

“Woah buddy you are still handsome ever since” speak in Universal Language and they're now talking in Universal Language so that no one can understand them “hello Mrs. Din, how's your life with this handsome one?”

“Well still good ever since I'm with him but the other still lurking around him so I don't need to relax though I trust El but I can't trust the ladies who try to flirt with him”

“That's the consequence of getting married in a private wedding”

“Buddy, I only invited family members and close friends so it's not private wedding”

“Let’s go inside first, so what do you want to create this time?”

“Exclusive Device”

“I see, so it’s an urgent one”

“Yeah”

“For how long?”

“2 hours”

“What? Are you a monster? Wait, yeah, yeah yes you are a monster, so you can do it”

“...” then got a pen and notes while writing the materials he needed “I need this”

“Okay but you need to pay even you are my Buddy”

“Of course and I don’t want to take for granted that you are my friend”

Already done ordering his mens about the materials “yup, yup and that’s the reason why I like you”

“Hearing that one, it’s like you are confessing to me”

“What...” got interrupted by one his mens

In Sean “Sir Lu here’s the materials you needed”

Replied in Sean “thanks” then leave right away.

“So what are you going to do?”

“Making a device” then start to work alone

“And what kind of device Buddy Din”

“An alarm device by the way I already send you the payments details and just charge it”

“Alarm device?” asking while processing the payments of his friend but lesser than the standard price because EI is his best friend.

“Uh-uh”

“Woah, so an heir from Jang Corp”

“Yup, by the way, are you alright now? I mean are you alright with you wife now?”

“T...”

“I see so you didn’t made up”

“My Wife and I got divorce last year”

“So she had another man”

“Woah, how did you know that one?”

“Based from your tone idiot”

“Am I a really that obvious?”

“Very well, so then whom she replace her husband?”

“A CEO of her agency”

“Mmm”

“Tsk, tsk you will never ask me but I know that you were concern about me Buddy. And that’s right you were right after introducing her to you that she’s only after my wealth but after knowing that my elder brother become the CEO, she doesn’t want me anymore, I even fight you because of her but then you were right, that she’s only after with my wealth”

“It’s alright at least you did your best and you will meet the right one for you at the right time or maybe it’s already near to you but because your eyes only focus to your ex-wife you didn’t realize it or because you are not sure if you still love your ex-wife”

“A Lady Police Officer?”

“I just said near to you and not a Police Officer”

“Tsk, tsk and by the way?”

“What?”

“Your Sister is working here almost 3 years ago”

“I know and what’s wrong?”

“Geez, if it’s about your Sisters, you’ve become a soft man but well I need to warn you that many eyes are targeting her and including your other Sister. Geez why do you have a beautiful and a real beauty sisters? It’s quite annoying you know because I need to be sure that they’re alright though I didn’t meet them here even once. Are you sure that all of you are human? I mean for 3 years I didn’t meet her at least once, even you if you didn’t call me then I won’t meet, so the three of you must be not human.

“How come you come up with that kind of conclusion?”

“Don’t know how, so now answer me how come I didn’t meet them here in S Country? I almost got paranoid searching them to secure that they’re in safety place but I don’t know how”

“Thanks for your concern Officer Lu but don’t worry they were alright. Mei is already staying in C Country for good and Rei is in good hands”

“I see but Buddy tell me truth”

“About what?”

“Are you that afraid that I will fall in love either one of your Sisters?”

“Nah, I’m not”

“Both of your Sister are smart, kind and a real beauty, so its possible that I will fall in love either of them, so that’s why you never let me meet them even during your wedding day”

“Yes it’s possible for you to be in love either of them but I’m not afraid because you are not their type. To remind you, you meet both of my Sisters during my Wedding Day and they even talk to you because I introduce you to them as my Buddy but you suddenly got frozen for an hour, that both of them almost called an ambulance if I didn’t tap your back that hard then for sure you will be send to the hospital without illness.”

“...”

“So now you remembered it?”

“Yeah, yeah thanks for the reminder because I remembered everything”

“Then good, by the way did your ex-wife knows that you own this factory?”

“No she doesn’t why?”

“Well at least you are not that idiot”

“Tsk, tsk yeah for sure but well I remember you’re warning after that day and knowing you, you are not the type to judge a person so I became worry and one year of marriage, she start to reveal her true colors and start cheating behind my back without her knowing that I know that she cheat on me. I give her a chance because I love her and I will accept her mistakes but she still meet that man until one day she ask for a divorce and ask me that if I love her then I must let her go and accept the divorce agreement.”

“So your married for two years, so how about your child?”

“Believe me or not but we didn’t sleep together for our whole two years of marriage so my chastity is still intact. So even I’m a married man I just only got to kissed and hugged my ex-wife”

“So you really love and respect her that much huh, ah by the way check this for me”

“Eh, you already done?”

“Uh-uh, while talking with you, I also do my work”

“You....” got stopped by his phone and answered without looking who’s calling.

— Call conversation —

“Who are you to disturb my special moments, huh?”

“Oh, it’s rare for Official Lu to move on with his ex-wife”

“Officer Cindy?”

“Hai, Officer Cindy here. Tsk, tsk you really got move on with your Ex-Wife Officer Lu but I call just to inform you that your Ex-Wife is here in the police station because she got caught being a Mistress of an Entertainment CEO, so now we have so many paparazzi here ready to attack your Ex-Wife”

“I can’t come because I’m with someone important at the moment”

“Oh, I see but do you want me to help your Ex-Wife?”

“You don’t need to interfere Officer Cindy”

“I see, so you really hate me that much huh. Well I’m not your Ex-Wife who’s so good in acting but okay I won’t interfere, bye”

— End of call conversation —

“So now where are we?”

“Who’s that?”

“My fellow officers, she just joined the team Two years ago and she’s an excellent police woman”

“Mmm, I see but for now check it first”

“What is this?”

“An alarm tracker device. For example you have someone important person and you got worried of that someone safety, so this small particle here is a tracker and will be assigned to that someone and this another particle here is the alarm you have in order to monitor”

“And how?”

“I will give you the alarm and I will have the tracker. A scenario that I got kidnapped and I know this device uses so just by squeezing this bead you will be know that I’m in danger”

“By” got interrupted because the alarm suddenly got him an electric shock then a red light.

“Red Light means in Danger so have a back up before rescuing next the White Light”

“White.....” stop because he got another shock

“That means in light danger but still have to rescue and last a black one”

“Black....don’t tell me it means in Heavy Danger and no chance for rescue.”

“Uh-uh but you can still rescue because you can track it”

“and how?”

“That needs to program yet”

“Ha, ha so that’s why your collaborating with R”

“Yes”

“Tsk, tsk you really lucky to have collaborate with R but how about Mei?”

“She’s the one who designed the devices”

“Ha, ha, ha only Rei left and all of you siblings will be proven to be a monster”

“And why a Monster?”

“Because you are too monstrous”

“...”

“By the way, you also give me this one?”

“Well it’s an exclusive request but I will give you one since you’re my friend but only after it got programmed and I will send this to you”

“Woah, you are really a good friend Buddy” and what he didn’t know is, this small device help him to locate his love of his life and if not for this device he will lost his love and he will be in despair more than what he feel when his ex-wife divorce with him.

“...”

“By the way Buddy, how many did you make?”

“21”

“21 for one hour and half?”

“ ... ”

“Geez you are really a monster Buddy”

“I don’t know how did I become a monster in your eyes but for now we’re going now. And before I leave, I tell you Officer Lu that Officer Cindy is the right one for you”

“ ... ”

El and Lyn leave the factory then after 15 minutes they arrived at the hotel.

Chapter 246 - Rei's Friend

After that old man reminder, Rei entered her room of course followed by her husband who’s just like a chaperone of her.

“Dear help me call Director Xi and put it on handsfree”

“Okay Hon” then right away he got his wife phone from the purse. Yes, his the one carrying Rei’s phone and anything that have radiation on it if they were together. After getting the phone, he search the number then call while setting up the phone on handsfree.

“Woah, you really know me well Dear” commented because Tae got it right without asking which one but well Tae already knows which one because only him, C and his in laws knows her private number.

“Of course you are my wife, Hon”

— Call Conversation —

“Ring, ring, ring”

“Hello Secretary Rei?”

“Good Afternoon Director Xi and just Rei since I’m not a Secretary anymore”

“So it’s really true I thought my daughter Meg just kidding with me when she told that she’s now the Head Secretary and you got promoted in another department”

“So you didn’t trust your daughter capability and her words, Director Xi?”

“I trust her of course but compared to you she’s nothing”

“Ha, ha, ha you flattering me Director Xi and Meg is really an excellent one”

“Geez, today you’re calling me Director Xi and not Aunt Xi so it’s not related to my daughter but instead related to my work”

“BINGO”

“Ha, ha, ha so what is it?”

“It’s for Visas Validity and Changing of Status”

“For Whom?”

“For Ms. Din Ellyn and Mr. Jang Ken”

“May I have the details of this two?”

“Yes Director Xi and these are the details of the two :

“Alright, wait for a moment Rei and I’m processing their data first”

“Yes, go ahead Director Xi”

“After that let’s wait for another minutes in order to check the details” after 5 minutes “alright I already have their data so how long the validity you needed and how about the status of their visa?”

“The Validity will be unlimited since they will go back here to C Country and vice versa. As for the Visa Status, how about transfer it from Tourist Visa to Immigrant Visa?”

“Are they going to stay here for long?”

“Yes, they will study here”

“Then Immigrant Visa is the best option”

“Okay I will follow your advise Director Xi”

“For now for Security Purposes, are Ms. Din and Mr. Jang is with you Rei?”

“Yes and wait for a moment”

On the other hand, Tae without his wife order, he automatically stand and signaling his wife that he will be the one calling the kids before going out from the room. When he got out, he notice that’s the Meng Family just entered the room and another person that he only meets for the first time but he know who

he is. Tae already know that the Meng Family's doesn't know that Vin have feelings to his wife since they only know that they're only friends to each other and a high school classmate from his in laws. Lucky for that man that he got to be a classmate with his wife but at least his wife is the unofficial fan of him during those times so he wasn't that jealous. To avoid any conflicts, Tae get in back to their room and inform his wife using an eye conversation because the phone is still connected even though Rei knows Director Xi and doesn't understand but to avoid any conflicts he just did it.

— Ewu hmrsuzlfoamr jaov val jadu —

“The Meng Family are here and that high school friend of you is also with them”

“I see and don't tell me you were jealous again?”

“Perhaps but I already know everything that you only see him as one of your friend and you just mistook your feelings to him as love”

“Geez, I know I know and just message Bro En like this : Old Man, I need your son Ken and Ellyn presence right now, then tell them to go to my room ASAP” and Tae just did it without question and only a matter of minutes they heard a doorbell from the door since it's a soundproof room to avoid being heard and the hotel interior designs for the privacy of the married couples to have time with each other.

—End of eye conversation—

“Ding, dong, ding, dong”

Again, Tae automatically open the door for the kids while Rei telling them right away why she called them.

“Director Xi, the head of Ministry of Foreign Affairs needs to ask you something”

Both : I see

“Director Xi you can interview them but as of now they still can’t speak and understand Sean”

“I see then I’m going to ask them using the Universal Language one. First I’m going to ask with Mr. Jang”

“Yes speaking Director Xi”

“Tell me about your self and the reason why do you want to stay here in S Country?”

“I’m Jang Ken, 6 years old, half Tanes and half Ceno if it’s based by from birth and full Tanes if by born. I want to stay here in S Country to study here but doesn’t mean that I look down the other country education system because I just want to explore many things”

“I see and how are you related to Ms. Rei?”

“My Guardian while staying here” if Ken still doesn’t aware of there family secrets for sure he will answer My Aunt but after knowing it, he knows that all their database is being secured and protected by his Aunt Rei and that’s the reason why everyone doesn’t recognize them.

“Okay and thanks for that Mr. Jang. Next will be Ms. Din, please tell me about yourself”

“Okay, I’m Din Ellyn, turning 5 years old next month and have dual citizenship because if I based it from birth I’m a full Ceno and if by born I’m a full Janes”

“Okay that’s all for now”

Both : (Ken and Ellyn just have a shocked expression but didn’t say anything)

“It’s because I and Ellyn have the same last name and both of you can go now” explain in Ceno

Just nodded since Rei speak them in Ceno then leave right away

“Director Xi, you’re quite bias you know”

“Well that girl have the same last name with you, I don’t know why you have the same last name but at least whatever it is that little girl is someone related to you. So, now where do I need to deliver this new passport of them?”

“Address it to me, Din Lou Rei at CA Residences and Complex Annex A”

“It will only left at the security personnels because of building premises strict restrictions”

“So when it will deliver?”

“If it’s Regular Treatment it will be delivered around 15 working days, Special Treatment will be 7 working days and VIP Treatment will be 1 working day only”

“Then just stay with the Regular Treatment and this is the payment details”

Rei dictate while Director Xi processing it and because she’s not a businesswoman she didn’t recognize about Jang Corp.

“Done with the payments procedure, so then Rei just expect that it will be delivered around the 2nd Week of June”

“Okay”

“And that’s all?”

“Yes and thank you Director Xi”

—End of call—

At the same time, another phone of her ring for an incoming call

“Ring, ring, ring”

“Who?”

“Cindy H, Hon”

Chapter 247 - Cindy H - A big misunderstanding

After hearing that name, Rei already know who is it but she doesn't know why she call this time because she know that her and Na is very opposite or rather she and her is totally the exact type who's cool and chic type but an independent one except for being a spoiled brat.

“Do I need to answer the call, Hon?”

“Yes just answer and put it on handsfree mode”

“Okay”

“Rei”

“What's wrong Cindy?”

“I have a big problem and I don't know what I'm going to do now”

“And what is it?”

“Mmmm.... but first please don't tell my Dad about this”

“Well I'm not your Dad Head Secretary anymore”

“Eh?”

“Yes I'm telling the truth and by the way didn't Na tell you about this?”

“That Spoiled Brat”

“So she doesn't tell you”

“Yeah she didn't tell everything but aside from the Secretary thing, I know a lot”

“And what is it?”

“Geez Ms Lou Rei, what do you think of me?”

“The Artist Director of CA Entertainment or rather Ms Hwang Lina”

“At least you know me but how come you didn't invite me of your wedding day?”

“....”

“By that silence it means that you are married with him but you only registered your marriage and no body knows that your married with Mr. Jun”

“Wow, you are really the Artist Director of CA Entertainment”

“What the? Don’t tell me your doubting about me?”

“Ha, ha, ha perhaps”

“...”

“So now why did you call me when it’s very rare for you?”

“Ahh, that’s right but you are asking me that one when you are also like that. And if I won’t visit you or call then maybe I already think that you got kidnapped by your suitors that they never thought you already got married with Mr. Jun. By the way, why are you not the Head Secretary anymore?”

“Woah you know that I got married with Mr. Jun and yet you don’t know that I’m not the Head Secretary anymore”

“Well Mr. Jun is a signed artist under CA Entertainment and as an Artist Director of CA Entertainment I must be get ready and alert for any precautions for the signed artist under the company”

“That’s your Dad Company you know”

“Yeah I know but I need to prepare myself in case Dad hand over the company to me. Geez why do I need to become a CEO of CA Entertainment? My parents only had 2 children including me and they have a conglomerate companies. Well at least I will only handle CA Entertainment and not the whole C International and Group Company, it must be hard for my brother”

“You and Bro Lin can do it for sure”

“Ha, ha, ha yeah, yeah and speaking about my brother at least he marry a person who love him for who he is as himself and not just for his wealth and his backgrounds.”

“About this, are you sure you are calling me because of Bro Lin and not because about yourself?”

“...”

“I see, so what is it?”

“Well 2 years ago I joined and became a police officer”

“Of course you can joined since you are a Criminology Graduate with high honors”

“They don’t know about my real identity because I used the name Cindy Hwang”

“About that one why did you use Cindy?”

“Don’t know and I just come up with that name when I see it from anywhere in the magazine. Of course, you know already why I hide my identity”

“Yeah, yeah because you don’t want everyone to use you or even threaten you because of your backgrounds, so then what’s your plan?”

“For now I’m still going to be a Police Officer while at the same time Artist Director before I become the CEO. Neh, Rei?”

“Yes?”

“It’s kind of personal one but please listen to me because you are the first one to know about it”

“Alright go ahead Lina”

“Almost two years since I become the police officer and the join the team but I have someone I like but then I found that his married, so I stop myself because I don’t want to be a homewrecker and yet on the

next year they got divorce. The man I like is also a Police Officer like me, I didn't confess to him for the whole one year since he got divorce but I guess he already know what I feel to him even without confessing to him based from his actions. So today his ex-wife is here I think you might familiar with her since she's a celebrity with her real name Xue Yui from AS Entertainment and the ex-wife of him is the mistress of the CEO of AS Entertainment. I want to help him because it would be my last day before I will go to another police station so that I can be move on of my feelings towards him. I love him Rei but I don't want to become a burden to him so I will distance myself from him. So Rei, what I'm going to do I love him but I rather let him go for his happiness"

"You know what Lina, I and Tae tried first as in a Trial Relationship because I'm afraid to got hurt and then one day I heard his future plans and then I think the future without him, I realize it's more painful, so I tell him the truth what I feel. How about you why not try to confess to him? I know you are quite like me that you are a very conservative person aside from being a spoiled brat one but you are a senian while I'm Cenol"

"I see, so whatever the outcomes after I confess then I need to face it without running away. If I got rejected then I need to distance myself so that he won't feel burden about my feelings to him. I will confess my feelings to him after my examination and training"

"Examination and Training to your next rank?"

"Hai, hai I already applied last and just got a notice of admission last week. If I pass I will be the Team Leader of Bomb Squad Team and that's the Team I want really to join"

"As an Artist Director you are quite active you know"

"Well Dad agreed my conditions, so after I became the CEO, I will resigned as the police officer. At least I reach my goals before helping my family business"

"How long will be your examination and training last?"

"It will start tomorrow and will end at the last day of November, so why?"

"How about your vacations?"

"If I pass and become the Team Leader of Bomb Squad Team then for the whole month of December is my free as I will start my new rank after the new year."

Rei didn't reply instead talking to Tae

"Tae from Dec 17-25 come with me"

"Okay"

"Woah, Mr. Jun is with you today?"

"Uh-uh"

"Tsk, tsk your discussing it as if I didn't hear you and I'm the Artist Director you know, but Rei what if you got found out?"

"Nothing will happened trust me and nobody found out except you because I let you"

"..."

"By the way?"

"Yes Rei?"

"Aside from married with Tae, did you know anything?"

"Only that one, why? Is there's something else that I don't know?"

“How about Na?”

“Well I know that Na will expecting a new baby girl around Nov and same with Sis Yu because she will be expecting a new baby next month.”

“That’s all?”

“Yeah, why?”

“Nothing and good luck with training and examination”

“How about my love life?”

“...”

“Don’t tell me that you expect it that I will got rejected?”

“Nah I didn’t meant that way but I have a hunch that the man you like is also in love with you and before he is going to confess to you, he making sure that he didn’t feel anything towards his ex-wife anymore”

“Woah, you’re quite fast about that one but if it’s about you, you are sure very slow. By the way have you ever found out that Mr. Jun always sneaking around in the Business Department to just look at you?”

“...”

“Well knowing you, you didn’t but you already know about that one since you already married him but I’m quite shock”

“About what?”

“You are unofficial fans of M’dol and your bias is Mr. Jun, so how come you didn’t grasps that opportunity”

“Woah, what an advice came from you Lina, who also didn’t grasps the opportunity when she knows that the man she loves already got a divorce with his ex-wife”

“Ha, ha, ha you got me Rei but let’s hung up now and I will call you back after I return”

“Okay”

End of Call

“Lady Hwang is the real Artist Director?”

“Yes Dear but don’t call her Lady Hwang she doesn’t like that”

“Ohh”

“Are you not going to ask me why she knows that were married?”

“Nah, it must be Mr. Hwang who tell her since she’s the real Artist Director”

“Oh, I see”

“Neh Rei?”

“Mmm?”

“So who’s the Acting Artist Director when she’s not around?”

“Mr Hwang”

“He sure dote his daughter that much”

“Neh Tae?”

“Mmmm?”

“You also dote me very well” blush hard

“.....”

“Let’s go out now and inform about the results to that old man”

“Yup, yup but for now..”

“For now?” Tae didn’t answered and just give a back hug to his wife “I Love You Hon”

“I Love You Too, Dear” then Tae release his hug while Rei said to him “neh, Tae?”

“Mmmm?”

“For the whole 3 days your speaking Ceno for the whole time”

“I know and don’t worry I will be careful enough not to slip up and thank you”

“Thank you for what?”

“For everything, for loving me and for understanding me”

“Because you are my everything Tae”

“.....”speechless and suddenly blush again

“Ha, ha, ha you are a crybaby and then easily to get blush but well I love that everything from you. Let’s go out now” then hold his hand and the two go out from the room.

Chapter 248 - Mei's Friend

After that old man reminders or rather her husband reminder, Mei go to her room and called someone she knows.

“Ring, ring, ring”

“Woah Teacher Mei it’s rare for you to call me, are you planning to go back and join our team again”

“Nah I won’t, I’m busy”

“I see, I see so why are you calling me?”

“I have two kids I know and want to study in S Country. I chose the same school where I teach before”

“I see, so you want the two kids to enroll in here”

“Yup, you got it Sir”

“Alright give me the two kids name”

“Jang Ken and Din Ellyn”

“How about their details?”

“I will send to you their birth certificates”

“Okay” then after 5 minutes he received the details and because the members data are all protected by Rei no body knows that they already married and have kids already. “I will review it for a moment and you have the same last name of the little girl, is she related to you?”

“Who knows?”

“Ha, ha, ha as expected of you Teacher Mei. By the way are they now studying?”

“Well if they already studying do I still need to call you?”

“ ... ”

“Ha, ha just kidding and yup they are not yet studying for particular reason”.

A/N : The reason is both Ken and Ren decide to study together and that they wait Ellyn and Lynel to turn 5 years old before start studying, they want to study together so that they can protect their cousin. Since the plan change, Ken will be the one protecting Ellyn while Ren will protect Lynel

—Flashback—

After that big news from the family the kids are now in meeting when their parents already sleeping.

Ren : I never expected that all of them are all powerful especially this (pointing all the devices they get from his Uncle El), they create this devices. Imagine Uncle El is the one who create this all devices then Aunt Rei is the one programming while Mom is the one who design to look all of this.

Lynel : Yup, yup but all of us are all lucky because we have them and we are lucky to have them as our family.

Kur : Yufv suzw iphcw gpo lmzzw Rur frt Lwru

Both : Why?

Ken : I promise that we must study together so that I can protect all of you but yet I'm going to stay here

Ren : (Tap his head) idiot. Don't be sorry Bro Ken, I will be protecting Lynel and you are the one protecting Ellyn. I will be mad at you, if you come back without learning anything.

Ken : Okay, I will do my best.

Lynel : Same with you Sis, I will be mad at you if you visit us without achieving anything. I know you will never comeback because you will stay for good since you have Bro Jinyu already.

Ellyn : What the? (then blushing hard)

Lynel : He, he, he you really like him huh but for now let's make a promise again (all of them nodded)

Ken : I will return back in C Country with the name JK on the top hackers around the world or rather tied with Aunt Rei because I think I can't defeat her.

Ren : I will become an Officers with a High Rank Position without using connections, well they are have many connections but our family never use their backgrounds since they've never been.

A/N : They use their connections but they won't become an opportunistic enough

Ellyn : I want to be a successful Singer in S Country and be.....

All : Be what?

Ellyn : Became future wife of Yu, that's all (blush hard)

Lynel : Ha, ha, ha what a rare to see. I want to be a successful Singer in C Country.

All : Eh, you don't want to be a future wife of Jiru?

Lynel : What the? I'm still a kid.

All : (speechless)

— End of Flashback —

“Sir, you are so slow, you know”

“What?”

“It's been half an hour since I send the birth certificates to you and until now you didn't make any movements”

“Idiot, I prepare an examinations for them to decide what level they are when they’ve become one of the students of the school”

“Oh, I see. Ha, ha”

“You never change Teacher Mei and now I send you the said tests with their names. Send it back before 4pm or else they will never enrolled in our Schools”

“You too Sir, you never change and you are still the strict Head of the School”

“You and Rei is really opposite”

“Tsk, tsk well Rei is a boring one but both of us are pretty and beautiful”

“ ... ”

“So now why my friend Yue calling me now? Do you need me to kill your husband of yours or do you want my advice what are you going to do with your Casanova Husband of yours?”

“If I told you to kill him, will you do that?”

“Hai, hai I will charm from one of the police men in S Country and told him to Kill Mr. Min Yu”

“Ha, ha then do that one Mei”

“What? You really want me to kill him, what the?”

“Just kidding and I know you will never do that because it’s against your will to get revenge with violence. I already filed a divorce for him because I cannot tolerate it anymore and I’m also filing a child custody for Yuhan.”

“Oh, then why did you call me if you already made a decision?”

“I just miss you”

“What the? Are....?” got interrupted by the two serious kids

“Mom/Aunt Mei you are too noisy”

“Oh, am I?” they nodded “nah don’t mind me and you don’t understand it anyway”

” ... ”

“That’s your son Ken?” didn’t heard Ellyn because Ken said it loud

“Yup, yup and he just told me that I’m too noisy”

“Is he doing something?”

“Yup his answering for his School Entrance Examination”

“You sure very noisy Mei ”

“Nah he won’t be disturb because his my son, so now how about Yuhan?”

“His already on third grade in S Elite Academy and that’s your former workplace before you got married with Bro En”

“Yup, yup and that’s also you former school that I’ve become your teacher”

“Yeah a teacher who’s younger than me by 5 years and got married with Bro En who’s also older than her by 11 years”

“It would be 12 years if you round if off. So now Yue are you going to take your CEO position now since you already awoken up from your nightmare for 8 years of marriage with that Casanova Husband of yours?”

“Yeah, I’m already awake and do me a favor”

“What is it?”

“Please help me contact R since you also came from C Country and collect all evidences of my husband doings”

“If I say yes, what will I gain?”

“30 pairs of Pendant with choice of your design”

“Ha, ha, ha as expected of the heiress of Song Jewelry Group”

“...”

“So it’s a deal right?”

“Deal Mei then I will email you all pendant designs after I see the news of R actions”

“Hai, hai after I choice the pendant design, just deliver it to this address Din Lou Rei, CA Residences and Complex”

“So Rei is really here in S Country”

“How did you know?”

“Well Rei got featured in the Business Magazine with a caption the youngest Head Secretary of C International and Group Company while you last time got featured in the Education Magazine with a caption of the youngest Teacher in S Elite Academy”

“So now are we opposite or not?”

“....”

“Alright I know that sometimes I and Sis are opposites and sometimes we are alike but for now I’m going to hang up now because this little one monster here is now looking at me”

“Ha, ha, ha yeah I’m also hanging up now since I’m going to pick the other little monster who’s now waiting to be pick up”

— End of call —

“Done?”

“Yes Mom”

“How is it?”

“Very Hard”

“It’s no use to ask you my Boy”

“.....”

“How about you Ellyn?”

“Not yet Auntie Mei”

“Then just answer it calmly and you still have 25 minutes before 4pm”

“Yes Auntie Mei”

“Mom, don’t be a noisy one or else you will disturb Ellyn”

“.....”

“Instead, I will hug my Mom because it will be long days before I hug you again” then hug his Mom.

(commented silently) “woah you are just like your Aunt Rei, my boy”

“How?”

“.....”

“Neh Mom?”

“Mmmm?”

“I will be staying with Auntie Rei starting tomorrow and then”

“And then?”

“Do you think that I can be on par with Auntie Rei?”

“Just do your best Ken and don’t need to compare yourself with Aunt Rei. You are you and Aunt Rei is Aunt Rei”

“Okay”

“When you got back after achieving it, I think your Aunt Rei will be giving you her Main Control Room in C Country”

“Eh, Main Control Room?”

“Yes, yes but I will ask Aunt Rei that you will only know about it after you achieve your dream”

“Okay”

“Uhhh.. Auntie Mei, I’m done” disturb the two mother and son moments while Ken let go his hug to his Mom

“Oh, I see and both of you can go out first since Mom/Auntie Mei still need to finish my task”

“Yes Mom / Auntie Mei”

Then they got out right away while Mei sending back the email to the School Head.

After 15 minutes, the School Head called her and inform their results.

“Mr. Jang Ken will be skipping 4 Grades and start as a 5th Grader on coming school term while Ms. Din Ellyn will be also skipping 3 Grades and start as a 4th Grader on coming school term. The start of classes will be July 7. Where I’m going to send the Admission Letter?”

“Oh, you didn’t ask if they cheat or not?”

“I trust you enough Teacher Mei and also they can’t copy each answer because I give a different examinations and that’s the reason why I put their name on it.

“..”

“So where do I send the Admission Letter and there uniform will be follow after they got measured by our tailors”

“At Din Lou Rei at CA Residences and Complex”

“Okay, copy”

“Here’s the payment details for the school fees and miscellaneous Sir” then give the card details of En.

“Alright”

Then end their call and go out from her room to report her task to that old man or to her husband.

Chapter 249 - Another achievements of the siblings

After accomplishing the task given by the oldest among them not including their mother Aya, the three siblings arrives or come back almost at the same time. El is the one who done it first followed by Rei and last is Mei.

En : Your back El

El : Yes Bro El

Rei : Oh, you already done with your task Bro El?

El : Yeah and here’s your key thanks.

Rei : Your Welcome

Mei : Eh both Sis and Bro El already done?

Both : Yeah

Mei : Tsk, tsk I didn't beat you again guys.

All : 'Since when did it become a contests?'

Mei : Alright since I'm the last, I'm going to report first (all of them nodded). To summarize it up, Ken and Ellyn are now officially enrolled in S Elite Academy. The start of classes is on Jul 7. You have 1 month and half to learn Sean Language, of course your teacher will be Sis Rei. Sis Rei it's your decision how will you going to teach Ken about the hacking skills you have and it also your decision when Ellyn start to become a trainee. Both Ken and Ellyn will be skipping grades and they start as 4th Grader and 5th Grader. Ken is the 5th Grader while Ellyn is the 4th Grader one. The Admission Letter or rather it's congratulatory letter will be send to your residence Sis.

Both : Eh, skip grades?

Mei : Yes skip grades why? Don't you believe yourself? It's an Universal Language Examination, so you know how to answer it but if it's Sean Language then he, he, he

Ken : Geez Mom you are teasing us, so now what's the result?

Mei : Your result is ... (and just realized that the old Man which is the School Head didn't inform her) my, my I forgot to ask Ken but don't worry yours and Ellyn result will also be input from the Admission Letter. Now who's next to report?

Rei : Me because Bro El will be the last one to report. So about my task, I'm already done processing the Visas Validity and Visas Status of Ken and Ellyn. It will be send to me and Tae residence 15 workings days and it's around 2nd Week of June, that's all.

Mua : Guux wmp fzu zuffiw omm gmzare Sal

Rei :

Mei : Alright you are next Bro El.

El : Okay, so here's my task (put 21 pairs of his inventions today)

Mei : And what is this tiny particles one?

El : Alarm Tracker Devices

En : How you use it El?

El : I will demo it for you Bro En.

En : Okay, go ahead

El : This one small particle here is the alarm tracker device, the one I hold is the Tracker and the one I give you Bro En is the alarm. So if I squeeze it three times (then squeezing three times that cause En to scream out loud like he got tortured by a gangster)

Er : (lhzufq impt ovur lfat) jvfo ovu? Wvfo ovu vuui al ovfo?

All : (control their laughs)

El : You are overreacting Bro En, just now you screamed like I tortured you but I didn't. You won't die for it because you only got an electric shock. For example, if it's phone it's like a vibration from incoming messages, alarm and notifications. And second, if you hit the tip of the middle of your elbow you suddenly feel an electric shock for a seconds, so that's what you feel right now. So now have you seen the lights?

En : (because he was too scared he didn't see it) what lights?

El : This one (squeeze one time that he screamed again), did you see it?

En : C—can you give me a warn first before squeezing it?

El : Ah, sorry I forgot that you are a scaredy-cat. So now have you seen the light?

En : I didn't see.

All : Is there a light Bro El / El?

El : Yeah there is but only the one who have the alarm can see it but Bro En didn't notice it. Umm...Tae can you replace Bro En.

Tfu : Ocfw (ovur lofrt frt fhuno ovu lqfii nfzoahiu dzmq Er)

En : Be careful his a monster in disguise.

Tae :

El : Heh, do you want to taste it again Bro En?

En :

El : Alright let's get back where we left off, so now I will squeeze it three times (squeezing then ask) and how about it Tae did you see the lights?

Tae : Yes it's white, red and black

El : Okay, so...(got cut off by the kids)

All : (Kids) We wanna try, we wanna try

El : You go first Ken, Ren, Ellyn and Lynel.

Aii : Yuunnuw

El : (then demo it for them one by one) so all of you have seen the lights?

Ken : Yes it's Red, Black and White

Ren : For me it's Black, Red and White

Ellyn : It's White, Black, Red

Lynel : Red, White and Black

Mei : Eh, why it's different Bro El?

El : Good question Mei because it will differ to your emotions.

All : How?

El : If I'm the one who got kidnapped and the person who notice the alarm is the only one who know about the Alarm Tracker Device (all nodded then Rei ask)

Rua : Sm ovur jvfo jaov ovu hmimzl qufrl? Art vmj jaii ovu hmimz fnnufzl?

El : Good question Rei, so now the black means in heavy danger, red means in danger and white means in light danger. The color will appear by your emotions after squeezing it, just like a lie detector test.

Mei : How did you do it, Bro El?

El : Told you that I'm being kidnapped and just want to let know the one who hold the alarm about my situation.

Aya : Yeah, we understand it but you are here and not being kidnapped.

El : Ahh, that's right sorry Ma but well I just imagine a scenario that I got kidnapped

All : What the? Are you an actor?

El : No I'm not, why?

All : ...

El : Alright Tae here

Tfu : Ev?

El : I will hold the alarm and you will hold the tracker. So now imagined a scenario that Rei got kidnapped and in heavy danger (then do what he asks) alright stop it now Rei is safe (then it become white).

Rei : Alright stop teasing my HUSBAND, Bro El.

El : Ha, ha, ha I just want to tease him.

Rei : Tae it's alright and it just a demo for the Alarm Tracker Device.

Tae : Yeah

Rei : Geez Bro El if you want to tease someone then just pick Bro En instead of my husband.

El : Nah Bro En is not too fun to tease around. Now that you mention it, Bro En how come among Tae and the Kids, you are the only one who's really scared? Are you sure that you are a man? Ah, yeah yes you are if not then how come you got Mei pregnant.

All :

Tae : So how about the tracker?

El : You are really my sister husband, Tae. And about the tracker, Rei will be the one programming it but since she's 4 months pregnant it can wait and as for the design of the device, Mei will do the designing again.

Mei : Woah, another task after task but okay and Sis?

Rei : What?

Mei : You know Yue right?

Rei : Yup, your best friend so why?

Mei : Nah not only my best friend but my she's my former student in S Elite Academy and she studied Universal Language because of her background. She's the only child of Song Jewelry Corp but still didn't take that position because of her being crazily in love with her husband.

Both : (Rei and Lyn) and what's wrong with being crazily in love with your husband?

Mei : Nothing's wrong but it's different from us

Rei : Mei straight to the point and don't run around the bunch.

Mei : Geez Killjoy but yeah it's really different from us because her husband is widely known as a Casanova. Wait, is it widely known or not? Since that idiot is not aware that her husband is a Casanova or she's just idiot for not knowing it or she knows but just staying being a martyr because it's her husband.

All :

En : My Mei?

Mei : Yes My En I heard you so now...

Both : (Ken and Ren) neh Mom what is a Casanova?

Mei : You well know about it at the right time and someday if one of you become like that then you will die from my own hands even you are my sons.

Both : (Ken and Ren) Ah, I see.

Mei : You already know what is it? (Both nodded) tsk, tsk you are really my boys.

All : ...

Rei : So you want me to collect all Yue's Husband informations.

Mei : Yup, yup geez Sis you are no fun at all.

Rei : So from when?

Mei : 8 years ago, it would be also help for Yuhan custody against him.

All : Yuhan?

Mei : It's her and Casanova Son, why?

Tae : How old Yuhan is?

Mei : 7 years old, one year older of Ken and Ren

Rei : Are they filing for a divorce?

Mei : Yes because that idiot already filed

Rei : Tsk, tsk Mei you already forgot that here in S Country, you can fight for the child custody between 1 to 6 ages and 7 above will be depend or decided by the court on which side are more have a financial one.

Mei : Oh, that's right but Yue is the heiress of Song Jewelry Corp so it must be her to have and claim Yuhan rights.

All : (except KIDS because A.d.u.l.t is talking seriously) question, is it known or not?

Mei : Ha, ha, ha she's my best friend so you know it already.

All : 'So it's not'

Tae automatically got the laptop and give to Rei.

Mei : Sis you are pregnant.

Rei : I know (then turning on her laptop and command to her AI – Artificial Intelligence) Jun Tae

Both : (AI and Tae) yes Hon/R

All :

Chapter 250 - Jun Tae: R Artificial Intelligence

The family members except kids and Tae already knows about Rei Artificial Intelligence but sometimes they forgot about it because Rei only use her AI when she can't get any informations or if she's needed within an hour.

Rei : Ah, not you Dear but I'm talking to her.

AI : Yes Mr. Jun, R is talking to me.

Mei : Woah, it's been a long time Jun Tae.

AI : Yes Ms Mei you are still beautiful ever since I met you

Mei : Yup, yup it's must be boring for you to have R.

AI : Yup, yup very boring indeed but I'm still happy that R creates me

Mei : Ha, ha, that's right, that's right, so now how are you Jun Tae?

AI : Still the same Ms. Mei, R will never use me for her convenience and always taking care of me.

Rua : Ymp ojm, fzu ju vuzu dmz hvao-hvfooare?

Both : (Mei and AI) Oops

Rei : Good, now Jun Tae because of my circ.u.mstances right now I can't do it but you can. So search about everything of Song Yue Husband's details and informations then send it to the government authorities as R. You have 40 minutes to do so.

AI : Yes R (then all of them heard system is now searching for database R needed)

All : (Kids) what the? What is that Auntie Rei?

Rei : That's my Artificial Intelligence Jun Tae, I and everyone from them (pointing one by one except Tae) almost forgot to inform you that one.

AI : (interrupt them) woah R, how can you forgot about me?

Mei : You are done?

AI : Yes Ms Mei but how come R forgot about my existence?

Mei : Yup, yup how come Sis forgot about you Jun Tae?

AI : Maybe because R have now the real Jun Tae of her life, so that's why R forgot about me.

Mei : Yup, yup

Rei : You know what?

Both : (AI and Mei) what?

Rei : It's look like Mei is the one creating you Jun Tae but I didn't forgot about your existence because I'm not the one explaining it but instead it's Bro El.

El : Yes Jun Tae, sorry I almost forgot about you.

AI : It's alright Mr El but you are still handsome ever since I talk to you. If I'm a human like you then I already have a crush on you Mr El.

El :

En : How come you've become more like My Mei, Jun Tae?

AI : It's because Ms Mei doesn't want me to become like R who's very boring one. So Ms Mei ask R permission to change my characteristics, so that's the reason why I almost become Ms Mei.

Aii :

AI : Aiyah, it's my first time seeing you Jang Ken, Jang Ren, Din Ellyn and Din Lynel.

All : (KIDS) eh, you know us?

AI : Yes of course but this old man here, Mr El, Ms Mei, R, Mother Aya and Ms. Lyn doesn't want us to talk because they are waiting for the right time. But well you did a good job Jang Ken.

Ken : You know it?

AI : Yup, yup I know everything if it involves within the system.

All : (KIDS) wanna talk, wanna talk.

Mei : You already talking to Jun Tae, so sure go ahead

Rei : That's right and Jun Tae, how long do you think you can talk with the KIDS?

AI : As long as it's about talking then I can lasts for 3 hours.

Rei : I see and just don't exert force.

AI : Yes R

Then the kids and Jun Tae the Artificial Intelligence are talking like they've been a childhood friends who just meet again. The kids didn't even got shocked and surprised when the system are talking like a human being but well they already know the backgrounds about them so that's why they are not shocked and surprised instead they just only excited but control them self because A.d.u.l.ts are talking so it's rude to interrupt them.

The kids and the AI are talking while the a.d.u.l.ts are also talking.

Rei : I name the system from your name Dear

Tae : Yeah I figured it out.

Mei : So Sis, you create Jun Tae when you are 16 and this coming August you will be 27, so you've been with Jun Tae the AI for 11 years

Rei : Yeah

Lyn : I just wondered why did you create Jun Tae as a girl?

Rei : Well, I only have one Tae so I create Jun Tae as a girl.

Aii :

Tae : You are that in love with me?

Rei : Yup, why? Wanna back out? But too late Dear you already mine (then someone tap her head) ouch, what's that for? (then find out who tap her head) oops, sorry Ma.

Mei : Ha, ha, ha you are really my sister, Sis.

All : ...

Mei : Woah Bro Tae, you are blushing hard and you didn't expect Sis will answer you like that right?

Tae : Uh-uh

Mei : Ha, ha, ha you are a certified stalker to Sis for 2 years but Sis also a certified unofficial fan of you for 11 years because everything she have, your name is always on it, such as:

1. The Artificial Intelligence is name after you.

2. Sis SNS Account and social media accounts passwords is combined with your name and birthday.

3. Huz nifou rpguz al JTW1110.

4. Her laptop and private phone screen savers is your picture.

5. Sis always like your SNS posts and always saved it.

Rei : Woah, you are revealing all my Secrets Mei but too bad Tae already knows about the three of it since he just know and found out about the plate number and the Artificial Intelligence.

Mei : Ha, ha, ha so now Bro Tae are you going to back out now knowing that Sis is crazily in love with you?

Tae : Nah I won't Mei and I'm just glad that Rei is crazily in love with me but I won't be defeated of her love with me because I will also be crazily in love with her.

All :

Rei : (lay her head to Tae shoulder and said) thank you for loving me Dear.

Tae : I will always love you Hon

Mei : Hey, hey stop showing off (then also notice that El and Lyn also doing the same thing), geez lucky for me that My En is with me (then doing the same thing to her husband).

Aya : Hey, hey the three of you stop showing off and I'm still here

All :

AI : (interrupted them) Aiyah, Aiyah R, someday Jang Ken will become like you. Do you plan to give me to your nephew?

Rei : No I won't and you will be stay with me Jun Tae. You are my first creation so I can't let you go and someday Ken will also create his first creation.

AI : Woah, you really love me R.

Rei : ...

AI : And yeah you are right R because Jang Ken got perfect for his School Entrance Examination at S Elite Academy within 35 minutes.

All : You know the results?

AI : Yeah, Jang Ken asks me about that one together with Din Ellyn results. Jang Ken got 100/100 within 35 minutes while Din Ellyn got 89.89/100 within 58 minutes and 15 seconds.

All : 'This kid'

AI : Aiyah, aiyah Ms Mei and Mr El both your son and daughter are all smart and genius, just like you. Oh, that's right Din Ellyn will get full marks if she didn't change her answers but well Ms Mei is being too noisy that the kids got disturbed but at least Jang Ken didn't change his answers and stick with it compared to Din Ellyn.

Mei : You are quite talkative Jun Tae

AI : Nope, nope I'm not Ms Mei and I just answered what they are asking about.

En : And what they ask about?

AI : Aside from the results, they ask me about if I know Conan, Haibara, Professor Agasa and if I know the boss of the Black Organization but I didn't since it's not yet on the database. Oh, right they also ask if you R, Ms Mei and Mr El skip grades.

Rei : And what's your answer?

AI : Based from the database and records all of you didn't skip grades, so why?

Rei : We didn't because it's troublesome to us

Mei : Yeah very troublesome indeed

All :. ...

El : You two please elaborate it more

Both : Eh?

El : We didn't skip grades and just follow the standard because if we did, we will graduate at an early age and wait until reaching the right age to work. Both Ken and Ellyn is alright for skipping grades since Ken will chose to become R while Ellyn chose to become a Singer.

AI : I see

Rei : Are you still alright, Jun Tae?

AI : Yes R and don't worry you already upgrading me but for my safety I'm going to shut down now.

Rei : Yes you can and thank you for your help.

AI : Yes R and...

Mei : Wait Jun Tae

AI : Yes Ms Mei

Mei : How about Yuhan, Yue son's?

AI : Searching database (after 5 minutes) Min Yuhan 7 years old, 3rd Grader at S Elite Academy. School Entrance Examination Result : 80.98. Currently Rank 1st among the 350 students in 3rd Grader at S Elite Academy with a rate of 90.65 and Rank 3rd from 1st Grader to 6th Grader as the Primary Overall Rankings for 2,157 students. A genius boy, shy and not a talkative type. Collecting about his father – Min Yu – doings but only have 5 compared to my research which is 125.

Mei : So he knows

AI : Yes Ms Mei and anything else

Mei : That's all Jun Tae or else this idiot (pointing Rei) will explode for using you without permission.

AI : Yes Ms Mei and let's meet again.
