Lu : I know you just join us today but don't think that we're just here for having a coffee while chit chatting because all of us are here to serve and protect our Senians and Tourists here, so every minute of you're chit chatting, they are Senians and Tourists waiting for our help, do you understand what I mean?

Cindy : 'What's wrong with this man?' Uhm Officer Lu, I thought you called me to discuss something important and yet this is the one you called important? Yet, I'm here expecting that you will discuss about our mission but then I'm just wrong.

Lu : I only remind you that one and yes we're here for our mission. For our mission don't ever bring me down because I will always do my best to accomplished for the said mission tomorrow, so don't ever laid back and bring me down because what I hate the most is using backgrounds to attain a higher ranks without doing anything, you get what I mean right?

Cindy : 'Woah, his so cool plus an handsome one' (but she replied to him differently from her thought) I get what you mean Officer Lu and now can I go back to my desk since you just said that every minutes, all Senians and Tourists here are waiting for our help so then don't waste my time just to remind those rules because I already know all about that one. Ah, that's right I think you need to review the footage if I really chit chatting with them, bye. (after she said that, she leave right away from his office)

Lu : 'This woman! If she really a man then I already punish him for talking back with his Senior and how come she's very different to my wife? My wife is very lovable and kind, tsk, tsk I will sorry for the man whomever she married with.'

On the next day, during their mission, Officer Cindy never get laid back instead it was Office Lu since he just discovered that his wife was banging with someone else and just reason that it was a scene for her movie.

Cindy : Did I hear it from you yesterday that don't ever bring you down and yet who's bringing you down when I just saved you from a bullet, huh?

Lu : Shut up will you?

Cindy : (taking her wounded arm who just got hit from the bullet that was intently targeted to this idiot head of her)

Lp : Bw ovu jfw ovfrcl dmz lfsare qu fjvaiu fem frt tm wmp ruut qw vuin?

Cindy : You're my colleague, partner and Senior so it's my responsible to save you and no worries I can handle it myself.

Lu : 'What's wrong with this lady?' (then looking to her who treat her wound nicely and professionally then he can't help it and commented to her) you're quite use of treating yourself.

Cindy : Yeah but this is my first time saving someone and taking the bullet on my own.

Lu : ...

Cindy : Alright after this let's save the hostage and kill all that kidnappers since they never surrendered to us.

Lu : You're injured remember?

Cindy : And so?

Lu : Let me handle it myself.

Cindy : If you want to suicide or die right away then go ahead and this time I won't save you anymore.

Lp :

After that, the two seriously killed the kidnappers since they didn't want to surrender to them and then save the hostage after making sure that it's cleared. Lu give instructions to his mens to retrieve their bodies and buried it. On the next day, they have a celebration night for the success of their mission and then Cindy who's not the type of going out to have a party going to decline but then got stop when their Superior said so.

Cindy : Guys, just go on your own.

Lu : Eh, you won't go?

Cindy : Yes I won't (then leave but got stop)

Cai : You're not going with us Officer Cindy? It's for your celebration party as your first mission accomplished together with your partner Officer Lu.

Cindy : That.....

Cai : Just come with us and you can go home first as I sign for respect to your Seniors.

Cindy : Yes Officer Cai

Lu : 'Did she have a crush on Officer Cai?'

Cartw : (rmoahu ovu lofzare dzmq vuz nfzoruz) Wvfo?

Lu : Nothing 'geez, she's also sharp on her observation skills'

The Special Team go to the venue where the celebration party held and then both mens and ladies except Cindy are already drunk since they were drinking beyond there limit and suddenly most of there secrets got blurted out by any of them.

PO1 : Neh Officer Cindy?

Cindy : (ignore)

PO1 : You're a beauty but it just a waste that you only become an Officer.

Cindy : (ignore)

PO2 : You know what, you're partner Officer Lu is already married so don't fall in love with him since his very crazy in love with his wife.

Cindy : (Ignoring him but wondering about) 'so his already married? Well, his handsome and have a charm so it's not that surprised that his already married'

Lu : (tap the head of his colleagues) why are telling my secret instead of your own? 'Is she alright with being a married man? Why I'm thinking about that? Erase, erase and I'm just drunk. Lu Wen remember you already a committed man and if you're doing the same thing as what your wife did, then you just the same level of her and she's the woman I got married, so you need to hold her tightly since she's my wife' (then he looks to his colleagues who's still continue talking nonsense and blurted some secrets of them. They only know that his married but they don't know anything and just thought that he have a happy marriage life. All of them know their secrets since they already treated each other as a family and brother even they know how they're Senior Officer Cai have a first crush and first love of his life, an Actress but they will never know that after one of their Senior Officer Cai mission, he and his first love of

his life got married but except for one and it's Officer Cindy because no one knows where did she came from and what's her background until his the only one who know all of it among them. After looking to his colleagues, he realized that Cindy is approaching to Officer Cai) 'so she really like Officer Cai?'

Cindy : Office Cai?

Cai : (Only drink a little bit even though he have a very high alcohol tolerance) yes?

Cindy : Can I leave now?

Cai : Yes you can

Cindy : Thanks (then leave right away without noticing that someone following her)

Cai : Where are you going Officer Lu?

Lu : Going home and my wife is waiting me at home.

Cai : I see

Lu : (then he leave right away or else he will lose sight of her and then when he get sight of her, he suddenly ask to her) where are you going?

Cindy : (looking who's talking with her and said) oh, it's just you Officer Lu

Lu : Do you perhaps expecting that it's Officer Cai?

Cindy : No I thought you are a criminal and readying myself to shoot you, see? (showing that she already hold a gun)

Lu :

Cindy : Alright I'm going now.

Lu : Wait

Cindy : What?

Lu : Aside from me no one knows that you're injured since you didn't tell it to everyone.

Cindy : And so?

Lu : Let me drop you off

Cindy : You're a married man so don't cling to me.

Lu : Of course I know that one and I will just drop you off as your Seniors and of course it's my fault that you got injured.

Cindy : Nah, don't worry about it and it just normal for us, so bye (leave right away)

Lu : (suddenly blurted something that even him never expected that he will blurted it out and to the someone whom he just barely know, well his bestfriends and buddy know all about him but it's his first time telling something to a lady even his own wife doesn't know everything about him) Yeah, I'm a married man but I'm not happy, my wife is cheating with me in fact I just notice with my own eyes that she's banging with someone else, so as my partner can you trust and believe me?

Cindy : (got shocked and dumbfounded) you, why are you telling me all of this?

Lu : You've been avoiding me and never talking with me when in fact you're talking to our colleagues normally.

Cindy : I will only talk to them if it's work related and if not I'm ignoring them. Alright I trust and believe you, so then where's your car?

Lu : (After hearing that, he start to calm and without noticing he smile whole heartedly) alright, come with me

Cindy : (just witness his smile) 'what the? That caught me off guard. Dad, Mom and Brother Lin sorry but I fell in love with a committed man and a man that I just barely know '

Lu : Hey, what's wrong?

Cindy : Nothing (then follow him and wondering something) 'how did his wife cheated on him?'

Lu : Here's my car, so where I'm going to drop you off?

Cindy : (Because no body knows her identity, she live from the S Main Police Residence temporarily) S Main Police Residence

Lu : You're living there?

Cindy : Yes and just tell me if it's along the road or not.

Lu : Well it's the totally opposite but I won't mind.

Cindy : It's up to you

Then for the whole year, the two become close as Junior and Senior but then Lu never thought that he already in love with her and she's also the same. Both of them like each other but they're a barrier for them since Lu who will always staying faithful and love his wife even for her mishaps while Cindy never confess and got mistaken by Lu that she likes Officer Cai. Since that day, Lu always drop Cindy off everytime she got home very late and not if she got out around 6pm. They've become close that all his

secrets are shared to her like his wife have another man and other things until they got divorce and telling to her that his willing to wait for her. Lu always sharing his problems and other things to Cindy without knowing that everytime he tells, Cindy always in pain and hurt but well she already know that this man will never love her since he always waiting his wife. Until one day, his wife got arrested for being caught red handed and of course Cindy know who his wife is since he already told about her, she got surprised first that aside from her no one know that this woman here is their Officer Lu ex-wife and they also not aware that he already got divorce to his wife. After seeing that his ex-wife got arrested and so as her last day before training, she called Lu even it's hurt but she will be happy if the man he loves will be also happy after reuniting with his wife. To her surprise Lu never appear in the station and didn't help his wife, so that's why she called her friend Rei and ask for advise even though Rei is younger than her by two years, so she will follow what Rei advise to her and tell him her real feelings after her training.

Chapter 292 - Lu Wen and Hwang Lina Story 2

Cindy already decided that she will let him know how much she love him after her training and if he still love his ex-wife then she will surrender or give up right away and disappear from his sight as if she didn't exist and then transfer to another station so that she won't mess up his life. Cindy already planning everything for this but then she never expect that the one who confess is not her but instead it's him.

After she called and inform him about his ex-wife that she got arrested, she left right away after her duty and then, two weeks passed which was June 15 but he never see her and never know where she is. His very scared to ask since it's her privacy but he was very worried about her and already thinking something might happened to her.

Lu : 'Where's that lady gone off? I thought she trust me enough but not even once that she shared something to me about her. Is she alright? Did she got kidnapped? Did she got an accident? Gaah, it's her own problem and not mine' (but then he suddenly feel a sudden heartache that even the day that he got divorce with his wife he never feel like this and then asking himself). Did I perhaps fall for her?' (then suddenly he heard his colleagues talking about her)

PO4 : Neh, where did you think Officer Cindy now since she suddenly gone without informing us?

PO3 : Talking about her, now I miss her even though she always ignore me (then ask to his female colleagues) hey, how about all of you have you heard anything from Officer Cindy?

PO5 : Nah, we never did and we only communicate her if it's related to work and if not then it's look like you're talking with a book or more worse talking to a wall only.

PO1 : I see so not only us but even all of you.

PO6 : Hai, hai she only even talk to Officer Cai if it's related to work and if not then she won't even speak even one word. Oh, right speaking about our Seniors, how about you Officer Lu? You're her partner, right?

Lu : Yeah

PO : (All) so did you ever talk to her aside from work?

Lu : (hearing that one he suddenly remembered something)

Flashback

Lu : Neh Officer Cindy? (his dropping her off first)

Cindy : Yes?

Lu : Do I need to agree of our divorce?

Cindy : It depends on you Officer Lu and it's not my life you know.

Lu : You already know about my wife, so what's your opinion about her?

Cindy : She's indeed beautiful but I think you know her more than me, so my opinion will never affect to you.

Lu : I see, but you can give me an advice as a friend and not because I'm your partner or your superior.

Cindy : Well for me, if you really love someone whole heartedly then you can let go of that someone, seeing that someone is happy then you will also be happy though it's painful to do that but at least you set that someone let go and be free.

Lu : Woah, hearing that from you I think you already experiencing that one, right Officer Cindy?

Cindy : Shut up and don't talk to me if it's not work related. Ah, we're here Officer Lu (then rushly getting out from the car) thank you Officer Lu and never mind that one because you're always free to talk to me Bye.

End of Flashback

Lu : 'Free to talk to me but you've never talk to me about you, what an unfair for you Office Cindy but then it's my own fault since I'm the one sharing it.'

All : Officer Lu?

Lu : Yes?

All : I see, so not only us since also you Officer Lu.

Lp :

PO1 : Geez, if we only know where she lives then we might know where she is.

After their duty, Lu rushly going to the place where she lives but then again he realize that he never know which floor she lives and he won't ask from the Head Residence since it will only create a rumors from them, so he only need to ask one person and without waiting the night to pass, he called someone.

Lu : Officer Cai, where are you?

Cai : I'm still at the Headquarters, why?

Lu : Wait me there, okay?

Cai : Why? Is there something wrong Wen?

Lu : I will tell you in person (then drive right away but didn't go beyond the speed limit and then when he arrives, he go directly to his office and ask) Officer Cai, I need to ask you that's not related to our work.

Cai : Yes, what is it?

Lu : Do you know where's Officer Cindy about?

Cai : She's on her training.

Lu : Training?

Cai : Yes

Lu : When?

Cai : Exactly the 1st day of June and I just got to know yesterday since our headquarters unit got praises from the evaluation officers because of her performances.

Lu :

Cai : I see, so you also doesn't know anything.

Lu : Uhm, do you know perhaps about her?

Cai : I think it's you who know her more since you've been partnered of her the moment she joined our team.

Lu : Then you didn't know anything about her the moment she joined our team?

Cai : Aside from being a sharp shooter and a skilled one, I don't know anything since I only got it from the Police Academy of Performances and Evaluation Unit.

Lu :

Cai : Don't tell me you're thinking that she's a spy?

Lu : Geez I'm not that idiot to think of her as a spy.

Cai : Hai, hai so then you love her?

Lu : What?

Cai : Well asking her whereabouts around this time and not waiting for tomorrow, is not that a sign of love?

Lu : But I'm a married man

Cai : And a divorcee

Lu : Eh, so you know?

Cai : Uh-uh Wen, so now I will give you a scenario, what if your ex-wife and Officer Cindy got kidnapped at the same time, who are you going to save between the two? No need to answer me and just figure it out. If you already choose someone between the two, then that someone is the one most and more important to you that she already become part of your life. Now I'm going or else my wife will be worrying about me.

Lu : Eh you're married?

Cai : Yes and by the way Wen?

Lu : Yes?

Cai : If you really want to keep your relationship in private then do it privately.

Lu : Yes I will.

Then the two of them leave right away and drive their own car to their way home. On the next day, Lu is absent for two days since his figuring it out his feelings toward her. Every weekdays the Police Officer and Trainee who's training can't go home and just stay inside the camp, so Saturday afternoon Lu visit at the training camp around 5pm since he know that they can go home around 6pm. He park his car where is not visible to them but then at exactly 6pm, he witness how Cindy communicating to her co-officers freely while smiling without knowing that they only bid farewell to their Senior and talking but only related to works.

T1 : Senior Officer Cindy, good bye and see you on Monday.

Cindy : Mmm

T2 : Officer Cindy, Officer Cindy how did you become a sharp shooter?

Cartw : I bplo ozfar qwluid frt tmare qw gulo, dmz lpzu ad wmp film tmare wmpz gulo wmp jaii lpznfll qu mru tfw.

T2 : I see but see you on Monday Senior Officer Cindy.

Cindy : See you (then all her co-officers leave and then she get her phone for calling her chauffeur but then before she call, someone that unexpected to call her just calling her now and asking herself) do I need to ignore it? (then after discussing it to her ownself. she reject the call but then another call after reject and incoming call from him but then she still ignoring it and plan to turn off her phone until someone touching her shoulder that she got alert and already touching her private gun since she surrendered the gun to the authority because she's a trainee at the moment. She already preparing her gun but then stop when she heard a familiar voice)

Lu : Why are you rejecting my call?

Cindy : Tsk, it's just you Officer Lu and try to surprise me again and for sure you will got knocked by my gun or more worse you will become a victim of it.

Lu : Come with me (then grab her hand without waiting her reply since his afraid that she might reject it again since she already reject his calls and then pinning her from the corner wall) listen to me first, okay.

Cindy : Alright what is it? (ask calmly but her heart start beating fast the moment Lu hold her hands and then getting worse when this man pinning her)

Lu : I'm a divorcee but I like you Officer Cindy. You already know that I'm a married man who loves my ex-wife dearly even with her mishaps but then I realized that after knowing you, my love for my ex-wife start to fade and slowly fading away from my heart but then I just reasoning out that I love her without realizing that you already become part of my life. I didn't realized that one because you're always with me but then you suddenly disappear out of my sight without any words for me and I realized that I'm not a complete persons without you beside me. I don't know when did I start liking you and most of all I don't even know when did I love you. So now Officer Cindy I will be willing to get out of your sight if you're not willing to be with me and are you willing to be with me or not?

Cindy : Eh, right now?

Lu : Yes right now

Cindy :

Lu : I see and I get it (then start turning around but got stop by her)

Cindy : Geez you're really an idiot, a real idiot (then hug him tightly)

Lu : (got speechless because of her actions and suddenly feels wet from his shirt, then let go her hug and realized that she's crying) why are you crying? I will not force you if you really don't want to be with me (said then wiping her tears)

Cindy : I already plan about my confession to you and I will confess after my training period but then I didn't expect that you're the one who's confessing to me instead.

Lu : So it means you also love me?

Cindy : Yeah but you're an idiot for not realizing it.

Lu : Sorry, I didn't mean it that way and I thought you like Officer Cai.

Cindy :

Lu : Alright stop with that topic and let's focus about us, so are you willing to go out with me even though I'm a divorcee?

Cindy : You don't even know about me

Lu : Yeah but the one I like is you and everything about you so whatever you're background is, it will never affect to me.

Cindy : And what if I'm the same as your ex-wife?

Lu : No you're different to my ex-wife since you only hiding your backgrounds and not your true personalities since I already know you for 2 years.

Cindy : But I'm not that beautiful compared to your ex-wife

Lu : (Smiling then tap her head) silly, you're more than beautiful compared to her and have you not realized that all mens are always looking with you?

Cindy : Me?

Lu : Uh-uh but for now can I kiss you? (she shyly nodded and the two shared their first kiss passionately and then when they out of breath, he release and said) I will drop you off

Cindy : I live now in different residence, so I will just stay where you live.

Lu : Are you not afraid that I may attack you, huh? Don't underestimate me because I'm a Man after all and you know already that I'm a divorcee.

Cindy : If you will attack me then take responsible for it.

Lu :

Cindy : What's wrong?

Lu : Uhm, don't laugh at me but... (he paused)

Cindy : But?

Lu : I'm still a v.i.r.g.i.n man and my chastity is still intact.

Cindy : Impossible, you've married for 2 years and (paused when she notice his expression) really? (then he nodded) I see

Lu : You're not going to laugh at me?

Cindy : Why and do I need to laugh just because you're still a v.i.r.g.i.n? It only proves that you really love your ex-wife because you're waiting for her permission. Geez, you really have such a blind ex-wife since she divorce you but well I'm glad that she did it because she didn't see what I see to you.

Lu : Thanks and by the way let's get married tomorrow.

Cindy : Okay

Lu : Are you sure?

Cindy : Uh-uh but it Sunday tomorrow, so how are we going to register our marriage?

Lu : I can handle it but have you bring everything for marriage registration?

Cindy : Hai, hai I'm bringing this because if you will agree after my confession then we will register our marriage right away so that you will be mine, you might don't know but I'm a possessive type.

Lu : Same here, I'm also a possessive type so I won't consider divorce again and I want to have a family now but of course if you don't want then I won't force you.

On the next day, the two really registered their marriage without informing their parents, friends and colleagues. Every weekend Lu her husband always picking her up until one month passed she informed a very good news and bad news to her husband.

Cindy : Wen?

Lu : (Still driving) yes?

Cindy : Set the car on auto-drive mode because I will have a good news and bad news to you.

Lu : (set up right away and said) bad news first Honey

Cindy : Today is my last day of training

Lu : Is it related to your good news?

Cindy : Yeah and I'm one month pregnant. Tsk, you're really a sharp shooter Wen, imagine you got me pregnant after we have did the deeds, so which parents of us you want to meet first?

Lu : (Already know everything about her and most of all he already used of her sharp words but still shy mentioning s.e.x and other things that related of it) it's s.e.x Honey and not deeds but which do you prefer to meet first the Hwang or the Lu's?

Cindy : Can you not specify it? Well if I inform my family then for sure it's really a bomb for them, ha, ha, ha I train to be part of the Bomb Squad but instead I got the bomb.

Lu : Yeah I bomb indeed but go to the back seat first Honey

Cindy : Y—you are going to do it here?

Lu : Yes

Cindy : Tsk, you're really unbelievable Wen and quite confident since you have a tinted glass window but don't make it too obvious (then go to the back seat followed by her husband and the two did the deeds again)

Lu : So when I'm going to know the gender of our baby?

Cindy : On my 3rd Month

Lu : Thank you Honey and thank you for everything. You're here to teach me to love again, to have you and to have a family.

All : What?

Yue : Wen is my ex-fiance Bro Bum but the two of us only meet to our first meeting and then tell both of our parents that we won't be match because both of us have already someone we like. By the way, that mistress of my Ex-Husband is here and creating a ruckus that I have cheated first to her ex-husband who I don't even know who's her ex-husband is.

All : (Except Mei and En are looking to Wen's direction then said at the same time while Lyn just thinking the same thing of them) small world it is

Yue : (Looking to where they're looking at and guessing it) don't tell me Wen is the ex-husband of that mistress of my ex-husband?

Lu : Woah, you got it right away Yue.

Yue : So you're the ex-husband of her?

Lu : Indeed

Bum : (suddenly laugh out of nowhere)

Both : (Lu and Yue) why are you laughing Bro Bum?

Bum : B—because both of you almost got married since you were ex-fiance and ex-fiancee with each other but didn't go on since you like someone else and that someone are both the person who got you married with but then they cheated, so if you think it that way then I think the two of you are the destined one.

Yue : Idiot, Wen is not my type and I solely focus my attention to my son now.

Lu : You have a son?

Yue : How about you, don't you have?

Lu : I don't but you're also not my type and now I solely focus my attention to my wife and our future daughter.

Bum : Alright stop showing off with your family because someday I surpass all of you and have 7 kids.

All :

El : You're out of topic again Bro Bum but then how about the commotion outside? Don't you have any exit points so that we can go out here in peace?

Bum : I have two entry and exit points.

El : Then let's go and we will not go out by the main entry-exit point.

Mei : Geez Bro El, if we really can go out the other door then we're not here anymore, you know.

El : Mei?

En : The paparazzi's are both blocking the two entry-exit points and so were staying here until they leave but then the said actress is still acting like a victim outside. If Mei didn't stop me then I already let them (assign private bodyguards for Din's Family – the family already know that En assigned private bodyguards for them and just let him do that because of his identity even though his family business rival doesn't know about them but just in case. Except the immediate family of En since they all know about the Din's Family Members but not their identity only En knows. Rei also has two hidden bodyguards who's always following her wherever she goes) drag her to the police station.

All : (Except Mei, El, Lyn and Lu's couple) them?

Both : (Lu's Couple) the police officers of course and who else aside from them? 'This Man is not a simple man as the way he's looking is'

Bum : I see, so then are we staying here until they leave?

Lu : That woman is not that easy to back out so we only have one choice but needs R help, I'm alright about exposing my past relationship to her and prove that I'm not the one cheating but instead it was her.

El : Are you alright with that Bro Lu?

Lu : Yes, so El you can contact R

Bum : Wait Bro El have R contacts?

Lu : Idiot, El is a full Ceno and R is always open for Cenos help so that's why R leave the number to their Government Authority.

Bum : And how did El have contact of it?

Mei : (Helping her Bro El, since his not good of making excuses) My En, you have my passport right?

En : Yeah I have (then give the passport to her)

Mei : Thanks My En, by the way Bro Bum here (showing something to him) this is R email and every government ID of Cenos have R email.

Bum : Woah amazing and can I copy it?

Mei : You can but then you will only got a reply from R if indeed you're in need of help.

Bum : Then, then can I ask R instead?

Both : (El and Mei) You can

Both : (Wen and Yue) no you can't and his way too idiot for that one, so it's best if the two of you will ask R instead of him since Teacher Mei and El are both Cenos

Bum :

Both : Oh, I see

Lu : Alright both of you contact R

Both : Okay (then both of them got their phone and send an email to Rei as R for the first time in their life)

El Message in Ceno

[R need help here in the SB-SA Snack Bar and Coffee Shop, S Main City, S Country. Just investigate what happened and thanks in advance, Din El]

Mei also message R at the same language and in Ceno

[Need help R and we can't go out here in the SB-SA Snack Bar and Coffee Shop, S Main City, S Country, Jang Mei]

At the same time both of them received the same message in Ceno

[Copy and noted but need to verify, R]

Chapter 294 - Trouble Magnet

After messaging R, the two siblings just relay it to them around at the same time and they just wait for R actions while chatting with each other meanwhile at Jun Tae Woo-Jun Lou Rei Residence, the couple are preparing dinner for the family while the other members are waiting in the living room. Yes, Yuhan is now with them since he got informed by his mother thru message that she will pick him up in here so he have a free ride from Jinyu and talking with his friend. Rei just assisting her husband preparing foods and then heard two notifications from her phone and then notice that she got an email as R.

(In Ceno since her parents in law are with them and they chat in Ceno)

“Someone needs my help Dear”

“You can help thru your phone right, Hon?”

“Yes why”

“Then just do it here because I’m preparing our foods and don’t leave out of my sight”

“...” got speechless

Hearing no response from his wife, he ask again “you won’t?”

“I will, Dear” (get her private phone, then open her email and just found out that it’s from her siblings)

(Turning off the stove then approach his wife and stand beside her) “from them?”

“Yeah, they’re in the same place and maybe inform me thru email since they were with their friends.”

“I see but what happened?”

“Connected with the issue of this articles (just showing him a picture since it’s was a famous issue then Rei explaining quietly for avoid being heard by them)

Read then commented “what a small world it is.”

“Indeed Dear but this siblings of mine are really such a trouble magnet.”

“I think it’s the three of you Hon”

Confuse by what she heard from Tae “huh?”

“Nothing (then kiss the top of her head and said) continue with your work since I’m also doing mine”

“Okay” (then Rei just continue her work and after 15 minutes, she stand and approach her husband then giving a back hug)

Notice his wife expression and ask “what’s wrong?”

“How come she didn’t realize that Bro Lu is such an amazing man? She’s an idiot for leaving Bro Lu but then I’m glad that she did it because Bro Lu got married again with Lady Hwang or rather My Friend Lina”.

(Ignoring the other part and only focus the description of amazing man that he can’t help but got jealous) “you’re fantasizing another man, Hon and your Husband heard it clear and loud”

(Slipping her hand through his shirt and c.a.r.e.s.s his body) “you ignoring the most part and only focus that one because after that I said that she’s an idiot for leaving Bro Lu but then glad that she did it because Bro Lu got married again with Lady Hwang or rather My Friend Lina. Most of all. I only see Bro Lu as an Elder Brother because his my Brother’s Friend.”

(Turning off the stove to avoid burning the foods and now facing his wife) “but he did meet you before me you know.”

“Yes I meet him before you but I already know you Dear and most of all you’re the one I got married, so don’t be jealous over for nothing okay. You’re the only one I love and ...”(got stop because her husband kissing her passionately)

(Release the kiss and let go for a moment because he replied to his wife) “I know but I can’t help it” (then kissed her back but before going deep someone interrupting them of course it’s not Mei since the trouble is still magnet to her)

Someone saw them and interrupted them by clearing his throat “ehem, ehem. I guess it’s best if the two of you will doing it in your own room and not here in the Dining Area since we have kids here, right?”

(Let go of Tae and shyly greeted him before running away) "hello Dad" (then running away)

Reminding his wife "you don't need to run Hon, you know".

"Silly I didn't run because I'm just running away" (then leave the Father and Son alone since she can guess and sense that her Father in Law have something to say to his son, her husband.)

"..." got speechless by his wife reactions.

Calling his Son attention because he still looking to his wife "Tae?"

"Yes Dad?"

"This is my concern only and not interfering your life but when are you having a wedding ceremony?"

"I already have my plans Dad"

"Rei is such a good woman and kind, Tae, so you would never found someone like her again if ever you got separated with her. I know you already registered your marriage but what if one day, she will find a better man compared to you? I know she loves you but what if only? It's not her lost but it will be yours Tae, both of you are working from the Entertainment Fields but she's different from yours since you are an artist and she's a Manager. I don't know how many ex-girlfriends you have since Rei is the only one who you got introduce to us and now you're wife but Tae you need to disclose it with everyone and claim that she's yours. You know how she excel in almost everything, so you need to let everyone know that she's your wife because if you won't then what if, one day she might found out that you're nothing compared to her and leave you alone without care."

(Already got upset the moment he heard this but continue listening to his Father as sign of respect and can understand him because it's his own POV, so he just replied calmly) "Dad, Rei is not like that and she would never do that to me that one. I know her more than you Dad, so just trust me alright? 'And for sure Dad, you don't know how messy the Entertainment Fields are and behind the scenes. I didn't tell you about that one to you Dad and to everyone [his family members] so that you won't get worried about me. If I can really disclose our relationship that easily then I already did it after we become official."

And because of how messy the Entertainment Fields are, I've never did that and will only disclose it at the right time'.

"I trust you Tae and hope you were right because look what happened to almost celebrities here. Some of them leaving the husbands alone and finding another Man."

"Rei is not a celebrity, Dad"

"But what if she will become one someday? She have looks, a real beauty and can go on par with the celebrities here".

"She won't Dad, trust me"

"Alright that's all, tsk what a trouble magnet you are? As your father, I'm just worried about you Tae and it's not meant that I oppose Rei instead I always hope that she will be your wife forever and always stay at your side until the end" (then leave right away)

(He didn't heard the last part since he got upset with his Dad and just keeping quiet to avoid saying hurtful words to his Dad) " _"

(Notice that Rei standing at the corner of the dining room and ask her) "you heard us?"

"Sorry Dad and it's not my intention to eavesdropped your conversation with Tae."

"I see but I Hope you understand my concern as a Father of Tae"

"Yes and I understand you Dad"

"Alright go to your husband and comfort him since I guess I got him upset because of me."

“Okay” (then she approach Tae right away without noticing that her Father in Law is the one eavesdropping them intentionally) “Dear?”

Didn't notice his wife because his mad and angry toward his Dad “__”

(Already know that his upset, so he just give him a backhug and said) “I heard everything and it's not my intention to listen it but then my body won't move and got frozen for a moment.”

Feel the hug and slowly calming down then heard his wife “I didn't expect that Dad is against you, Hon.”

“No his not Tae and I guess you didn't heard the last part of what Dad say to you”.

“.....” Speechless because he really didn't heard that part and not even heard of his wife and Dad show conversation.

“Silly, and listen Dear. This is what Dad told you before leaving (then she repeat what her father in law said but skipping the Trouble Magnet part since his not according to her)”.

“I see but still Dad is doubting you Rei”

“Let's put it that way that Dad doubting about me but he just did that one because his concern about you Tae, you're his only Son after all and Dad don't know about me because you are the only one who know about me aside from my family, so instead of worrying about that one, I guess I will prove that Dad is wrong with his judgement and you are the one who's right.”

(Facing his wife in front and c.a.r.e.s.sing her face) “Geez, Dad is talking bad about you but then here you are, you did not feel wrong but instead understand him.”

“Geez Tae, misunderstanding is the most crucial things in terms of any relationship. So if we need to strengthen our relationship, we need to understand each other.”

“You and you're family members are really something, you know”.

“Nah they just look like that but sometimes they were questioning me in secret that what if you just toying with me, you know”

“Are you sure they did?”

“Hai, hai but they just ask that one because they were concern about me”.

“And what did you reply to them?”

“Any guess?”

“Don’t tell me that your reply is also the same what I reply to Dad”

“Bingo, geez you’re really my Man after all because you also replied with the same reply to our doubtful parents.”

“So it’s Mama Aya who ask you that one and why you didn’t tell me huh?”

“I did, remember?”

“When?”

“I did tell you that and it’s during Meng Feng wedding.”

“How? (then remembered it) ah, you did tell me but after we ...” (got cut off by her wife)

(Already stop him before that words comes out from his mouth by covering it and just said to him) “you don’t need to said it loud, you know”

Tae amuse by his wife fast reaction so then he just lick her hand from his mouth and just received a hard pinch to his partner from her own wife that cause him to scream out loud that cause the kids to running out where they are and asks in concern. Both Tae's parents and Aya are seating in the couch in the living room without worry since they thought that the couple are just flirting. Tae's Dad already leave them alone after his son facing his wife to avoid getting caught by him that his eavesdropping them.

"What's wrong Tae / Uncle Tae?" (All ask in Sean and Ceno)

Rei : (making excuses and said in both Sean/Ceno while acting concern eventhough she's the one at fault) Tae just accidentally touch the hot pot.

Ken : (Ceno) that scare me out and you need to be careful Uncle Tae.

Ellyn : (Ceno) did you already apply the ointment, Auntie Rei?

Lynel : (Ceno) Uncle Tae even you're a good cook, you still need to be careful okay?

Yuhan : (Sean) So not only us kids who will accidentally touch the hot pot.

Ren : (Ceno) Are you alright Uncle Tae? But at least you scream different from Dad.

Tae :(got speechless and then looking to his wife who have a looks as if saying 'serve you right')

Rei : Alright go back to the living room and we will call everyone after the foods ready.

All : Okay!

After all the kids leave, she ask concern and real this time "did I really pinch it hard?"

"Yeah you really did Hon and it's not a pinch anymore because it's like you're crumpling a paper just now."

“Sorry Dear”

“I accept your apology Hon but don’t do that again or else it won’t function anymore and both of us can’t be satisfy anymore every our making out.”

Didn’t heard him since she’s now very concern to him “__”

(Notice his wife looks, so he hug her while comforting her “it really hurts but it’s alright now”.

(Looking up to him and ask) “really?”

“Uh-uh (then feel the tight hug from her) you don’t need to worry, you know. Don’t worry you really didn’t injured me, promise (and Rei just embrace him smoothly before letting him go since they still need to continue preparing for their foods. Rei preparing the plates and utensils while Tae continue cooking one dish who almost got forgotten by him) “by the way Hon?”

“Hmm..”

“Since when did you know how to act?”

“Eh. did I?”

“Yes you really did and I guess you’re also suited to be an actress, Hon”.

“Really?”

“Uh-uh”

“Then if I would be then I only have one pre-requisite that they can recruit me to be an actress.”

“And what is it?”

“That I will have you as my permanent leading man because I don’t want to be paired up with another man”.

“Even they offer that you will be paired up with the hottest star Bi Yu?”

“Who’s Bi Yu?”

Got speechless and ask to confirm) “for real?”

“Yes but wait I will search first about Bi Yu”

“No.... (but Rei already search about him and heard her continuous comments about him)”

“His not that handsome Dear and for my opinion you’re more handsome compared to him. Geez, are all Senians blind? How come they’ve become crazy if they will see him even the celebrities including the married one? Well except for Goddess Li, Actress Nan Ha, Lady Hwang, Mom, Sister in Laws and all others Senians Ladies that we both know that they only have one man in their life. Oh, not that I’m judgementing them since every country have their own hottest star so it’s their own choice, so you can’t control them since it’s their freedom to like but how come his the hottest star?”.

‘I think it’s you who’s blind Hon and you’re eyes are quite bias but glad that you only see me. Even you’re judgement for others are quite bias’.

Staff : Please excuse me Ma'am but do you have any reservation?

Yui : My husband is there.

Staff : Is your husband made any reservation here Ma'am?

Yui : (trying just in case he did) yes and my husband name is Lu Wen.

Staff : (Looking to the reservation list) sorry Ma'am but we don't have Lu Wen from our reservation list.

Yui : How about Song Yue? (she knows her CEO Ex-wife name since it's very famous in S Nations and only know that she's just an ordinary girl that got married to the famous CEO Casanova)

Staff : Yes we have Song Yue from our reservation list but she's not your husband Ma'am,

Yui : Yeah but I need to ask one question

Yui : (get her phone and show Lu Wen photo before asking to the staff) is this Man and Song Yue are always frequent here?

Staff : Yes Ma'am both of them are always frequent here

Yui : When?

Staff : I'm already working here for almost 2 years and since that day they are always frequent here but they have different.....(then realized that the one asking him is not around anymore) where is she and why she ask about Lady Song and Sir Lu Wen?

After she heard that they're always frequent here for 2 years, she's suddenly running away and seated at the bench near from the shop.

Yui : He said the he love me, that I'm the only woman he loves and yet both of them already dating after our divorce but that Song Yue, she still married to that bastard. How dare she expose me that I'm cheating when indeed she's also cheating behind her husband back? You dare to expose me because I'm banging with your husband and yet you already banging my husband without our knowledge. Song Yue you're just an ordinary girl but you suddenly expose me when indeed you're also the same. Sorry but I will also do what you did to me.

She go to where's no one around and start applying makeup to her actress image. After making sure that she looks alright, she then walks like a homeless person and in a devastated state before pretending to fall when she notice that some paparazzi is lurking around in the same area.

PB1 : (Lurking around to disclose Lady Song Publicly and notice someone falling in the ground) hey, are you alright?

Yui : (Bingo and she got the paparazi attention) Yeah (and then start acting by crying)

All : Is she the Blacklisted Actress Xue Yui? (some of them start gossiping about her the moment they recognize her and then taking picture before uploading to their SNS)

PB1 : Are you alright Miss Xue Yui? I'm a reporter, do you mind interviewing you?

Yui : (acting shocked) y—you are a reporter?

PB1 : Yes but don't worry I will just interview you why are now in this state?

Yui : I—I....

PB1 : Just relax and calm down, we are here to listen your testimonies.

Yui : We?

PB1 : (nmaroare ovuq frt flc) lm jvfo vfnnur? Wvw fzu wmp rmj iacu oval?

Yui : 'How fast that they already here? But well thanks to them that my plan will be success for sure' (without knowing that her picture is now trending to the whole nation and this reporters are reporter from every media outlets because it's the Song Jewelry Corp premises) I know that you only know that I'm mistress of my former CEO but then after that I got married from humble man and accepting everything about me but then CEO ex-wife still avenging me for what I did.

All : (Reporters) eh, what do you mean Ms Xue Yui?

Yui : (start crying and explaining) my husband is frequently meeting up with Song Yue at that shop and I just found out today because I sense something wrong to my husband (then some reporter are now blocking both entrance-exit ways to the said shop while some are interviewing her now) 'this idiot reporter'

R1 : Are you sure that it's your husband and Song Yue ex-wife of Min Yu?

Yui : Yes, he is my husband and she's Song Yue

R2 : But that shop is known to have reservation first before you can enter.

Yui : I just ask one staff of this shop and here his statement (put her phone on loudspeak mode and play the record audio that she just record before asking the staff)

R1 : Alright keep blocking both doors because we won't let this cheaters escape (then tried to enter but got stop by the same staff)

Staff : Sorry Sir but you can't come in easily.

R1 : Dm wmp vfsu Smre Ypu, Mar Yp uk-jadu ar wmpz zuluzsfoamr ialo?

Staff : Sorry Sir but I think you're talking with different person.

Yui : You're lying, you told me that you have Song Yue in you're reservation list and they're frequent here along with my husband.

Staff : Is Sir Lu Wen you're husband?

Yui : Yes he is

Staff : But Sir Lu Wen already divorce for almost 2 years and it happened 2 years ago.

Yui : You're lying, you're lying I and my husband are still married and both of us love each other.

Staff : Sorry Ma'am but all of us here, the staff know and aware that Sir Lu Wen already divorce to his unknown wife for almost 2 years.

Yui : And how about Song Yue?

Staff : The Song Yue we know is not the ex-wife of that bastard.

Yui : Don't lie and I just record what you answer to me when I ask you awhile ago.

Staff : So you're that Lady who suddenly disappearing without finishing my statement. Yes I just said that they're here frequently but I think you got the wrong person because we both talking with different person with the same name. You have Sir Lu Wen picture, are you perhaps a stalker to Sir?

Yui : What the heck? His my husband, you heard me, his my husband and that Song Yue is the ex-wife of Min Yu who cheated behind my back and that man is my husband (then start crying and answer everything whatever the reporter questions to her)

She continue with her acting and speaking half lies and half truth without knowing that all reporter who's blocking the entrance-exit ways received the same message from R.

[Stop pretending that you're also a concern reporter when indeed you are not. Leave right now or I will investigate all of you, one by one. Try Me, from R] after reading this message all the reporter leave at the same time and then check the message again but the said message is nowhere to found.

All : 'What the? Is R always monitoring the Security of S Country?' (then suddenly all of them shivered and leave the blacklisted actress alone)

Yui : Hey, whete are you going? I'm not yet d...(got disturb by her phone message tone)

[Miss Xue Yui, you didn't rotten in Jail because you only climb to your Ex-CEO bed but I think it's not enough for you. Continue with your acting like a victim and this divorce agreement with your ex-husband will be expose in the whole S Nation. Not only that I will also expose your intimate videos with your Ex-CEO when you're still married with your ex-husband. Go clear with that fake allegations of yours and make a public apology for almost tainting the name of the ex-wife of Min Yu and you're ex-husband. Give you 5 minutes to do that and if not then sorry for not listening my warning. R]

Yui : (smirking and said) tsk, pretending to be R then I will expose and post this number that you're pretending to be R and let's see who's going to get in jail today.

She got a screenshot and post it right away before it got deleted but then unknown to her, only the message got posted to her SNS Account and not the number since it will be automatically deleted after reading the message but then R allows it so that she will got bitten by her own schemes. She's laughing like crazy without knowing that her divorce agreement got expose to the whole S Nation.

[R here, Ms Xue Yui didn't listen to my warning and instead she post my warning on her own SNS Account. This is her divorce agreement with her ex-husband LW, I concealed her ex-husband name since he didn't offend me and as for her Intimate Scandals, I won't expose to the public since Min Yu already got punished by the Government Authority.

I'm here to protect all Senians in both Securities and Safety as I signed an Agreement from S Country Government, so this is only a sample for everyone who's going to challenge me and not listening to my warning. I only investigate if it's verified report and will know who's the victim or not before attacking.

As a saying goes an eye for an eye and a tooth for a tooth]

After that warning, all the reporters who have received a warning from R suddenly feel shivered and oath to their own that they only report what's fact and not assumption or fake reports. As for Xue Yui, she still not aware what happened until on the same day, she got caught from the police officers for making allegations.

Yui : Hey, I think you got the wrong person (still not aware what happened)

PO1 : You have right to remain silent.

Yui : I said you got the wrong person and go catch the pretender, I have evidence for that pretender.

PO1 : You mean that? (pointing all the billboard screen news everywhere and not only R warning because after R warning the S Government also give their statement to all Senians from the spokesperson thru interview)

[No one can directly get a number of R but rather I got surprised that this Ms Xue Yui got a screenshot of R warnings when in fact after you read the message it will delete automatically. Look with this Screenshot from Ms Xue Yui, other than the message why only the number got deleted not including the message one? She even put a caption about a pretender and declared who will be the one get in prison.

Warning to all Senians, R is not easy to contact with, since we only communicate R thru email and all of us only knows that R is from C Country but only that one because we don't know who's R and everything about R.

We have laws, so Ms. Xue Yui will have a due process for her investigation but sadly she offended R and all her evidences that she's cheating during when she still a committed one got retrieve by R and already send to the court since they are the assigned authorities. R also clearing the name of Song Yue, Min Yu ex-wife. She's not a cheater and doesn't any have relationsh.i.p.s to her ex-husband. Ms Xue Yui make a wrong allegations to both innocent ones, so we surely punish the wrongs ones. We will not become blind of this case just because you're a Senian Xue Yui, rather than that it's very embarrassing to us because R is known that came from C Country, but R helping everyone in needs especially to our fellow Senians who got bullied. You're lucky enough that R give warning to you from that mysterious message from R when in fact, all of us here even from C County only have R email. We signed an agreement from R but it's only thru email since no one knows R identity] and this statement always repeated after it's done for all Senians to know including R's warning for Xue Yui.

After seeing that statement, Yui feel ashamed and this time she can't go out freely because she just realized that she make a big mistake this time while the Police Officers just drag her to the police station without comment and feel pity because this lady here didn't even listening R warning.

Meanwhile at the SB-SW Snack Bar and Coffee Shop, the staff informed right away to his boss, Lady Song, Sir Lu Wen and their other guests.

Staff : (knocking the door first and then heard his permission) Sir, it's alright now.

Bpq : Wvfo tat wmp lfw?

Staff : It's alright now Sir

Bum : 15 minutes passed since we are here in this room and it's already done?

Staff : Yes Sir, I don't know what happened outside but then the reporters who block both entry-exit points suddenly leave while that lady got caught by Police Officers.

Bum : Alright you can go now

Staff : Yes Sir

Bum : Alright everyone let's go and it safe to go out(then just realized that all of them outside and waiting him)

All : (Except Lyn and Lina) Bum / Bro Bum?

Bum :(speechless but then follow them right away)

The 4 couples go out and then they heard the statement from the spokesperson first and then see R warnings. All of them are seriously watching the news and then converse using the Universal Language quietly to avoid being heard.

Bpq : Wmfv, lpzuiw R al zpoviull oval oaqu.

An : Yeah and I'm taking notes all R achievements but this time R is ruthless.

Chapter 298 - Back to Normal

After that, their guests whose happened to be friends of each siblings are now leaving while the family members are taking family picture after the couple got their babies from their room. The three husbands are setting up the camera and set up time by time since each family have their own camera.

After taking many shots, the family are now sleeping to their own room since they will leave early for their hometown and back to normal by getting separate to their family members Rei since they already know and aware that Rei will forever stay here in S Country because she's now a married woman to a Senian, a wife and a mother.

Around 5am, all family members including Tae's parents, well except for the two little angels are now awake and bid their farewell to Rei's new family members. After bidding their farewell, they left and around 40 minutes they arrive, both Jang Couple are messaging Rei at the same time and said that they arrive in the airport in safe and the rented van already returned to the assigned personnel. Meanwhile the Jun couple are seating in the couch and looking to their babies while chatting.

(She suddenly remembered something and ask her husband) "ah, by the way Tae?"

"Yes?"

"Since when did you bought the camera?"

"I just bought it last week and that the day before coming back here from the concert."

“Ah, I see”

“Are you mad that I bought this without your permission?”

“Nah, I’m not and I just wondered if it’s your own money since you didn’t use our joint account.”

“And you want everyone from the team to know that I’m married with you by using our Joint Account?”

“Eh, you bought it with everyone around?”

“Uh-uh because it’s our rest day after the concert and before coming back here, so then Manager Han decide for us to do what we want that day”.

“With the Manager around?”

“Uh-uh since they also bought souvenirs for their families”.

“I see”

“Ahh, that’s right.”

“Mmmm..... (but then pause since she heard a lot of shutter sounds and that’s the only she notice that Tae taking many pictures of her and then to their babies while reminding him) give me that one later”.

“Why?”

(Tap his head and said) “Silly, I need to be sure that it’s secure and protected by me”.

“Ahh, that’s right”

“Uh-uh then (grab the camera from her husband) go and carry our babies so that you can also have a picture with our twins”

(Just follow his wife command and carry their babies one by one while his wife taking pictures of them then said after Rei taking pictures) “let’s have a family picture Rei”

“Okay and after taking a family picture of us, you will have a lot of photoshoots with our babies before you become busy again.”

“I’m not only the busy one but also you Hon, remember?”

“Yeah but I will be busy on December 01, so I’m free at the moment.”

“Speaking about coming back to work, are you sure that you’re going to continue to work?”

“Well I did follow your suggestion before you leave from the concert and I said to Mr. Hwang that I will be temporarily not working because of our incoming babies and come back to work until they learn to walk but...”

(Interrupting and continuing his wife sentence) “but Mr. Hwang didn’t agreed and just instruct that you can work temporarily between 9am to 11am and then 2pm to 4pm before working back to normal, am I right?”

“Ouh, how did you know that one?”

“Of course I know because you’re my wife after all.”

“Mr. Hwang always giving me exemptions and he really treat me as his daughter”.

“At least he treat you as his daughter or else I might punch him if ever he take a fancy of you”.

“(Tap his head) don’t let your mind running wild again”.

“My mind is not running wild and I’m just on standby always since Mr. Hwang is also a Man and of course my wife is very pretty even though I know and trust Mr. Hwang but temptation is beyond the limits and out of control, so need to be alert in order to protect my wife”.

Got amuse of her doting husband and commented “you’re really easy to be and get jealous Dear”

“Of course you won’t know since you never feel jealous over me”.

“It’s because I trust you that much”

“And how about me?”

“...”

“Alright, alright let’s stop with this nonsense topic and we both know that we trust and love each other.”

“Right, go and interact with our babies and I’m taking photos for the three of you.”

“How about you?”

“No worries since you already take many pictures of me.”

“.....”

“Now act normal as if I didn’t capture any photos of you.”

Then automatically Tae interact with their babies normally and then Rei take pictures like a professional one. The couple are both immersed with their things and didn't heard that Tae's parents are already calling them for eating their breakfast since they let Rei's family members eat first since they're going to leave early for their flights while Rei didn't join them since Tae and her in laws are not yet eating and just joining them since they are now her new family members as Jun.

Dad : Tae and Rei?

Both : (didn't heard him since both of them are still immersed with their things like Tae busy interacting with their babies while Rei busy taking picture of her husband and babies)

Dad : (already called many times but then the two still didn't heard him, so he have an idea and said it loud) taking pictures with the newly born babies is bad omen here in S Country.

Both : (heard him and react at the same time with a fl.u.s.tered expression) A—are you sure Dad?

Dad : Just kidding and come, let's eat now.

Tae : Geez, don't joke like that Dad. Do you know that you really scared both of us?

Dad : Well I already called you many times but you didn't heard me, so I just making that one.

Tae : At least just use another example and not our babies Dad.

Dad : Ohh, sorry.

Tae : It's alright Dad and it's our fault that we've been immersed of our things.

Dad : No worries, so then how it feels to become a father Tae?

Tae : (just smile and looking to the babies who still sleeping since his singing a lullaby to them then heard a shutter sound) not yet done, Hon?

Rei : Ha, ha, ha and it's rare for you to have a subtle expression so without thinking I press the shutter right away (then approach to him and let him see the photo that she just take) look, this is the real you without any facade of being a chic and quite type, so aside from me, nobody knows this side of yours including your family you know.

Tae : (looking to the photos that his wife just take and going to hug her but stop when he heard his Dad)

Dad : Ehem, ehem I'm still here Tae and you can do that inside your own room.

Tae : I'm just going to hug my wife and not doing of what you're thinking Dad.

Dad : Who knows Tae because you're my Son after all.
