After that the couple leave Jinyu alone in the living room since they will pack the foods for everyone. Tae helping his wife since his parents are now baby sitting the Twins and then the two suddenly heard Jinyu.

Yu : Ken why are you so slow, huh?

Ken : Geez why only me? It's not only me you know because Ellyn also eating 2nd portion of her cake.

Yu : Ellyn is an exception.

Ken : Tsk, tsk what a bias and by the way Bro Jinyu if you always being grumpy just like this then you will really become old man at an early age.

Yu : (Ignoring him and assisting Ellyn by carrying her bag)

Ken : If you will keep ignoring me then you won't have cake later especially its you're favorite flavor Bro Jinyu.

Yu : Chocolate Cake?

Ken : Hai, hai, why you don't want it?

Yu : I want it, did you get me one?

Ken : Of course, I'm your friend after all.

Yu : Thanks

Ken : You're welcome (bidding farewell to his Uncle and Auntie) Auntie Rei and Uncle Tae we're going now.

Rei : Yes and be careful

Ken : Always Auntie (then talking to Jinyu) neh Bro Jinyu?

Yu : What?

Kur : I bpl0 jmrtez jvw fii md mpz Tufhvuzl rusuz iuo pl gu ar ovu lfqu ezmpn?

Yu : I also wonder that one.

Then the two continue talking about class while Ellyn just following them.

Tae : Those two will become more best buddies when they grow up.

Rei : Yeah Dear

Tae : Ahh, that's right you still not telling me about the Jang Corp.

Rei : Ah, that's right but later Dearn and after we're done packing this one since Sis Wen will be coming here around 9am (but then as she said both couple heard the door bell sounds)

Tae : Are you expecting another guest beside Sis3?

Rei : No (then notice that Tae walking out and reminded him) Geez Dear you need to know who's the guest first before opening the door.

Tae : Yes Hon but if it's the Team then I wouldn't be afraid now by hiding our relationship to them.

Rua : Wuii omm gft larhu ovu Tufq al ar ovu Lasu Rftam Svmj ar Suvp Caow fo oval oaqu.

Tae : As expected of our Time Manager (then walk and go to the door but before opening the door he look through the monitor screen and just notice that it's her sister and look haggard)

Rei : (follow her husband and also notice her sister in law) what's wrong with Sis Wen?

Tae : Don't know Hon (then open the door and ask her Sister) what's wrong with you Sis3? You look like a zombie, you know.

Wen : It's suck Tae-nya and I only have an hour left or else I will be late.

Rei : Eh, then where are the shooting located Sis Wen?

Wen : In Sehu City

Tae : The team are there so you just give their food packs to them and we will be the one giving for Sis1 and Sis2 portions.

Wen : Thanks Tae and by the way, can I borrow your bathroom?

Tae : Don't tell me you didn't take a bath yet?

Wur : Yufv, wufv larhu I bplo em tazuhoiw vuzu fdouz jfcare pn frt bplo gzare qw himovul dmz omtfw.

Tae : So you have a short notice from your Team but right now go and take a bath right away or else you will be late.

Wen : By the way Tae-nya Happy Birthday (then give a kiss on his right cheek)

Tae : Eww, you're stinky Sis3.

Wen : (Speechless and then ask) by the way where's Rei?

Tae : She add rice for your food pack.

Wen : Woah, woah, what a mindful Sister in Law I have and if I happened to be a man then I would be a rival of you Tae.

Tae : Let's continue chatting since you wanted to be late, right?

Wen : Ah, that's right (then go right away to the kitchen restroom and take a bath but before that she heard her Sister in Law)

Rei : Sis Wen I also put water bottle in your food pack.

Wur : Yul frt Tvfrc Ymp Rua, I Lmsu Ymp

Tae : Rei is not a lesbian and she's my wife.

Wen : Idiot (then enter the bathroom right away)

Tae : How long from here to Sehu City?

Rei : 40 minutes

Tae : Oh, then Sis3 need to take a bath for 5-10 minutes or ..... (didn't finished since Wen just got out from the bathroom.

Wen : Done

Tae : What the? Are you sure you are taking a bath? And don't forget you're a woman Sis 3.

Wen : Duh, I'm aware that I'm a woman but I just wash the important parts and washing my face that's all.

Tae : .....

Rei : Here Sis Wen it's for you and the Team portions just drop it to Manager Han at DOJ Radio Station Entrance since I already informed him as Tae.

Wen : O—okay 'she's really a Manager indeed'

Tae : You need to be careful okay and now go or else you will be late.

Wen : 'This brother of mine' (then leave right away because she will be late if she will argue her Tsundere brother)

Rei : So whom are we going to give their share first, Dear?

Tae : Let's go to Sis2 first and then to Sis1 at her house.

Rei : Okay (then the two knock the guest room)

Mom : Yes what is it Tae and Rei?

Tae : We're going out in order for us to give Sis1 and Sis2 portions since Sis3 have another short notice from her works.

Mom : I see

Rei : We're going after feeding the twins Mom

Mom : Okay, I and your Dad will be watching drama today.

Tae : Yes Mom and you don't need to ask us because it's like your Second Home you know and feel free to use.

Mom : Yeah but need to report to both of you as the Host of the house.

Both : .....

Then Rei b.r.e.a.s.tfeeding Woo Rei first since she's the first one waking up followed by Rei Woo who just smiling as if happy seeing his parents looking to him.

Tae : (Carry Rei Woo since his wife still b.r.e.a.s.tfeeding Woo Rei and said to his baby boy) Mama and I will be going out for awhile so you and you're Sister will behave, okay?

Rei Woo : (just smiling as if he understand)

Tae : (Notice that Rei already lay Woo Rei back to her baby crib and ask) done with our baby girl?

Rei : Uh-uh (then get Rei Woo from him and b.r.e.a.s.tfeeding him while Tae just watching his wife and Son)

Tae : Ah, that's right I will update my SNS Account.

Rei : You're phone is in my pocket Tae

Tae : Yes Hon (then got it from her pocket and update his SNS Account)

[SNS Account Update : Picture of Chocolate Cake Only and then caption of 'Spending My Birthday with Family is really the best presents ever] and then after his post the Managers, His Family Members, His CA Families from Entertainment Fields, Fans and Media's greeted him back and click the like button then share his post.

Tae : Too bad Hon, you're the only one who can't like and give comment to my post.

Rei : Yeah since if I will then it looks like we're disclosing our relationship to them.

Tae : Can you do it as the Artist Manager?

Rei : Nah, not a best option Dear since only the CA Family Members from the Entertainment Fields know that I'm the Artist Director, look have you ever seen that Lina also did that as the Artist Director?

Tae : Nah aside from Mr. Hwang no one else from the higher ranks commented to someone in CA Entertainment.

Rei : Yeah since they're too private but then I can still comment on your post Dear.

Tae : Eh?

Rei : Geez Dear you forgot that I'm an Unofficial Fans of yours, remember?

Tae : Then the Team will know that it's you.

Rei : Nah they won't because my profile pic is you and then my Username is Lou1110.

Tae : Ahh, that;s right and where's your phone?

Rei : Inside my pocket (then Tae got her phone from her pocket and then lay Rei Won on his baby crib, fixing her bra and shirt then got the phone from Tae)

[SNS Account as Lou1110 : Like the picture and then comment : Happy Birthday @JunTaeWoo and I will always support you forever, LOVE YOU]

Tae : (Curious what his wife post and ask) what did you post? (But heard many notifications sounds, open his SNS Account and only search for Lou1110 name then read his wife comment that cause him too blush) t—that can I reply?

Rei : You can't and it would be unfair to your Official Fans.

Tae : Oh I see then I will reply to you (then give her a light kiss and said) let's go now or else you need to b.r.e.a.s.tfeeds the twins again.

Rei : .....'this husband of mine, don't tell me his jealous over to his twins again?'

Tae : (Hold her hand and they leave the room open, go to dining area to get the food pack then said to his parents) Mom and Dad we're going now.

Both : Okay and take care.

Rei and Tae leave right away then go to S Class A Hotel and arrived around 10am while Tae just call her Sis2.

“Ring, ring, ring”

An : Good Morning and Happy Birthday Tae

Tae : Thank you Sis and we’re here at the guest parking lot.

An : Alright I will be going there.

Tae : Okay

—End of Call—

After 10 minutes, Wei An arrive at the Guest Parking Area and accept the food packs from them.

An : Good Morning Tae and Rei.

Both : Good Morning Sis An

Tae : Ah, here it is Sis, that’s for you Sis An and here’s for Bro Bum but I don’t know if his here.

An : His here Tae, you want me to call him?

Tae : Nah it’s alright and we’re only dropping this.

An : I see thanks Tae and Rei

Both : You’re welcome Sis An.

An : Don't forget my wedding next month, okay?

Both : Uh-uh

After dropping the food pack for Wei An, they are now going to Sis1 Family House and its Rei's first time visiting the Hu Family House while on the way Tae call her Sister.

"Ring, Ring, Ring"

YuMei : Hello Tae?

Tae : Sis, are you still at work?

YuMei : No, I'm at home.

Tae : Eh, you don't have work today?

YuMei : No because I'm on leave

JiMeng : What are we going to do now?

YuMei : Shh... (then hang up the call right away)

Tae : Sis? (tot, tot, too then calling again but his Sister never answer his calls)

—End of call—

Rei : (Notice her husband sudden change of expression and park the car at the safe place first then ask) what's wrong Dear?

Tae : Sis YuMei forgot what day is today and then before hanging up I just heard Bro JiMeng asking Sis what are we going to do now?

Rei : Do I need to investigate what's wrong with Sis YuMei and Bro JiMeng?

chapter 312 - The Hu's Family Matters

After hearing that question from his wife, Tae sometimes or most of the time he forgot that his wife is the top hacker around the world but then he don't want to use his wife just like that and of course only him from his family members will know her real identity since it's the Din's Family Rules that only a Din Family Members will know or a person who got married in the Family Members of Din, Tae married Rei and Rei is a member of the Din's Family Member.

Rei : (Didn't heard her husband reply and so she ask again) do you want me to investigate Sis YuMei and Bro JiMeng, Dear?

Tae : No it's alright and let's just ask Sis YuMei personally when we arrive there.

Rei : Okay (then Rei drive back and follow Tae's instruction where Sis YuMei and Bro JiMeng live since it's her first time visiting them).

Tae : (Continue giving direction to his wife and then said) around the corner, we arrive.

Rei : Left or Right Corner?

Tae : Right Hon and they have a Wooden Gate.

Rei : (Go to the right corner as what Tae said and then notice a lot of Wooden Gates) which one?

Tae : The Last One, Hon (then Rei drive slowly)

Rei : Here?

Tae : Yes, we arrived (the two got out at the same time, then Tae notice something and wondering it loud) eh, did Bro Ji and Sis YuMei own a car, right?

Rei : Yeah I saw one time at the Jun Family Residence.

Tae : (Put his hand from the hole in the Wooden Gate and open the gate manually) let's go.

Rei : Okay (then hold Tae's hand and the two walk hand in hand)

“Knock, knock, knock”

JiMeng : (Thought it's a Debt Collector again and said it right away) did I told you that we will call you if we already have money? (Then he just realize who are they after he said that one) eh T—Tae and Rei?

YuMei : Eh, who?

Ji : Tae and Rei

YuMei : (Suddenly become pale and ask) why did you come here Tae?

Tae : Do you know what day today Sis?

YuMei : November 10, why? Is it something important me to know? (Then just realize what day today is) t—that, I'm sorry Tae.

Tae : Are you not letting us in?

YpMua : Ovv, wufv hmqu ar Tfu frt Rua (ovur ovu ojm euo arlatu ovu vmplu)

Tae : Have both of you eaten you're breakfast, yet? (The two shaking their head) how about Jia?

YuMei : Jia already done eating and only us who are not yet eating.

Tae : Here and eat first before explaining it to us of what really happened here.

YuMei : Okay (accept the food packs from her brother and the two walk where there dining set located that it's only a piece of wood and only good for 3 persons then said to her husband quietly) geez, you need to check first before opening that mouth of yours.

JiMeng : Sorry YuMei, I neve expected its them since I thought it's was the debt collector again.

YuMei : Now look we've been busted and we can't retract it anymore because you are too reckless.

JiMeng : .....

YuMei : (Looking to her brother and Sister in Law) geez, it's so embarrassing and it's Rei first visit here and yet what she did see? A poor Sister in Law and yet she's a reputable Former Secretary and now one of the Team Managers of Tae. Look even without marrying Tae she's doing well and already having a comfortable Life, she even have a luxurious car and house yet her Sister in Law is just like this with a shabby house.

JiMeng : You're overthinking YuMei and Rei is not like that.

YuMei : Yeah she's not like that if she's with Tae but who knows if Tae is not around. I'm not overthinking but I'm telling the truth that she really did have a luxury house and car, so then what about her mind going, huh? I'm sure she just take pity of me or worse she disgusted with me as her Sister in Law.

JiMeng : Just eat

YuMei : Geez, what a troublesome life we have (then eat but she didn't savor the taste of the foods because of her family matters)

Meanwhile Tae and Rei just waiting for them while Rei reminding him in case her husband will become irrational and hurt his Sister unwillingly.

Rei : Dear, Sis YuMei is your Elder Sister, okay?

Tae : Yeah I know

Rei : But you're tone awhile ago is quite overbearing, have you noticed it?

Tae : .....

Rei : You need to calm down and don't be irrational, okay?

Tae : Okay

Rei : Good and don't forgot that it's your Dad today.

Tae : Uh-uh

YuMei : (Done eating but she didn't know the taste of the foods of what she eat and just ask Tae right away) so then why the birthday celebrant is here and visiting us today?

Tae : (Not in the mood when he heard his sister and he don't know why but he feels something off then ask her Sister right away) why Bro JiMenh saying that one when he open the door about paying after having money? Where's your car? And why did you suddenly hang up on me when Bro JiMeng suddenly asking you of what are you to do? Sis, say it directly to me, straight to the point and don't run around the bush.

YuMei : (Sighing then seat while giving a glare to her husband and denying to her brother) what are you talking about Tae?

Tae : What do you think of me, Sis? I'm not an idiot if you think that I am. Don't ever lie to me because I can guess there's something going on and I don't know what is it, so care to explain to me if you really treat me as your brother.

YuMei : (Still denying) I don't really get what you mean Tae.

Tae : Sis?

YuMei : (Silent and doesn't want to share it to Tae especially when he has a rich wife, only to her opinion because she don't know everything. Keeping in silent and not going to share it but then her husband is now telling everything to them)

Ji : Tae sorry for keeping it the whole time but I think you need to know (got pinch by his wife as a warning of don't say anything but he ignore his wife since he always following her arrangements and decisions but this time he won't because Tae and Rei is the only one who can help for them) I and YuMei are both got fired from work from the beginning of this year. YuMei lied to you Tae and to the Family Members that she's working from the Jewerly Fields as the Branch Manager since she's only a Sales Lady in the Mall and me about that I'm an Engineer when in fact I'm just a driver. It happened that both of the company we've assigned and working suddenly closing down last December because they will migrate to other country. We used our whole savings for the last 6 months but then for the next 4 months we borrow Money from our friend which 50,000 and until now we didn't pay them since we don't have money anymore and still looking for job. The car that we used from the day we got married until last year was the company car and for this year we rent a car everytime we're going to meet the family and spending our days to Jun Household Residences..

YuMei : Ji Meng, did I tell you not to tell anything especially if it's either one of my family?

JiMeng : .....

Tae : Then Sis YuMei when are you going to tell any of us? Are you waiting that it will become worse and you will only tell one of us if already something happened between the two of you? More worst among

possible worse imagination, we will only know it after the two of you commit suicide? Are you perhaps waiting for that to happened, huh?

YuMei : No I won't do that and I just want to solve my family matters with our own efforts.

Tae : And how about me and to our family, are we not a family of you?

YuMei : It's embarrassing okay and it's because I'm the oldest among to our siblings but I'm the one having a life like this.

Tae : Can you at least put down your pride Sis?

YuMei : You don't understand me Tae

Tae : What I didn't understand?

YuMei : You are very successful in your career, same with An and Wen. I'm the only one who's not lucky enough.

Tae : Then if you're not going to tell either me and to our Sisters then why not telling it to Mom and Dad?

YuMei : If it's not embarrassing then I already told Mom and Dad. And Tae you don't really understand my side because look even if you are not here, Rei will be going better compared to me.

Tae : And how it's related to my wife, huh?

JiMeng : Hu YuMei

YuMei : No JiMeng, don't stop me and I think Tae need to know. Tae even without you at Rei's side, she can still go on and live better because she's still the Reputable Secretary of C International and Group

Company and can come whenever she wants because of her reputations. She even become a Manager of CA Entertainment, so she's more successful compared to me when in fact I'm older than her by 15 years but look what happened to me I'm nothing compared to her. At the age of 27, she's already successful enough, she even own a luxury unit and then a luxury car. Whatever I do I can't achieve what she have because I'm just a nobody and a poor woman. And then it's Rei first visit here yet she witness how pity I am and witness how pity my family are. I don't know what Rei thinking right now but I think she already feel embarrassed and disgusted about me for having me as her Sister in Law.

Tae : Is that how you think lowly about my wife and to your Sister in Law?

YuMei : If not then what is it?

Tae : So that's the reason why you never telling it to us because you are thinking like this.

YuMei : Is that something wrong? Have you really known your wife fully? She might look like this because you are here but what if, you are not around, huh?

JiMeng : HU YUMEI

YuMei : Stop with that JIMENG and don't interrupt me because I think Tae need to know it because he might always stay blind because of Rei.

Tae : You know Sis if you are not my Sister then I already punch you even you are a woman but then look?

YuMei : What?

Tae : Rei already stopping me by holding my hand as if saying to me that you are my sister but then before I will tell you something I need to ask you first Sis.

YuMei : What?

Tae : How did you find the taste of the food?

YuMei : Is it just an ordinary taste since you just buy it from somewhere before going here, right?

Tae : You're wrong Sis and no you can't find anything like that at somewhere else since it's exclusively cooked by Rei just for my birthday. Rei is the first one who think all of you to have some in order to share my birthday celebration with the family. Sis Wen was the one to deliver this to you first but she have a short notice from her work so it's us who deliver it but it's a blessing in disguise since if it's Sis Wen then all our family members already know and aware of it now. Sis you know that out of my 3 Elder Sisters, you're the one I respect the most and the least it's Sis Wen but I think I got it wrong because Sis Wen is the one who helping my wife the most with thinking highly of Rei and yet the one I respect the most is the one who misunderstood my wife and thinking lowly of her like that. Rei is thinking all of you, she cooks a lot so that all my family members can I have it even she's now a Mother of our Twins but what she get from you? Woah, I can't believe that this is the presents that I got it from you Sis by thinking lowly of my wife. And out of all the persons I know, you're the one who's misunderstood my wife and it was my own sister, my own sister, did you get my point? My wife have treat you as her family but what did you treat to her? Geez I can't believe you Sis because I already told you that Rei got the unit and car without spending any cents from her own pocket because it's her own performances and effort of what she achieves right now. You even forgot that Rei came from a poor family, raised and grew up with their family supports to each other since the wall of the family died when Rei and her siblings still studying. She starts from zero before she become a reputable Secretary while we are not. Let's go Hon and we're wasting our time here.

Rei : Eh, wait Tae (then all of them heard a loud bang from the door because Tae closed it forcely) Sis YuMei just wait here and I will calm down Tae first (then running away and follow Tae right away)

Ji : (Just looking to his wife and console without saying anything)

YuMei : What have I done JiMeng? I hurt Tae, I hurt him and that's the first time I see him so angry and upset (then crying to all her heart content)

chapter 313 - She's really a good-natured person.

Rei heard YuMei crying but she have her husband on her side so the most needed her comfort is her own husband. Rei notice her husband standing outside the car and in a calm way but she knows how Tae controlled himself, so she automatically press the car key and Tae got in right away to the back seat before following him and seated beside him. Rei heard how he cried loud and didn't say anything but just hugging him.

Tae : (Also crying his heart out like her sister)

Rei : (Almost going to cry by seeing her husband like this but she need to be a strong-willed one and just said to him) just cry it out all Tae (then c.a.r.e.s.sing his back).

Tae : (Cry more after hearing from his wife then after 30 minutes his now chatting with his wife) I can't believe that Sis is like that Hon and how come she say that one to you like that? It's more heartbreaking for me compared from the team who didn't believe me that I'm married with you, at least they highly regard of you yet my own sister thinking lowly of you. Sis YuMei even have chance to chat with you not as a Manager or Secretary but as a family because she's my sister and yet what did she do? (Then trying to punch his c.h.e.s.t but got stop by his wife)

Rei : (Quickly hold his hand before it got landed to his c.h.e.s.t and said) no don't hurt yourself Tae, I know it's hurt hearing that one from one of your family members but just let it out and cry to your heart content, okay?

Tae : Uh-uh (then cry until no tears flow from his eyes and ask his wife) are you not mad?

Rei : Of course hearing that one I will be mad especially it's your Day today but then Sis YuMei was in this kind of predicament and been stressing out for almost a year. You know how stressful it is to have been fired out from the working place and not only her but also Bro JiMeng but then Sis YuMei is at fault since she didn't relay it to us or rather one from the Jun Family Family Members and just keeping it for almost a year.

Tae : (He raised his head and looking to his wife while c.a.r.e.s.sing her face) geez, I don't really know what I'm going to do with you.

Rei : (Looking to her husband face who's his eyes are now swollen and red from crying) look what happened to you Dear, it's your Birthday and yet you look like this. (Get her clutch then get a foundation for applying to his face) now the evidence of your crying are now sealed out.

Tae : What about you Hon? You've been wet from my crying.

Rei : (Looking to her clothes and agreed) yeah you're right.

Tfu : (Guo ovu oallpu dzmq ovu hmqnfzoquro frt janare ovu juo md vuz lvazo ovur ovzmjare ao om ovu ozflv gar)

Rei : Let's go back to them and help them okay?

Tae : Uh-uh but I won't talk to Sis because it's still fresh from my mind of what she said and think about you.

Rei : Okay but let me tell you Tae that I'm nothing without you at by my side, okay?

Tae : Okay (then hug his wife and said) you already know how much I Love You but it's still not enough for me because I'm keeping our relationship to everyone and I'm not free to be with you freely.

Rei : (Hug him back and replied) not everyone Dear.

Tae : Eh?

Rei : Both our Family Members know our relationship so it's enough for me and willing to wait when are you going to disclose it, okay?

Tae : Okay

Rei : Alright let's come back to them

Tfu : Uv-pv

Then the two got out from the car hand in hand and come back to them, Tae still the one knocking the door and the couple open the door for them but then the Brother and Sister are quite awkward to each other and you can tell that they're both crying since their eyes are still swollen from crying even though the partner of two applied foundation to covered it. They let the two seats first and then the surroundings become awkward because of what happened awhile ago. Tae didn't look to his sister and didn't utter any words but then Rei break the awkwardness and straight to the point.

Rei : Sis YuMei, you're a graduate of Jewellery Designing, right?

YuMei : Eh?

Rei : I already heard it from Tae before that you're a graduate and have degree of Jewellery Designing, so then are you willing to pursue that career of yours?

YuMei : T—that I have no experience of it.

Rei : I see but let me try it (going to get her phone but then Tae got it first and give to her) thanks Dear (then dialing Yue's number)

—Phone Call —

“Ring, ring, ring”

Yue : Yes Rei?

Rei : You're busy Sis?

Yue : For you not, so then are you willing to work now in our company or want to become my Secretary?

Rei : It's quite connected but it's not me Sis and it's my Sister in Law, she's a graduate in Jewellery Designing but she have no experience on it.

Yue : I see, so what's her name and age?

Rei : Hu YuMei, 42 years old.

Yue : Okay noted and tell her to send her resume on this email [sjewelrycorp@hr.com](mailto:sjewelrycorp@hr.com) as soon as possible and she will receive a call after assesing her profile but Rei business is business, so we will evaluate her even she's the one you recommended to me, so it's based from her performance that either she can be fully employed or only an intern.

Rei : Yes noted Sis

Yue : Is that all?

Rei : Yes Sis and thank you for that.

Yue : I didn't help much and by the way give my greetings to your husband.

Rua : Ocfw frt ovfrc wmp Sal

Yue : You're welcome and by the way you're always welcome to join here with me.

Rei : .....

Yue : Alright send my regards to Mei and to your family. I'm hanging up now, bye.

Rei : Yes Sis thank you (then both of them hang up the phone while Yue instruct the HR that they will receive an email from Hu YuMei and schedule for interview and training.)

—End of Call —

Rei : (Get her notepad from the purse and write the email before giving to here Sister in Law) here Sis, you can send you're email through here as soon as possible and then you will receive a call from them after assesing your profile, this is I can do much and it will only based from your performance, Sis.

YuMei : .....(speechless)

Rei : (get something from her purse again and then give her own debit card) I and Tae didn't bring any cash today but here, this is my debit card and you can use this for now to pay your debt with a pin code 1031.

YuMei : (didn't accept the debit card)

Rei : Accept it Sis and it doesn't mean that I take pity on you, you're my husband Elder Sister so I already consider you as my family. If you really can't accept it then just borrow it for now and you will pay it later after your family break free from this loss. It's not I'm bragging that I'm that capable but I did it because you're my family and especially I don't want Jia to get implicate with this family financial problems.

Both : (Hu couple become speechless) .....

Rei : Well I'm quiet upset of what you think about me Sis but I'm not offended because it's not true and you also said that one about since you've been facing this family matters of yours.

YuMei : .....

Rei : Ah, that's right, I can also recommend a job for you Bro JiMeng.

Tae : Enough (then suddenly change the debit card to his own card)

Rei : Eh? (Don't know why her husband stop him and then notice what her husband doing)

Tae : You've done much Hon and it's depends on Sis decision. It's their own decision if they use the debit card you give and it's also depend on Sis if she will send her email to that job you recommended. I don't want your name to be tainted by this pretentious sister of mine. Let's go Rei (stand and walk).

Rei : Sis YuMei what I told you awhile ago, I understand why you did misunderstood me since you're under this predicament but you need to tell the other family members of your situation as soon as possible so that you can't hurt their feelings and be true to yourself is more better compared to pretend of having a better life ..... (got stop since Tae interrupted her)

Tae : Rei?

Rei : Yes I'm coming, bye Sis YuMei and Bro JiMeng (then walk and wrap her hand to his arm) it's your birthday you know.

Tae : I know

Then the two leave right away and the couple heard the car engine.

JiMeng : What are you going to do YuMei?

YuMei : .....

JiMeng : It's not that I'm scolding you but as your husband, I think you better grab this opportunity and don't let go of Rei's offer. You need to do your best so that Tae will not be upset anymore and accept the offer of Rei, for him to change his views from you.

YuMei : I know and this (show the debit card), are we going to use it?

JiMeng : I know it's kind of embarrassing that the younger one is helping us with the Money from them when they are younger than us but then Tae is right, we need to take down our pride and accept their help. We will use this one but only for the payment of our debts and will return this debit card to Rei.

YuMei : Okay (then give the debit card to her husband) here and pay our debts while I'm going to send my resume.

JiMeng : Okay and I'm going now. (YuMei just nodded then he leave right away)

YuMei send her resume to the provided email that Rei give to her and after half hour she received a call for interview and inform that she will have interview tomorrow at exactly 10am. And then one hour after her husband got back with a bag on his hand that he didn't bring it awhile ago when he leave the house.

YuMei : Don't tell me, you use the debit card for this bag?

JiMeng : No, no you got it wrong and the bank is the one who provided it (opening the bag with a lot of money).

YuMei : W—what? D—did you withdraw all the money?

JiMeng : I have no choice and it's like this YuMei.

—Flashback—

JiMeng already arrived in the bank by commuting and then go to where the Bank Automated Teller Machine located. He insert the card to withdraw 50,000 to pay their debts but then the machine didn't dispense the said amount for two reason (wrong pin since Tae sneakingly change the debit card without them knowing and the withdrawal limit is 30,000 per day.)

JiMeng : (asking the guard) Uhm, Sir?

Guard : Yes?

JiMeng : What's the limit of this Automated Teller Machine, Sir?

Guard : 30,000 per day Sir and if above then you need to withdraw through Over the Counter.

JiMeng : Ah, I see (then after that he received a call from his Brother in Law) eh, Tae?

Tae : Are you the one withdrawing the money?

JiMeng : Yeah and you really know your Sister well.

Tae : (Ignoring that part and ask) Are you now in the bank?

JiMeng : Uh-uh and I will withdraw 30,000 today and the other 20,000 will be tomorrow since we only have debts for 50,000 and we only need that much to pay our debts.

Tae : Just get inside the bank and look for their Manager, I already give authorization that you will withdraw the money and just show the debit card together with your Valid ID. I allowed you to withdraw 500,000. The 50,000 is for your debts payment, 250,000 is for your monthly expenses and then 200,000 will used to buy a second hand car.

JiMeng : Eh? (but then only heard a busy tone)

JiMeng at first is confused but then he get in from the bank premises and look for the Manager. The Bank Manager process the withdrawal right away and then give the 500,000 with the bag to him and not brief case since Tae said so. JiMeng going to leave with the bag on his hand but then got stopped by the Manager.

BManager : Excuse me Sir Hu JiMeng?

JiMeng : Yes?

BManager : You forgot your Valid ID and Mr. Jun debit card.

Ji : Ahh, that's right.

—End of Flashback—

After recalling it to his wife, YuMei got surprised and shocked.

YuMei : T—then, then are we really going to do as what Rei and Tae say?

Ji : I don't know and I don't know how much Tae have money on this card since the Bank Manager just give me this much as per Tae instruction.

YuMei : (Get the debit card from her husband and just realized that the debit card have her younger brother name on it 'Jun Tae Woo')

chapter 314 - Tae only upset but still respect his Sister

After the couple leave from the Ji Family House, they leave right away and while on the way Tae said to his wife.

Tae : Let's go to the bank first Rei.

Rei : Okay

Tae : You are not asking me why?

Rei : Nah, I already know why since you change the debit card from mine to yours.

Tae : How did you know?

Rei : Well duh you're my husband so you suddenly interrupting me with that enough of your words then sneakingly change the debit card from mine to yours.

Tae : And you're really my wife, Hon.

Rei : Alright we're here and I will wait for you in here

Tae : Okay (then Tae got out from the car and get inside the bank premises and instruct the Manager that their someone going to withdraw his money on his behalf and the manager give him an authorization form to fill up the said form. After then he leave and hop in the car) alright let's wait for awhile Hon.

Rei : They're going to withdraw today?

Tae : No they because it's only Bro JiMeng and knowing my Sister, she will send her resume to the email you provided for her and just ask Bro JiMeng to do the withdrawal one. For sure they will only withdraw the amount of their debts since I know them that they are not like that.

Rei : Woah, My Husband is really a good a natured person. Conclusion, Tae only upset but still respect her Sister that much.

Tae : .....

Rei : So then we're going to wait Bro JiMeng?

Tae : Uh-uh since they didn't notice that I change the debit card.

Rei : Yeah and Bro JiMeng can't withdraw any of it since it's not my card.

Tae : Ah, Bro JiMeng is there (pointing him). Geez, how come he didn't notice the name of the debit card, yet? (get his phone and calling him right away) alright let's go now Hon.

Rei : Okay (then drive and ask) why did you change the debit card when in fact I have that amount from the card I give to them awhile ago?

Tae : Because aside from you only me can use your debit card. I didn't even use it as your husband since I'm keeping our relationship in Secret and yet I will let Bro JiMeng used your debit card when in fact his just your Brother in Law and I'm the husband one.

Rei : How come you're thinking like that, huh?

Tae : Well that's my first priority and second as her brother, I will not let my sister family leave in pinch.

Rei : (Blush)

Tae : Why are you blushing?

Rei : Geez, that's a taboo Tae.

Tfu : Ev?

Rei : You hit my heart hard with that and now I'm getting more in love with you. (A family oriented person is the reason why Rei become a fan of Tae and in love with him)

Tae : (Blush then warn) geez, well at least you find me first before finding and meeting another man who's also a family oriented person. And stop with that blushing of yours Hon or else I will attack you here right now and then.

Rei : Idiot

Tae : (Laughing, looking to her and then ask) neh Rei?

Rei : Yes Dear?

Tae : I already said you that you can teach me driving after disclosing our relationship but then I think I really need to know how to drive now.

Rei : Now?

Tae : Did I just say now?

Rei : Yeah you did, so then when are you planning to learn how to drive?

Tfu : Tmqmzzmj usuzw raevo dzmq 11nq om qatraevo, fzu wmp fizaevo jaov ovfo?

Rei : Okay and are we going to go back now?

Tae : Yeah since their two little mini me and mini you waiting at home.

Rei : Yup, yup and for sure they are now hungry.

Rei drive to their way home while Tae looking to his wife lovingly. The two just riding the car in silence but both of them are comfortable with this kind of silent. Tae observe his wife how she drive until Rei suddenly heard her husband laughing.

Rei : Why are you laughing Dear?

Tae : It's because I remember the day I confess to you.

Rei : You mean the kiss before you confess?

Tae : .....

Rei : Silence means yes, so then why did you suddenly reminiscing that one Dear?

Tfu : Bw immcare fo wmp Hmr frt gw ovu jfw?

Rei : Hmm?

Tae : You're my unofficial fan so how it feels when I suddenly kiss you that time and you've been kiss by your main bias? Please tell me Hon since you've never told me that one.

Rei : Didn't I?

Tae : Yes you didn't tell me Hon

Rei : Well is the same feelings after I receive your confession but then Dear that's my first kiss you know so I'm very surprised that time.

Tae : I know and I can tell that it's your first kiss.

Rei : Eh?

Tae : Because you didn't know how to response my kiss that time and you just froze but well I'm happy Hon.

Rei : Happy for what?

Tfu : Tvfo I vfsu usuzwovare fii md wmpz dazlo. Fazlo Kall, Fazlo Bmwdzaurt frt dazlo jym ofcu wmp.

Rei : And you also be my last Tae. My Last Kiss and My Last Man.

Tae : .....(blush)

Rei : Ah, that's right Dear, during my first visit to your visit of your property, why did you suddenly let me hear your future to me, did you do it on purpose?

Tae : Nah I didn't do it on purpose and I don't know that it will trigger to you Hon. I'm sharing my plan and inside my mind I'm imagining you are with me along with our own Family.

Rei : Geez, I thought you did it on purpose since it really trigger me. I'm thinking a scenario that you're with the other women aside me and then have a happy family, it really saddened me and then I decide to end our trial relationship and become an official one.

Tae : Well I really though that you didn't love me that time and you don't like me because I'm an artist and you're a Secretary but then after hearing your confession, I'm really glad that I didn't give up on you and just waiting for your answer.

Rei : I'm really that high?

Tae : Yeah beyond reach but then I did reach you.

Rei : And I can't believe that my main bias become a stalker of me for 2 years.

Tae : He, he, he right and then I can't believe that you did steal my heart directly after landing here.

Rei : Yeah (also laughing and then the two said at the same time)

Both : It's means were destined to be with each other (and then cause of them to laugh)

After reminiscing how they meet and feel in love with each other, Rei go back to drive while Tae observing her again but then suddenly when Rei turn right for the parking area to the residence she heard Tae and then again her husband become shameless again.

Tae : Neh Rei?

Rei : Yes?

Tae : Think about it, we didn't do the deeds yet here in the car, right?

Rei : .....

Tae : So we really didn't.

Rei : Don't tell me you're planning to do it here in the car?

Tae : Maybe yes or not but let's go first since we are both tired from our morning exercise.

Rei : What's with....(got stopped when the two of them suddenly heard of a sounds of making out)

Tae : You heard it Hon?

Rei : Uh-uh but from where?

Tae : From that car (pointing the car and commented), they're both idiot how come they do it without closing the window and most of all they didn't control their voice, come here Hon.

Rei : Okay (get up from the driver seat and sit beside Tae then Tae cover her ears)

chapter 315 - Rei's Madness

After covering his wife ears, the two just stay there and wait for that shameless couple to be done but then it's one hour pass, Tae still heard the sounds, so he left no other choice but to call the security.

Tae : (Use one hand and dial the security then said right away) Sir, I think you need to warn Ms. He and who knows this time before they've become the headlines of the entertainment news either today or tomorrow.

Security : Yes Mr. Jun

Tae : (Then see the Security go to that car and then notice that the shameless couple get out from the car and hurriedly riding the elevator) it's done Hon (and release his hand that covered to her ears)

Rei : Who's Ms He?

Tae : A Nude Star and always climbing bed from CA Entertainment Managers to get signed up in CA Entertainment.

Rei : I see

Tae : You're not going to ask how did I know her?

Rei : Nah I trust you Tae and you won't go that far just to know her because I know you.

Tae : Thanks Hon and I only know her because she try to seduce Manager Han, Manager Wang, Manager Kim and Manager Chi the same year we debut but I don't know until now that she's still doing it for 15 years.

Rei : Eh, how old is she that time?

Tae : 14 years old

Rei : W—w—wait w—-what?

Tae : Yes 14 and let's not talk about her since she's not worthy to get mention from my wife.

Rua : .....

The couple left from the car and ride the elevator but then when they reach the last floor, the two of them notice the lady before in the parking area and then heard her phone conversation after the couple hiding somewhere for them not to get caught.

Ms. He : So where's the M'dol house?

Unknown : I don't know and you're the one in there and not me.

Ms. He : Tsk useless but well I already know that M'dol Team residing here in CA Complex and Residences Annex A and staying in the last floor and I just need to open this 3 doors to know where the team living.

Unknown : Yeah and don't be a reckless.

Ms. He : Tsk, they have an easy Manager and I guess his a newbie one since he just blurted it out where the teams living.

Unknown : I didn't care who you hook up this time but you need to dragged down M'dol names.

Ms. He : Yeah, yeah I will but maybe I can taste one of them first.

Unknown : I only ask you to reveal their secrets and not having intimate sessions with them.

Ms. He : Tlc, olc CEO Tfr, ovarc hgzudpiiw, Id l vfsu aroaqfou lullamrl frw mru md ovuq, fzu ovuw zunpofoamrl rmo emare om gu ofarout?

Tan : Yeah right but why did you blurted my name out loud?

Ms. He : No worries, no CCTV's in the last floor and no one's around.

Tan : How sure are you?

Ms. He : I'm already checking it.

Tan : Okay

Ms. He : By the way CEO Tan?

Tan : What?

Ms. He : Can I sleep one of them?

Tan : It's up to you and I only hire you for tainting their names.

Ms. He : Okay (then hung up the call), tsk, the paparazzi's and media's said that CA Complex and Complex are having a tight security, yet it's easy to get in. (Without knowing that she only got in because of that Manager then looking to her phone and searching about M'dol) Mmmm, Han San Hu is too young for me and then Li Je Han is more beautiful to me if he happened to become a lady. Tsk Li Hu Bi is a no no no and then Ha Ya Yun have a small face. Geez, how come they have a boy group with having a pretty face? Maybe all of them are all gays and that's the reason why they don't have any single dating rumors, yet? (Asking herself then finding out something that got her interested) oh, Im Wo Shi have a nice abs and then this Jun Tae Woo is a handsome one. Why not taste him first followed by this one who have a nice abs (then searching about Tae) oh, I see so Jun Tae Woo birthday is today, well why not surprising and doing it to him since it's his birthday today (then smiling like crazy).

Rei : (Heard all of it and said to her husband) stay here Dear (and suddenly leave from her hiding)

Tae : What are you planning? (asking quietly)

Rei : I will teach this bitch a lesson and I think I need to apply of your teachings.

Tae : But.... (got stopped when he heard his wife talking to that bitch) 'what did Rei mean by applying my teachings? Don't tell me it's Taekwondo?'

Rei : Who are you?

Ms. He : (Got shocked that someone is here and turning her body around) oh, I'm here because of my Brother.

Rei : Oh, Brother then who it is?

Ms. He : 'This young lady' my brother who's also an idol.

Rei : You mean you have an idol brother and don't tell me that your brother is a member of M'dol?

Ms. He : Yes, yes young lady and are you perhaps one of my brother fans? I can get you an autograph but my brother didn't inform me which one he live.

Rei : (Pointing Secretary Su house) that's the Team House.

Ms. He : Thank you Young Lady (then murmured but Rei still heard it) idiot, why did you believe suddenly? Are all CA Employees are all this idiot?

Rei : No we're not and you're the idiot one.

Ms. He : W—-what?

Rei : Ms He, I said you're the idiot one.

Ms. He : H—-how, how did you know me?

Rei : Well you're quite famous for being a nude star and always climbing bed from any of CA  
Entainment Managers but yet you're still not achieving your goals for signing up for 15 years by now.

Ms. He : Oh, so you know me then you need to pretend that you didn't see me young lady and just mind  
your own business.

Rei : And if I'm not?

Ms. He : I jfzr wmp, wmpre iftw bplo qart wmpz mjr gplarull.

Rei : And if I'm not?

Ms. He : (Suddenly grab something from her waist but before pointing it to her, Rei already kick her  
hand and the Gun suddenly fall from the floor)

Rei : I'm not an idiot to suddenly attack without a weapon but then Ms. He, as a Senian you're not  
allowed to carry a gun, right?

Ms. He : It's a toy

Rei : Really? (Then she get the gun from the floor and suddenly Ms. He tried to kick Rei but Rei being  
trained by a black belter in taekwondo also known her husband is more attentive compared her and got  
kicked by her stomach) trying to sneak an attack to me while I'm busy?

Ms. He : You idiot

Rei : (Holding the gun) let's see if it's really a toy as what you say.

Ms. He : It's a toy

Rei : Mmm... then let's just see if it's really a toy or not (then pointing the gun to her) so where's the right target to hit you? You're mouth that have been kissed by many lechers, you're heart which already been tainted for 15 years and without emotions, you're brain without thinking what's right and wrong or you're whole body without soul? I will let you choose from those, so which one is the right target for you?

Ms. He : You won't dare Young Lady

Rei : But I can kill you right here and then but then it's not my principle to handle the law on my own hands so then I will only see if this is real or a toy. Oh, that's right if you were claiming that it's not you're gun then too bad for you I'm wearing gloves right now, if you wonder why I have gloves well I'm always prepare just in case I have meet any kind of situation just like this one (then she pointing right away the gun to her and hit her hand who's holding a cellphone) trying to record our conversation? Too bad I'm more quick witted compared to you since I'm using my head and not my body.

Ms. He : Ah (shout and holding her wounded hands) 'who's this beautiful lady? A demoness?'

Rei : Say, tell me who's this CEO Tan and why they are targeting the Team?

Ms. He : .....

Rei : Speak or I will target this toy next to your head

Ms. He : T—that

Rei : I see so you are not satisfied with a wounded hand (pulling the trigger and hit the same right hand but this time it's her arm) next bullet will be your head, so chose between telling me the truth or just want to die here and then?

Ms. He : T—that (then Rei pointing the gun to her head) w—w—wait I will tell you.

Rei : Make sure it's the truth or if not then you will leave this place only with your own corpse.

Ms. He : C—CEO Tan is the owner of NJT Entertainment and his the one who pays me to taint the M'dols reputation.

Rei : No, not the one and I'm not interested with that.

Lady : What?

Rei : I'm more interested of why are you planning to sleep with my man?

Lady : Who?

Rei : Jun Tae Woo and that's my Man

Ms. He : Stop kidding me.

Rei : You don't believe of what I say, then why not targeting your left arm and hands.

Ms. He : A—alright, alright I believe but are you not afraid that I will expose this to the public?

Rei : Just go ahead with that and let's see if they believe you or not but an advise for you they will not believe you because of your bad reputations.

Lady : C—can you let me go?

Rei : Oops sorry but I already told you that I'm a principle person so you will punish by the law and of course you deserve it since you're fantasizing my man.

#### chapter 316 - Brief Story of Mei and En

After that incident, Rei called the Building Security Personnels and telling them of what happened awhile ago and she also instruct them not to call or even mention her name. The Securities arrives right away after her call and cleaning up the mess, they also got the gun from Rei and of course they were all wearing gloves since Rei say so in order to avoid being question by the police officers.

After then, the security carry the lady and drop her off to the police station without explaining since they only present the gun to the police officers before leaving because as an ordinary senian citizen having gun is the most solid evidence for disobeying their laws.

She got question by the police and said that she got hit by a beautiful lady while the officer ask the name whom she don't know what is it and everything about her, she just tell them that her man is M'dol Tae but then the police didn't believe because of her bad reputations and of course she's talking about famous artists that known to be single. The police also found out that the two bullets came from her gun, so whatever reasons she have no one and nobody believes her because she have no solid evidence of whatever her claims and then again she violate one of the main law which is 'A Senian cannot own a Gun unless you're from any of the Senian Soldier Forces'

#### Back to Rei and Tae

After the security left along with Ms. He, Tae approach his wife and not surprised of what he witness of his wife actions and of what she did since Rei already shared to him that all of them from the Din's Family except his mother in law have been trained because of En backgrounds. The Din's A.d.u.l.ts Family Members know how to use the gun while the young ones know martial arts because En said so after got married with Mei just in case if his family relatives will attack the Din's Family without defending themselves especially Mei, who's his wife the lifetime partner of him and his weakness along the others Din Family Members.

Tae : Are you alright Hon?

Rei : Yeah I'm fine

Tae : Geez, you scared me you know but it's my first time seeing you upset and out of control.

Rei : Well hearing about her fantasizing you, I guess it's suddenly triggered me. Tsk how dare she fantasizing my own husband..

Tae : Silly but I'm touch by your actions Hon. By the way, your skills in Taekwondo are now on par with me and very comparable to me, so did you always train yourself everyday?

Rei : Silly, I'm pregnant for the whole 9 months and then 1 month for recuperation so this is my first time applied this after I know that I'm pregnant but yeah I always practice though on my mind only because I'm pregnant for that following months.

Tae : 'This wife of mine' oh, by the way why did you shoot her? Is it really needed?

Rei : Yes since that type of her will never learn and will continue her of bad doings so I need to teach her a lessons. Oh, well she will be having a life imprisonment but that's not enough for me since she fantasizing you. Ahh, by the way Dear I need to report it to Mr. Hwang first.

Tae : Yeah go ahead (then Rei called right away and inform Mr. Hwang everything while Tae looking to his wife and become in love again to her. Rei's not aware but Tae records it all to his phone and then notice that Rei hung up her phone) done?

Rei : Uh-uh and then Mr. Hwang reminded me that from now on if I heard someone talking bad about you, I need to calm down first and be logical. I did it logically right?

Tae : No you didn't Hon and you've become irrational, here (give his phone).

Rei : Ehh, you recorded it?

Tae : Uh-uh, I can't help it because you're so cool and I'm enchant by you again.

Rei : Silly and let's go in now or else the two will be start looking us.

The two entered their house as if nothing happened awhile ago. As just Rei and Tae entered, the twins suddenly crying but then Rei didn't go directly to the twins and instead she go right away to her room to take a bath since she just fired a gun awhile ago and the gun powder is still on her clothes. Same with Tae since he approach his wife after that incident, so they take a bath without doing anything since the twins are waiting them.

After b.r.e.a.s.tfeeding the twins, the new Jun Couple are now eating their lunch while the former Jun are taking nap in the living room. Tae wash the plates while Rei turning off the TV and then assist her husband but then his already done and now the couple are seating in the couch while chatting.

Tfu : Hmr I bplo jmr tuz ad wmp mjr f Gpr mz rmo?

Rei : Silly, I'm here in S Country so how can I have a Gun, if it's not allowed here?

Tae : But you're not a Senian, remember?

Rei : .....

Tae : I see so you forgot but I think a ladies foreigner or tourists can have anddd own a Gun if they happened to living alone.

Rei : Yeah, that's right but I'm not living alone, I mean my status is not a single anymore because I'm now married with you legally.

Tae : I see but during the time that we're not yet married, you don't have?

Rei : I don't have but don't worry I have two hidden bodyguards always following me that time and right after getting married with you it became five.

Tae : Is it also hired from Bro En? And is it a lady bodyguards or not?

Rei : Yes hired from Bro En and its a lady bodyguards for me, for Ken five gentlemen's bodyguard and Ellyn have two lady bodyguards. For Bro El Family they have 7 bodyguards, Mama have 3 while the Mei and En family have many bodyguards.

Tfu : Il Jfre Cmzn. ovfo suzw hmqniahfout?

Rei : Yes very complicated and no ones know about how complicated it is. Bro En came directly from the Head Family of Jang Corp. He have 4 Aunties and 4 Uncles but then his Dad is the only inheritor of the Jang Corp. since his Dad the legal one while all his Uncles are all illegitimate because Bro En Grandma only have 1 Son and that's Bro En Dad. And then as his Dad got married, he also inherit his Mom genes and only have 1 son whom its Bro En and 4 Daughters. Bro En family have been raised well and grown up very well but then their Uncles who's an illegitimate ones and half brother of Bro En Dad are all greedy and eager to eliminate the Head Family. The Eldest Daughter got married with an arranged marriage setup but then only have 2 daughters and her husband truly loved her and got offered by Bro En Grandpa to have a mistress in order to have a son but because he really love his wife that he didn't agreed to his offer just to produce a Son, of course by disagreeing Grandpa wishes, their family got disowned by Grandpa Jang. Next, the second daughter also got married by an arranged marriage and only have 1 daughter because of her birth complications. The second daughter happened to have one Son but then got miscarriage because the fetus was not in proper position and grown in the fallopian tube instead of the ovary, but then Grandpa Jang said to his grandson in law to sacrifice his granddaughter life and save the fetus, but then again he didn't agreed because his wife was most important to him and because of it they got disowned by Grandpa Jang. The third daughter didn't agreed to the said arranged marriage of her instead she married to the one she love that they have 5 daughters, she didn't got disowned instead her and her family escaped from her Grandpa pressures. The fourth daughter married with the one she likes since her Grandpa doted her and don't want her to be like what her sister did by escaping, so she have freedom to choose whom she marry and then got married of her love that they happened to have 1 Son and 2 daughters. Grandpa Jang was very happy that he have another inheritor after his Son and Bro En but then it become like a bubble when that Grandson happened to become a Gay when he reach 12. So Grandpa Jang only hope is Bro En, he arranged everything from Bro En including whom he marry and his courses. Yes, Grandpa Jang was the one who select his courses but then Bro En give him a condition that he will do everything what his Grandpa Jang wants as long as his the one going to select whom he marry. Bro En meet Mei when his 30 and Mei just happened to turn 18, 5 months after her birthday. Mei start her teachings at the age of 18 and got transferred at the age of 19 here in S Elite Academy.

## chapter 317 - Story of Mei and En (1)

Rei paused for a moment and then look to her husband whose his attention is now very focus on listening to her and so she continued.

Rei : Well Mei have many ex-boyfriends but got break up after she didn't like the guy anymore or rather what we called out of love. Though Mei have many ex-boyfriends, it's doesn't mean that Mei is a playgirl one since she's dating one at a time and start dating at the age of 15. Mei only date without doing what the marriage couple do. Mei only likes a guy that she dated just like having a crush and happened to agreed to date the guy because she likes him but then breaking up after she found out that the guy want to do more other than kissing her. Well as innocent she is, dating for her that time only mean to have a companion and not really in a relationship. Of course, as one of our family rules which is given by Mama, that never to do what the marriage couple do, I mean the deeds when you're not yet married. Well, we also have a family rules of not in a relationsh.i.p.s when we're still not yet a college graduate. Well as for Mei and Bro El, they're dating in secrets without Mama knowledge but then it doesn't mean that Mama is not aware of it, she knows because of having a mother instinct. Though Mama knows, she just let it be and let them be free of what they want in order to avoid them being rebellious. Mei is a campus belle and very popular one but only date whom she likes. At the age of 17 she graduate and attained her degree. Then Mei start her teaching career at the age of 18, by the time she's teaching she's not in a relationship anymore and working seriously because of our Family Status. She happened to have many foreign students since they want to study Universal Language and one of that is Bro En, Bro En mostly know any languages that one except for one and that's it a Universal Language. Bro En as the heir of Jang Corp, his a VIP Student so all his teachers are highly skilled and must be proficient enough to teach him. He only study Universal Language good for 3 months as per his Grandfather requests. At first Bro En is not Mei students but then it happened that Bro En teacher in charge got on leave for 2 weeks and Mei was the replacement of his teacher who's on leave. Because Mei got hired at the age of 18 and it's been 5 months since she joined the company but because of her performances, she's now one of the highly skilled and proficient Teacher of their Team, so that's the reason why she's the one replacing that teacher. Bro En not aware how old Mei that time since the company didn't disclose her information and she's only known as Teacher Mei. You will not expecting that Bro En and Mei will become this in love with each other when indeed they are not like that during their first time of meeting since they are like water and oil that cannot be mixed together whatever you do.

—Flashback—

At the school, Mei suddenly got called by the School Head to his office through Broadcasting and heard from the Broadcast Speaker.

“Teacher Mei please come to the School Head Office after this announcement. I repeat Teacher Mei please come to the School Head Office after this announcement”

Mei : (In class) eh, me?

Teacher1 : (who just pass to the room and heard Mei question) yeah it's you and you're the only one here whom we called Teacher Mei here.

Mei : I see but I didn't violate any rules, did I?

Teacher2 : Who knows Teacher Mei and just go or else the School Head will become more bald if you won't come.

Mei : Oh, okay (then talking to her students) okay class, just do your task silently and don't cheat.

Class : Yes Teacher Mei

Mei : Good (then walk and go to the School Head Office but before entering her minds wondering around but not about why she got called and ask question to herself) 'what's wrong with this school? How come it's so big and yet no elevators available of these premises? For sake, I'm in the Ground Floor and the School Head Office located at the 5th Floor. Geez, I will ask Sis to investigate this School in case they are some corrupt personnels here' (arrive at the 5th Floor through Stairs and knock the door in poise)

“Knock, knock, knock”

Head : Come in Teacher Mei

Mei : (entered and greet) Good Morning Sir and how may I help you?

Head : You're aware that one of the VIP Teachers is on leave, right?

Mei : Yes, I'm aware Sir. (Then continued but through to her mind only) 'and this bald man, how come he didn't let me sit when in fact I got tired from climbing the stairs. I'm a lady you know'.

Head : Good, so then since his absent you will be his replacement. I don't know if this VIP Student will request another Teacher after you teach him. But this Student is very very important and a VIP one, so you need to do your best and don't ashamed our school.

Mei : Yes Sir. 'Geez, what kind of school is this? A school that the teacher was the one to pacify when in fact the student is the one who's learning from us?'

Head : This is his student profile and you will teach him Universal Language only for who know's how long he likes since it will regard to his opinion regarding about you as his replacement teacher.

Mei : Yes Sir (and accept the doc.u.ments of the student)

Head : Any questions?

Mei : No Sir ah wait

Head : Yes Teacher Mei?

Mei : It's not that I'm interferred this one but I think it's best for your health to swap your office for the library room since you're at this age and it will save you from climbing the stairs. Well it's a good exercise for you but I guess it's best you're in the ground floor in case of emergency.

Head : .....

Mei : Alright that's all, so when I'm going to be this Mr. Jang replacement teacher?

Head : Today and 30 minutes from now.

Mei : T—today?

Head : Yes any question?

Mei : I have still class going on Sir.

Head : No worries since you only teach him from 9am to 10am while you have class from 8am to 10:30am.

Mei : Oh, I see. 'So my permission is not need' then may I go now Sir?

Head : Yes go now and that VIP of ours is hate of being late, so you must go now.

Mei : Okay (then walk and hurriedly climbing down the stairs) 'what do you think am I? A robot? Geez, I'm better suck with this than to be with this hectic schedules of mine' (then back to her class and instruct right away) I will be away for one hour but it doesn't mean that I didn't monitor all of you, study this lesson (give a topic and page number) and I will be given a test after coming back here (then leave right away).

Class : (dumbfounded and confuse but then they did what Teacher Mei says since she's their Goddess).

Mei : (Walk hurriedly while looking to the student profile and commented) a VIP student and yet doesn't know Universal Language, are you for sure? (And arrived at the assigned room from his profile then ask) Are you Mr. Jang?

Jang : (Only understand his family name then said and ask in Tanes) who else if I'm not and who are you by the way? (ask because of her young features)

Mei : (Just guess from this man expression since she didn't understand what he say) well duh how can I know you if you're Mr. Jang when in fact you didn't put any picture to your student profile and I'm your replacement teacher, Teacher Mei. If I'm not a Teacher then why I'm here, right?

Jang : I don't need you and don't lie to me that you are a teacher. Just go to the right place for care and don't care whomever you are (said in Tanes again).

Mei : (get her phone and use the translating app provided by the school without everyone knowing that's her sister who develop it and since she's know now what language is this based of his profile) instruct the software to translate it to Tanes 'I don't undestand anything of what you say Mr. Jang and I think you're so rude to your Teacher just now, don't be conceited just because you're one of the VIP Student here. To tell you frankly I just got informed to be your replacement Teacher 30 minutes before you're class time. Based on your profile, you're Assigned Teacher who's on leave right now is your 15th Teacher when in fact it's your 16th day here and I'm the 16th one, woah don't tell me you're always changing teacher everyday until 3 months of your studying here. If you really want to waste you're money that much then tell you're parents to hired a million of teachers to teach you everyday since you're a VIP one. Don't flock you're money to us or rather to me when in fact you're not the one doing the efforts to earn that money or if you are then use it wisely because you're one of the lucky one to have money when indeed in the whole world there's someone who value the money even it's only a penny.'

Jang : (Shocked and surprised of her straightforwardness)

Mei : 'Yes I did it and for sure this conceited man will ask for another teacher. Job well done Mei, I'm so proud of you'

Jang : (Looking to her happy face) 'what the? Is she really that happy? I'm not a germs so how come she's eager to distance herself to me? Interesting, everyone who will know that my last name is Jang are always pacifying me and yet this Teacher or maybe she pretending that she don't know, well, I' going to test it.' Then Teacher Mei, right? So how are you going to teach me?

Mei : (use the translating apps and record it before listening) 'what the?' Are you sure that I'm going to be your teacher?

Jang : Yes but don't worry I will ask another teacher (notice that she's still standing) ah, that's right please take a seat Teacher Mei.

Mei : 'What the heck? Don't tell me he become interested instead of disposing me?' (take a seat) alright introduce your name properly using the Universal Language one. (And both of them conversing using the translating apps)

En : W—-what?

Mei : I said introduce your name to me using the Universal Language one so that I can assess which level you are, are you sure you're not a deaf person?

En : Y—you, are you not afraid of being kicked out here?

Mei : Not afraid so then go ahead and complained this to the School Head. 'Then for sure I will be kicked out'

En : (Speechless and said in broken Universal Language silently) J—-Jang E—En

Mei : (Didn't heard him clearly) what?

En : I said Jang En and that's my name (said in Tanes)

Mei : Woah you are really a conceited Man and yet you're level in Universal Language is 0 in other words no knowledge of it but then your conceited personality is beyond the leve;.

En : ...

Mei : Alright I'm you're Teacher and just call me Teacher Mei, since you're no knowledge any of it, you can use the translating app since the school provided the teachers and students to have this in order for them to understand with each other.

En : ...

Mei : That one (pointing his phone)

En : This?

Mei : Yes and give me that one (while signaling him to give it)

En : (give the phone) what are you doing with my phone?

Mei : (Used the translating app and said) I'm going to steal it from you, satisfied?

En : ...

Mei : Alright Mr. Jang I'm just kidding and I'm going to install the translating app (opening his phone but it's locked) for sake Mr. Jang I'm not a Psychic to know you're password without asking and I'm only a Teacher.

En : Just say so (then grab his phone from her hand and unlocking it)

Mei : It's not my fault if that phone suddenly fall since you're the one grabbing it and not me.

En : Shut up, you're so noisy (unlocking his phone but still not done)

Mei : Wow, you're the phone owner and yet you didn't unlock it right away?

En : Shut up

Mei : (Observe the phone and have finger print sensor on the back of his phone, then suddenly grab his hand and press the left index finger to the sensor that right away the phone got unlock while grabbing the phone and installing the app) I already installed the Translating App and I already set it to Tanes and Universal Language One.

En : Y—you, h—how did you know?

Mei : Simple Mr. Jang, I just notice that you're a left handed so mostly you use the dominant hand to hold your phone and the index finger is more accessible compared to others.

En : 'Interesting, she just here for minutes and yet she already observe me that well'

Mei : Alright, I already installed the app, so you can answer me on your own dialect, I will only ask using the universal language one and it will automatically translate by the app I just installed. Get your book.

En : What?

Mei : You're really a deaf person, I said get your book.

En : Which one?

Mei : Of course it's Level 0 Book, Mr. Jang and don't expect I will ask another Level that it's higher for your Level.

En : ..... (speechless but get the book from his bag)

Mei : Sorry and I'm not insulting you, okay.

En : 'Why she say sorry to me suddenly?'

Mei : (Then explaining) all of us are not perfect so I didn't look down on you even I, I don't have no knowledge with your spoken language (said while marking something from his book) study this of what I mark for 15 minutes and use the app I installed for you to understand, when it's 15 minutes passed then I will teach you how to pronounce it well.

En : Okay (then do what as she say)

Mei : Time's up (then Mei teaching him how to properly pronounce and then heard an alarm sound from En's phone) oh, it's time already?

En : I guess

Mei : Alright class dismissed and hope you will replace me as your teacher, Mr. Jang. Bye, bye

chapter 318 - Story of Mei and En (2)

After that Mei walk hurriedly as if she just escape from hell without knowing from her student Mr. Jang that she still have class going on that's why she on rush.

Jang : Did she know my real identity or she really that afraid of me?

Then he returned to his dorm and take a rest meanwhile Mei doing the same routine by teaching her students and group of VIP students then return home and resting. On the next day, Mei is surprised that she still the teacher of that conceited man but she didn't let it show and teaching him best since she's a teacher and it's her achievement that the students will learn from her. After one week pass, Mei surprised that she still the teacher of him even she interact him that way until she ask him.

Mei : Neh Mr. Jang?

Jang : What?

Mei : It's been a week since I replace that teacher of yours. Do you still want me to be your teacher? Because as for me I can't allow to have a conceited student of mine just like you, you know..

Jang : You're quite brave, are you sure that you're not afraid of being kicked out?

Mei : Oh sure go ahead and not afraid, alright just do that one after finishing my task.

Jang : Just wait Teacher Mei

Mei : Hai, hai

Jang : Here (give her the answered sheet)

Mei : (accept the answer sheet and commented) you're a smart man Mr. Jang and you answered it all right. So then please introduce yourself to me properly this time.

Jang : I'm Jang En, 30 years old. I have 4 Elder Sisters and I'm youngest among my siblings. I came from T Country just so study and learn Universal Language.

Mei : Good and this marks here, you will study it in advance but well I'm not you're Teacher anymore since you're going to complain the school head about me, so it's upto you if you study it or not. There some words that you might not understand here, so just use the translating app. (She continue with her discussion without knowing that someone already observing her until she stop when she notice that she didn't hear anything from the alarm and look up while asking) oh Mr. Jang what time is it? (then she just realized that something wrong with him and stand up then hold his forehead) you don't have a fever, so why are you having a red face Mr. Jang? {then looking to her watch} Oh, it's passed 10, bye, bye Mr. Jang.

Jang : (After making sure that Mei is out of sight, he suddenly c.a.r.e.s.s his beating heart and said) I'm insane, since when do I like Teacher Mei? It's been a week and yet. (Then looking to his phone, yes he stole a picture of her, then calling someone). Help me investigate about Teacher Mei, who's a Teacher here in my school at C Town City

Unknown : Yes Young Master.

Jang : (Hang up) done with that and next to the School Head (which is now transferred to the ground floor after hearing that suggestion from Mei since she's right and she's the only one teacher who voice is out) Sir Yen

Head : Oh, come in Mr. Jang and take a seat, so what help do you need me to do?

Jang : About Teacher Mei

Head : You're going to replace Teacher Mei?

Jang : No and I'm only here to ask you if I can extend my class time since it's too short for me to learn.

Head : Ah I see as expected of Teacher Mei, wait awhile, I will ask her schedules from my staff (press the intercom and instruct) please give me the schedules of Teacher Mei (then after a minute someone knock the door and enter then give what he asks for) so let me see, well Teacher Mei have an advisory class from 8am to 10am, an....(got interrupted by Jang)

Jfre : Wfao, jvfo? Tufhvuz Mua vfsu hifll hmarhatu qw hifll oaqu?

Head : Yes and it's just a short notice since Teacher Mei is one of School Teacher who's highly skilled and proficient, so as you're per request Mr. Jang I assigned Teacher Mei since she fit with your prerequisite without minding that she have a busy schedule.

Jang : 'So that's the reason why she's always in a hurry' (then remembered the first day she appear) 'tsk, I'm quite rude to her' so what time can I insert my class time with Teacher Mei, Sir Yen?

Head : After her advisory class, she have Math Class from each one hour before lunch then Group VIP Class from 1pm to 3pm then Universal Language Class from 3pm to 5pm by the advance class.

Jang : Can I have her schedules?

Head : Yes here and just tell me what time you need so that I can find another Teacher for Teacher Mei class.

Jang : (accept the paper and didn't replied instead he just bid his farewell) that's all Sir Yen and I'm going back first (going back to his dorm and study her schedules then decide to observe her sneakingly)

Mei just do with her usually teachings while En observing him silently but he can't catch up since Mei teaching proficiently in Math to the Grade Students. He also observed how Mei smile to her students after being right with their answer sand how she converse with her students. Time pass by, Mei class ended and go to another class without noticing that someone following her. Jang observe another half hour and leave right away. He can't observe the VIP Class just in case someone might know him so he just skip that one and observe the last class. He just realized that Mei is downgrading her level to his own level so that she can teach him when she heard how she teach the advance class.

Mei returned home without realizing that someone already observing and investigating her then she go right away to Rei and complain.

Mei : Sis?

Rei : I'm here, what's wrong?

Mei : I think it's my last day today.

Rei : Did you offend someone?

Mei : Uh-uh but well that someone deserve it since that someone is very a conceited one.

Rei : Geez told you to control yourself, so then what are you going to do?

Mei : I already preparing my resignation letter and find another job. If I didn't receive any call from the school then I will not submit my resignation letter but well I need to be get ready just in case I will got fired.

Rei : Yeah you're still young but you've better not be got blacklisted or else no one will accept you.

Mei : Yeah I will be careful now and by the way Sis, do you know someone from Jang?

Rei : No I don't know anything from Jang, wait don't tell me that someone is from the Jang?

Mei : Bingo but geez Sis, you're the top you know, so how come you don't know?

Rua : Ymp fizuftw crmj jvw, lm ovur tm wmp ruut qu om arsuloaefou ao?

Mei : Nah, no need and I can handle it.

Aya : Rei and Mei, are you not planning to eat? I already called both of you many times but you didn't response to me at least once.

Both : .....

As what Mei expected, it didn't happened and instead he continue to become her student. This time Mei is careful enough to not be offended him until one week passed Jang questioned this antics of her.

Jang : What happened to you Teacher Mei?

Mei : What?

Jang : You seems now like a Teacher.

Mei : Well duh I need to be careful enough since you're a VIP Student here and I don't want to be got blacklisted because I offended you.

Jang : So in the first place you know my identity?

Mua : Alatu dzmq Mz. Jfre Er, f VIP Sopturo , tm wmp loaii vfsu frmovuz aturoaow?

Jang : 'So she doesn't know' I'm only Jang En

Mei : I see and alright let's end the class, bye (then leave right away without knowing that he follow her)

Jang : 'It's been a week and yet I still have no info about Teacher Mei' (after observing her, he returned to his dorm and called someone) what now?

Unknown : Young Master, sorry aside from Teacher Mei, I only got to know her full name and it's Din Mei.

Jang : That's all?

Unknown : That's all young Master but I guess she's a full Ceno since I can only get her name and all Cenos have been protected by R.

Jang : Okay and stop that one before R notice something.

Unknown : Yes Young Master

Jang : (Hanging up the call. then turning on his laptop and open the school website using his entry login and cl.i.c.k.i.n.g the Teacher's info button until he found something amiss then calling the same person) did you just say that you only know her name?

Urcrmjr : Yul Ympre Mflouz, jvw?

Jang : Did you also hack my School website?

Unknown : Yes Young Master but I only see their names and not their full details.

Jang : I see then try to hack someone only one person here but not a Ceno.

Unknown : Yes Young Master (then do as what he say, after 5 minutes) Sir I have this one Ye Ray, a School Teacher from M country.

Jang : Wait

Unknown : Yes Young Master

Jang : Aright just say his major, birthday and age.

Unknown : Yes Young Master History Major, April 18, 19XX, 33 years old

Jang : Okay and then go back to Teacher Mei

Unknown : It's only her name Sir and not other details.

Jang : I see then (find another Ceno Teacher), how about this Teacher Jina?

Unknown : Yun Jina, Universal Language Major, May 02, 19XX, 34 years old

Jang : And from where?

Unknown : I don't know Young Master since it's only her full name, major, birthday and age.

Jang : Okay, that's all

Unknown : Yes Young Master

Jang : Weird, both Teacher Jina and Teacher Mei are both full Cenos and yet my Secretary only know Jina 4 details about her and only one with Teacher Mei. Then when I log in I found both of their details in complete, is it because I'm a student here? (Then just realized her birthday and age) w—wait, what? Teacher Mei is almost 12 years younger than me, c—can I consider myself as a pedophile?

chapter 319 - Story of Mei and En (3)

After his investigation, he stop of what his doing or else he might be R enemy when in fact no one's can defeats again R since R is the top hacker. He is just a programmer and his Secretary also a hacker like R but very not on par with R. Even though he stop, R still now aware that someone investigating her sister and warned her at night.

Rei : Mei, tell me who did you offend?

Mei : Eh, why?

Rei : Someone investigating you for the whole week, so tell me who did you offend this time?

Mei : Jang En, my VIP Student. So Sis who is he really?

Rei : How did you offend this Jang En? Is it a he or she?

Mei : Not totally offending him but I'm just straightforward on him about personality and tell not to be a conceited one, that's all.

Rei : I see and how about my second question?

Mei : He

Rei : I see, so he might be got interested with you or more worse want to revenge on you..

Mei : Ewww, Sis his an old man and 12 years older than me. By the way what kind of revenge?

Rei : No comment with that but you need to be careful enough. As being known that R protecting Cenos, I'm just showing your name when someone investigated you outside from school and then didn't erase you're full data if they're from the same school who have a login entry. It depends of what he plans to you but don't worry I will protect you Mei.

Mei : I see and how about someone investigatingme who's also happened to be a Ceno? Thank you Sis

Rei : I only erase the data of their citizenship but you might be careful just in case this Mr. Jang might find something amiss. His a student there so he can access the School Website and if he ask someone to investigate you and another Ceno Teacher, then this Mr. Jang will find that you linked with R which is me or rather he might think you're R.

Mei : Okay noted, geez I just being straightforward and yet what I have done, his now interested in me?

Rua : Tvfo qaevo gu mru zuflmr larhu qw lalouz al suzw gufpoadpi, f hfqnpl guiiu frt nmnpifz gudmzu gpo ovur wmp loaii ruut om gu hfzudpi.

Mei : Yes Sis, how about you? Are you not going to investigate Mr. Jang En?

Rei : Not yet but I will do it in case he do something to you.

Mei : What;s with that Sis? Yuck, what are you thinking Sis?

Rei : I only mean he might hurt you and I don't even know what did you imagine.

Mei : Oh, really?

Rei : Uh-uh so then what are you thinking?

Mei : An e.r.o.t.i.c one Sis, do you want to know? (but only got received a pillow since Rei throwing it to her)

After that warning Mei is now careful enough and didn't say straightforward to other VIP students since she don't want to offend someone but only to En that she become very straightforward and true to herself. One week before En finish studying of Universal Language, he invites her a Dinner Date in Secret.

Jang : Teacher Mei?

Mua : Yul?

Jang : Uhm it's not me but I have a friend who likes a younger one, so is he considered a pedophile?

Mei : Well if the person whom you friend likes reach legal age or already the age to take on the rights and responsibilities of an a.d.u.l.t, then it's not considered a pedophile.

Jang : I see so then if it's you are you alright with that?

Mei : It's only my opinion okay but for me age doesn't matter as long as you love each other, that's the important thing to strengthen you're relationship.

Jang : I see and that friend of mind is a rich heir. So if it's you are you going to reject him because his a rich heir?

Mei : I don't know Mr. Jang since I still didn't experience that one (then suddenly feel something amiss) wait, don't tell me that friend of yours is you and the one you like is me?

Jang : 'What? Is that very obvious?' You're imagination become wild Teacher Mei

Mei : Just kidding, alright I'm going now.

Jang : Ahh, wait Teacher Mei

Mua : Yul?

Jang : One week from now I'm going to return to my hometown country, so as I thank you for teaching me in Universal Language, can I invite you to a dinner?

Mei : Woah it's like a dinner date Mr. Jang.

Jang : (ignoring her since she's right but how come he will say the truth when in fact he still didn't confess yet) are you going or not?

Mei : Just the two of us?

Jang : Yeah and just like a dinner date.

Mei : I need to ask my Mother permission first

Jang : Don't worry I will drop you off.

Mei : Okay, I will inform after I got permission.

Jang : Hoping for yes Teacher Mei

Mua : Wvfo cart md wul Mz. Jfre?

Jang : Yes from the dinner invitation 'and of course Yes of my confession'

Mei : Okay then I'm going now.

Then after that Mei only ask her Sister permission and also make a request to Rei that she will make excuse to their Mother and Brother which Rei only said to them that Mei will return late at Friday because her student invite her to a dinner which is true but didn't tell who just in case her mother will explode. Friday morning, Rei reminded to her sister.

Rei : Remember do not drink any alcoholic drink because all of us the Din's siblings are all low tolerance in alcohol and we got it from Mama. Here and use this just in case (give something to here)

Mei : Hai, hai, I know and what this?

Rei : A stun gun

Mei : Eh but I already have one.

Rei : Two is better than one and use it when he do something inappropriate to you.

Mei : ....

Rei : Alright go now and after you're dinner just call me because I will fetch you up.

Mei : Sis are you not aware that you're also a beautiful one and Mr. Jang will drop me off.

Rei : Idiot, he will not drop you off to our door step or else my excuses will be blown out.

Mei : Ahh, right okay bye bye or else I will be late. You two must be get ready now or else you and mama will be late from work.

Mei arrive the school on time and do her works as usual as if she didn't have a date with her VIP Student. At night, Jang already waited her outside the campus and then Mei secretly riding the car.

Mei : Are you sure that no one's see me?

Jang : Yes Teacher Mei

Mei : Geez, you know that we teachers are not allowed to go out with our students.

Jang : But we're not dating and I'm only inviting you for dinner.

Mei : Ah, that's right silly of me.

Jang : But I hope we're dating (said mumbly)

Mei : What?

Jang : Nothing (then instruct his Secretary in Tanes) to that place

Secretary : Yes Young Master 'woah, so this is Teacher Mei. Woah, indeed she's a pretty one and a real gem'

Jang : (notice that his Secretary looking to Mei) where are you looking at?

Secretary : Sorry Young Master 'what the? Young Master is jealous of me?'

Mei : Mr. Jang why are you mad?

Jang : Just someone bugs

Mei : Bugs?

Jang : Yes

Both : 'Did he mean me/this man?'

Jang : (closing the distance to her and asked her in order to cover that his closing his distance to her) neh Teacher Mei, are you perhaps dating someone?

Mei : Woah, asking my private life now Mr. Jang?

Jang : Yeah, if it's not okay with you then you can't answer it Teacher Mei and by the way Teacher Mei, can I call you Mei since I'm not you're student anymore.

Mei : It's alright Mr. Jang, you can call me my name.

Jang : Okay but how about my first question?

Mei : (looking to him but just realize and notice their close distance) 'when did he close our distance?'

Secretary : (looking to his Young Master and suddenly break the car) a-ah, sorry Young Master.

Jang : (automatically protected Mei by hugging and ask her) are you alright Mei?

Mei : Yeah I'm alright

Jang : (looking to his Secretary and said in Tanes) thanks

Secretary : ..... 'but Young Master I didn't do it on purpose'

Mei : You can let go me now Mr. Jang

Jang : Oh, right (then let go of her then notice something) oh, you drop this.

Mei : Thanks

Jang : You're bringing 2 Stun Gun today, Mei?

Mei : How did you know that I have two?

Jang : .....

Mei : Mr. Jang?

Secretary : (Interrupt them right away) we arrived Young Master

Jang : Okay and wait here, so then let's go Mei (offering his hand)

Mei : You, why are you so kind today when in fact you're a conceited man?

Jang : You will know it later

Mei : How about now?

Jang : Not the right place

Mei : .....

Jang : Please hold my hand Mei

Mei : And if I won't?

Jang : .....

Mei : Just kidding (then hold his hand that caught him off guard), why are you dazing off Mr. Jang?

Jang : Ah, right (then the two walk hand in hand for the first time)

chapter 320 - Story of Mei and En (4)

Both Mei and En walk hand in hand for the first time, then En led her to the table with a lot of decorations such as flowers and scented candle. He assist Mei first and then he seat after her.

En : I think you already know why I'm bringing you to here Mei.

Mei : Did I told you already that I'm not a psychic and just only a teacher?

En : Yes you did but I guess you already know what it is.

Mei : Common Mr. Jang just tell me the truth and what if I assume it wrong?

En : No you got it right Mei. The friend who I mention is myself and the one I like is you. I don't know when did I start to like you but I've become interested of you after our first meeting. I start to investigate with you but I don't get anything except your full name, major, birthday, citizenship and age. I don't know anything of you aside from that but I'm willing to be with you. I don't know if you really know my identity but I have a complicated relatives and I'm the solely heir of Jang Corp from T Country. So are you willing to be my girlfriend Ms. Din Mei, who's almost 12 years younger than me?

Mei : But I'm already taken.

En : Eh? (with a shocked and very surprised expressions that he start to become pale because of his complexion)

Mei : (Notice his reaction and stop teasing him) idiot, if I have and already taken then I will not be here knowing that you invited me to dinner for only the two of us, you know.

En : So then?

Mei : Let's just say I answer you but do you think I'm considered as an easy to get?

En : No because you're a smart woman and a straightforward one, so you're not easy to get.

Mei : Okay, so do you want to hear my answer Mr. Jang?

En : Yes Mei, whatever it is, I will never give up on you.

Mei : Okay let's try dating and see if the two of us work out.

En : W---what did you say?

Mei : I said let's try dating and see if the two of us work out, geez you're really a deaf one Mr. Jang.

En : En

Mei : What?

En : You can call me En or My En because I'm already your boyfriend and I will call you My Mei because you're now my girlfriend.

Mei : So then old man, why do you like me? (and this is the day she start teasing him and calling him old man when she witness his reactions)

Rei : 'Why I'm here if they're only talking with each other?'

Secretary : 'Woah, she's really pretty and this two sisters are beyond beauties of Young Master 4 Elder Sisters'

Mei : (they continue chatting until she realized) wait, En why do you want to have a private talk with my Sister?

En : Ah, that's right. I will be straightforward to you Ms. Din but I guess you already know why. I found something amiss when I investigate My Mei information about, my Secretary here is the one investigating and hacking Mei information but only My Mei full name he got for the whole week. I tried to log in through my School entry and I got information, so then I ask him again to hack someone who are not Cenos and indeed he got hack his full details. After that I ask him to hack My Mei details but again he only got her name, so I ask him to try another one to hack someone which is a Ceno, and he got the details except her Citizenship but then to My Mei he only got her full name. At first I was wondering maybe because I'm a student to that School and can access because of Login Entry but then hearing My Mei with that and you suddenly stop her before she finish, so then are you R, Ms. Din?

Secretary : (In Universal Language) E—eh, s—she's R?

Rei : And if I'm not?

Jang : Nah, I won't be wrong, so you're R, right?

Rei : You're really a conceited one, just what Mei said, so then what are you going to do Mr. Jang?

Jang : Bro En

Rei : What?

Jang : You will be my future Sister in Law, so just call me Bro En starting today

Mei : .....

Rei : You just start dating not even a day

Jang : Yeah indeed but I will make sure that My Mei will become my wife and her family will be my in laws.

Rei : So you are now fixed with your plan, don't worry I won't interfere your relationsh.i.p.s with Mei as long as you didn't hurt her so then can we go now?

Jang : I will but wait

Both : Eh?

Jang : I need your help and investigate everything about my family.

Rei : Me?

Jang : Yes you because you're R.

Rei : Isn't your Secretary a Hacker?

Jang : Yeah he is but very on par with you Ms. Din and he already investigate my family for 5 years but he didn't found anything.

Rei : Okay, so when?

Jang : Right now

Rei : Now?

Jang : (nodded)
